attempted replication two component theory of suffix effect, college students, 36251
glucose dose-response curve, recall primacy & other memory processes, 17–48 yr old females, 717
increase in delay between study & test, shift in memory from recency to primacy, college students, 10197
order of evidence presentation & availability of background information, assessment of guilt, criminal law & social science students, 232
primacy model of serial recall of word length & phonological similarity, 286
temporal primacy effect in trace conditioning of nictitating membrane response, albino rabbits, 16763

Primary Health Care—Serials

20 hr training program, improvement of ability to detect & diagnose & manage depression, primary care physicians, 35409
alcohol & drug use & use of emergency room vs primary care services, male vs female Black vs Hispanic vs White respondents, 31870
alexithymia & hypochondriasis & psychological distress, males vs females who frequently attend primary health care, 27528
alexithymia prevalence & relationship to sociodemographic variables & personality traits, 20–60 yr old primary care patients, 17829
antidepressant medication & psychotherapy in primary care managed care settings, cost-effectiveness, adults with major depression & dysthymic disorders, 2 yr study, 11990
anxiety, primary care treatment outcomes, depressed patients, 27549
application of High Risk Model of Threat Perception, differentiation of patients who do vs do not somatize psychological distress into physical symptoms, primary care adult patients, 24711
approaches & barriers to diagnosis of dementia, primary care physicians, 34609
arguments for & against training of psychiatrists as primary care providers, 15758
attitudes toward diagnostic approach & management of patients with common shoulder disorder, general practitioners vs physiotherapists, 28600
attitudes toward first-contact & coordinating role of primary care physicians & perceptions of barriers to specialty referrals, managed care patients (mean age 66.7 yrs), 31881
awareness of consultation models & psychiatric consultation–liaison & patient satisfaction in telemedicine for mental health care in primary care setting, 31882
barriers to & promise of collaboration in pediatric primary care settings, psychologists & pediatricians, 38496
bodily self harm & experience of childhood abuse, female primary care patients (aged 18–49 yrs), 18020
brown bag reviews, identification of medication problems & cost reduction, community pharmacists & medical patients (mean age 64.45 yrs), 28609
challenges faced in primary-care-based recruitment strategies & interventions, physical activity, sedentary 35–75 yr olds , 38457
child & maternal & family functioning & sociodemographic factors & health care utilization, prediction of unintentional child injury, 5–11 yr olds seen in pediatric primary care, 1 yr follow-up, 37739
Chronic Care Clinics as primary care, improvement of urinary incontinence & falls & depressive symptoms & high risk medications & functional impairment, frail older adults, 24 mo followup, 28659
Chronic Care Clinics as primary care, improvement of urinary incontinence & falls & depressive symptoms & high risk medications & functional impairment, frail older adults, 24 mo followup, commentary, 28682
Chronological Assessment of Suicide Events interviewing strategy for elicitation of suicidal ideation in mental health & primary care settings, 6633
classroom vs home video wellness intervention, 50–87 yr old primary care patients, 12373
clinical features, 65–93 yr old community-dwelling general practice patients with dysthymia , 27601
coexisting anxiety disorder, persistence of depressive illness, 18–64 yr old primary care patients, 12-mo prospective study, 27593
comorbidity in depressive disorders in primary care, 21118
conceptual overview of health psychology training philosophy & how training model has guided Army health psychology in managing primary care of patients, 25608
corporate ideologies & confidentiality issues in working in multidisciplinary teams, counselors in general practice settings, 31445
costs of diagnosis & treatment vs nontreatment of primary or comorbid depression in primary health care setting, 8731
cross cultural differences & commonalities in priorities with respect to general practice care, adult patients, European countries, 18916
current status & future directions for collaboration in pediatric primary care settings, psychologists & pediatricians, 38503
curriculum to learn skills in caring for culturally diverse populations, primary care medical residents, 2775
delivery of mental health care in an on-site infectious disease clinic vs specialized AIDS psychiatric program, HIV-positive patients, 28688
DepRelief CD ROM interactive program aimed at improving awareness & recognition & management of depression in old age by primary care practitioners, 5845
depression & cerebrovascular risk factors, primary care patients (aged 60–94 yrs), 24212
development & psychometric properties of Washington Primary Care Interest Inventory, measure of attitudes about appropriate psychosocial concerns for family physicians, medical students, 6549
development of combined primary care & residential addiction treatment unit, 13–64 yr old substance abuse patients, 2 yr study, 22268
developmental psychopathology framework & biopsychosocial model of disease approach to primary care treatment of patients with psychiatric & pediatric comorbidity, 35192
direct contact model of increased access to psychological services, male veteran primary care outpatients, 15490
discourse analysis of shared decision making practices & negotiating practices in primary care, general practitioner & parents of male infant with tonsillitis, 31790
drinking habits & prevalence of heavy drinking & need for brief alcohol intervention, 20–60 yr olds attending primary & occupational health care clinics & in general population, Finland, 37543
drinking patterns & alcohol related problems, emergency room vs primary care clinic patients, 27253
drinking patterns and rates of alcohol-related problems, adult black primary care patients, 14214
efficacy & treatment choice & cost-effectiveness & implementation of pharmacological & psychotherapeutic treatments in primary care settings, patients with major depression, 8734
epidemiology & natural history of migraine, implications for primary care, 21451
estimates of prevalence of mental disorders & diagnosis & treatment & referral approaches & perceived obstacles to care provision, 30–80 yr old primary care physicians of different specialties, 35425
ethics & resource allocation in primary health care, general practitioners, 2551
examines relationship between 7 elements of primary care & 3 outcomes, commentary, 12413
exploration of experiences of abuse in primary care & way it was described & hinted at, female 21–61 yr olds with biomedically undefined long-term musculoskeletal pain, 2 yr followup, 28599
factors affecting prescribing practices of psychotropic drugs for mental disorders by primary care physicians, 18–65 yr old patients, 14 countries, 18707
factors associated with changing interests in primary care during medical school, general physicians, 38727
family relations & distress & demographics, primary care assessment of psychosocial functioning, 2–16 yr old children with psychosocial problems & 22–53 yr old parents , 38488
feasibility & patient acceptance & anxiety level & number or referrals generated by genetic history taking & preconceptual counseling in primary care setting, 20–34 yr olds & general practitioners, 18886
financial incentives influencing integration of mental health care & primary care, 31878
functional status & medical care, general medical outpatients with vs without panic disorder, 12381
gap between known efficacious treatments for late life depression & effectiveness of treatments in real world of primary care, 28679
guidelines for & example of design & curricular content of psychiatric-primary care nurse practitioner vs alternative clinical nurse specialist/nurse practitioner program, commentary, 9316
guidelines for use of antidepressants in primary health care, adults with depression, 25161
health care delivery perspective of psychiatry in primary care settings, psychiatrists & physicians, 15823
health care needs, review of primary health care models, people with learning disabilities, 35182
health promotion in an urban primary health care nursing center, 9047
health promotion interventions for teenagers in general practice, 25375
health utility & quality of life, primary care patients with depression or chronic medical conditions, 37241
history & etiology of Williams-Beuren syndrome, implications for treatment by primary physician, 21403
hypochondriasis &/vs somatization, health perceptions & status & service utilization, primary care population, 35174
impact of prison general hospital primary mental health care service on referrals to separate forensic psychiatric hospital, prisoners, 15693
implementation of case management program for enhancement of primary health care for older patients, physicians & case managers, 3 yr study, 12415
importance of psychotherapy in primary care in health care system, older adults, 31435
incentive structure & motivation for primary & secondary care within British National Health Care Service, general practitioners, implications for policy reform, 38483
integrated primary mental health care & paradigm shift in biomedical discourse, South Africa, 9131
interrater reliability of Client Encounter Form, assessment of client–nurse practitioner interaction, nurses & 2–61 yr old clients of primary care nursing clinic, 25427

intervention program for physician encouragement of skin cancer early detection practices, requests for skin examinations during consultations, family practice patients, Australia , 25350
intimate partner violence, primary care services, battered women, 35055
issues in use of tailored videos in smoking cessation counseling in primary care settings, 9044
knowledge of & diagnostic & treatment & supportive behaviors related to Alzheimer's disease, primary care physicians, 9009
knowledge of late life depression & aging, primary care patients, 10928
long-term outcomes of enhanced acute-phase treatment in primary care, patients with major depression , 18487
management & promotion of self care activities, primary care patients with irritable bowel syndrome, 2447
management of psychosis & agitation in elderly patients by primary care physicians, 80 yr old male with multiple medical problems & dementia, 28655
medically unexplained physical symptoms & relationship to psychological distress & psychiatric disorders & personality & other psychosocial factors in primary care settings, 8000
National Health Services shift in balance of care towards primary care led services, changes in workload in general practices, general practitioners, Scotland, 18931
onset & predictors of common mental disorders, 16–65 yr old primary-care attenders without mental disorders at recruitment, Zimbabwe, 12-mo study, 11340
organizational correlates of access to primary care & mental health services, drug abuse treatment units, 15619
organizational features & degree of onsite primary care & mental health services, drug abuse treatment units, 15620
patient & physician gender, diagnosis & treatment of depression, primary care physicians (mean age 42.9 yrs), 37954
patient characteristics & presentation, recognition & treatment of depression, primary care physicians, 21115
patient characteristics & symptoms & perceptions of general practitioner role in managing emotional problems & likelihood of detection of psychiatric comorbidity, 18–65 yr old primary care patients, 12273
patient physician preference & communication & physician knowledge of patient & coordination of care, delivery of primary care preventive services, patients & physicians, 5834
patterns of HMO primary care & antidepressant drug prescribing, 18–59 yr old vs 60–80 yr old patients with depression, 25417
perceived physical or psychological/emotional or socially urgent need for out-of-hours care, general practitioners serving inner-city patients requesting out-of-hours services, 18954
perceptions of patient influence on prescribing, general practitioners with high vs low-spending practices, UK, 28616
personal experience of & role of clinic in & information sources & preferred teaching modalities for learning to parent, parents bringing children to urban pediatric primary care clinic, 38504
physical complaints & psychosocial causes, general practitioners & patients, 28602
Physician Belief Scale psychometric properties & self-rated psychosocial orientation & identification & treatment of children's psychosocial problems, primary care clinicians, 9844
physician perspectives on & recommended policy actions to overcome barriers to quality primary care, inner-city Latino children with asthma, 15416
physician's psychosocial inquiry & physician patient familiarity & severity of distress, psychosocial problem disclosure, somatically presenting psychologically distressed primary care patients, 22146
postdoctoral training in primary care health psychology, 28861
practice model & confidence & autonomy & collaboration & information giving, job satisfaction, physicians vs nurse practitioners vs physician assistants in Army primary care clinics, 12914
practice of risk communication with patients, primary care professionals, 5789
predictors of effectiveness of primary health care teams, primary health care personnel, 15493
prescribing patterns vs recommended treatment guidelines for tricyclic antidepressants & serotonin reuptake inhibitors, primary care patients, 1992–97, UK, 25160
prevalence & characteristics of patients who consult primary health care physicians 9–14 times or more per year, 35172
prevalence & diagnosis & treatment of dysthymia, primary care patients, 1530
prevalence & epidemiology of late-life & dementia & depression & other mental disorders in primary health care, community studies of persons 65+ yr old, 34103
prevalence of dysthymic disorder & other Axis I psychiatric disorders, patients in primary care, 31868
prevalence of major depression & comorbid anxiety & medical disorders & impairment & mental health care utilization, 18–80 yr old primary care patients, 35184
primary care issues related to treatment & diagnosis of depression in late-life, elderly patients, 38495
primary care nurse administered community based weight control program, weight loss & blood pressure & girth measurement, obese rural residents, 3 mo follow up, 2457
primary care physician education & public awareness campaign about urinary incontinence, help seeking behavior & treatment, 65+ yr olds & primary care physicians, 9020
primary care service use & treatment & outcomes & psychiatric comorbidity, panic disorder patients (mean age 42.3 yrs), 30786
primary care tobacco cessation program with behavior modification & nicotine replacement therapy, Marine personnel, 5924
primary medical care & peer counseling & discharge planning, recidivism, female prisoners at high risk for HIV infection & reincarceration, 1 yr study, 25572
primary vs specialty mental health treatment, 15–64 yr olds with mood or anxiety or substance abuse or bulimia or antisocial personality disorders, Canada, commentary & commentary reply, 1405
programmatic integration of pediatric psychology & primary care services for neurodevelopmental/neuropsychological evaluation, children infected with HIV, 38469
progress & challenges & promise of mental health research in primary health care settings, pediatric psychologists, 38486
provision of & satisfaction with services & service development & areas for improvement of general practitioner knowledge & influence of site, individuals with epilepsy, 9098
psychiatric assessment of adolescent victims of dating violence in primary care settings, 34415
psychological distress & depression & demoralization, 28–64 yr old Russian-Jewish immigrants in primary care, 14449
quality of STD case management at primary care clinics, STD patients & 20–25 yr old field workers simulating STD symptoms, 9115
recognition & accuracy of differential medical diagnosis by primary physician, prognosis & outcomes at followup, depressed patients (mean age 40.5 yrs), 21108
regional variations in alcohol drinking patterns & problems, primary care vs emergency room health service use, 18+ yr olds from Southern vs Western regions, 18036
relationship with primary health care provider, beliefs & intentions concerning zidovudine therapy during pregnancy, 19–45 yr old HIV-infected women at risk for pregnancy, 38428
role of community pharmacy & therapeutic alliance in interprofessional care for primary health care provision, nurses, South Africa, 22124
role of primary care providers in identification & treatment of depression for patient help-seeking patterns, 18–75 yr old females visiting primary care clinics for low-income families, 34134
safety & efficacy of protocol for use of sertraline in psychiatric-supported & trained primary care practice, 18–87 yr olds with mild to moderate major depression, 8-wk study, 28864
school variables in primary care career choice, medical students, 2740
sertraline, major depressive disorder & treatment outcomes, patients in primary care vs psychiatric office practice, 12207
sociodemographic & practice characteristics influencing & attitudes toward referral to specialist for diagnosis & treatment of dementia in primary care practice, general practitioners, 38659
socioeconomic deprivation & perceived doctor availability, perceptions of medical urgency, patients attending general practices, 18951
socioemotional orientation & encouragement & clinical experiences, intention to practice primary care, pediatric residents, 32109
solicitation of patient's agenda of concerns in primary care office in patient-physician interviews, family physicians, commentary, 38365
solicitation of patient's agenda of concerns in primary care office in patient–physician interviews, family physicians, commentary reply, 38367
solicitation of patient's agenda of concerns in primary care office in patient–physician interviews, family physicians, 15384
somatization in primary care setting, 31078
stability in occurrence & correlates of disruptive & emotional disorders, 2–5 yr olds enrolled in pediatric practices, 42–48 mo study, 37277
strategy for disseminating smoking cessation counseling interventions, primary care physicians, 2690
stress of multiple roles & experience of headache & coexisting disorders, comprehensive primary care, female headache patients, 22057
structural issues & policy in primary care treatment of depression, 21659
symptom screening & intervention & role of Psychiatric Mental Health Advanced Practice Nurse in primary care setting, 18–35 yr old females with depressive symptoms, 2436
test retest reliability & construct validity & appropriateness of nonpatient norms of SA-45, adults at family practice clinic, 6660
tolerability & efficacy of paroxetine vs amitriptyline, 19–85 yr old patients with depression being treated in general practice, 31643
training in recognition & diagnosis & management of depression, knowledge level & care provided according to clinical guidelines, primary care physicians & their patients, 28866
treatment of comorbid anxiety & depression in primary care, 21650
use & feasibility & impact of psychological behavioral screening service on primary care treatment decisions, 4–18 yr olds, 1 yr study, 35957
use of Diagnostic & Statistical Manual for Primary Care, Child & Adolescent Version for recognition & management of behavioral & developmental problems, pediatricians & psychologists, 37223
use of Mood Module of Primary Care Evaluation of Mental Disorders screening instrument for detection of depression, 19–69 yr old patients in low income rural areas, 22877
use of Swedish version of Geriatric Depression Scale to assess prevalence of major depression in primary care centers, elderly patients (mean age 75.7 yrs), 3326
utility of Beck Depression Inventory for Primary Care as major depression disorders screening tool, 12–17 yr old medical outpatients, 22883
value of learning outcomes, students in ambulatory primary care clerkship, 25612
very vs extended brief interventions, reduction of alcohol intake, patients in primary health care, 25536
views about standardized risk communication tools & 'language of risk' communication with patients, primary care professionals, 6048
willingness to elicit suicidal ideation from elderly patients with depression, primary care physicians, 27637
WISDOM project, training in informatics in collaborative virtual classroom, primary care professionals, 22330
written vs computer assisted telephone interview methodology of Symptom Driven Diagnostic System for Primary Care, screening for mental disorders, primary care patients (mean age 45.7 yrs), 19623

Primary Health Care—Books

Clinical counselling in primary care, 21701
Concise guide to: Psychiatry for primary care practitioners, 24180
The practice of counselling in primary care, 35200
Primary care psychiatry and behavioral medicine: Brief office treatment and management pathways, 12293
Psychosocial factors in pain: Critical perspectives, 14927

Primary Health Care—Chapters

Anxiety disorders, 11487
Behavioral counseling and medical adherence, 12300
Cardiovascular and psychosocial risk factors reduction: Office-based interventions, 11863
Confidentiality in a team setting, 35448
Consulting and counseling in primary care, 12303
Counselling and the use of psychotropic medication, 34762
Counselling for patients with severe mental health problems in the general practice setting, 22157
Counselling within a time limit in general practice, 21716
Crisis intervention in office practice, 12299
The culture of general practice and the therapeutic frame, 21724
Depression, 11389
Doctors, counsellors and their patients: Intrapsychic and interpersonal issues, 35205
Doing therapy briefly in primary care: Theoretical concepts, 34852
Evaluating clinical counselling in primary care and the future, 21715
Evaluating counselling in primary health care, 34837
Family counseling, 12106
The generalized transference in general practice, 21737
Holding the dance: A flexible approach to boundaries in general practice, 21750
A holistic approach to working in general practice, 21762

Integrating cost-effectiveness analyses within clinical trials of treatment for major depression in primary-care practice, 31765
Inter-disciplinary collaboration for group therapy, 21823
Managing referrals, 35387
The matrix at work: A post-Jungian approach to general practice counselling, 21840
Memory training for older adult medical patients in a primary health care setting, 32024
A model for office-based cardiovascular risk reduction and behavioral change, 11864
Pain management in primary care: An individualized stepped-care approach, 14960
Personality disorders in office practice, 11503
The postmodern context of counselling in general practice, 22158
Primary Care Evaluation of Mental Disorders (PRIME-MD), 26176
Primary care office management, 5961
Primary care physicians and mental health professionals: Models for collaboration, 25426
Psychiatric symptoms due to medical illness, 11309
Psychological disorders and problems of childhood and adolescence, 11310
Psychosocial aspects of primary care: Theoretical models of practice, 12304
Schizophrenia and other psychotic disorders, 11452
Setting up a counselling service, 35208
Sexual disorders and sexual trauma, 11823
Somatoform disorders, 11825
Substance abuse, 11658
Suicide assessment in the primary care setting, 8320
Supervision in medical settings, 25634
Supervision in primary care counselling, 35412
Training in counselling in primary health care, 35413
Treating depression in primary care, 14523
Violence and suicide, 11582
Women's health through the reproductive cycle: Premenstrual syndrome, postpartum disorders, and menopause, 11824
Working with different models: Adapting to the context, 21728

Primary Mental Health Prevention—Serials
classroom preventive intervention, long-term antisocial behavior, kindergarteners with conduct problems, 35544
cost effectiveness of & outcomes with community oriented Early Psychosis Prevention & Intervention Centre program, young people with emerging psychotic disorders, 1 yr followup, 31954
Depression Prevention Program for Children, 5th & 6th graders from intact vs divorced families, 2-yr study, 18939
diagnosis & prevalence & etiology & primary mental health treatment of ADHD, 8440
evaluation of school-based instructional & social competency program to prevent problem behavior, high risk middle school students (mean age 12.85 yrs), 19377
family based preventive intervention for depression, children of parents with severe affective disorder, 2211
family-based preventive intervention program for substance abuse & antisocial behavior, children & adolescents, 31884
family-based programs as method of engaging high risk families in community mental health & substance abuse intervention services, 25434
health promotion vs disease prevention models of school-based eating disorder prevention programs, 19374
models of & strategies for prevention in mental health & clinical psychology, 22017
pediatrician psychotherapeutic roles in child mental health promotion, 8850
prevention curriculum & teacher consultation, disruptive behavior, high-risk 1st graders, 35543
scientific paradigms & conceptual models in development of prevention & mental health promotion programs, 21642
system of care involving linkage between preventive interventions & clinical treatment, 22019

Primary Mental Health Prevention—Books
Traumatic grief: Diagnosis, treatment, and prevention, 21056

Primary Mental Health Prevention—Chapters
Applications of resilience: Possibilities and promise, 37982
Can we apply resilience?, 37987
Commentary: The promise and perils of resilience research as a guide to preventive interventions, 38515
Environmental interventions in schizophrenia 1: The individual and the domestic levels, 34766
Opening doors to resilience intervention for prevention research, 36864
Prevention and promotion models of intervention for strengthening aging families, 31573
Preventive interventions for older adults, 31968

Primary Reinforcement—Serials
primary task & not-for-profit organizations, 9623

Primary School Students—Serials
achievement in reading & family income levels, north west Glasgow primary schools, 15939
Bristol primary exclusion project to provide support to primary school age children on the verge of permanent exclusion, 6158
criterion validity of Wheldall Assessment of Reading Passages, assessment of full range reading ability, primary school students, 9481
intervention based on changing attitudes toward education with vs without paired reading program at home, socially disadvantaged primary school children with low reading test scores, 16007
introduction of National Curriculum & testing, self-esteem & mathematics & reading attainment, Year 2 vs Year 6 students, 5 yr study, 9472
multidimensional intervention, reading achievement, primary school children from an area marked by endemic reading failure & social disadvantage, 15883
negotiation for meaning in relation to second language acquisition, 8–13 yr old primary school students, 880
story problems vs shopping tasks vs continuation of counting, use of counting-on strategy, primary school students, implications for development of additive composition of number, 9484
value-added approach to baseline assessment of reading & writing & mathematics abilities & prediction of achievement at age 7, 4–5 yr old students, England, 3–4 yr study, 16382
variations in baseline attainment & pupil demographic & background factors on early literacy skills, children entering primary school, England, 16381

Primary Schools [See Elementary Schools]

Primates (Nonhuman) [See Also Baboons, Chimpanzees, Gorillas, Monkeys]—Serials
behavioral & social characteristics of reproductive behavior & sexual receptivity & mating behavior, female Propithecus verreauxi, Madagascar, 29709
behavioral ecological evidence of cultural tradition & social learning in five genera of nonhuman primates, 6995
costs & benefits of allogrooming behavior, captive mangabeys, 16872
graded signal hypothesis & the evolution of exaggerated sexual swellings in primates, 33327
neuroendocrine influences on parenting style & parental responsiveness & infant abuse, primates, implications for human parenting, 13561
perspectives on bimaturism & ontogeny & dimorphism, lemurid primates, 3631
sex & status, frequency of vocal behavior, nonhuman infant primates, 29731
short term separation from long term pairmate followed by reunion, social attachment & sexual response behaviors, lion tamarins vs marmosets , 10355
troop history & range intertia of Lemur catta in Madagascar, 33-yr study, 29725

Primates (Nonhuman) [See Also Baboons, Chimpanzees, Gorillas, Monkeys]—Chapters
The concept of the ventral striatum in nonhuman primates, 26663
Imitation and the reading of other minds: Perspectives from the study of autism, normal children and non-human primates, 16745
Primate representations and expectations: Mental tools for navigating in a social world, 16743

Primidone—Serials
efficacy of primidone as adjunct to existing drug therapy, 24–59 yr old outpatients with treatment refractory bipolar disorder, prospective open study, 28493

Priming [See Also Semantic Priming]—Serials
accessibility bias, cued recall & false memory, 64–89 yr olds vs college students, application of misinformation paradigm, 23137
age related stereotypes as primed by words ''young' 'or ''old,'' response initiation & execution & reaction time, college students ages 19–21, 16573
alcohol cues & priming dose of alcohol, multifactorial representation of cue reactivity, adults, 33856
ambiguity & high vs low lexeme frequency in semantic vs syntactic priming, time course of lemma retrieval in lexical decision, native speakers of American English, 29537
attachment style & attachment system priming, effect of memory of supportive vs rejecting experiences in friendship on information processing, college students, 16597
attention to distractors, negative priming in referent size-selection task, college students, 16690
auditory–visual modality priming, orthography activation in lexical decision in visual word recognition task, adults with vs without surface dyslexia , 14852
automatic vs controlled attentional processing in Stroop negative priming, college students, 36228
base morpheme position & prime characteristics & morphological vs semantic vs orthographic similarity, morphological processing & lexical decision latency, 29551
behavioral & brain imaging techniques to estimate depth of processing of masked numerical primes, adults, 224
behavioral & ERP masked & unmasked repetition priming in lexical decision task, 63–86 yr olds with Alzheimer's disease, implications for theories of implicit memory, 24846
cocaine priming threshold as measure of reinstatement of cocaine self-administration, male rats, 30040
conceptual priming in generative problem-solving task, college students, 16595
contextually relevant vs irrelevant odor stimuli priming & presentation of photographs, visual ERP, 21–23 yr olds, 23405
cross-modal priming effects between olfaction & vision using modified Stroop test, undergraduates, 29472
cross-modal semantic priming paradigm & initial vs final position embeddedness, word recognition & RT & lexical activation & decision, native French-speaking college students, 29566
deficits in visual information processing, visual repetition priming & encoding in implicit memory, adult patients with unilateral brain damage, 34625
developmental changes in recognition & memory specificity & priming latency & development of multiple memory systems & maintaining memories with reminders & infantile amnesia, infants, 26995
discrimination between attentional priming & search- vs interference-based explanations for variable set size effects during item detection task, Os, 26356
dominant & subordinate meanings of ambiguous words, patterns of ambiguity priming across cerebral hemispheres, low vs medium vs high creative college students, 26572
effect of cueing target location & response mode on interference & negative priming in visual selection task, 19826
empathic priming of private self, helping behavior toward AIDS victims, college students, 1251
ERP related to associative priming of proper vs incongruent facial features, students, 26676
ERPs during recognition memory paradigm assessing episodic priming & memory for temporal source, 21–28 vs 65–81 yr olds, 30266
exposure in correct form vs anagram in repetition priming of the recognition of proper names, college students, 13353
gender priming in picture naming, German college students, 36221
global structure & temporal organization, knowledge-based musical expectancies & chord processing, college student listeners with vs without music training, 6795
high vs low structural relation primes in structural descriptions during object identification, college students, 26348
identical priming & language frequency in picture naming, 29563
impact of information provided by masked prime stimuli on motor activation, 20–39 yr olds, 23088
implicit & explicit memory for familiar objects presented to vision & touch & cross-modal priming, college students , 16662
incremental masked priming, lexical decision vs semantic categorization of non-cognate translation equivalents, highly skilled English–French bilinguals , 7299
independent vs interdependent self-construal priming, cultural judgment differences, European-American vs Chinese college students, 30300
intentional ignoring, priming effect for selection of overlapping visual stimuli, adults, 3609
levels of processing, single word priming in word fragment completion, Wernicke-Korsakoff & closed head injury patients, 2041
levels of processing, single word priming in word fragment completion, Wernicke-Korsakoff & closed head injury patients, erratum, 8632
levels-of-processing & list organization, conceptual priming & implicit memory during category exemplar production test, college students, 32923
lexical & nonlexical phonological priming in reading aloud, college students, 10134
lexical decision performance, competitor priming in spoken word recognition, 17–47 yr olds, 237
lexical vs conceptual components of repetition priming, patients with Alzheimer's disease , 31195
lexicality (word vs nonword) of Kanji character partial-repetition priming, orthographic activation processes underlying lexical access, native Japanese-speaking college students, 29596
linearization process of word order of primed sentences, college students, 13284
lorazepam or oxazepam, explicit & implicit memory & time dependent & priming effects, adults, 4110
lorazepam vs flumazenil vs scopolamine, implicit vs explicit memory & conceptual priming, healthy 18–49 yr olds, 7166

masked homophone vs pseudohomophone priming, lexical access, college students vs 9–10 yr olds, 7392
mechanical dimensions of word priming processes in mental lexicon structure & retrieval & lexical access, 29552
memory in word-associate production vs category-exemplar priming tasks, patients (mean age 76.7 yrs) with Alzheimer's disease, 34684
mere-exposure effect & implicit vs explicit memory in face recognition, Alzheimer's disease patients, 8683
midazolam, modality-match effect in implicit memory, adults, 17046
midazolam, priming & explicit memory & skill learning on mirror-reading task, patients (mean age 27.4 yrs) who underwent minor ear surgery, 33494
naltrexone & fluoxetine, alcohol self-administration & reinstatement of alcohol-seeking induced by priming injections & footshock stress, male rats, 30023
negative identity priming contingent on stimulus repetition vs stimulus novelty, college students, 6933
neuropsychological dissociation in impaired visual repetition priming & recognition familiarity, 32 yr old male with lesion to right occipital cortex, 2100
nonfood priming odor with matched vs mismatched photos, long latency olfactory/visual ERP, 20–35 yr olds, 23381
noun syllabic structure & sublexical properties & priming paradigm, phonological encoding & word & picture naming, humans, 29595
noun's grammatical gender benefits as prime, reaccess to that information, college students, 36668
object orientation priming, object possibility task performance, undergraduates, 29656
orthographic & phonological priming in acquisition of reading skill for word & nonword naming tasks, 2nd–6th graders, 7380
orthographic rime analogies & phonological priming in word reading, 6–7 yr olds, comment, 13938
orthographic rime analogies & phonological priming in word reading, 6–7 yr olds, commentary reply, 13930
parameters of acoustic priming & audiogenic seizures during postnatal development subsequent to auditory function, Long-Evans rat strains, 20246
performance on wordstem priming task vs mental spatial rotation task after early vs late retention sleep, 22–33 yr old males, 29963
phonological & orthographic priming & activation of phonological codes during eye fixations in reading, Os, 26309
phonological ambiguity of words, identity priming, college students, 19775
phonological priming, recognition of Chinese characters in left vs right visual field, male college students, 26413
pictorial facial repetition priming, semantic & familiarity judgments about & recognition of personal names, undergraduate students, 3532
positron emission tomographic evidence of within- & cross-modality priming during auditory wordstem completion, 19–30 yr olds, 29766
practice, opportunistic stopping & priming of intermediate steps on alphabet arithmetic problems, college students, 10152
presentation of displays, episodic trace retrieval & time course of negative priming, college students, 32902
prime duration & semantic-nonassociative vs semantic-associative word pairs, semantic memory facilitation onset & amount & categorization accuracy, humans, 29553
priming & lemma access during anaphoric lexical access, incidental lexeme activation & reading errors, native English-speaking adults, 29598
priming & recollection & intentional retrieval, humans, 289
priming context of & stimulus onset asynchrony between context & target words, predictive inferences & processing time in reading, college students, 36211
priming depth rotation & visual integration of 3D object views & object recognition across changes in viewpoint, college students , 36158
priming effects in arithmetic reasoning & implicit memory, 38 yr old male with severe amnesia, 28142
priming exemplars, social comparison & behavioral contrast, college students, 1250
priming for nonwords & new associations during acquisition of novel traces in short term implicit memory, college students, 32921
priming in left &/or right visual fields, RTs in lexical decision, adults, 26616
priming of private vs collective self cognitions, retrieval of private vs collective self cognitions, Native Americans, test of 2 baskets theory, 7946
priming to consider fairness in price negotiations, buyers & sellers, 39018
priming via familiarity &/or unitization, nonverbal associations, college students, 6917
priming, morphological decomposition of German past participle & noun plural formation, college students, 36240
processing of semantic & syntactic priming information in lexical decision task, 18–36 vs 63–100 yr olds, 7599
prototype vs category priming, speed of categorization processes, college students, 36227
rapid visual presentation of primed words in speeded category membership decision task, explicit memory contamination, normal right-handed Ss ages 18–29, 16630
recoding accounts of cross-modal priming & explicit memory, 56–69 yr olds with verbal production deficits , 18211
reduced available perceptual information, magnitude of priming effects in recognition memory, adults with amnesia, 18403
reduction in priming during dysphonemic or phonemic word stem completion, 55–95 yr olds vs young adults, 16570
relation between general skill learning & item-specific priming across task demands, college students, 6920
repetition priming paradigm & semantic transparency & morphological headedness, RT & compound word recognition & processing, 19–46 yr old native French- vs Bulgarian speakers, 29568
response conflict vs priming in attending to words, response times on word naming task, college students, 29659
reverse priming effect, automatic evaluation, college students, 33972
role of divided attention in conceptual priming & implicit memory, college students, 26445
role of NMDA glutamate receptors in priming of D2 dopamine-mediated rotational behavior & striatal Fos expression, 6-hyroxydopamine lesioned male rats, implications for Parkinsons disease, 29843
role of phonological-articulatory processes in priming for visually similar vs dissimilar letters & words in upper- & lowercase formats, adults, 6839
semantic vs repetition priming, facilitation of motor response to lexical stimuli, HIV+ patients with vs without cognitive impairment, 28072
shallow vs deep encoding instructions, same-different discrimination task performance & negative priming, undergraduates, 183
simple vs visual vs cross-modal priming & inflectional change during word derivation, RT & lexical access & decision of derived words, 19–24 yr olds, 29604
simulation model of priming effects & lexical access & related-word meaning retrieval & sense selection in context, 29547
study phase awareness of word identity, word-identification priming, 18–36 yr olds, 3599
symbols vs letters & identity & position, orthographic priming, human Ss, 23042
target level & target resolution, sequential priming, college students, 19730
task complexity, interference vs negative priming vs inhibition of return selective attention processes, patients with right vs left frontal vs posterior vs bifrontal brain damage , 31325
task dependent & independent effects in semantic & phonological priming effects, college students, 19830
temporal information integration in orthographic priming, 26391
test of association of spontaneous trait inferences with actor vs action in priming recognition paradigm, college students, 13313
trait vs exemplar primes, contrast effects in person perception, undergraduate students, 20865
transitive & dative syntactic structure priming in Dutch, college students, 4363
use of lexical prosody for lexical access & decision following prosodically congruent vs incongruent auditory prime in Japanese, university students, test of lexical prosody in Japanese vs English, 23632
use of syntactic priming in recall & production of simple vs complex phrases, adults, 10706
visual repetition priming, phonology in visual word identification, adults, 10702
visual stimulation with negative priming paradigms, inhibitory processes in selective attention to location vs identity of probe, 6–12 vs 18–22 vs 60–86 yr olds, 36767
visual vs auditory stimulus repetition, sequential effects on choice RTs, adults , 13303
visual word stem completion priming within vs across modalities, changes in regional cerebral blood flow measured by positron emission tomography, 18–29 yr olds, 29848
word familiarity, differential cognitive processes in perceptual identification vs word stem completion priming, adults, 10132
words vs nonwords, masked repetiton priming, college students, 19821

Priming [See Also Semantic Priming]—Chapters

Curbside recycling: Does it promote environmental responsibility?, 32454
Individual differences in priming: The roles of implicit facilitation from prior processing, 10227

Printed Communications Media [See Also Books, Magazines, Newspapers]—Serials

article types & frequency of publications for male vs female authors of school psychology journals, 19138
effectiveness & reactions to use of newspaper advice column letters as case problems in developmental psychology, 23–49 yr olds in master's program in counseling, 22327
environmental print & learning & literacy, children, 33621
joint impact of humor & argument strength in print advertisement, 19–33 yr old students, 9691
news frames, thoughts & recall, college student readers, 36689
portrayal of women & men in printed advertisements, Israel, 1979 vs 1994, 4650
problems encountered in development & content of & psychology college student reactions to multicultural newsletter , 22436
self-reference in press releases, 7318

Printed Communications Media [See Also Books, Magazines, Newspapers]—Chapters

The media and the brain, 33578
Neither faith nor commerce: Printing and the unintended origins of English public opinion, 4397

Prismatic Stimulation—Serials

blocking of GABA type A-mediated inhibition, interaural time difference tuning of inferior colliculus units, normal vs prism reared owls, 20165
haptic-only feedback, adaptation to prism-displaced dynamic vs static events, college students, 10011
level of ambient light & age, eye movement response to overcome effects of prism, 2–52 wk old infants, 36763
prism adaptation, aftereffect displacement & persistence of memory, adults, 13194

Prison Personnel—Serials

correctional officers' preference for work in male vs female state prisons, implications for theory of gendered organizations, 35364
experiences & perceptions of involvement in creative arts performance program, staff & inmates of women's prison, 15688

Prisoners [See Also Prisoners of War]—Serials

Amity prison therapeutic community & aftercare program, reincarceration outcomes, male inmates treated for substance abuse, 12 & 24 mo follow-ups, 22299
anger & antisocial personality style & current violent offense & ethnicity & impulsivity, prediction of institutional physical & verbal aggression risk, male mentally ill offenders, 35377
attempted suicide history & current suicidality, means–end problem solving & anxiety & depression & hopelessness, incarcerated young male offenders, 17976
attention deficit hyperactivity disorder, male prisoners (mean age 26.1 yrs), 37625
attributional & evaluative responses to partner request for condom use, prediction of coercion & condom use compliance, violent vs nonviolent male inmates, test of social-information processing model, 24567
biopsychosocial profile, offenders vs nonoffenders in treatment for addiction vs addicted inmates, 15606
childhood conduct disorder & ADHD & adult antisocial personality disorder, 18–63 yr old maximum security inmates, 1839
concept of dangerous offender & impact on trends in maximum security incarceration, 25564
content & process & level of interaction between client & professional, development of family life education programs in correctional settings, adult inmates, 35370
current prevalence of mental disorders, 60–83 yr olds who were political prisoners in 1944–1955, Poland, 14451
development & reliability & validity of Prison Behavior Rating Scale to measure mental disturbance, prisoners , 6608
dynamics of coercion & resistance in cognitive social control, violent offenders in prison, 15689
dyslexia & neuropsychological functions & personality traits, 19–57 yr old prison inmates, 27473
education of public regarding legal processes & laws, perceptions of legitimacy of official criminal sanctions, 15–25 yr old offenders, China, 32077
effectiveness of Familyships Treatment Module in helping to build social skills & to deal with dysfunctional family systems, sex offending vs non-sex offending inmates, medium security institutions, 38645
environmental factors, drug relapse & risk of reincarceration, male inmates receiving aftercare services & assessed 3 mo after release, implications for drug treatment program effectiveness, 22250
evaluation of liberal arts prison education program, success measured by recidivism, male former federal prisoners, 3 yr followup, 5991
experiences & perceptions of involvement in creative arts performance program, staff & inmates of women's prison, 15688

experiences with physical &/or sexual violence, 17–37 yr old pregnant incarcerated females vs poor pregnant health department patients, 32074
factor structure of Beck Depression Inventory screening scores, prisoners, 9873
guidelines for institutional review board that reviews research protocols involving juvenile prisoners as subjects, 22954
HIV infection & risk-taking behavior within jail system & effects on community health, incarcerated males & females, implications for health care workers, 21502
HIV risk behaviors, transsexual vs non-transsexual male inmates, 11842
injecting drug use, male prison inmates, Greece, 27791
institutional lifestyles & prediction of physical assault or theft victimization risk, 16–61 yr old correctional institution inmates, 2727
intervention strategies & legislative changes & rehabilitation, sexually &/or physically aggressive patients/inmates, 32072
level of sadism, psychopathic vs nonpsychopathic male inmates who committed violent vs sexually violent crimes, 18107
Lifestyle Change program, short-term institutional & community adjustment & disciplinary & release outcomes, high- vs low-risk prison inmates, 32076
mad vs bad distinction & policy & law changes in mental health system, violent criminals vs mentally ill individuals, 32546
normalization & issue of deinstitutionalization, prisoners with an intellectual disability in mainstream prisons vs specialist secure facilities, 35368
prediction of prison-based sex offender treatment program, incarcerated adult male sex offenders, 22298
prevalence & severity of lifetime physical & sexual victimization, 18–59 yr old incarcerated women in maximum security, 35805
prevalence of heroin dependence & somatic health & social & psychiatric status at time imprisonment & personality traits & cognitive functioning, smoke- vs injection-heroin-dependent prisoners, 27838
prevalence of mental disorders & personality disorders & neuropsychological dysfunction, male prisoners (mean age 29.4 yrs), 15692
prevalence rates & epidemiology of personality disorders & assessment methods, male vs female sentenced inmates vs male remanded inmates, New Zealand, 27904
prevalence rates & epidemiology of psychiatric disorders, male vs female sentenced inmates vs male remanded inmates, New Zealand, 27905
psychoeducational group intervention, depression & anxiety & trauma symptoms, HIV/AIDS infected & affected female inmates (mean age 31.5 yrs), 14972
psychometric properties of C. R. Cloninger's Tridimensional Personality Questionnaire & correlates with EPQ, male prisoners, 29371
psychopathy & anxiety level, coherence & integration of narratives based on personal experience, male minimum security inmates, 14642
psychopathy & anxiety, Caucasian & African American incarcerated males, 21049
rates of & factors associated with self-inflicted deaths in prisons, 15 yr old & older prisoners, England & Wales, 8292
relationship between deviance & creativity & social mechanisms to repress new ideas, eminent people who were imprisoned, 30486
relationship of sociodemographic characteristics & prior criminal history & perceptions of violence & victimization, male prison inmates (mean age 32.98 yrs), 25562
requisite intellectual ability & aptitudes & legal knowledge & psychological stability for self-representation in post-conviction litigation, 20–68 yr old male death row inmates, 32534
risk factors & prevalence of HIV infection, 18–50+ yr old English male prison inmates, 34582
role of affect dysregulation & childhood abuse in antisocial personality disorder, incarcerated adult females, 17969
sex & age & groups involved in & reaction to bullying behaviors, adult vs young offenders, 17996
social construction of love & homosexuality in women's prison, female inmates, implications for nursing practice, 14801
social problem solving skills & psychological distress in adjustment to prison regime, suicidal vs bullied vs protected male inmates, Scotland, 21362
statistical estimation of expected number of annual prison suicides based on age & gender & opioid dependence, 15–54 yr old inmates, England & Wales & Scotland, 27777
stressful life events 12 mo prior to incarceration, psychological well being, 19–49 yr old incarcerated female offenders, implications for nursing, 11669
substance misuse before arrest to assess degree of dependency on opiates & stimulants & prison treatment, 16–70 yr old remanded prisoners, implications for treatment opportunity, 8337
treatment & after care needs, incarcerated females with drug abuse, 9284
typology of patient demographic & institutional characteristics & inmate–institution fit, inmates & pretrial detainees admitted to forensic psychiatric hospital, 25560
use of social constructionist approach to examine cognitive treatment program's construction of prison inmates as particular types of beings, violent offenders, 35367
utility of the General Health Questionnaire, detection of short-term psychiatric disturbances, female prisoners, 35963
victimization experiences during incarceration & frequency of visitation with outsiders & participation in prison programs, psychological well being, 16–61 yr old male inmates, 21378

Prisoners Dilemma Game—Serials
application of prisoner's dilemma strategy of game theory in evolution of competitive interactions at high & low multiplicities of infection to host cells, RNA viruses, 16888
exit option, partner selectivity & dependence effects on cooperation, Trump card game version of Prisoner's Dilemma, college students, 17561
group size & memory & interaction in computer simulation of within-group cooperation behavior in prisoner's dilemma game, 22755
internal vs external locus of control & cooperative vs competitive strategy in prisoner's dilemma game, college students, 27273
locus of control & self-monitoring & Type A behavior & sensation seeking, competitive vs cooperative behavior in Prisoner's Dilemma games in market setting, college students, 30483
use of simulation modeling in political science in context of social choice theory & individuals & international relations & prisoner's dilemma game & multiperson interaction, 26281

Prisoners Dilemma Game—Chapters
Dynamic and static theories of costs and benefits of cooperation, 7834
Emergence of strategies in a selective play environment with geographic mobility: A computer simulation, 30447
Reciprocation and learning in the Intergroup Prisoner's Dilemma Game, 7831
Reciprocity and cooperation in social dilemmas: Review and future directions, 7833

Prisoners of War—Serials
attachment style, immediate coping & long-term adjustment & mental health after captivity, former prisoners of war, 6375
experience as prisoner of war as a risk factor for chronic disease & later disability, male veterans (mean age 73.7 yrs), 11283
frequency & onset & comorbidity of current & lifetime DSM-III-R disorders & relation between trauma exposure & development of complicated vs uncomplicated PTSD, male former prisoners of war, 7993
symptoms of acute PTSD, combat experienced soldiers (males aged 23–35 yrs) vs tortured prisoners of war (males aged 19–45 yrs), 24334

Prisoners of War—Chapters
Organic and psychosomatic aftereffects of concentration camp imprisonment, 21057

Prisons—Serials
attitudes toward effectiveness of offender treatment & rehabilitation programs, adults, 9288
changes in criminal justice & correctional policies, 25 yr followup to Stanford Prison Experiment, commentary reply, 32537
changes in criminal justice & correctional policies, 25 yr followup to Stanford Prison Experiment, commentary, 32533
changes in criminal justice & correctional policies, 25 yr followup to Stanford Prison Experiment, commentary, 32543
concept of dangerous offender & impact on trends in maximum security incarceration, 25564
description & outcome evaluation of Intensive Multiphased Program of Assessment & Comprehensive Treatment for jail-based drug users, 19084
development of government guidelines & policies for arts therapies & therapists in prisons, UK, 38360
evaluation of prison-based therapeutic community via rearrest rates, inmates with history of drug abuse (mean age 31.2 yrs), 25569
HIV prevention interventions for male prison inmates & females who visit prison inmates, 15690
impact of prison general hospital primary mental health care service on referrals to separate forensic psychiatric hospital, prisoners, 15693
injecting drug use, male prison inmates, Greece, 27791
issues in prison hospice care, federal & state prison medical facilities, 9176
jail diversion program concept & effectiveness, mentally ill criminals, 9282
race & sociodemographic & criminal history characteristics, perception of race relations in prison, 17–72 yr old Black vs White vs Hispanic vs 'other' males just released from incarceration, 25563
relationship between orientation toward religion & receiving infraction for violation of prison rules, maximum-security prisoners, 25566
residential aftercare following prison-based substance abuse treatment, recidivism, male inmates, 32068
risk factors & prevalence of HIV infection, 18–50+ yr old English male prison inmates, 34582
special features of religious prison wards & influence on perceptions of reality & behavior, prison inmates, Israel, 9289
susceptibility to prisoner claims of Eighth Amendment mental suffering & cruel/unusual punishment, boot camp prison & shock incarceration programs , 22787
telehealth psychological services in correctional facility, Federal Bureau of Prisons & Joint program Steering Group , 9286

Prisons—Books
Mentally disordered offenders: Managing people nobody owns, 37615

Prisons—Chapters
Diverting mentally disordered offenders from custody, 37617
Prevention in prisons, 15667

Privacy—Serials
answering machines or caller ID & social distance of caller from callee, home privacy-regulating patterns of phone call answering, college students, 30398
legal & ethical issues related to confidentiality & exceptions to privacy promise, counselors working with minors, 2804
space & achieved privacy & satisfaction with living quarters, perception of crowding, residents aged 18+ yrs of hyper-dense metropolis Hong Kong , 32440

Privacy—Chapters
A multiple stakeholder model of privacy in organizations, 6345
Public inquires in mental health (with particular reference to the Blackwood case at Broadmoor and the patient-complaints of Ashworth Hospital, 38579

Private Practice—Serials
satisfaction with psychological treatment & treatment outcome, adult private practice clients, 34802
sertraline, major depressive disorder & treatment outcomes, patients in primary care vs psychiatric office practice, 12207

Private School Education—Serials
Catholic school culture, academic achievement & matriculation, Year 12 students, 9485
perceived influence of internal & external organizational factors & personal & professional characteristics, effective leadership role, principals in independent schools, Canada, 25708
social construction of White racial identity in private school culture, adolescent girls in largely White elite single-sex high school, 32295
socioeconomic & ethnic differences in seat belt use, African American & Hispanic American & white students in inner-city vs middle-class vs private high schools, test of social influences hypotheses, 29233
types of available services & factors influencing access to mental health care, directors of mental health services at independent secondary schools, 12760

Private Sector [See Also Business Organizations]—Serials
evaluation of privatization of foster care services, children placed in foster care during vs before privatization, 22184
history of foundations as followers rather than initiators of prevailing cultural practices, 10960
organizational Internet & computer application usage & literacy in personnel management & training activities, public vs private sector personnel management professionals, 29077
Rotary International's partnership of public & private health providers & voluntary organizations to eradicate polio, model for psychology for improving public mental health on mass scale, 11974

Private Sector [See Also Business Organizations]—Chapters
A system at its starting blocks: Drug treatment in France, 5964

Privileged Communication—Serials
attitudes toward informed consent & confidentiality & substitute treatment decision making based on Western culture ethical principles, biomedical science students, Zimbabwe, 35423

challenge to Board of Medical Practice to refrain from asking physicians to disclosure their own history of mental illness as way of reducing stigma of mental illness, comment & comment reply, 12564
clarification of confidentiality procedures for releasing information to families, patients with severe mental illness & their providers, 38731
client demographics & sexual orientation & HIV status & therapist breaking confidence when client discloses high-risk-to HIV/AIDS sexual behaviors & therapist characteristics, 35–84 yr old therapists , 2733
confidentiality in client–therapist relationship & managed care oversight & reporting requirements, willingness to self disclose, psychotherapy patients (mean age 39 yrs), 8760
confidentiality of clinical reporting & dossier access in client–therapist relationship, 5499
corporate ideologies & confidentiality issues in working in multidisciplinary teams, counselors in general practice settings, 31445
counselor attitudinal & student factors & ethical issues & US law in privileged communication, school counselors & high & middle & elementary school students, 19198
ethical & legal implications of having a home office & possible domestic violations of confidentiality of client psychological information, 38750
ethical & legal issues in duty to warn third parties of client's HIV+ status & related interventions, psychologists, 15817
ethical complexity regarding use/misuse of power & authority & vulnerability due to professional training & role expectation & sexual/nonsexual relationships & confidentiality, clergy psychotherapists, 38737
ethical issues & recommendations for client protection in use of their records, 9375
ethics & legality to inform third parties of potential harm & doctor–patient confidentiality & informed consent, psychiatrists, Canada, 9374
ethics of tailoring patient charts, psychiatric patients, 2559
ethics of tailoring patient charts, psychiatric patients, commentary & commentary reply, 15487
importance of communication of & insightful listening to narratives about patients in Balint groups, doctors, 15699
issues in & recent legislation regarding confidentiality of medical information in relation to electronic media, 15479
legal & ethical issues related to confidentiality & exceptions to privacy promise, counselors working with minors, 2804
legislative changes that give access to psychiatric patient records, implications for informed consent & confidentiality in psychiatric treatment, 9373
medical vs counseling models & client-centered counseling model of confidentiality & liability issues, 28893
professional privilege & management of noncompliant patients with epilepsy who ignored medical advice not to drive & legal charges, professionals trained in law & medicine, 8607
psychotherapist-patient confidentiality & testimonial privilege, 6083
psychotherapy & disclosure & court decisions in Canada & US, implications for mental health professionals, 6072
reliability & validity of HIV-risk Screening Instrument & effect of confidentiality on disclosure of HIV risk behaviors, primary care vs blood donor vs methadone vs STD clinic patients, 5263
responsibility to understand ethical & legal confidentiality guidelines to protect client & counselor & professional interests, substance abuse counselors, commentary, 2794
sex & ethnicity & grade level & health risk status, preferences for provider gender & sharing physician with parents & parental presence during examinations & confidentiality of care, 5th–12th graders, 35175
short-term impact of Jaffee v. Redmond & strategies for therapists to address concerns with confidentiality of therapist-patient communications, 35441

Privileged Communication—Chapters

Clinical practices and procedures, 25870
Confidentiality in a team setting, 35448
Holding the dance: A flexible approach to boundaries in general practice, 21750
Privacy and confidentiality: Issues in psychoanalysis in the 90s, 15267
Restoring the confessional: Reporting laws and the destruction of confidentiality, 15176
Written communication about clients, 25631

Proactive Inhibition—Serials

diazepam vs chronic alcohol, spatial reversal learning & proactive interference, male mice, 13699
diazepam, proactive interference & list discrimination in temporal context encoding impairment, healthy adults, 4156
proactive interference, evoked potentials & performance on cued recall of paired associatively learned material, Ss with schizophrenia, 14577
proactive interference, memory span performance, 18–21 vs 60–75 yr olds, 36267

Proactive Inhibition—Chapters

Cues and codes in working memory tasks, 16676

Probability [See Also Chance (Fortune), Response Probability, Statistical Probability]—Serials

amount of monetary reward, discounting of delayed vs probabilistic outcomes, college students, 10101
analysis of simple metric probability model for analysis of random graphs, 6684
central-union theory vs equal excess model vs Myerson-Shapley solution vs kernel theory in 3-person sidepayment games, 108 undergraduates, 4725
civic cooperation in community, probability of voting, Ss, 1157
conditional vs probabilistic reasoning in predicting paranormal belief, 18–75 yr olds, 36296
conjunction fallacy & potential surprise theory & conjunction rule violations in probabilistic reasoning & strength of positive conditional relationship between component probabilities, 14–19+ yr olds, 3541
deterministic & probabilistic causation of events, 14266
distribution of probability of alternative outcomes, perceptions of certainty through associative processing, adults, implications for social cognition, 7865
entropic prior for multinomial parameter estimation problems & solution for maximum a posteriori estimator, structure discovery & learning in conditional probability models, 26256
framing & reflection & probability & payoff characteristics, risk preference & choice behavior, students, 24027
illusory conjunctions & discrimination between errors of feature binding & target-nontarget confusion, Os, 32801
knowledge level & premise uncertainty & number of favorable vs unfavorable arguments, probabilistic reasoning & evaluation of plausibility of conclusion, college students, 32909
linguistic expression of probability & probabilistic thinking on view of uncertainty questionnaire during probability scale task, 20–50 yr old native Chinese vs English speakers, England , 27147
method & computer program for generating fixed length sequences satisfying nth-order transition probability matrices, 22830
probability & believability manipulations & prior knowledge of subject matter, inference in Wason selection task, college students, 32924
probability estimates & paths to consonant normalization, male vs female 3–5 yr olds with speech delay, 18216
probability heuristic model for syllogistic reasoning, college students, 16574
probability-model & information-processing approaches to human reliability vs social-psychological perspective, ship accidents, re- analysis of 1987 data, 12976
qualitative characterization of the exponential distribution, 6724
rates of exposure to initial opportunities to try drugs, probability of transition to drug use, male vs female 12 yr olds & older, 1979–94, 36828
responses to Monty Hall conditional probability dilemma, Brazil vs China vs Sweden vs US college students, 32912
single-session procedure for testing self-prophecy effect on probability of target action performance, college students, 6544
stocking density & feeding rate, stochasticity & probability of time on specific vs same vs transition between swimming & feeding & aggressive & hiding behaviors, aquarium-kept brook trout , 23220
target stimulus variability & probability during attention to counting task of varying complexity with closed vs open eyes, EEG spectral & auditory evoked potential characteristics, undergraduates, 13627

Probability [See Also Chance (Fortune), Response Probability, Statistical Probability]—Books

Improving statistical reasoning: Theoretical models and practical implications, 26421

Probability Judgment—Serials

assessed strength of evidence & judgments of probability & decisions under uncertainty, professional basketball fans, 13274
base-rate training with vs without cues, base-rate neglect in choice task, college students, 29541
classroom demonstration of estimation of life expectancy, undergraduate psychology students, commentary, 32236
classroom demonstration of estimation of life expectancy, undergraduate psychology students, 32216
combined error model & prediction of format dependence, undergraduates, 22932
contextual role of numerical anchors in interpretation of probability expressions, college students, 7305
degree of protection by aggregate frequency formats against biases typically found in single-event probability judgments, college students, 13283
distribution of probability of alternative outcomes, perceptions of certainty through associative processing, adults, implications for social cognition, 7865
error vs expectation based descriptions of evaluation of probabilistic DNA & other biological profile evidence, jurors , 22798
extensional reasoning in mental-model theory of naive probability, 10106
frequentistic information, judgment of risk & probabilities, college students, 19835
generalized rational behavior signal detection model to predict variation in base rate use while making probabilistic judgments, 13299
influence of associative processes on perceived certainty, college students, 36246
judgment of singleton & disjunctive hypotheses, 19797
K. R. Popper's propensity interpretation of probability & its potential methodological value in social sciences , 27269
linguistic expression of probability & probabilistic thinking on view of uncertainty questionnaire during probability scale task, 20–50 yr old native Chinese vs English speakers, England , 27147
location of feature in evidence vs hypotheses & similarity of evidence & hypotheses & disjunctive hypotheses, likelihood judgment, 13307
mathematical memory processes model of likelihood judgment & decision making, 10095
memory & frequency judgments of personal events & components of events, subadditivity, Ss, 10203
model of distortions in decision making under risk through probability weighting function, graduate students, 13279
prior outcomes, subjective probabilities of gambling bet outcomes, college students, 13306
probabilistic evidence vs event representation vs fact, judgments of civil liability in accident scenario, college students, 36244
probability adjustment in fair chance construction for competitive game, 6–14 yr olds , 865
reconstructive memory & hindsight bias & knowledge of story endings, reaction to victims & perpetrators in various scenarios, undergraduates, 27317
relative-frequency vs probability elicitation question, likelihood judgment accuracy in answering test item questions, college students, 6863
response variability in binary & continuous choice, undergraduates, 226
role of implicitly inferred information (mental models) from explicit stimulus information in explanation of conjunction effects & probability judgments, college students, 11146
stimulus filling of response-outcome delay, causal effectiveness judgments, 18–35 yr olds, 6864
subjective probability estimates for future negative events, 9–18 yr olds with recovered depression, 1512
superadditivity of probability judgments, 10118
unknown probabilities vs task characteristics, ambiguity avoidance in decisions, college students, 36233
use of support theory to model nonextensionality of subjective probability & introduction of decompositional model, college students & basketball fans, 13267

Probability Learning—Serials

cue utilization in nonmetric multiple-cue probability learning & abilities of Rapid Attention Shifts 'N' Learning model , 29639

Probation—Serials

group treatment responses & recidivism to 1- vs 2-yr probationary sentences, adult male sex offenders with intellectual disability, 2166
sociodemographic & clinical characteristics & substance abuse problems & lifetime criminal behavior & arrests, offenders supervised by psychiatric probation & parole service, 25571
validity of Ministry Risk/Need Assessment Form measure of probation risk, male vs female 12–17 yr old Native vs non-Native offenders, Canada, 6 mo followup, 9891

Probation—Chapters

Recommending probation and parole, 9758

Probation Officers—Serials

evaluation of standard vs single-case-design evaluation treatment by probation officers, delinquent behavior & psychological functioning, juvenile delinquents (mean age 16.45 yrs), 9–12 mo followup, 25570

Problem Drinking [See Alcohol Abuse]

Problem Solving [See Also Anagram Problem Solving, Cognitive Hypothesis Testing, Group Problem Solving]—Serials

ability to learn transverse patterning problem, amnesic patients, implications for effect of declarative memory on 2-choice discrimination tasks, 11929
ability to solve real-life types of problems & performance on tests of executive function, adults with unilateral left- or right-sided lesions with vs without damage to the frontal lobes, 24789
ability to use experimenter-given manual & facial cues during object-choice task, gorillas, 29695

age & strategy generation, problem solving, young (mean age 20.9 yrs) vs older adults (mean age 72.9 yrs), 33694
analysis of technological problem-solving strategies, novice 7th grade dyads, 30196
anxiety & cognitive problem solving, 12–17 yr old females with disruptive behavior disorders, 8262
application of cognitive information processing approach to career problem solving & decision making to career decision-making process & obtaining employment, 35597
application of process tracing approach to analysis of difficulties in problem solving & diagnostic reasoning, senior operations personnel identifying multiple faults in simulated control system, 10128
attempted suicide history & current suicidality, means–end problem solving & anxiety & depression & hopelessness, incarcerated young male offenders, 17976
attention & memory & problem solving performance & neuropsychological predictors of outcomes, female Ss with anorexia or bulimia nervosa before & during & after treatment, 7 mo study, 18181
beliefs toward Problem-Solving Demonstration Classroom in-service program, in-service elementary school teachers, 19233
brainstorming vs hierarchical methods vs incubation, solutions generated for problem of roommate who smoked, college students, 27275
business process reengineering in beverage & food distribution company, job worth based on accountability & know-how & problem solving, college student raters, 9637
career maturity, self-appraised problem solving ability, minority & disadvantaged premedical students, 28841
classroom-based short term Interpersonal Cognitive Problem Solving program, measures of effectiveness & social status, inner city 7–8 yr olds, 4 wk followup, 18637
cognitive differences between reasoning with self-constructed external representations & presented representations, 19802
Cognitive Information Processing approach to career problem solving & decision making for career counseling & development, females, 23612
cognitive-behavioral therapy in teaching problem solving for illness & related aspects, mothers of newly diagnosed patients with pediatric cancer, 25299
collaborative group vs traditional classroom methods of solving addition & subtraction problems & ability level, strategy change & execution of procedures, male vs female Primary 6 pupils, 22429
computational framework of life-like pedagogical agents for mixed-initiative problem solving in constructivist learning environments & implementation into science class, 7th graders, 32291
computer-based assessment of student problem solving in technology environments, 26219
computer-based performance assessments of problem solving using networked computers, 8th graders, 26234
computerized tutoring program, arithmetic word problem solving ability, 5th graders, 25780
conceptual priming in generative problem-solving task, college students, 16595
constraint relaxation & decomposition of perceptual chunks & insight problem solving, college students, 36222
construction & factor analysis of subjective-experience-of-problem-irresolvability scale, suicide attempters vs psychiatric patients, 26152
contextualized vs word problem math instruction, problem-solving performance & computation skills, 8th grade remedial math students vs prealgebra students, 28930
cooperation &/or problem solving conflict resolution training, developing expectancies & active listening & assertiveness & identifying interests & brainstorming & agreement outcome, undergraduates , 26062
cost of performing problem-solving operation, level of planning & solution length, adults, implications for user interface design, 10126
creative problem-solving intervention series, game-play decision making, college badminton students, 35480
deep vs compiled knowledge approaches to diagnostic problem-solving in expert systems, 35784
determination of problem domain categories in requirements engineering programs, software engineers, 3186
development & evaluation of computer based learning environment for developing mathematical problem solving skills, teacher trainees, 9417
development of computer-based learning simulation based on problem-based learning model, medical students in pathophysiology course, 15752
diagrammatic representations for science instruction & understanding of scientific laws & framework to characterize problem solving & learning, 32206
dialogical thinking about personal problems, 16586
differences in knowledge requirements for interdisciplinary problem solving in advanced manufacturing technology environment, design & manufacturing & marketing personnel, 12944
differential maze-solving performance on puzzle feeder task as test of global cognition, young vs aged female cynomolgus monkeys, 29702
difficulties in problem-based learning tag & characterization & implications of problem-based curriculum & relationship to problem solving & epistemological reform & ground rule formulation, 15743
discourse & cross-workplace information movement in technology mediated collaborative problem solving, implications for human–computer interaction, 3183
discovery-learning-based exploration practice vs worked-examples practice, cognitive load & domain knowledge in database program learning, college students, 28947
domain specific knowledge about computations & mathematical operations vs domain general linguistic & mathematical knowledge, performance in solving arithmetic word problems, 5th graders, 6216
dysfunctional cognitions & poor problem solving, prediction of hopelessness, depressed outpatients, implications for assessment & prevention of suicidality, 34096
effectiveness of simultaneous & sequential problem solving & forcing in interpersonal conflict & negotiation, 20–54 yr old members of work dyads , 29143
emotion knowledge & social & expressive behavior & social problem-solving skills reflective of overall social-emotional competence, maltreated vs high vs low risk 3–6 yr olds, 14705
English language & oral proficiency in problem based learning groups, Arabic medical students, commentary, 20414
etiology of content specificity in transfer & generalizability of problem solving in medical education, 2750
evaluation of Cascades's computational modeling of rule learning events from students' physics problem solving & conceptual analysis, undergraduate physics students, 12668
evaluation of intervention to develop problem-solving skills based on social cognitive theory, 11–13 yr olds, 1 wk followup, 35513
evaluation of multicomponent & behaviorally oriented problem- based learning summer school program, 13–19 yr olds with diabetes, 3 mo followup, 8812
evaluation of problem based technique, 1st yr multilingual medical students, 38672
evaluation of problem-based learning program for students preparing to retake the US Medical Licensing Examination, 19165
evoked brain activity during visual information processing of mental arithmetic vs language task, male vs female 19–29 yr olds, 13625
evolving systems design framework implemented by computer group support systems for intercultural problem solving & negotiation, multicultural groups, 20846
executive function/attention deficits,8.3–11.9 yr old males with Asperger syndrome vs attention disorder vs reading/writing disorder, 37640
explanations facilitating generalization strategies in tic-tac-toe game, kindergarten vs 1st vs 2nd grade students, 17243
factor structure & internal consistency of Everyday Problem Solving Test & relation of problem solving & demographics & physical function & fluid ability, African American elderly (mean age 67.8 yrs), 29339
family problem-solving & role of health care professionals, families with adult member with traumatic brain injury, 6 & 24 mo followups, 5905
family rigidity & adolescent problem-solving deficits & suicidal ideation, 18–20 yr olds, 5008
forensic psychiatry instruction using problem-based learning method, psychiatric residents, 15757
frequency & orientation of help-eliciting communications & puzzle-solving ability, male vs female 3.2–5.3 yr olds, 30138
functioning on complex tasks of daily living, 50–89 yr olds with mild to moderate Alzheimer's disease, 2104
Future Problem Solving Program, kindergarten students–12th graders & teachers, 22445
future-oriented complexity and adaptive studies as approach to problem solving, 1042
generality of part-set cueing effect to professional problem diagnosis, auditors, 29587
group counseling intervention, reduction of familial conflicts & interpersonal problems-solving skills, 10–17 yr olds & their 33–38 yr old mothers living in homeless shelter, 25079
group education for problem solving skills in caregiving, family caregivers of cancer patients, 25467
group vs individual performance on rule induction problems with single vs multiple hypotheses, college students, 7803
hand preference & problem solving behavior & responses in novel setting, marmoset, 19971
high vs low hope, problem solving ability & coping with stressful academic & interpersonal situations, college students, 2935
incremental validity of Religious Problem-Solving Scale, prediction of clergy burnout, pastors, 4581
independent vs common mental representations of multiplication & division problems & solution processes, adults, 36225
individual differences in reflective thought & reasoning & cognitive ability & arguments for vs against normative principle, normative behavior on decision making & problem solving, college students, 19834
individual differences in working memory & reasoning–remembering relationships, solving class-inclusion problems, college students, 228
integrating statistics & problem based learning & computerized data analysis, case study of 2-term university course, 25726
interactive problem solving as metaphor for international conflict resolution & policy process & negotiation strategies, commentary, 33807
interactive problem solving as metaphor for international conflict resolution & policy process & negotiation strategies, commentary, 33805
interactive problem solving as metaphor for international conflict resolution & policy process & negotiation strategies, 33801
item-specific transfer between inverted & identical multiplication & division problems, 18–47 yr olds, 36212
journey analysis as a framework for integration of consultation & evaluation for collaborative problem solving in complex change initiatives, 26076
labels as cues in formation of subgoals in solving novel problems, college students, test of subgoal learning model, 273
large-scale computer-based testing programs using multimedia for assessment of student problem solving & other performance tasks, 26221
manipulative vs number sentencing mathematical representation, computer-aided word problem solving skills, children with learning problems (mean age 11.3 yrs), 38813
marital aggression, problem-solving behavior with children & use of these variables as predictors of emotional & behavioral problems, 31–51 yr old mothers & 8–12 yr olds, 1127
mathematical word problem solving training, 23–34 yr old males in chronic stage after severe head trauma , 2666
mathematics problem solving in computer software environment with graphical representations of simulation results, 7th graders, 32213
means–end social problem-solving skills & psychological distress, 16–21 yr old incarcerated male offenders institutionally identified as bullies vs victims of bullying, 27903
mental representation of discrete vs continuous change word problems, speech vs hand gestures, college students, 29461
metacognitive training, mathematical problem solving, 7th graders, 19256
methods & implications of cognitive task analysis on design of computer simulation-based performance assessment of problem solving & decision making in dental hygiene, 26082
microgenetic approach to unconscious & conscious strategy discoveries in arithmetic insight problem, 2nd graders, Germany , 887
minority influences & use of best solution in problem solving, college students, test of C. Nemeth's convergent–divergent theory of majority & minority influence, 27296
nature of internal statements associated with catastrophic worrying, 17–74 yr olds, 7887
neutral vs familiar situational context, performance of solving mathematical word problems with vs without drawing task elements, 1st graders, 23730
online tutorial for experimental research design & statistical analysis & problem-solving ability, undergraduate psychology majors, 15874
parental negative vs positive marital conflict characteristics, social problem solving skills, families with 10–13 yr old children, 11008
parenting strategies & effective vs disruptive adolescent problem solving, families, 2 yr study, 960
parity effect on product verification & strategy selection in arithmetic tasks, college students, 16646
perceptions of impact of training program, novice facilitators, 38693
perceptions of referral concern & intervention development process & outcomes & time investment, teachers & school psychologists in problem-solving consultation, 29048
performance on pulling support to retrieve distant object as measure of development of means–end behavior, 6 mo olds, 2 mo study, 20532
personal & contextual achievement goals & help seeking during problem solving, 4th–5th graders, 9525

pessimistic & negatively biased content of self-focused ruminations, problem solving & efficacy expectations & willingness to implement problem solutions, dysphoric vs nondysphoric undergraduates, 37159
positive & negative hypothesis & target testing in group-based sequential rule-discovery tasks for processes of inductive inference, college students, 1218
practice, opportunistic stopping & priming of intermediate steps on alphabet arithmetic problems, college students, 10152
preliminary development of computer-based team decision making & problem solving performance assessment simulation, 14254
problem representation of & comparing & contrasting diagnoses of case presentation, medical students & expert rheumatologists, 2744
problem solving & ability to distinguish functionally relevant vs irrelevant tool design features, cotton-top tamarins, 16812
problem solving & planning processes, college students, Brazil vs Germany, 249
problem solving ability, patients with schizophrenia vs unilateral prefrontal lesions vs temporal lobectomies, 24283
problem-solving approach to teaching community psychology, 21–40 yr old graduate students, 32119
problem-solving competence & militaristic & social & political & religious & gun control attitudes, undergraduates, implications for peace education, 24033
problem-solving nurse counseling, psychosocial adjustment & distress & burden & coping & health & social service utilization, 38–87 yr old caregivers of cognitively impaired relatives, 1 yr study , 22221
problem-solving performances in inferential reasoning mode in electronic circuit troubleshooting task, novices vs experts, 19796
problem-solving teams & productivity in an aluminum manufacturing plant, 15 yr study, 35609
problems encountered in intervention, occupational therapists & children younger than 6 yrs of age with severe developmental dyspraxia, 15684
processes in recognition of good figures & identification of travelling salesperson problem solutions, college students, implications for solving large-scale & route-finding problems, 32925
radiological diagnostic thinking approaches associated with success vs failure in film interpretation, chiropractic students, 25777
reasoning processes & feasibility & effects of Metaplan for teaching problem solving, students & residents & experience physicians, 2763
relation between conceptual understanding of mathematical equivalence & procedures for solving equivalence problems, 4th & 5th graders, 10790
relation between understanding & practice in problem-based medical education, 22335
relationship among basic coping strategies of problem solving & social support seeking & avoidance, 19–68 yr old psychiatric inpatients with or without personality disorders, 14639
relevance & premise order, mental model of spatial reasoning & problem solving, 15–17 yr old French students, 10149
reliability & validity of computer-based knowledge mapping system, assessment of student content understanding & collaboration & problem-solving skills, middle & high school teachers, 26226
rule-based errors in mathematical reasoning, 6835
science achievement & everyday experience & domain-specific control beliefs & attribution patterns, technical problem solving, 10 yr olds, 2901
scientific text variables, comprehension & recall & problem solving, 10th graders, 6166
scope of difficulties with & errors & solution strategies generated during modeling & solving nonroutine additive word problems, 5th & 6th graders, 22521
short term music therapy intervention, social problem solving skills, 5 yr olds, 7 mo follow up, 22001
silent run-through teaching method, skill acquisition & problem solving ability, medical students, 15721
situation-specific model directed conceptualization & formalization & instantiation , 6428
social & pretend play & divergent & convergent problem solving, 48–66 mo olds, 36712
social problem solving & distress reactions to stressful events, diagnosed cancer patients & females who underwent surgery for breast cancer, 24756
social problem solving abilities & emotional & physical adjustment of patient, caregivers of family members with recent-onset physical disability, 11783
social problem solving abilities, hopelessness & depression & suicidal risk, college students vs general & suicidal psychiatric inpatients, 7991
social problem solving skills & psychological distress in adjustment to prison regime, suicidal vs bullied vs protected male inmates, Scotland, 21362
social problem solving strategies, aggressive behavior during childhood, 17–18 yr olds, 7 yr followup, 30229
social problem-solving abilities, psychological adjustment & career decisional needs & pressure sore diagnoses, rehabilitation inpatients with recent spinal cord injury, 1 yr study, 37830
social problem-solving skills, 7–12 yr old males with oppositional defiant or conduct disorder &/or ADHD, 14409
social relations & communication & problem solving in face-to-face vs computer-mediated communication, 19–35 yr olds, 22729
solution of mathematics word problems written in Ss' 1st or 2nd language, Filipino–English bilingual high- vs low-achieving grade school students, 32249
solution oriented brief counseling intervention model to resolve problems, 16–18 yr olds with learning disorders, 4 wk followup, 2176
Solution-Focused model for facilitating group parent training courses, parents of children with difficult or disruptive behaviors, 34922
solution-oriented classroom management plan, classroom environment & communication, 1st graders, 35489
solvable vs unsolvable discrimination tasks, experience of uncertainty, high school students, test of information-processing model of helplessness prediction , 26986
story problems vs shopping tasks vs continuation of counting, use of counting-on strategy, primary school students, implications for development of additive composition of number, 9484
strategic solution focused therapy & crisis intervention, 15542
successful tool selection & modification & use, free-ranging captive populations of tufted capuchins, 29729
successive vs simultaneous presentation of isomorphic arithmetic problems, comprehension & solving strategies, 6th graders, 6199
synchrony in circadian arousal periods & time of testing, problem solving performance, 18–25 vs 60–75 yr olds, 16596
task structures & specific problem solving strategies, 5–9 yr olds, 23726
test design & fairness issues in computer-based performance assessment of problem solving in architectural licensure examination, examinees, 26241
therapy in context of problem solving model of stress as cognitive-behavioral intervention for mental health problems & depression, cancer patients, 25294
transverse patterning training, configural learning & problem solving, college students, 3582
types of verbal imprecision & prediction of problem-solving performance & processes of knowledge change, 9.9–12.5 yr olds, 20513
underappreciated aspects of problem-based learning, medical students & faculty, 15724
use of computer tool FRAMER to implement framing process of conceiving new situations that might change organization's behavior in case study of humanitarian disaster relief operation , 9716
use of electronic bulletin boards in development & reinforcement of skills in problem solving & prevention of crises at home, family caregivers of patients with cancer & other chronic disorders, 25271
use of examples during problem solving, students, 250
use of external memory aid, development of problem-solving routine, undergraduates, 23128
use of hypertext information systems during architectural-design problem solving, 3rd–5th yr architecture students, 29544
use of incompatible solutions to representations of same problem to raise awareness of inconsistent reasoning via infinite set activity, mathematically talented secondary students, 19268
use of object retrieval task to examine constraints on problem solving & inhibition, cotton-top tamarins, 19953
use of verbal & spatial memory in performance of Tower of London Task, healthy 18–25 yr olds, 10209
usefulness of visual imagery in problem solving, 19–24 yr olds, 32895
validity of artificial neural network approach in simulations of problem-solving domains, 26086
verbal vs visual mediation training, problem-solving skills, 8–12 yr olds with partial vs unimpaired sight, 8697
Wisconsin Card Sorting Task & Tower of Hanoi as measures of planning & problem-solving capacity, patients with schizophrenia, 17901
working memory & intrusions of irrelevant information & inhibition, arithmetic word problem solving ability, 4th graders, 2 yr study, 36755
working memory vs short-term memory & relation to general fluid intelligence & verbal abilities, college students, implications for experimental task selection, 29631

Problem Solving [See Also Anagram Problem Solving, Cognitive Hypothesis Testing, Group Problem Solving]—Books
The explosive child: A new approach for understanding and parenting easily frustrated, "chronically inflexible" children, 5060
Problem solving and comprehension (6th ed.), 23121
Word problems: Research and curriculum reform, 12629
Problem Solving [See Also Anagram Problem Solving, Cognitive Hypothesis Testing, Group Problem Solving]—Chapters
Case It!—A project to integrate collaborative case-based learning into international undergraduate biology curricula, 25748
Cognition in human–machine systems: Experiential and environmental aspects of adaptation, 22726
Cognitive education and the cognitive domain, 22495
Collaborative learning on the World Wide Web using a problem-based learning approach, 25759
Component-based construction of surmise relations for chess problems, 32586
Component-based knowledge spaces in problem solving and inductive reasoning, 32578
Contexts as predictors of changing maternal parenting practices in diverse family structures: A social interactional perspective of risk and resilience, 11030
The emergence of hypertext and problem solving: An experimental investigation of accessing and using information from linear versus nonlinear systems, 32464
An empirical test of a process model for letter series completion problems, 32750
Individual differences in reasoning and the heuristics and biases debate, 10168
Innovative learning in work teams: Analyzing cycles of knowledge creation in practice, 12888
Insight and metacognition, 3579
An integrated approach for constructing, coding, and structuring a body of word problems, 32583
The integration of verbal and motor behavior in preschool children, 7471
Investigating the paths between working memory, intelligence, knowledge, and complex problem-solving performances via Brunswik symmetry, 10170
Learning basic number concepts and skills as problem solving, 22476
Modeling knowledge as competence and performance, 32749
Nature and instrumental function of private speech in problem solving situations, 7345
Obstacles to understanding: An ecological approach to infant problem solving, 17297
Outerdirectedness in individuals with and without mental retardation: A review, 34483
Problem solving on health-related tasks of daily living, 20677
Problem-solving counseling: Integrating Adler's and Glasser's theories, 21739
The problem-solving pilgrim: A goal-oriented approach to clinical counselling, 21747
The shifting focus of maternal tutoring across different difficulty levels on a problem-solving task, 7476
The social nature of private speech of preschoolers during problem solving, 7353
Technology in problem based learning courses—How can it help?, 25760
Time to "connect": Synchronous and asynchronous case-based dialogue among preservice teachers, 804
Procaine—Serials
procaine, subjective & symptom scale responses, 26–59 yr old male combat veterans with PTSD, 18686
Procedural Knowledge—Serials
bereitschaftspotential changes after learning & reperformance of perceptual motor task, 9–12 yr olds, implications as measure of procedural memory, 7385
bimanual vs unimanual visuomotor procedural learning, callostomized vs acallosal 19–35 yr olds, 31210
cerebral plasticity & procedural learning of visuomotor skill, 8–12 yr olds with frontal vs temporal epilepsy, 28141
declarative & procedural learning, 45–82 yr old patients with Parkinson's subtypes with tremor vs bradykinesia, 2098
declarative & procedural memory impairments, males with bipolar disorder with or without alcohol abuse , 30690
dexamethasone, REM vs non-REM sleep-related recall & procedural memory, 21–34 yr old males, 10639
effect of tactical knowledge on sequence of & ability to shift between integrative & distributive response-in-kind negotiator behavior, naive negotiators, 27305
effectiveness of evaluation efforts & level of knowledge concerning program structure , 26288
explicit & implicit knowledge in sequential RT task, college students, 36237

explicit vs implicit instructions, memory for previously learned figural sequences & item-to-item covariations within figural sequences, 17–23 vs 35–45 vs 55–65 yr olds, 36255
game theory view of coordination in cockpit & standard operating procedures, pilot & copilot, 1236
genetic background, procedural & declarative memory functions, 50 yr olds & older with age-associated memory impairment, 36875
law change concerning right of way at bicycle crossings, knowledge of law & driving behavior at crossings under different priority regulations, car drivers & bicyclists , 16246
medial temporal lobe activation during procedural vs declarative memory, 468
procedural knowledge & decision making in child protection, novice vs expert social workers, implications for field education, 15524
procedural learning in reading & counting tasks, patients with Parkinson's disease, 34653
relation between conceptual understanding of mathematical equivalence & procedures for solving equivalence problems, 4th & 5th graders, 10790
resemblances in the organization of memory vs. the visual system, 36122
spatial & procedural learning, adenylyl cyclase activation in hippocampus & parietal cortex & striatum & cerebellum, male mice, 26598
use of multiple descriptive models to teach abstract & situation-dependent knowledge through intelligent computer-aided learning , 9714
use of Tower of Hanoi in assessment of cognitive procedural memory, 47 yr old male with Korsakoffs syndrome, 5070

Procedural Knowledge—Books

Ethical risk management: Guidelines for practice, 35444

Procedural Knowledge—Chapters

Being scientific about our selves, 19905
The emergence of language from serial order and procedural memory, 13975

Process Schizophrenia [See Schizophrenia]

Procrastination—Serials

academic anxiety & procrastination, parental involvement with schoolwork, 13, 14 & 16 yr old Israeli students & their parents, 38846
empirical demonstration of Parkinson's first law, college students, 16569
procrastination & boredom, college students (mean age 19.0 yrs), 14336
relationship &/or effect of sensation seeking on decision making procrastination, college students, 24040
size & nature & consequences of social support network, self-reported individual differences in procrastination tendencies, college students, 7893
task-aversion dimensions across inception & planning & action & termination stages of personal projects & personality correlates of procrastination, college students, 37147
theory of intrapersonal dilemmas & concept of multiple selves, addiction & procrastination, 36231

Procrastination—Chapters

Reducing procrastination in the workplace, 6292

Product Design—Serials

Attribute Dependency & other templates, new product ideation, 23–40 yr olds, 22658
cognitive apprenticeship-style learning environment, motivation & learning of multimedia design knowledge, high school students , 6152
cognitive processes & use of visual mental imagery in software design & computer programming in visually vs nonvisually based programming languages, expert vs regular programmers , 29589
complexity & cycle time of new product development projects, cycle time reduction strategies, large multinational vs small company project leaders, 32351
consumer attitudes toward expression of negative moral opinion, 17–48 yr old consumers, 25988
customer incorporation in visualization & imagination vs memory visual imagery use in design process, originality & customer appeal of product designs, engineering student designers, 16211
development of test to measure spatial abilities associated with apparel design & product development, female college students majoring in clothing & textiles, 22838
factors that influence incumbent response strategies & new product introduction & the role of multimarket contact in these strategies, physicians' perception of prescription drug markets, 35721
label believability, explicit vs implicit mention of hazardous agent in a product and worst outcome of interacting with product and probabilistic vs definite instructions, college students, 22703
mathematical model for human sensibility ergonomics in product design, 12952
mathematical model of new product development with simulated demand function & time & technological change & consumer preferences, 36058
model for assessment of consumer choice & expectations & product interest & information sources, 32730
product type & charity donation incentive, promotion & sale of product, college students, 25992
prominence & constructive sponsor identification bias toward product brands that are prominent in marketplace, adults, 35731
psychophysiological perspective on decision-making process at Coca-Cola Company & company's rejection of gradualist approach to change in formula & subsequent consumer preferences, 3178
public attitudes toward behavioral technology & history & development & commercial failure of B. F. Skinner's aircrib, 26068
quantitative & qualitative methods in product development & evaluation of functional clothing in climatic chamber tests vs field tests, fishermen, 3188
response to category management in virtual reality shopping simulation, consumers, 6394
roles of affect & cognition, attitude formation from product trial of hedonic vs functional products, college students, 9679
traffic signs, speed of navigation on World Wide Web, IBM summer interns & staff, 22753

Product Design—Books

The invisible computer: Why good products can fail, the personal computer is so complex, and information appliances are the solution, 6413

Product Design—Chapters

Psychology applied to product design, 12938

Productivity (Employee) [See Employee Productivity]

Professional Certification—Serials

attitudes toward recertification program, general practitioners, 22368
expertise & state self-efficacy & worry during administration of computerized job-related certification test, employees , 26240
perceived career preparation usefulness & employment & reason for not having aging-related job, alumni of graduate certificate program in gerontology, 9340
student assessment competencies & US state level administrator certification requirements, 12639
ways to strengthen criterion related validity of professional certifications, 6280

Professional Certification—Chapters

CAT for certification and licensure, 16392
Credentialing, documentation, and evaluation, 35341
EAP accreditation and credentialing, 25874
Occupational preparation: Education, training, experience, and licensure/certification, 12768
Rehabilitation counseling credentialing as a professional counseling specialty, 28871
Training routes for counsellors, counselling psychologists and psychotherapists, 25654

Professional Client Sexual Relations—Serials

amount & quality & effectiveness of sexual ethics training, directors of APA accredited clinical psychology doctoral programs & clinical psychology students, 28817
benefits & risks & ethics & social researchers' self-disclosure of sex with informants during field work, 38736
benefits & risks & ethics & social researchers' self-disclosure of sex with informants during field work, comment, 38733
benefits & risks & ethics & social researchers' self-disclosure of sex with informants during field work, comment, 38738
characteristics & impact of practitioner sexual misconduct & experience with subsequent professional help, 30–85 yr old female victims of health care & clergy professionals, 18001
characteristics of progressive boundary violations & working alliance & subsequent therapist–patient sexual relations, 19202
disclosure of loving &/or sexual feelings toward patient, analyst, 12114
ethical complexity regarding use/misuse of power & authority & vulnerability due to professional training & role expectation & sexual/nonsexual relationships & confidentiality, clergy psychotherapists, 38737
legal differentiation of secular vs religious aspects of work & findings on breach of fiduciary duty in sexual misconduct, clergy counselors, 19516
pathological personality traits & sexual abuse of clients, psychiatrists, follow up, commentary, 2802
perceived effectiveness of Christian & secular graduate training programs in preparing Christian psychologists to deal with sexual attraction in professional context, 25615
possible factors that contribute to therapist-client sexual boundary violations, female victims, 35442
risk factors & suggestions for reducing clinical psychology graduate student-client sexual misconduct, 28815
theoretical orientation & use of supervisory consultation & training on & use in therapy of erotic countertransference & sexual feelings & behaviors toward clients, social work psychotherapists, 8778

Professional Client Sexual Relations—Books

Physician sexual misconduct, 25582

Professional Client Sexual Relations—Chapters

Cognitive–behavioral treatment of sexual misconduct, 25583
Insurance coverage for undue familiarity: Law, policy, and economic reality, 25589
Issues in civil sexual misconduct litigation, 26049
Knot a love story, 17713
Multiple relationships: Ethical dilemmas and practical solutions, 15824
Prevention of sexual misconduct at the medical school, residency, and practitioner levels, 25638
Psychodynamic approaches to physician sexual misconduct, 25138
Psychotherapy with patients who have had sexual relations with a previous therapist, 25587
Sexual misconduct and Boards of Medical Examiners, 25691
Sexual misconduct and the victim/survivor: A look from the inside out, 25591
Sexual misconduct, the American Psychiatric Association, and the American Medical Association: Ethics and practice, 25690
Sexual misconduct: The Canadian experience, 25696
''There oughta be a law'': Criminalization of psychotherapist-patient sex as a social policy dilemma, 25590

Professional Communication [See Scientific Communication]

Professional Competence—Serials

assessment of clinical supervisor competencies in counseling, 38677
culturally sensitive nursing care for psychiatric patients with history of sexual abuse, psychiatric nurses, 12379
culturally sensitive nursing care for psychiatric patients with history of sexual abuse, psychiatric nurses, commentary, 12382
development & factor structure & validity of Interpretive & Supportive Technique Scale, measurement of therapist technique in psychodynamic psychotherapies, 18–62 yr olds with mental disorders, 13117
evaluation of competence & identification & remediation & dismissal & related legal issues & relation to professional boundaries, impaired professional psychology trainees, commentary, 32104
evaluation of competence & identification & remediation & dismissal & related legal issues, impaired professional psychology trainees, commentary, 32112
evaluation of competence & identification & remediation & dismissal & related legal issues, impaired professional psychology trainees, 32100
evaluation of competence & identification & remediation & dismissal & related legal issues, impaired professional psychology trainees, commentary reply, 32099
evaluation of competence & identification & remediation & dismissal & related legal issues from feminist/multicultural perspective, impaired professional psychology trainees, commentary, 32118
exit interview to promote attitudes of self competence & celebrate transition to professional status, master's level marriage & family therapy students, 38687
expertise with psychopharmacological medication in psychotherapy, psychologists, 8961
factors of empowerment in & construct validity of Psychological Empowerment Scale & relationship between self determination & job impact, 19–65 yr old nurses, 9950
identifying & integrating individual & organizational level core competencies in business & industry, 35657
interpersonal & communication skills, competence in standardized-patient assessment, 15719
interrater reliability of structured checklists by expert vs nonexpert observers, assessment of procedural skills competence, medical trainees & practitioners, 15714
judgements of sex & age of suicide note writers, suicidologists, 6078
legal personnel competence & videotaping of child abuse victims, 26061
limitations & privileges of clinician evaluations of their practice, practitioners, 9358
opportunities & obstacles in competency-based training & assessment of teachers in England in the 1990s, 15844
perceived adequacy of geriatrics training & attitudes toward older patients & self assessed competencies, internal medicine & family practice residency graduates, 9342
perceived competence of male vs female high school basketball official, college students, 35699
perceptions of teachers' knowledge level & skills in teaching individuals with physical & health disabilities, special education directors & teachers, implications for teacher certification, 9550

reasons for borderline or unacceptable performance on objective structured clinical examination, international medical graduate applicants, Canada, 2745
role of therapist characteristics & efficacy & competence in psychotherapy outcome research, 12021
satisfaction with postdoctoral training in geropsychology & sense of professional competence, psychologists, 38686

regulatory standards for batterer programs, case example of the Illinois Protocol for Domestic Abuse against women, 15516
standards for batterer programs, program administrators, 12439
standards of practice for mediators, 6493
standards of practice in occupational therapy, 9259
teaching professionalism, medical schools, 1998–1999 academic yr, 38815
training & practice standards & other issues confronting advancement of applied sports psychology , 35691
training & practice standards & other issues confronting advancement of applied sports psychology, commentary, 35689
treatment guidelines, patients with delirium, 21638
validity & reliability of multiple-station examination vs practice video assessment, assessment of competence & performance in daily practice, family physicians, 15820
views of lay inspection by Office for Standards in Education in England, inspectors & educational personnel, 19216

Professional Standards [See Also Professional Liability]—Books

Comprehensive clinical psychology, Vol. 2: Professional issues, 2149
Ethics in plain English: An illustrative casebook for psychologists, 38752

Professional Standards [See Also Professional Liability]—Chapters

A brief overview of four principles of neuropsychological rehabilitation, 35313
Ethical, legal, and professional pitfalls associated with neurofeedback services, 28900
Guidelines for acute head injury management, 34759
Guidelines for professional practice, 25628
Multiple relationships: Ethical dilemmas and practical solutions, 15824
Poststroke rehabilitation practice guidelines, 35307
Practice guidelines in psychiatry and a psychiatric practice research network, 25695
Sexual misconduct and Boards of Medical Examiners, 25691

Professional Supervision—Serials

analytic perspective on & aims of group supervision of group psychotherapists, 15753
assessment of clinical supervisor competencies in counseling, 38677
attitudes & characteristics & professional supervision preferences & education level, 22–75 yr old recovering & rehabilitated vs normal drug rehabilitation counselors, 38711
clinical supervision of early stages of psychoanalytic treatment of 4 yr old male, 9338
co-construction model for supervision, psychotherapy supervisors & supervisees, 35411
cognitive behavioral approach to clinical supervision of cognitive behavioral therapists, 6031
cultural experiences & needs, ethnic minority supervisees working with White supervisors, 9329
demographic & management tasks & other job characteristics & opinions about supervision, 20–60 yr old occupational therapist managers working in mental health areas, 25661
direct supervision of residents by attending physicians, quality of care in university affiliated emergency departments, patients with physical complaints, 5778
ethical judgment & code of ethics & supervision, ethical decision making, social workers, Israel, 19200
experiential group model for supervision in group & individual psychotherapy, 15709
goals of & transference & countertransference in systems-centered approach to therapy supervision, 15708
group supervision of supervision of psychoanalysis or psychoanalytically oriented psychotherapy & training, 28388
guidelines for training of supervisors in rational emotive therapy, 6012
implications of contemporary relational perspectives for transforming understanding & use of parallel process concept in social work field instruction, clinical supervisors, 38675
inadequacy of & need for professional supervision during training, psychiatry trainees, Europe, 9324
inadequacy of & need for professional supervision during training, psychiatry trainees, Europe, 9315
legal liability to supervisees beyond principle of respondeat superior, supervisors of counseling students, 28892
model for & characteristics of semiannual multidisciplinary peer review & supervision, behavioral health clinicians, 32101
model for psychotherapy supervision using integrative metalearning, trainees, 6011
model of computer-mediated group supervision & psychotherapy training, 15733
narrative approach to supervision & case formulation in psychotherapy practice, 34769
needs & preferred roles & style of supervision, school counselors with various experience levels, 38724
organizational setting & dynamics & learning process of supervision in individual psychoanalytic therapy in institutions, 25595
patterns of clinical supervision, school psychologists, 35390
perceptions & management of responsibilities, supervisors of counselors, 32103
perceptions of supervisors' use of social power with beginning vs advanced graduate supervisees, supervisors & supervisees in speech-language pathology , 35435
personal account of professional development & supervision of educational psychologists in training, 32106
pseudo-parental role of & transference & counter-transference processes & parallel between supervisor–supervisee & parent–child interactions, social work supervisors, 38684
psychodynamics of group supervision of group psychotherapists, 15763
psychological ionosphere as atmospheric metaphor, activation of psychological introjects in counseling supervision process, supervisors & supervisees, 25624
quality of videoconferencing vs face-to-face based supervision process, 31–49 yr old psychotherapy supervisors & trainees, 32114
recovering vs nonrecovering status of counselor vs supervisor & perceived satisfaction with supervisory relationship, 22–68 yr old substance abuse counselors & their supervisors, 32133
role & responsibilities of counseling supervision in organizational context, 6279
role of supervision in educational psychology, 32107
role of supervisory relationship & alliance in training of psychodynamic group therapists, 15737
schema focused therapy & psychotherapy supervision, female client, 6017
similarities & differences of supervising & being supervised by males vs females & ethics & fairness in supervision, male & female family therapy supervisors & therapists in training, 15730
student–physician gender differences, evaluation of physician supervisors after 4-wk clinical clerkship, 3rd yr medical students, 28848
supervision in cognitive therapy, health & mental health personnel from various fields, 6033
supervision model & sociocultural influences related to eating disorders & countertransference issues related to body image & food & weight, female counselors working with eating disorder groups, 37995
supervisor ethical behavior & violations & working alliance & supervisee satisfaction & reactions, psychologists in training & their supervisors, 19155
supervisory training in systematic observation & feedback, data collection & teaching performances of teaching assistants, special education teachers, 17 mo study, 9395
therapeutic vs supervisory relationships in cognitive behavioral therapy, 5537
transmission of professional values in process of supervision in psychiatry, 15713

Professional Supervision—Books

Counselling supervision in context, 25626

Professional Supervision—Chapters

Diversity training in spiritual and religious issues, 25643
Pleasures, pitfalls and perplexities: The content of counselling and supervision, 21742
Supervision and gender issues, 25644
Supervision and racial issues, 25632
Supervision and sexual orientation, 25635
Supervision and working with disability, 25650
Supervision in educational settings, 25652
Supervision in medical settings, 25634
Supervision in primary care counselling, 35412
Supervision in religious settings, 25640
Supervision in uniformed settings, 25653
Supervision in workplace settings, 25629
Supervision of group psychotherapy with chronic psychotic patients, 15769
Supervision of school counsellors in Israel: Setting up a network of supervision, 25633
Supervision, 25641
Using a qualitative method to study clinical supervision: What is effective clinical supervision?, 22983

Professors [See College Teachers]

Profiles (Measurement)—Serials

application of random coefficient regression model to depict response to outpatient psychotherapy, 28300
assessment of similarity algorithms using 'well-defined' vs 'nonrestrictive' codetype profiles of MMPI & MMPI-2, 13–79 yr old psychiatric patients & outpatients referred for psychiatric evaluation , 3332
clinical utility of Profile of Mood States with standardization samples, 18–94 yr old normal vs 55–94 yr geriatric samples, 11222
community symptom profiles & need for antidepressant therapy, adults with depression, 30688
disease course & symptoms & psychological profiles, 9 & 12 yr old males with X-linked adrenoleukodystrophy, implications for differential diagnosis of childhood neurodegenerative disorders, 11903
DSM-IV personality disorders & Defense Mechanism Rating Scale profiles & symptomatic distress, outpatients (mean age 29.64 yrs) seeking personality assessment & psychotherapeutic treatment, 16343
factor structure & profile subtypes of Wisconsin Card Sorting Test, 17–70 yr olds with traumatic brain injury, 22898
factor structure & reliability & convergent validity of Dutch version of Self-Perception Profile for Children, male vs female 4th vs 5th vs 6th graders, 19581
French adaptation & validation of short version of Profile of Mood States, females with breast cancer & males with prostate cancer, 18322
long-term stability of Child Behavior Checklist profile types, outpatient children & adolescents (mean age 8.6 yrs) at psychiatric clinic, 4.8 yr follow-up, 24152
MMPI-2 profiles, patients found Not Guilty by Reason of Insanity vs civilly-committed psychiatric inpatients, 21041
multimethod approach to assess risk factors for lifetime history of high vs low violent behavior, 19–65 yr old male incarcerated psychiatric inpatients, 35869
neuropsychological risk factors & profiles, 7–12 yr olds with borderline pathology in day treatment, 24279
patient profiling & prediction of psychotherapy responses from intake assessment, individual psychotherapy outpatients (mean age 37.2 yrs), 34792
preliminary validation of MMPI-A with 13–18 yr old male delinquents, clinical correlates with symptoms/diagnoses derived from Schedule of Affective Disorders & Schizophrenia for School-Age Children, 3309
relationship between specific MMPI-Adolescent profile patterns & endorsement of items related to suicidal ideation, adolescents with depression or conduct disorder or other psychiatric disorders, 13056
sample cluster analysis of nonmarital Alcohol Use Inventory primary scales, alcoholics in Matching Alcoholism Treatments to Client Heterogeneity project, erratum, 32050
sex, personality attributes, male vs female medical students, 22357
structure & diagnostic benefits of subset taxonomy from WISC-III standardization sample, 6–16 yr olds, 9842
substance abuse recovery process from treatment-career perspective, profiles of clients (mean age 33.2 yrs) entering treatment for 1st time vs returning to treatment, 28762
test validity of Disability & Impact profile, assessment of quality of life, 26–76 yr olds with multiple sclerosis, 36005
using the Inventory of Interpersonal Problems & mathematical functions to detect complex interpersonal patterns, 20–64 yr old psychotherapy outpatients vs college students, 14400
validity & score distribution & internal consistency of the Nottingham Health Profile, perceived health status, patients with asthma or chronic obstructive pulmonary disease , 36014

Profiles (Measurement)—Books

The meaning of movement: Developmental and clinical perspectives of the Kestenberg Movement Profile, 22840

Profiles (Measurement)—Chapters

Apperceptive Personality Test profiles of high school leaders, 29345
Apperceptive Personality Test profiles of schizophrenics, 30766
Prader-Willi syndrome: Toward a behavioral phenotype, 31095
Profiles of completed suicides, 8306
Selected methods for assessing individual quality of life, 26210
The structure of ability profile patterns: A multidimensional scaling perspective on the structure of intellect, 11246
Turner syndrome: A cognitive neuroscience approach, 31109
Turner syndrome: Potential hormonal and genetic influences on the neurocognitive profile, 31108
Williams syndrome: Findings from an integrated program of research, 29324

Profoundly Mentally Retarded—Serials
adaptive social skills, institutionalized adults with autism vs Pervasive Developmental Disorder Not Otherwise Specified &/or profound mental retardation, implications for treatment, 34438
behavior management in school environment, 10 yr old female with profound mental retardation & behavior problems of spitting & cursing & hitting, 25811
cessation of long term naltrexone therapy, self injurious behaviors, adult female with profound mental retardation, presentation of 2 & 4 yr followup data, 12158
convergent validity of Matson Evaluation of Social Skills for Persons with Severe Retardation subscale & total scores, 5–88 yr olds with severe or profound mental retardation , 6558
factor analysis of Matson Evaluation of Social Skills for Individuals with Severe Retardation, individuals with severe & profound intellectual disability residing in a state facility, 35950
functional analysis, false-positive maintenance of self-injurious hand mouthing by access to tangible reinforcers, 26 yr old female with profound mental retardation, 24104
naltrexone, self-injurious behavior, 29 & 42 yr old females with profound mental retardation, 12173
planned vs actual realization of therapies & activities in residential & nonresidential facilities, individuals with profound multiple disabilities, 1990–98, 32023
preference assessment, preferences for task arrangement involving mobility vs sedentariness, adults with sensory handicaps & profound mental retardation, 6556
reliability of Matson Evaluation of Social Skills in Individuals with Severe Retardation, adults with severe or profound mental retardation, 35946
response effort vs stimulus arrangement novelty vs choice, selecting behavior, profoundly mentally retarded 26-yr-old female with seizure & communication disorders & atypical psychosis, 37704
risperidone, behavioral symptoms, 27 & 30-yr-olds with autism & profound mental retardation , 14817
Progestational Hormones [See Also Progesterone]—Serials
indomethacin, progesterone & megastrol acetate & alpha- & beta-dihydroprogesterone & estrous behavior, female rats, 13697
progesteroae & different hormone priming regimens, paced mating behavior & sexual receptivity, female rats, 19968
Progestational Hormones [See Also Progesterone]—Chapters
Hormone replacement and oral contraceptive therapy: Do they induce or treat mood symptoms?, 24235
Progesterone—Serials
8-OH-DPAT, lordosis, female ovariectomized rats primed with estradiol benzoate & progesterone, 4174
acute vs repeated estrogen vs progesterone, amphetamine induced striatal dopamine & stereotyped behavior, ovariectomized female rats, 36526
chronic diazepam, stress-induced brain levels of 3 alpha,5 alpha- tetrahydroprogesterone & corticosterone, male vs female & orchidectomized vs ovariectomized rats, 20389
effect of RU 486 on progesterone inhibition of maternal responsiveness & brain sites & expression of intracellular progesterone receptors during pregnancy & lactation, rats, 26826
estradiol & progesterone, linkage of hypothalamus-preoptic area alpha 1 adrenoceptors to nitric oxide-cGMP pathway & facilitation of lordosis behavior, rats, 29984
estrogen & progesterone, appetitive & consummatory sexual behaviors, female rats in bilevel chamber paradigms, 23470
estrogen therapy with vs without progesterone, mood & physical symptoms, postmenopausal females, 28427
high vs low social interaction & dominance status & body weight & environmental conditions, ovarian function measured by postovulatory luteal progesterone secretion, red deer hinds, 13634
indomethacin, progesterone & megastrol acetate & alpha- & beta-dihydroprogesterone & estrous behavior, female rats, 13697
insensitivity to sedative effects of lorazepam on progesterone withdrawal, female rats, 723
male confined vs free to interact vs absent, proceptivity, ovariectomized female French-Alpine goats treated with progesterone & estradiol, 23224
medroxyprogesterone acetate in treatment of hypersexuality & sexual aggressiveness, 36-yr-old severely brain injured nursing home resident, 5729
picrotoxin with vs without progesterone, GABA-A receptor function in sleep, male rats, 10604
progesterone & allopregnanolone & testosterone propionate, defensive burying latency & anxiety on elevated plus-maze, male vs female vs virilized female vs castrated male rats, 10570
progesterone & dysphoria & tension in perimenstruum & chocolate & sweets cravings & other perimenstrual symptoms, 18–45 yr olds with severe premenstrual syndrome, 34556
progesterone & prolactin secretion & anxiety/depression, platelet peripheral-type benzodiazepine receptor binding & expression, 1st vs 3rd trimester pregnant vs lactating female 18–42 yr olds, 33332
progesterone receptors & sexual experience & androgens, sexual behavior, castrated vs intact & wild-type vs progesterone receptor knockout male mice, 7237
progesterone, avoidance learning & neuronal death following ablation of prefrontal cortex, rats, 7162
psychosocial stress, sexual behavior & wet dog shakes, 5-HT agonist treated vs not treated male rats vs adrenalectomized vs sham-adrenalectomized female rats treated with estrogen &/vs progesterone , 671
role of progesterone metabolites in anxiety-related behaviors accompanying lactation, female rats, 33323
short vs long photoperiod, neural estrogen & progestin receptor immunoreactivity in brain regions & lordosis, ovariectomized female hamsters, 3883
time of beta-endorphin administration, lordosis behavior, estradiol & progesterone-injected ovariectomized female rats, 23591
Progestins [See Progestational Hormones]
Prognosis—Serials
clinical & behavioral characteristics & staff responses & treatment & prognosis, disruptive vocalizers (mean age 81.6 yrs) in nursing homes, 6 mo study, 19007
clinical course & prognostic factors associated with nonspecific neck pain, adults, 5196
clinical course & psychosocial correlates of unipolar depression, 17–18 yr old females, 5 yr study, 27621
clinical features & course & prognostic factors, survivors vs nonsurvivors with severe alcoholic liver injuries, 21308
clinical features & prognostic significance, subtypes of delirium, hospitalized elderly patients, 37897
clinical variables & neurobehavioral test scores as prediction of post-concussive syndromes, 16–74 yr old minor head injury patients, 6 mo follow up, 18241
cognitive impairment & functional outcome, 18–44 yr olds with infratentorial infarcts, 5374
cognitive vs physical impairment & medical prognosis & pain, preferences for life-sustaining treatments, adults (mean age 78.5 yrs), 36882
continuity between schizophrenia spectrum disorders in childhood & adolescence & variability in outcomes, patients aged 11 yrs 7 mo to 19 yrs 10 mo, 1–7 yr followup, 37348
cortical plasticity & Hebbian learning mechanisms in & predictors & principles of guided rehabilitation & recovery from brain damage, 32022
course & status of cognitive & functional impairment, 65 yr old & older chronically institutionalized inpatients with schizophrenia, 30-mo followup, 11416
criteria for assessment of improvement in patients with social anxiety disorder, 1637
delayed pimozide &/or lithium treatment, long-term adverse effect & prognosis, patients with functional psychosis, 38262
diagnosis & prognosis & treatment of major depression, patients with Parkinson's disease, 21596
evaluation of prognosis & potential risk factors for chronicity of PTSD & clinical application of PTSD Prognostic Checklist, adults with PTSD, 14623
evaluation of social comparison & psychological adjustment & disease prognosis, 34–81 yr old breast cancer patients, 11854
individual & environmental & therapeutic factors associated with treatment outcomes for bulimia nervosa, 1904
label & sex & race & educational placement & availability of definitional information, prognostic judgments for children with behavior problems, undergraduates, 11567
long-term effects, 17–79 yr old female victims of childhood sexual abuse, 17990
medical diagnosis & prognosis & prevalence & incidence & psychosomatic factors & symptoms & outcomes of angina & suspected ischemia, 45–74 yr olds from 1 primary provider, 3 yr retrospective study, 18330
methylphenidate treatment & childhood inattention-overactivity & aggression, prediction of outcome at age 21–23, 4–12 yr old males with hyperkinetic reaction of childhood/minimal brain dysfunction, 38292
outcome of patients with schizoaffective disorder vs bipolar disorder, 12 mo study, 11446
prevalence & comorbidity & outcome of developmental coordination disorder, 7 yr olds, 3 yr study, 27929
prevalence of comorbid personality disorders & prognostic significance for outcome, recovered vs nonrecovered schizophrenia patients (mean age 37.1 yrs), 24298
previous psychiatric admission & psychopathology & social support & preterm delivery & marital status, prognosis & risk factors for 1st readmission after postpartum psychosis, women, 30755
prognosis & outcome, 20–44 yr old females with anorexia or bulimia nervosa with vs without concomitant obsessive compulsive disorder, 30 mo followup, Germany, commentary, 24649
prognosis & outcome, 20–44 yr old females with anorexia or bulimia nervosa with vs without concomitant obsessive compulsive disorder, 30 mo followup, Germany, commentary reply, 24669
prognosis for recovery of mental & physical functioning, patients suffering a first stroke (23–92 yrs old), 34631
prognosis of continued complications through early adolescence, 3 yr old children with attention deficit disorder or conduct or oppositional defiant disorders or hyperkinesis, 14696
prognosis, elderly with depression in community & primary care, 30654
prognostic factors for disability, 18–60 yr old back or neck pain patients treated with chiropractic therapy vs physiotherapy, 1 yr follow up, 5775
psychiatric & clinical & demographic characteristics, outcome & rediagnosis, 18–74 yr olds with motor conversion disorder, 2–5 yr follow up, 8489
psychosocial correlates of cancer relapse & survival prognosis, 1979–95, 31155
recognition & accuracy of differential medical diagnosis by primary physician, prognosis & outcomes at followup, depressed patients (mean age 40.5 yrs), 21108
research difficulties in determining reliable reading & learning disability prognoses, preschool children, 4 yr study, 1871
screening measure for psychosocial risk factors for identification of poor prognosis & work absenteeism, 22–63 yr olds with acute or subacute back pain, 6 mo follow up, 3354
stability of psychiatric disorders with onset in preschool yrs, 2–5 yr olds with emotional &/or disruptive &/or other disorders, 42–48 mo study, 8004
structural brain abnormalities & schizophrenia outcomes, 24290
subjective & objective sequelae & immediate & long-term consequences, persons with mild head injury, 18243
symptomatology & comorbidity & persistence & predictors of outcome, 4–5.5 yr old males with oppositional defiant disorder, 2 yr study, 27822
usefulness of ERPs & flash visual evoked potentials as prognostic markers, patients with mild to moderate probable Alzheimer's disease, 37915
Prognosis—Books
Casebook in abnormal psychology (4th ed.), 30586
Prognosis—Chapters
Prognostications and predispositions, 28062
Program Development [See Also Educational Program Planning]—Serials
adaptation of HIV prevention protocols to evolving trends in drug use, out-of-treatment substance abusers, 2544
art therapy pilot programs, war refugees, Slovenia & Croatia , 15375
attitudes & perceived success & barriers to implementation of small-group risk-reduction interventions, directors & frontline staff at AIDS service organizations, 12356
barriers to developing consumer-oriented mental health programs in rural areas & self-help model as service delivery alternative, mental health clients, 31940
challenges in design & implementation of new programs to assist teachers learn new paradigms of teaching & learning amidst educational reforms, practicing professional developers, 38781
characteristics of & implementation of case management with Access to Community Care and Effective Services and Supports program, homeless clients with mental disorders, 31948
characteristics of program to address socialization needs, adults with dementia & their caregivers, 9163
collaborative development of student codes of conduct, parents & principals, 35534
design & implementation of model for training in substance use disorders assessment & treatment within traditional outpatient mental health clinic, psychology interns & graduate students, 25614
development & content of How To Cope classes, caregivers of persons with dementia, 38549
development & evaluation of back management service for pain management & rehabilitation, patients with acute vs chronic back pain, 5912
development & evaluation of minimal-intervention exercise promotion program, 23–42 yr old mothers of preschool children, 22086
development & evaluation of preventive nutrition initiative Healthy Eating Project, Air Force recruits in basic training, 28632
development & evaluation of self management & group health education program, patients with HIV, 15396
development & evaluation of substance use prevention & treatment program, low income mothers & pregnant women & children, 5 yr study, 19092

development & implementation & evaluation of school-based resiliency programs, 2842
development & implementation & evaluation of smoking cessation group, inpatients with chronic mental illness (mean age 33 yrs), 25538
development & implementation & evaluation of training program to improve early diagnosis & management of Alzheimers disease & dementia, GPs & community & practice nurses, 25607
development & implementation & evaluation of volunteer peer support program, females previously treated for breast cancer, 18789
development & implementation of internal domestic violence program for families with partner & child abuse in public child welfare setting, 22199
development & maintenance & benefits & challenges of including youth in university–community-based organizations collaboration formed to explore HIV risk rates & prevention strategies, 15532
development & reliability of INTERMED, classification method for assessing health service needs, patients, 15477
development of & methods of assessment & intervention used in ecobehavioral treatment program, 6–17 yr old maltreated children & their primary caregiver, 18483
development of & service provided by community based nursing health center, low to middle income African American clients, 9114
development of center for research on psychological practice for training practitioner psychologists in applied mental health research, 28860
development of child protection service program, Australia, 25441
development of clinical psychology training & services & use of Western psychotherapy models in non-Western culture, Bangladesh, 32105
development of combined primary care & residential addiction treatment unit, 13–64 yr old substance abuse patients, 2 yr study, 22268
development of community-based rehabilitation for children with mental retardation, Pakistan, 8455
development of faculty outreach program, relationship between college faculty & consulting center staff, 15840
development of Four Winds cross-cultural training model in clinical psychology for Native American psychologists, 32120
development of genitourinary medicine service with medical & psychological protocols for management of physical & psychological reactions to sexual assault, female assault victims, 25396
development of multifaceted intervention & educational research project, community responses to wife abuse, Mexico, 12444
development of preferred stimuli program that accompanied therapeutic exercise routines, indices of unhappiness, 27–66 yr old females with profound multiple disabilities, 24084
development of substance abuse prevention program for at risk preschool age children, 25529
dramatherapy & crisis intervention, support groups following mass evacuation, 15376
dynamics of an experiential family of origin group therapy workshop, 38109
enablement as key element of Ottawa Charter on Health Promotion & UN International Convention on Rights of the Child & as core element of child-health promotion programs, 12353
establishment of & subsequent intervention activities provided by community mental health center, psychiatric hospital admission rates, mental health patients aged 15 yrs & older, Greece, 1979–95, 31951
Food for Heart Program of nutrition & dietary counseling by public health nurses to lower blood cholesterol, residents of rural South at risk for heart disease, 28639
formation & maintenance of regional interagency member-care affiliations & community psychology, missionaries & member care personnel, 27130
implementation & evaluation of & treatment strategies used in Optimal Treatment Project, patients with schizophrenia & other nonaffective psychotic disorders, 21 countries, 5-yr study, 21648
implementation & evaluation of corporate-wide multi-step problem solving ergonomics program, multi-division apparel manufacturing company, 12893
implementation & institutionalization of comprehensive youth suicide prevention program in public high schools, high school students, 10 yr followup, 16029
implementation of & attitudes toward teacher-based comprehensive AIDS education program, 7–27 yr old students, Uganda, 38922
implementation of case management program for enhancement of primary health care for older patients, physicians & case managers, 3 yr study, 12415
incorporation of success promoting criteria into programs for high-risk African American youth, youth service agency personnel, 25443
integration of teaching & research & community collaboration in promoting quality of life, land-grant university model, 38536
interaction of cost-effectiveness & service acceptability with treatment planning & development, eating disorder patients, 25416
interface between psychology & law & presidential initiatives for 21st century by American & Canadian psychological associations, 26041
issues related to design & development & assessment of mental health care system for children & adolescents, Poland, 15464
knowledge base development of a teacher education program, teachers of English to speakers of other languages, 2833
knowledge levels process mode of writing, assessment of writing needs & workshop development, ESL graduate students, 38788
marketing approach to welfare service agency planning for community crisis, agency personnel, Israel, 9148
objectives of Alzheimer's Disease Education Program, patients & caregivers, 31973
optional smoking program development & implementation, attitudes & utilization, clients & staff at abstinence-based addiction treatment center, 38596

attitudes toward recertification program, general practitioners, 22368
audit of interagency child protection practice, referred children, 28696
benefit-cost analysis, evaluations of child abuse prevention & intervention programs, 25454
collaborative multimethod evaluation of HIV prevention needle exchange program for young injection drug users, 15462
comprehensive behaviorally oriented program, changes in risk factor related lifestyle behavior, coronary patients treated with percutaneous transluminal coronary angioplasty, 12 mo follow up, 12286
conceptual design & research framework & components & analytic strategies for evaluation of American Stop Smoking Intervention Study, 32052
conceptualization & dimensions for evaluation of child well being, children in family foster care, 12438
context of program evaluation & new social movements, 7776
description & evaluation of Dollar A Day pregnancy prevention program, short term goal setting & prevention of 2nd pregnancy, 13–16 yr old mothers, 15443
description & evaluation of intergenerational visitation program, elementary school students & nursing home residents, 22228
description & evaluation of reproductive health counseling for adolescent females, 40–61 yr old nurses, 18871

development & evaluation of medical ethics curriculum, medical students & residents, 12586
development & evaluation of self management & group health education program, patients with HIV, 15396
development & evaluation of substance use prevention & treatment program, low income mothers & pregnant women & children, 5 yr study, 19092
development & implementation & evaluation of school-based resiliency programs, 2842
development & implementation & evaluation of smoking cessation group, inpatients with chronic mental illness (mean age 33 yrs), 25538
development & implementation & evaluation of volunteer peer support program, females previously treated for breast cancer, 18789
development & reliability of INTERMED, classification method for assessing health service needs, patients, 15477
development of genitourinary medicine service with medical & psychological protocols for management of physical & psychological reactions to sexual assault, female assault victims, 25396
developmental follow up diagnostic & referral service, follow through on diagnostic recommendations, up to 30 mo olds receiving child welfare services in home or foster care, 12453
Drug Abuse Resistance Education program, attitudes & beliefs & social skills & drug use, urban & suburban & rural 6th graders, 6 yr study , 958
effectiveness & influence on knowledge & attitudes & behaviors of sun protection programs for skin cancer prevention in children aged under 14 yrs, 25326
effectiveness of 12-Step Program as aftercare resource, 18–54 yr olds in alcoholism & drug abuse treatment, 2 yr followup, 19059
effectiveness of adolescent pregnancy risk reduction program, program staff & adolescents, 25348
effectiveness of clinical & community health promotion programs to increase motor vehicle occupant seat belt or car seat use by children under age 5, 16242
effectiveness of cognitive-behavioral community-based parenting program, 16–51 yr old parents of children aged 1–5 yrs, 2 mo follow up, 28690
effectiveness of early intervention programs designed to reduce adverse consequences of adolescent motherhood, 10877
effectiveness of evaluation efforts & level of knowledge concerning program structure , 26288
effectiveness of HIV/AIDS interventions on drug use & needle risk behaviors, 17+ yr old out-of-treatment injection drug users, 2492
effectiveness of intergenerational program for youth, attitudes toward elderly, 12–17 yr olds, 17348
effectiveness of interventions to increase influenza immunization, high risk populations, 9055
effectiveness of mandated parent education program, parent–child relationship, divorced parents, 20737
effectiveness of nursing & medical intervention program to prevent & treat delirium in elderly patients treated for femoral neck fractures, 38490
effectiveness of parent training programs for abusive & neglectful parents, 28289
effectiveness of patient-led partner referral program, patients with sexually transmitted diseases, Central African Republic, 28697
effectiveness of program to increase fruit & vegetable consumption, callers to Cancer Information Service, 2517
effectiveness of training program for work with memory impaired residents, nursing home & assisted living staff, 25620
efficacy & effectiveness issues in the National Institute on Drug Abuse Cooperative Agreement for HIV/AIDS intervention for out-of-treatment drug users , 2528
efficacy of school based intervention to increase sun protection knowledge & behavior & prevent skin cancer, 8th graders, 3 yr study, 25351
elimination of tracking, 9th-graders involved in detracking effort, 25765
establishment of children's ombudsman, effectiveness of child protective & adoption & foster care services, abused children, 22163
evaluate a caregiver-based intervention program in community day care centers, treatment of 24–72 mo olds with autism or pervasive developmental disorder, 2606
evaluation & improvement of early programs in childhood psychiatry, 18786
evaluation of & reasons for using extended leave of absence & patient characteristics & support, Scotland, 1988–1994, 22161
evaluation of 6-wk training program on diagnosis of emotional & behavioral problems in preschoolers, psychiatric residents & clinical psychology predoctoral interns & social work trainees, 6021
evaluation of addiction treatment program, 55–85 yr old clients, 38624
evaluation of AIDS training program, AIDS knowledge & attitudes & practice, traditional healers, Central African Republic, 8563
evaluation of Baltic vs Norwegian programmes of block training in group psychotherapy, 2219
evaluation of Baltic vs Norwegian programmes of block training in group psychotherapy, commentary, 2217
evaluation of community based skin cancer prevention program, skin cancer prevention attitudes & knowledge & behavior, parents, 3 yr study, 25353
evaluation of court affiliated parent education programs, divorcing parents, 22789
evaluation of demonstration program for delivery of customized job-training & intensive case-management & supportive services, highly disadvantaged adults in high-unemployment community, 2 yr study, 3053
evaluation of dual diagnosis treatment program, inpatients (mean age 34.5 yrs) with substance abuse & psychiatric disorders, 28779
evaluation of effectiveness of graduated driver licensing programs & nighttime restrictions, motor vehicle crashes & fatalities & injuries, young drivers, 16240
evaluation of effectiveness of training & management package on nutritional practices, direct care staff of community-based group homes serving adults with developmental disabilities, 1 yr study , 25610
evaluation of health promoting community-level programs & secular trends in risk factors & health behaviors, 18956
evaluation of lessons & results of Community Mobilizing for Change on Alcohol intervention program for underage drinking, 2.5 yr study, 19088
evaluation of medicine information training program, elderly, 2524
evaluation of model for teaching leaders of hypnosis practice groups, hypnotherapists, 5700
evaluation of modified needle-cleaning intervention using bleach, behavior change & correlates of safer cleaning practices, injection drug users, 2–4 we & 6 mo followups, 9036
evaluation of multidisciplinary & community-based child abuse prevention program for children & parents, 23–44 yr old clients & team members, 38534
evaluation of pediatrics residency curriculum program on well-child care, medical interns, 22324
evaluation of peer-led minimal intervention vs structured exercise program, functional capacity, 60–86 yr old women, 12366
evaluation of priming & prompting intervention for increase in participation in news group discussion, 42–86 yr old day program clients, 18950
evaluation of privatization of foster care services, children placed in foster care during vs before privatization, 22184
evaluation of random alcohol screening & breath testing & sobriety checkpoints, motor vehicle crashes & fatalities & injuries, 14750
evaluation of standard vs single-case-design evaluation treatment by probation officers, delinquent behavior & psychological functioning, juvenile delinquents (mean age 16.45 yrs), 9–12 mo followup, 25570
evaluation of substance abuse treatment training approach, physicians, 22264
evaluation of woman-centered training program for counseling & healing trauma of war, Bosnia, 28313
evaluations of legislation & educational campaigns & interventions promoting rear seat use, proportions of children using rear seats in motor vehicles, 16250
experiences & perceptions of involvement in creative arts performance program, staff & inmates of women's prison, 15688
framework for learning in negotiated project engagements, policy-making in city government project illustration, 9575
goal attainment scaling, evaluation & care planning, frail elderly, 8745
HIV prevention education workshop, AIDS awareness & knowledge & attitudes & risk reduction & program satisfaction & suggestions for improvement, 29–58 yr old transgendered workshop participants, 7746
HIV/Sexually Transmitted Disease Control Program, HIV/AIDS epidemic & incidence of other sexually transmitted diseases, 12–49 yr olds, Jamaica, 2500
implementation & evaluation of & treatment strategies used in Optimal Treatment Project, patients with schizophrenia & other nonaffective psychotic disorders, 21 countries, 5-yr study, 21648
implementation & evaluation of corporate-wide multi-step problem solving ergonomics program, multi-division apparel manufacturing company, 12893
implementation of Missouri Comprehensive Guidance Program & impact of more fully implemented programs & earlier training & school level on carrying out preferred guidance tasks, school counselors , 25836
Medication Usage Skills for Effectiveness program of concrete cues & life skill techniques, medication compliance, severely mentally ill patients, 12391
methodological issues in evaluation of paternal involvement demonstration project, poor inner city noncustodial fathers & their children, 5871
National Institute on Drug Abuse Cooperative Agreement standard vs enhanced intervention for HIV/AIDS risk, drug use & condom use & number of sex partners, non-injecting drug users, 2494
participation in state independent living program, housing & education & employment & financial self-sufficiency outcomes, 15–24 yr olds, 22137
patient characteristics & referral types & uses of a psychiatric emergency clinic in England, 18976
perceptions of helpfulness of marriage preparation programs, couples married 1–8 yrs, 25105
perceptions of preadoption family support program for children with special needs, adoption community parents, 36982
phenomenological methodology evaluation of hospice day care service, 50–86 yr olds with cancer, 25469
policies & development of Supplemental Security Income program, rates of participation, children under 18 yrs old with mental illness vs mental retardation, 31894
program evaluation of male juvenile halfway house, 13–18 yr old dually diagnosed juvenile offenders, implications for interpreting needs & focus of similar programs, 32071
Project H.O.M.E homelessness prevention intervention program, 18–60+ yr olds with mental disorders &/or substance abuse who are at risk for homelessness, 35224
providers' & evaluators' experiences in developing & implementing project promoting HIV prevention, low income females from different ethnicities at urban American Indian clinic, 15514
recruiting effectiveness of Department of Defense's Armed Services Vocational Aptitude Battery (ASVAB) Career Exploration Program, US Military databases, ASVAB student participants & recruiters, 9667
reliability & construct validity & implementation & evaluation of Adaptive Success Identity Plan for use in structured career intervention, college students, 3008
reorganization of Veterans Affairs substance abuse program, cost-effectiveness & quality of care, patients & referring services, 22685
review of report on alcohol & other drug misuse by doctors & response by Scottish region, UK, 38757
role of logic models in conceptualization & delivery & management & evaluation of programs, 32755
self sufficiency improvement programs, educational & financial outcomes & welfare received & pregnancy rates & maternal & child well-being & parenting outcomes, teenage mothers on welfare, 20750
self-help booklet with vs without computerized interactive telephone program or motivational counseling from nurse educators, smoking cessation, 18 yr old & older pregnant women, 38447
senior center self management & disability prevention program, health & physical activity & functioning & healthcare & psychoactive drug usage, chronically ill frail 70 yr olds & older, 1 yr study, 2512
service delivery & reaction to systemic pressures of publicly funded drug-user treatment programs & related health & human services in urban & rural communities, 19079
sexual abuse prevention program, child characteristics & knowledge level & locus of control & anxiety, 2nd–6th graders, 25328
similarities & differences between project sites of Collaborative Program to Prevent Homelessness, persons at risk for homelessness, 35229
social-exchange & communitarian theories applied to formal mentoring program development & evaluation, companies, 35654
story/dialogue method for health promotion knowledge development & program evaluation, 18869
treatment outcomes in evaluation of community based mental health treatment program, 18-74 yr olds with comorbid serious mental illness & substance use in urban area, 1 yr study, 18978
use of population level research data in development & management & evaluation of a community nursing center, 9112
validity & clinical use of INTERMED, classification method of assessing health service needs, outpatients with back pain, 15430
validity of immediate vs delayed self-reports in structured employment interview or safety training evaluation, graduate students & manufacturing firm non-managerial employees, 3017
workplace headache education program, quality of life & knowledge about headache management, employees 18 yrs & older, 38956

Prolactin—Serials
acamprosate, cortisol & growth hormone & prolactin secretion, 20–35 yr old males, 26845
aggression, cortisol & prolactin responses, adult males with high vs low aggression & psychoticism, 11294

basal prolactin & pattern of secretion, 6–12 yr olds with major depressive disorder, 30666
biochemical markers & self-estimated psychiatric health & posttraumatic symptoms, 34–59 yr old rescue workers, 34199
breeding experience &/vs prolactin, parental behaviors, female ring doves, 23266
busipirone, agent & prolactin levels, violent vs nonviolent parolees, 15287
D-fenfluramine, plasma prolactin response, 18–29 yr olds with bulimia nervosa, 5654
D-fenfluramine, prolactin response, 18–42 yr olds with schizophrenia, 25198
d-fenfluramine, serotonin-mediated prolactin release, males with combat-induced PTSD (mean age 48 yrs), 17932
delta-fenfluramine, prolactin response & executive functioning, 22–71 yr olds with major depression, 30657
dynorphin peptide dosages, opioid receptor-mediated serum prolactin, male vs female 25–48 yr olds, 7223
effect of blockade of 5-hydroxytrytamine receptors on immobilization-induced prolactin release, male rats, 23337
exogenous testosterone administration, testosterone & prolactin levels & parental behavior & prolactin binding site activity, male dark-eyed juncos, 4263
gastrointestinal symptomatology & plasma prolactin & cortisol levels & patterns during neutral & stress interviews, 24–50 yr olds with functional dyspepsia, 21466
guidelines for avoidance & management of hyperprolactinaemia & effects of traditional vs novel antipsychotics on prolactin levels, antipsychotic-treated patients, 5632
haloperidol, plasma prolactin levels & clinical response, acutely exacerbated schizophrenic & schizoaffective patients (mean age 36 yrs), 2294
haloperidol, prolactin response to D-fenfluramine challenge, adults with schizophrenia or schizophreniform disorder (mean age 23.1 yrs), 12213
high dose right unilateral ECT, vasopressin & prolactin & neuropeptide FF, 29–65 yr old patients with depression, 35041
long-term low tryptophan diet, prolactin responses to serotonin agonists, adult male rats, 17039
mirtazapine, growth hormone vs prolactin vs cortisol secretion, 20–35 yr old healthy males, 30019
modulation of vasopressin vs oxytocin vs prolactin responses of suprachiasmatic nucleus-pineal gland system to conditioned fear stimuli, male rats, 23480
ondansetron, prolactin & nausea responses to clomipramine challenge, healthy adults, 13772
ovine prolactin, sexual behavior & dopamine & serotonin metabolites, male rats, 29925
plasma prolactin response to parenteral clomipramine challenge, depressed adolescents (mean age 16.3 yrs), 2390
progesterone & prolactin secretion & anxiety/depression, platelet peripheral-type benzodiazepine receptor binding & expression, 1st vs 3rd trimester pregnant vs lactating female 18–42 yr olds, 33332
prolactin & sex, food intake, rats, 13745
prolactin response to d-fenfluramine before vs after treatment with serotonin reuptake inhibitors, patients with major depressive disorder, 12193
prolactin, feeding response, male vs female rats, 26783
prolaction & luteinizing hormone & parental behavior, penguins, 13640
risperidone, prolactin levels, 23–49 yr old premenopausal women with mental disorders, 18666
risperidone, serum prolactin levels & adverse clinical sequelae, patients with chronic schizophrenia, 12195
salivary prolactin & cerebrospinal fluid 5-hydroxyindoleacetic acid concentrations, rhesus monkeys, 30025
seasons of year, plasma prolactin response to serotonergic agent d-fenfluramine, healthy 20–50 yr old males & females , 10499
sports competition & outcome & motivation & self efficacy & self appraisal of & satisfaction with performance, levels of testosterone & cortisol & prolactin, male judo fighters, 23474
ventromedial hypothalamus lesions, spontaneous feeding & prolactin-induced hyperphagia, male ring doves, 20079

Proline—Serials

proline containing dipeptide GVS-111, general behavior & passive avoidance performance & size of lesion, male rats with photochemically induced local cortical ischemia, 33466

Prolixin [See Fluphenazine]

Promazine—Serials

fluoxetine vs fluvoxamine vs sertraline, steady-state promazine pharmocokinetics, male rats, 26759

Promethazine—Serials

design & materials for study of prenatal diazepam or promethazine exposure, postnatal somatic development, newborns, 2 yr longitudinal study, 21646

Promiscuity—Serials

self-reported sexual betrayal against partner & acceptance of betrayal under different circumstances & sexual & intimacy & demographic variables, heterosexual 18–24 yr olds, 37054

Prompting [See Also Constant Time Delay]—Serials

behavioral assessment & treatment using prompting & reinforcement, unsafe eating behaviors, 14 yr old male with developmental disabilities & esophageal stricture, 24105
open-ended vs focused prompts, number of words spoken & details elicited in investigative interviews, 5–6 vs 9–10 yr olds alleging physical abuse by their parents, 13940
recorded audio prompts, independent prevocational task completion, 37- & 48-yr-old females with schizophrenia & mental retardation, 8813
sign as point of decision prompt, lifestyle sedentary vs active behavioral choice, male vs female library users above vs below age 30 yrs, 28650
simultaneous prompting procedure for teaching receptive manual sign identification in small groups & effect on learning of non-targeted signs, 29 & 44 & 49 yr old adults with mild mental retardation, 27966
symbols used to prompt correct lifting posture, human Ss, implications for occupational safety, 22673
urine-triggered alarm signals & prompts & positive reinforcement, daytime urinary continence, 9 yr old boy with cri-du-chat syndrome, 31529

Pronouns—Serials

frequency & types of errors between pronouns with vs without suppletive nominative, 1–3 yr olds, test of hypothesis of role of pronoun morphology in case errors, commentary reply, 30187
frequency & types of errors betwen pronouns with vs without suppletive nominative, 1–3 yr olds, test of hypothesis of role of pronoun morphology in case errors, commentary, 30189
model for lexical access to pronoun production in German, 17–38 yr old native German speakers, 13308
processing of gender & number features in selection of pronoun antecedents in Italian, students, 30093
representation & processes in production of pronouns in number & grammatical gender agreement, college students, Netherlands, 26908
self- vs other-reference & communicative intents & pragmatic expressions of self & use of pronouns during dyadic interaction. 14 vs 20 vs 32 mo olds & their parents, erratum, 932
semantic & working memory deficits, impairments in producing & comprehending pronouns, 64–89 yr olds with Alzheimer's disease, 21527
variable pronoun usage in speech, males vs females, 33564

Pronouns—Chapters

The learning of first and second person pronouns in English, 27017

Pronunciation—Serials

attitudinal factors, choice of short vs long English phoneme, undergraduates, 10696
dissociated backward priming effects in lexical decision & pronunciation, college students, 16589
distinctiveness of speech production units in language development, 4- vs 7-yr old vs adult speakers, 20499
interaction of lexical & sublexical routes of reading of words vs nonwords with 1 vs 2 pronunciations, French-speaking undergraduates, 26396
phonology & reading skill, activation of word meanings in texts & detection of homophones during reading, college students, 29567
relation between ability to identify pronunciation of irregularly spelled words & performance on verbal subtests of WAIS-R, 50–78 yr olds, 3551
target predictability & foreign accent, perceptions of mispronunciations, college students, 10076

Property [See Ownership]

Propranolol—Serials

chronic propranolol, inhibitory avoidance retention, male mice, 17077
effects of indirect sunlight & propranolol on melatonin blood levels, normal 18–65 yr olds, 584
efficacy of gabapentin vs propranolol, 47–79 yr old outpatients with essential tremor, 20291
norepinephrine vs propranolol microinfusions into basolateral amygdala posttraining, retention of spatial version water maze task, rats, 17045
propranolol vs nadolol before watching neutral vs emotionally arousing slide show, event recall & recognition, college students, support for blockade of peripheral beta-adrenergic receptors , 4284
propranolol, emotional vs conditioned response memories after memory reactivation, male rats, 26835
propranolol, polydipsia, inpatients with schizophrenia, 8915
use of propranolol in treatment of aggressive behavior, chronically aggressive hospitalized 20–41 yr olds with mental disorder or mental retardation, 31692

Proprioceptors—Serials

activation of somatosensory cortex in proprioception & proprioceptive feedback in finger movement tasks, 20–27 yr olds, 3899

Prose [See Also Biography]—Serials

use of a neural-network computer program to analyze high school student prose, 2817

Prosencephalon [See Forebrain]

Prosocial Behavior [See Also Altruism, Assistance (Social Behavior), Charitable Behavior, Cooperation, Sharing (Social Behavior), Trust (Social Behavior)]—Serials

actor race (Black & White) and behavior valence (prosocial & aggressive), moral & liking judgments, Black vs White preschoolers vs 1st graders vs 4th graders, 14014
age & friends' aggressiveness & prosociality, social cognitions, 1st–6th graders, 13995
beliefs about legitimacy of aggression, aggressive & withdrawn & prosocial behavior, 4th & 5th graders, 914
Bible beliefs & higher education, attitudes toward eradicating poverty, 32 yr study, 23850
comprehension of moral lessons in television situation comedies & prosocial development & behavior, 1st & 3rd & 5th graders, 30240
decline of prosocial behavior, 18–30 mo olds, 6 mo followup, 33655
demographics & normative nature of orientation as seen in political involvement & religious attendance & marijuana use, community service & identity, high school seniors, 17388
development & validation of simpatía scale for use in drug treatment, measure of agreeableness & respect for others & politeness, Hispanic opioid users, 77
familial & peer & school environment & nationality & cultural & other social & contextual influences on prosocial & moral development, young adolescents, 20552
functions of emotions for prosocial behavior during motivation conflict vs achievement motivation situations, female kindergartners (mean age 60.28 mo), 23789
group identification & selection of & cooperation with leaders to manage public good dilemmas, 18–25 yr olds, 14256
importance & urgency of & presence of prod in message left on answering machine, number of return calls as test of prosocial behavior, participants, 1246
influence of religion on politics & family & health & free space & social capital, 36925
integrative model of social value orientation as framework for understanding differences among prosocial & individualistic & competitive orientations toward joint & equity in outcomes, 15–89 yr olds, 27335
internal working models of self & others & peer perceptions of caregiving & supportive behavior & reciprocity between perceptions of & by others & attachment style, 10–12th graders at boarding school, 2954
knowledge & attitudes & behaviors regarding organ/tissue donation, 17–55+ yr old college students, implications for campus based donation education, 6104
Living, Learning, Working program administered by school counselors, social interest & school success skills & service learning, 4th–5th graders, 35567
mandatory vs freely chosen volunteerism, future intentions to volunteer, college students, 11238
parental socialization of emotional distress & children's prosocial behavior & competence in preschool, parents & teachers of male vs female 4.2 yr olds, 2.5 yr-study, 19338
peer acceptance & perceived support from peers & family cohesion, prosocial behavior, 6th graders, 14051
positive peer reporting applied to social rejection through use of Level 2 research, 15 yr old boy with multiple behavior & social problems living in group home, 25100
prosocial motivations & attitudes, environmentally conscious consumer behavior, undergraduate business students, 32424
relationships between social networks & status attainment & social capital, 36917
resiliency-based preschool substance abuse & violence prevention project, teacher interactional skills & child prosocial behaviors, Head Start children & their teachers, 2850
social information processing patterns, prosocial 4th–6th graders, 14032
sociopolitical & prosocial views & educational attainment & social status, survey data from high school & college graduates, 1264
stability of & attachment & conflict & parental influence as predictors of prosocial behavior toward parents, 6th & 8th & 10th graders & their mothers vs fathers, 2 yr followup, 20561
tests of models of motivation to volunteer, adults aged 50 yrs or older, 7615
trait personal distress & sympathy & perspective taking & social desirability, prosocial behavior, college students, 37103

volunteer experience, occurrence & timing of arrest in transition from adolescence to adulthood, 14 yr olds followed to 22 yrs of age, 37610
Prosocial Behavior [See Also Altruism, Assistance (Social Behavior), Charitable Behavior, Cooperation, Sharing (Social Behavior), Trust (Social Behavior)]—Books
The banality of good and evil: Moral lessons from the shoah and Jewish tradition, 17462
Prosocial Behavior [See Also Altruism, Assistance (Social Behavior), Charitable Behavior, Cooperation, Sharing (Social Behavior), Trust (Social Behavior)]—Chapters
Community service and political–moral discussions among adolescents: A study of a mandatory school-based program in the United States, 7588
Employee selection and the ethics of care, 6302
Youth, solidarity, and civic commitment in Italy: An analysis of the personal and social characteristics of volunteers and their organizations, 7571
Prosody [See Also Inflection]—Serials
affective function of right-dislocation in interactive discourse, Mandarin-speaking 7-yr-olds, 33617
cognitive mechanisms underlying development of linguistic & emotional prosodic processing, French 5 & 7 & 9 yr olds & adults, 4428
complimentarity of verbal & prosodic aspects of cerebral function, adults with left vs right preferences for foot & writing & throwing hand, 26588
comprehension of emotional prosody in spoken material & matching to emotional facial expressions, 31 yr old female with large left hemisphere stroke & global aphasia, 18240
effects of prosodic stress & serial position on syllable omission in first words, 10 mo old male, 10 mo study, 7409
emphatic stress, children's novel word learning, 6–9 yr olds with specific language impairments, 8468
eye movements scanning upper vs lower area facial features, visual discrimination of segmental vs prosodic characteristics of speech without sound, 19–28 yr olds without lipreading knowledge, 23060
flattened fundamental frequency of voice, sentence intelligibility, normal listeners, implications for study of dysarthria, 36195
fundamental frequency & temporal modifications in speech in interactions with 1–3 yr olds, 23–47 yr old British fathers, 30324
fundamental frequency encoding of linguistic & emotional prosody, 29–87 yr old right hemisphere-damaged speakers, 34668
grammatical & caregiver prosody cues, sentence comprehension & language development, 2–2.2 yr olds, 17283
identification of congruent & incongruent receptive affective prosodic speech, 9–11 yr old males with depression, 17861
maternal gestures & prosody during play & different stages of sensorimotor development, development of conversational competence, 4–14 mo olds, 10-mo study, 17242
phonotactic & prosodic cues in word boundaries in speech, 9 mo olds, 20509
prosodic & voice quality techniques used in reported dialogues to contextualize point of view toward reconstructed utterances in informal German conversations, friends & family members, 20831
prosodic differences, ability to discriminate English from Dutch vs Italian & cerebral specialization for language, 3 mo olds from American English-speaking homes, 10795
prosodic facilitation & interference in early vs late syntactic closure ambiguity, adult Ss listening to sentences, 10700
prosodic loss, 50–86 yr olds with Parkinson's disease, 28179
prosodic parameters, categorization of meaning of ambiguous sentences, college students, 23631
prosodic structure, interpretation of temporary syntactic ambiguity, young vs elderly adult listeners, 30175
prosody & linguistic complexity, auditory comprehension, severely aphasic listeners 33–94 yrs old, 34651
prosody & pitch & amplitude & duration of disyllable vocalizations, full-term vs preterm 9 month olds with vs without history of respiratory problems, 10774
role of prosody in comprehension of auditory sentences, experienced vs novice talkers & college student listeners, 4359
separate vs combined durational effects of phase-final lengthening vs contrastive emphasis, final duration of speech segments & syllables, college students, 6798
speech pulse rate & duration, psychophysical discrimination of steady state vs time varying stimuli & prosody perception, postlingually deafened cochlear implant 47–73 yr olds, 5450
speech resynthesis preservation or degredation of prosodic cues, English vs Japanese language discrimination, college students, 7311
stimulus onset only vs onset & word duration vs onset & prosodic stimulus gating paradigm & stimulus duration, spoken word recognition, college students, 30102
stress assignment in words with 2 or more syllables, 14–78 yr olds with familial language impairment vs 18–58 yr old non-impaired family members, 21441
use of lexical prosody for lexical access & decision following prosodically congruent vs incongruent auditory prime in Japanese, university students, test of lexical prosody in Japanese vs English, 23632
Prosopagnosia—Serials
basic vs subordinate vs exemplar levels of face vs nonface object recognition, 17–23 yr old prosopagnosic males, 31233
dissociation between structural face discrimination & facial individuation, 57-yr-old male with severe prosopagnosia from right-hemispheric occipito-temporal lesion, 28126
face & word & object recognition, 47 yr old male with severe alexia & prosopagnosia due to cerebrovascular accident, 8577
interactive activation & competition & FOV models for simulating prosopagnosic face recognition, implications for modelling cognition, commentary, 12997
interactive activation & competition & FOV models for simulating prosopagnosic face recognition, implications for modelling cognition , 12998
interactive activation & competition & FOV models for simulating prosopagnosic face recognition, implications for modelling cognition, commentary reply, 12996
N374 event related potential component as measure of functional integrity of face recognition units, 67-yr-old male prosopagnosic patient, 28127
neuropsychological & electrophysiological correlates of selective visual streaming in face recognition, 36-yr-old male with pure developmental prosopagnosia, 24781
progressive prosopagnosia, female 65 yr old with bi-temporal atrophy, 37840
Prostaglandins—Serials
cyclooxygenase-2 induction during acute & chronic ethanol treatment & withdrawal, male rats, 20312
diclofenac & misoprostol, protection from cognitive & noncognitive decline, adults with mild–moderate Alzheimer's disease, 28494
prostacyclin analog beraprost, stress induced expression of immediate early genes & gastric mucosal erosion in stomach, male rats, 23472
Prostate—Serials
development & reliability & validity of UCLA Prostate Cancer Index, measurement of health-related quality of life, males (mean age 72.7 yrs) with prostate cancer, 5280
individual & interpersonal coping strategies & marital adjustment after cancer diagnosis, 41–74 yr olds with prostate cancer & their 38–69 yr old spouses, 28096
information about screening for prostate cancer, patient decision making role & anxiety level, 50–79 yr old men, 31824
mental adjustment to & appraisals of cancer & optimism & emotional functioning, males (mean age 75 yrs) with prostate cancer, 31151
practice setting & years since medical school graduation & fee-for-service vs salaried, prostate screening practices, physicians, 31785
Prostate Cancer Screening [See Cancer Screening]
Prostheses [See Also Cochlear Implants]—Serials
body dysmorphic disorder with focus on eye prosthesis, 27 yr old male with major depression & recurrent severe PTSD, 34076
functionality assessment of natural & prosthetic hands, 15678
learning retina encoder with tunable spatiotemporal functions & perception-based dialog in retinally implanted visual prosthesis, 29487
pattern electrical stimulation of human retina & retina implant, visual sensation & perception, blind individuals with end-stage retinitis pigmentosa or age-related macular degeneration, 25309
ultrasonic echolocation device as prosthesis, occipital cortex glucose metabolism during spatial localization task, adults with early-onset blindness, 25550
Utah electrode array & neural interface for cortical vision prosthesis, cats, 23273
Prostitution—Serials
association between HIV infection & measures of self-reported condom use, 18–45 yr old female sex workers in Yaounde & Douala & Cameroon, 31137
attitudes & norms & behavioral intentions, condom use during vaginal sex, 15–54 yr old female commercial sex workers, application of Theory of Reasoned Action, implications for HIV prevention, 7755
gender & place of residence & symptoms & use of sex trade, treatment delay & reliance on private physicians, under 20 to over 40 yr old clients with sexually transmitted diseases, China, 25385
history of child abuse & educational achievement & victimization & involvement in prostitution, adolescents, 11563
HIV intervention program for sexually transmitted diseases, treatment outcomes, female sex workers, Bolivia, 3 yr study , 2513
HIV risk behaviors, female sex workers who do vs do not attend syringe exchange programs, 28646
model & dynamics of community involvement in drug abuse & HIV research, drug users & prostitutes, 8017
motivation & social context & health needs, female adolescent sex workers (aged 13–18 yrs), Puerto Rico, 23924
peer education AIDS prevention program, condom use, female sex workers & male potential clients, 35154
personal & external factors, condom use, female commercial sexworkers in official brothel in Jakarta, 23934
psychosocial influences on job choice & sexually transmitted disease/HIV-related protective practices & attitudes & typologies, 17–33 yr old Indonesian female full-time commercial sex workers, 37024
relation between policresulen vaginal suppository use & mucosal disruption & risk of HIV transmission, female commercial sex workers, Thailand, 5266
risk of HIV infection, 16+ yr old female sex workers, Thailand, 2 yr followup at 3 mo intervals , 1983
seroprevalence of HIV & hepatitis B & syphilis & engagement in commercial sex with men & other risk behaviors, 15–70 yr old male transvestite sex workers, Pakistan, 24682
socioeconomic & demographic characteristics & sexual behavior & history of sexually transmitted diseases, risk for herpes simplex virus type 2, 18–76 yr old female sex workers, 14923
tolerance of nonconformity & demographic factors, attitudes toward legalization of prostitution, 18+ yr olds, 37020
use of male vs female condom use, protection against sexually transmitted diseases, adult female sex workers, 24 wk study, Thailand, 2501
Prostitution—Chapters
Dating violence and teen prostitution: Adolescent girls in the justice system, 21284
Interventions for commercial sex workers and their clients, 31859
Protective Services—Serials
access to state protective services, domestic violence survivors & medical & legal personnel, India, 22185
audit of interagency child protection practice, referred children, 28696
auditing for improvement of mental health assessment in child protection, mental health & child protection personnel, 4 mo study, 28703
characteristics of youth who run away from caregivers, 12–15 yr olds in child protective service care, 25437
civil Protection Orders, effectiveness in preventing recurrence of & risk factors for abuse, couples, 2 yr followup, 29284
content analysis of practice themes in cases of child abuse fatality or serious child protection concern cases, 18973
correlates of recurrence of physical abuse or neglect during child protective services intervention, families with substantiated reports of abuse, 34259
current service practices & views, 21–60 yr old child protection workers & battered female advocates, implications for increased collaboration, 22164
description of program for promotion of inter-agency child protection training , 28842
development & implementation of collaborative practice & training for domestic violence & family preservation & child protection programs, battered mothers & their children, 22170
development of child protection service program, Australia, 25441
effectiveness of supervised visitation center program, maintenance of relationship between noncustodial parents & adjudicated children, participating families, 6496
establishment of children's ombudsman, effectiveness of child protective & adoption & foster care services, abused children, 22163
factors affecting & prediction of psychiatric hospital service utilization, children in protective custody, 15598
factors influencing abuse reporting to state protective services program, older adults, 22202
family characteristics & risk factors & child abuse & child protection process & criminal prosecution & reunification, severely physically abused children less than 5 yrs old & their parents, 37490
focus group discussions, perceived barriers to full participation in child protection process, general practitioners in primary health care teams, 32123
fostering community involvement through mediation in child protection cases, 29282
impact of Children Act on child protective services, disabled children, 25450

impressions & outcome & psychological impact of & litigation strategy in professional responsibility for protection of children from physical & sexual abuse, Republic of Ireland, commentary, 38742
impressions & outcome & psychological impact of & litigation strategy in professional responsibility for protection of children from physical & sexual abuse, Republic of Ireland, 38745
improving child protection & misdiagnosis of Munchausen's syndrome by proxy, 31074
incidence & prevalence & assessment of & interventions used in cases involving domestic violence, child welfare workers, 22190
increasing rate of child abuse & neglect as special concern for educators & challenges of child protection & multidimensionality of child maltreatment & new avenues for prevention , 30850
integration of adult mental health & child protection services, 28678
interviewing techniques for child protective services practice, 28693
parental mental health in child abuse referrals, parents & abused children, implications for child protection services, 28698
parenting & parent-child relationship & factors affecting parental care in child welfare practices, families with children aged 0–12, Finland, 35231
participation & risk assessment & participation conflict, 25 yr old & older local authority social workers undertaking child protection investigations, 28689
participation in decision making, 8–12 yrs olds being looked after by local authorities, 35242
persistence & prediction of child abuse potential, mothers whose children had been under Child Protection Services supervision, 21241
procedural knowledge & decision making in child protection, novice vs expert social workers, implications for field education, 15524
rapid assessment instruments vs Substance Abuse Subtle Screening Inventory, substance abuse screening, public welfare & Child Protective Service clients, 21337
service & therapy of & role playing in denial in child abuse cases, 38523
staffing & funding sources & reimbursement & financing & perceptions of security of programs' funding, medically oriented child protection teams, 25438
structure & goals & assessment & intervention strategies of Dependency Court Intervention Program to enhance community response to & safety of families with co-existing domestic violence & child abuse, 22179
substantiation of Child Protective Services reports, male vs female victims of sexual abuse, 38522
training workshop, investigative interviewing skills & knowledge level, child protective service workers, 3 mo study, 25606
treatment history & service experience & needs, abused children & caregivers referred to child protective services, 22176
type & severity & frequency of spouse & child abuse, overlap between referrals to police child protection units & domestic violence units, children & adults, 22168
typical errors of reasoning in child abuse inquiries, child protective services professionals, 35236
use of Joint Professional Record for child's health & development, children on Child Protection Register or with special needs, 28667

Protective Services—Chapters

Child protective services, 15554

Protein Deficiency Disorders—Serials

susceptibility to biochemical & EEG defects induced by aging & nucleus basalis lesions, apolipoprotein E deficient mice, 33241

Protein Metabolism—Serials

actinomycin-D inhibition of mRNA synthesis in amygdala, fear conditioning, male rats, 17023
chloramphenicol, time-related changes in protein synthesis & induced amnesia after passive avoidance training, White leghorn-Black Australorp chicks, 10576
context shift & protein synthesis inhibition, disruption of long-term habituation-memory after spaced or massed training, adult male crabs, 10590
novel vs home cage test environment, amphetamine induced changes in calmodulin, male rats, 4237

Protein Sensitization [See Anaphylactic Shock]

Proteinases—Serials

alpha-1-antichymotrypsin polymorphism & cognitive function, patients with schizophrenia, 34148
laminin, A beta 40 amyloid fibril formation promoted by apolipoprotein E in vitro, implications for treatment of Alzheimer's disease, 4224
participation of CNS proteinases & serpines & other inhibitors in regulation of physiological functions & mobilization of endogenous proteolysis inhibitors during inflammation, 16913
protein synthesis inhibitors, recovery of memory after disruption during learning, male chicks, 13417

Proteins [See Also Endorphins, Globulins, Interferons]—Serials

2-deoxy-D-glucose & mercaptoacetate, protein vs fat macronutrient self-selection, male rats, 23571
acute & chronic ethanol exposure & withdrawal & fluoxetine, cyclic AMP-responsive element DNA binding protein & immunolabeling of brain-derived neurotrophic factor & anxiety, male rats, 17082
acute vs chronic caffeine administration & withdrawal, tolerance & motor activity & brain G protein & adenylyl cyclase levels, male caffeine dependent vs tolerant mice , 4194
acute vs chronic methamphetamine, levels of activity regulated cytoskeleton associated protein in brain regions, male rats, 4184
age-related decrease of expression of GAP-43 & synaptophysin in hippocampal formation, 24 mo old male mice physically trained vs not trained since 3 mo of age vs 3 mo old untrained male mice, 597
altered dietary levels of protein or vitamins & minerals, morphine induced antinociceptive responses, male rats, 13758
antibodies for Fos vs Jun proteins in forebrain after passive avoidance training, 1-day-old chicks, 33060
antibodies to heat shock proteins, medicated vs unmedicated schizophrenic patients (mean age 28.6 yrs), implications for mechanism of schizophrenia, 27705
apolipoprotein A-IV, reduction of food intake, fasted rats, 30060
apolipoprotein E epsilon4 & smoking & drinking & cognitive performance, 59–69 yr old White male veteran twin pairs, 23283
apolipoprotein epsilon 4 allele, rate of brain atrophy, patients with Alzheimers disease vs objective or subjective cognitive impairment vs vascular or frontotemporal or unspecified dementia, 31335
autoantigen expression of DNA end-binding factor in tissues, adult NMRI vs Ku86-deficient mice vs rat embryos vs pups vs adults, 3815
biochemical & molecular characterization of tau protein pathology & neurofibrillary degeneration in Alzheimer's & Pick's diseases & supranuclear palsy & corticobasal frontotemporal dementias, 31211
calmidazolium, dorsal horn nociceptor vs mechanoreceptor or proprioceptor neuronal activity induced by noxious vs nonnoxious stimuli, male rats, 20337
calmodulin presence & concentration in hypothalamus, testosterone perinatally treated females & tamoxifen perinatally treated males, 737
carbohydrate vs protein vs fat macronutrient ingestion, microdialysis-assessed serotonin in paraventricular–ventromedial hypothalamic nuclei, male rats, 13644
Cerebrolysin, neurodegenerative & water maze performance deficits, apolipoprotein E deficient mice, implications for treatment of neurodegenerative disorders, 13780
chronic unpredictable stress vs corticosterone vs dexamethasone, regulation of G-protein-signaling protein type 4 regulator, male rats, 20125
complement proteins & receptors for chemotactic & anaphylactic peptides, neurons & neurodegenerative processes of CNS, 34663
context shift & protein synthesis inhibition, disruption of long-term habituation-memory after spaced or massed training, adult male crabs, 10590
CSF beta-amyloid levels as biochemical diagnostic marker, patients with Alzheimer's disease, 20-mo followup, 31176
CSF concentrations of transthyretin, adults (mean age 34.8 yrs) with major depression, 21111
CSF levels of amyloid protein & tau as markers for Alzheimer's disease diagnosis & relation to apolipoprotein E genotype, patients with probable Alzheimer's with or without dementia, 5341
CSF neurofilament protein levels, patients with mild to moderate dementia, 18412
cyclooxygenase-2 induction during acute & chronic ethanol treatment & withdrawal, male rats, 20312
depression & genetic polymorphism of apolipoprotein E, 50–88 yr olds with depression & 51–101 yr olds with Alzheimers disease, 30575
developmental mechanisms & role of heat shock protein system in autoinduced myocardium tolerance to ischemia & preconditioning as adaptive response to stress, 18336
dietary protein restriction & subsequent selective preference for protein, male golden hamsters, 4034
DLST gene, modulation of genetic risk of Alzheimer's disease with apoliprotein E4 allele gene, elderly patients (mean age 89 yrs) with Alzheimer's disease, 11937
drinking patterns & serum aspartate amino-transferase & serum alanine amino-transferase, male adults with alcohol dependence with elevated serum gamma-glutamyltransferase, 34349
drugs of abuse & transcription factor proteins & changes in cellular gene expression, 36628
enzyme linked immunosorbent assay for detecting ethanol metabolite acetaldehyde adducts with keratin as biological marker of ethanol consumption, ethanol-fed &/or cocaine-injected female mice, 589
familial Alzheimer's disease gene & presenilin 1 & beta-catenin, pathogenesis of Alzheimer's disease, 21566
foraging behavior on grassland in relation to stocking rate & feed crude protein level, pigs, 3 wk observation, 10294
functional expression of & odor molecule specificity & sensitivity thresholds in OR17-40 chemoreceptor protein, humans & frogs, implications for odor discrimination, 33264
generalized tonic–clonic seizures, expression of Fos in dorsal pons & neuroanatomy, rats, 3838
imipramine, beta2 adrenergic receptor coupling to Gs protein, male patients with panic disorder, 25170
immunization against amyloid-plaque-related proteins, development of neuropathology, younger vs older mice, animal model of Alzheimer's disease, 26547
innocuous stimulation, development of allodynia & spinal Fos expression & involvement of descending pathways, male rats, 10467
integrin-associated protein, memory processing & retention & hippocampal long-term potentiation, integrin-associated protein-deficient mice, 36308
intrahippocampal beta amyloid protein, operant responding, male rats, implications for Alzheimer's disease, 10635
intrahippocampal KN-62, memory or habituation in water-finding task, rats, 13836
isolation of CA2+ downstream regulatory element antagonist modulator in human prodynorphin gene, implications for calcium regulation of gene expression, 13497
learning & memory & synaptic plasticity & localization & NMDA-receptor function, mice with mutant postsynaptic density-95 protein, 7076
leptin, selection of low- vs high-protein diets & physiological effects, male rats, 29974
ligand responses at recombinant 5-HT1A receptor as mediated by G protein, rats, 29784
maternal exposure to human influenza virus, expression of synaptosome-associated protein 25 kDa in septotemporal vs medial vs dorsal hippocampus, neonatal mice, 3840
mechanisms of action of mood-stabilizing agents, implications for treatment of mood disorders, 12210
membrane associated protein kinase C activity & translocation in platelets in response to serotonin & thrombin & PMA, Ss with manic phase bipolar disorder vs major depression vs schizophrenia, 17784
menstrual phase & body mass & age, serum concentrations of insulin-like growth factor 1 & growth hormone binding protein, depressed vs healthy females, 17863
monoclonal antibody, neural growth protein on defensive behavior, adult rats, 13816
morphological characteristics & distribution of neurocalcin immunoreactive elements in main olfactory bulb, rats, 3824
myristoylated alanine-rich C kinase substrate & related protein expression & distribution in hippocampus & dorsolateral prefrontal cortex, suicide victims, 11546
N-terminal fragments of glucagon-like peptide-1(7-36), food intake, neonatal chicks, 578
neuron loss in amyloid-beta precursor protein, transgenic 14–18 mo old mice, implications for Alzheimer's disease in humans, 456
nocturnal profiles of serum leptin levels, 23–71 yr olds with depression, 8088
novel vs home cage test environment, amphetamine induced changes in calmodulin, male rats, 4237
nucleoside transport regulation in undifferentiated Neuro-2A cells & effect of protein kinases, 29851
olfactory proteins & odeorants & transduction apparatus & globase basal cell turnover & odoraolfactory sensory neuron line, 36440
phosphorylation of Alzheimer's disease amyloid precursor protein 695 at Thr668 during neuronal differentiation of PC12 cells, implications for pathogenesis of Alzheimer's disease, 21528
photoperiod & carbohydrate vs protein diet with granular vs powdery texture, diurnal food intake, male rats, 13642
photoreceptor & antagonistic clock-adjusting roles of mammalian Cry1 & Cry2 proteins in maintenance of circadian rhythms, mice, 17014
plasma levels of S-100b protein, 19–58 yr old patients with schizophrenia, 21166
platelet I_2-imidazoline receptors & MAO-B enzyme activity, 56–96 yr olds with Alzheimer's type dementia, 18424
presenilin-1 & beta-catenin stability, neuronal apoptosis & Alzheimer's disease, 2106

prevalence of & predisposing factors for protein calorie malnutrition, patients with dementia, 8605
prevalence of 2 polymorphic genes for apolipoprotein E & methylenetetrahydrofolate reductase & their pathogenic roles, patients with dementia of Alzheimer type, 31310
prevalence of serum lipid & lipoprotein(a) & other vascular risk factors, patients with vascular vs hemorrhagic dementias vs senile dementia of Alzheimer's type, 8687
prolyl isomerase Pin1 & phosphorylated tau protein in Alzheimers patients, 31272
protein kinase C-alpha isoform levels in platelets, drug-free vs lithium-treated adults with bipolar disorder, 34136
protein synthesis dependence & short term expression vs long term consolidation of conditioned taste aversion memory, male rats, 13403
protein synthesis in medial preoptic area, sexual receptivity & mating & vaginal cervical stimulation, female hamsters, 20018
protein-rich vs -poor meals after acute exercise, mood & memory performance, males (mean age 23.4 yrs), 4080
radioimmunoassay of CSF chromagranin A vs B vs C in synaptic dense-core vesicles, 16–54 yr old schizophrenic inpatients, etiological implications, 27688
rate of production of CSF & caudorostral gradients of total CSF protein, patients with Downs syndrome vs patient with probable Alzheimer's disease vs normal Ss, 5155
regional distribution of NMDA receptor containing NR2B subunit protein & effect of selective NR2B antagonists vs non-selective NMDA antagonists & anticonvulsants on antinociception, male rats, 20265
relationship of gene expression & neuropathological damage & seizure intensity & body temperature, male rats with kainic acid-induced seizures, 3849
risk & proportion estimates of dementia & Alzheimer's disease as function of apolipoprotein E genotype, 55 yr olds & older, 5406
role of leptin on eating behavior & reproductive function in eating disorders & body fat mass & eating behavior score, 21422
role of mitogen activated protein kinases in cerebellar vermis, postmortem brains of 42–82 yr old schizophrenic patients, 34169
role of neuroconnectivity & synapse-enriched proteins in Alzheimer's disease & temporal lobe epilepsy & schizophrenia, 14401
role of neurotrophins & Ras/mitogen-activated protein kinase signal transduction cascade, behavioral sensitization to cocaine, male rats, 36449
role of NMDA glutamate receptors in priming of D2 dopamine-mediated rotational behavior & striatal Fos expression, 6-hyroxydopamine lesioned male rats, implications for Parkinsons disease, 29843
sc bee venom injection, spatial & temporal expression of c-Fos protein in spinal cord, anesthetized male rats, model of tonic pain, 703
sex & apolipoprotein E genotype, beta-amyloid deposition & accumulation in frontal & entorhinal cortex, autopsied 39–97 yr olds with Alzheimer's disease or other neurological disorders, 5360
spatiotemporal dynamics of transcription factor cAMP responsive element-binding serine 133 phosphorylation during hippocampal long-term potentiation, rats, 26641
tau protein levels in CSF as possible biological marker, patients with Alzheimer's disease vs other forms of dementia, followup studies, 8680
tau protein pathology in neurodegenerative diseases, 1958
transcription factor CREB & mutant form, rewarding effects of cocaine & response at opioid receptors, nucleus accumbens, rats, 7171
vasopressin, fos protein expression in brain & enhancement of memory consolidation, male rats, 23341
water maze performance & electrophysiology & expression of synaptotagmin, apolipoprotein E-deficient mice, 23413

Commodities and the power of prayer: Pentecostalist attitudes towards consumption in contemporary Ghana, 14135
Political socialization in a divided society: The case of Northern Ireland, 7587
Religion and mental health from the Protestant perspective, 1084

Protestants—Serials
attitudes toward science, Northern Irish 13–16 yr old students attending Protestant vs Catholic grammar schools, 32285
stress-moderator role of intrinsic religiousness, dysphoria, churchgoers of liberal vs conservative Protestant denominations, 1322

Prozac [See Fluoxetine]

Pruritus—Serials
paroxetine for treatment of pruritus, 5–88 yr old advanced cancer patients, 5682
physical exercise &/or itching from skin irritation & lung function & breathlessness & other symptoms, 9–18 yr olds with asthma, 11809
self-hypnosis, female 43 yr old with chronic idiopathic vaginal & anal itch, 22035

Pseudocyesis—Serials
contemporary psychoanalytic approach to hysterical pregnancy & treatment of Anna O , 15237
pseudocyesis & Depo-Provera contraception injections, female Hispanic 17-yr-old, 37749

Pseudohermaphroditism [See Hermaphroditism]

Pseudomemory [See False Memory]

Pseudopregnancy [See Pseudocyesis]

Pseudopsychopathic Schizophrenia [See Schizophrenia]

Psilocybin—Serials
positron emission tomography, 5-HT modulation of dopamine release in basal ganglia, psilocybin-induced psychosis, 25–29 yr olds, 14590
psychopathological & neuroendocrine & autonomic effects of recreational doses of entactogen MDE vs psilocybin vs methamphetamine, 27–47 yr olds, 13739

Psychedelic Drugs [See Also Lysergic Acid Diethylamide]—Serials
psychedelic usage methodology & attitudes, Buddhist meditative proficiency & deepened states & educational value, 8840
use of psychedelic drugs in treatment of obsessive compulsive disorder, 28477

Psychedelic Experiences—Serials
psychedelic usage methodology & attitudes, Buddhist meditative proficiency & deepened states & educational value, 8840
role of enthoegen-induced mystical experiences in immune system functioning, 25365

Psychiatric Classifications (Taxon) [See Psychodiagnostic Typologies]

Psychiatric Clinics—Serials
clinician-diagnosed cases of emotional abuse, 1.4–15.7 yr olds in psychiatric clinics, 18019
gap between mental health service need & utilization, school based mental health program, children in psychiatric outpatient clinic vs in elementary or high school, erratum, 12738
intervention strategies to increase compliance with outpatient aftercare, patients referred to psychiatric emergency department, 5865
outcomes study for assessing caseload attributes & treatment patterns & clinical outcomes in psychiatric outpatient clinics, adult patients, implications for quality improvement, 31937
patient characteristics & referral types & uses of a psychiatric emergency clinic in England, 18976

Psychiatric Clinics—Chapters
The specialty clinic: A bridge between research and clinical practice, 2590

Psychiatric Disorders [See Mental Disorders]

Psychiatric Evaluation [See Also Forensic Evaluation]—Serials
assessment & causes & phototherapy treatment & clinical implications of seasonal affective disorder, psychiatric nurses & children & adolescents, 17865
assessment & treatment & followup of zoophilia, 8–16 yr old sexual abusers, 1687
assessment of similarity algorithms using 'well-defined' vs 'nonrestrictive' codetype profiles of MMPI & MMPI-2, 13–79 yr old psychiatric patients & outpatients referred for psychiatric evaluation , 3332
assessment protocol for pediatric psychiatric pretransplant evaluations, 35107
behavioral assessment & analysis & support in psychiatric partial hospitalization program, adults with developmental disabilities, 9204
Brief Psychiatric Rating Scale vs Brief Symptom Inventory, 24–76 yr olds with chronic mental illnesses, 84
concurrent validity of Historical & Clinical & Risk Management violence risk assessment scheme, male incarcerated offenders, 9883
Danish Mental Health Legislation, evaluation of compulsorily committed or detained patients, hospitals & forensic councils & courts, Denmark, 16272
epidemiology & assessment & treatment, adolescent girls & young women with eating disorders, commentary, 31016
epidemiology & assessment & treatment, adolescent girls & young women with eating disorders, commentary reply, 31014
epidemiology & assessment & treatment, adolescent girls & young women with eating disorders, commentary, 31019
epidemiology & assessment & treatment, adolescent girls & young women with eating disorders, 18170
evaluation of prognosis & potential risk factors for chronicity of PTSD & clinical application of PTSD Prognostic Checklist, adults with PTSD, 14623
guidelines for competency evaluations, general psychiatrists, 35440
importance & goals of conducting pre-ECT evaluation, patients & family members or significant others, 5687
instruments for assessment of characteristics & dimensions of auditory hallucinations in schizophrenia & other psychiatric disorders, 1454
interrater reliability of HCR-20, assessment of risk for violence, 24–67 yr old adult male violent offenders, 1826
issues in psychiatric disability determination & criteria & characteristics of petitioners & approaches to evaluation, psychiatrists, 34042
overt & covert aspects of competency evaluations on consultation-liaison service, patients referred for competency assessment, 12487
performance & satisfaction in conducting highly structured peer interviews for determining treatment goals & current functioning, adults with serious mental illness, 21038
posthumous evaluation of personality disorder, older female, 27743
practice parameters for assessment & treatment of major depressive disorder & dysthymic disorder, children & adolescents, 1507
practice parameters for assessment & treatment of obsessive–compulsive disorder, children & adolescents, 1641
practice parameters for assessment & treatment of PTSD, children & adolescents, 1638
psychiatric & forensic disability factors & need for care, schizophrenic patients in high-security hospital & long-stay medium-secure provision vs high-dependency rehabilitation service, 38571
psychiatric assessment of adolescent victims of dating violence in primary care settings, 34415
psychiatric evaluation of male 'monk' requesting castration, case report, implications for physician-patient relations & links between personal morals & cultism, commentary, 24140
psychiatric evaluation of male 'monk' requesting castration, case report, implications for physician-patient relations & links between personal morals & cultism, commentary reply, 24164
psychiatric evaluation of male 'monk' requesting castration, case report, implications for physician-patient relations & links between personal morals & cultism, commentary, 24138
psychiatric evaluation of sexual offenses & rehabilitation potential & brief psychotherapy, psychological health & outcome, Christian & Jewish clergymen, 1–6 yr followup, 28293
psychiatric screening & assessment with vs without physicians' knowledge, cost benefit analysis & mental health & quality of life & subjective health status outcomes, medical patients, 6-mo followup, 2132
quality of letters sent to general practitioners after their patients were seen in follow-up clinics, psychiatrists & individuals with learning disabilities, 32116
recognition of posttraumatic stress disorder in routine clinical evaluation, psychiatric outpatients, 26164
reliability & validity of Clinical Assessment of Schizophrenic Syndrome, patients with schizophrenia, 13080
report from Camberwell Needs for Care Survey on treatment of psychiatric disorder in the community, Ss with mental disorders, 18474
routine intake clinical evaluation vs semistructured diagnostic interview, detection of diagnostic comorbidity, adult psychiatric outpatients, 19636
televideo interviews for general psychiatric assessments, patient & physician satisfaction, 18–73 yr olds with or without psychiatric disorders, implications for use with underserved populations, 22151
type I errors & power & bias & confidence interval widths of Pearson vs Spearman vs Kendall correlation coefficients in analysis of scores on 7 rating scales, inpatients with schizophrenic disorders, 16404

Psychiatric Evaluation [See Also Forensic Evaluation]—Books
ChIPS, 30642
Culture: A problem that cannot be solved, 1492
The Harvard guide to psychiatry (3rd ed.), 21009
Study guide to essentials of clinical psychiatry, 21672

Examination and evaluation, 21020
Forensic assessment of traumatized adults, 8231
A neuropsychiatric approach to aggressive behavior, 24484
Neuropsychiatry in the prison, 24574
Psychiatric assessment of adolescents and their families, 1432

Psychiatric assessment of infants and parent–child interaction, 1438
Psychiatric assessment, 13086
Psychiatric evaluation of school-age children, 1433
Psychological evaluation of alcohol and drug abuse in youth and adults, 13030
A suicide threat uncovers multiple family problems: Case of Philip, age 8, evaluated in a psychiatric emergency room, 34335
Psychiatric History [See Patient History]
Psychiatric Hospital Admission [See Also Psychiatric Hospital Readmission]—Serials
demographics & health status & organizational variables & psychiatric hospital admissions & utilization of mental health services & crisis intervention, rural 60 yr olds & older in outreach program, 12414
emotional responses to psychiatric admission & relationships between admission history & attributions for admission & PTSD symptomatology, psychiatric patients, 19018
establishment of & subsequent intervention activities provided by community mental health center, psychiatric hospital admission rates, mental health patients aged 15 yrs & older, Greece, 1979–95, 31951
factors affecting & prediction of psychiatric hospital service utilization, children in protective custody, 15598
interactive processes & mediating factors, perception of coercion, 17–64 yr old patients admitted to psychiatric hospital voluntarily vs involuntarily under law, New Zealand, 19511
legal status of involuntary first psychiatric admission as predictor of legal status & number of future admissions, patients with schizophrenia, 9 yr followup, 32523
pathways to care & rates of compulsory admission on 1st vs repeated contact with psychiatric services, White vs African-Caribbean vs Asian patients with schizophrenia, 20-yr study, 19012
patient variables & circumstances of admission, observation levels in acute psychiatric admissions, teaching & traditional psychiatric hospitals, 19016
perceived coercion, patients admitted involuntarily vs voluntarily & detained in psychiatric hospital, 19022
prevalence of viral infections & chemically defined drug abuse, psychiatric patients admitted to psychiatric emergency ward, 28736
reasons for admission to acute dementia care assessment beds used in old age psychiatry, hospitalized patients (mean age 80.2 yrs), 6 mo study, 32011
relationship between socioeconomic factors & deprivation & psychiatric admissions & morbidity at local level, 5 yr study, 38568
stability of diagnoses at hospital admission & characteristics of frequently readmitted patients, psychiatric inpatients, 5-yr study, 2650
underlying medical problems & other laboratory findings, patients with acute schizophrenia admitted to a psychiatric intensive care unit, 27675
use of depressogenic medication & 1st vs current depressive episode, inpatients (mean age 72.86) with major depression, 38232
Psychiatric Hospital Discharge—Serials
adequacy of drug continuation & maintenance after hospital discharge, patients with depression, 15330
adequacy of health surveillance as method of community mental health follow-up, 15–87 yr old patients discharged from acute psychiatry unit, 31959
characteristics of re-offending patients from forensic psychiatric unit, 38641
characteristics related to possible discharge as part of public psychiatric hospital closure law, long-term inpatients, 32004
crime rate, discharged schizophrenic patients vs general population, Sweden, 30928
demographic & clinical characteristics, responders vs nonresponders to patient satisfaction survey at discharge from psychiatric hospital, 15595
experiences with a program to assist in community reintegration after lengthy psychiatric admissions, clients with schizophrenia & inpatient & public health nurses, 14 mo study, 5872
reasons for review board's revocation of involuntary hospitalization certificates, case reports, 1987–1996, 22241
reconviction rates, criminal offenders with personality disorders discharged directly to community vs less secure psychiatric hospitals, 5–9 yr follow-up, 34237
risk for attempted suicide after hospitalization, formerly hospitalized 12–18 yr old psychiatric patients, 5 yr study, 25493
service utilization & cost of community vs hospital care, discharged state hospital patients (mean age 46 yrs), 3 yr followup, 25408
validity of electronic hospital-discharge data, evaluation of associations between depressive disorders & various medical conditions, patients discharged from psychiatric units, 13157
violent behavior, 18–40 yr olds discharged from acute psychiatric facilities, 1 yr study, comment, 24464
Psychiatric Hospital Programs [See Also Therapeutic Community]—Serials
characteristics of patients diagnosed with disruptive behavior vs conduct vs oppositional defiant in psychiatric emergency service settings, 27763
demographics & diagnosis & psychiatric history & current information & mother–infant behaviors, women admitted to specialist program in a psychiatric mother–baby unit, 2652
development & benefits & difficulties of critical pathway in caring for schizophrenic patients, psychiatric nurses , 25492
psychiatric hospital-based & vertically-integrated case management program for inpatient & outpatient & partial hospitalization, inpatients with schizophrenia, 28676
specialized psychiatric day hospital vs routine primary care treatment, women with postnatal depression, 22234
themes & issues in analysis of attitudes of inpatient mental health service users , 19014
two-stage combined inpatient & outpatient hospitalization model, total length of hospitalization, psychiatric patients, 18938
Psychiatric Hospital Programs [See Also Therapeutic Community]—Chapters
Anthropological issues on ethnic units, 28740
Development of a client-centered inpatient service for African Americans, 28737
The effectiveness of a culturally sensitive milieu on hospitalized Hispanic patients, 28741
Psychiatric Hospital Readmission—Serials
aggressive behavior against self or others & related patient characteristics & rehospitalizations, 15–60 yr old first admission patients with schizophrenia or schizoaffective disorder, 2 yr study, 9208
deinstitutionalization & continuity & utilization of mental health care & risk of readmission, adults with schizophrenia or psychosis followed 4 yrs post inpatient discharge, Netherlands vs Australia, 35193
frequency & length of hospital readmission, male vs female 19–78 yr old psychiatric patients in contact with community mental health service, 38521
frequency of negative symptom occurrence during 1st hospitalization, number of rehospitalizations & duration & quality of remission, schizophrenic patients, 5 yr followup, 14531
hospital readmission rates, neuroleptic compliant schizophrenics with vs without comorbid alcohol or drug dependence, 2 yr study, 30710
legal status of involuntary first psychiatric admission as predictor of legal status & number of future admissions, patients with schizophrenia, 9 yr followup, 32523
number of episodes, risk of recurrence & hospital re-admission, patients with unipolar vs bipolar disorder, 27600
pathways to care & rates of compulsory admission on 1st vs repeated contact with psychiatric services, White vs African-Caribbean vs Asian patients with schizophrenia, 20-yr study, 19012
population density, rehospitalization rate, patients with serious & persistent mental illness, 15593
previous admissions & long length of stay & diagnosis of psychosis or personality disorder, increased risk of multiple readmissions, psychiatric patients, Finland, 1990–1993, 2651
previous psychiatric admission & psychopathology & social support & preterm delivery & marital status, prognosis & risk factors for 1st readmission after postpartum psychosis, women, 30755
psychiatric home nurse followup, readmission rates, depressed patients, 34090
rehospitalization rates of patients recently discharged from psychiatric hospitals on regimen of risperidone vs clozapine, 1994–1996, 24131
traditional case management vs intensive case management, relapse prevention & patterns of mental health care & hospitalization, patients with serious mental illness, 1 yr follow-up, 18966
Psychiatric Hospital Staff—Serials
attitudes towards psychiatric practices & psychosocial rehabilitation & enabling work factors & barriers, psychiatric hospital staff participating in focus group, 9349
identification of institutionalized condition in inpatients with psychiatric disability, staff members in pubic psychiatric hospital setting, 18 mo follow up, 19027
knowledge & attitudes about delivery of clinical preventive medical services & their efficacy, psychiatric faculty & residents vs internists at tertiary care medical center, 9350
professional discipline, rated level of functioning of adolescents in therapeutic community with interdisciplinary flattened professional hierarchy & teams, adolescent unit staff, 35278
team meetings in rapid-turnover ward & stages of group development, staff & patients in inpatient psychiatric ward, 9201
ward routines & time patterns of staff injuries from patient–staff incidents, psychiatric hospital acute ward patients & staff members, 38572
Psychiatric Hospitalization [See Also Psychiatric Hospital Admission, Psychiatric Hospital Discharge, Psychiatric Hospital Readmission]—Serials
1st inpatient hospitalization for suicide attempt & subsequent causes of death, adults, 13 yr study, 1701
abnormal physiological condition of dehydration & hypokalemia & leukocytosis & elevated serum muscle enzymes, emergency admitted 10–69 yr old acute schizophrenic psychiatric intensive care inpatients, 9200
acceptability & validity & reliability of Psychiatric Care Satisfaction Questionnaire, inpatients, 16335
characteristics, absconders vs nonabsconders from mental hospitals, 31999
client characteristics & acute care outcomes, distressed clients in short-term residential treatment vs hospital-based psychiatric programs, 15475
clinical changes & length of stay in public & private hospital settings as measurement of improvement, patients with schizophrenia or major affective disorders, 31906
community vs long term hospital mental health care & mental state & sociodemographics & social support & illness concepts, quality of life, patients with schizophrenia, 35190
comorbid physical & psychiatric illness, length of hospital stay, adult psychiatric inpatients with depression & other diagnoses, 5 yr study, 11300
competency to consent to psychiatric hospitalization, 20–89 yr olds with psychosis, 16278
consent & unit & national costs of implementing Bournewood Judgement regarding dementia patients admitted to psychiatric wards, England, 25502
decrease in manic symptoms & attentional improvement following hospitalization, patients with 1st episode of affective psychosis, 2143
demographic & legal & clinical factors affecting length of stay on maximum security in forensic psychiatric hospital, male & female mentally ill patients adjucated as not criminally responsible, 35372
demographic & medical & psychosocial characteristics, 15–52 yr olds with intellectual disability & psychiatric disorders admitted for psychiatric inpatient treatment, 17773
demographics & diagnosis & psychiatric history & current information & mother–infant behaviors, women admitted to specialist program in a psychiatric mother–baby unit, 2652
diagnosis alone vs with dangerousness as factors in need for emergency hospitalization of child or adolescent patients, clinicians, comment, 2653
diagnosis alone vs with dangerousness as factors in need for emergency hospitalization of child or adolescent patients, clinicians, 2648
differences in psychiatric hospitalization in community hospitals, patients with substance use disorders &/vs mental illness, 9205
drug therapy treatment compliance, young adult males during 1st hospitalization for schizophrenia, 1 yr followup , 28473
effectiveness of community re-entry program & continuity of care, hospitalized patients with schizophrenia or schizoaffective disorder, commentary & commentary reply, 15494
effectiveness of community re-entry program & continuity of care, hospitalized patients with schizophrenia or schizoaffective disorder, 2570
evaluations of hospitalization following treatment after discharge, psychiatric patients (mean age 36.9 yrs), 35277
experience of & feelings about experience of psychiatric hospitalization & caregivers & interventions employed in treatment, 10.11–24 yr old former patients, 22239
experience of & traumatic emotional reactions to restraint & forced medication, psychiatrically hospitalized female patients (aged 32–53 yrs) with history of childhood sexual abuse, 32006
extent & source of mental health community services, older adults discharged after psychiatric hospitalization, 18927
factors influencing placement recommendations, hospitalized patients (mean age 36 yrs) with chronic mental illness, 19019
frequency of negative symptom occurrence during 1st hospitalization, number of rehospitalizations & duration & quality of remission, schizophrenic patients, 5 yr followup, 14531
global assessment of satisfaction with community based treatment, dropping out of treatment & full & partial hospitalization, 21–68 yr olds with schizophrenia or schizoaffective disorder, 24 mo study, 18970

goals & limitations in use of Israel Psychiatric Case Register that included all psychiatric hospitalizations, 32009
health care service delivery & compulsory detainment in psychiatric hospital & contact with forensic psychology & police services, Black vs White patients with psychosis, 31904
health-related quality of life, 19–68 yr old schizophrenic patients receiving psychiatric care through hospital ward vs day hospital vs community treatment center, 15478
history of institutional treatment of patients with psychiatric or substance abuse disorders & current trends in deinstitutionalization & outpatient treatment & other issues in history of psychiatry, 28666
inpatient treatment outcomes, Vietnam combat veterans with PTSD in treatment setting with vs without general psychiatric patients, 4- & 8- & 12-mo followup, 12483
inter-state differences in state psychiatric hospitals' long vs intermediate vs short term care patterns for older adults with neuropsychiatric disorders, US, 5902
outcomes of inpatient treatment on specialist psychiatric unit, 15–52 yr olds with intellectual disability & psychiatric disorders, 19023
patient satisfaction & psychiatric hospitalization & administrative measures as predictor of quality of mental health care, military veteran patients with psychiatric diagnosis, followup study, 31873
patients' perceptions of therapeutic & nontherapeutic aspects of constant observation, hospitalized suicidal patients, 32002
per diem & per annum & per patient costs & number of hospital days & disorder type, privately insured 19–65+ yr old psychiatric patients, 1993 vs 1995, 25494
persistence of substance use-related hospital utilization, 15–82 yr old psychiatric consultation-liaison patients, 28729
positive & negative symptoms & psychiatric hospitalization & employment status & social adjustment, community mental health center outpatients, 18953
post-hospitalization suicide, 16–65 yr olds hospitalized for schizophrenia, 1913–1940, 11445
previous admissions & long length of stay & diagnosis of psychosis or personality disorder, increased risk of multiple readmissions, psychiatric patients, Finland, 1990–1993, 2651
psychiatric hospitalization experiences, contemporary children & adolescents receiving inpatient treatment vs adult females institutionalized between 1840–1945, 9206
psychoanalytically informed approach to management of hospitalized patients with violent or antisocial behavior & availability of space for reflection to benefit from psychological intervention, 19020
racial & gender differences in demographic & admission-related variables & diagnosis & treatment during hospitalization & at discharge, public hospital psychiatric patients, South Africa, 28735
role of culture on inpatient psychiatric treatment, Euro-American vs Arabic-Islamic traditions, 2654
school class level & marks as predictor of later hospital-treated psychiatric illness, Northern Finland 1966 birth cohort, 28-yr study, 4873
sex & age & diagnostic characteristics & prevalence of previous & new cases of psychiatric hospitalization, 0–17 yr olds, Finland , 19025
sociodemographic & clinical & service utilization characteristics, length of stay of 1st episode psychiatric hospitalization, 15–94 yr old inpatients with psychosis or other mental disorder, 35280
survivor characteristics & experience, 54–92 yr old Holocaust survivors in long stay psychiatric setting, 9210
systematic comparison of artist R. Dadd's painting before & after hospitalization for serious mental disorder, students, 8080
trends in delirium frequency, psychiatric inpatients, 1985–1994, 5901
two-stage combined inpatient & outpatient hospitalization model, total length of hospitalization, psychiatric patients, 18938
utility of Global Assessment of Functioning scale for assessing treatment outcome & correlations with gender & age & length of stay, 54–91 yr old psychogeriatric inpatients, 35944
violent incidents & nurse training & intervention strategies in inpatient psychiatric nursing practice in Italy vs Norway vs the Netherlands vs Sweden vs the United Kingdom, 25491

Psychiatric Hospitalization [See Also Psychiatric Hospital Admission, Psychiatric Hospital Discharge, Psychiatric Hospital Readmission]—Chapters

The Asian focus unit at UCSF: An 18-year perspective, 28738
The inpatient management of suicidality, 8312
Psychiatric inpatient care and ethnic minority populations, 28742

Psychiatric Hospitals—Serials

availability & use of family therapy in medium secure forensic psychiatric hospitals, patients with schizophrenia & families, England & Wales, 37961
before vs after managed-care downsizing of state mental health facilities, client characteristics, assaultive psychiatric inpatients, 32005
characteristics & treatment needs, not-guilty-by-reason-of-insanity vs voluntary patients in public psychiatric hospitals, implications for social work practice, 12485
characteristics related to possible discharge as part of public psychiatric hospital closure law, long-term inpatients, 32004
characteristics, absconders vs nonabsconders from mental hospitals, 31999
closing state psychiatric hospital, service utilization patterns & related costs, patients with vs without serious mental illness, 3 yr study, 38567
cohort analysis & morbidity before vs after psychiatric bed reduction policy, 15–65 yr old long-stay inner-city psychiatric inpatients, 2–4 yr followup, 32008
crisis interventions in psychiatric hospital, 13–19 yr olds, 31945
crowding & aggressive behavior, 15–55 yr old psychiatric inpatients, 24156
education & skill-building & support needs, families of hospitalized psychiatric patients (mean age 53.4 yrs), 18915
frequency of use & circumstances for negotiation & form of no-suicide contracts, nurse managers & directors of nursing for licensed psychiatric hospitals & psychiatric units, 19013
high-security hospital functioning & violence & personality disorder & psychopathy checklist scores, male offender patients legally classified with psychopathic disorder, 38574

clozapine &/vs citalopram/paroxetine, psychiatric patients with mental retardation/autism, 28505
cognitive-behavioral assertiveness training program, assertiveness, 17–50 yr old psychotherapy inpatients & outpatients, Hungary, 2198
conventional vs typical neuroleptics, psychiatric symptoms, middle-aged & elderly patients with psychiatric disorders, 18697
criminal victimization, 20–70 yr old patients with severe mental illness, 8058
crowding & aggressive behavior, 15–55 yr old psychiatric inpatients, 24156
Danish Mental Health Legislation, evaluation of compulsorily committed or detained patients, hospitals & forensic councils & courts, Denmark, 16272
decisions involving psychiatry & psychiatric patients, US Supreme Court, 1990s, 19524
depression & general anxiety & panic symptomatology & suicidal ideation, emergency department vs psychiatric setting patients with panic disorder, 8173
description of patient characteristics & diagnostic categories & treatment & special needs before & during admission to psychiatric Special Hospital, 22–88 yr old detained females, 22290
development & preliminary validity of Iowa Personality Disorder Screen, 22–76 yr old nonpsychotic psychiatric inpatients & outpatients, 16342
development of revised version of Anxiety Sensitivity Index, psychiatric outpatients (mean age 36 yrs), 93
diagnosis & management of primary & drug-induced disorders of water homeostasis, psychiatric patients, 8948
diagnostic comorbidity & clinical correlates of PTSD, 11.1–18.3 yr old psychiatric inpatients, 19017
differences in hand parameters, 24–77 yr old psychiatric patients, 34058
differential diagnostic validity of affect trait scales of Multiple Affect Adjective Check List–Revised, patients with anxiety vs mood vs schizophrenic disorders, 6617
discriminant validity of Geriatric Depression Scale, identification of suicidal ideation, 60–95 yr old male patients in psychiatric hospital & nursing home, 1734
effectiveness & flaws of procedures for coerced mental health treatment, 19528
efficacy & gastrointestinal side effects & medication discontinuation, psychiatric inpatients taking valproic acid vs divalproex sodium, 18757
emotional & physical effects of acting out emotionally stressful psychiatric roles in context of medical education, standardized patients, 28855
emotions & psychiatric signs & attitudes & satisfaction with decision regarding choice of abortion or relinquishment of custody of child, hospitalized female 19–61 yr olds, 27557
ethical issues concerning medical research with incompetent psychiatric patients, 2797
ethical problems of double agency & consent in extension of Criminal Evidence (Amendment) Act 1997 to psychiatric patients for compulsory DNA sampling, health care workers, 3241
ethics of tailoring patient charts, psychiatric patients, 2559
ethics of tailoring patient charts, psychiatric patients, commentary & commentary reply, 15487
evaluation of substitution of immediate-release valproic acid for divalproex sodium, 18–73 yr old psychiatric inpatients, 2396
evaluations of hospitalization following treatment after discharge, psychiatric patients (mean age 36.9 yrs), 35277
excessive reassurance-seeking & depressive symptoms, interpersonal rejection, 7–17 yr old psychiatric inpatients, test of J. C. Coyne's interpersonal theory of depression , 14487
expectations for & satisfaction with services as measure of quality of care, patients receiving psychiatric care, 38502
factor analysis on signs & symptoms of delusional disorder, psychiatric inpatients (mean age 52.22 yrs), 14465
factor structure & traits of 5-factor model of personality using NEO Personality Inventory, psychiatric patients (mean age 39.2 yrs), 32629
factor structure & validity of Adult Suicidal Ideation Questionnaire & Linehan Reasons for Living Inventory, assessment of suicidal thoughts & behavior, adult psychiatric patients, 19627
factors identified at initial or post-treatment assessment best predicting outcome, 25–75 yr old psychiatric outpatients with neurotic disorders, 5-yr followup, 1655
factors predicting & rates of suicidal behavior, male vs female 8–17 yr old psychiatric outpatients, 5057
feelings about Christmas, 16–83 yr old psychiatric emergency patients, 24175
fluctuations in mood, cognitive performance, geriatric psychiatry inpatients with dementia of the Alzheimer's type vs vascular dementia vs schizophrenia vs major vs bipolar depression, 13089
frequency & length of hospital readmission, male vs female 19–78 yr old psychiatric patients in contact with community mental health service, 38521
frequency & presentation of bipolar disorder, psychiatric inpatients with prelingual deafness, retrospective study, implications for misdiagnosis, 30686
gender differences in violent incidents, 20–70 yr old patients with severe mental illness, 7998
genital self mutilation, 23 yr old female with mental disorders, commentary reply, 37216
genital self mutilation, 23 yr old female with mental disorders, commentary, 37240
Health of the Nation Outcome Scales as measure of mental health outcomes in general psychiatry, 18–64 yr old psychiatric patients, 25411
Health of the Nation Outcome Scales vs Camberwell Assessment of Need Short Appraisal Schedule, social functioning vs need as measure of routine clinical outcome, mental health service patients, 25412
Healthy Lifestyle Worksheet, assessment of whole lifestyle in terms of meeting basic emotional & social & intellectual needs, mental health clients, 32704
hospitals' current practice in conducting pelvic & rectal examinations, psychiatric patients, commentary, 38563
hospitals' current practice in conducting pelvic & rectal examinations, psychiatric patients, 25503
impediments to quality of post-hospital support resources in housing & daily activity & psychiatric treatment, 13–98 yr old psychiatric inpatients, 35276
incidence & method of self-harming behavior, male patients in medium-secure hospital, 21274
incidence of ADHD, adult psychiatric outpatients referred or being treated for other mental disorders, 21388
interaction of Valerian Root with fluoxetine & helpfulness of St. John's Wort in panic disorder & patient–staff interactions involving alternative therapies, 35042
interactional factors related to recognition of suicide risk, 19–61 yr old schizophrenia patients receiving psychiatric care at time of suicide, 30747
internal & external validity of 7 short forms of WISC—III, child & adolescent psychiatric inpatients (mean age 12.55 yrs), 6606
issues in use of valproic acid, female psychiatric patients of childbearing age, 2344
legislative changes that give access to psychiatric patient records, implications for informed consent & confidentiality in psychiatric treatment, 9373
level of hopelessness, geriatric outpatients with major depression who responded to drug treatment & with/vs without history of suicide attempts or suicide ideation, 1732
lifetime & premorbid physical health history, psychiatric patients with chronic fatigue syndrome, 8494
lithium alone or in combination with other psychotropic medication & childhood somnambulism, sleepwalking behavior, psychiatric patients, 31666
long-term stability of Child Behavior Checklist profile types, outpatient children & adolescents (mean age 8.6 yrs) at psychiatric clinic, 4.8 yr follow-up, 24152
magnetoencephalography, stroke & psychiatric patients, 24100
methodological problems in diagnostic profiles, committed psychiatric patients with schizophrenia, literature review, 34186
methods & first results for tricyclic antidepressants & serotonin reuptake inhibitors, adverse drug reactions, psychiatric inpatients, 12181
MMPI-2 profiles, patients found Not Guilty by Reason of Insanity vs civilly-committed psychiatric inpatients, 21041
MMPI-A profiles & effect of scoring with standard vs Archer MMPI-A norms, 13 vs 14 yr old psychiatric inpatients, 6589
monoamine oxidase inhibitor usefulness in treatment of & prescribing practices for psychiatric patients with mental illness, 30–80 yr old psychiatrists, 28396
negative effects of benevolent care, nursing, 35196
neighborhood context, risk of violence, 18–40 yr old discharged psychiatric patients, implications for violence prediction models, 21002
nicotine withdrawal after obligatory smoking cessation, psychopathology, smoking vs nonsmoking psychiatric hospital inpatients, 8079
occurrence & type of aggressive behavior, 18–56 yr old dangerous psychotic patients in special secure unit, 10-yr prospective study, 19011
organizational characteristics & staffing & programming & costs & services of psychiatric rehabilitation clubhouses, members with serious mental illness, 18968
patient characteristics & clinical outcomes in integrated medical & psychiatric inpatient program, patients with comorbid medical & psychiatric illness, 28730
patient characteristics & time factors, frequency & nature of violent incidents on medium secure unit, civil vs criminal section psychiatric patients, 1980–1996, 38565
patient characteristics & type of medication & postdischarge events, prediction of medication compliance after discharge from inpatient psychiatric care, adolescents with affective or conduct disorder, 8923
patient characteristics, prediction of posthospitalization service utilization, psychiatric patients, 3- & 6-mo followups, application of ordered logit analyses, 22159
patient functioning & living conditions & treatment & background & hospitalization history, violence, 18–93 yr old psychiatric inpatients, Israel, 30630
perceived coercion, patients admitted involuntarily vs voluntarily & detained in psychiatric hospital, 19022
perceptions of cognitive vs noncognitive aspects of treatment helpfulness & depressive symptomology, psychiatric inpatients (mean age 35.8 yrs) on cognitive therapy unit, 18552
personal acquaintance with psychiatric patient, affective reactions to patient & stigma, 18–32 yr old college students, 34054
plasma cholesterol, acute suicidality risk, 18–74 yr old suicidal psychiatric inpatients vs patients with affective disorder, 11553
prevalence & correlates of anger attacks, female psychiatric patients who are pregnant or postpartum (mean 30.2 yrs) , 37484
prevalence of personality disorders & symptoms & dimensions assessed by Temperament & Character Inventory, 66–93 yr old psychiatric patients, 37425
psychopathological determinants of violent behavior in mentally disordered patients, 14466
psychostimulants & hyperdopaminergic states in schizophrenic illness phases, patients with schizophrenia (mean age 40 yrs), 27689
quality of life & loneliness & social contact, long term psychiatric nursing home patients residing in general vs psychiatric nursing home vs personal residence at 6 yr follow up, 9095
relationship between cognitive functioning & performance of daily living skills & cognitive level after discharge, 18–55 yr old psychiatric inpatients, implications for occupational therapy assessment, 14459
relationship between cognitive functioning & performance of daily living skills & cognitive level after discharge, psychiatric inpatients, implications for occupational therapy assessment, comment, 14444
relationship enhancement therapy, communication & relationships, psychiatric unit staff & inpatients, 18638
reliability & client characteristics affecting use of Health of the Nation Outcome Scales, assessment of mental health service outcomes, 16–86 yr old psychiatric clients, Australia, 25415

reliability & validity of 2 versions of Drug Abuse Screening Test, psychiatric outpatients, 6607
reliability & validity, shortened Inventory of Interpersonal Problems, clinical patients, 3314
retrospective & prospective surveys of psychotropic drugs prescribed during hospitalization, psychiatric inpatients, 12251
risk factors for & clinical model of suicidal behavior, 14–72 yr old psychiatric patients, 11332
risk factors, psychiatric patients with neuroleptic malignant syndrome, commentary, 1476
risk factors, psychiatric patients with neuroleptic malignant syndrome, commentary reply, 1477
risk factors, psychiatric patients with neuroleptic malignant syndrome, commentary, 1453
risk of violence & suicide, psychiatric patients seen routinely by a community mental health team, 5053
role of cytochromes P450 2D6 & 3A in risperidone metabolism, 18–55 yr old psychiatric patients genotyped for CYP2D6, implications for treatment, 31620
satisfaction with mental health services, 22.8–48.7 yr olds with schizophrenia attending community mental health center & their relatives, 38530
self-reported satisfaction at discharge from inpatient mental health services, quality of life & symptomatology & level of functioning, severely mentally ill clients, commentary & reply, 8078
serum melatonin levels, 56–83 psychiatric inpatients with vs without dementia of Alzheimer's type, 24095
side effect profiles of risperidone vs haloperidol, psychiatric inpatients with no previous exposure to antipsychotic drugs, 15335
sildenafil, antidepressant-induced sexual dysfunction, 18–60 yr old female patients, 31680
smoking rate & depression severity, psychiatric patients, 24170
strategies used to cope with auditory hallucinations, psychiatric patients, 17914
strengths vs generalist model of case management training, client outcomes, community mental health center clients with mental disorders , 18975
stressful life events & maturity of defense mechanisms, 11–18 yr old female psychiatry patients, 37255
suitability of US Pharmacopoeic Dispensary Information drug leaflets as education tool, urban psychiatric inpatients, 35284
symptomatology & perceived level of social support within hours of psychiatric emergency service arrival, homeless vs domiciled psychiatric patients, 37295
televideo interviews for general psychiatric assessments, patient & physician satisfaction, 18–73 yr olds with or without psychiatric disorders, implications for use with underserved populations, 22151
test–retest reliability & internal consistency of Swedish translation of Lancashire Quality of Life Profile, 18–69 yr old psychiatric inpatients, 78
token economy program, absences & emergencies & employee & patient injuries on psychiatric unit, 18–20 yr old psychiatric patients, 8-mo study, 28732
tolerability & safety & efficacy of clozapine, elderly psychiatric patients with no neurological comorbidity, 27508
total health service expenditures, married vs divorced or separated psychiatric outpatients , 28288
traditional case management vs intensive case management, relapse prevention & patterns of mental health care & hospitalization, patients with serious mental illness, 1 yr follow-up, 18966
treatment, behavioral symptoms & global functioning, psychiatric inpatients with behavioral & emotional disorders, 4–15 yr olds, 3 yr follow-up, 5476
understanding of & satisfaction with mental health tribunal process, legally detained psychiatric hospital patients with psychopathic disorder &/or mental impairment, England, 38562
use & misuse of patient satisfaction studies & application to psychiatric patients' satisfaction & dissatisfaction with mental health services, 18908
use of coercion in psychiatric care & conflicts with patients & nursing staff & legal & ethical demands & need for reflection & support, 27–52 yr old physicians & assistant physicians, 35186
use of mechanical restraint in management of British vs US psychiatric & special needs patients & ethical & legal issues , 22375
using the Inventory of Interpersonal Problems & mathematical functions to detect complex interpersonal patterns, 20–64 yr old psychotherapy outpatients vs college students, 14400
validity of Allen Cognitive Level Test, persons with schizophrenia living in long-term psychiatric hospital vs community, 8145
validity of Health of the Nation Outcome Scales, assessment of clinical status & outcomes, psychiatric patients, 25382
validity of Manchester Short Assessment of Quality of Life, life satisfaction, psychiatric patients receiving community care, 17830
violent behavior, 18–40 yr olds discharged from acute psychiatric facilities, 1 yr study, comment, 24464
vocational activity & social relationships & loneliness & community integration, clients with serious mental illness who have achieved stability in Assertive Community Treatment program vs clubhouse, 18977
ward routines & time patterns of staff injuries from patient–staff incidents, psychiatric hospital acute ward patients & staff members, 38572

Psychiatric Social Workers—Serials

professional roles & regulations & skills requirements & case assignment in & marketing strategies for psychiatric home care, social workers , 12442

Psychiatric Symptoms—Serials

adult attachment style & posttraumatic & psychiatric symptomatology in extreme life-endangering conditions, 18–52 yr old Jewish settlers, Israel, 30572
age & sex & duration of illness & dose of risperidone & total neuroleptic dose & serum-risperidone & 9-OH-risperidone & concomittant medication, symptomatology, patients with schizophrenia, 31671
age & sex, risk factors for suicide attempts, rural adults, Spain, 30837
alterations in serotonin activity & psychiatric symptoms, females after long-term recovery from bulimia nervosa, 1895
altered brain activation, 40–65 yr old women with high vs low risk for Alzheimer's disease, 37911
anxiety disorder vs symptoms, disability & well-being & health care service utilization, 55–85 yr olds, 24328
apolipoprotein E genotype & noncognitive symptoms, 51–93 yr olds with Alzheimer's disease, 15023
association of dopamine D4 receptor gene & delusional symptomatology in mood disorders, inpatients (mean age 47.48 yrs) with bipolar & major depressive disorder, 4888
associations between sleep & respiratory disturbance & psychological responses asssessed by MMPI, adults with obstructive sleep apnea, 24678
atypical & psychotic features & age at onset & comorbidity & duration & severity & recurrences & chronicity of disorder, male vs female outpatients with bipolar II or unipolar depression, 27579
auditory ERPs & psychotic symptoms, methamphetamine dependent patients, 8354
baseline differences in substance use & psychiatric functioning variables, 21–69 yr old male vs female alcoholics with vs without social phobia, 27883
behavioral & psychiatric symptom changes, 60–95 yr olds with Alzheimer's disease or dementia, 9 yr study, 11902
behavioral & psychiatric symptom changes, 60–95 yr olds with Alzheimer's disease or dementia, 9 yr study, commentary, 28165
behavioral disturbances & psychiatric symptoms & response to medication, Caucasian vs African American 60–90 yr old inpatients with dementia, 37808
benfotiamine &/vs vitamins B6 & B12, 30–70 yr old outpatients with severe symptoms of alcoholic polyneuropathy, 9256
benzodiazepine hypnotics vs zopiclone, sleep & psychiatric symptoms, 22–39 yr olds with chronic schizophrenia, 21911
brain atrophy & morphology, reality distortion & psychomotor functioning, hospitalized males vs females with schizophrenia, 14563
brain perfusion deficits, crystal methamphetamine abusers with psychotic symptoms, 18031
central nervous system infection Lyme disease, 42 yr old female presenting with schizophrenialike disorder, 15013
chronological age vs pubertal status in prediction of symptoms of depression, Black vs White vs Hispanic 10–14 yr old females, 34108
circumstances & symptom patterns under which mentally ill patients might be dangerous, 24124
clinical aspects & treatment strategies of body dysmorphic disorder, 1612
clinical features of depression & dementia & akinetic rigid syndrome & atypical cortical atrophy in neuroimaging findings, 58 & 61 yr old females with Huntington's disease, 5344
clinical symptom overlap, patients with acute schizophrenia &/vs cocaine intoxication, 24286
clinical symptoms & features & age & sex & zygosity in Cox hazard model of risk for major depression in co-twin, twins with lifetime history of major depression, implications for genetic liability, 17872
clinical usefulness of dimensional vs categorical representations of psychotic psychopathology, 16–65 yr olds with chronic psychosis, 24299
clozapine, reduction of psychotic symptoms & violent behavior & rate of discharge, inpatients with schizophrenia, 28416
comparative sociodemographic & substance use & psychiatric symptoms & medical status findings, adults seeking marijuana- vs cocaine-dependence treatment, 1761
concomitant psychiatric symptoms & relationships between neurocognitive and social functioning, patients with schizophrenia, 14530
conventional vs typical neuroleptics, psychiatric symptoms, middle-aged & elderly patients with psychiatric disorders, 18697
coping style, self-perceived seizure severity & psychological complaints, adult outpatients with epilepsy, 18402
correlation of regional cerebral blood flow & psychiatric symptoms during active vs remitted illness stage, patients with schizophrenia, 17908
dehydroepiandrosterone sulfate level & psychiatric symptoms, 78–95 yr old frail nursing home patients, 1471
delusions & lack of insight & psychotic symptoms in obsessive compulsive disorder & obsessions & compulsions in schizophrenia, 37262
demographic & psychiatric characteristics, 60–96 yr old geropsychiatric inpatients from rural vs urban settings, 36899
demographic characteristics & dementia severity & comorbid psychiatric & behavioral symptoms & physical disability & general health, mortality, elderly males vs females with Alzheimer's disease, 31230
demographic characteristics & symptomatology & type of psychotropic medication used for overdose, 15–75+ yr old patients hospitalized for parasuicide, 28442
depression & delusions & denial as new conceptualizations of loss & psychiatric phenomena associated with dementia, 24791
development of & evaluation process for Psychiatric Discomfort Scale, self-report measure of discomfort with psychiatric symptoms, psychiatric inpatients, 6603
development of CNS lupus with psychotic symptoms in 44 yr old woman with systemic lupus erythematus, 31127
development of self-concept differentiation & depressive symptomatology, normal 5th–8th graders & those with learning difficulties, 5-wk study , 17866
diagnosis of acute stress disorder & symptoms as predictors of later diagnosis of PTSD, victims of violent assault assessed at 1 mo & 6 mo after crime, 14600
diagnostic accuracy of Schneider's first-rank symptoms for schizophrenia, inpatients with schizophrenia vs other psychoses, 14570
diagnostic process & psychiatric symptomatology in Kleine-Levin syndrome, 11921
diagnostic utility of & performance on Continuous Performance Test, adults with ADHD symptomatology, 3310
diazepam vs fluphenazine treatment, symptom exacerbation, schizophrenics, 12155
dissociative symptoms & psychopathology, patients with conversion disorder vs psychiatric inpatients with other mental disorders, 11813
distinction between & changes in primary & secondary negative symptoms, 24161
dopamine D4 receptor gene variants & excitement & depressive & disorganized & delusional symptomatology, psychiatric inpatients with major psychoses, 30749
dopamine transporter availability & depressive symptoms during alcohol withdrawal & after sobriety, 24–69 yr old alcoholics, 32041
dosage & side effects & interaction with other psychotropics & symptom improvement, 10–18 yr old inpatients with psychotic or behavior or other disorders taking risperidone or olanzapine, 3-mo study, 8909
early psychiatric symptoms, prediction of later physical aggression & hyperactivity, community dwelling dementia patients, 2058
early risk factors for & predictors of depressive symptomatology, male vs female 18 yr olds followed since age 5, longitudinal study, 30662
effects of Dutch intervention program, reading performance, 7-15 yr old outpatients with dyslexia &/or reading problems &/or cognitive deficits &/or psychiatric symptoms, 36741

efficacy & safety of accidental high-dose olanzapine, 14 yr old autistic male with psychotic symptoms & auditory hallucinations & delusions, commentary, 21970
efficacy & safety of accidental high-dose olanzapine, 14 yr old autistic male with psychotic symptoms & disorganized behavior & delusions & auditory hallucinations, 21903
efficacy & safety of accidental high-dose olanzapine, autistic 14 yr old male with psychotic symptoms & delusions & auditory hallucinations, commentary, 21974
emotional & behavioral reactions & psychosocial functioning & psychiatric symptomatology, 5–17 yr olds whose parents committed suicide, 25 mo study, 24393
epidemiology & diagnosis & management of life threatening psychiatric emergencies, elderly adults, 34306
epidemiology & diagnosis & treatment & psychosocial care, HIV & AIDS & psychiatric symptoms & AIDS dementia, 28070
events during vigabatrin therapy, incidence of psychiatric adverse events, patients with treatment-resistant partial complex epilepsy with psychotic symptoms, 38272
evolution of positive psychopathological symptoms, patients with schizoaffective and paranoid schizophrenia, 37371
executive dysfunction & neuropsychiatric symptomatology & functional impairment, patients (mean age 69.9 yrs) with Alzheimer's disease, 2017
factor analysis on signs & symptoms of delusional disorder, psychiatric inpatients (mean age 52.22 yrs), 14465
factor structure of psychotic symptoms assessed by Scales for Assessment of Positive & Negative Symptoms, psychotic inpatients (mean age 36 yrs), 29387
familial associations of positive & negative & affective & disorganization subsyndromes, sibling pairs with schizophrenia & schizoaffective disorder, 4880
fenfluramine & dexfenfluramine, adverse long-term effects on mood & anxiety & cognitive function & impulse control, psychiatric patients, 2365
gabapentin, social phobia symptoms, Ss aged +18 yrs, 14 wk study, 28476
gender & loss of family members & perceived deprivation, development of posttraumatic stress symptoms, 7–15 yr olds in war & siege conditions, Bosnia, 8181
genetic association between atopy & behavioral symptoms, 4–11 yr old monozygotic & dizygotic twin pairs, 1487
genetics & adrenal & testicular & neurological pathogenesis & diagnosis & treatment of & mania & psychosis & cognitive impairment as psychiatric symptoms of adult onset adrenoleukodystrophy, 31075
genotype-phenotype relationship of mutations & psychiatric conditions, mothers & siblings with full mutation vs premutation of FMR-1 gene of fragile-X children or autistic children, 4869
grief counseling, cell markers of immunological functioning & psychological symptoms, recently bereaved 45–64 yr old widows, 7 mo study, 13656
hypoactive delirium as clinical symptom of intestinal perforation, 62 yr old male with gastric cancer, 14977
illness onset & delusional vs psychotic vs hallucinatory symptoms, sex offending, 17–47 yr old males with schizophrenia, 14582
induction of schizophreniform disorder & other psychiatric symptoms, 52 yr old treated with spinal cord stimulator following perineoscrotal pain, 12349
insight deficits & neurocognitive functioning & psychotic symptoms, social adjustment, 18–50 yr olds with schizophrenia or schizoaffective disorder, 11443
job strain & psychological symptoms & disorders & social support at work, female nurses (mean age 39.6 yrs), 2 yr study, 12890
Kluver-Bucy syndrome after bilateral selective damage of amygdala & its cortical connections, 43 yr old male, commentary , 11876
Kluver-Bucy syndrome after bilateral selective damage of amygdala & its cortical connections, 43 yr old male, commentary reply, 11896
lanreotide, growth hormone & insulin-like growth factor-1 levels & psychological symptoms & quality of life, 31–71 yr olds with active acromegaly, 2 mo study, 22068
lifetime exposure to interparental verbal &/vs physical aggression & relationship to own anxiety & depression & anger & interpersonal problems & trauma symptoms, 18–25 yr olds, 5006
lifetime major depression vs recalled post-natal depressive symptoms after 1st live birth & neuroticism, 18–88 yr old female twins, implications for influence of environment vs genetics, 24226
live naturalistic vs structured videotaped interviews, assessment of depressive symptomatology improvement, 18–70 yr old depressed inpatients treated with antidepressants, 10 day & 4-wk followups, 71
maternal attachment behavior, childhood psychopathology & etiology & maintenance of problematic parent–child interaction, 2–7 yr olds with vs without psychiatric problems & their mothers , 37274
mental health & psychiatric symptoms, relatives or others close to suicide victims, 17831
mental health indicators of treatment status & psychiatric diagnosis & threat/control-override psychotic symptoms, associations between gender & self-reported violent behaviors, 24–33 yr olds, 8018
mescaline, psychological & neuropsychological & neurometabolic effects, 27–47 yr old males, implications for acute psychotic symptomatology, 4168
methylphenidate, oral word production & 1st episode symptoms & treatment, patients with schizophrenia, 10 yr study, 14584
misconceptions about symptomatology & frequency & treatment, persons with late life depression, 8090
missed diagnosis of Wilson's disease, male patient with psychiatric symptoms since age 13 yrs , 31070
MMPI profiles during remitted vs psychotic states, 19–31 yr old recent-onset schizophrenia patients, 17921
MMPI responses, adult patients with nonapneic primary snoring vs obstructive sleep apnea, 24679
multidimensional scaling analysis of paranoid & other psychiatric symptoms in depressive & psychotic disorders, community residents & depressed & psychotic patients, 14471
musical hallucinations & symptom changes, 28–39 yr old schizophrenics , 37350
negative life events & appraisal of physical health & psychiatric symptoms & stress-buffering effects of sense of coherence, 17–26 yr olds, 2 mo followup, 33981
neural encryption as analogy to first-rank symptoms of schizophrenia, 4961
neuropsychiatric features, 47–80 yr old patients with frontotemporal dementia-frontal variant, 3 yr study, 37846
neuropsychiatric side effects of mefloquine, persons with malaria, 15423
neuropsychiatric symptoms, elderly African American vs African Caribbean vs White outpatients with Alzheimer's disease or multi-infarct dementia, 8617
occurrence of anniversary reactions & correlation with traumatic events & PTSD symptoms, Gulf War veterans assessed 6 yrs post-war, 4 yr followup, 27730
onset of depressive & obsessive-compulsive symptoms following use of estradiol-norgestrel combination, 14-yr-old female, implications for etiology & pathophysiology of obsessive-compulsive disorder, 8198
paroxetine, symptoms & avoidance behavior, adults Ss with social anxiety disorder, 12-wk study, 34955
past maltreatment experiences & trauma & psychiatric symptoms & urinary free cortisol & catecholamine excretion, 8–13 yr olds with PTSD vs nontraumatized overanxious disorder, 24326
pathology & diagnosis & medical workup & drug treatment & clinical presentation & psychiatric symptoms associated with CNS manifestations of Sjogren's syndrome, 47 & 54 yr old females, 21544
perceived & absolute discordance between couples coping strategies, psychological symptomatology & marital dissatisfaction, 23–69 yr old married parents bereaving the death of a child, 7 mo study, 24011
perceived parental rearing behavior & anxiety disorders symptoms, 8–12 yr olds, 1646
perfectionism, stress & psychological symptoms & hopelessness & adjustment, college students, 37149
persistence of psychiatric symptoms & symptom groups, children, 4 yr study, 24091
personal & psychiatric histories, 15–79 yr olds who committed suicide in Montreal subway system, 34043
personality traits & symptoms, male patients with schizophrenia or schizoaffective disorder, 17876
physical & psychological testing & pituitary-adrenal reactivity to stressors & psychiatric symptoms & distinction of diagnostic groups, 6–12 yr olds in child psychiatric clinic, 14454
physician's psychosocial inquiry & physician patient familiarity & severity of distress, psychosocial problem disclosure, somatically presenting psychologically distressed primary care patients, 22146
pimozide augmentation of olanzapine, symptoms, 44 yr old male with schizophrenia & drug-resistant psychosis, 21962
popular culture of aliens & alien abduction, symptom expression, 8–15 yr olds with psychiatric disorders, implications for treatment & development of therapeutic alliance, 24133
postpartum psychosis associated with postpartum thyroiditis, 29 yr old female, 4839
preattentive visual fixations during scanning of human faces & symptomatology, inpatients with chronic schizophrenia, 4956
prediction of grief symptomatology & risk factors in bereavement outcome, survivors of sudden loss from suicide or accidental death, 1346
presence & severity of childhood physical &/or sexual abuse & personality disorder symptoms, males (aged 16–62 yrs), 21254
prevalence & psychological effects of childhood sexual abuse, 10–70 yr old females living in poor & rural community during civil war, El Salvador, 37439
prevalence & treatment of hallucinations, psychotic vs nonpsychotic children, 21157
prevalence of & exposure to violence & symptoms of depression & hostility & demographic differences in exposure to & effects of traumatic violence, inner city 14–19 yr olds, 18006
prevalence of depressive symptoms, adults in early course of schizophrenia, 5 yr study, 11451
prevalence of primary & secondary PTSD & comorbid symptoms, professional firefighters, 8209
prevalence of psychiatric disorder & stress & psychological symptoms during acute phase of infectious mononucleosis, 16–47 yr olds, 2 & 6 mo followups, 14905
prevalence of psychotic symptoms & clinical & demographic characteristics, elderly outpatients (mean age 74.7 yrs), 30614
prevalence of psychotic symptoms, Black vs White vs Hispanic 26–63 yr old military veterans with combat related PTSD, commentary reply, 34204
prevalence of psychotic symptoms, Black vs White vs Hispanic 26–63 yr old military veterans with combat related PTSD, commentary, 34224
prevalence of psychotic symptoms, Black vs White vs Hispanic military veterans with combat related PTSD (aged 26–63 yrs), 11462
prevalence of specific psychiatric disorders, 13–17 yr old males who have sexually molested other children, 14665
psychiatric & cognitive & neurological characteristics at disease onset, 45–80 yr olds with Alzheimer's disease, 5377
psychiatric & neurological symptoms & ward behaviors & course of violence behavior, 18–55 yr old hospitalized patients with schizophrenia or schizoaffective disorder, 30730
psychiatric comorbidity & psychological variables as predictors of functional impairment, patients with fibromyalgia syndrome, 11784
psychiatric issues & long duration space missions, 8061
psychiatric morbidity, clinical vs neuropathological cohorts with dementia with Lewy bodies vs probable Alzheimer's disease, 1 mo study, implications for differential diagnosis of patients, 28121
psychiatric outcomes & side effects resulting from antiepileptic drugs, patients with seizure disorders, 35089
psychiatric symptom severity & laws & termination & appeal & recertification of Social Security disability benefits, adults disabled by alcoholism &/or drug addiction, 27889
psychiatric symptoms & diagnostic issues, 40 yr old male with Creutzfeldt-Jakob disease, 21583
psychiatric symptoms & neuroleptic doses & physical activity, creatine phosphokinase levels, male psychiatric inpatients (mean age 57.6 yrs), 2 yr study, 24106
psychiatric symptoms & prevalence of hoarding behavior, 65–91 yr olds with dementia, 2038
psychological & psychiatric symptomatology, male vs female childhood sexual abuse survivors (aged 17–57 yrs), 24418
psychological adjustment & sexual ability, male urological patients with erectile dysfunction & their spouses, 18262
psychological distress & personality & psychiatric variables, 17–87 yr old outpatients diagnosed with organic vs functional dysphonia, 28038
psychometric properties of Portuguese version of Beck Depression Inventory, assessment of depressive symptomatology, college students, Brazil, 19619
psychometric properties of Thought Control Questionnaire & thought control strategies & psychiatric symptoms, 18–75 yr olds with major depression & PTSD with or without major depression, 35954
psychopathic traits & somatization symptoms in male vs female college students, 37293
psychopathology associated with Alzheimer's disease & interventions for caregivers, patients with Alzheimer's disease, 22211
psychopathology symptoms & diagnostic categories in competence to stand trial, pretrial criminal defendants, 9751
psychosocial stressors & demographic correlates & prevalence of depressive symptoms, 14–17 yr old adolescents, Hong Kong, comparison with Canadian Ss, 27636
psychotic symptomatology & prevalence & response to olanzapine & prediction of outcome, patients with schizophrenia (mean age 38.6 yrs), 30699
psychotic symptoms & failure to maintain cognitive set & motor coordination & stereotypy & global functioning & IQ, lexical choice decision RT, schizophrenic patients, 4967
psychotic symptoms & utility of polydiagnosis, 24 yr old female with paranoid-psychotic symptoms who responded to combination of valproic acid & carbamazepine but not to neuroleptic drugs, 38252

PTSD characteristics & symptom severity & psychiatric status, 58–75 yr old Holocaust survivors and their 31–45 yr old children, commentary, 30790
PTSD symptoms following hurricane Hugo, 9–19 yr olds, comparison of 10 models of PTSD dimensionality, 21169
PTSD symptoms, 6–14 yr olds with traumatic brain injury, 2057
PTSD with psychotic symptoms, 40 yr old female & 39 yr old male war veterans, Croatia, 16179
recurrent suicidality & acute symptom remission, inpatients with mixed vs pure bipolar disorder, 8098
regional cerebral metabolic rate for glucose & neuropsychological performance, 16–47 yr old patients with systemic lupus erythematosus with or without psychiatric symptoms, 34554
relational capacity & persistent PTSD symptoms, 17–47 yr old female rape victims, 37499
relationship between adult-onset adrenoleukodystrophy & psychiatric symptomatology, 31-yr-old male with tardive dyskinesia & treatment-resistant psychosis, 31231
relationship between depressive symptoms & drug network & needle sharing behavior, 19–61 yr old intravenous drug users, 18067
residual depressive symptoms & relationship to Axis I & II comorbidity, outpatients with major depressive disorder in acute remission following treatment with fluoxetine, 8 wk study, 18720
risperidone, abnormal involuntary movements & psychiatric symptoms, patients with Huntington's chorea, 12159
role of recurrent hypoglycemia in cognitive deterioration, 79-yr old female presenting with symptoms of behavior disorder, 14897
safety & efficacy of ECT, patients (mean age 55 yrs) with closed head injury treated for psychiatric symptoms, 12259
self reported current & lifetime psychiatric symptoms, adult female outpatients with somatization disorder vs other psychiatric disorders, 28035
self vs psychiatrist rated assessment of depressive symptomatology before & after antidepressant therapy, inpatients with major depression (mean age 41.7 yrs), 28 day study, 35931
self-induced water intoxication & severity of psychotic & other psychiatric symptoms, community-dwelling patients with severe mental illness, 8071
serum thyroid levels & clinical symptoms, World War II veterans with vs without PTSD vs previous findings from PTSD Vietnam combat veterans, 14630
serum thyroid levels & clinical symptoms, World War II veterans with vs without PTSD vs previous findings from PTSD Vietnam combat veterans, commentary, 14619
severity of psychotic symptoms as reflection of PTSD severity, combat veterans (aged 47–68 yrs) with chronic PTSD & well-defined psychotic features , 17934
sex & SES & ethnicity & stress & other demographic & psychosocial factors, depressive symptoms, 5th–12th graders, 34130
sociodemographic & clinical & familial factors predicting delay between onset of psychotic symptoms & 1st hospitalization, 16–59 yr old psychiatric inpatients, 8083
stressful parent–adolescent disagreements & internalizing symptoms & 1st onset of depressive or anxiety disorder, 12–13 yr olds, 7 yr study, 30633
Structured Inventory of Malingered Symptomatology for identifying malingered psychiatric disorders, honest vs exaggerating Ss (mean age 23.14 yrs), 35933
subclinical & residual symptoms of unipolar major depression & bipolar disorder, pathophysiological & therapeutic implications, 11360
subclinical typologies of anxiety & depression & somatization symptoms, cross-national sample of 15–65 yr old primary care patients, 24097
supernatural powers in explanations for mental health symptoms & role of psychiatrist-patient cultural differences in treatment termination, 16–80 yr old Bedouin-Arab psychiatric patients, Israel, 17805
symptom overview & epidemiology of obsessive compulsive disorder, 1650
symptom patterns, hemispheric specialization in verbal & spatial information processing, male schizophrenics with perceptual aberrations, 4969
symptom profile, 16–50 yr old White vs African-Caribbean schizophrenic patients, England, 24262
symptom screening & intervention & role of Psychiatric Mental Health Advanced Practice Nurse in primary care setting, 18–35 yr old females with depressive symptoms, 2436
symptomatology & treatment approaches used by occupational therapists, persons with anorexia nervosa & bulimia, 19103
symptomatology during 1st episode & symptom dimensions across life span, patients (mean age 11.8 yrs) with childhood onset schizophrenia, 42 yr study, 37355
symptomatology of depression & anxiety, 21–40 yr old female social drinkers, 17810
symptomatology, Caucasian vs Native Canadian female survivors of childhood sexual abuse (aged 15–57 yrs), 24381
symptoms identifying need of screening for depression, primary care medical patients, 8091
symptoms of acute PTSD, combat experienced soldiers (males aged 23–35 yrs) vs tortured prisoners of war (males aged 19–45 yrs), 24334
symptoms of narcolepsy, 44 yr old female patient with depressive illness, 37313
symptoms of PTSD & anxiety & depression, 6–16 yr old sexually abused children 30- to 60-days after abuse disclosure & termination, 8277
therapeutic effects of quetiapine, 9 yr old female with mania & psychiatric symptoms, 21951
threat vs control-override psychotic symptoms in association between mental illness & violence, 24–33 yr olds, 8006
threat/control override psychotic symptoms, violent behavior, 24–33 yr olds diagnosed with mental illness, 17826
untreated symptoms of posttraumatic stress disorder, cocaine-dependent patients in pharmacologic trial, 36-mo study with 3-mo followup, 8343
use of testimony method of psychotherapy, levels of PTSD & depressive symptomology, traumatized 23–62 yr old refugees from Bosnia-Herzegovina genocide, 2- & 6-mo followups, 8784
usefulness of teacher ratings for creation & study of concurrent validity of ADHD subtypes & stability of ADHD & opposition defiant & conduct disorder symptoms, K–5th graders, 12 mo study, 35967
validity of self-report Hopkins Symptom Check List 25, refugees (aged 19–65 yrs), 22870
validity of Wender Utah Rating Scale, male adults with childhood history of ADHD, 29395

Normal emotional development, 33601
Object relations theory and activity theory: A proposed link by way of the procedural sequence model, 11279
An overview of countertransference: Theory and technique, 18657
Polyglot bodies: Thinking through the relational, 2261
Psychic envelopes and sonorous baths: Siting the body in relational theory and clinical practice, 2264
Psychoanalysis and socratic education, 17744
The psychoanalysis of humor and humor in psychoanalysis, 20970
Psychoanalysis, 24957
Psychoanalysts' theories, 34948
Psychoanalytic group psychotherapy, 38169
A psychoanalytic perspective on eating disorders, 5174
Psychoanalytic perspectives on trichotillomania, 7982
Psychoanalytic theory from the viewpoint of attachment theory and research, 20974
Psychoanalytically informed short-term couple therapy, 18621
Psychodynamic issues, 4539
The psychodynamic understanding of suicide, 8316
Psychotherapeutic work with child and adolescent refugees from political violence, 34333
Re-membering the body: A psychoanalytic study of presence and absence of the lived body, 2258
Sigmund Freud: The question of a Weltanschauung and of defense, 4824
Some contributions on attachment theory, 33600
Some reflections on the concept of enactment, 34024
Temporality, storage, legibility: Freud, Marey, and the cinema, 26886
Three realms of the unconscious (1992), 20977
Toward a relational individualism: The mediation of self through psychoanalysis (1986), 20971
Trauma in adolescence: Psychoanalytic perspectives, 37252
Treating with respect and sincerity: Peter Lomas, therapist and writer, 22321
The true teacher and the furor to teach, 17743
Uses of the past in adult psychological health: Objective, historical, and narrative realities, 1382
Wilfred R. Bion: Infinite surfaces, explosives, faith, 4825
Winnicott's laughter, 20976
Wish fulfillment and the mastery of trauma, 34022

Psychoanalytic Therapy [See Psychoanalysis]

Psychoanalytic Training—Serials

clinical choices & relational matrix & their mutual influences on the technical & theoretical & personal & subjective & intersubjective processes in the teaching & practice of analysis, commentary, 12122
clinical choices & relational matrix & their mutual influences on the theoretical & technical & personal & subjective & intersubjective in teaching & practicing analysis, commentary reply, 12109
clinical choices & relational matrix & their mutual influences on the theoretical & technical & personal & subjective & intersubjective in teaching & practice of analysis, commentary, 12127
clinical choices & relational matrix & their mutual influences on the theoretical & technical & personal & subjective & intersubjective in teaching & practice of analysis, commentary, 12126
clinical choices & relational matrix & their mutual influences on the theoretical & technical & personal & subjective & intersubjective in teaching & practice of analysis, commentary, 12112
clinical choices & relational matrix & their mutual influences on the theoretical & technical & personal & subjective & intersubjective in teaching & practice of analysis, 12110
debate on mandatory residency training in long-term psychodynamic psychotherapy, 15712
effects of complex relationships within & between analytic institutes with training programs, 19147
group analysis training project in Ukraine, 28373
meaning & metaphor in psychoanalytic education, 6016
organizational setting & dynamics & learning process of supervision in individual psychoanalytic therapy in institutions, 25595
origins & power distribution of Foulkesian group analysis & group training, 28374
subjective time experience & its influence on psychoanalytic training, 9321
unconscious processes in group analytic training, 28376
use of psychodynamic psychology training in diagnosis & treatment approaches, female mental health professional, 12588

Psychoanalytic Training—Chapters

Psychoanalytic education in the age of managed care: Staying alive in shark-infested waters, 15771

Psychobiology—Serials
alterations in serotonin activity & psychiatric symptoms, females after long-term recovery from bulimia nervosa, 1895
architecture & operating characteristics & positive & negative components of affect system, 33337
biological & psychological primacy of positive experience of aloneness in infancy, implications for dyadic interaction & infant development & attachment, 17184
biopsychological interactions & treatment considerations of depression in coronary artery disease & cancer & HIV & Parkinson's disease & pain & sex hormone changes of aging, 14393
communibiological paradigm for communication apprehension as a temperamental expression, 4763
ethology of & parallels between behavioral defense strategies in animals & behavioral/mental "ego defense" strategies in humans & role in psychiatric disorders, 8045
integrated neurobiological & psychological approach to panic disorder, 1659
legal & clinical issues in & biopsychological roots of post-traumatic-induced polarization of perception of others as friends or allies, 23983
P. Lang's theory of emotion in relation to his mentors & other theories & bio-informational perspective, 306
psychobiological effects of isolated rearing & behavioral stress in animal model of & glutamatergic dysfunction as risk factor for Alzheimer's disease, implications for drug therapy, 8656
psychobiological mechanisms in respiratory distress & cardiovascular reactivity & role in sleep apnea & cardiovascular disorders, humans, 13662
quality of life & its assessment & clinical & biological & pharmacological aspects of depressive disorders & treatment planning, elderly patients, 8095
REM latency & other psychobiological correlates, patients with psychotic vs nonpsychotic major depression, 8120
validation of biopsychological & behavioral correlates of multilevel sensation seeking construct, 18–39 yr old college & graduate students, 17651
Psychobiology—Books
The physiological basis of behaviour: Neural and hormonal processes, 33173
The psychobiology of human motivation, 33012
Psychobiology—Chapters
"Looking for the Rosetta Stone": An essay on crying, soothing, and stress, 20466
Psychobiological origins of infant attachment and separation responses, 20047
The psychobiology of attention-deficit/hyperactivity disorder, 24486
The psychobiology of oppositional defiant disorder and conduct disorder, 24500
Psychobiology of post-traumatic stress disorder, 21206
Psychodiagnosis [See Also Psychodiagnostic Interview]—Serials
accuracy of criteria for clinical diagnosis, elderly patients with autopsy-confirmed Lewy body disease neuropathology, 2070
accuracy of independent diagnosis of delirium by psychiatrist vs nurse clinician vs consensus diagnosis, 65+ yr old hospitalized patients, 5903
accurate diagnosis & psychosocial & pharmacological treatment of depression, elderly patients with dementia, 35168
administration of clinical diagnostic SCAN survey to patients with neurotic & psychotic disorders, 45–55 yr old experienced lay survey interviewers , 22858
age & demographic characteristics & psychiatric diagnosis, mental health service use, 2–5 yr olds, 2 yr study, 2571
age & PRIME-MD as screening & diagnostic tool, psychiatric diagnosis & intervention, 24–89 yr olds, commentary, 8062
age & PRIME-MD as screening & diagnostic tool, psychiatric diagnosis & intervention, 24–89 yr olds, 8082
age & sex & education effects on generalizability & diagnostic discriminability of short form of Boston Naming Test, 46–97 yr olds with Alzheimer's disease vs normal adults, 26148
agreement between Operational Criteria Checklist interview diagnoses & consensus diagnoses with DSM-III—R and ICD 10th revision, patients with schizophrenia or bipolar disorder, 30602
algorithm involving psychomotor disturbance & endogeneity symptoms & tiered model of psychotic vs melancholic vs nonmelancholic subtypes & comparison with DSM-IV criteria sets, depressed patients, 37327
application of grade of membership analysis of DSM-III-R personality disorders classification & diagnostic criteria, 18–60 yr old psychiatric outpatients, 11500
assessment & categorization & conceptualization of stress & anxiety disorders & need for eclectic treatment approach, 27731
assessment & treatment, deaf 10–18 yr olds with psychiatric disorders, 15496
assessment of maladaptiveness in psychodiagnosis, 19–76 yr old patients with personality disorders, 34247
attitudes regarding diagnostic status & scientific validity of DSM-IV categories of dissociative amnesia & dissociative identity disorder, board-certified American psychiatrists, 12616
axis I diagnosis, patients with vs with borderline personality disorder, 27750
changing face of terrorism & role of military psychiatry in assessment & diagnosis in aftermath of terrorist acts, 32415
characteristics & diagnosis & treatment of depression, patients with epilepsy, 34650
characteristics of patients diagnosed with disruptive behavior vs conduct vs oppositional defiant in psychiatric emergency service settings, 27763
clarifications about taxons & taxometric method, application to diagnosis of psychopathology, 26265
clinical assessment & differential diagnosis & treatment planning, children & adolescents with obsessive-compulsive disorder, 34213
clinical diagnosis of & evidence based standards vs reported use of treatment with electroconvulsive therapy, psychiatric patients, 31733
clinical differences between dissociative identity disorder & schizophrenia & panic disorder & complex partial epilepsy, patients, 8084
clinical features & diagnostic stability of early-onset psychotic disorders, 9–17 yr olds with schizophrenia or bipolar or schizoaffective disorder or organic or other psychosis, 2-yr study, 37281
clinician-diagnosed cases of emotional abuse, 1.4–15.7 yr olds in psychiatric clinics, 18019
comparison of 4 diagnostic criteria sets & 4 symptom rating scales, diagnosis of depression, male inpatients with HIV, 31118
component structure & score distribution of parent & teacher completed Diagnostic Rating Scale, screening for ADHD symptoms, 6–12 yr old boys vs girls referred for school-related problems, 32661
computer interviews for diagnosis & treatment & psychoeducation, patients with depression,, 2133
concept of pseudoschizophrenia to represent secondary schizophrenias until true diagnosis is made, comment, 4964
concept of pseudoschizophrenia to represent secondary schizophrenias until true diagnosis is made, 4931
conceptualization & assessment & treatment of obsessional indecision, 30–53 yr old patients, 8172
concordance between ICD-8 diagnosis of manic depression & ICD-10 diagnosis of affective disorder, psychiatric inpatients, Denmark, 1993–94, 8104
concordance of structured interview vs self-report measures vs clinician-rated diagnosis of depression, 10–16 yr old inpatients & outpatients with emotional & behavioral disorders, 24451
consultant evaluations & neuropsychological assessment in establishing differential diagnosis & psychotherapeutic & drug treatment protocol, man referred for depression with poor social functioning, 14406
continuities or distinguishing features between DSM-IV diagnostic criteria of autism & Asperger's disorder & pervasive developmental disorders not otherwise specified, 5142
core & asocial & emotionally reactive subgroups of borderline personality disorder as identified by Rorschach, psychiatric patients (mean age 25.1 yrs), 32640
critical realist analysis of diagnosis of & historical & cross-cultural work on emotions & distress in relation to & limitations of conventional approaches to depression, 30683
definition & conceptual history of diagnosis of schizophrenia, 14561
definition & diagnosis & manifestations & developmental stages of & therapy for dissociation & relationship with cults/sects, 5001
definition & diagnostic criteria & clinical recognition of paraphrenia as distinct from other schizophrenia-like illnesses, adult inpatients, 14575
demographic characteristics & diagnostic differences & treatment-seeking behavior, 21–78 yr old participants in anxiety support groups in Durham & Dallas, 25268
demographic projections for year 2010 regarding prevalence & early detection & management of Alzheimer disease & other dementias, 34732
depression & possible factors of under-diagnosis & importance of early detection, older people, 27608
development & content of Veterans Affairs Clinical Practice Guidelines for Bipolar Disorder, 11961
development & content of Veterans Affairs Clinical Practice Guidelines for Bipolar Disorder, erratum, 21640
development & test of diagnostic criteria for traumatic grief, widows & widowers, 11297
development & test of diagnostic criteria for traumatic grief, widows & widowers, commentary reply, 27486
development & test of diagnostic criteria for traumatic grief, widows & widowers, commentary, 27468
development & validation of Mini-International Neuropsychiatric Interview, diagnosis of DSM-IV and ICD-10 psychiatric disorders, psychiatric patients, 6635
development of DSM-IV revised criteria for diagnosis of delirium, 37871
developmental perspective on diagnosis & treatment of mood disorders, children & adolescents, 21102
diagnosis & clinical evaluation of delirium, elderly patients, 37855
diagnosis & comorbidity & level of impairment & implications for treatment of social phobia, 21184
diagnosis & drug & behavioral & other treatments of obsessive compulsive disorder, 34208
diagnosis & drug & cognitive behavioral treatment of PTSD, 34205
diagnosis & economic conditions & spatial & time-related distance, mental health emergency service use, 1st contact psychiatric patients, 2646
diagnosis & management of primary & drug-induced disorders of water homeostasis, psychiatric patients, 8948
diagnosis & misdiagnosis & interdisciplinary treatment approaches, 12 yr old girl with cyclic vomiting syndrome & 11 yr old girl with conversion neurosis in psychiatric inpatient unit, 22014
diagnosis & pharmacological & psychotherapeutic treatment of social anxiety disorder, 34216
diagnosis & prevalence & etiology & primary mental health treatment of ADHD, 8440
diagnosis & psychosocial stressors & adaptive functioning, 18–79 yr old suicide attempters, 34294
diagnosis & treatment & cognitive style, 11–16 yr old males from special vs secondary schools with vs without behavior problems, implication for origins & treatment of problem behavior, 38903
diagnosis & treatment of major depression & mania, individuals with developmental disabilities, 8727
diagnosis & treatment of major depressive disorders in children & adolescents, 14481
diagnosis & treatment of severe psychotic illness, 50 yr old male with dual severe sensory impairments caused by Usher syndrome, 37755
diagnosis alone vs with dangerousness as factors in need for emergency hospitalization of child or adolescent patients, clinicians, 2648
diagnosis alone vs with dangerousness as factors in need for emergency hospitalization of child or adolescent patients, clinicians, comment, 2653
diagnosis of demoralization resulting from treatment & illness, 67 yr old female & 46 yr old male surgical patients, 28051
diagnosis of major depressive disorder using Schedule for Affective Disorders and Schizophrenia for School-Age Children vs other instruments, children with depressive symptoms, reply, 34106
diagnosis of major depressive disorder using Schedule for Affective Disorders and Schizophrenia for School-Age Children vs other instruments, children with depressive symptoms, comment, 34114
diagnosis of major depressive disorder using Schedule for Affective Disorders and Schizophrenia for School-Age Children vs other instruments, children with depressive symptoms, 34107
diagnosis of major depressive disorder using Schedule for Affective Disorders and Schizophrenia for School-Age Children vs other instruments, children with depressive symptoms, comment, 34127
diagnosis of mental disorders during emergency consultation vs structured research interview, suicide attempters, 37289
diagnostic accuracy of Schneider's first-rank symptoms for schizophrenia, inpatients with schizophrenia vs other psychoses, 14570
diagnostic comorbidity & clinical correlates of PTSD, 11.1–18.3 yr old psychiatric inpatients, 19017
diagnostic constructs of antisocial personality disorder & psychopathy as defined by revised Psychopathy Checklist & their application to sentencing determinations, 5127
diagnostic criteria & classification based on premorbid adjustment & family history & follow-up status, multidimensionally impaired syndrome vs very early onset schizophrenia vs ADHD, commentary reply, 1599
diagnostic criteria & classification based on premorbid adjustment & family history & follow-up status, multidimensionally impaired syndrome vs very early onset schizophrenia vs ADHD, commentary, 1586
diagnostic interview vs dimensional self-report assessments of personality pathology & change following functional restoration treatment, chronic low back pain patients, 14644

diagnostic specificity of symptoms & breathing pattern at rest & after hyperventilation, 19–62 yr olds with panic vs anxiety vs somatoform disorder classified by DSM vs as hyperventilation syndrome , 7997
diagnostic suggestion, clinical judgment & recall of patient autobiographies, counselor trainees, 19156
diagnostic utility of & performance on Continuous Performance Test, adults with ADHD symptomatology, 3310
diagnostic validity & reliability of DSM-IV & relation to description & classification of psychopathology & diagnosis of comorbid disorders, 14460
diagnostic viability of depressive personality disorder in DSM, 24165
diagnostic viability of depressive personality disorder in DSM, commentary, 24125
diagnostic viability of depressive personality disorder in DSM, commentary, 24130
diagnostic viability of depressive personality disorder in DSM, commentary, 24142
diagnostic viability of depressive personality disorder in DSM, commentary, 24159
diagnostic viability of depressive personality disorder in DSM, commentary, 24177
difficulties & challenges in diagnosis of factitious disorder by proxy in forensic settings, 11544
difficulties in definition & assessment of DSM-IV gender identity disorder based on 3 phenomenological axes, commentary reply, 24163
difficulties in definition & assessment of DSM-IV gender identity disorder based on 3 phenomenological axes, commentary, 24178
dimensional classification of autism spectrum disorder by social communication domains, children diagnosed with autism or Asperger's disorder or pervasive developmental disorder, comment with reply, 14822
educational intervention, recognition of depressed patients & attitudes & knowledge, internal medicine residents, 37315
epidemiology & diagnosis of depression, elderly patients, 37323
epidemiology & phenomenology & disease course & comorbidity & neurobiology & treatment & diagnosis, children & adolescents with bipolar disorder, commentary reply, 1533
epidemiology & phenomenology & disease course & comorbidity & neurobiology & treatment & diagnosis, children & adolescents with bipolar disorder, commentary reply, 1517
epidemiology & phenomenology & disease course & comorbidity & neurobiology & treatment & diagnosis, children & adolescents with bipolar disorder, commentary, 1529
epidemiology of addictions & psychiatric comorbidity & sex differences & diagnostic challenges & criteria & clinical management, 27470
ethical crisis in psychiatry & consequences for comprehensive diagnosis & therapeutic practice, 22376
ethics in comprehensive psychiatric diagnosis from psychodynamic perspective, 22383
etiology & epidemiology & assessment & management & comorbidity of bipolar disorder, adults, 11362
etiology & psychiatric diagnosis & treatment of psychogenic nonepileptic seizures, 34730
evaluation & treatment of aggressive behavior, elderly with dementia, 24842
evaluation of 6-wk training program on diagnosis of emotional & behavioral problems in preschoolers, psychiatric residents & clinical psychology predoctoral interns & social work trainees, 6021
explanation & critique & rationale for dropping passive-aggressive personality disorder from DSM-IV, 17968
gender & enthnocultural issues in clinical research & diagnosis & treatment, females & minority group members with PTSD, 8165
gender differences related to development & diagnosis & trends in substance use disorders, 27841
global ratings of videotaped performance vs global ratings of actions recorded on checklist, performance assessment with standardized patients, medical students, 1 yr followup, 35966
group & individual attitudes & other social issues of racism & relation to diagnosis & service delivery in psychiatry, 31374
guide for child mental health professionals in recognizing hyperacitivity in children, 37630
guidelines for detection of malingered psychosis & approaches for evaluation of criminal defendants pleading sanity, mental health clinicians, 19537
historical overview of psychiatric diagnosis & problem of diagnosing mental retardation & psychiatric disorders & issues in collecting information, persons with developmental disabilities, 8019
history & etiology & current diagnostic trends, persons with schizophrenia, 24259
history of DSM & development of DSM-IV criteria for diagnosis of delirium, 37919
identification & pharmacotherapeutic treatment of social anxiety disorder, 1631
identification of alcohol dependence criteria, adults consuming 12 or at least 1 drink in the last 12 mo, 18032
identification of fledgling psychopath, 12 & 13 yr old boys observed since 4th grade with hyperactivity & impulsivity & attention &/or conduct problems, 1402
identification of social withdrawal & thought disturbance & antisocial behavior & depressed behavior syndromes of schizophrenia, 19–60 yr olds with schizophrenia, replication, 21131
implementation & status of ICD-10, Denmark & Finland & Sweden & Norway & Iceland, 24094
improving child protection & misdiagnosis of Munchausen's syndrome by proxy, 31074
inattention to hypomania in underdiagnosis of bipolar II disorder, 30651
incidence of ADHD, adult psychiatric outpatients referred or being treated for other mental disorders, 21388
informants' reports & interviewers' vignettes, agreement about diagnosis of dementia from survey data, diagnosticians & 68–93 yr olds being screened for dementia, 2 yr study, 8635
intentional & unintentional expression of emotional states in drawings of 'funny' or 'sad' scenes, 21–63 yr olds hospitalized for depression , 8112
intentional & unintentional expression of emotional states in drawings of 'funny' or 'sad' scenes, 21–63 yr olds hospitalized for depression, erratum , 14493
interrater reliability & diagnostic efficiency & hierarchical functioning of DSM-IV borderline personality disorder criteria, psychiatric inpatients with vs without borderline personality disorder, 14640
introduction to special issue on ethics & quality of life in comprehensive psychiatric diagnosis, 22381
issues in diagnosis & treatment & management of mental disorders across cultures & medical vs cultural views of disorders, 31380
latent class analyses of items from Attention Problems scale of Child Behavior Checklist, psychiatric diagnosis of level of symptom presentation, clinically referred 4–11 vs 12–18 yr olds , 29369
legal requirements & forms & certificates & indications of insanity certification during 18th & 19th century, England & Wales, 1489
level of anxiety constituting & subtypes of social anxiety disorder, implications for recognition & treatment, 1658
levels of disagreement over symptoms & disorder severity & specific diagnoses & misdiagnoses, structured interview in medical diagnosis vs psychodiagnosis of major depression, primary care physicians, 21114
listening to depressed patient interviews, interrater reliability of cognitive–behavioral case formulations with depression & anxiety practice cases, clinicians with vs without PhD training, 26154
long term clinical validity of interviews used in making lifetime diagnosis of depression, 40–81 yr olds interviewed 25 yrs earlier, 34088
male therapists gender role conflict & client's sexual orientation & emotional expression, clinical judgments about male clients, 33–87 yr old male therapists, 9369
meanings & dimensions of ethics & relationship to culture & ethical bases of medicine & psychiatry & link between ethics & comprehensive diagnosis, 22380
measure of discriminating patterns in perceptual responses according to the Defense Mechanism Test, patients with severe conversion disorder, 26160
mental disorders & diagnosis & DSM-IV & medical model vs developmental model & relation to counselor training, comment, 37226
mental disorders & diagnosis & DSM-IV & medical model vs developmental model relation to counselor training, comment reply, 37227
mental health indicators of treatment status & psychiatric diagnosis & threat/control-override psychotic symptoms, associations between gender & self-reported violent behaviors, 24–33 yr olds, 8018
methodological issues in interpersonal relatedness variables & validity & diagnostic efficiency of Rorschach Test, errata, 35913
methodological issues in interpersonal relatedness variables & validity & diagnostic efficiency of Rorschach Test, commentary, 24050
methodological problems in diagnostic profiles, committed psychiatric patients with schizophrenia, literature review, 34186
methodology for evaluating certain aspects of quality of life dealing with subjective & interpersonal meaning of symptoms in psychotherapeutic diagnosis, 19685
misdiagnosis of mental disorders of ethnic minorities, African-Caribbeans in UK, 30624
mother vs professional developmental assessment of severity & other aspects of developmental delays, 2–5 yr olds, 18123
nature & correlates of psychological disorders, 11–12 yr olds identified as at risk by mothers &/or teachers &/or themselves , 20998
negative & positive consequences of using diagnoses & associated syndromes, Holocaust survivors & their children, 27530
neurobiology & diagnosis & treatment, children with ADD/ADHD, 5146
no vs 1 or 2 vs 3+ symptoms of alcohol use disorder & diagnosis of alcohol dependence, 18–50+ yr olds, 18049
nonparametric methods of genetic analysis of childhood disorders, 29452
nosological & genetic factors & Asperger syndrome & relation to autism, 1862
overdiagnosis & stimulant overtreatment of ADHD, 9–17 yr olds, US, 28443
overlap between mania & conduct disorder, consecutively referred children & adolescents, 17809
parental diagnoses of alcoholism &/or antisocial personality disorder & SES & dysfunctional parenting style, psychopathology & psychiatric diagnoses, children aged less than 18 yrs, 24146
patient & physician gender, diagnosis & treatment of depression, primary care physicians (mean age 42.9 yrs), 37954
patient characteristics & symptoms & perceptions of general practitioner role in managing emotional problems & likelihood of detection of psychiatric comorbidity, 18–65 yr old primary care patients, 12273
percentage of patients diagnosable with DSM-IV, patients treated in clinical practice for personality pathology, 8241
practical considerations of recognition of dementia in older patients, 8640
prediction of DSM-III-R diagnoses from Youth Self-Report scores, homeless 13–21 yr olds, 35948
preliminary guidelines for role & competence in assessment of aid-in-dying request, psychologists & psychiatrists , 19206
presentation & course & assessment & psychotherapeutic & pharmacologic treatment of major depression in children & adolescents, 1504
prevalence & age & IQ & observed disruptive behavior & internalizing & externalizing symptom severity, self- vs adult-identified 6–10 yr old males with ADHD, 24606
prevalence & diagnosis & treatment of dysthymia, primary care patients, 1530
prevalence & incidence of clinically diagnosed memory impairments with or without dementia, 42–92 yr olds, 24773
prevalence & origins & diagnosis & treatment of mania & bipolar disorder, 4925
prevalence & pattern of substance abuse & diagnosis & demographic characteristics, patients presenting with 1st episode psychosis, 14540
prevalence of subsyndromal depression & associated functional disability, 60+ yr olds patients, implications for health care services, 24213
prevalence of subsyndromal depression & associated functional disability, 60+ yr olds patients, implications for health care services, commentary, 24220
primary care issues related to treatment & diagnosis of depression in late-life, elderly patients, 38495
problems with & suggested changes to criterion of no clinically significant general language delay in DSM-IV definition of Asperger's disorder, 34428
psychiatric diagnosis & issue of impulsivity, 12–19 yr olds with previous but no recent vs first vs second or subsequent vs no suicide attempt, 1991–95, comment, 30567
psychiatric morbidity & validity of diagnosis, patients diagnosed in childhood with disintegrative psychosis vs infantile autism, 22-yr follow up, 27801
psychodiagnosis & psychiatric treatment of sexual deviant behaviors , 30806
psychodiagnostic test results with direct vs indirect suggestion of target diagnosis, confirmation of target hypothesis, expert clinicians, 6834
psychodiagnostic test use in emotional injury assessment & reasons for selction, forensic psychologist members of APA, 26131
psychological & physical signs & symptoms of pseudologia fantastica, case of 56-year-old man with factitious disorder, 14461
psychological assessment, distinguish between depression & dementia, elderly, 7994
psychophysiological responding, PTSD diagnosis, male Vietnam veterans, 8185
psychosocial factors & assessment, 8–12 yr olds with hyperkinetic & conduct behavior, 14692

rates of schizophrenia diagnoses in White vs Black African-Caribbean vs Black inpatients from other countries of origin, Black Jamaican vs White British psychiatrists, UK, comment, 35426
rates of schizophrenia diagnoses in White vs Black African-Caribbean vs Black inpatients from other countries of origin, Black Jamaican vs White British psychiatrists, UK, 35422
rates of schizophrenia diagnoses in White vs Black African-Caribbean vs Black inpatients from other countries of origin, Black Jamaican vs White British psychiatrists, UK, comment, 35424
recognition of posttraumatic stress disorder in routine clinical evaluation, psychiatric outpatients, 26164
referral & diagnosis & treatment, Black vs White male jail detainees with mental disorders admitted to psychiatric forensic unit, 1 yr study, 25565
relationship of learning difficulties & psychological problems & DSM-diagnosis both concurrently & longitudinally, 11–12 yr olds, 17772
relationship of patient age & psychiatric diagnosis & neurological & cognitive functioning to CT results influencing patient care, 23–85 yr old psychiatric patients, 4851
reliability & efficacy of Beck Depression Inventory for Primary Care in aiding physicians in psychodiagnosis of major depression, outpatients on routine office visits to physician specialists, 19629
reliability & stability of diagnosis of autism, children under age 3 yrs, 14836
reliability & validity & sensitivity of Behavior & Symptom Identification Scale, assessment of mental health outcomes, outpatients with severe illness, 30–90 day followup, 14445
reliability & validity of Clinical Assessment of Schizophrenic Syndrome, patients with schizophrenia, 13080
reliability & validity of DSM-IV & other definitions of rapid-cycling bipolar disorder, 17–71 yr olds with bipolar disorder, 34121
reliability of major depression diagnosis & implications for heritability & comorbidity with panic & generalized anxiety disorders, 17–55 yr old female twin pairs, 5-yr follow-up, 4908
role of partial limbic seizure kindling in motiveless & unplanned acts of firesetting, boys (mean age 11 yrs) with nontradional diagnoses, 30929
sertraline & citalopram, diagnosis of personality disorders, patients with major depression, 2304
sex bias in diagnosis of personality disorders using DSM-IV, clinicians (aged 33–84 yrs), 21222
short-term test–retest reliability & long-term stability of fear & phobia diagnoses & role of genetic & environmental risk factors in phobia etiology, female twins, 1 mo & 8 yr followups, 24333
social history & personality dynamics in psychosocial profile, 30 yr old female with severe psychopathy referred for pretrial assessment, 17964
speech signal rate & intonation as assessments of ideational & motor & intonational states, diagnosis of mental states, operators of mobile objects & depressed psychiatric patients, 19406
stability & specificity & sensitivity of clinical diagnosis & Autism Diagnostic Interview-Revised at 20 & 42 mo, children with autism spectrum disorders, 26133
stability of deficit syndrome diagnosis, outpatients with schizophrenia or schizoaffective disorder, 17894
stability of diagnoses at hospital admission & characteristics of frequently readmitted patients, psychiatric inpatients, 5-yr study, 2650
subtype diagnoses of schizophrenia, Japanese vs European psychiatrists, 21162

Psychoeducation—Serials
6 session psychoeducational support group, 34–49 yr old females at high genetic risk for breast cancer who were considering prophylactic mastectomy, 28553
addiction education groups, adult inpatients with dual diagnoses, 5570
anger management vs goal setting psychoeducational group intervention, state & trait anger & anger expression & self-efficacy beliefs, students at risk for dropout in alternative high school, 32325
brief group psychoeducation with vs without subsequent individual cognitive-behavioral therapy, eating symptoms & nonspecific psychopathology, 18–41 yr old females with bulimia nervosa, 18520
Coping With Depression psychoeducational course as cognitive behavioral treatment for unipolar depression, 5533
curriculum development & implementation of drug & alcohol abuse psychoeducational program for 8–9 yr olds from families with drug & alcohol abuse, 16027
design & implementation of psychoeducational workshop in ethics-based decision-making to reduce criminal recidivism, 1st-time offenders of misdemeanors, 25428
developing family psychoeducational treatments for patients with bipolar & other severe psychiatric disorders, 2167
effectiveness of brief psychoeducational interventions, patients with mental disorders, 37956
effectiveness of cognitive–behavior therapy vs supportive counseling & psychoeducation as adjunct to standard inpatient hospital care & medication, inpatients with acute schizophrenic episode, 25395

empathy training program, empathy expression, 18–54 yr old couples in romantic relationships, 6-mo followup, 28352
evaluation of Divorce Education Program, divorced nonresidential fathers (mean age 37 yrs), 17498
Free to Be Me psychoeducational group, 18–63 yr old overweight females, 5721
group interactive psychoeducation, parental attitudes toward & knowledge about intellectual disabilities & disorder management, parents of intellectually disabled children, India, 15217
integrative psychoeducational counseling model designed to facilitate sport psychology consulting process, 19 yr old male basketball athlete, 6360
interdisciplinary innovation in psychoeducational multimedia technologies, 3
issues in psychoeducational family interventions, implications for training & supervision, 5556
marketing factors, workshop experience satisfaction, 18–70 yr old couples in marriage education workshop, 28354
parent psychoeducation group, parent–child conflict & child problem behavior, parents of 12–17 yr olds with ADHD, 38493
psychoeducation medication management training & cognitive therapy & key-person counseling & patient characteristics, treatment outcome, schizophrenic patients, 2 yr followup, 21656
psychoeducational counseling group for college students (aged 21–24 yrs) from divorced families, 38118
psychoeducational group intervention, depression & anxiety & trauma symptoms, HIV/AIDS infected & affected female inmates (mean age 31.5 yrs), 14972
psychoeducational group, 31–52 yr olds with ADHD, 15463
psychoeducational intervention, psychological & immune function, 62–81 yr old females who were their spouses primary caregiver, 1 mo followup, 25480
psychoeducational nursing intervention to manage behavioral problems of persons with Alzheimer's disease & related dementias, caregivers' affective responses, home caregivers, longitudinal study, 18902
psychoeducational support group, role conflict & behavioral changes to reduce stress & cognitive restructuring & experiential outcomes, working 38–48 yr old mothers with 5–15 yr old children, 5566
psychoeducational technique of naming the enemy to differentiate mood disorder symptoms from the self experiencing those symptoms, child & adolescents with mood disorders & their families, 28348
psychoeducational workshops, parental knowledge & expressed emotion, parents of 10–18 yr old inpatients with mood disorders, 4-mo follow-up, 8097
psychotherapy & psychosocial stressors & biological factors & pharmacotherapy & psychoeducation, patients with bipolar disorders, 37306
school based gang prevention program, 8th graders, 22092

Psychoeducation—Books

The chemical dependence treatment documentation sourcebook: A comprehensive collection of program management tools, clinical documentation, and psychoeducational materials for substance abuse treatment professionals, 9258
Children of the dispossessed: Far-West preschoolers 30 years on (2nd ed.), 22474
Psychoeducational groups, 6175

Psychoeducation—Chapters

Cancer pain, 14979
Group psychotherapy: An overview, 34909
Group treatment of PTSD and comorbid alcohol abuse, 34912
New directions in family intervention programs for psychotic patients: Implications from expressed emotion research, 25098
Promoting life skills for adolescent males through sport, 33686

Psychogalvanic Reflex [See Galvanic Skin Response]

Psychogenesis [See Also Cognitive Development, Emotional Development, Moral Development, Psychosocial Development]—Serials

antisocial personality criteria presence in childhood & ability to predict Axis I & Axis II psychopathology in adulthood, female inpatients with borderline personality disorder, 17961
concepts in Freud's Mourning & Melancholia & issues involving psychoanalytic technique & theories of psychogenesis & motivation in human mental processes, 4810
critique of role of childhood abuse-induced trauma in L. deMause's psychogenic theory of history & cultural change & importance of psychogenesis of love, comment appended, 20680
developmental precursors of schizophrenia & affective disorders, 37270
examination of United Nations's Impact of Armed Conflict on Children study with focus on mental health of internally displaced & refugee children, 7329
impact of war on physical environments & ecosystems & implications for children's physical & psychological harm, 7339
model of dynamic organization & development of mind & implications for learning & instruction, 4425
novel & familiar situations, physical contact & visual references & exploration level, northern German (mean age 12.37 mo) vs US (mean age 12.18 mo) infants & their mothers , 20624
oedipal conflicts & masturbation as "internal soul murder" & psychic development, 35-yr-old male psychoanalysis patient , 31587
parental couple in relation to Oedipus complex at various levels of development & psychical maturation, 7977
prenatal exposure to radiation, psychological development, 6–11 yr olds exposed at Chernobyl atomic power plant, 14886
psychiatric & neurologic predictors of psychogenic pseudoseizures outcomes, adults, 37858
psychogenesis & childhood & childrearing & cultural evolution, 10729
social vs biological parenting, family functioning & child socioemotional development, parents & their 3.5–8 yr olds conceived by in vitro fertilization vs donor egg vs sperm vs adoptive children, 20720
structure & focus of & changes in feminist attitudes & identity & self esteem & occupational attitudes & psychological development in students after taking college-level women's studies classes, 35530

Psychogenesis [See Also Cognitive Development, Emotional Development, Moral Development, Psychosocial Development]—Books

Adolescent psychological developmental: Rationality, morality, and identity, 20448
Born that way: Genes—behavior—personality, 16889
The healing journey through menopause: Your journal for reflection and renewal, 36715
Stranger in the nest: Do parents really shape their child's personality, intelligence, or character?, 10746
That obscure subject of desire: Freud's female homosexual revisited, 37199

Psychogenesis [See Also Cognitive Development, Emotional Development, Moral Development, Psychosocial Development]—Chapters

Conduct unbecoming: Female inversion and social disorder, 37206
Designing the lesbian subject: Looking backwards, looking forwards, 37201
Developmental change: Lessons from microgenesis, 20540
The failure of liberalism, 37213
Fallen Woman: "The psychogenesis of a case of homosexuality in a woman", 37204
The female homosexual: C'est nous, 37210
Freud, the revival, 37209
Gender as contradiction, 37207
Las mujeres: Women speak to the word of the father, 37202
Letter to an unknown woman, 37208
Lying dreams, 37212
The origin of Piaget's ideas about genesis and development, 20544
The psychogenesis of a case of homosexuality in a woman (1920), 37203
Who was that girl?, 37205
Writing sex, erasing race: Rereading Freud's lesbian dream, 37211

Psychogenic Pain [See Somatoform Pain Disorder]

Psychohistory—Serials

changes in progression of childhood & family & cultural change, post-Soviet Belarus, 30306
consciousness as the common link between psychohistory & trauma psychology, 11261
general characteristics of histiography of psychiatry & professional relations between psychiatrist historians & professional historians, 14
group fantasy of peace & prosperity & politics of unreality during presidential years of W. Clinton, 1149
historical & content analysis of dreams during late Archaic period in ancient Greece, females, 1379
Holocaust as example of historical & political consequences of child abuse, 1713
life of E. Conolly & lack of representation in historical representations of husband & alienist J. Conolly's life, 8
peasant family life & child education & consequences of neglectful & abusive childrearing for adult personality, 19th century Belarus, 30304
psychoanalytic psychohistorical orientation & relevance of movie "Titanic" as example of group psychology, 1375
psychoanalytic theory & use of subjectivity in psychohistory methodology of P. Loewenberg, 29305
psychohistorical & psychoanalytical approach to corporate takeover in health care system & costs, US, 2443

EPAM to EGO: A cognitive journey, 16618
A profile of Mikhail Gorbachev: Psychological and sociological underpinnings, 30279

Psychoimmunology [See Psychoneuroimmunology]

Psychokinesis—Serials

contributions to experimental psychology & psychokinesis, E. Girden, 32090
correlation of philosophical dualism with belief in ESP & psychokinesis & life after death, 16–51 yr old college students, 27403
experiences by author of spontaneous psychokinesis after bereavement of spouse, 3624
statistical analysis of psychokinetic experiments with dice, 26465

Psycholinguistics—Serials

addressee specificity & presence, conceptualization & encoding of agent vs topic as subject of discourse utterances given as instructions in English vs German vs Spanish, college students, 26909
analysis & cognitive function of standard case of misunderstanding in language use & dialogic action games, 23636
analysis of linguistic misunderstanding process based on examples of conversational interaction in Italian, 23618
analytic framework derived from five-factor personality model applied to psycholexical classification of L. L. Bernard's list of instinct expressions, 20902
applicability of psycholinguistic models of semantic paralexias to Spanish speaking patients, 2003
ERP evidence for processing of grammatical gender agreement & sentence parsing, 30107
grammatically gendered & count-mass marking linguistic syntax, language & thought coding, Spanish vs English speakers , 30091
historical & comparative & pedagogical connection between translation & dreaming, 17732
late closure in resolution of attachment ambiguities in Spanish, adult Ss, implications for principle-motivated vs frequency-based models of sentence parsing, 3545
lexical representations & lexicalization processes & target–error resemblance in contaminational & semantic & formal & mixed French word substitution speech errors, 30090
linking schwa -e written in orthographic form -en in Dutch nominal compounds, activation of plural semantics, college students, 820
modality & age & gender differences in constituent order & deletion using Augmentative & Alternative Communication picture boards, speaking 5–12 yr olds, 7439
on-line semantic processes & syntactic analysis of subject–predicate agreement in Hebrew, adults, 808
phonotactic & probabilities & competitive effects, similarity neighborhood activation in spoken word recognition, right-handed adults, 17162
premise doubt & conversion & model number required strength & counterexample availability, suppression of inferences, native Spanish speaking adults, 17151
processing of ambiguous embedded clauses in German, college students, 17148
psycholinguistic & child language acquisition issues & criteria for assignment of nouns in grammatical gender systems, 30159
psycholinguistic behavior as language processing & verbal reasoning & discourse production in auditory hallucinations, hallucinating vs non-hallucinating 20–50 yr olds with psychotic disorders, 1624
psycholinguistic processing model of picture naming & dynamics of cortical activation during picture naming, 21–30 yr olds, 554
representation & processing of tone in Mandarin Chinese via naturalistic slips of the tongue from tape-recorded radio call-in programs, 30092
role of surface & cumulative word frequency, processing & representation of morphologically complex suffixed words & auditory word recognition, college students & graduates, 36671
serial order & word onset effect, phonological encoding & misspoken words in tongue twisters, native speakers of British English, 3565
similarities in artifact categorization as object recognition vs naming, speakers of English vs Chinese vs Spanish, 10119

structure-mapping, attributive predicates vs relational predicates vs double comparisons & the simile-metaphor preference, adults, 30089
syntactic reanalysis difficulty & structural change in reading comprehension, adults, 10705
time course & scalp distribution of ERPs of visual word recognition under visual vs phonological & phonetic vs phonological & lexical vs semantic levels of processing, male & female Ss, 23373
use of linguistic structural & prosodic cues to interpret pragmatic function of given/new distinctions in sentences, Chinese-speaking 5 vs 7 vs 9 vs 11 vs 13 yr olds vs adults, 7384

Psycholinguistics—Books
The articulate mammal: An introduction to psycholinguistics, 4375
The emergence of language, 13966
Foreign language learning: Psycholinguistic studies on training and retention, 823
How language comes to children: From birth to two years, 23737

Psycholinguistics—Chapters
Action, thought and language, 7317
Anaphora in language processing: Transfer of cognitive strategies by native Chinese, Dutch, English, and Japanese speakers, 268
Argument structure and Maasai possessive interpretation: Implications for language learning, 825
Disambiguation and grammar as emergent soft constraints, 16260
Distributional information in language comprehension, production, and acquisition: Three puzzles and a moral, 13334
The effect of alphabet and fluency on unitization processes in reading, 261
Effect of first language phonological configuration on lexical acquisition in a second language, 300
Generativity and variation: The notion "rule of grammar" revisited, 13879
How do readers of Chinese process words during reading for comprehension?, 13322
How is access representation organized? The relation of polymorphemic words and their morphemes in Chinese, 13337
Individual differences in second language proficiency: Working memory as language aptitude, 828
A model of bilingual representation and its implications for second language acquisition, 827
On the emergence of grammar from the lexicon, 13967
Reading Chinese: Some basic eye-movement characteristics, 13342
Sentence understanding in Chinese, 13341
Statistical learning in linguistic and nonlinguistic domains, 13878
Stroop interference in bilinguals: The role of similarity between the two languages, 260
Use of prelexical and lexical information during Chinese sentence reading: Evidence from eye-movement studies, 13329

Psychological Abuse [See Emotional Abuse]
Psychological Adjustment [See Emotional Adjustment]
Psychological Assessment [See Also Behavioral Assessment, Cognitive Assessment, Neuropsychological Assessment]—Serials
abductive theory in identifying client's psychological difficulties & subsequent clinical reasoning & assessment, clinicians, 25677
application of item response models to problems in assessment of depression, 6631
applications of process models in assessment psychology, 6551
appropriateness of psychological measurement approaches to issues of competency or fitness to stand trial, 22800
assessment of attentional & anxiety related bias for threatening faces, probe position vs classification task results, high & low trait anxiety participants, 21183
assessment of dissociation, highly functional transsexuals, 7757
assessment of health related quality of life, patients with epilepsy, 34617
assessment of maladaptiveness in psychodiagnosis, 19–76 yr old patients with personality disorders, 34247
assessment of needs & problems in child-care social work using Depression Social Assessment Schedule, children & their families, 13074
attitudes toward & use of Rorschach test & evidence for reliability & validity & diagnostic efficiency & incremental validity & decision making &/or treatment outcome improvement, health professionals, 29370
attitudes toward physician-assisted suicide & Oregon Death With Dignity Act & assessing patients who request such assistance, 31–76 yr old Oregon psychologists, 28876
auditing for improvement of mental health assessment in child protection, mental health & child protection personnel, 4 mo study, 28703
behavioral & intellectual abnormalities in psychological assessments, later development of schizophrenia, 16–17 yr old males, 34151
changes in development & doctor–patient relationship & usefulness of SHADSSS as psychosocial functioning assessment, pediatricians & adolescent patients, 9100
Child Well-Being Scales for clinical assessment & case management in family services, families, 22180
clinical assessment & differential diagnosis & treatment planning, children & adolescents with obsessive-compulsive disorder, 34213
clinical developments in assessments & therapies & pharmacology of sex-offending behaviors, 18497
cognitive & general mental health assessment & estrogen & progestins, postmenopausal women, 90
cognitive therapy & psychological profile, 38–70 yr old patients with Parkinson disease, 34866
common themes in process model applications to psychological assessment, 6540
comparison of methods for assessment of mental disorders, homeless & poor adults, 11315
comparisons of structured & semi-structured psychiatric diagnostic interviews in general populations, 37958
comparisons of structured & semi-structured psychiatric diagnostic interviews in general populations, commentary, 37977
conceptual & methodological issues in use of quality of life measures in mental health & psychological treatment outcome evaluation, 26139
conceptual & psychometric considerations in selection of national items for World Health Organization Quality of Life, cross cultural assessment of quality of life in health, 16–65 yr olds, 15460
confidence & accuracy in clinical assessments of short-term risk of violence, physicians & psychiatric patients (mean age 42.2 yrs), 8401
congenital heart disease, emotional development & family relations, adolescents, implications for psychological intervention, 18334
construct validity & clinical assessment of anxiety sensitivity & disorders, children & adolescents, 19613
construct validity of Multigroup Ethnic Identity Measure, assessment of ethnic identity & salience of ethnicity & psychological well-being, 12–14 yr olds from diverse ethnic groups, 29336
construct validity of Rogers Criminal Responsibility Assessment Scales, insanity defense cases, 26157
construction & validity of the Behavioral & Emotional Rating Scale, assessment of emotional & behavioral strengths, children with serious emotional disorders & their parents & professionals, 32716
contextualized assessment of & generalizing interventions for children with social skills deficits, 16354
contribution of cognitive control failures & fantasy proneness to dissociative experiences measured by Dissociative Experiences Scale, undergraduates, implications for utility of scale for screening, 13052
convergent & discriminant validity of 2 children's traumatic event assessment instruments, sexually abused 8–17 yr olds, 26135
convergent validity of Temperament and Character Inventory & Coolidge Axis II Inventory, personality traits & prediction of personality disorders, 16–42 yr olds, 32598
correlates of caregiver burden, caregivers & elderly, validation of Japanese version of Zarit Caregiver Burden Interview , 22903
criteria used in assessment of child care cases under 1989 Children Act & child psychotherapy view of professional interpretation of parent–child interactions, parents & children, 11282
criterion-related validity of situational interview, assessment of past behaviors or future intentions, 9994
cross validation of Clinical Interview Schedule using semi-structured clinical assessment vs ICD-10, 16–64 yr old nonclinical Ss, 35923
cross-case comparative analysis of intake workers' descriptions of assessment of clients for psychotherapy, 30–51 yr old intake workers & 23–55 yr old clients, 38011
development & factor analysis & reliability & validity of Garos Sexual Behavior Index, assessment of disorders of sexual frequency & control, 18–30 yr olds, 76
diagnosis of major depressive disorder using Schedule for Affective Disorders and Schizophrenia for School-Age Children vs other instruments, children with depressive symptoms, reply, 34106
diagnosis of major depressive disorder using Schedule for Affective Disorders and Schizophrenia for School-Age Children vs other instruments, children with depressive symptoms, comment, 34114
diagnosis of major depressive disorder using Schedule for Affective Disorders and Schizophrenia for School-Age Children vs other instruments, children with depressive symptoms, comment, 34127
diagnosis of major depressive disorder using Schedule for Affective Disorders and Schizophrenia for School-Age Children vs other instruments, children with depressive symptoms, 34107
Differential Test of Conduct and Emotional Problems, evaluation of outcomes of specialized youth services treatment program, 10–17 yr olds with conduct disorder & emotional disturbances, 9 mo study, 32662
diversified approach to assessment & treatment of behavioral & developmentsl & psychiatric disorders, young children, 18781
emotional tension during professional psychological examination conditions, 17–19 yr old males, 4065
epidemiology & etiology & assessment & treatment of perinatal mood disorders , 1548
ethical & legal issues in evaluation & treatment, juvenile sex offenders, 1703
ethics & expertise & validity of psychological assessment, 22374
evaluation of mental health & depression during pregnancy, 1459
factor analysis & construct validity of Psychopathy Checklist—Revised, White vs Black vs Hispanic male vs female 19–57 yr old alcoholic inpatients, 35970
factor analysis & dimensionality of Beck Depression Inventory, college students, implications for assessment of depression, 35894
factor structure & prototype analysis of Millon Adolescent Clinical Inventory, male vs female 13–19 yr olds referred for residential treatment, 17775
factor structure & validity & reliability of French-language version of Positive and Negative Syndrome Scale, Ss with schizophrenia (mean age 36.8 yrs), 32644
factor structure of Danish translation of Rutter Scale B, teacher-completed epidemiological & clinical tool, 7 yr olds, 8003
factor structure of Schema Questionnaire for assessment of early maladaptive schemas of psychopathology, psychiatric inpatients & outpatients (mean age 39 yrs), comparison with previous analyses, 29373
family relations & distress & demographics, primary care assessment of psychosocial functioning, 2–16 yr old children with psychosocial problems & 22–53 yr old parents , 38488
foundations of psychological assessment in research & implications for clinical assessment of cognition , 6539
gender differences in schizophrenia, implications for the evaluation of females, 1574
genetic vs environmental influences, Revised Child Manifest Anxiety Scale response, parents & twins 8–16 yrs old, 32656
guidelines for increasing financial efficacy of clinical assessment, 26142
guidelines for psychological & psychophysiological assessment, adolescent sexual offenders , 1675
guidelines for psychological evaluations in child protection matters, psychologists, 28890
guidelines for psychologists who perform evaluation of dementia & age-related cognitive decline, 9371
impact of managed care environment in mental health assessment of young children, 18785
impact of managed care on clinical use of assessment tests, psychologists, 6057
impact of managed health care policies on testing & assessment practices & training of clinical psychologists, 28672
importance of both analytical & intuitive skills in clinical reasoning & assessment & decision making, clinical psychologists, 25688
interpretation of cultural data in assessment & case conceptualization in therapy using Multicultural Assessment Procedure, commentary, 55
interpretation of cultural data in assessment & case conceptualization in therapy using Multicultural Assessment Procedure, commentary, 39
interpretation of cultural data in assessment & case conceptualization in therapy using Multicultural Assessment Procedure, 53
interpretation of cultural data in assessment & case conceptualization in therapy using Multicultural Assessment Procedure, commentary reply, 52
interpretation of cultural data in assessment & case conceptualization in therapy using Multicultural Assessment Procedure, commentary, 37
interrater reliability of Danish Morgan Russell scale, assessment of severity of anorexia nervosa, anorexic patients, 9896
interrater reliability of German version of Calgary Depression Rating Scale for Schizophrenia, severity of depressive symptoms, experienced psychiatrists vs novice raters, 35949
introduction to journal's special section on strengths & limitations of Rorschach test for assessment in applied clinical settings, 29382

issues in & assessment & rationales for considering couples therapy modality, domestic violence cases, 28344
issues of cultural interaction & culturally sensitive assessment & treatment of young children, mental health professionals, 18774
item–total-score correlations of Spielberger's state anxiety inventory, Antarctic expeditioners, 29320
latent variable modeling approach that permits estimation of individual latent change scores & relationship of ability change scores to other variables, 19670
listening to depressed patient interviews, interrater reliability of cognitive–behavioral case formulations with depression & anxiety practice cases, clinicians with vs without PhD training, 26154
melatonin, jet lag, 24–62 yr olds, validation of Columbia Jet Lag Scale, 35023
Mississippi Scale for Desert Storm War Zone Personnel, assessment of long-term psychological effects of war-related stress, Marine reservists, 3 yr study, 6663
MMPI-2 profiles, patients found Not Guilty by Reason of Insanity vs civilly-committed psychiatric inpatients, 21041
multimethod assessment approach for evaluating the dyadic adjustment of drug-abusing patients & their intimate partners, 14733
multinomial processing tree models & psychological assessment, 6536
neurologic & neuropsychological & psychiatric assessment, 8 yr old male with narcolepsy, 5222
optimism & creativity & playfulness in psychological assessment & importance of assessing psychological health, 22875
patient variables & circumstances of admission, observation levels in acute psychiatric admissions, teaching & traditional psychiatric hospitals, 19016
physiological arousal as measure of construct validity of Childhood Anxiety Sensitivity Index, 8–11 yr olds, 13072
potential contributions of psychological assessments to processing of youths in juvenile justice & correctional systems, 22794
practice parameters for assessment & diagnosis & treatment of learning & language disorders, children & adolescents, 1384
practices carried out in assessment for depression in elderly patients, hospital nurses, 22372
pragmatic assessment & therapy for persons with brain damage, 32065
prediction of training outcome, 17–34 yr old Air Force basic trainees referred for psychological evaluation & returned to duty, 25975
prevalence & assessment & staffing factors related to aggressive behavior, elderly patients, 27820
prognosis for recovery of mental & physical functioning, patients suffering a first stroke (23–92 yrs old), 34631
psychological assessment, distinguish between depression & dementia, elderly, 7994
psychological characteristics for assessment of liver transplant candidates, US military veterans with history of substance abuse, 38433
psychological evaluation & process of serial false confession to murder, 59 yr old male death row prisoner, 37598
psychological testing of patients in psychopathic clinics involved in traffic violation or collision, 27507
psychometric evaluation of Yale-Brown Obsessive Compulsive Scale-Trichotillomania & Psychiatric Institute Trichotillomania Scale & NIMH Trichotillomania Severity & Impairment Scales, adults, 26158
psychometric properties & reliability & validity of alternate forms of translated form of Center for Epidemiologic Studies-Depression Scale, adult Korean immigrants, 86
Psychopathy Checklist-Revised scores, prediction of violent recidivism, personality disordered violent offenders aged 16–72 yrs old, 21365
rank test statistical method for evaluating clinical testing scores, outpatients with panic disorder & agoraphobia, 16334
relationship between perimenopause & depression & evaluation of depression in perimenopause, 1543
relevance of Rorschach test data in clinical assessment & advantages to use of Rorschach when interest is focused on unconscious & longitudinal & structural dimensions of client functioning, 29397
reliability & validity & factor structure of Social Adjustment Scale for the Severely Mentally Ill, 18–70 yr olds with psychotic or mood disorders with or without substance abuse disorder, 17785
reliability & validity of assessment of personality disorders, comparison of structured interviews among themselves vs with checklists or self-rating questionnaires, 6605
reliability & validity of Canadian French adaptation of Agoraphobic Cognitions Questionnaire vs American & Dutch versions & gender differences, male & female Ss with agoraphobia & undergraduates, 29396
reliability & validity of short form of Center for Epidemiologic Studies Depression Scale, 70 yr olds & older with vs without depression, 3 yr study, 32631
reliability & validity of Systematic Treatment Selection Clinician Rating form & use in treatment planning, 22–76 yr olds with alcoholism or major depression or other mental disorders, 26138
right vs left hemisphere sensitivity to past traumas & perceptions & attitudes & feelings, male split-brain patients, 5400
role of assessment of caregiver–child relationship in overall psychiatric evaluation, preschool age children, 18779
role of assessment of speech & language & communication skills in overall psychiatric evaluation, young children, 17188
role of developmental assessment in comprehensive psychiatric assessment & review of common assessment instruments, young children, 17186
role of diagnostic play interview in comprehensive psychiatric evaluation, young children, 18771
role of medical assessment in comprehensive psychiatric evaluation, young children, 18780
role of obtaining developmental history in psychiatric evaluation, young children, 18772
role of occupational & physical therapy in psychiatric evaluation & intervention, young children, 18476
role of psychologists & psychological assessment in general managed health care, 28677
role of psychologists in assessing end-of-life mental conditions & competence of patients under Oregon's Death With Dignity Act, 28891
school counseling model for identification & assessment of therapy for school children from dysfunctional families, 19366
school-based developmental evaluation as alternative to traditional clinic-based psychiatric evaluation, young children, 18778
scientist-practitioner model, didactic teaching materials linking assessment & case conceptualization & intervention, counseling psychology students, 38692
self vs psychiatrist rated assessment of depressive symptomatology before & after antidepressant therapy, inpatients with major depression (mean age 41.7 yrs), 28 day study, 35931
self- vs clinician-rated suicide assessment & discrepancies, young adults referred for suicidal ideation or behavior (mean age 22 yrs), 14676
similarities & possible integration of theory & classification & assessment & therapies of different scientific fields for psychosynergy in the study of personality, 27422
stochastic process models & applications to assessment psychology, introduction to special section, 6541
structured vs unstructured assessment interviews, diagnosis of borderline personality disorder, psychiatric outpatients, 35973
suicide risk assessment, suicidal patients, 34278
test norms, battery of psychological tests for pre-cardiac transplantation evaluations, 18–72 yr old transplant candidates, 32653
test-retest reliability of psychological & neurobehavioral tests self-administered by computer, identification & characterization of consequences of service in Persian Gulf War, nonclinical adults, 13032
test–retest reliability of Multidimensional Anxiety Scale for Children, children & adolescents aged 8–18 yrs, 32646
therapeutic application of Pictorial Representation of Illness & Self Measure to measure burden of suffering & facilitate clinician-patient communication & monitor changes with treatment, patients, 26202
thinking process of assessment sessions, 19 & 16 yr old female clients of Adolescent Department of Tavistock Clinic , 15161
use of Adlerian assessment techniques for eliciting lifestyle information, 28-yr-old male with dissociative identity disorder, 24958
use of dialectical assessment in determining experienced pain & degree of openness to & best style of psychological assistance, clients seeking therapy, 25002
use of item response theory in psychological test construction & evaluation & scoring, 16299
use of psychological strategies & assessment instruments for identifying mothers from care-managed families at risk for & psychosocial factors in major depression, social workers, 30656
use of Rorschach to assess playfulness & playfulness as indicator of psychological health, 22866

Psychological Reactance—Serials

compliance behaviors & general improvement perceptions & reactance in psychotherapy relationship, 21–60 yr old clients & their therapists, 31461
personality type & psychological reactance, college students, 17654
stability & change in intrusive & withdrawn behavior of mother–child interaction & mother–boyfriend interaction, 16–23 yr old mothers of 3–5 mo olds, 14486
susceptibility to endowment effect & loss aversion in comparability of trading consumer goods, college students, 6385
trait reactance & propensity for counterproductive job behavior & age & sex & job satisfaction, compliance with & complaints about supervisory requests, 18–52 yr old part-time employees, 38994

Psychological Report—Serials

format for pediatric neuropsychological assessment & reports, 14390

Psychological Report—Chapters

Writing forensic reports, 9737

Psychological Screening Inventory—Serials

social desirability effects of anonymous vs identified responding & Psychological Screening Inventory scores on psychological maladjustment scales, male 18–49 yr old US Naval personnel, 26143

Psychological Stress—Serials

academic stress, erythron variables & hematological changes, 19–22 yr olds tested before & after difficult final oral examination , 601
acute psychological stress, craving and stress reactivity & changes in sadness & anger & heart rate & salivary cortisol & anxiety & joy & fear & physiological responses, cocaine abusers , 18078
adrenocortical suppression with metyrapone, psychological stress-induced changes in memory storage, male rats, 13775
assessment of heart rate & anxiety & coping strategies as adaptation to examination stress, 1st vs 2nd yr medical students, 2743
attitudes toward death & psychological distress of caring for terminally ill cancer patients, female nurses vs doctors in hospice vs oncology vs aid service setting, 6046
behavioral & physiological consequences & adaptation & temporal changes in anterior pituitary responses to physical & physiological stress, 4002
childhood abuse & unique missions-related psychological stress, 24–37 yr old female missionary kids with dissociative disorder, 27548
Class II studies of relationship between physical trauma & psychological stress & onset or exacerbation of multiple sclerosis , 24802
Classroom Crisis Intervention to help students cope with traumatic events, 9562
crossover of psychological stress or strain between principals and teachers (mean age 39.58 yrs) , 25717
early parental loss & recent stressful events, global health status & number of acute & chronic conditions, 65 yr olds & older , 1007
earthquake related psychological stress & lifestyle change, adult males, 34207
effects of parental history of hypertension & urbanization on resting blood pressure levels & blood pressure responses to mental stress, 20–30 yr old medical students , 14990
emotional & physical effects of acting out emotionally stressful psychiatric roles in context of medical education, standardized patients, 28855
emotional tension during professional psychological examination conditions, 17–19 yr old males, 4065
family relations & distress & demographics, primary care assessment of psychosocial functioning, 2–16 yr old children with psychosocial problems & 22–53 yr old parents , 38488
financial giving to organized place of worship & acute psychological stress response, adults, 17455
gastrointestinal symptomatology & plasma prolactin & cortisol levels & patterns during neutral & stress interviews, 24–50 yr olds with functional dyspepsia, 21466
global vs organization based measures of self esteem as a moderator between role stressors & psychological & physical strains, 13050
heart rate variability at rest & during mental stress, 46–79 yr old coronary artery disease patients with high vs low depressed mood score, 14989
household composition, psychological distress & satisfaction, US vs Indian adults, 11015
immobilization stress, effect of antiallergic drug cromolyn vs corticosterone releasing hormone antagonist, coronary mast cell immunochemistry, male rats, 604
increased sensitivity to stress associated with noradrenergic hyperactivity & vulnerability to spontaneous recurrences of methamphetamine psychosis, female inmates, 34197
individual differences in & factors confounding effects of laboratory & real-life psychological stress on neuroendocrine functioning in healthy humans, 20226
injury severity, self- & parent-reported quantity of psychological stress symptoms, 6–12 yr olds with orthopedic injuries or traumatic brain injury, 1-yr study, 21471
interpersonal & intrapersonal & academic & environmental sources of stress, college students, 32297
Kraepelin arithmetic test-induced mental stress, plasma HVA decrease, male 20–34 yr olds with schizophrenia, 14583
lab-induced mental stress, relationship between high vs low emotional responsivity & transient myocardial ischemia, 36–74 yr olds with coronary artery disease , 28106
legal & clinical issues in & biopsychological roots of post-traumatic-induced polarization of perception of others as friends or allies, 23983
life stress & aging, interleukin-6, caregivers of Alzheimer's patients (mean age 70.9 yrs) vs women assessed before moving residence (mean age 79.6 yrs) , 36895
marital status & psychological distress, adults at 23 & 33 yrs old, 17484
meaningful employment, major depression & occupational & psychological stress & self concept clarity & self actualization & coping behavior & avoidance, 21–89 yr olds, 7947
mental stress vs autonomic dysreflexia, regional sympathetic nervous system function & level of lesion, 31–51 yr olds with spinal cord injury, 5362
model of social support & work–family role conflict & time demands & involvement & satisfaction, adults who were married or had children at home, 35634
perceptions of financial difficulty & family strain & personal stress in short vs long-term disability & preferences for home vs institutionalized care, 65–99 yr olds, 31991
physical vs psychological stressors, electrocardiogram readings vs pulse when measuring heart rate & reactivity, 18–35 yr old Ss, 26722
physiology & sleep & well-being & stress, 35–54 yr old perimenopausal women, 6 yr study, 17412
positive & negative life events & perceived stress during transition to supported community accommodation, 21–38 yr olds with intellectual disability, 5 mo study, 8449
prenatal psychological stress, birth weight & neurobehavioral maturation, infant rhesus monkeys, 16947
prostate-specific antigen screening programs, psychosocial stress & satisfaction with social support, men (mean age 60.3 yrs), 35150
psychogenic & neurogenic stressors, neuroendocrine & central monoamine activity, fast vs slow kindling rats, 36510
psychological factor of salivary cortisol secretion & stress reactions, unemployed individuals, 6285
psychological problems & stress & demographics, self-reported formal & informal help seeking, college students, 22563
psychological state & perceived strain in relation to fertility problems during course of treatment, couples with primary infertility, 22 wk study, 5739
psychological stress & adjustment & body image & depression, South African Black vs White breast cancer patients, 18324
psychological stress & disordered eating, 18–22 yr old females, 31013

psychological stress & endogenous estrogen, plasma homocysteine & heart rate & blood pressure, 40–63 yr olds, implications for role of stress in cardiovascular disease, 29970
psychological stress & impairments in local inflammatory response, postmenopausal females, 20985
psychological stress of academic examination, serum prolyl endopeptidase & dipeptidyl peptidase IV activity, undergraduates, 4053
psychological stress, 30–68 yr olds awaiting heart transplantations, 2489
psychosocial stressors, behavior problems & development of mental illness, homeless 6–12 yr olds in mother-headed families, 10894
relationship between coping efforts & stress-related mood changes, men & women (mean age 42 yrs) with high levels of work or marital stress, 33984
relationship between sociodemographic & illness-related & caregiver stress-related & psychological resources variables & burden of caregiver (mean age 52 yrs) for mentally ill relative, 35248
relationships between object relations/reality testing functioning & coping skills & somatic tension, supervisors & managers, 33987
role of personal resources & prenatal psychosocial stress & sociocultural factors on length of gestation at birth & infant birth weight, Hispanic vs White pregnant females, 23908
role of psychological stress & local proinflammatory cytokine production in expression & severity of illness, adults infected with influenza A virus, 14896
SCH23390 vs sulpiride, ethanol induced place preference & its enhancement by mu vs delta opioid receptor agonists, male rats exposed to conditioned fear stress, 33447
skin pain sensitivity & psychoemotional stress, male 18–49 yr olds with vs without chronic neurasthenia, 30771
sleep-wake parameters & relationships to corticosterone levels, prenatally stressed adult rats, implications for animal model of depression , 36413
social support & coping style & perceived self efficacy, psychological health & distress, 65+ yr old victims of mistreatment living independently, 1 yr followup study, 33695
social support & psychological distress, male vs female 35–55 yr olds, 14606
sources of stress & symptoms of burnout, rural vs urban secondary school teachers, 32180
stepmothers & stress, 17497
stress & risks of burnout from crisis intervention & trauma therapy, psychotherapists, 6056
stress & stress management strategies, lesbian vs heterosexual females (aged 19–67 yrs), 31819
stressful life events & internalized symptoms of stress & perceived competency & academic achievement, Hispanic 9th graders, 25762
structured time use & financial strain & task variety & skill use & social support & emotional distress, employed vs unemployed vs student 21–35 yr olds, 11210
traumatic responses & extent of psychological distress, 14–81 yr old residents exposed directly vs indirectly to aircraft crash, England, 29227
vascular endothelial function & mental-stress-induced hemodynamic responses, 25–44 yr olds, 20248
vocational & relationship stressors & identity formation, mental health, 15–24 yr olds, 3 yr study, 27036
work load & working conditions, BP & heart rate & catecholamine levels & muscle tension & pain & psychological stress, 20–58 yr old female supermarket cashiers , 25945

antireligious content in Quest scales & association between religious intrinsicness & absolutism & importance of "ideological" in religious orientation research, adults (mean 19.96 yrs), commentary, 7630
assessment of psychometric characteristics & dimensionality in NEO Five-Factor Inventory Form S for personality, employed nonstudent adults, 19604
attitudes toward & use of Rorschach test & evidence for reliability & validity & diagnostic efficiency & incremental validity & decision making &/or treatment outcome improvement, health professionals, 29370
Awareness of Being a Patient Scale development & psychometric properties, 18–67 yr old schizophrenia patients, 35941
base rate of specific discrepancies between California Verbal Learning Test Children's Version & level of discrepancy for statistical significance, 5–16 yr olds , 9826
Bayesian adaptive method of estimation of psychometric threshold & slope functions, application to visual contrast detection, 22829
clarifications about taxons & taxometric method, application to diagnosis of psychopathology, 26265
completely & other additive conjoint isotonic probabilistic models, 36067
conceptual & psychometric considerations in selection of national items for World Health Organization Quality of Life, cross cultural assessment of quality of life in health, 16–65 yr olds, 15460
conceptual foundation & validation procedures & psychometric properties of Functional Performance Inventory, adults with chronic obstructive pulmonary disease, 9894
constrained generalized maximum likelihood routine for fitting psychometric functions applied to psychophysical data, 9803
construct validity & psychometric properties of self-complexity component measures vs dimensionality statistic, college students, 19601
construction & reliability & validity of Illness Attitude Scales & subtests for diagnosis of angina, adults with chest pain with vs without panic disorder & anxiety, 16339
description & application & alternatives of statistical methods for defining & determining clinical significance of mental health treatment effects, 26260
development & psychometric assessment of measure of psychological sense of community at work & related antecedents & consequences, 31–40+ yr old employees, 117
development & psychometric properties of 2 measures of self-care & problem solving self-efficacy, 30-85 yr old caregivers of cognitively impaired elders, 26124
development & psychometric properties of short version of Team Climate Inventory, evidence of 4-factor structure of team climate, social & health care personnel, 22922
development & psychometrics & scoring of Sexual Experiences Questionnaire—Department of Defense, measurement of nature & prevalence & severity of sexual harassment, military personnel, 32635
development & psychometrics of 5 item version of Geriatric Depression scale, frail outpatients, 26144
development & psychometrics of Benzodiazepine Dependence Self Report Questionnaire, general practice patients vs psychiatric outpatients vs self help patients, 26147
development & psychometrics of Neurobehavioral Functioning Inventory, adults with head injuries, 36000
development & psychometrics of scale for perceptions of quality of care by teams & attitudes toward physicians, Veterans Affairs medical health care team members, 19179
development & psychometrics of Traits Personality Questionnaire, measurement of big 5 personality dimensions, Greek college students, 6600
development & reliability & content validity of Community-Oriented Health Care Competency Scale, knowledge & attitudes & intention to practice community-oriented health care, adults, 35855
development & reliability & validity of Pediatric Emotional Distress Scale for rapidly detecting & measuring exposure to traumatic events or disasters & resultant behavior problems, 2–11 yr olds, 13073
development & reliability & validity of Prison Behavior Rating Scale to measure mental disturbance, prisoners , 6608
development & validity & reliability of measure of subjective consumer knowledge, 17–83 yr olds, 36055
development & validity of Codependency Assessment Tool, adult females in abusive & potentially harmful relationships, 1462
development of Audit of Diabetes Dependent Quality of Life, measurement of perceived disease impact, adults with diabetes, 36006
development of psychometric vs information processing assessments for cognitive abilities in military testing, 26245
differential selective-attention psychometrics, adults with obsessive–compulsive disorder vs panic disorder, 11460
discrete proportional hazards & psychometrical application of Metropolis-Hastings algorithm & marginal likelihood inference & latent variables & item parameters & survival analysis, 13129
discriminative properties & psychometric equivalence comparison between Screening Version of Psychopathy Checklist—Revised & original version, 16–82 yr old forensic vs civil psychiatric patients, 9881
distribution characteristics & reliability & validity of noise-sensitivity measures, college students, 35880
economic methods for measuring the quality of life associated with HIV infection, 37788
equivalence of computerized & written psychological instruments, implications for measures of negative affect, 22957
evaluates psychometric properties of the Canadian version of the Wisconsin Quality of Life-Index, French vs English speaking patients with schizophrenia or schizoaffective disorder, 36009
evaluation of Yale-Brown Obsessive Compulsive Scale for heavy drinkers, pre-treatment vs end treatment results & severity of symptoms & psychometric properties, moderately heavy alcohol abusers, 36011
exploratory vs confirmatory factor analysis for determination of invariance of personality traits across personality measures, college students & other adults, 20907
factor analysis & structure & psychometrics of Impact Message Inventory, description of interpersonal behaviors, adults, 23978
factor analysis of ipsative measure individual Learning Style Inventory, 32605
factor structure & psychometric properties & predictive power of self esteem & psychological distress subscales of Chinese Frost Multidimensional Perfectionism Scale, 13–18 yr olds, Hong Kong, 35892
factor structure & psychometric properties & stability estimates of EAS Temperament Questionnaire, 18 vs 30 vs 50 mo olds , 13045
factor structure & psychometric properties of Social Interaction Anxiety Scale & Social Phobia Scale, measurement of social phobia, 17–43 yr olds, 3327
factor structure & reliability & validity of Multimethod Job Design Questionnaire, assessment of integrating approaches to work, university employees, 25888
feasibility & range of measurement of Pediatric Quality of Life Inventory-32 assessment of health-related quality of life, 8–18 yr old pediatric cancer patients, 32658
instruments for assessment of characteristics & dimensions of auditory hallucinations in schizophrenia & other psychiatric disorders, 1454
internal psychometric properties & convergent validity of Family Environment Scale, antisocial & non-antisocial families with alcoholic father, 30907
memory- vs stimulus/information-dependent processes as theoretical underpinnings of & psychometric issues related to measures of parental attribution of child behavior, 6550
menstrual cycle phase, psychometric sum scores on Locus of Control of Behavior Scale & Internal-External Locus of Control Scale, healthy women, implications for integrity of locus of control construct, 22850
meta-analytic approach to psychometric 3-step procedure for testing variable hypotheses, 13031
methodology for estimation of ultrametric trees calibrated on pairwise proximity judgments of stimuli, 6742
noise placement in psychometric function slope for apparent motion modeling, adult Os, 10031
performance & inter-correlations of single item visual analogue vs prospective symptom rating scales, assessment of severity & drug treatment efficacy, females with premenstrual mood symptoms, 26159
practical & ethical issues in use of client vs nonclient child vs adult volunteers in teaching psychological testing, psychology instructors, 15754
principles of item response theory & use in evaluating psychometric properties of MMPI-2 Personality Psychopathology-five scales, heterosexuals living together, 24038
procedures for use of qualitative & quantitative techniques to assess an instrument's content validity, 22950
psychometric analysis of Client Cultural Competence Inventory, perceptions of behavioral managed care agency & therapist cultural competence, parents of 5–17 yr olds with severe emotional disturbance, 9139
psychometric characteristics & practicality of concept mapping as technique for classroom assessment, college students, 19255
psychometric characteristics of Recovery Scale, patients in partial hospitalization program, 22860
psychometric evaluation & validity of TNO-AZL Children's Quality of Life parent form, health-related quality of life, parents of 6–15 yr old patients, 3358
psychometric evaluation of Yale-Brown Obsessive Compulsive Scale-Trichotillomania & Psychiatric Institute Trichotillomania Scale & NIMH Trichotillomania Severity & Impairment Scales, adults, 26158
psychometric integrity of Czech version of Temperament & Character Inventory,18–60 yr olds, 32600
psychometric performance of Center for Epidemiologic Studies-Depression Scale &/vs General Health Questionnaire-12 for depression screening, 60–99 yr olds, 24218
psychometric principles of affect & correlations between positive & negative affects, 9959
psychometric properties & clinical utility of Normative Studies Research Project test battery, 62–94 yr old African American & European American urban medical patients with vs without dementia, 3338
psychometric properties & conceptualizations of 7 self-rated measures of loneliness, adults, 19591
psychometric properties & factor structure of Devereux Scales of Mental Disorders, assessment of behavioral & emotional problems, 5–12 & 13–18 yr olds, replication, 29367
psychometric properties & predictive value of demographic & socioeconomic data in State Trait Anxiety/Anger vs Daily Hassles vs CES-D depression scales vs Life Orientation Test, 18–83 yr olds, 7937
psychometric properties & reliability & validity of alternate forms of translated form of Center for Epidemiologic Studies-Depression Scale, adult Korean immigrants, 86
psychometric properties & screening suitability of Even Briefer Assessment Scale for Depression, elderly patients in geriatric care in German vs English speaking countries, 26161
psychometric properties of 3 paper-and-pencil tests for speed of information processing & correlations with intelligence, 17–58 yr olds, 6594
psychometric properties of Anti-fat Attitudes Scale, measurement of negative attitudes toward overweight individuals, adolescents & college students, 29335
psychometric properties of Beck Anxiety Inventory, nonclinical 55–96 yr olds, 9897
psychometric properties of body posture items of the Comprehensive Body Examination, 75
psychometric properties of C. R. Cloninger's Tridimensional Personality Questionnaire & correlates with EPQ, male prisoners, 29371
psychometric properties of Center for Epidemiological Studies Depression Scale, depressive symptoms, female cancer patients aged 18 yrs or older, 19621
psychometric properties of Dutch version of Helping Alliance Questionnaire, assessment of therapist–patient relationship, drug dependent patients, 32633
psychometric properties of Emotional Creativity Inventory, assessment of structure & correlates of emotional creativity, 17–56 yr olds, 17645
psychometric properties of Frost &/vs Hewitt Multidimensional Perfectionism Scale, 18–65 yr olds with anxiety disorders, 35952
psychometric properties of Full vs Short versions of Auality of Life Instrument Package, persons with developmental disabilities, 26085
psychometric properties of Golombok Rust Inventory of Sexual Satisfaction, heterosexual couples, Netherlands, 9802
psychometric properties of instruments used to assess readiness to change substance abuse, 35926
psychometric properties of interview & self-report versions of BASIS-32, assessment of psychiatric symptoms & functional abilities, severely mentally ill adults, commentary & reply, 6611
psychometric properties of Korean vs English versions of NEO-Personality Inventory-Revised Form R vs S, native Korean college students, 3303
psychometric properties of modified Body Shape Questionnaire, female college students, implications for eating disorders, 6560
psychometric properties of multi-item scale measure of frugality as consumer lifestyle trait & its usefulness when studying consumer behaviors, implications for consumer research, 26117
psychometric properties of Portuguese version of Beck Depression Inventory, assessment of depressive symptomatology, college students, Brazil, 19619
psychometric properties of Range of Impaired Functioning Tool, patients with depression, 32645

psychometric properties of Revised NEO Personality Inventory, determination of clinical characteristics & potential responses to treatments, 23–52 yr old clients in outpatient drug rehabilitation program, 32049
psychometric properties of Sustained Attention Test & correlations with measures of learning and social skills acquisition, patients with schizophrenia , 3331
psychometric properties of Thought Control Questionnaire & thought control strategies & psychiatric symptoms, 18–75 yr olds with major depression & PTSD with or without major depression, 35954
psychometric properties of Trauma History Screen, measure of frequency of & age at which trauma occurred, females with trauma-related psychiatric disorders, comparison with 3 other measures of trauma , 29354
psychometric properties of White Bear Suppression Inventory & its association with dimensional & categorical measures of psychopathology & proneness to dissociation, psychiatric outpatients, 29393
psychometric properties of White Racial Identity Attitude Scale & Oklahoma Racial Attitude Scale—Preliminary Form, 18–43 yr olds, 6596
psychometric sensitivity & predictive validity WAIS/WAIS—R premorbid IQ estimations of cognitive decline, normal 16–88 yr olds, 9839
psychometric stability of Armed Services Vocational Aptitude Battery, enlisted military personnel, 16 yr study, 29424
psychometrics & factor structure of modified version of Texas Grief Inventory, grief following miscarriage, women, 22871
psychometrics & item analysis of Menstrual Joy Questionnaire, college students, 16371
psychometrics & item-by-item answer feedback & test anxiety, examinees administered computer-adaptive vs self-adaptive vocabulary tests , 3289
psychometrics of Caregiver Reaction Assessment Scale, partners of colorectal cancer patients, 19626
psychometrics of clinical rating scales from Circumplex Model & McMaster Model of Family Functioning & Family Health Scales, assessment of couple functioning, drug abusing females & their partners, 9820
psychometrics of everyday functioning questionnaire as measurement of cognitive & emotional problems, 23–60 yr old neurosurgical outpatients & their partners , 100
psychometrics of Pain Cognitions Questionnaire & underlying assumptions of cognitive behavioral therapies, severely impaired chronic pain patients, 1 mo followup, 9900
psychometrics of revised Spanish version of Psychoticism scale of Eysenck Personality Questionnaire, 16–77 yr olds, 32610
psychometrics of Symptom-Driven Diagnostic System Scale & Sheehan Disability psychiatric screening tests, assessment of depression & panic disorder, 18–70 yr old primary care patients, 37279
reduce the number of items in HIV/AIDS-Targeted Quality of Life measurement & psychometric properties vs Medical Outcomes study HIV Health Survey psychometric properties, 36013
reliability & psychometric properties of 9 scoring rules for clinician-administered PTSD scale, 44–51 yr old male Vietnam veterans, 19632
reliability & validity & factor structure of revised version of Fear Survey Schedule for Children, self-reported fear, Asian-American vs part-Hawaiian vs Filipino vs Caucasian vs Mixed 7–16 yr olds, 33
reliability & validity & psychometric properties of Achievement Motive Grid, measurement of achievement motive, 3rd–8th graders, implications for instructional settings, 19654
reliability & validity of Medical Outcomes Study Short Form Health Survey & perceived functioning & well-being & short-term effects of olanzapine vs haloperidol, schizophrenic patients, 32657
report adequacy of methodological & statistical aspects of randomized controlled trials in evaluation of antidepressants & use of results in subsequent meta-analyses, 6563
responsiveness in health related quality of life indices in multiple sclerosis patients, 36021
retrieving correlation matrix from truncated Principle Component solution , 36069
sensitivity of Scanning Visual Vigilance Test to effects of stimulants & sedatives & cold stress & sleep loss, 3284
sociopolitical & psychometric & other issues raised by Guckenberger v. Boston University case decision regarding accommodations for students with learning disabilities, commentary, 29261
stability of classification of disability sub-groupings, 8 yr olds with specific language impairment, England, 35930
temporal stability & internal consistency & validity of Positive & Negative Syndrome Scale factor analytically derived cognitive component models, schizophrenic or schizoaffective disordered patients, 29360
test norms, battery of psychological tests for pre-cardiac transplantation evaluations, 18–72 yr old transplant candidates, 32653
test validity of psychometric evaluation of daytime sleepiness & nocturnal sleep onset, 18–45 yr olds, 13635
uncertainty vs distraction mathematical models of nonlinear psychometric effects on spatial attention, 10039
use of Fechnerian metrics in computation of subjective distances among stimuli in continuous multi- or unidimensional stimulus space, 29434
use of item response theory in psychological test construction & evaluation & scoring, 16299
use of Mokken Scaling model to test consistency of psychometrics of Health Related Quality of Life scales across 7 populations, 16–92 yr olds with cancer, 36027
utility & psychometric properties of Delirium Rating Scale, 21163
validity & psychometric characteristics of Home & Community Social Behavior Scales, assessment of at-risk students, 11–16 yr olds, 16323
validity & psychometric properties of Padua Inventory, assessment of genetic structure of obsessionality, 15–75 yr old twins, 32606
validity & reliability of VDI questionnaire, assessment of health related quality of life, 51–88 yr olds with vertigo & dizziness & imbalance symptoms, 36023
validity & score distribution & internal consistency of the Nottingham Health Profile, perceived health status, patients with asthma or chronic obstructive pulmonary disease , 36014

Psychometrics—Books

ADHD Rating Scale—IV: Checklists, norms, and clinical interpretation, 96
Bender Gestalt screening for brain dysfunction (2nd ed.), 105
Foundations of psychological testing, 29322
Panic and Agoraphobia Scale (PAS), 35974
Relating statistics and experimental design: An introduction, 22834

Psychometrics—Chapters

Anxiety sensitivity and emotional disorders: Psychometric studies and their theoretical implications, 11486
Assessing adolescent drug use with the Personal Experience Inventory, 26195
Assessment of pediatric posttraumatic stress disorder, 6646
Child and Adolescent Functional Assessment Scale (CAFAS), 26092
Comprehensive substance abuse evaluation, 3277
Concert halls: From magic to number theory, 212
Determining personality disorders in older adults through self-identification and clinician assessment, 27753
Dimensions of anxiety sensitivity, 9921
Fundamental measurement for psychology, 9808
Generalizability theory: Picking up where the Rasch IRT model leaves off?, 9806
Guidelines for selecting psychological instruments for treatment planning and outcome assessment, 26187
Hamilton Depression Inventory, 26179
Identification and treatment of traumatic life experiences, 99
Levels and styles of commitment in marriage: The case of Asian Indian immigrants, 35918
Marital Satisfaction Inventory-Revised, 26095
The measurement of attachment security in infancy and childhood, 19585
Measuring anxiety sensitivity, 9917
Measuring the self-efficacy of pregnant and postpartum women in recovery, 98
Methodological issues in individual quality of life assessment, 26209
Multi-source feedback systems: A research perspective, 16079
Personality measurement issues viewed through the eyes of IRT, 9866
Psychological evaluation of alcohol and drug abuse in youth and adults, 13030
Psychometric approaches to the study of human creativity, 6546
Psychometric issues in assessment research, 9916
Quality of Life Assessment/Intervention and the Quality of Life Inventory ™ (QOLI®), 26212
Rorschach Inkblot Method, 26192
Selecting person–environment assessments, 32581
Selecting statistical procedures for progress and outcome assessment: The analysis of group data, 26189
The study of intelligence—The interplay between theory and measurement, 30209
Use of psychological tests for assessing treatment outcome, 26181
Use of psychological tests/instruments for treatment planning, 26168
Visual-spatial skill and standard psychometric tests, 3342

Psychomotor Development [See Also Speech Development]—Serials

EEG frequency during & regulation of voluntary movements in writing, 6–10 yr olds, 4419
lateral fluctuation in spontaneous & nonreaching & freely performed movements, infants, 1 yr study, 20432

Psychomotor Development [See Also Speech Development]—Books

Instructional-design theories and models: A new paradigm of instructional theory, Vol. II, 22475

Psychomotor Development [See Also Speech Development]—Chapters

The development of physical skills: Instruction in the psychomotor domain, 22496
Psychomotor and socioemotional processes in literacy acquisition: Results of an ongoing case study involving a nonvocal cerebral palsic young man, 12555

Psychomotor Processes [See Perceptual Motor Processes]

Psychoneuroimmunology—Serials

altered leukocyte differentiation antigen expression in conditioned humoral immune suppression, female mice, 3890
bidirectional communication between brain & immune system, implications for regulation of behavior & understanding of stress, 16880
Borna disease virus & psychoneuroimmunological model of bipolar & unipolar depression, commentary, 11775
Borna disease virus & psychoneuroimmunological model of bipolar & unipolar depression, commentary reply, 11782
Borna disease virus & psychoneuroimmunological model of bipolar & unipolar depression, commentary reply, 11785
brain neuropeptide Y1 receptor mediation of behavioral response to novelty & peripheral immunomodulation in blood & spleen, male rats, 765
brief social defeat stress, c-fos expression in periaqueductal gray & behavioral sensitization to cocaine, male mice, 10624
endogenous levels of dehydroepiandrosterone sulfate & depressed mood, 50–90 yr old postmenopausal women, 23808
history & current issues & future directions to investigate learning component of psychoneuroimmunology, 4062
history of study of psychoneuroimmunology & issues related to methodology of psychoneuroimmunological studies, 13680
immune & metabolic & endocrine responses to social stress, dominate vs subordinate 12 wk old pigs, 4078
rationale behind & evaluation of measurement techniques of stress-related immune dysfunction in psychoneuroimmunology, 29972
role of depression in disease progression, HIV-positive women with moderate to severe immunosuppression, 2 yr study study, 18319
role of individual difference factors in psychoneuroimmunology, humans & animals, 23464
role of individual differences in cognitive expectancies & coping in time course of psychoendocrine & psychophysiologic & psychoimmune stress responses & implications for health, 13661
role of psychological factors in & psychological intervention on cancer initiation & progression & outcome & psychoneuroimmunological processes in tumor growth & development, 14976
stress & perceptive signals & immune responses & conditioning & CNS active drugs & adrenergic system & ACTH & endogenous opiates & body temperature & natural killer cell activity, 29952
training stress vs final examination stress, reactivation of herpesviruses, cadets 18 yrs old & older, 35720

Psychoneuroimmunology—Chapters

Contemporary context: Psychoneuroimmunology, 36292
Differential effects of psychological and immunological challenge on the hypothalamo-pituitary-adrenal axis function in adjuvant-induced arthritis, 26728
The psychoimmune system in later life: The problem of the late-onset disorders, 1498
Psychosocial factors and psychoneuroimmunology within a lifespan perspective, 26959

Psychoneurosis [See Neurosis]

Psychopath [See Antisocial Personality]

Psychopathology—Serials

5-HT-1B genotype & receptor binding kinetics, postmortem brains of suicides vs nonsuicides with vs without history of major depression vs alcohol/substance abuse vs pathological aggression, 27525
achievement-by-proxy distortion behavior, parents of talented children, 11341
ADHD & increased risk for trauma or PTSD or trauma-associated psychopathology, 6–17 yr old males, 11704

age-specific & cumulative lifetime rates of psychopathology, 6–23 yr old offspring of parents diagnosed with major depressive disorder, 10-yr followup, commentary, 1551
age-specific & cumulative lifetime rates of psychopathology, 6–23 yr old offspring of parents diagnosed with major depressive disorder, 10-yr followup, commentary reply, 1554
aggregation for depressive & anxiety & disruptive disorders & other psychopathology, 6–17 yr old sibling pair offspring of opiate addicts with vs without comorbid psychopathology, 30905
alpha-2 adrenoceptor function assessed by growth hormone response to clonidine & psychopathology measured by depression & anxiety, 26–65 yr old alcohol-dependent patients in early withdrawal, 37559
anhedonia & other psychopathological factors, relapse of alcoholics 6 mo after withdrawal, 25–54 yr old alcoholics, 5086
antisocial personality criteria presence in childhood & ability to predict Axis I & Axis II psychopathology in adulthood, female inpatients with borderline personality disorder, 17961
antisocial personality disorder & psychopathy, females with cocaine dependency, 24101
application of evolution theory to study of psychopathology, 8051
asthma severity, psychopathology, 8–17 yr olds, 5251
automatic direction of attention & controlled processing & response modulation in psychopathic individuals & implications for diagnosis & treatment, 17839
Axis II personality pathology & dysfunctional cognitions, formerly depressed adult inpatients, 11499
behavioral & emotional problems in adolescence & psychopathology in young adulthood, 11–16 yr olds, 8.8 yr study, 17817
borderline vs narcissistic vs histrionic vs psychopathic antisocial personality syndromes, defense mechanisms, 23 yr olds, 21220
Bowlby's attachment theory of psychopathology & normal development & role of early experience & adaptation & transactional nature, 14469
categories & pathology of & dealing with channeling/mediumship in psychotherapy, 28287
characteristics & behaviors & motivations & psychopathology, stalkers, 30834
childhood & adolescence psychopathology & young adult personality disorder, 9–16 yr olds, 10 yr study, 37430
childhood psychiatric disorders & emotional disturbance, adolescent outcomes & disorders & functioning, male vs female 7–11 yr olds, 5–7 yr followup, 11319
childhood trauma & pathological & nonpathological dissociation, 18–58 yr olds, 14452
chronic professional stress & psychopathology & immune system dysregulation, nurses, 15780
clarifications about taxons & taxometric method, application to diagnosis of psychopathology, 26265
clinical classification of the psychopathology of suicidal intent, inpatient suicides in a large mental hospital, 37510
clinical presentation of morbid jealousy in couple relationships, 26–81 yr olds, Sri Lanka, 30610
clozapine, severity of psychopathology, psychotic patients with "treatment refractory" symptoms with vs without akathisia, 24276
complementarity of conflict & deficit in relational & classical structural models of psychopathology & psychoanalysis, commentary, 11262
continuities & discontinuities of psychopathology in developmental psychopathology, 37278
demographic & psychosocial characteristics & presenting psychopathology & age at time of adoption, male vs female adopted children & adolescents attending psychiatric outpatient services, 30626
development of psychopathology, 2–27 yr olds with intersex conditions treated through sex assignment & genital organ correction & parent counseling & child psychotherapy, comment, 15075
developmental psychopathology & affective neuroscience perspectives on phobia & generalized anxiety & separation anxiety disorders, children, 21189
developmental psychopathology framework & biopsychosocial model of disease approach to primary care treatment of patients with psychiatric & pediatric comorbidity, 35192
diagnostic validity & reliability of DSM-IV & relation to description & classification of psychopathology & diagnosis of comorbid disorders, 14460
discrete effects of developmental vs social risk factors in onset & outcome of various functional psychoses, 8158
dissociative symptoms & psychopathology, patients with conversion disorder vs psychiatric inpatients with other mental disorders, 11813
DSM vs Child Behavior Checklist measures of false positive vs negative vs true positive vs negative cases of psychopathology, 5–17 yr olds & parents, 11328
early course of illness & 1st onset of psychotic symptoms, neuropsychological function & psychopathology, 1st episode schizophrenics, erratum, 8132
eating disorder subtype & comorbid psychiatric disorders & individual psychopathology & perception of family functioning, male vs female adolescents referred to eating disorder program, 21409
emotional eating & bulimic psychopathology, Japanese vs British females in UK vs Japanese females in Japan, 34512
epidemiology & psychopathology & neuropathology & differential diagnosis & treatment of geriatric mania, 24227
escalating & de-escalating strategy use in agonistic strategy set conceptualization of adaptive role of mood change & appearance of psychopathology, 8077
ethnicity & culture & psychopathology in group psychotherapy, 5550
ethology of & parallels between behavioral defense strategies in animals & behavioral/mental "ego defense" strategies in humans & role in psychiatric disorders, 8045
etiology & developmental aspects of & psychopathology & other risk factors for adolescent drug use disorders, 30874
evolutionary epidemiological explanation for prevalence of manic depression, 8124
evolutionary psychology perspective on cognitive distortions, 8052
evolutionary vs social psychological approach for observation of individual vs group psychopathic, seriously disordered adolescents, 1950s, 24160
explanatory models for high rate of behavior problems among adopted children, parents & their adopted children, 14412
eye movement desensitization & reprocessing as treatment of psychopathology, children, 12082
factor analysis & construct validity of Psychopathy Checklist—Revised, White vs Black vs Hispanic male vs female 19–57 yr old alcoholic inpatients, 35970
factor structure of Schema Questionnaire for assessment of early maladaptive schemas of psychopathology, psychiatric inpatients & outpatients (mean age 39 yrs), comparison with previous analyses, 29373
fluoxetine, active & passive behavior in forced swimming test, rats, implications for animal models of psychopathology, 13821
forebrain dopamine systems & frontal & temporal corticostriatal transmission interactions in pathophysiology & psychopathology of schizophrenia, 27696
frontal lobe psychopathology, individuals with schizophrenia & major depression & aphasic-perseverative disturbance of speech & thought & mania & catatonia & obsessive compulsions, 27475
function of serotonin transporter gene & role in psychopathology, 437
functional impact & predictions of difficulties in rates of postdisaster psychopathology, 18 yr old & older survivors of bombing of Alfred P. Murrah Federal Building in Oklahoma City, 34123
genetic & environmental correlations between normal & abnormal personality traits, 16–84 yr old monozygotic or dizygotic twin pairs, 17962
genetic factors in adult & childhood sleeptalking & psychopathology, 33–60 yr old monozygotic & dizygotic twin pairs, 4872
greater vs lesser mismatched negativity & quantitative EEG & computed tomography & psychopathology ratings, 18–44 yr olds with schizophrenia, 30727
heaviness of abuse & drug preferences & personality organization, drug abusers, 11637
heterogeneity vs homogeneity & deficit syndrome psychopathology & paradigm shift in schizophrenia research, 30702
imagery with rescripting & historical role play experiential methods for treatment of childhood memories linked to chronic psychopathology with early origins, cognitive behavior therapy patients, 28324
importance of developmental perspective in psychiatry & psychopathology & lack of developmental focus in DSM, 9779
influence of sexual or physical abuse on psychopathology of bulimia nervosa, 30830
interactions between culture & psychopathology from clinical perspective, 31371
interplay between psychopathology of group members & group in one patient's experience of draft & another's experience of overdependency & emigration, adult males, former Yugoslavia, 2225
issues in structure & pathology of self, 4799
latent negative self schema & level of emotionality & risk for depression, well adolescents & adolescents at risk for psychopathology, 34067
level of self-concern assessed by & effect of associated psychological pathology on Rorschach Egocentricity Index, 18–38 yr olds with intellectual disability, 1874
maternal attachment behavior, childhood psychopathology & etiology & maintenance of problematic parent–child interaction, 2–7 yr olds with vs without psychiatric problems & their mothers , 37274
MCMI-II psychopathology & the SCORS affective & cognitive dimensions of object representations, 19–57 yr old psychotherapy outpatients, 3329
MCMI-III, extent & nature of psychopathology, male batterers (mean age 32 yrs), 13064
medical science study of human brain & communication biology & use of psalics, implications for conceptualization of mental health problems, 7011
meta-analysis of Minnesota Multiphasic Personality Inventory & MMPI–2, assessment of psychopathology & ethnicity, African Americans vs Latino Americans vs European American males vs females, 19596
MMPI & California Psychological Inventory profiles, adult children of alcoholics or problem drinkers followed from 11 yrs of age, 18057
model for understanding mechanisms & moderators of transmission of risk for psychopathology & abnormal development, children of depressed mothers, 27519
moral development & psychopathological interference with conscience functioning & PTSD symptoms & postearthquake adversity, 13 vs 16 yr olds with different degrees of earthquake related trauma, 17933
multilevel nature & visual expression of mental imagery & impairment in psychopathology, 24150
N200 component of event-related potential as function of interview-based diagnostic symptom clusters & family psychiatric history & risk for psychopathology, 17–24 yr olds, 27515
neurodevelopment & developmental psychopathology, attention deficit & impulsiveness, 34444
neuropathic & structural & functional neuroimaging studies in study of anomalous brain structure & function in developmental disorders of childhood, 11686
nicotine withdrawal after obligatory smoking cessation, psychopathology, smoking vs nonsmoking psychiatric hospital inpatients, 8079
nightmare frequency & personality & acute psychopathology, 18–70 yr old males vs females, 30563
objective & subjective characteristics of abuse, general psychopathology & dissociation symptoms, 16–84 yr old females sexually abuse during childhood or adolescence, 14679
offence characteristics, distorted thinking supporting offending & blame attribution, 22–73 yr old male sex offenders, 18102
onset of psychopathology & alcohol & cannabis use & substance-related problems from late childhood through early adolescence, sons of fathers with vs without substance use disorder, 30875
organic etiology & psychopathology of lycanthropy, case reports of a 53 yr old female & 25 yr old male presenting with the syndrome, 27542
paranormal beliefs & locus of control & psychopathology, male vs female 17–27 yr old college students, 14440
parental diagnoses of alcoholism &/or antisocial personality disorder & SES & dysfunctional parenting style, psychopathology & psychiatric diagnoses, children aged less than 18 yrs, 24146
parental gender & concordance for psychiatric disorders, risk of psychopathology in offspring, 7–17 yr olds & their parents, 14443
pathologic speech & behavior & cognitive deterioration, 70+ yr olds, 6865
pathological narcissism & sudden suicide-related collapse, 22–29 yr old males who survived suicide attempts, 1725
pathology related to specific diagnostic clusters of personality disorder, violent male offenders, 17958
patterning of behavioral responses in social situations, internalizing vs externalizing vs mixed-syndrome 7–14 yr olds, 11344
personality & familial interaction factors, prediction of psychopathology, eating disordered females with vs without history of childhood sexual abuse, 8463
personality & mystical experience & psychopathology & belief in paranormal as transliminality & dream recall & interpretation & religiosity, adults, 24173
personality pathology & concurrent depressive disorder symptomatology, adolescent females, 3 yr study, 17960
physical abuse as risk factor for adolescent psychopathology, officially documented physically abused 12–18 yr olds, commentary, 34279
physical abuse as risk factor for adolescent psychopathology, officially documented physically abused 12–18 yr olds, commentary reply, 34280
physical diagnostic overlap with psychopathology, 18–65 yr old patients with acute & chronic temporomandibular disorder, 11293
pneumadynamic approach to personality & psychopathology & health, 27420

positive & negative syndrome dichotomy vs tripartite syndrome models of psychopathology in schizophrenia & quantified EEG findings & symptomatology, 16–65 yr olds with schizophrenia, 37366
prenatal & perinatal influences on risk for psychopathology in childhood & adolescence, high school students, 4864
prevalence & causes & effects of diagnostic comorbidity among child & adolescent psychiatric disorders, implications for understanding developmental psychopathology & nosology, 11313
prevalence of emotional & behavioral disturbance, 5–35 yr olds with early treated phenylketonuria, 24726
previous psychiatric admission & psychopathology & social support & preterm delivery & marital status, prognosis & risk factors for 1st readmission after postpartum psychosis, women, 30755
principal components analysis of psychopathology in Bandiagara plateau, Ss belonging to Dogon & Peul & Sonrai & Bozo & Tuareg & Bambara ethnic groups, Mali, 24127
principles of item response theory & use in evaluating psychometric properties of MMPI-2 Personality Psychopathology-five scales, heterosexuals living together, 24038
psychiatric after-effects of the Holocaust of WWII on second generation survivors, 4879
psychoanalytic work on psychopathology related to evasion of oedipal reality, schizoid & obsessional male patient, 31604
psychodynamic & cognitive & folk psychology views of unconscious processes & subliminal perception & stimulation & modern research on emotion & psychopathological anxiety, 24153
psychodynamics & assessment & psychopathology of abnormal bereavement, learning disabled 21 yr old male with Asperger's syndrome, 24367
psychological & physical signs & symptoms of pseudologia fantastica, case of 56-year-old man with factitious disorder, 14461
psychometric properties of White Bear Suppression Inventory & its association with dimensional & categorical measures of psychopathology & proneness to dissociation, psychiatric outpatients, 29393
psychopathological & cognitive impairment & psychiatric diagnoses, patients (mean age 47.7 yrs) with encephalomyelitis disseminata , 21534
psychopathological & neuroendocrine & autonomic effects of recreational doses of entactogen MDE vs psilocybin vs methamphetamine, 27–47 yr olds, 13739
psychopathological determinants of violent behavior in mentally disordered patients, 14466
psychopathology & functional impairment, male vs female 7–13 yr old Black vs White vs Hispanics with social phobia, 24321
psychopathology & learning disabilities & WISC-III subtest scatter, year 9 & 10 students, 9888
psychopathology & personality disorders & traits & alexithymia & locus of control & pain perception, patients with chronic nonorganic headaches, 21482
psychopathology of recurrent manic depressive psychosis, adult female in psychoanalysis, 15 yr study, 2250
psychopathology-related personality traits, severely conduct-disordered 14–20 yr old juvenile delinquents from Swedish correctional institution vs normal male adolescents, 14792
psychopathy & type of crime committed, 19–71 yr old male Portuguese criminals, 34401
psychopathy & violence, patients with schizophrenia or schizoaffective disorder, 24277
psychosocial & psychiatric & injury-related factors, cognitive outcome, 5–14 yr olds following severe traumatic brain injury, 11918
psychosocial influences, child psychopathology, 1948–98, 27550
rate & prediction of & psychopathology & academic achievement, 8–18 yr olds at high vs low risk for alcoholism, 27854
recognition & classification of psychopathology in preschool children, 1407
relationship between psychosocial functioning & cognition & psychopathology, 36 patients with bipolar mood disorder, 4903
relationship between auditory ERP mismatch negativity & quantitative EEG & CT & psychopathological ratings, 18–44 yr old schizophrenic patients before & after neuroleptic treatment, 37370
relationship between psychopathology & adaptive behavior & interpersonal guilt & fear of harming others & shame, 18–43 yr olds, 27328
relationship of learning difficulties & psychological problems & DSM-diagnosis both concurrently & longitudinally, 11–12 yr olds, 17772
risk & protective factors & psychopathology, rural American Indian vs White 12–17 yr old males vs females, implications for risk reduction interventions, 30611
risk & protective processes for posttraumatic stress reactions & negative sequelae following Northridge earthquake, 8–18 yr olds with pre-earthquake psychopathology, 30770
risk factors for eating disorders & psychopathology & nondieting outpatient intervention & other treatment, obese females (mean age 37 yrs), 24655
risk factors for reoffending & psychopathy vs antisocial personality disorder, violent offenders, 30922
risk for substance use disorder, 12–18 yr olds with child- vs adolescent-onset bipolar disorder with vs without other comorbid psychopathology, 24230
role of emotions in psychopathologies, 34069
Rorschach test scores, detection of minimization of psychopathology, 20–78 yr old male cleric vs noncleric alleged sex offenders, 6638
S. Rachman's reduction of behavioral problems to general psychological mechanisms in experimental psychopathology as an empirical rather than philosophical issue, 24107
severity of parent-child violence & abuse-specific attributions & attributional style, severity of psychopathology & internalizing & externalizing symptoms, physically abused 6–13 yr olds , 34255
small vs large P300 ERP amplitude, risk for substance dependence & externalizing psychopathology, 16–18 yr old males, 30808
socialization vs psychopathology, adolescent alcohol use & problem use, families, 1804
somatic markers & anxiety & risk aversion during gambling task, Caucasian vs African American psychopathic incarcerated males, 27818
stability in occurrence & correlates of disruptive & emotional disorders, 2–5 yr olds enrolled in pediatric practices, 42–48 mo study, 37277
stability of impulsivity vs other aspects of borderline personality disorder & ability of impulsivity to predict disorder persistence & psychopathology, 18–65 yr olds, 2 & 7 yr follow-ups, 17963
stability of neurological soft signs in relation to psychopathology & drug therapy with typical vs atypical neuroleptics, chronically hospitalized Ss with schizophrenia or schizoaffective psychosis, 11441
standard post-rape treatment vs video treatment, post-rape psychopathology & PTSD, women (mean age 30.63 yrs), 35040
test–retest reliability of the Psychopathology Checklist-Revised, male & female methadone maintenance patients, 2-yr follow up, 35959
therapeutic alliance & psychiatric severity as predictor of completion of treatment, opioid dependent outpatients, 12526
toxicity & psychopathology & neurotoxicity & potential interactions & abuse of oral consumption of 3,4-methylenedioxy analogues of amphetamine, humans, 21311
types of emotional & physical childhood abuse, lifetime prevalence of different types of psychopathology, 18–21 yr olds, 27495
validity of Rosenberg Self-Esteem Scale vs Coopersmith Self-Esteem Inventory & in prediction of eating disorder psychopathology, Ss with anorexia or bulimia or other eating disorder, 11742
visual distress cues & threatening stimuli, electrodermal responses, 9–17 yr old males with emotional & behavioral difficulties with vs without psychopathic tendencies, 21228
wording of judgment regarding psychological health of an individual, frequency of negative judgments, practicing clinicians, 15793

Psychopathology—Books

Child abuse: Implications for children development and psychopathology (2nd ed.), 34320
The collapse of the self and its therapeutic restoration, 34933
Comprehensive clinical psychology, Vol. 10: Sociocultural and individual differences, 1490
Developmental psychopathology: From infancy through adolescence (4th ed.), 27563
Family psychopathology: The relational roots of dysfunctional behavior, 4893
The fundamentals of clinical neuropsychiatry, 34050
Handbook of clinical geropsychology, 4858
Handbook of research methods in clinical psychology (2nd ed.), 11995
The Harvard guide to psychiatry (3rd ed.), 21009
In the long run—longitudinal studies of psychopathology in children, 17841
Models of the self, 19893
Movies & mental illness: Using films to understand psychopathology, 32244
Personality and psychopathology, 24179
Psychoanalytic versions of the human condition: Philosophies of life and their impact on practice, 4821
Psychopathology, 34083
Vulnerability to psychopathology: A biosocial model, 11345

Psychopathology—Chapters

Affective individual differences, psychopathology, and startle reflex modification, 23440
Alfred Adler: Classical theory and practice, 4832
Ambiguity is of the essence: The relevance of hermeneutics for psychoanalysis, 5595
Anxiety sensitivity in children, 11492
Attachment and psychopathology in adulthood, 21014
Attachment and psychopathology in childhood, 21015
Commentary: The promise and perils of resilience research as a guide to preventive interventions, 38515
Conceptual and methodological issues in developmental psychopathology research, 11308
The cure of stories: Self-deception, danger situations, and the clinical role of narratives in Roy Schafer's psychoanalytic theory, 4831
D. W. Winnicott's psychoanalytic playground, 4826
Developmental psychopathology and child psychotherapy, 37254
Disorganization of attachment as a model for understanding dissociative psychopathology, 37297
The effectiveness of long-term, intensive inpatient treatment of seriously disturbed, treatment-resistant young adults, 15111
Emerging neuroscience approaches to understanding cognition and psychopathology: Positron-emission tomography imaging, 22901
Existential psychoanalysis: A Laingian perspective, 4834
An experiential approach to interpersonal psychoanalysis, 5596
Family interaction and family psychopathology., 4895
Gender and mental health: Do women have more psychopathology, men more, or both the same (and why)?, 17802
Heinz Kohut's vision of the essence of humanness, 4829
Intention and emotion in child psychopathology: Building cooperative plans, 17847
Jung's vision of the human psyche and analytic practice, 4833
Karen Horney's counterdiscourses: Contemporary implications, 4830
Measurement of psychopathology as variants of personality, 22886
Melanie Klein and the nature of good and evil, 4823
Mental health and mental illness: Definitions and perspectives, 17797
Methodological problems in studying family psychopathology., 3278
Parental desire and child psychopathology in Cameroon: A case study, 33796
Parenting styles and psychopathology., 4896
Pathologically divided minds, synchronic unity and models of self, 21062
Pathologizing normality or normalizing pathology?, 21281
Personality-motivation: New ties to psychopathology, etiology, and intervention, 34485
The psychoimmune system in later life: The problem of the late-onset disorders, 1498
Psychological approaches to mental illness, 17800
Psychopathology and the marital dyad., 4897
Psychopathology, 21060
Research methods in adult psychopathology, 11307
The role of theory in the study of family psychopathology., 4899
Self-mutilation, 8305
Self-regulation and psychopathology, 14427
The sensitivity theory of aberrant motivation, 11347
Shame and humiliation in the treatment of complex cases, 14473
Substance abuse and dependence., 5120
Trauma as a potential psychic organizer in adolescence, 38202
Trauma in adolescence: Psychoanalytic perspectives, 37252
A vulnerability-diathesis-stress model of chronic pain: Herpes Zoster and the development of postherpetic neuralgia, 14937

Psychopathy [See Antisocial Personality]

Psychopharmacology—Serials

antidepressant effects of hyperforin, adult male rats, animal model of depression, 4117
behavioral profile of constituents in Amazonian psychoactive plant mixture ayahuasca, male mice, 23506
bremazocine, unrestricted free-choice ethanol self-administration without affecting sucrose preference, rats, implications for clinical management of ethanol addiction, 17076
chronic ethanol treatment, calcium-inhibited type 5 adenylyl cyclase inhibition for alcohol, male mice, 20304
clinical properties & effects of clozapine & risperidone & amisulpride & olanzapine & quetiapine & sertindole & ziprasidone for psychotic disorders, 21869
clozapine vs haloperidol, PCP-induced hyperactivity of NMDA receptors in cortical neurons, male rats, 20257

Combined Short-Term Psychotherapy–Psychopharmacology Fellowship developed at the State University of New York at Syracuse, 25601
correlation between dihydropyridine binding & measurement of behavioral signs of ethanol withdrawal, mice, 10378
delta-tetrahydrocannabinol, binocular depth inversion of natural & artificial objects, 20–47 yr old healthy male volunteers, 17057
demographics & prior experience with psychiatric & illicit drugs & beliefs & concerns about & attitudes toward pharmacotherapy, delinquent female adolescents in juvenile detention facility, 8962
differential effects of receptor blockade on clinical efficacy & safety of atypical antipsychotics, elderly patients with dementia or psychosis, 28451
discriminative stimulus effects of cocaine/heroin speedball effect, male rhesus monkeys, 4230
dopamine & serotonin occupancy of amoxapine, 24–32 yr olds, 21910
drug addiction & selective inhibition of cocaine-seeking behavior by BP 897 partial dopamine D3 receptor agonist, mice, commentary, 26733
effectiveness of pharmacologic agents in treatment of social anxiety disorder & long-term management, 21940
efficacy & psychopharmacological profile of olanzapine, 23584
efficacy & safety & tolerability of antipsychotic medications in elderly, 21920
efficacy of gabapentin vs propranolol, 47–79 yr old outpatients with essential tremor, 20291
evidence-based appraisal of single drug trial, example of donepezil treatment or early Alzheimer's disease, 38328
expertise with psychopharmacological medication in psychotherapy, psychologists, 8961
fellows' perspectives on didactic curriculum of Department of Defense Psychopharmacology Demonstration Project, 35388
glutamate antagonists & ionotropic & metabotropic agonists, neural receptors in & electromotor discharge during escape behavior, Gymnotus carapo electric fishes, 36380
history of changes in antidepressant psychopharmacology, 38256
history of development & pharmacology of antidepressants & selectivity vs multiplicity of action with focus on mirtazapine, 31711
history of modern psychopharmacology with emphasis on antidepressants, 36550
history of neuroleptics & monoaminergic transmission in schizophrenia, commentary, 24282
human CYP2D6 & metabolism of m-chlorophenylpiperazine, implications for prescribing psychiatric drugs, 8941
insensitivity to sedative effects of lorazepam on progesterone withdrawal, female rats, 723
interactions of hallucinogenic drugs with neurotransmitter systems, implications for elucidation of pathophysiology of neuropsychiatric disorders, 4288
intrathecal (IDMe)NPYF, antinociception, adult male rats, implications for treatment of neuropathic & other pain, 36520
itraconazole, single oral dose pharmacokinetics & pharmacodynamics of alprazolam, adult males (mean age 31.7 yrs), 769
judgments on preferred psychotherapeutic medications & other treatment strategies, treatment of panic disorder, psychiatric experts, 1992 vs 1997, 8958
kava-kava extract & pure kava pyrones vs imipramine vs amitriptyline vs brofaromine, inhibition of MAO-B activity in blood platelets, adults, 4282
locomotor stimulation & morphine & cocaine-induced behavioral sensitization, alcohol-preferring vs -avoiding vs Wistar rats, 17047
long-term potentiation biochemistry in development of memory-enhancing drugs, 704
managed care perspective of the cost of treating mental illnesses, 15468
mental health needs of current & future generations & the role of community & influence of managed health care & integration of biomedical progress into clinical practice, 5838
monoamine hypothesis of depression & supportiveness of clinical symptom data on antidepressant effectiveness , 38264
neuroactive steroids & neurotransmitter & steroid receptors & neuropsychopharmacology & genomic & nongenomic crosstalk, humans & rodents, implications for stress & mental disorder treatment, 33249
neurochemical & behavioral characterization of potential antidepressant properties of indeloxazine hydrochloride, rats & mice, 4302
neurochemical basis of & neuropharmacology of serotonin & noradrenaline in depression, 38239
new directions in neuropsychopharmacology, 7263
orexins, feeding behavior, male rats, 36507
pediatric psychopharmacology & interaction between drugs & developing brain, 5605
peptides, CNS actions, humans & animals, review of research published in journal "Peptides" during 1994–1998, 36601
pharmacokinetic & pharmacodynamic considerations & dose vs response issues in use of loxapine for treatment of schizophrenia & other psychotic disorders, 21886
pharmacokinetic & pharmacodynamic similarities & differences among selective serotonin reuptake inhibitors & other new antidepressant drugs, 8882
pharmacokinetics & pharmacodynamics & age-related pharmacologic complications from psychoactive medications, elderly patients, 5643
pharmacokinetics of citalopram vs fluoxetine vs fluvoxamine vs paroxetine vs sertraline, care of depression, elderly patients, 5604
pharmacokinetics of iv cocaine, males vs females assessed during follicular vs luteal phase of menstrual cycle with history of cocaine abuse, 26818
pharmacological treatments of schizophrenia & mood disorders, 37285
phencyclidine & other NMDA receptor antagonists, aggression, isolated male mice, 36527
phenelzine, learning & memory in shock avoidance & spatial water maze tasks, male rats, 17085
physical examination & laboratory screening & differential medical diagnosis as part of postdoctoral training in psychopharmacology demonstration project, 43 yr old female with mania & neurosyphilis, 25602
physiological & subjective & behavioral performance effects of graded doses of oral cocaine HCL, 24–45 yr old recent cocaine users, 23575
preclinical pharmacological profile of olanzapine, 13789
presentation & course & assessment & psychotherapeutic & pharmacologic treatment of major depression in children & adolescents, 1504
pretreatment with naltrexone, response to yohimbine, healthy 23–34 yr olds, 23574
psychiatric guide to pharmacologic treatment of Alzheimer's disease, literature review, 5337
psychiatric syndromes & neurological disease & evaluation & psychopharmacology, elderly patients, implications for neurologists, 4882
psychopharmacology & interactions of sildenafil, adults with sexual dysfunction, 38425
psychopharmacology of central nervous system stimulant ricinine, male rats, 33396
psychopharmacology of conditioned reward & theoretical model of reward-related learning at D1-like dopamine receptors, 30057
quality of life & its assessment & clinical & biological & pharmacological aspects of depressive disorders & treatment planning, elderly patients, 8095
re-evaluation of relationship between aggression & pharmacological properties of anabolic-androgenic steroids & role of social mediation, human males, 7257
receptor binding & gene expression & pharmacological & reduced side-effect profile & therapeutic benefits of olanzapine, patients with schizophrenia, 15283
residual lesions of operant behavior following recovery from MPTP-induced Parkinson-like syndrome, monkeys injected with amiridine and K-34, 4192
review of pharmacodynamic & pharmacokinetic profiles of SSRIs citalopram vs fluoxetine vs paroxetine vs sertraline in treatment of affective disorders, 2322
ritanserin or naloxone or SR 141716, reduction of motivation for beer solution, male rats, implications for treatment of alcohol craving, 17040
role of brain serotonin system in performance of Differential Reinforcement of Low Rate–72 sec behavior & mediation of antidepressant drug effects, rats, 21908
safety of & role of genetic polymorphisms in paroxetine pharmacokinetics, 5–17 yr olds with major depression, 31640
selective cholecystokinin subset B agonist, 2-trial recognition memory task performance, male rats, 23536
selective inhibition of cocaine-seeking behavior by BP 897 partial dopamine D3 receptor agonist, mice, 26833
serotonergic and atypical pharmacologic treatment for depression, juveniles, 38214
serotonin receptors & subsystem heterogeneity & interactions with other neurotransmitter systems, implications for understanding actions of serotonergic drugs, 2369
SR141716A, withdrawal syndrome, male mice exposed to delta 9- tetrahydrocannabinol, animal model of cannabinoid dependence, 4124
stereoselective effects of R(+)- & S(-)-nicotine on trigeminal & olfactory sensory systems, 20–45 yr old healthy volunteers, 17108
strength of stimulation with d-amphetamine & 7-OH-DPAT & haloperidol, intracranial self-stimulation under progressive-ratio schedule, rats, 17032
Substance P antagonists & neurokinins as possible mediators of emotional distress, implications for novel psychotropics in treatment of depression & anxiety & schizophrenia, 17106
transpersonal psychiatry & psychopharmacology & biologic vs spiritual perspectives in mental health treatment, 31577
usefulness of PCP administration as a potential animal model of schizophrenia, 10595
validity of Spanish version of 49-item short form of Addiction Research Center Inventory, subjective effects of sedatives vs stimulants vs opioids, healthy & opioid-dependent males, 24510

Psychopharmacology—Books

Cocaine abuse: Behavior, pharmacology, and clinical applications, 5096
The pharmacologic basis of psychotherapeutics: An introduction for psychologists, 5683

Psychopharmacology—Chapters

Alcohol, 33518
Behavioral pharmacology of cocaine and the determinants of abuse liability, 4307
Benzodiazepines: Behavioral and pharmacologic basis of addiction, tolerance, and dependence, 25249
Cannabis and hallucinogens, 34396
A cross-cultural perspective on psychopharmacology, 25250
Evaluation of potential pharmacotherapies: Response to cocaine challenge in the human laboratory, 4308
Human behavioral pharmacology: An overview of laboratory methods, 3416
Modification of alcohol-related neurodevelopmental disorders: In vitro and in vivo studies of neuroplasticity, 15115
Opioids, 34397
The pharmacology and drug interactions of the newer antidepressants, 25242
Pharmacotherapy of pediatric anxiety disorders, 37420
Pharmacotherapy, 31722
Preclinical evaluation of pharmacotherapies for cocaine abuse, 4314
Psychological and psychiatric consequences of alcohol, 1818
Psychological and psychiatric consequences of caffeine, 1431
Psychological and psychiatric consequences of cannabis, 1820
Psychological and psychiatric consequences of cocaine, 1813
Psychological and psychiatric consequences of hallucinogens, 1822
Psychological and psychiatric consequences of inhalants, 1814
Psychological and psychiatric consequences of nicotine, 1812
Psychological and psychiatric consequences of sedatives, hypnotics, and anxiolytics, 1823
Psychopharmacological approaches, 37248
Psychopharmacology of children and adolescents, 28519
Psychopharmocology: A primer, 25253
The role of fetal and infantile experience with alcohol in later recognition and acceptance patterns of the drug, 13849
Stimulants: Amphetamines and cocaine, 34398

Psychophysical Measurement—Serials

accelerometer readings from wrist vs EMG recordings for movement of upper & lower arm, 22–49 yr old males, 26711
adaptation to inverting prisms & mirror spectacles & return to upright vision, reading & shape perception & building of 3 dimensional objects & neuronal mechanisms, 20–28 yr old males, 32822
application of Stevens Power Law in quantification & prediction of effects of auditory warnings to facilitate perceived urgency, 12946
aspirin, psychophysical measures of frequency selectivity & two-tone suppression & growth of masking, normal hearing 22–39 yr olds, 32871
Bayesian adaptive method of estimation of psychometric threshold & slope functions, application to visual contrast detection, 22829
benzoic acid concentration in taste solutions & sensory profile & kinetic measurement methods, sensory attributes & topography & intensity of pungency, 25–45 yr olds, 26312
comparison of EEG coherency measures at rest vs with eyes open vs closed vs during sleep vs REM sleep, 6–11 yr olds & 18–23 yr olds, 23395
computer simulation of optimal data placement & psychometric function estimation for psychophysiological stimuli, 36120
constrained generalized maximum likelihood routine for fitting psychometric functions applied to psychophysical data, 9803

development & reliability & validity of psychophysical procedure for assessment of affective components of nonpainful touch, 17–30 yr old females, 29325
electrodermal & respiration psychophysical responses in Guilty Knowledge Test, guilty vs informed innocent vs uninformed innocent Ss, 36209
frequency-of-seeing analysis, characterization of differences in motion thresholds, eyes of glaucoma vs suspected glaucoma patients vs normal Ss, 13029
grip force & lifted object roughness vs smoothness & actual vs perceived heaviness in surface–weight illusion, adults, test of simple fusion vs additive-weighted psychophysical models, 10013
hardware & software methods for identification & reduction of noise in psychophysiological recordings, 29949
human judgment of load heaviness modeled in cognitive engineering approach to setting limits in manual lifting tasks, 12951
linear extrapolation vs integral pulse frequency modulation model for measurement of evoked heart rate & BP patterns, 26712
linear extrapolation vs integral pulse frequency modulation model for measurement of evoked heart rate & BP patterns, commentary, 26725
linear extrapolation vs integral pulse frequency modulation model for measurement of evoked heart rate & BP patterns, commentary, 26709
luminance spatial frequency & disparity modulation of field of Gabor micropatterns, disparity modulation threshold function, adult Os, 13201
mathematical model of visual contrast detection as eigenvalue problem, assessment of contrast detection thresholds, trained Os, 36179
motion onset of random dot patterns & adaptation–recovery sequences, visual EPs & psychophysical measurement of duration of perceptual motion aftereffect, human Os, 13612
number of response categories, consistency of rating scales with brightness judgments using rating vs bisection measurement procedures, college students, 29505
perception of absolute distance & visually directed action tasks, human psychophysical performance, observers with normal vision, 177
personality typology approach, populational psychophysiological potential, adult workers, 34006
postural stability measurement before & after immersion in virtual reality/virtual environment, college students, implications for safety activities in driving or operating machinery, 12943
psychophysical assessment of vibrotactile responses & effect of NMDA receptor antagonist administration, 24 yr old patient with temporomandibular disorder, 1929
psychophysical determination of spatial connectivity function in visual cortical-based computational model of contour salience, human Ss, 29754
psychophysical measurement of foveal vision, O with macular hole, 28228
psychophysical measurement, fixation disparity & binocular nonius bias & binocular vs monocular nonius bias, Ss with normal visual & stereo acuity, 13204
psychophysical vs reflectometric measurement of cone directionality, 26–47 yr olds, 36154
serial vs parallel visual-search attentional effort measured psychophysiologically, adult Os, 305
simulation of logarithmic vs power function laws with union function to fit experimental data for neural vs psychological responses, 22936
tactile spatial acuity-dependent discrimination of grating orientation & discrimination of gratings varying in ridge width, 13–48 yr olds with dyslexia vs 12–32 yr olds with attention deficit disorder, 34458
visual neuronal activity & psychophysical thresholds in quantitative model applied to pattern discrimination tasks, 29753

Psychophysical Measurement—Chapters

Psychophysiological expression of risk factors for PTSD, 22891

Psychophysics—Serials

area under receiver operating characteristic theorem for the same-different experiment, 22945
contextual effects of differing rod lengths & mass position & adaptation of narrow vs wide range, dynamic touch, undergraduates, 23003
contributions to visual psychophysics & other areas of vision science, M. Alpern, 19135
measurement of ability in & thresholds & mechanisms for discrimination of fine surface textures in tactile sensation, humans, 16459
medial-point shape representation for localization of objects & relative parts & psychophysical correlates, 6437
memory psychophysics & fundamental measurement applied to similarity/dissimilarity comparisons with remembered & perceived visual magnitudes, graduate students, 287
motion perception influences on perception of stationary shapes & acoustic interactions with vision, psychophysical evidence of lack of modularity of visual function, 26327
neurobiological & psychophysical mechanisms of oral sensations produced by carbonated water, rats & 19–29 yr olds, 32783
origins in 19th century German psychophysics of theories of local signs & labelled lines, location of visual image on retina, 32845
parameter windows & analogues of contextual noise & chaotic dynamics of nonlinear psychophysics, 33339
psychophysical approach to body-centered reference frames in short term memory for reaching to visual targets, Ss, 217
psychophysical description of early visual processing mechanisms in perceptual memory system, 32772
review of primate studies of neurophysiological & human psychophysical neural basis of amblyopia & strabismus & anisometropia, 33344
simulation of logarithmic vs power function laws with union function to fit experimental data for neural vs psychological responses, 22936
use of projective geometry by & preferred motion transformations of visual system during track of moving objects, humans, 13193

Psychophysics—Chapters

Origins of American psychology in the work of G. E. Müller: Classical psychophysics and serial learning, 3605
Vicissitudes of Fechnerian psychophysics in America, 3260

Psychophysiologic Disorders [See Psychosomatic Disorders]

Psychophysiology [See Also Psychoneuroimmunology]—Serials

aging, gap detection & speech perception, young (mean aged 31.9 yrs) vs aged (mean aged 70.5 yrs) listeners, 33698
apolipoprotein E epsilon4 & smoking & drinking & cognitive performance, 59–69 yr old White male veteran twin pairs, 23283
application of Stevens Power Law in quantification & prediction of effects of auditory warnings to facilitate perceived urgency, 12946
auditory ERPs & psychotic symptoms, methamphetamine dependent patients, 8354
autonomic/psychophysiological stimulation, gastric myoelectrical & emotional responses, 20–26 yr olds, 20245
baroreflex testing with phenylephrine & amyl nitrite, impedance cardiography-derived hemodynamic response, adults (mean age 44.4 yrs), 10480
behavioral & cognitive & clinical & psychophysiological effects, 19 & 21 yr old men receiving amygdalotomy for intractable aggression, 2050
biophysical/physiological & psychophysical & clinicopathological approaches to analysis of cochlear prosthetic implant function, implications for treatment of sensorineural hearing loss, 34710
blood cortisol responses to carbon dioxide-induced panic, patients with panic disorder with vs without agoraphobia vs healthy Ss, 24343
cardiac autonomic control & pathogenic BP variability & psychological & behavioral risk factors in psychophysiologic model of coronary artery disease & acute coronary syndromes, 11861
chasm between sociobehavioral & biomedical research during era of molecular biology, model for hypertension in Blacks, 10374
cortisol activity before & after public speaking stressor & positively activating & humorous video & during resting condition, healthy 20–30 yr old males, 10507
distribution of GABA-stimulated chloride influx & locus of anxiolytic action in hypothalamus, high vs low anxiety male rats, 3794
early visual deprivation, psychophysiological characteristics of individual temperamental features, 13–38 mo olds who underwent surgery for inborn bilateral cataracts, 5452
EEG-based research on physiological & cognitive indicators of hypnotic responding & susceptibility, 13372
effects of sleep deprivation, humans & rats, 599
effects of stimulus size & eccentricity on reflex disparity vergence & psychophysical thresholds, adults, 17011
electrodermal skin conductance reactivity during auditory habituation, depressed inpatients who thought about or attempted vs committed violent vs nonviolent suicide, 18021
electrophysiological & psychophysical evidence for left hemisphere temporal processing advantage, 18–28 yr olds, 10442
emotional expression & experience & physiology in schizophrenia, 34168
emotional stimuli, psychophysiological affective responsiveness, 20–41 yr olds with borderline personality disorder, 37427
errors in heart rate estimation in psychophysiological studies & solution which corrects cardiotachometer data offline, 4066
evidence of role of communication in cardiovascular functions to support reconceptualization of physiology as physiology of inclusion, 4052
evolutionary & psychophysiological & brain mechanisms of emotion & motivation & anxiety, animals & humans, 6991
exposure to cocaine cues, skin temperature & resistance & heart rate & self reported drug states & negative moods, male vs female cocaine dependent outpatients, 18073
genetic variation in expression & regulation of sleep before &/vs after sleep deprivation, AKR/J vs C57BL/6J vs C57BR/cdJ vs 129/OLA vs BALB/cByJ vs DBA/2J inbred male mice, 23285
growth hormone response to baclofen challenge before & after light therapy, patients with seasonal affective disorder, 12265
guidelines for psychological & psychophysiological assessment, adolescent sexual offenders , 1675
hardware & software methods for identification & reduction of noise in psychophysiological recordings, 29949
instructional set, psychophysiological response to CO2 inhalation, adults with panic disorder, 21197
integrity of indigenous microflora of intestines after maternal separation & relation of psychological stress to pathogen infection, infant rhesus macaques , 33335
interruptions, task performance & psychological & psychophysiological state, personnel, 25891
maternal interactive style & child behavioral & emotional & physiological regulation, mothers & 24 mo olds, 1139
menstrual phase & body mass & age, serum concentrations of insulin-like growth factor 1 & growth hormone binding protein, depressed vs healthy females, 17863
model of consensual structure of affect between classic simple structure & true circumplex & negative & positive activation as subjective components of biobehavioral systems of approach & withdrawal, 17016
nerve growth factor plasma levels, 17–45 yr old males with schizophrenia, 21126
nervous system processes & mental efficiency & school maturity, psychophysiological school readiness, 4–7 yr olds, 22537
neural representations of sensory events & psychophysically quantified behavior, 32782
neuroscience & psychophysiology perspectives on evolutionary trends & avian brain-behavior in research, 13491
nonlinearity as a function of frequency, normal-hearing 22–39 yr olds, implications for function of location along cochlea, 6803
objective vs subjective methods to determine depth-of-field of eye for different pupil diameters & wavelengths, 23–39 yr olds, 17006
pain perception vs stimulus identification, temporal properties of cortical activations & differentiation of cortical regions, 29747
past maltreatment experiences & trauma & psychiatric symptoms & urinary free cortisol & catecholamine excretion, 8–13 yr olds with PTSD vs nontraumatized overanxious disorder, 24326
pathophysiology of panic disorder using models of lactate & carbon dioxide challenges, 8177
perceptual & psychophysical aspects of somesthesis & spatial & tactile & thermal perception & sensitivity & pain perception, 13174
phemenology & physiological correlates of self awareness of consciousness in absence of perception during Transcendental Meditation, adults (mean age 22.5 yrs), 36516
phenomenology & perceptual correlates & related neural activity, cutaneous-evoked tinnitus, 66 yr old female & 47 yr old male neurosurgery patients, 34701
physiological correlates of acceleration-induced loss of consciousness, healthy adults, implications for near death experience & tunnel vision, commentary, 29948
physiological reaction to suicide film, suicide attempters vs suicide ideators vs nonsuicidal psychiatric inpatients, 1685
protective & damaging effects of stress hormones on body, 10518
psychological perspective of psychoneuroendocrinology, 4079
psychological stress & impairments in local inflammatory response, postmenopausal females, 20985
psychophysiological adaptive automation methods, teaching performance, adults, 4038
psychophysiological aspects of interval hypoxic training, adults, implications for hemispheric dominance, 26697
psychophysiological assessment of prejudice, 27346
psychophysiological correlates & endocrine & pituitary hormone secretion & insulin & melatonin & blood pressure as stress reactions during adaptation to cold in Antarctica, healthy males, 23456
psychophysiological factors in prediction of flight training success, 18–24 yr old pilot school students, 20235

psychophysiological factors in worker efficiency, female conveyer plant employees, 22596
psychophysiological patterns & preventions associated with obsessive-compulsive disorder & checking behaviors, 17–59 yr old obsessive compulsive patients, 14608
psychophysiological perspective on decision-making process at Coca-Cola Company & company's rejection of gradualist approach to change in formula & subsequent consumer preferences, 3178
psychophysiological responding, PTSD diagnosis, male Vietnam veterans, 8185
psychophysiological responsiveness to distress cues vs threatening vs neutral stimuli, children with autism, 11684
psychophysiological screening to determine response to vasoactive substance, men with erectile dysfunction, 1957
psychophysiology & Pavlovian & operant principles of control in modification of breathing behavior & retraining, 25063
psychophysiology in Europe, German & Italian & Nordic & Spanish & British & Dutch & Hungarian & French Federation of European Psychophysiological Societies, 609
relationship among traumatic emotional stress & hippocampal injury & memory loss & traumatic dissociative amnesia, animals & humans, implications for sex abuse victims, 33343
reorganized rehabilitation program, psychoendocrine effects, 53–89 yr old daycare patients, 9219
repeated treatment with fluoxetine, psychoneuroendocrine parameters & anxiolysis, male spontaneously hypertensive vs Wistar-Kyoto rats, 26762
sensitivity to carbon dioxide, patients with generalized anxiety disorder vs panic disorder, 24339
serial vs parallel visual-search attentional effort measured psychophysiologically, adult Os, 305
serum level of interleukin-2 soluable receptor alpha & interleukin-6 & interleukin-1 receptor antagonist before vs after neuroleptic administration, schizophrenic patients (mean age 34.4 yrs), 24238
social separation, hypothalamic-pituitary adrenal physiology including HVA & ACTH & cortisol plasma levels & corticotropin releasing factor & MHPG CSF levels, squirrel monkeys, 10498
static & dynamic & causative bipolarity of affect as physiologically separable systems, 17663
theory of emotion involving attention & appetitive & defensive motivational systems organized in subcortical & deep cortical circuits, psychophysiological responses to photos, 308
Trauma cue, neuroendocrine & psychophysiologic responses, veterans with posttraumatic stress disorder, 24335
TSH response to TRH, patients with panic disorder, 11479
tyrosine depletion, effects of d-amphetamine on subjective affective & alertness & hunger ratings, healthy 23–46 yr olds, 23549
volunteer bias in human psychophysiological studies of sexual arousal, undergraduates, 23932

Psychophysiology [See Also Psychoneuroimmunology]—Books

High-level motion processing: Computational, neurobiological, and psychophysical perspectives, 3803
The physiological basis of behaviour: Neural and hormonal processes, 33173

Psychophysiology [See Also Psychoneuroimmunology]—Chapters

Alcohol and emotional response: A multidimensional-multilevel analysis, 24548
Focus chapter: **Methodological issues in psychophysiological research, 9918**
Higher mental activity and basic physiology: Subjective difference and reaction time, 4088
Neurobiological aspects of PTSD: Review of clinical and preclinical studies, 21209
Psychophysiological assessment of posttraumatic stress disorder, 6641
Psychophysiological measures in the study of attachment, 20255
Psychophysiology, 14771
Schizophrenia and frontal lobe functioning: Evidence from neuropsychology, cognitive neuroscience, and psychophysiology, 8163

Psychosexual Behavior [See Also Bisexuality, Erection (Penis), Extramarital Intercourse, Heterosexuality, Homosexuality, Human Courtship, Hypersexuality, Masturbation, Monogamy, Orgasm, Promiscuity, Prostitution, Seduction, Sex Roles, Sexual Abstinence, Sexual Arousal, Sexual Deviations, Sexual Function Disturbances, Sexual Intercourse (Human), Sexual Risk Taking, Transsexualism, Transvestism, Virginity]—Serials

2-wk vs 2-mo vs 12-mo recall of sexual behavior self-reporting accuracy, 13–19 yr olds, 36815
30-day summary measures vs expanded version of Timeline Follow-back interview technique, assessment of alcohol & drug use & sexual behavior, gay/bisexual 18–60 yr old men, 8366
adult attachment style as classified by unified love schema theory, sexual behavior & attitudes, undergraduate students, 14212
age & life satisfaction & educational level & social functioning & marital & cognitive & mental health status, sexual interest & activity, male vs female 65–106 yr olds, 7750
age at 1st wanted & unwanted sexual experience & history of family violence & dysfunction & alcohol & drug usage & health-risk behaviors, age at 1st pregnancy, pregnant or parenting adolescent females, 33658
AIDS sexual risk behaviors & AIDS-related worry, 22–40+ yr old African American females, 34581
anti-androgenic agent cyproterone acetate, 49 yr old female with obsessive–compulsive disorder consisting of severe sexual obsessions, 2308
aspects of sexual relationships & peer characteristics & demographic & psychosocial characteristics, condom use stage & behavior change, male vs female 17–35 yr old African Americans, 12371
assertiveness skills, coital & noncoital sexual activity, 13–19 yr old females, 33669
attitudes & norms & behavioral intentions, condom use during vaginal sex, 15–54 yr old female commercial sex workers, application of Theory of Reasoned Action, implications for HIV prevention, 7755
attitudes regarding behaviors defined as having "had sex", college students, 14211
autistic-contiguous & paranoid schizoid & depressive positions & erotic third in gender experience & sexual sensations, commentary, 24059
autistic-contiguous & paranoid schizoid & depressive positions & erotic third in gender experience & sexual sensations, 24072
autistic-contiguous & paranoid schizoid & depressive positions & erotic third in gender experience & sexual sensations, commentary reply, 24071
changes in sexual behavior, cohort of HIV+ & HIV- males who use injection drugs, 4 yr study, 21306
childhood experience & personality & attitudes facilitating violence & sexual vs nonsexual aggression towards women, 17–24 yr old Singaporean men, 1330
client sexual expression as domain of occupational therapy, implications for education & practice, 15672
clinical & ethical & legal considerations of referral of alleged sexual offenders for psychosexual evaluations, counselors, 18109
co-occurrence of obsessive relational intrusion & sexual coercion, college students self-identified as victims of relational intrusion or stalking, 11131
cognitive distortions about sexual abuse & self evaluated social behavior, sexually aggressive vs non-aggressive vs physically aggressive 6–12 yr old males, 30807
consensual sexual relations & sexuality & sexual interactions & harassment in the workplace, 37025
Contraceptive Self-Efficacy Scale scores & contraceptive behavior correlates, female high school & college students, 7525
contraceptive use & expected levels of emotional & social & sexual intimacy, 18–23 yr old heterosexual dating couples, 17520
contribution of ecoanalysis of home to psychotherapy, 28 yr old woman with sexual problems & 29 yr old woman with depressive condition, 15123
correlates of sexual coercion vs rape, 20–35 yr old females at increased risk for sexual victimization due to sexual activity & alcohol consumption, 21270
culture & sex, use of direct vs indirect refusals of sexual advances in dating relationships, Japanese international vs American college students, 30402
demographic & socioeconomic factors & family structure & affective functioning & sexuality & sexual knowledge & attitudes & experiences, 14–20 yr old underprivileged Mexican adolescents, 33657
demographic characteristics & sexual partners & sexual & drug use & other risk behaviors & test site, failure to return for HIV test results, adults, 12367
demographic factors & control vs strain vs social learning theory, sexual intercourse in past year & lifetime sexual partners, rural 13–15 yr olds vs 16–17 yr olds in aid-receiving families, 37013
demographics & psychological adjustment & victimization & perpetration histories, 6–12 yr olds who have engaged in developmentally unexpected sexual behaviors, 24420
desired sexual qualities in self & husband, changes in experienced sexual response, female 38–56 yr old participants in midlife health survey, 4660
development & internal consistency of Adolescent Sexual Activity Index, assessment of sexual behaviors, 12–19 yr olds, 32592
development & psychometric properties of 3 scales, assessment of sex knowledge & experience & needs, adults with mild intellectual disabilities vs physical disabilities vs general population, 26150
development & situational structure of scales to measure stage of change & sex differences in confidence in safer sex & temptation for unprotected sex constructs, college students, 22906
diagnosis of cervical human papillomavirus infection, psychosexual behavior, infected vs uninfected women, 11808
differences in sexual strategies & inhibitory abilities as predicted by parental investment theory, females vs males, 27198
differential effects of selective serotonin reuptake inhibitors on serotonin receptor subpopulations & sexual behaviors, humans & animals, 4236
discourse schemas on postmodern perspectives on relationships & sexuality & reproduction, adolescent females, 14019
dosage & withdrawal & psychosexual side effects of testosterone therapy, 21–40 yr old males, 12268
dress, legal practices & legislative actions regarding sexual harassment & rape, US , 26039
early paternal experience & attitudes toward women & impulsive behaviors & peer characteristics as mediational factors in model of aggression, sexually aggressive vs nonviolent males, 5133
ecological & risk-factor examination of sexual activity, 12–17 yr old male vs female European vs African vs Latino Americans, usefulness of data from mostly European American sample, 4490
effects of body fat on weight concerns & dating & sexual activity, Black vs White adolescent females (mean age 13.7 yrs), 2 yr study, 20569
effects of sildenafil on phases of sexual response cycle, 730
efficacy & safety & effects on sexual functioning of bupropion SR vs sertraline treatment, patients with depression, 25153
egalitarian & sexist & aggressive scenes, cognitive responses & evaluation & attitude change, male college students, 4671
epigenesis of sexual orientation, adult bisexual males who experienced intense romantic homosexual affair in their youth & subsequently decided to lead heterosexual lives, 30355
erotic countertransferences for effecting change in patient, female analysts, 38196
estimated number of sexual partners, 16–59 yr old nonrespondents to question on British National Survey of Sexual Attitudes & Lifestyle, 23930
ethical issues in treatment, patients whose sexual behavior is problem for society, 34785
ethics of consensual sexual relationships between psychiatrists & trainee psychiatrists, commentary, 15807
ethics of consensual sexual relationships between psychiatrists & trainee psychiatrists, response, 32153
ethnographic study of settings & social contexts of shotgun inhalational drug use technique & sexual & other associated behaviors & risk of infectious disease transmission, drug users, 21335
evaluation of "Sex Can Wait" abstinence sex education program, knowledge & attitudes & beliefs about sexual behavior, upper elementary & middle school & high school students, 15863
evolutionary vs belief based hypotheses about sex differences in jealousy as function of emotional vs sexual infidelity, US vs Japanese vs Korean undergraduates, 14205
excuses & justifications for involvement with older men, teenage mothers, 3 yr study, 14197
experiences of & reactions to sexual coercion, male vs female college students, 4679
experiences of sexuality after treatment, female breast cancer survivors, 28099
experiences with & attitudes toward using Reality female condom for anal sex, males who have sex with males, 12360
extradyadic sexual behavior & fantasies & romantic attachments & flirting & social activities, unfaithfulness & jealousy in hypothetical dating relationships, male vs female college students, 33911
facilitated sex as need vs want, disabled students & personal assistants, 24081
factor structure of Index of Sexual Narcissism & it's composite & subscale scores relation to other various sexual constructs, 18–22 yr old males, 35971
factors associated with sexual behavior & risk while on vacation, gay males, implications for HIV prevention, 28068
factors involved in frequency of condom use, 15–49 yr old males, 14207
factors leading to or barring dual contraceptive use to prevent pregnancy & HIV infection, adult African American males vs females, 37026

false negative feedback, efficacy expectancies & sexual arousal, sexually functional 20–50 yr old males, 14204
feminist & multicultural perspective on physiological & cognitive & affective & developmental sociocultural risk factors for perpetration of sexual aggression, commentary, 11681
feminist & multicultural perspective on physiological & cognitive & affective & developmental sociocultural risk factors for perpetration of sexual aggression, commentary, 11663
fetal alcohol syndrome & brain dysfunction & paraphilias & sexually aggressive behavior, 21275
frequency & predictors of condom use for HIV prevention, low-income women (median age 25 yrs), 31822
frequency & severity of pain during anal intercourse & sexual behavior concomitants & psychosexual determinants, 18–74 yr old gay men, 1188
frequency of nonparaphilic hypersexual behaviors, males with sexual impulsivity disorder (mean age 36.8 yrs), 37760
Freud's Oedipus complex vs Westermarck hypothesis & role of sociobiological evidence in incest & male sexual selection & mate choice, 30551
gender differences in perception of unwanted male sexual aggression, 18–47 yr olds, 1191
gynecological & reproductive & sexual health, 18 yr old & older HIV-positive Latina vs Asian/Pacific Islander vs African vs European vs Native American females, 6 mo study , 28089
heterosexual transmission of HIV, men &/vs women, 5273
high school athletic involvement, sexual behavior & pregnancy, 15–18 yr olds, 36823
history of & changes in attitudes toward sex & sexual behavior, China, implications for spread of HIV & other sexually transmitted diseases, 37027
history of sexuality & psychosexual behavior in sociocultural context from ancient civilizations to 20th century, 20790
HIV prevention & sexual risk behavior & role of sex ideologies & sexual scripts in sexual life of youth, 15452
HIV prevention interventions for male prison inmates & females who visit prison inmates, 15690
HIV prevention videos, condom use self-efficacy & sexual behavior & dating relationships, 17–24 yr olds, 3 mo followup, 18888
HIV risk & protective factors, sexual behavior, 18–25 yr old Asian & Pacific Islander men who have sex with men, 31117
HIV risk behaviors & likelihood of testing for HIV status & repeated testing, Ss before & after entering methadone maintenance treatment, 1979
HIV testing & counseling, changes in sexual behavior & condom use, 18–70 yr old heterosexual males attending sexually transmitted disease clinics, 1993–97 study, India, 2491
husband's vs wife's violence to partner, sexual activity in marriage, adults, erratum, 5015
identification of types, 6–12 yr olds with sexual behavior problems, 1721
inductive model of & HIV-related risk assessments in sexual interactions, 21–65 yr old Asian/Pacific Islander American females, 30356
intimate partner relationships & sexual self-image, HIV seropositive adults, 8553
knowledge & attitudes & behaviors regarding human papilloma virus, college students, 31085
knowledge & attitudes & practices related to HIV/AIDS, sex workers (mean age 22 yrs), Cambodia, 31131
knowledge of & attitudes toward elderly sexuality & sexual expression, elderly in long term care facilities vs staff, 5897
love attitudes & sexual scripts, college students , 4674
meanings & contexts & sexual cultures & HIV in Cambodia, 13–26 yr olds, 28083
menstrual cycle, sexual functioning, 23–45 yr old females, 37015
metacontent analysis of sexuality during pregnancy & after childbirth, couples, 1950–96, 30325
methodological approaches to study of & design of computerized survey questionnaire assessing sexual behavior & attitudes & contraception & condom use, 16–20 yr olds, 26284
migration & ethnicity & environment, HIV risk factors, sexually active 16–72 yr old females living in bateyes, Dominican Republic, 1970
model of interpersonal behavior, intention to engage in casual sex, college students , 4675
National Institute on Drug Abuse Cooperative Agreement standard vs enhanced intervention for HIV/AIDS risk, drug use & condom use & number of sex partners, noninjecting drug users, 2494
nature of sexual behaviors, women with borderline personality disorder, 17966
negotiation styles regarding condom use & relationship between intention & past condom use & reasons for not using condoms, male vs female 17–37 old college students, 27247
normal vs problematic & disordered use of Internet for sexual pursuits & expression, 18–50+ yr old males vs females, 14657
onset of new erotic fantasy & high risk self-destructive sexual behavior, 40 yr old gay male with multiple psychiatric disorders , 7751
parent–child relationship, sexual & alcohol & drug abuse, 17–26 yr olds, South Africa, 18011
partner condom use, 10–25 yr old females with sexual transmitted diseases, 21490
patterns of sexual behaviors, 15–20 yr old females, 20572
perceived AIDS risk & psychosocial & behavioral & demographic characteristics, adult arrestees reporting any lifetime injection drug use, 1186
perceptions of risk of HIV transmission through oral sex, HIV patients (aged 22–66 yrs) and health professionals (aged 33–54 yrs), 38450
perceptions of sexual history taking by health care providers, adolescents, 22148
personal vs interpersonal vs social vs physical environmental motives for casual sex encounters, male vs female college students, 30365
perspectives of perpetrator & aggrieved in sexual betrayal, 18–24 yr olds, 23929
physical attractiveness, time spent with family or kin & in reproductive strategies, 18–75 yr old males, 14337
physical symmetry & degree of sociosexual orientation restriction, competition tactics for attainment of date with attractive opposite-sex interviewer, adult heterosexual males vs females, 11074
physiological & psychosocial & sexual functioning & adjustment & satisfaction & surgical results, male to female gender transformation surgery patients, 3 yr followup, 14210
prior use &intentions to use condoms with new vs steady relationship partner, actual usage during spring-break vacation, Canadian college students, 30360
psychological & pharmacological effects of alcohol, ability of sexually coercive & noncoercive Ss to discriminate when female wants partner to stop sexual advances, 21–29 yr old male college students, 21253
psychological adjustment & sexual ability, male urological patients with erectile dysfunction & their spouses, 18262
psychosexual concerns & sexual risk behaviors, HIV-infected persons aged less than 29–50+ yrs old, implications for HIV prevention, 31837
psychosocial & behavioral factors, high-risk sexual behavior, 20–58 yr olds with HIV/AIDS in rural areas, 31125
recollection of early stress (environmental risk & uncertainty), individual differences in attachment behavior & time preference & sexual behavior & reproductive strategies, female college students, 17655
Recreational & At-Risk & Sexual Compulsive Users of Internet for sexual pursuits & their assessment & treatment, 24899
relationship between gender roles & multiple partners & non-use of condoms & substance use with sexual intercourse, 4658
relationship of core values to problem behavior & delinquency & substance use & sexual activity, high school students , 17340
reliability of German version of Sexual Experiences Survey, measurement of prevalence of sexual aggression, adults, 11537
reliability of self-report of sexual behavior, male couples of discordant HIV status, 23925
religiosity & narcissism & sex & love association to marriage & love style & sexual sensation seeking & perceived ability to deceive, extradyadic dating & sexual activity, college students, 17591
reporting of health-protective behaviors & substance use & sexual behaviors using computer-assisted self-interview vs written self-administered questionnaire, 13–20 yr olds, 22910
reporting of heterosexual female sexual initiation & aggression, males vs females , 23921
reports & contexts of & motivations in consensual participation in undesired sexual activity & traditional sex role endorsements, 17–30 yr olds in heterosexual dating relationships, 4678
role of biblical Scriptures in determination of sexual ethnics in Christianity, 17451
role of relationship & identity goals as influences on safe-sex behavior (condom use), 18–35 yr olds, implications for HIV transmission, 23920
role of sexual self-schema in healthy male & female sexual behavior & responsiveness & diathesis–stress model of sexual dysfunction, 27248
school counselor role in child sexual behavior as indication of abuse vs normal development, 12746
self & mate acceptance in sexual arousal & satisfaction & behaviors, married couples, 11075
self report of sexual orientation & behavior, American Indian vs Anglo American adolescents, 961
self reported narratives describing token resistance to sex, male vs female college students, 1187
self-efficacy & self evaluative outcome expectancies & partner attitudes & reactions towards condoms as predictors of condom usage, 18–25 yr old African American vs white female college students, 1190
sensation seeking & substance use & risky sexual behavior, adult male homosexuals, 8358
sex differences & relationship closeness, perceptions of condom introducers, Mexican American vs White 18–50 yr olds, 4672
sex differences & sexual beliefs, sexual intercourse in past year, White vs Black 13–17 yr olds in rural AFDC families, 4466
sex partner & relationship factors, attitudes toward female barrier contraceptives, 18–35 yr old women at risk for infection with HIV & other STDs, 31115
sex, discussions & representations of sexual knowledge from television & identity, 6–7 vs 10–11 yr old children, 20577
Sexpert sexual counseling expert system vs sex therapist vs sex educational video, attitudes toward computer system & learning & behavior changes in sexual relationship, couples, 8771
sexual & relationship experiences, lesbian survivors of male perpetrated childhood sexual abuse, 14672
sexual activity in adolescence prior to coital intercourse, 18–25 yr old male vs female college students, 14043
sexual attitudes & preferences & sociodemographic factors, sexual function, 58–94 yr old males, 20653
sexual attitudes of permissiveness & sexual efficacy, sexual behavior & intercourse participation, adolescents, 2 yr study, 30245
sexual behavior & behavior problems, 5–11 yr old males at risk for conduct disorder, 15 mo followup, 18005
sexual behavior & risk assessment, 18–54 yr old HIV positive males, 1986
sexual behavior & safer sex practices, 18–57 yr old college students attending commuter university, 4680
sexual behavior before vs after knowledge of infection risk & associations with clinical & demographic characteristics, heterosexual couples serodiscordant for HIV, 8562
sexual behavior during pregnancy & year postpartum, spouses, 1184
sexual behaviors & verbalizations in anatomically detailed doll interviews, unabused 3–6 yr olds with externalizing problems, 14710
sexual coercion, lesbian & gay couples, 24476
sexual conflicts & crucial role of developing comfortable functional sexual style in 1st 2 yrs of marriage, couples, 7675
sexual experience & esteem & body size & attractiveness & body image, 18–21 yr old females, 4682
sexual history & physical attractiveness of potential partner, interpersonal attraction & interaction & perceived risk & strength of intention to engage in safe sex, male vs female 17–38 yr olds, 20786
sexual orientation & years out & disclosure & sexual experience & community participation, lesbians , 37021
sexual risk & knowledge & economic & demographic correlates of 1st intercourse, adult females, 23936
sexual style & construction of sexual identity, 15–16 yr olds, 4499
situational vs individual characteristics as predictors of condom use, 18–29 yr old sexually active heterosexuals, 28629
social & sexual functioning before vs after onset of illness, White vs Afro-Caribbean males with schizophrenia who have committed contact sex offences, 27709
social norms governing attitudes about romantic behavior towards friend's romantic partner, heterosexual male vs female college students, 1183
socioeconomic & demographic characteristics & sexual behavior & history of sexually transmitted diseases, risk for herpes simplex virus type 2, 18–76 yr old female sex workers, 14923
strategies for improving parent-adolescent communication about sexual behavior, 13–19 yr old female family planning patients, 33771
strategies for preventing sexual offenses at institutions of higher learning, 22110
substance use, risky sexual behavior, male vs female adolescents, 18 mo study, 14730
target sex & number of heterosexual relationships & level of sexual activity, judgment of target behavior, male vs female college students, test of sexual double standard, 1185
theoretical orientation & use of supervisory consultation & training on & use in therapy of erotic countertransference & sexual feelings & behaviors toward clients, social work psychotherapists, 8778

theories of sexual behavior & existing intervention approaches to & role of psychology in pregnancy prevention, adolescents, 22022
timing of mother–adolescent discussions about condoms, condom use during first & subsequent sexual encounters, 14–17 yr olds, 946
trends in early sexual activity & subsequent sexual lifestyle, 18–54 yr old New Zealanders, 23760
vaginal anatomy & function changes in women treated for cervical cancer, sexual function & levels of distress, 25–80 yr old females with history of cervical cancer, 22041
verbal & nonverbal & contextual cues, perceptions of impaired judgment & coercion & sexual consent & appropriateness of sexual intercourse & rape, male vs female college students , 14208
verbal vs nonverbal introduction of condom into initial sexual encounter vs no condom control by male, perceptions of male condom proposer, male vs female college students, 11069
Psychosexual Behavior [See Also Bisexuality, Erection (Penis), Extramarital Intercourse, Heterosexuality, Homosexuality, Human Courtship, Hypersexuality, Masturbation, Monogamy, Orgasm, Promiscuity, Prostitution, Seduction, Sex Roles, Sexual Abstinence, Sexual Arousal, Sexual Deviations, Sexual Function Disturbances, Sexual Intercourse (Human), Sexual Risk Taking, Transsexualism, Transvestism, Virginity]—Books

Psychosexual Development—Chapters
Betwixt and between: Sexuality in the context of adolescent transitions, 4510
Commitment and sexual behaviors in adolescent dating relationships, 36865
Developmental issues in psychotherapy with older men, 31491
Experiences of coming out among gay and lesbian youth: Adolescents alone?, 30200
Female adolescent sexuality in relational context: Beyond sexual decision making, 20649
Friends and lovers: The role of peer relationships in adolescent romantic relationships, 14065
Gender roles: The construct in the Indian context, 36718
Homosexual boyhood: Notes on girlyboys, 23801
New methods for new research on adolescent sexual behavior, 4513
Sexing the tomboy, 23807
Tomboys and cowgirls: The girl's disidentification from the mother, 23803
Psychosis [See Also Acute Psychosis, Affective Psychosis, Capgras Syndrome, Childhood Psychosis, Chronic Psychosis, Experimental Psychosis, Paranoia (Psychosis), Reactive Psychosis, Schizophrenia, Toxic Psychoses]—Serials
acute dystonia following trazodone, 14-yr-old hospitalized male with major depressive disorder with psychotic features, 8953
admission & discovery of explosives in patient's home, deaf male treated for character disorder & psychotic decompensation, implications for role of therapist in protecting society & patient rights, 21660
admission process of psychotic adolescents (aged 14–17 yrs) to the hospital, 35273
age & sex & diagnosis & age at 1st diagnosis, own & same-sex siblings' number of offspring, patients with affective vs schizophrenia or nonaffective psychoses, 27695
alterations in volume of superior temporal gyrus, 1st episode treatment naive patients with schizophrenia or related psychotic disorders or nonschizophrenic psychotic disorder, 4875
antecedent fever & acute brief psychosis, 15–34 yr olds, 27511
antiepileptic drug lamotrigine, symptom control, 39-yr-old female & 44-yr-old male with epilepsy-related psychosis, 18674
antipsychotic olanzapine, priapism, 27-yr-old male being treated for psychotic symptoms, 18684
apolipoprotein-E genotype & psychosis & depression symptoms, patients with Alzheimer's disease or probable Alzheimer's disease (mean age 74.8 yrs), 18381
association of neuropsychological deficits & clinical symptoms, 16–55 yr old first-admission patients with psychotic disorders, 21164
attributional style & severity of suspiciousness, 17–30 yr olds experiencing 1st-episode psychosis, 24270
behavioral interactions between DAergic drugs & cannabinoid agonist HU 210, male rats implications for studying psychosis, 33395
carbamazepine, cannabis related schizophrenia like psychosis, 19 & 22 yr old males, 18706
cerebral side of onset & subsequent development of psychosis, patients with Parkinson's disease (mean age 71 yrs), 2086
chlorpromazine & chlormethiazole, recurrent acute confusion, 46 yr old female with cycloid psychosis, reply to commentary on case report, 2281
chlorpromazine & chlormethiazole, recurrent acute confusion, 46 yr old female with cycloid psychosis, commentary on case report, 2349
chronic dopamine D1 & dopamine D2 & combined D1 & D2 antagonist treatment, psychosis & extrapyramidal side effects, monkeys, 7236
client's position & other therapeutic aspects of psychological treatment of schizophrenia & other psychoses, therapist & patient, transcript, 18522
clinical & demographic & social characteristics, 18–59 yr olds vs 60 yr olds & older with psychotic vs with nonpsychotic depression, 24172
clinical & demographic characteristics, delusional vs nondelusional adult inpatients with bipolar vs major depressive disorder, 37288
clinical & demographic characteristics, outpatients with unipolar vs bipolar psychotic depression, 34092
clinical application of & interpretation of transference with concept of internal cohabitation in therapy, patients with psychosis, 38193
clinical explanatory models on insight in psychosis, 14564
clinical features & brain morphology & etiology, 65–85 yr olds with psychotic vs nonpsychotic major depression, 14504
clinical features & diagnostic stability of early-onset psychotic disorders, 9–17 yr olds with schizophrenia or bipolar or schizoaffective disorder or organic or other psychosis, 2-yr study, 37281
clinical features in psychotic late-life depression vs psychotic depression in younger patients, outpatients with unipolar vs bipolar depression with vs without psychotic features, 37304
clinical outcomes & patterns of course of 1st-episode psychoses & diagnostic stability, 1st & 2nd generation African-Caribbeans vs other patients, 3 yr followup, UK, 27673
clinical presentation & pharmacological treatment & course of illness & diagnostic implications, 60 yr old male with late onset psychosis & paranoid delusions & auditory hallucinations, 24274
clinical trial of low doses of clozapine, patients (mean age 72 yrs) with Parkinson's disease & antiparkinsonian drug-induced psychosis, 15347
clinical usefulness of dimensional vs categorical representations of psychotic psychopathology, 16–65 yr olds with chronic psychosis, 24299
clomipramine, 43–78 yr olds with delusional disorder of somatic type, 31708
clozapine, severe self-mutilation & aggressive behavior, 26–47 yr old female patients with borderline personality disorder & psychosis, 31627
clozapine, severity of psychopathology, psychotic patients with ''treatment refractory'' symptoms with vs without akathisia, 24276
clozapine, stuttering, 49-yr-old female with psychotic episode , 38316
competency to consent to psychiatric hospitalization, 20–89 yr olds with psychosis, 16278
contact with offspring & assistance with child care, parents with psychotic disorders, 37367
cost effectiveness of & outcomes with community oriented Early Psychosis Prevention & Intervention Centre program, young people with emerging psychotic disorders, 1 yr followup, 31954
critical examination of biopsychosocial paradigm of travelling psychosis, migrant workers, Peoples Republic of China, 1602
critique of Waco tragedy, psychotic entelechial rhetoric of Burkean theory & methods, 33739
cultural considerations & evidence in determination of DSM-IV diagnostic criteria for schizophrenia & related psychotic disorders, 1595
delayed pimozide &/or lithium treatment, long-term adverse effect & prognosis, patients with functional psychosis, 38262

demographic & clinical & diagnostic correlates of 1 mo & lifetime rates of suicidal behavior, psychiatric inpatients with psychotic disorders, 37383
depression & psychoses & other positive & negative effects of anticonvulsive drugs on behavior, 758
depression with vs without psychotic symptoms & medication resistance, response to ECT, hospitalized 65–91 yr olds, 25261
development of CNS lupus with psychotic symptoms in 44 yr old woman with systemic lupus erythematus, 31127
development of major depression with psychotic features after discontinuation of interferon-alpha treatment for malignant melanoma, 34 yr old male, 28610
diagnosis & pharmacologic treatment of dopaminomimetic-induced psychosis, patients with Parkinson's disease, 22074
diagnosis & treatment of severe psychotic illness, 50 yr old male with dual severe sensory impairments caused by Usher syndrome, 37755
diagnostic accuracy of Schneider's first-rank symptoms for schizophrenia, inpatients with schizophrenia vs other psychoses, 14570
diagnostic categories commonly associated with psychosis in elderly, 21160
diagnostic criteria & classification based on premorbid adjustment & family history & follow-up status, multidimensionally impaired syndrome vs very early onset schizophrenia vs ADHD, commentary, 1586
diagnostic criteria & classification based on premorbid adjustment & family history & follow-up status, multidimensionally impaired syndrome vs very early onset schizophrenia vs ADHD, commentary reply, 1599
discrete effects of developmental vs social risk factors in onset & outcome of various functional psychoses, 8158
dopamine D4 receptor gene variants & excitement & depressive & disorganized & delusional symptomatology, psychiatric inpatients with major psychoses, 30749
dopamine receptor genetic variation & psychosis, elderly outpatients with probable Alzheimer's disease, 1–9 yr followups, 2093
dosage & side effects & interaction with other psychotropics & symptom improvement, 10–18 yr old inpatients with psychotic or behavior or other disorders taking risperidone or olanzapine, 3-mo study, 8909
duration of disorder, efficacy of more vs less intensive & phase specific drug & psychological treatment, patients with 1st episode psychosis, 12 mo follow up, 34731
duration of untreated psychosis in 1st-episode schizophrenia, implications for early intervention & secondary prevention, 37376
ECT, 58–74 yr olds with chronic schizophrenia or schizoaffective disorder with or without resistance to medication treatment, 18761
effectiveness & extra-pyramidal side effects of olanzapine vs haloperidol, 19–58 yr olds with cannabis-induced psychotic disorder, 31619
efficacy & safety & side effects of new atypical antipsychotic quetiapine, 62–94 yr olds with psychotic disorders, 21925
efficacy & tolerability of atypical neuroleptic olanzapine, alleviation of severe psychosis & behavioral & extrapyramidal symptoms, 74–89 yr olds with dementia with Lewy bodies, 28619
electroconvulsive therapy, women with puerperal psychosis, 31684
ethical & legal & monetary considerations of patient refused ECT, 36 yr old male with recurrent depression & psychosis & catatonia, commentary & reply, 8972
ethical & legal & monetary considerations of patient refused ECT, 36 yr old male with recurrent depression & psychosis & catatonia, commentary, 8967
ethical concerns of & safeguards for ethically conducting & reporting experiments that induce psychosis in healthy volunteers via ketamine infusion in schizophrenia research, 28895
factor analysis of dimensional structure of first episode symptoms, psychosis patients (mean age 24.4 yrs), 4881
factor structure of psychotic symptoms assessed by Scales for Assessment of Positive & Negative Symptoms, psychotic inpatients (mean age 36 yrs), 29387
features of parkinsonian psychosis & treatment with selective serotonin antagonists or other atypical neuroleptics, patients with Parkinson's disease, 22058
fenethyllin-induced psychosis with rapid resolution upon cessation of drug usage, 36 & 56 yr old drug dependent males, 35022
form & content of auditory hallucinations, adult offenders with psychosis vs with simulation of psychotic disorder vs previously psychotic with current simulation, 3221
functional brain asymmetry & localization of somatosensory evoked magnetic potential, patients with bipolar disorder with vs without psychosis , 30684
guidelines for detection of malingered psychosis & approaches for evaluation of criminal defendants pleading sanity, mental health clinicians, 19537
haloperidol withdrawal, HVA & MHPG levels & use as biological markers for psychosis, 20–63 yr old male patients with schizophrenia or schizoaffective disorder, 21912
haloperidol, 14 yr old female with anorexia & psychosis, 28514
health care service delivery & compulsory detainment in psychiatric hospital & contact with forensic psychology & police services, Black vs White patients with psychosis, 31904
high dose olanzapine treatment in refractory psychosis, male patients with schizoaffective disorder, 18728
historical & political events & changes in subject of delusions, patients with endogenous psychoses, 1910–20 vs 1930–40, 34154
implementation & evaluation of & treatment strategies used in Optimal Treatment Project, patients with schizophrenia & other nonaffective psychotic disorders, 21 countries, 5-yr study, 21648
incidence & nature & long-term outcome of psychosis, 16–54 yr old patients of Black vs Asian vs White vs other ethnicity, UK, 5 yr study, 27672
incidence of delusional ideation, Hare Krishnas & Druids vs inpatients with psychosis, 14462
increased sensitivity to stress associated with noradrenergic hyperactivity & vulnerability to spontaneous recurrences of methamphetamine psychosis, female inmates, 34197
intensive vs standard case management, hospitalization & costs, patients with psychosis, 12392
inter-rater & test-retest reliability of French version of Diagnostic Interview for Genetic Studies, assessment of mood & psychotic disorders, psychiatric patients, 32650
intramuscular flunitrazepam vs haloperidol, emergency treatment of aggressive psychotic behavior, patients with schizophrenia or schizoaffective or bipolar disorders, 8885
issues in & model for management with atypical antipsychotics, chronic ambulatory psychotic outpatients, 8930
legal & ethical issues in treatment of patients with psychosis, health care personnel, 38655
low-dose fluphenazine induced neuroleptic malignant syndrome, female 21 yr old with first episode psychosis, 28430
luteinizing hormone-releasing hormone agonist triptorelin, estrogen decrease & psychosis, 32 yr old female with no previous history of psychotic disorder, 34994
management of psychosis & agitation in elderly patients by primary care physicians, 80 yr old male with multiple medical problems & dementia, 28655
medication & patient sociodemographic & symptom-related factors & insight & cognitive impairment & treatment alliance & model, treatment compliance & relapse, patients with psychosis, 34739
medication treatment & impact of comorbid externalizing disorder & substance abuse on further episodes & outcomes, 15–20 vs 30+ yr olds with 1st admission psychotic mania, 4 yr follow-up, 38219
melatonin with vs without antipsychotics, 30 yr old male & 43 yr old female with jet lag & de novo psychosis, 28445
mental health indicators of treatment status & psychiatric diagnosis & threat/control-override psychotic symptoms, associations between gender & self-reported violent behaviors, 24–33 yr olds, 8018
met & unmet needs & satisfaction with services, patients in PRISM Psychosis Study in intensive vs standard community service, commentary, 15534
methadone-induced psychotic disorder with hallucinations, 5.5 yr old Hispanic female, 17912
mirtazapine, 58 yr old female with recurrent psychotic depression, 28422
MMPI profiles during remitted vs psychotic states, 19–31 yr old recent-onset schizophrenia patients, 17921
molecular biology of serotonin receptors & implications for treatment of mood & psychotic disorders, 8918
multidimensional scaling analysis of paranoid & other psychiatric symptoms in depressive & psychotic disorders, community residents & depressed & psychotic patients, 14471
nature & effectiveness of cognitive-behavioral interventions for psychosis, 21773
needs & obstacles to seeking help & conceptions of & reasons for engagement in treatment, males vs females with dual diagnosis of chronic psychotic illness & substance abuse, 18495
neuroanatomy & physiology of amygdala in psychotic illness, female with psychotic illness, 1588
neuropsychological function, young adult inpatients with psychotic vs nonpsychotic unipolar depression, 8040
new onset diabetes mellitus & diabetic ketoacidosis associated with olanzapine treatment, 38–47 yr olds with histories of schizoaffective disorder or schizophrenia or bipolar disorder, 34976
nosologic structure of psychosis, data from adults with schizophrenia or affective illness, commentary reply, 27684
nosologic structure of psychosis, data from adults with schizophrenia or affective illness, commentary, 27664
occurrence of hypomania & psychosis during pindolol augmentation, 40 & 54 yr old females with bipolar depression, 28515
olanzapine treatment, patients with psychotic depression (mean age 36.9 yrs), 15336
olfactory sensitivity to isoamyl acetate & androstenone before vs during treatment with neuroleptic drugs, patients with first episode schizophrenia vs psychotic disorder, 25224
optimal haloperidol dose, patients with 1st-episode psychosis, 15359
oral medication noncompliance as reason for use & side effects associated with & success of parenteral administration of clozapine, 21–58 yr old psychotic inpatients, 38274
outline & context of Freud's early clinical theory of neuroses & psychoses, 1894–96, 30549
overview & program evaluation of integrated medical & psychosocial treatment program with emphasis on service utilization & consumer satisfaction, patients (mean age 35.8 yrs) with psychotic disorders, 5470
P300 topography & presence of temporal abnormalities, 18–55 yr old male patients with schizophrenia or manic psychosis, 11337
patient & caregiver & relationship characteristics, caregiving tasks & distress, caregivers of persons with schizophrenia or chronic psychosis, 9181
patient characteristics & duration of untreated psychosis, 15–55 yr olds with 1st episode nonaffective psychosis, implications for prognosis, 37369
patient vs staff rated severity of met & unmet need & patient quality of life, 15–80 yr olds with psychosis & their health care personnel, 34748
performance on Halstead-Reitan Neuropsychological Test & General & Left & Right Neuropsychological Deficit Scales, patients with substance abuse or psychotic disorders with vs without cerebral trauma, 24079
personal experiences of illness & explanatory models used to give coherence to their experiences of psychosis, 18–55 yr old outpatients with schizophrenia, commentary, 17905
personal experiences of illness & explanatory models used to give coherence to their experiences of psychosis, 18–55 yr old outpatients with schizophrenia, 17924
pharmacokinetic & pharmacodynamic considerations & dose vs response issues in use of loxapine for treatment of schizophrenia & other psychotic disorders, 21886
pharmacologic & nonpharmacologic treatment of psychosis in dementia, 21601
pharmacological treatment trials for psychosis & depression & anxiety-agitation in adult & geriatric patients with underlying neurological diseases, 1966–1998, 21599
pimozide augmentation of olanzapine, symptoms, 44 yr old male with schizophrenia & drug-resistant psychosis, 21962
polydactyly associated with functional psychosis, adults with familial schizophrenia or psychosis, comment, 24281
postictal psychosis following tonic-clonic seizures, 32-yr-old female with epilepsy, 31303
presence of psychosis & confusional states, patients with epilepsy, 34654
presence or absence of changes in antiepileptic drug therapy, psychotic episodes, patients with epilepsy & psychoses, retrospective study, implications for epileptic psychoses risk factors, 34997
prevalence & frequency & severity & features of violent behavior, adults with psychotic or major mood disorders in 4 mo preceeding outpatient commitment, 21054
prevalence & pattern of substance abuse & diagnosis & demographic characteristics, patients presenting with 1st episode psychosis, 14540
prevalence of anxiety disorder & psychosis, adult admissions to psychiatric facility, 1465
prevalence of psychosis & cognitive functioning & depression & severity of disorder, patients with Parkinsons disease, 24771
prevalence of psychotic depression & differences in psychotic vs nonpsychotic depression, private practice outpatients with unipolar vs bipolar depression , 8089
prevalence of PTSD symptoms & relation to psychosis & involuntary hospitalization, 21–63 yr old schizophrenic & delusional patients, 24215
previous admissions & long length of stay & diagnosis of psychosis or personality disorder, increased risk of multiple readmissions, psychiatric patients, Finland, 1990–1993, 2651
psychoanalytic perspectives on psychosis in male twins in film "Dead Ringers", 27439
psycholinguistic behavior as language processing & verbal reasoning & discourse production in auditory hallucinations, hallucinating vs non-hallucinating 20–50 yr olds with psychotic disorders, 1624

psychopharmacological treatment of mania & the meaning of psychotic acts, 19 yr old with mania & symptoms of hyperreligiousity & religious delusions & cannabis abuse & history of bipolar disorder, 4954
psychosis & depression, behavioral disturbances, 58–96 yr old patients with dementia, 18389
psychosis due to prednisone–clarithromycin interaction, 50 yr old male treated for emphysema & bronchitis, 5744
psychosis following discontinuation of estrogen-progestogen contraceptive & improvement following hormone replacement & antipsychotic medication & oxcarbazepine, 51 yr old woman, 34160
psychosis proneness & antisaccade task performance, college students, 11414
psychosis, 88-yr-old female, implications for possible role of illness or medication use or dementia or sensory deficits, 4965
psychosis, outpatients with major depressive disorder with vs without concurrent PTSD, 21120
quetiapine, dopamimetic psychosis, 69- & 80- & 85-yr olds with Parkinson's disease, 35000
recovery from severe treatment-resistant psychosis after coma from septicemia, 24-yr-old female who suffered brain injury at age 13 , 31183
reduction in positive & negative & depressive & manic symptoms, improvement in service use & disability & subjective outcomes & self-harm, 16–65 yr old patients with chronic psychotic illness, 37392
reevaluation of diagnostic systems in light of complexity of late-life syndromes, 76 yr old female with psychotic & depressive symptoms with onset in late life, 17902
relationship between adult-onset adrenoleukodystrophy & psychiatric symptomatology, 31-yr-old male with tardive dyskinesia & treatment-resistant psychosis, 31231
relationship of prenatal famine to risk of nonaffective psychosis & affective disorders, Dutch birth cohorts, 1944–1946, 24245
REM latency & other psychobiological correlates, patients with psychotic vs nonpsychotic major depression, 8120
research on development & validity & potential uses of Wisconsin Manual for Assessing Psychotic-like Experiences, 22869
resistance to change in severe & psychotic mental disorders, 18540
retrospective information from school records & reporting by S & relatives on academic performance & social & behavioral problems, 15–60 yr old 1st admission psychotic patients, 35274
risperidone addition to diazepam & trihexyphenidyl, tardive dyskinetic & dystonic movements, 47-yr-old male with psychosis, 21875
risperidone as adjunct to valproic acid, 50 yr old male with psychotic disorder with manic episodes, 15355
risperidone therapy vs conventional antipsychotic therapy, hospital length of stay & subsequent outpatient visits, 23–80 yr old veterans, 2-yr study, 21950
risperidone vs olanzapine treatment in hospital setting, drug acquisition costs & treatment outcomes, psychiatric patients presenting with psychotic symptoms, comment, 31635
risperidone vs olanzapine treatment in hospital setting, drug acquisition costs & treatment outcomes, psychiatric patients presenting with psychotic symptoms, reply, 31683
risperidone, 23 yr old male with monosymptomatic hypochondriacal psychosis, 34150
risperidone, 25 yr old male with inhalant-induced psychosis & dependence, 38617
risperidone, obsessive-compulsive symptoms, 24 yr old male with history of methamphetamine psychosis, 21906
risperidone, psychosis & agitation, 66–78 yr old inpatients with Parkinson's disease & dementia, comment, 2471
risperidone, psychosis & agitation, 66–78 yr old inpatients with Parkinson's disease & dementia, commentary reply, 2488
risperidone, psychosis & behavioral disturbances, patients with dementia (mean age 82.7 yrs), 15306
risperidone, psychosis, 55 yr old female with Huntington's disease, 2359
risperidone, tardive dyskinesia/dystonia, 19–22 yr old males with 1st episode psychosis, 21873
role of mental disorder & psychosis in violent behaviors, patients from pre-trial prison & high security & psychiatric hospitals, 8021
role of prenatal & perinatal complications in etiology of schizophrenia & other psychoses, 24247
safe clozapine treatment of HIV-associated psychosis combined with stavudine & lamivudine, 34 yr old man who developed neutropenia with zidovudine & lamivudine, 5617
safety & efficacy of olanzapine vs haloperidol, adults (mean age 28 yrs) with first-episode psychosis , 8943
safety & efficacy of olanzapine, patients (mean age 74.4 yrs) with Parkinson's disease & psychosis with vs without dementia, 31613
schizoaffective psychosis & intellectual deterioration, 18-yr-old female fragile-X carrier, 31038
seasonal prevalence of bipolar illness vs psychoses, 14–17 yr olds, 34063
self- vs physician-ratings of patient attitudes toward their illness, 18–69 yr olds with schizophrenia vs other psychotic disorders, 14533
self-poisoning & suicide risk & fatal toxicity potentials of orphenadrine & other antipsychotic & anticholinergic drugs, patients with psychotic illnesses, commentary, 15340
serum iron levels as risk factor for developing neuroleptic malignant syndrome, psychotic patients with vs without catatonia, 14411
socio-demographic characteristics & psychopathology & social functioning & prevalence, 16–65 yr olds with psychotic illness & low intelligence, 30715
sociodemographic & clinical & familial factors predicting delay between onset of psychotic symptoms & 1st hospitalization, 16–59 yr old psychiatric inpatients, 8083
strategic family therapy approach, 31 yr old female with severe psychosis, 15211
subcutaneous controlled-release polymer implant continuous delivery of phencyclidine, deficits in latent inhibition, rats, animal model of psychosis, 7255
symptoms & structure & nature of febrile onset psychosis associated with malaria, Sudan, diagnostic implications, 1563
theory of mind skills, schizophrenic vs psychotic vs depressed Ss during acute episode vs post-recovery, implications for C. D. Frith's neuropsychological theory of schizophrenic metarepresentation, 1581
threat vs control-override psychotic symptoms in association between mental illness & violence, 24–33 yr olds, 8006
transcranial magnetic stimulation to right prefrontal cortex, catatonia, 24-yr-old female with acute psychosis, 2421
Transderm-induced psychosis, 64-yr-old female with Parkinson's disease, 28189
treatment impasse & psychotherapy consultation & resolution, 19 yr old male patient who experienced psychosis as terminal illness & psychotherapist, commentary, 28295
treatment impasse & psychotherapy consultation & resolution, 19 yr old male patient who experienced psychosis as terminal illness & psychotherapist, 28318
treatment of psychotic aspects in parkinsonism & Parkinson's disease, 21565
types of helping contact & delays in subsequent treatment, adults with first episode psychoses & schizophrenia & depression, commentary, 14464
urban birth & upbringing & residence & other social factors vs biological factors as risk factors for psychosis, 2nd generation Caribbeans living in Britain, 30722

areas of psychosocial need, pregnant vs nonpregnant HIV-positive women, 8565
aspects of sexual relationships & peer characteristics & demographic & psychosocial characteristics, condom use stage & behavior change, male vs female 17–35 yr old African Americans, 12371
associative & rule-based theoretical model of social-cognitive & psychological factors in HIV-related stigma, 18313
behavior & psychosocial profile, alcohol exposed 3–16 yr olds, 27876
biographical & injury & impairment & psychological variables, successful psychosocial outcomes, traumatic brain injury patients, 24852

biological & psychological & environmental factors & etiology of delinquency, 14791
biological & psychological & sociocultural risk & protective factors associated with violent behavior, children & adolescents, implications for role of community psychiatrists, commentary, 37612
biological & psychological & sociocultural risk & protective factors associated with violent behavior, children & adolescents, implications for role of community psychiatrists, 14797
biological & psychological risk factors for coronary heart disease, 15–30 yr olds, Finland, 12 yr followup, 24760
biomedical & psychosocial aspects of sickle cell disease related to pain assessment & medical treatment & genetic counseling & education & employment, African Americans, 27999
biopsychosocial characteristics & treatment outcomes of pregnant cocaine-dependent women in residential vs outpatient substance abuse treatment, 38600
biopsychosocial pain model & psychosocial predictors of disability & pain progression to chronicity & treatment response & compensation issues, patients with low back pain, 14899
cerebellar abnormalities & symptom duration & psychosocial outcome, patients with schizophrenia spectrum disorders, 7-yr study, 11450
changes in development & doctor–patient relationship & usefulness of SHADSSS as psychosocial functioning assessment, pediatricians & adolescent patients, 9100
child abuse & maternal & child perceived social support & competence & depression & sociodemographic characteristics, child academic functioning, children (mean age 9 yrs) & their mothers, 21249
childhood diagnosis of ADHD, educational & occupational & residential & marital status & use of mental health services & psychological status, male 18–26 yr olds, follow-up study, 11687
childhood social & familial & individual risk factors, formation of deviant peer affiliations, 15 yr olds, longitudinal study, 20563
client characteristics, prediction of formation of & strength of relation with clinical case manager, homeless people with serious mental disorders, 1-yr study, 35220
clinical & demographic & social characteristics, 18–59 yr olds vs 60 yr olds & older with psychotic vs with nonpsychotic depression, 24172
clinical & psychological correlates of compulsive vs impulsive vs absence of self-injurious behavior, 16–50 yr old outpatients with bulimia nervosa, 11739
clinical & social & demographic & service utilization characteristics, 58–96 yr old Indian subcontinent origin vs indigenous patients referred to psychogeriatric service, 27482
clinical course & psychosocial correlates of unipolar depression, 17–18 yr old females, 5 yr study, 27621
clinical implications of psychosocial research on etiology & maintenance & predictors of treatment response for bulimia nervosa & binge eating disorder, 24667
clinical symptom dimension profiles & psychosocial situation, 15–44 yr old new schizophrenia patients, 5-yr study, 37384
cognitive & psychosocial predictors of first-year academic success, Caucasian & African-American college students, 9498
community & family & school & peer & individual risk factors & structural model of developmental patterns in antisocial behavior, female 11–17 yr olds, 24466
complexity & psychological & emotional aspects of cortical visual impairment, children, 24886
concomitant psychiatric symptoms & relationships between neurocognitive and social functioning, patients with schizophrenia, 14530
context of accessibility of group exemplar, social group attitudes in evaluation of exemplar's group, male & female adults (mean age 45 yrs), 11154
coping strategies, demographic & illness related data & depression & locus of control & psychosocial adaptation, patients with Parkinson's disease & epilepsy, 31265
correlates of physical activity, 14–18 yr old African-American vs Caucasian females, 12350
cross-cultural differences in self-perceived role as first contacted professional for patients with psychosocial problems, general practitioners, 30 European countries, 25656
cross-temporal stability & cross-situational consistency of cognitive interference, college students, 241
cultural & psychosocial factors, chronic pain following whiplash, adult victims of rear-end automobile collision, 1 yr study, Lithuania, 16244
death anxiety & sensation seeking & psychosocial factors & SES & sex, degree of involvement in high risk recreation, college students, 35719
demographic & behavioral & psychosocial correlates of bullying behavior, male vs female middle school students, implications for targeting youth at risk for bullying, 32279
demographic & medical & psychosocial factors, fatigue, 18–85 yr old cancer patients, 11847
demographic & mental illness & other psychosocial factors, suicide, farmers, UK, 30827
demographic & physical & occupational stress & psychosocial factors, prediction of work disability, military personnel with occupational upper-extremity related disability, 5218
demographic & psychosocial & health status & personality correlates of amount & type of exercise & relationship to health care utilization, elderly male vs female Ss with osteoarthritis, 1921
demographic & psychosocial & other risk factors for illicit drug use, females with disabilities, 4848
demographic & psychosocial characteristics & presenting psychopathology & age at time of adoption, male vs female adopted children & adolescents attending psychiatric outpatient services, 30626
demographic & psychosocial factors related to non-treatment, community dwelling schizophrenic Ss, 2141
demographic & social support & acculturation & acculturation stress risk factors, prevalence of depressive symptomatology, 18–59 yr old Mexican migrant farm workers, 27572
demographic characteristics & service record & physical & psychological health, suicide rate & trends, 18–59 yr old police personnel, Australia, 1843–1992., 37504
demographics & personality traits & psychosocial factors, commitment & performance, 15–86 yr old volunteers in human service organizations, 3082
demographics & psychosocial characteristics & health status & health care utilization of psychological service consumers, Canada, 28251
depression symptoms & demographic & personal history, 22–52 yr old family practice residents, 9327
depression/anxiety & childhood environment & personality & coping response & expression of anger & extraversion-introversion & stressful life events & separation, development of breast cancer, women, 34592
descriptive model of psychological & behavioral & environmental factors that contribute to relapse process, male disqualified drivers, 34417
development & psychometric properties of Washington Primary Care Interest Inventory, measure of attitudes about appropriate psychosocial concerns for family physicians, medical students, 6549
development of delinquency & criminogenic factors that predict violence into young adulthoood, arrested adolescent offenders, 7 yr study, 18114
development of offending & risk factors for delinquency from Pittsburgh Youth Study, 1st & 4th & 7th grade inner-city boys, 10 yr study, 1831
diagnosis & psychosocial stressors & adaptive functioning, 18–79 yr old suicide attempters, 34294
differences in social indicators of neuroticism & extraversion as national-character dimensions, 32 industrialized countries, 36943
drinking & psychiatric & psychosocial status of offspring & family of origin moderators affecting impact of paternal alcoholism on offspring outcomes, adult children of alcoholics, 5 yr followup, 11621
drinking & psychosocial function & prognosis during alcoholism treatment with Motivational Enhancement Therapy vs Cognitive Behavioral Therapy vs 12-Step Facilitation, outpatient vs aftercare clients, 9247
dysfunction & human capital & disaffiliation & cultural identification & economic resource variables & exit from homelessness & stability of housing, homeless adults, 5 & 15 mo followups, 10965
ecological & risk-factor examination of sexual activity, 12–17 yr old male vs female European vs African vs Latino Americans, usefulness of data from mostly European American sample, 4490
ecological systems theory perspective of evaluation & treatment, children with severe oral feeding problems, commentary, 24964
effects & psychosocial consequences of armed conflict on girls & women addressed by G. Machel study, 7626
effects of overtime & psychosocial job conditions on occurrence of non-insulin dependent diabetes mellitus, 18–60 yr old male Japanese electrical industrial workers, 8-yr study, 25944
emotional & behavioral reactions & psychosocial functioning & psychiatric symptomatology, 5–17 yr olds whose parents committed suicide, 25 mo study, 24393
emotional openness, attitudes toward seeking psychological treatment, college students, 37157
engaging & maintaining suicidal individuals in treatment & role of psychosocial interventions in reduction of suicidal behaviors, implications for mental health services, 2142
ethical & societal dimensions of quality of life in psychiatry, 22377
etiology & diagnosis & assessment & associated psychopathology & model & treatment & biological & psychosocial correlates of gender identity disorder in children & adolescents, commentary reply, 24126
etiology & diagnosis & assessment & associated psychopathology & model & treatment & biological & psychosocial correlates of gender identity disorder in children & adolescents, commentary, 24149
evaluating recovery from anorexia nervosa & bulimia nervosa, 34499
evaluation of discrete-disease- vs noncategorical- vs mixed-theoretical model of psychosocial adjustment, 8–15 yr olds with cancer or sickle cell disease or hemophilia or arthritis & their parents, 28020
evaluation of social service assessments of activities of daily living & cognition & mood & other psychosocial factors & social environment & clinico-medical domains, elderly, 15548
evil & sadism & sensational thrills & threatened egotism, 37441
factor analysis of psychosocial influences of cigarette smoking, junior vs senior high school students, 981
factorial structure of Beck Hopelessness Scale & relationship between hopelessness & psychosocial variables, nonclinical 18–91 yr olds, Japan, 57
factors associated with aggression & violence, deaf & hard-of-hearing people, 24891
factors influencing & predictors of psychosocial functioning in adulthood & current social circumstances, 33 yr olds with mild mental retardation, 18165
factors influencing career interests & choices, 18–35 yr old Asian Americans, 12796
factors influencing potential for abusive parenting, 18–39 rural mothers of low-birth-weight children, 18012
Family Systems-Illness Model as psychosocial framework for coping with parental illness or disability, family members, 31562
frequency & quantity of alcohol use & sociodemographic correlates, 65–86 yr olds, 10 yr followup, 17542
fresh-start vs stressful life experiences & coping & attachment styles & other psychosocial factors, remission after befriending, adult inner-city females with chronic depression, 1 yr followup, 15081
friendship selection & similarity & termination, 6th & 8th & 10th graders, followup study, 977
genetics & psychosocial factors & life events in etiology of depression, 4905
group-based cognitive-behavioral stress management intervention for treatment & secondary prevention of HIV/AIDS, HIV+ homosexual males & poor African American females, 22036
headache frequency & psychosocial factors including depression & anxiety & somatization & functional status, junior high school students (mean age 13.7 yrs), 11800
health & cognitive & psychosocial & personality factors & SES & health behavior as predictors of mortality, 70–85 yr old males vs females, 3.6 yr followup , 14091
health & predisposing & enabling factors, recognition of & service use for mental health problem, poor 18–64 yr old Puerto Ricans, 5855
health promotion teams for improvement of psychosocial work environment, factory workers (mean age 43.1 yrs), 12894
history & psychosocial determinants & dynamics of & solutions to prejudice, Central Europe, 30464
history of reproductive problems & demographic characteristics & study attrition & psychosocial problems, pregnant women with vs without malformed offspring, 24714
HIV risk behavior & social & cognitive factors, transgendered females vs homosexual or bisexual males vs heterosexual females, 28075
HIV risk factors, rural patients (mean age 39.6 yrs) vs urban patients (mean age 40.3 yrs) with severe mental illness, 17811
home vs outpatient-based rehabilitation, clinical & social & quality of life outcomes, patients suffering from chronic schizophrenia, 25410
hostility & social support as related factors in patterns of psychosocial risk, college students, implications for risk & disease, 30498
identification of jobs & tasks related to musculoskeletal & psychosocial problems, 14–40 yr old metal workers, Bangladesh, implications for ergonomic & occupational health & safety measures, 12940
illness behavior & disorder characteristics & other psychological predictors of frequency of physician consultations, patients with functional gastrointestinal disorders, 14903
impact of flood, psychosocial factors & cognitive performance, elderly (mean age 71 yrs), 22743

impact of locus of control & perceived social support & their interaction on depression & immunological & neurochemical indicators of stress in response to receiving breast biopsy results, females, 13665
importance of Scale of Central Issues variables & relation to ratings of developmental transition & life experiences, college students, implications for model of Centrality, 27396
incidence of & influencing factors in postpartum depression, women on day 5 postpartum, 17857
individual & environmental service characteristics, 23–51 yr old patients with learning disabilities & challenging behavior maintained in the community vs experience of placement breakdown, 30978
individual & family & social characteristics & current & annual & lifetime prevalence & age of onset of hallucinogen use, juvenile probationers , 30820
individual & social factors in & state of research on HIV transmitssion, homeless adolescents, implicatins for prevention, 37796
individual preferences & psychosocial structural variables, labor force participation during marriage, female junior & senior high school students, 10 yr study, 30238
individual vs social conditions, type & intensity of stress-induced gastric lesions, rats, animal model of Alzheimer's disease, 7013
influence of social & psychological & health factors on self-report & observations of physical disability, 65–97 yr old community-dwelling elderly, 27090
integrated model of social psychological & organizational factors affecting recovery from stress & trauma of isolated vs chronic criminal victimization, 37602
interpersonal & psychological factors associated with dissatisfaction in long-term marriages, spouses, 14150
interplay of agency & social constraint in social psychological construction of gender identification, female 25–38 yr old self-described tomboys, 1170
interrater reliability & stability of retrospectively gathered inferences & self reports of exposure to occupational psychosocial work conditions & risk factors, adults , 25914
introduction to special issue on psychosocial factors in cancer prevention & treatment, 31166
issues related to predictive genetic counseling, case of family with inherited adult-onset neurodegenerative disease, 25018
issues related to predictive genetic counseling, commentary, 25006
Jungian & epistemological & societal aspects of destructiveness as multidimensional phenomenon & creation of therapeutic context in working with survivors of atrocities, Bosnian ex-camp prisoners, 1378
knowledge & psychosocial factors & behavioral risk factors associated with acquisition of sexually transmitted disease & HIV, 13–17 yr old urban high school students, 36784
labeling- & commitment- & enactment-stage variables & other psychosocial correlates of condom use, heterosexuals, application of AIDS Risk Reduction model, 7754
left frontal damage vs psychosocial factors as predictors of post-stroke depression, 35–75 yr old stroke patients, 31228
legal management of HIV-related stigma & relation to HIV-testing behavior & protective privacy laws & psychosocial factors related to stigma, 19522
living in a multigenerational household in childhood vs living independently from parents prior to marriage, obligation to allow aging parents & adult children who are in need to coreside, adults, 4613
locus of control & death anxiety & supernatural beliefs, kanashibari experiences, 15–81 yr old Japanese males vs females, 27996
longitudinal stability of genetic & environmental influences, individual differences in reading performance, adoptive vs nonadoptive children between age 7 to 12 yrs, 23731
longitudinal structural equation models of sexual harassment & job & psychological outcomes, adult females, 2 yr study, 12843
maternal childhood aggression &/or withdrawal, intergenerational risk for teen motherhood & adverse birth circumstances & academic failure & other negative psychosocial outcomes, mothers & daughters, 968
meanings & contexts & sexual cultures & HIV in Cambodia, 13–26 yr olds, 28083
medicalization of dying & argument for psychosocial role of social workers in dealing with death-related issues, US, 19133
model of psychosocial factors of social isolation & self-esteem & attachment in etiology of schizophrenia, African-Caribbeans in UK, 30696
molecular basis & diagnosis & treatment & psychosocial aspects of familial hypercholesterolemia, adults & children, 24715
mother & infant characteristics, negative emotionality & positive social behavior, 4 mo olds in rural Appalachia, 9 mo study, 7508
motivational factors & psychosocial barriers, individual readiness to perform CPR, 45 yr olds or older, 31835
multicomponent model of delinquency for interrelationships of psychosocial variables & delinquent behavior & alienation, 12.6–19.4 yr olds, 18113
non-hypnotic context, relationship between hypnotizability & absorption, college students, 33013
nutritional supplementation with vs without psychosocial stimulation, child & caregiver behavior & developmental levels, stunted vs nonstunted 12–24 mo olds, 6 mo study , 28596
offspring perspective on psychosocial & human rights & ethical aspects of medically-assisted birth of orphans planned by individuals whose spouse died prior to conception, 32158
parenting & familial & other psychosocial influences, high academic achievement, African American male college students & their parents, 2–7 yr followup, 6209
parents & factors influencing children's food choice, 23769
pathways to aggression in highly stressed urban 2nd & 3rd grade children, 2-yr followup, 27079
patterns of use of & treatment for MDMA/ecstasy & associated physical & psychosocial side effects & iv & poly-drug use, 15–46 yr old ecstasy users, 24543
Pediatric Symptom Checklist, screening for psychosocial dysfunction risk & parent characteristics & diagnosis & child psychiatric history, 5–18 yr old children of psychiatric patients, 13058
perceived AIDS risk & psychosocial & behavioral & demographic characteristics, adult arrestees reporting any lifetime injection drug use, 1186
perceived behavioral control & other determinants of decisions in potentially dangerous road crossing situations, 17–75 yr old pedestrians, application of theory of planned behavior, 7892
perceived sleep quality & associated behavioral & social & psychological factors among 15 yr olds, 11 & 13 & 15 yr old Finnish students, 26951
perceptions of HIV/AIDS & factors influencing high-risk sexual behavior, 20–49 yr old mine workers, 5269
personal & social support & global functioning, full remission or partial recovery after drug therapy, 8–65 yr olds with non-chronic major depressive disorders, 2311
personal & societal & federal policy & program barriers to employment, 25–45 yr olds with multiple sclerosis, 15031
personality & environmental & interpersonal factors, psychological adaptation to extreme environments, male 31–40 yr olds on 100-day expeditions, Antarctica , 22722
physical & psychological dysfunctions associated with diagnosis of vulvodynia, adult females, 30581
physical & psychosocial environments & issues, social worker & nursing consultant & renal patients, 22048
physical complaints & psychosocial causes, general practitioners & patients, 28602
physical exposure & psychosocial factors & work-related musculoskeletal symptoms in parallelized-flow long-cycle-time assembly system, automobile workers, 32401
Physician Belief Scale psychometric properties & self-rated psychosocial orientation & identification & treatment of children's psychosocial problems, primary care clinicians, 9844
physician recommendation & social & behavioral factors, enrollment in Breast Cancer Prevention Trial, females at increased risk for breast cancer, 2510
pragmatic psychosocial treatment approach, 6–17 yr olds with anxiety disorders, 38032
predictors of poor psychological outcome after coronary bypass graft surgery, adult patients, 15412
preteen & teen skill level & forced/encouraged vs self chosen participation in individual &/vs team sports, adult physical activity, 32–60 yr old males, 20+ yr retrospective study, 12906
prevalence & comorbidity & psychosocial impairment of somatoform disorders, 12–17 yr olds, 24694
prevalence & outcomes & diagnosis with not otherwise specified disorder, 9 & 11 & 13 yr olds with psychosocial impairment not meeting DSM-III—R criteria, 1 yr followup, 11314
prevalence & psychosocial & health-related predictors of depression in 1 or both spouses, elderly husband & wife pairs, 4912
prevalence & psychosocial correlates of nicotine dependence, men vs women in US naval services, 27054
prevalence & sociodemographic correlates of problem drinking, rural community residents, Ethiopia, 34338
prevalence and sociodemographic correlates of khat chewing, rural community residents, Ethiopia, 33847
prevalence of combined fecal & urinary incontinence, 50+ yr olds, implications for medical & psychosocial & economic costs, 28046
prevalence of dementia, 74+ yr olds from communities with different psychosocial backgrounds, Italy, 5303
prevalence of night terrors & sleepwalking & confusional arousals & association with mental disorders & drug usage & stress & other psychosocial factors, 15–100 yr olds, 18272
prior information about relaxant & stimulant properties about drug & placebo & nocebo & other physiological & psychological responses to its administration, 18–38 yr olds, 13733
Problem Behavior Theory & stability of psychosocial & behavioral correlates of adolescent problem drinking, 1972–92, 20558
problem-solving & depression & anger & impulsivity & self-esteem, 12–18 yr olds who had taken overdoses, 6-wk followup, 34282
psychiatric comorbidity & psychosocial functioning, 12–17 yr old substance-abusing juvenile offenders, 16-mo followup, 34412
psychologic approach to analysis of S. Moscovici's concepts & assumptions of social representations in terms of trust & logic & other factors, 7779
psychological & biological & social & physical environmental variables, physical activity, male vs female 4th–12th graders, implications for health promotion & behavior change, 23665
psychological & other factors & body image & estimated body mass index & teasing, dieting & disordered eating, 10–16 yr olds, 18173
psychological & social & cultural factors in risk of eating disorders & body image disturbances, gay males, 18196
psychological & social & educational challenges to management of people with learning disabilities & epilepsy, 34738
psychological & social characteristics of suicide & attempted suicide, 1988–94, 30851
psychological & social predictors of change in physical activity level as a function of amount of body fat, male vs female 9 yr olds , 13902
psychological functioning & reasons given for attempting suicide, 12–17 yr old suicide attempters admitted to pediatric general hospital, 8247
psychological health & general ability & literacy levels & predisposing factors for occupational status, long-term unemployed youth (mean age 19 yrs), longitudinal study, 19383
psychological mood & psychosocial aspects of work & muscoskeletal discomfort, video display unit workers, 35750
psychological status & health-related & sociodemographic factors & self-reported walking difficulty, walking behavior, 65+ yr olds disabled women, 24725
psychosocial & behavioral interventions, children with severe oral feeding problems, commentary, 24986
psychosocial & behavioral interventions, children with severe oral feeding problems, 24981
psychosocial & biomedical predictors of attention & memory, 16–65 yr old patients with end-stage renal disease, 8522
psychosocial & contextual & biomedical antecedents & outcomes of perceived health during pregnancy & medical care utilization, nulliparous females, 18784
psychosocial & demographic factors & degrees of risk for rapid serum cholesterol decline, postpartum depression, 22–39 yr old women, 17885
psychosocial & demographic factors in physical activity & television viewing, college students, 17693
psychosocial & drug use variables in adolescence predictive of drug use problems in adulthood, 16 yr old females, 3 yr study, 18081
psychosocial & educational & support needs, parents who continue pregnancy after receiving prenatal diagnosis of sex chromosome abnormality in their unborn child , 2523
psychosocial & health belief correlates of voluntary HIV testing at student health center, college students, 12357
psychosocial & HIV infection status, mental health, HIV+ vs HIV- homosexual men, 11831
psychosocial & other facilitators & barriers to fitness training behaviors & motivation, elite female netball players, 35709
psychosocial & psychiatric & injury-related factors, cognitive outcome, 5–14 yr olds following severe traumatic brain injury, 11918
psychosocial & school & parenting factors associated with alcohol use, 6th–8th graders, 20607
psychosocial & sociocultural predictors of inpatient treatment outcome, adolescents with substance abuse problems, 8-mo study, 5926
psychosocial & sociodemographic & heritable factors & lifestyle, development of obesity after pregnancy, mothers (mean age 33.54 yrs), 14874
psychosocial & work-related stress & reduced fertility, humans, 21463

psychosocial adjustment factors, learning disabled college students, 29034
psychosocial aspects & problems of facial disfigurement & types of care provided to this population , 25386
psychosocial characteristics & history of child abuse, 14–17 yr olds convicted of homicide, 8398
psychosocial consequences & long-term adaptation of age-related vision impairment, visually impaired vs mobility-impaired vs unimpaired 65 yr olds & older, 37953
psychosocial correlates & prevalence of prescription & over the counter medication usage, community dwelling 65–75+ yr old Mexican Americans, 2131
psychosocial correlates of cancer relapse & survival prognosis, 1979–95, 31155
psychosocial determinants & motives regarding smoking cessation, cardiac inpatients, 1993
psychosocial disturbance & polysubstance history, 23–61 yr old males in domestic violence treatment, 30870
psychosocial effects of rheumatoid arthritis on relationship, patients with rheumatoid arthritis & their well partners, 14925
psychosocial factors & assessment, 8–12 yr olds with hyperkinetic & conduct behavior, 14692
psychosocial factors & mental disorder history as risk factors, adults who committed suicide, 30817
psychosocial factors & poor adherence to placebo or amiodarone therapy, prediction of mortality, patients with myocardial infarction, 2 yr followup, 31793
psychosocial factors & stages for condom use, inner-city women at-risk for HIV, 7756
psychosocial factors & sun protection attitudes & knowledge, sun protective behaviors on weekdays vs weekends, 7th vs 9th vs 11th graders in large vs small schools , 18847
psychosocial factors in onset of phenotypic expression of Alzheimer's disease, patients with familiar AD & spinocerebellar ataxia, 37895
psychosocial factors influencing & perceptions of long-term nonprogression of disease, HIV-positive 24–59 yr olds, 34579
psychosocial factors of cigarette smoking & recommendations for tobacco smoking cessation intervention in drug abuse treatment, adolescent substance abusers, 25533
psychosocial factors of in vitro fertilization & reactions to successful & unsuccessful outcome in vitro fertilization, couples, 18819
psychosocial factors that promote or restrict home deaths, cancer patients living in different municipalities, 31982
psychosocial factors, health status, 18–65 yr old Black women, 25346
psychosocial factors, suicide attempts, patients with schizophrenia-spectrum disorders, 1591
psychosocial implications of public exposure of President Clinton's adultery & impact on psychiatry, 33764
psychosocial influences, child psychopathology, 1948–98, 27550
psychosocial issues in weapon-carrying in school, implications for psychiatric interviews, 1722
psychosocial model in prediction of & correlates in subjective health, sexagenarians & octogenarians & centenarians, 10922
psychosocial predisposing and enabling factors related to cervical screening, American Indian females, 15456
psychosocial problems affecting quality of life, wives vs husbands of patients with poststroke chronic aphasia, 14988
psychosocial resource loss vs gain & change in life events & depressive symptoms in structural equation modeling of stress & coping dynamic processes, adults, 10 yr study, 30501
psychosocial risk & protective factors associated with attempted suicide, 15–24 yr old male vs female Inuit youth, 1707
psychosocial risk & protective factors, cross sectional variation in and transition into problem drinking, 7th–9th graders, 4 yr longitudinal study, 27845
psychosocial risk factors & birth outcomes, 13–42 yr old pregnant African Americans, implications for case management, 1393
psychosocial risk factors & the development of breast cancer, 31152
psychosocial risk factors associated with recidivism & predictors of survival in community, 10–17 yr old offenders, 1-yr followup, 24571
psychosocial risk factors, suicidal vs nonsuicidal 14–19 yr olds, Slovenia, 24469
psychosocial sequelae of breast cancer & well being, 27–87 yr old White & Hispanic & Black female patients, 11853
psychosocial sequelae of genetic testing for breast cancer susceptibility, human females, emotional & behavioral implications, 25327
psychosocial sequelae of learning information regarding genetic risk for breast or ovarian cancer, females, 24749
psychosocial side effects of sildenafil therapy, couples with husband with erectile dysfunction following prostatectomy, 18844
psychosocial stressors & demographic correlates & prevalence of depressive symptoms, 14–17 yr old adolescents, Hong Kong, comparison with Canadian Ss, 27636
psychosocial variables & habit & facilitating conditions & clinical & demographic factors, intentions & use of hormones with menopause, 45–61 yr old pre & peri & postmenopausal females, 35094
psychosocial variables & mood, breastfeeding, healthy mothers of infants, Barbados, 6-mo study, 17501
psychosocial variables & sexual & drug risk behavior, HIV positive vs negative African vs European American male partners of HIV positive females, 28071
psychosocial variables & sick leave, patients with musculoskeletal pain, 21461
race & stress & social integration & parental status & social support & hostility, nighttime BP dipping, Black vs White 23–48 yr olds, 23462
rate & drug use & sexual correlates of HIV seropositivity & self-selection for HIV testing, out of treatment drug users, 5072
rates & demographic & psychosocial & biological factors associated with development of substance use disorders, adolescents with unipolar major depression, 7-yr followup, 34126
reasons for & psychosocial factors in apathy & nonintervention, courtroom testimony of witnesses to events leading to homicide of 2-yr-old J. Bulger by 10-yr-old boys, 39088
recommendations for clinicians & researchers in use of psychosocial & behavioral assessment of chronic pain, 22
rehabilitation treatment stages & assessment of physical deconditioning & psychological & economic & social barriers to recovery, patients with chronic low back pain, 15609
relapse psychosocial well-being after addictions treatment & relapse prevention, drug vs alcohol only users, 12 mo followup, 27852
relations between biological & psychosocial risk factors, adult males (mean age 56.8 yrs) with ischemic heart disease, 8588
relationship between psychosocial functioning & cognition & psychopathology, 36 patients with bipolar mood disorder, 4903
relationship of stress & coping & mastery & self-esteem & social support & psychological distress to smoking behavior, 11 & 12 yr olds, 20579
religious faith, degree of religiousness & perceived similarities with outgroup & intention of intergroup participation & ingroup bias, Mexican adolescent & adult church attenders, 7640
retrospective case record analysis of sociodemographic & clinical aspects, children with elective mutism (mean age 9.43 yr), 1443
risk & protective personality & familial & peer related psychosocial factors, coping ability, female iv drug users with vs without HIV, 27462
risk assessment of & factors for suicide during managed care, 15–96 yr old emergency room patients who made severe suicide attempts, 12482
risk factors & psychosocial resources, depression, married vs separated/divorced vs widowed vs never married 24–75+ yr olds, 27587
risk factors associated with adolescent use of doping agents, high school students, 30890
risk factors of pain in mammographic screening, 27–78 yr old women, 31821
risk factors related to incidence of Alzheimer's disease, 65+ yr olds, comparison of cross-national data, 11913
risks & impairments associated with major depression in transition to adulthood, 21 yr olds, 17 yr study, 27623
role of childhood sexual abuse & biological & psychosocial mechanisms & early stressors & hypothalamic pituitary adrenal axis function in development of adult-onset depression, females, 24229

Public Sector [See Also Government, Government Agencies]—Books

Implementing sexual harassment policy: Challenges for the public sector workplace, 11574

Public Sector [See Also Government, Government Agencies]—Chapters

Open forum family counseling, 21809

Public Speaking—Serials

acclaiming vs attacking vs defending campaign discourse & other political factors in nominating acceptance addresses, presidential candidates, 1960–1996, 33798
communication skills improvement or forensics or debate or public speaking or argumentation class or participation, critical thinking improvement, 13262

imagery control &/vs vividness, public speaking apprehension & state communication apprehension & negative thinking & behavioral disruption, college students, 37046
level of anticipatory public speaking state & trait anxiety at pre-performance milestones or significant events, college students, 22528
manipulation of level of support, cardiovascular reactivity during the preparation & delivery of a speech, college students, 23447
parent–child discussion of public speaking exercise, parent–child expectations of child anxious symptoms during exercise, 7–14 yr olds with anxiety disorder with vs without anxiety disordered mother, 21175
perception of embarrassment felt by self or classmate during class presentations, college students, 10235
public speaking experience & own stage fright, naive explanations for why people experience stage fright, 17–48 yr old college students, 13865
recall of positive vs negative public vs private self-referent vs other-referent words in anticipation of speech & rating of anxiety during speech, high vs low socially anxious college students , 20864
role of eye-movement component of eye movement desensitization & reprocessing treatment in brief exposure treatment for fear of public speaking, female college students, 18562
role play &/vs intercultural vs no training & ESL disclosure about foreign teaching assistant, attributions & emotions & evaluation of speaker competence & comprehension, college students, 13876
state public speaking anxiety & perceived competence & audience congeniality, 18–64 yr old undergraduate students, 1259

Public Transportation—Serials

prevalence & effect of traffic police presence on unsafe bus driving & stopping & passenger embarking & disembarking behaviors, bus drivers & passengers at city intersections, Pakistan, 26010

Public Welfare Services [See Community Welfare Services]

Puerto Rican Americans [See Hispanics]

Puerto Rico—Serials

coping strategies & depression, 13–20 yr olds, Puerto Rico, 10837
cultural differences in patterning & situational variability in mother–infant interactions, middle-class Anglo vs Puerto Rican mothers & their 12–15 mo olds, 27202
epidemiological & etiological & cultural factors in depression, Puerto Rican women, 30671
government sponsored needle exchange program & sources of sterile syringes & reasons for accessing sources, injection drug users, Puerto Rico, implications for health promotion, 28766
motivation & social context & health needs, female adolescent sex workers (aged 13–18 yrs), Puerto Rico, 23924
voluntary intoxication & criminal responsibility, US & Puerto Rico, 29271

Pulmonary Disorders [See Lung Disorders]

Pulmonary Emphysema—Serials

functional performance & the challenge of preserving personal integrity, 50–76 yr olds with chronic obstructive pulmonary disease, 11799

Pulmonary Tuberculosis—Serials

osteoporotic-linked femural neck fracture & pulmonary tuberculosis after convalescence & weight gain, 38 yr old female with anorexia nervous, 18186

Pulse (Arterial) [See Arterial Pulse]

Punishment [See Also Response Cost]—Serials

accountability & audience conditions, sanctioning & event perceptions in justification of ethical judgments, college students, 33927
alprazolam induced anxiety & punishment & changes in GABA receptor subunit mRNA brain levels, male rats, 23538
attitudes toward death penalty & other types of punishment, east vs west Germans, 35824
attitudes toward punishment & sexual contact & blame, male child sexual abuse offenders (aged 25–67 yrs), 24572
coercion as control of behavior through punishment & negative reinforcement vs positive reinforcement in educational settings, 35514
continuous reinforcement &/vs punishment for alternative behavior, self-injury, 28–44 yr olds with mental retardation at day-treatment center, 38102
corporal punishment & impulsiveness & nurturance of mother & non-corporal interventions & child age & sex & family SES, child antisocial behavior & impulsiveness, mothers & their 2–14 yr old children, 4639
demographics & parental attitudes toward physical punishments, 20–45+ yr old parents, 7701
discount parameters & expectations of future interaction & trigger strategies of group punishment, college students, 30416
distinction between extinction & punishment effects of response blocking, self-injurious eye poking, 41 yr old female with developmental disabilities, 38100
education of public regarding legal processes & laws, perceptions of legitimacy of official criminal sanctions, 15–25 yr old offenders, China, 32077
frequency of use of corporal punishment in everyday situations, rural low-income 1st-time young mothers of toddlers, 27201
functional analysis methodology, reinforcement- vs punishment-based treatment choice for self-injurious & aggressive behavior, researchers, 22952
house demolition, mental health, adult & child victims & witnesses, 1037
intensity of punishment decisions & violation acceptability of & distinction among moral vs safety-related vs social–conventional transgressions, 4–5- vs 7–8- vs 10–11-yr-olds, 20611
motivation for cessation of corporal punishment of children, mothers (aged 24–54 yrs), 20747
narrative support for use of physical punishment as means of child discipline, 59–95 yr old female elders in African American community, implications for role of culture in social work practice, 27204
perceived power & level of control &use of punitive force, parents of school aged children, 36976
presence or absence of stereotype information, judgments about appropriate punishments of adolescents for accused transgressions, 9th graders, 14012
prohibition of & public attitudes toward corporal punishment of children & intervention, adults, Sweden, 20748
public posting of inappropriate on-court behavior, acceptance & behavior change, collegiate tennis players , 9655
punishment level & ondansetron vs diazepam vs buspirone, anticonflict activity during FI program of punished & unpunished responding, pigeons, 639
relationship between orientation toward religion & receiving infraction for violation of prison rules, maximum-security prisoners, 25566
religious affiliation, beliefs & reported use of corporal punishment, Mainline Protestant vs Roman Catholic vs no affiliation vs Conservative Protestant mother & fathers of 3 yr olds, 30315
sex & levels of physical punishment & hostility & own parents' disciplinary behavior, working vs middle class parents of 4–7 yr olds, Northern Ireland, 17503
support of high- vs low- severity of sanctions for sexual ethics violations involving clients of low- vs high-SES, licensed vs nonlicensed psychologists, 19201
susceptibility to prisoner claims of Eighth Amendment mental suffering & cruel/unusual punishment, boot camp prison & shock incarceration programs , 22787
tax practitioner's recommendation & probability of audit & severity of sanction, preference for advice & behavior, taxpayers, 33865
within-compound learning during instrumental conditioning using multiple schedule of avoidance & punishment on running wheel, male rats, 16762

Punishment [See Also Response Cost]—Chapters

Interventions: Punishment, diversion, and alternative routes to crime prevention, 9761
Negative reinforcement and punishment, 3413
Punishment in organizations: Descriptive and normative perspectives, 6306

Punishment (Capital) [See Capital Punishment]

Pupil (Eye)—Serials

differential pupillary constriction & awareness in blindsight, 41-yr-old male with hemianopia, 34688
monochromatic ocular wave-front aberration & modulation transfer functions in visual contrast sensitivity in relation to pupil size, older vs younger adults, 32792
objective vs subjective methods to determine depth-of-field of eye for different pupil diameters & wavelengths, 23–39 yr olds, 17006
spherical aberration & Stile-Crawford effect, optical transfer function for defocused eye with large pupil, 13226

Pupil Dilation—Serials

age & dark eye color & instillation of mixture of tropicamide & phenylephrine HCl in eye, pupil dilation response, Down's syndrome vs vascular dementia vs probable Alzheimer's disease patients, 10669
asymmetry of pupillary responses when looking at stimuli on left vs right sides of space, healthy volunteer, 7065
brain activation & pupil response as selective visual attention & speech-related motor program selection & cognitive load indicators during overt & covert performance of Stroop Color-Word task, adults, 20078
cholinergic antagonist tropicamide & diagnostic usefulness of videopupillography, pupillary dilation, patients (mean age 68 yrs) with Alzheimer's disease, comment & reply, 11944
dark induced pupil reactivity, fear & anxiety & norepinephrine functioning, college students, 33510
differential pupillary constriction & awareness in blindsight, 41-yr-old male with hemianopia, 34688
effectiveness of opioid addiction pupil dilation test in rapid diagnosis, 18–52 yr old opioid dependent patients in outpatient drug dependency unit, 30884
M- & L- & S-cone contributions to pupillary responses evoked by chromatic flash offset, Os, 13206
noxious electrical fingertip stimulation, pupil dilation response & pain report & brain evoked potentials, 18–40 yr olds, 10510
pupil dilation in response to pictures of clothed vs nude men vs women as indication of general vs specific sexual arousal, heterosexual male vs female college students, 7144
pupillary dilation as indication of cholinergic deficit, alcoholics aged 40–55 yrs, 1774
testosterone & prejudice & pupil dilation while viewing pictures of persons of target races, White vs Black college students, 23985
tropicamide, pupillary dilatation & central nervous system activation, 55–85 yr old patients with Alzheimer's disease, 31236
valproic acid treatment, pilocarpine induced miosis, males (mean age 48.6 yrs) with mania or hypomania, 31631

Purkinje Cells—Serials

cerebellar purkinje cell simple spike discharge, movement direction & speed during arm movement & tracking task, monkeys, 13633
interpositus nucleus lesions, tone-induced responses in cochlear nucleus & sensitivity to heat-induced pain & ability to learn conditioned eyeblink, Purkinje cell-degeneration mutant vs wild type mice, 10399
morphological plasticity of cerebellar Purkinje cells & inhibitory interneurons, rabbits receiving paired vs unpaired CS–UCS presentations in vs no eye-blink conditioning, 20070
paired parallel fiber stimulation & intracellular depolarizing current, effect of calphostin C & EGTA on Purkinje cell excitatory post synaptic potentials, rabbits, 3841
patterns of purkinje cell complex spike activity, awake rats, implications for motor coordination, 20180
phase-based synaptic modification & tuning of Purkinje cell parallel-fiber connections in model of cerebellar information storage, 29783
signals from Purkinje cells in flocculer region of cerebellar cortex, smooth pursuit eye movements & gaze control during active head movements, squirrel monkeys, 29768
superior vermal Purkinje cell placement, postmortem brains of patients with mental illness, 24136
translational optic flow encompassing entire binocular visual field, complex spike activity of Purkinje cells in ventral uvula & nodulus, pigeons, 13631

Putamen—Serials

bimanual behavior in neuronal activity of neostriatum, monkeys, 13574
development of dopamine D1 receptors in caudate & putamen, 9 wk–49 yr olds, 36708
glutamate & gamma aminobutyric acid, dorsal & ventral striatal neuronal activity, unrestrained male rats, 23321
intracranial self-stimulation & distribution of reward sites in medial prefrontal cortex & caudate putamen, male rats, 536
localized medial & lateral caudate putamen & fornix/fimbria lesions, responses to local cue & behavior based on cognitive spatial information in water maze, rats, 20087
MRI signal hypointensity & iron content of putamen nuclei, elderly patients with major depression, 4924
place- vs cue-guided place navigation & thigmotaxis, male rats with lesions to dorsomedial vs dorsolateral caudate-putamen, 13536
posttraining intrahippocampal vs intracaudate glutamate, memory enhancement in visible vs hidden platform task in water maze, male rats , 17081
sulpiride, involvement of posteroventral caudate-putamen in memory consolidation in Morris water maze, male rats, 17097

Pygmalion Effect [See Self Fulfilling Prophecies]

Pyramidal Tracts—Serials

pyramidal neuron size in hippocampus & correlates with total cell count & degree of cell disarray, schizophrenic probands, 34161
reduced synaptic facilitation between pyramidal neurons in priform cortex after odor discrimination operand conditioning task, male rats, 36458
unilateral transection of pyramidal tract, hindlimb motor function, rats, 498

Pyromania—Chapters

Fire setting, 12001

Q Sort Testing Technique—Serials

development & reliability & validity of Shedler-Westen Assessment Procedure, quantification of clinical judgment & refinement of Axis II categories, patients with personality disorders & clinicians, 6634
development of Q sort, assessment of individuality & connectedness in dyadic relationships, parents , 22836

Q sort patterns & resilient & overcontrolled personality prototypes, developmental outcomes until age 12, 3–4 yr olds, 33642
reliability & stability of Q-sort attachment security, 2 yr olds, 2–4 yr followup, 7547
use of Q-methodology for perspectives on feminism, 17–73 yr olds, 27241
use of Q-methodology for perspectives on feminism, 17–73 yr olds, commentary, 27233
Quails—Serials
inter-individual distances during open field tests, single sex pairs of Japanese quail from lines with high vs low vs mixed levels of social reinstatement behavior, 36335
Quality Circles [See Participative Management]
Quality Control—Serials
development & implementation of program quality indicators for early intervention services, parents & staff of Queensland early special education services, Australia, 29014
drug use review intervention, subsequent sedative hypnotic medication use, 20–105 yr old Medicaid recipients, 5776
juror gender & evidence quality, juror decisions in hostile work environment case, 18–57 yr old undergraduates, 22795
organizational behavior management & total quality management in organizations serving persons with developmental disabilities, 9619
predicting quality & evaluating learning & usability heuristics & synergy in educational software, classrooms, 32237
quality assurance for expanded school-based mental health services, students & their families, 38923
Quality Control—Chapters
Benchmarks and performance measures for employee assistance programs, 25863
Building organizational integrity and quality with the four Ps: Perspectives, paradigms, processes, and principles, 6343
How the giraffe got its neck: An organizational 'just so' story, or continuous improvement and the limits to managerial orthodoxy, 25898
Total quality management in behavioral health care, 5862
Quality of Care—Serials
aspects of general practitioners' behavior that determine patients' evaluations of care, 18–88 yr old patients, Netherlands , 2473
assessment of customer satisfaction as key to comprehensive customer service initiative, stroke patients of a rehabilitation hospital in Washington, DC, 9931
attitudes towards institutional quality of care, 26–88 yr old family members & friends visiting patients at residential care institutions, England, 31988
caregiving & adaptive context & home care outcomes, 18–75 yr olds requiring total parenteral nutrition & their 40–76 yr old family caregivers, replication of Caregiving Effectiveness Model, 22223
characteristics of care settings & caregivers & attunement between parents & caregivers, quality of center day care, infants & toddlers, Netherlands, comparison to European & North American countries, 7703
child development training & general education, child care provision quality, caregivers, 7699
client attitudes toward treatment utilization & quality of care in managed care vs fee for service, 22–80 yr olds with multiple sclerosis treated by physician specialists vs neurologists, 38436
cross cultural differences & commonalities in priorities with respect to general practice care, adult patients, European countries, 18916
development & psychometrics of scale for perceptions of quality of care by teams & attitudes toward physicians, Veterans Affairs medical health care team members, 19179
direct supervision of residents by attending physicians, quality of care in university affiliated emergency departments, patients with physical complaints, 5778
effectiveness & cost & new models of substance user treatment & reasons why treatment does or does not work & role of health care staff in influencing quality & outcome of treatment, 9245
effects of carve-out models of cost control on quality of care in mental health & substance abuse managed care services, 24906
efficiency & effectiveness aspects of & role of Total Quality Management perspective in mental health quality assurance, implications for application of principles to Rational Emotive Behavior Therapy, 31429
expectations for & satisfaction with services as measure of quality of care, patients receiving psychiatric care, 38502
experiences with quality of care before & after diagnosis of child with fragile-X syndrome, parents, 12387
factors affecting assessment of clinical care quality in statewide Medicaid managed mental health care program, 31897
framework for defining & measuring quality in early intervention programs, infants & toddlers with disabilities & their families, 9541
guidelines for the psychotherapies regarding service-use & ethical issues , 24987
influence of perceived helpfulness of formal & family helpers on perceptions of quality of care, caregivers (mean age 59 yrs) of elderly health impaired patients, 25465
integrations of acute inpatient & continuing care components of a public mental health service, staff perceptions of service process & quality, community mental health staff, 2783
issues in quality of health care services & delivery, 37965
market-level hospital & physician resources, small area variation in hospital use, hospital market communities in Michigan, 7-yr study, 15585
meaning of continuity of care in mental health services, recipients & providers of services at community mental health centers & psychiatric emergency evaluation unit, 15503
mental health care system & the patient's quality of life, 15108
model of biomedical ethically based client-centered care in GATHER decision making process designed to improve quality of family planning counseling services, 25398
multilevel analysis of correlates of quality of care in homes for aged, facility managers & residents, 25484
number of doctors met during treatment & continuity & perceived quality of care, cancer patients (aged 50–94 yrs), 31902
outcomes model for enhancing mental health treatment & involvement in quality of care measurement & improvement, adult community residential service staff members, 31950
patient satisfaction & psychiatric hospitalization & administrative measures as predictor of quality of mental health care, military veteran patients with psychiatric diagnosis, followup study, 31873
perceived stress & prenatal care utilization & major life events & adequacy of prenatal care, mothers, implications for social work practice, 22149
perceptions of current changes in US health care system, medical school students, 25666
perceptions of professional nursing support, adult family members of critically ill relatives in intensive care units, 15504
perspectives on quality end-of-life care, dialysis vs HIV vs long-term care facility patients, 12422
physician perspectives on & recommended policy actions to overcome barriers to quality primary care, inner-city Latino children with asthma, 15416
predictors of effectiveness of primary health care teams, primary health care personnel, 15493
process & outcome measures as quality of care, HMO vs non-HMO patients with cardiovascular disease, 8592
professional & market-driven & public-sector approaches to accountability in health care quality measurement & reporting, 5828
program quality factors, conference presentation & treatment effectiveness evaluation patient outcomes & treatment response, substance use patients attending methadone maintenance programs, 27862
psychiatric aspects of excellent end-of-life care, terminally ill patients, implications for consultation-liaison psychiatry, 12421
quality of & satisfaction with epilepsy treatment & services & nurses' opinions on service needs of epileptic women, 24–66 yr old women with epilepsy & nurse specialists , 18438
quality of care administrative data indicators & clinical outcomes of symptoms & substance abuse & social functions, veterans treated for PTSD, 15497
quality of care in community health centers, 9153
quality of mental health care & pharmacotherapy, psychiatric outpatients with major depression, 2598
quality of STD case management at primary care clinics, STD patients & 20–25 yr old field workers simulating STD symptoms, 9115
reorganization of Veterans Affairs substance abuse program, cost-effectiveness & quality of care, patients & referring services, 22685
research agenda for measurement tools for examination of quality of care & life, dying patients & their loved ones, 18995
research methods & applications in clinical practice, quality of psychiatric care, 5707
service & processes & outcome & costs of family homes vs specialist community housing vs traditional services, 17–76 yr olds with severe intellectual disability & most severe challenging behavior, 2561
structure & quality of intervention services received, parents & families of 3–9 yr olds with autism & developmental disabiltiies, 38489
substance abuse treatment programs, treatment orientation vs amount of care vs 1-yr outcomes, inpatients , 15629
training in recognition & diagnosis & management of depression, knowledge level & care provided according to clinical guidelines, primary care physicians & their patients, 28866
validity of explicit & differentially weighted explicit & structured implicit process-of-care criteria, quality assessment, veterans with diabetes or heart failure or lung disease, 32569
validity of hospital mortality rates as measure of quality of care, 9212
validity of hospital mortality rates as measure of quality of care, erratum, 15601
Quality of Care—Chapters
Institutional change and its consequences for the delivery of mental health services, 18948
Interactional and contextual determinants of attachment security, 20455
Participant observer: The experiences of a Black transcultural psychiatrist, 14425
Quality of Education [See Educational Quality]
Quality of Life [See Also Quality of Work Life]—Serials
disability, quality of life, persons with disabilities, 20978
25-yr cross-national time-series analysis of quality of life judgment & life satisfaction & economic conditions, 8 countries, test of liveability & comparison theories , 27143
ability to answer questions regarding quality of life, nursing home residents with cognitive impairment, 38555
activities of daily living & apathy & subjective well-being, rural elderly, Japan, 33718
adaptation & reliability & validity of Liverpool Seizure Severity Scale & Liverpool Quality of Life battery, American epilepsy patients, 5395
adaptation & shortening of Chronic Respiratory Disease Questionnaire for use in clinical practice, adults with cystic fibrosis, 36007
addition of protease inhibitor ritonavir to existing anti-HIV drug therapy, health functioning & well being & quality of life, patients with advanced HIV, 3 & 6 mo followup, 5733
adjunctive antiepileptic drug therapy, satisfaction & quality of life & side effects & adverse events & seizure frequency & severity, patients with epilepsy, 6 mo study, 2484
adjunctive Supportive-Expressive & other group psychotherapy, psychological & social & physiological well being, females with breast cancer, 38374
aerobic exercise & memory training techniques of rehabilitation, cognitive functioning & perceived changes in quality of life, 60–76 yr olds, 12494
age & sex & education, sense of control over work & health & finance & family relationship & sexual & contribution to others' welfare domains, 25–75 yr olds, 7518
age, preferences for current health states, 18–96 yr olds, 31763
agreement between child & parent report reported of children's health related quality of life, 8–15 yr olds children with chronic physical illness & their parents, 24708
agreement between child & parent reports on children's health-related quality of life, 8–11 yr olds & parents , 4501
anterior temporal lobectomy, health related quality of life & clinical outcomes, patients with refractory epilepsy, 38405
anticonvulsant gabapentin, cognitive ability & quality of life, 21–71 yr olds with chronic epilepsy, 2480
anxiety & depression in quality of life, patients with panic disorder, 27725
approaches taken to interviewing persons with mental retardation & implications for well-being & quality of life scores, 22856
assessment of health related quality of life, patients with epilepsy, 34617
assessment of patients' experiences & health related quality of life using computerized program, under 50 vs 50–70 vs over 70 yr old patients, 6429
Australian vs UK versions of Childhood Asthma Questionnaires, measurement of health-related quality of life, 4–16 yr olds with asthma, 3350
beliefs & attitudes about public services & quality of life, 18–88 yr old citizens, Canada, 33734
burden & quality of life & coping methods, 64–92 yr old husband caregivers of their 68–90 yr old wives with Alzheimer's disease, 22222
changes in quality of life & affective disturbances during cardiac rehabilitation & individual differences in trait anxiety & defensiveness & noncompliance, cardiac patients (mean age 58.8 yrs), 19034
changes in quality of life after rehabilitation, patients with progressive neurological disorders, 37896
chronic systemic physical & neurological disorders, disability & depressive symptoms & life satisfaction as indicators of life quality, 75+ yr olds, erratum, 27461
clinical & demographic factors associated with poor quality of life, patients (mean age 73.6 yrs) with Parkinson's disease, 21567

Quality of Life—Serials

clinical implications for concept of response shift in health-related quality of life, implications for physician–patient relationship, 28623
clinical scales & health related quality of life in multiple sclerosis, 2036
cognitive-behavioral interventions & guided imagery vs progressive muscle relaxation, quality of life, 22–76 yr olds with HIV, 25050
community vs long term hospital mental health care & mental state & sociodemographics & social support & illness concepts, quality of life, patients with schizophrenia, 35190
conceptual & methodological issues in assessment of quality of life, dementia patients, 24924
conceptual & methodological issues in measurement of quality of life & comparison between HIV/AIDS & other chronic diseases, adults, 1969
conceptual & methodological issues in use of quality of life measures in mental health & psychological treatment outcome evaluation, 26139
conceptual & psychometric considerations in selection of national items for World Health Organization Quality of Life, cross cultural assessment of quality of life in health, 16–65 yr olds, 15460
conceptual framework for integration of quality of life & palliative care measures, 18994
construct validity & reliability of Medical Outcomes Study Short-Form Health Survey & Living With Asthma Questionnaire, health-related quality of life, asthma patients, 36026
construction of health-related quality of life questionnaire, multiple sclerosis patients aged 33.7–55.3 yrs old, 2 yr study, 32702
conversational discourse & social integration & quality of life, adults with traumatic brain injury near point of community reentry, 5343
coping methods used to deal with stress & perceived quality of life within 1 yr posttransplant & more than 1 yr post-transplant, 25–55 yr old Chinese patients after renal transplantation, 35090
coping skills vs telephone peer support intervention, quality of life, patients (mean age 43 yrs) with multiple sclerosis, 18282
cost-utility analysis & quality of life in studying pharmacoeconomics of schizophrenia, schizophrenic patients, 14532
culture & mental health services, quality of life & unmet needs, adults with schizophrenia, 8744
demographic & clinical characteristics & quality of life, arrhythmia patients who completed a baseline quality of life form before vs after randonization assignment to drug vs defibrillator trial, 2466
depression & hopelessness & quality of life & role of HIV symptoms, 26–66 yr old HIV-infected male homosexuals with vs without pain, 8555
depression & marital quality, preretirement- & retirement-age couples, implications for marital therapy, 27624
design & development of the UK World Health Organization Quality of Life response scale, well Ss vs medical outpatients (mean age 46.3 yrs), implications for cross cultural use, 13105
development & psychometrics of Neurobehavioral Functioning Inventory, adults with head injuries, 36000
development & reliability & validity of About My Asthma questionnaire, stress levels & health related quality of life, 6–12 yr olds with moderate–severe asthma, 1945
development & reliability & validity of UCLA Prostate Cancer Index, measurement of health-related quality of life, males (mean age 72.7 yrs) with prostate cancer, 5280
development & validity & reliability of Choice Questionnaire for self-report vs 3rd party rating of choice behavior in relation to quality of life, 18–61-yr olds with intellectual disability, 29394
development of Audit of Diabetes Dependent Quality of Life, measurement of perceived disease impact, adults with diabetes, 36006
development of the Wisconsin Quality of Life Index as a multidimensional model for measuring quality of life, 13100
disabilities experienced & evolution of impairment & health-related quality of life, adults up to 1 yr post-stroke, implications for rehabilitation strategies, 24828
discontinuation of benzodiazepines, psychological distress & quality of life & adaptation difficulties, 21–65 yr olds diagnosed with nonpsychotic anxiety or insomnia, 26827
disease course & severity & disability, health related quality of life, hospitalized patients with HIV, 14965
disease-specific conceptual framework & development of instrument for assessment of quality of life, 55 yr old & older dementia patients, 13098
early life trauma of adoption or foster care or maternal mental illness or maternal attitudes toward pregnancy, quality of life, 31–33 yr olds followed since birth, 20618
economic & other bases of population overgrowth & need for restriction of reproductive rights vs subsistence rights, 35758
economic methods for measuring the quality of life associated with HIV infection, 37788
education program, stress & depression & quality of life & knowledge of disease, at home caregivers of elderly patients with dementia, 9005
effect of exercise training on quality of life, patients (mean age 65.6 yrs) with chronic heart failure, 2430
effects of exercise on fatigue & quality of life, patients with females cancer, 37800
efficacy & safety of donepezil, cognitive ability & quality of life & side effects, 53–94 yr olds with mild or moderate Alzheimer's disease, commentary reply, 12340
efficacy & safety of donepezil, cognitive ability & quality of life & side effects, 53–94 yr olds with mild or moderate Alzheimer's disease, commentary, 12347
enzyme replacement therapy, health related quality of life, 8–67 yr old patients with Gaucher disease, 5746
ethical & societal dimensions of quality of life in psychiatry, 22377
ethnicity & organizational stress & quality of student life, African American & Caribbean & African college students , 9534
Euroqol EQ-5D vs SF-36 Health Questionnaire, assessment of health status & quality of life, 14–73 yr olds with chronic fatigue syndrome, 36019
evaluates psychometric properties of the Canadian version of the Wisconsin Quality of Life-Index, French vs English speaking patients with schizophrenia or schizoaffective disorder, 36009
expectations of & factors affecting life satisfaction & level of independence over lifespan, 25–65+ yr olds with spinal cord injury incurred between ages 25–34 yrs, 24829
experience & fear of falling & attitudes toward mobility aids for fall prevention & daily activities & quality of life, community living 61–86 yr olds, 5785
experienced stress & trait negative affectivity, headache & quality of life, 12–18 yr olds, 11797
fatigue & quality of life, 36–74 yr olds females undergoing autologous stem cell rescue for breast cancer, longitudinal study, 25308
feasibility & range of measurement of Pediatric Quality of Life Inventory-32 assessment of health-related quality of life, 8–18 yr old pediatric cancer patients, 32658
formoterol, ventilatory function & quality of life, patients with asthma, 22063
functional & psychological & physical quality of life, 33–63 yr olds with head & neck cancer, 3 mo study, 38361
functional performance & the challenge of preserving personal integrity, 50–76 yr olds with chronic obstructive pulmonary disease, 11799
general theory for & multidimensional scaling analysis of perceptual indicators of family well-being & life quality, 21–79 yr old males vs females , 27181

adaptation & validation of self-administered version of Cultural Distance Questionnaire, 17–19 yr old British volunteers working overseas, 6561
adolescent version of Attitudes Toward Violence Scale, 8th–12th graders, 35882
anonymous vs nonanonymous responding to questionnaire administered on Internet vs paper, self-consciousness & social anxiety & self-esteem & social desirability, college students, 37110
applicability of risk assessment questionnaires developed in Western countries to assessment of HIV risk behaviors & intentions & perceptions among 12–18 yr old Namibian youth, 16372
Australian vs UK versions of Childhood Asthma Questionnaires, measurement of health-related quality of life, 4–16 yr olds with asthma, 3350
bias in design of attitudes toward aging questionnaires, college students, 13161
common beliefs on essential elements of therapeutic community agencies for drug abuse treatment via Survey of Essential Elements Questionnaire, directors, 25531
concepts & techniques of item-response theory & application to patient satisfaction questionnaire, 26277
concordance of patient & collateral responses on CAGE Questionnaire about patients' drinking consequences & alcohol consumption, 18–86 yr old hospital patients, 24
concurrent validity of Infant Sleep Questionnaire, mothers & infants aged 12–18 months, 32593
concurrent validity of Spanish versions of Egna Minnen Betrafande Uppfostran & Parental Bonding Instrument questionnaires, measurement of perceived parent rearing, medical & dental students, 35859
confirmatory & exploratory factor loadings for 2-factor model of Depression Coping Questionnaire, adult volunteers, 11371
confirmatory factor analysis of Adolescent version of Alcohol Expectancy Questionnaire, alcohol drinking attitudes & behavior, male military conscripts (median age 18.5 yrs), Finland, 16305
construct validity of Aggression Questionnaire hostility & anger scales, prediction of anger in response to mistreatment, college students, 41
construct validity of Multigroup Ethnic Identity Measure, assessment of ethnic identity & salience of ethnicity & psychological well-being, 12–14 yr olds from diverse ethnic groups, 29336
construct validity of Physical Self Perception Profile, male vs female physical education college students, 17665
construction of McGill Friendship Questionnaires, measurement of friendship quality in late adolescence, 16–21 yr olds, 16310
construction of Peters et al Delusions Inventory, measurement of delusional ideation in normal population, healthy 19–75 yr olds, 30515
Defense Style Questionnaire, measurement of defensive processes, implications for personality & anxiety disorders, 16330
design & confirmatory analysis of facet designed future-time perspective questionnaire, 26108
design & use of VRUSE questionnaire in evaluation of attitudes & perceptions of virtual reality system usage & interface, 12950
development & psychometric evaluation of Cane Use Cognitive Mediator Instrument, measurement of attitudes toward cane use in fall prevention, community-dwelling 65–93 yr olds, 32695
development & psychometrics & scoring of Sexual Experiences Questionnaire—Department of Defense, measurement of nature & prevalence & severity of sexual harassment, military personnel, 32635
development & psychometrics & validity of Staff Stressor Questionnaire, staff in services for people with intellectual disabilities, 26243
development & psychometrics of Benzodiazepine Dependence Self Report Questionnaire, general practice patients vs psychiatric outpatients vs self help patients, 26147
development & reliability & factor analysis of theory-based instrument for assessing breastfeeding intention, 13–45 yr old low-income pregnant females, 3352
development & reliability & validity & Dutch & English language equivalence of Error Orientation Questionnaire, adults, 26248
development & reliability & validity of About My Asthma questionnaire, stress levels & health related quality of life, 6–12 yr olds with moderate–severe asthma, 1945
development & reliability & validity of Egoism Scale, measurement of concern with one's own pleasure or advantage at expense of community well-being, Dutch vs American college students & other adults, 35912
development & reliability & validity of Feeling-Tone Questionnaire, screening instrument for depressive symptoms, elderly patients with dementia in long term care institution or psychiatric hospital, 9907
development & reliability & validity of self report questionnaires, assessment of fear of flying, adults with flying phobias, Netherlands, 19631
development & utility of Autonomic Nervous System Questionnaire, assessment of panic disorder, primary care medical clinic clients, 21193
development & validation of Quitting Time for Alcohol Questionnaire, 18–78 yr olds from the community & college students, 19574
development & validity of Adolescent Attachment Questionnaire, adolescents, 36
development & validity of DISCERN, assessment of quality of written consumer health information, information providers & self help group members , 13099
development & validity of Obesity Related Well Being questionnaire, assessment of physical & psychosocial distress, obese 15–73 yr olds , 19624
development of Adolescent Survey of Black Life, measurement of racial & ethnic identity & correlation with psychosocial variables, 11–16 yr old African Americans, 16326
development of Child Molester Empathy Measure, nonfamilial child molesters, 9833
development of Exercise Imagery Questionnaire-Aerobic Version, assessment of nature of exercise imagery, volunteer aerobic exercisers, 32573
development of Interpersonal Trust Questionnaire, measurement of individual differences in capacity to self-disclose & express emotion in context of social support, undergraduates, 19594
development of intrapartum intervention score, perceptions of interventions experienced during childbirth, mothers, implications for understanding psychological effects of childbirth interventions, 16368
development of measure of health salience, health concerns & health motivation & relation to other health beliefs & behavior, 35–45 yr old premenopausal & menopausal women, 3348
development of measurement questionnaire of cultural identity & relation to the self & mental distress, immigrants with connections with Indian subcontinent, 30482
development of Multidimensional Intimate Coping Questionnaire, coping in intimate relationships, college students (aged 17–60 yrs), 11228
development of spirituality questionnaire, 32607
differential test functioning analysis of Sexual Experiences Questionnaire—Department of Defense for measurement of sexual harassment, male vs female military personnel , 32634
discrepancies between self-completed sexual diaries & recall on a questionnaire of same sexual behavior, male homosexuals, 16369
discriminant validity of Multifactor Leadership Questionnaire, transformational leader behavior, bank employees, 6673
discriminant validity of Offer Self-Image Questionnaire, assessment of developmental problems, 13 yr olds, Finland, 32602
Eating Disorder Examination—Self-Report Questionnaire Version internal consistency & test–retest reliability, female college students, 16344
efficacy of Alcohol Sensitivity screening Test questionnaire, assessment of frequency of alcohol drinking related symptoms & estimation of aldehyde dehydrogenase atypical genotypes, factory workers, Japan, 1206
emotional reactions to mental health questionnaire, 18–79 yr olds, 18777
equivalence of Short Portable Mental Status Questionnaire & Orientation-Memory Concentration test, cognitive functioning, 68+ yr olds, 3 yr study, 6846
Euroqol EQ-5D vs SF-36 Health Questionnaire, assessment of health status & quality of life, 14–73 yr olds with chronic fatigue syndrome, 36019
existence of individual traitlike differences in coping styles & validity of traditional assessments of momentary self-reports of coping, men & women with high levels of work or marital stress, 26119
extended version of behavioral screening Strengths and Difficulties Questionnaire, assessment of psychiatric caseness & chronicity & distress & social impairment & family burden, 5–15 yr olds , 26140
factor analysis of Coping Strategies Questionnaire—Revised, coping with chronic pain, patients with low back pain & mixed pain etiology, 24719
factor analysis of Negative Affect Self-Statement Questionnaire for assessment & discrimination of somatization & anxiety & depression & affective disturbances revealed in self talk, 8–16 yr olds, 13068
factor structure & psychometric properties & stability estimates of EAS Temperament Questionnaire, 18 vs 30 vs 50 mo olds , 13045
factor structure & reliability of Gudjonsson Confession Questionnaire-Revised, assessment of reasons for & attitudes toward confession to police & relation to personality, inmates & juvenile offenders, 29315
factor structure & validity of Drug-Taking Confidence Questionnaire, assessment of coping self-efficacy, male vs female alcohol vs cocaine abusers, 19628
factor structure & validity of Temptation Coping Questionnaire, assessment of coping strategies for resisting alcohol vs marihuana & other drug use, high school students (mean age 16.6 yr olds), 32609
factor structure of JSS Schizotypal Traits Questionnaire for young Adolescents, 13–18 yr olds, 26136
factor structure of Parental Bonding Instrument, assessment of parental rearing behaviors, 18–66 yr olds, Japan, 11044
factor structure of Preschool Behavior Questionnaire, African- vs Euro- vs Asian- vs Hispanic-American 3–4 yr olds, 26102
factor structure of Schema Questionnaire for assessment of early maladaptive schemas of psychopathology, psychiatric inpatients & outpatients (mean age 39 yrs), comparison with previous analyses, 29373
factorial construct validity of Extended Attributional Style Questionnaire, undergraduates, 16320
filling in of pre-appointment questionnaires & differences in demographic or clinical variables, attendance, 18–65 yr old referrals to an outpatient clinical psychology service, 5864
forced-choice personal questionnaire method vs pictorial version, assessment of consumer satisfaction with community service, 16–68 yr olds with learning disabilities, 30980
hypothesized factor structure for & validity of Alcohol Expectancy Questionnaire, 18–29 yr olds, 26207
inter-rater reliability of War Events Questionnaire, psychiatric patients, 22837
internal consistency & reliability & prediction of alcohol use of Leeds Dependence Questionnaire, 11–48 yr olds, 29416
logical & judgmental moderators of criterion related validity of Occupational Personality Questionnaire, managers, 22924
manipulation of stereotype rating task, social identity & attitude responses, university students, UK , 1247
methodological & theoretical issues of attachment theory & cultural assumptions & social implications involved in development & use of the Parental Investment in the Child Questionnaire, commentary, 3298
methodological & theoretical issues of attachment theory & cultural assumptions & social implications involved in development & use of Parental Investment in the Child Questionnaire, commentary reply, 3296
methodological approaches to study of & design of computerized survey questionnaire assessing sexual behavior & attitudes & contraception & condom use, 16–20 yr olds, 26284
populations norms & reliability & construct validity & physical & mental component summary scores of UK SF36 version II, assessment of physical & mental health, 18–64 yr olds, 13102
predictive validity of Intrusive Thoughts Questionnaire for trauma distress, 18–80 yr old survivors of automobile accidents vs hurricanes vs airline disaster recovery work, 9812
predictive validity of theory of planned behavior & self-identity & impact of questionnaire format & social desirability, health-related food choice intentions, 14–67 yr olds, 32696
psychological issues & limitations in questionnaire-based research, 3397
psychometric performance of Center for Epidemiologic Studies-Depression Scale &/vs General Health Questionnaire-12 for depression screening, 60–99 yr olds, 24218
psychometric properties of Dutch version of Helping Alliance Questionnaire, assessment of therapist–patient relationship, drug dependent patients, 32633
psychometric properties of modified Body Shape Questionnaire, female college students, implications for eating disorders, 6560
psychometrics & item analysis of Menstrual Joy Questionnaire, college students, 16371
psychometrics of Pain Cognitions Questionnaire & underlying assumptions of cognitive behavioral therapies, severely impaired chronic pain patients, 1 mo followup, 9900

questionnaire development in measurement of & cross-national differences in attitudes toward euro currency, 15 members of European Monetary Union, 6682
recurrences of children's ear & nose & throat infections in & development of questionnaire on quality of life, parents of children under 4 yrs, 3347
reliability & construct validity of Psychological Acculturation Scale, 13–58 yr old Latinos & 12–58 yr old Puerto Ricans & 13–14 yr old Puerto Ricans & their 27–57 yr old mothers, 14331
reliability & validity & diagnostic screening efficiency of Accident Fear Questionnaire, assessment of PTSD & phobic avoidance, 19–74 yr olds receiving rehabilitation after motor vehicle accident, 35920
reliability & validity & factor analysis of Relative's Assessment of Global Symptomatology, assessment of cognitive & behavioral symptoms, caregivers of 52–91 yr olds with AD, 35943
reliability & validity & factor structure of Alcohol Expectancies Regarding Sex, Aggression, and Sexual Vulnerability Questionnaire, assessment of alcohol's affects on self vs others, 18–54 yr olds, 29414
reliability & validity & factor structure of Amphetamine Withdrawal Questionnaire, inpatients & outpatients with amphetamine withdrawal, 13077
reliability & validity of Dutch version of Multidimensional Pain Inventory, adults (mean age 42.5 yrs) with chronic pain, 6659
reliability & validity of high-functioning Autism Spectrum Screening Questionnaire, 6–17 yr olds with autism spectrum or attention-deficit or disruptive or learning disorders or Asperger syndrome, 22862
reliability & validity of Knowledge About Schizophrenia Questionnaire, 18–58 yr old inpatients with schizophrenia, 17895
reliability & validity of Occupational Role Questionnaire, back pain & occupational role performance & demographic characteristics, adults with back pain, 1940
reliability & validity of questionnaire assessing physical work load, nursing home employees, 25943
reliability & validity of the Personal Preferences Self-Description Questionnaire, evaluation of Jungian personality types, Hispanic high school students, 35905
reliability & validity, Suicidal Ideation Questionnaire-JR, 11–15 yr old inner-city parochial school students, 16350
reliability of Counterdependency Scale, assessment of counterdependent traits, patients with chronic pain, 21460
reproducibility of self-report questionnaire for upper extremity musculoskeletal disorder risk factors, tree nursery workers, 29417
social desirability distortion in computer-administered vs traditional paper-and-pencil questionnaires vs face-to-face interviews, 35866
stringent & lenient criteria, development of health status questionnaire, patients suffering from chronic left ventricular dysfunction, 5760
Structural Analysis of Social Behavior Intrex questionnaires, differentiate features of borderline or schizotypal or no personality disorder, nonclinical young adults, 24369
structure & internal consistency of Job Stress Questionnaire, entrepreneurs, 12897
structured interview vs Phobia Origins Questionnaire, validation of onset of phobias, 17–48 yr olds & their parents, 6616
Swedish version of Quality of Life Index, assessment of changes in life situation & relation to initial perceptions of epilepsy, newly diagnosed 19–65 yr old patients, 36025
test-retest reliability & construct validity & responsiveness of Utility Based Quality of Life-Heart questionnaire, cardiac patients (mean age 60 yrs old), 32699
test-retest reliability of Organizational Commitment Questionnaire, 18–34 yr old sales supervisors, 6678
test–retest reliability on self-report questionnaires of symptoms & personality related to social functioning & quality of life & treatment outcome, schizophrenic inpatients, 9869
use & accurate interpretation of questionnaire in screening for mental disorders, psychiatrists & other mental health professionals, 15466
utility of the General Health Questionnaire, detection of short-term psychiatric disturbances, female prisoners, 35963
validity & reliability of asthma general knowledge questionnaire for adults, 19–63 yr olds with asthma, 1914
validity & sensitivity & specificity of Brief Medication Questionnaire, assessment of adherence & barriers to adherence, 30–74 yr old patients, 28502
validity of answers to questionnaire on musculoskeletal problems in relation to clinical diagnoses, perception of reported musculoskeletal pain, 20–45 yr old female unskilled workers, 19645
validity of Assessment of DSM-IV Personality Disorders questionnaire, measurement of trait & distress characteristics, 18–67 yr olds, 89
validity of Dutch Sleep Disorders Questionnaire, 16–82 yr old patients with sleep complaints, 6637
validity of Family Background Questionnaire, characteristics of family of origin, 18–61 yr olds, 27
validity of Italian multiple sclerosis quality of life- 54 questionnaire, assessment of neurological impairment on perceived quality of life, patients (mean age 42 yrs) with multiple sclerosis, 32687
validity of patient-completed questionnaire assessing metered-dose inhaler technique, 18–83 yr olds with asthma or other pulmonary disease, 108
validity of Questions About Behavioral Function, assessment of antecedents of maladaptive behaviors, adults with mental retardation exhibiting self-injurious behavior or aggression or stereotypies, 16345
validity of Santa Clara Strength of Religious Faith questionnaire, strength of religious faith, college students & recovering substance abusers, 35865
validity of Sport Fan Motivation Questionnaire, 18–84 yr olds, 19440
validity of Teacher Concerns Questionnaire in physical education setting, Belgian vs English inservice & preservice physical education teachers, 32193
viability & use of SF-36 health-related quality of life questionnaire, screening for need for social work assessment of psychosocial needs, 65 yr old & older primary care patients, 9872
Your Treatment & Care Questionnaire, measurement of dissatisfaction with mental health services, patients in psychiatric hospital, US, comparison with data from patients in England, 29399
Questionnaires [See Also General Health Questionnaire]—Chapters
Assessing chronic pain patients: The Fear of Pain Questionnaire-III, 13038
Assessing personality traits of individuals with mental retardation, 32676
The Child Health Questionnaire (CHQ): A potential new tool to assess the outcome of psychosocial treatment and care, 26182
Comparison of the Apperceptive Personality Test and the Apperceptive Questionnaire: A criterion validation study, 29352
The European Brain Injury Questionnaire: Patients' and families' subjective evaluaition of brain-injured patients' current and prior to injury difficulties., 32691
Factor analysis of the Draw-A-Person Questionnaire, 29323
Genetic and environmental structure of personality, 22854
An objective questionnaire supplement to the Rorschach: Preliminary findings, 29343
The Outcome Questionnaire, 26180
Predicting depression scores from the Apperceptive Questionnaire, 29349
Relationship between the Karp Inkblot Response Questionnaire and the Rorschach Schizophrenia Index, 29344
Relationships between the Draw-A-Person Questionnaire and the Rorschach Schizophrenia Index, 29350
Reliabilty of the Apperceptive Questionnaire, 29346
The self-regulation questionnaire, 15649
Symptom Assessment-45 Questionnaire (SA-45), 26184
The UCSF Client Satisfaction Scales: I. The Client Satisfaction Questionnaire-8, 26251
Using the How I Remember My Family Questionnaire in couples counseling, 35977
Youth Outcome Questionnaire (Y-OQ), 26193
Quinidine [See Alkaloids]
Quinine—Serials
intertrial interval & number & distribution of test stimuli, quinine taste discrimination, male rhesus monkeys, 20380
preferences for quinine & phencyclidine & caffeine solutions to water, rats, 13722
quinine & 4-aminopyridine, conditioned place preference & morphine-induced changes in motor activity, male rats, 23551
quinine infusion, gustatory nerve activity & central patterns of taste-evoked neuronal activation, rats with bilateral transection of chorda tympani or glossopharyngeal nerve or combined neurotomy , 16920
quinine taste discrimination, male rhesus monkeys, 10261
sucrose–quinine solution acclimation, sucrose–quinine vs ethanol intake, male rats, 748
Quinpirole—Serials
bilateral intraaccumbens quinpirole, parameters of circling behavior & 1st stage of head turning, rats, implications for role of D2 dopamine receptors on movement initiation, 4128
carbachol & SKF 38393 & quinpirole nucleus accumbens shell & core injections, behavior & dopamine levels, male rats, 36573
dopamine D2 agonist quinpirole, temporal discrimination entrainment & attention to darkness signal duration, male rats, 4274
fluoxetine vs quinpirole vs dextroamphetamine, response changes in component associated with relatively weaker stimulus–reinforcer contingency, male rats , 17044
MAO inhibitor, [3H]quinpirole binding in striatum, male rats, implications for behavioral sensitization to psychostimulants, 4196
nicotine, quinpirole-induced behavior, rats, implications for behavioral disorders, 33495
quinpirole, acquisition of second-order fear conditioning, rats, 10630
quinpirole, compulsive checking behavior in open field, male rats, animal model of obsessive-compulsive disorder, 7262
receptor specific dopamine agonists quinpirole vs quinelorane vs 7-OH-DPAT, intracranial self-stimulation of lateral hypothalamus, male rats, 7203
Race (Anthropological)—Serials
determinants & consequences of sex & race composition in organizations, 38934
mentoring & race, salary & promotion & job satisfaction, White women vs Black women, 35629
norm-based vs absolute coding models for prediction of face recognition of White vs Asian caricatures, White adults, 3454
perceiver race & relationship stage, perceptions of Black & Hispanic & mixed race couples, college students, 11153
race & class & quality of life, Blacks vs Whites, 25 yr study, 7629
race & class & sexual orientation & gender in domestic violence, 27762
race & rhetoric & politics of commemoration in symbolic career of revolutionary hero Crispus Attucks , 22812
race & social class & motivational context & behavioral indicators, alienation from & risk of leaving middle school, Black vs White 7th graders, 12708
race & social construction of family life in Sunday comics, 10686
race & sociodemographic & criminal history characteristics, perception of race relations in prison, 17–72 yr old Black vs White vs Hispanic vs 'other' males just released from incarceration, 25563
racial & ethnicity & sex bias on curriculum-based measure of reading, African-American vs Caucasian students grades 2–5, 32719
racial composition of areas patrolled & deployment of police dogs to apprehend crime suspects & dog bites, Los Angeles police department, 6481
relationship & stigmatizing between Black & White women's groups in a large banking organization, 35641
rhetorical hierarchy of race & gender & 'paradox of purity' in case of Rhinelander v. Rhinelander, 23619
sex & race, organizational decision making process & interpersonal & group dynamics, employees at a pro-feminist & progressive organization, 37001
social process of racial identity formation, mixed-race females , 37170
Race (Anthropological)—Books
Race in the mind of America: Breaking the vicious circle between Blacks and Whites, 11001
Social psychology of gender, race and ethnicity: Readings and projects, 30386
Race and Ethnic Discrimination—Serials
coping responses to discrimination vs ethnic identification, depression, Southeast Asian Refugees, 33750
critique of anti-racist vs anti-oppressive theory & practice in social work, 22200
development & progress of awards for emotional distress since Fair Housing Act of 1968, plaintiffs, 26046
different rates of surgical treatment, overall survival rate, Blacks vs Whites with early-stage lung cancer, 38391
different rates of surgical treatment, overall survival rate, Blacks vs Whites with early-stage lung cancer, comment, 38412
differential prediction in cognitive ability test scores, job performance ratings by majority group vs matched-race raters, Black vs White employees, 38964
discrimination & student & self segregation on campus, college students, 1988 & 1992 vs 1996, 2953
felony sanctions in Pennsylvania, racial inequalities in prison sentences in 1977 & 1983 & 1992 & 1993, 19533
frustration & negative cue model of unfavorable police treatment of other race persons, 35835
pedagogical concerns in social work anti-discriminatory practice & education, 22340
perception of & coping with pervasive discrimination & prejudice, minority group identification & well being, African Americans, 27316
qualitative analysis to explain responses to survey questions examining support for government equal housing & employment policies, 28–69 yr olds, 27108

racial socialization experiences & self esteem, effect of perceptions of racist discrimination on mental health, African American college students, 24014
school discipline & racial inequality & government proposals to reduce exclusion from school, teachers & students from West Midlands case study primary & secondary schools, 19336
skin color & experiences of discrimination, transracially & inracially adopted African-American adults, implications for special needs adoptions, 36913
social integration-regulation & SES level & racial inequality, suicide events, 15 yr old & older Black males, 17979

Race and Ethnic Discrimination—Chapters

The art and science of ethnopharmacotherapy, 28525
Ethnic minorities on the labour market, 3061
Hating those different from ourselves: The origins of racial, ethnic, and religious hatred, 21292
The racial discourse of civil society: The Rodney King affair and the city of Los Angeles, 4560

Race Attitudes [See Racial and Ethnic Attitudes]
Race Relations [See Racial and Ethnic Relations]

Racial and Ethnic Attitudes [See Also AntiSemitism, Ethnocentrism, Racism]—Serials

acculturation scale, assessment of race-related cultural & media preferences & attitudes & racial balance in social interaction & degree of comfort with Whites vs Blacks, African American adults, 9847
actor race (Black & White) and behavior valence (prosocial & aggressive), moral & liking judgments, Black vs White preschoolers vs 1st graders vs 4th graders, 14014
anti-Semitism & authoritarianism-related attitudes, White non-Jews with low vs high education, 27150
applications of H. Blumer's group position theory to study of contemporary race prejudice, 33744
attitudes about causes & treatment of common diseases & relation to health behaviors, noninstitutionalized Black vs Hispanic vs non-Hispanic White American men & women 75+ yrs old, 31879
attitudes toward teacher ethnicity & bilinguality & gender, 9–17 yr old multi-ethnic students in English-only or bilingual & English language development classes, 2944
attitudes toward Whites & socioeconomic inequities before vs after political transition, Black South Africans, 7709
attitudes towards life sustaining technology, European-Americans vs African-Americans vs Korean-Americans vs Mexican-Americans aged 65 yrs & older, 28586
belief in US government conspiracies against Blacks, Black vs White college students, 27319
case study of how new White supremacists present discourse of stigma transformation in magazine "Instauration", 33741
checklist for assessment of culturally competent attitudes & services, human service agencies, 5826
college racial composition, racial identity & attitudes, African American students at predominantly white vs historically black colleges & universities, 28983
color bias & racial preference, 3- vs 5-yr-old White South Africans, 20559
construction & structure of rating scale of emotional reactions to & tolerant attitudes toward cultural groups & correlation to other personality scales, 17–47 yr old college students, 9837
critique of anti-racist vs anti-oppressive theory & practice in social work, 22200
cultural subjectivities & interpretation of Spike Lee film, Black vs White & Hispanic college students, 4388
development of Adolescent Survey of Black Life, measurement of racial & ethnic identity & correlation with psychosocial variables, 11–16 yr old African Americans, 16326
ethnic identity & pluralism in political & racial/ethnic attitudes displayed in local public conversations, Americans, 7716
ethnic-stereotyped mathematics performance expectations with vs without grading accuracy instructions, grades assigned to poorly performed mathematics assignments, White & Asian college students, 1254
ethnicity & alcohol use & abuse & acculturation & stereotypical attributions, health care workers & researchers & Latin American males attending addiction counseling center, 14138
ethnicity & organizational stress & quality of student life, African American & Caribbean & African college students , 9534
ethnicity of witness & perpetrator, intergroup bias in identification of violent crime perpetrator & attitudes, nonimmigrant vs immigrant Swedish adults, 7805
evaluation–social judgment of Black partner's traits & game performance, White female college students, implications for black sheep effect & expectancy-violation theory, 20821
extended contact with foreign students through peer modelling, tolerance for outgroup members, 13–15 yr old Finnish students, 27061
factorial validity & reliability of Quick Discrimination Index, assessment of attitudes toward racial equality & gender equity, university faculty & staff & students, 14332
factors related to interracial vs intra-racial partner choices, Asian American college students, 17470
gender & ethnic differences & beliefs about tobacco smoking, 10–15 yr old African Americans & Hispanics & European Americans, 30380
identity process in the identification with & beliefs toward political or ethnic groups, primordialist vs instrumentalist academics, 33915
ideological & pedagogical resistance & sociotransformative constructivism for multicultural education & counterresistance, Anglo-European preservice science teachers, 6126
impediment perceptions, adoption, Mexican-American 20–50 yr olds, implications for increasing adoptive parent recruitment, 36973
importance of ethnicity & gender & personal attributes in different activity domains & role of stereotypes, Dutch & Turkish 10–12 yr olds, 17385
income source & race, ratings of & objections to potential neighbors, African & European American & Hispanic undergraduate students & 23–86 yr old homeowners, 33923
individual-oriented vs intergroup techniques for reducing traditional vs contemporary forms of prejudice, 30299
individualism–collectivism & social dominance orientation & pro-Black & anti-Black attitudes & humanitarianism–egalitarianism, 17–42 yr old college students, 27399
influence of Asian stereotype threat on mathematical test performance, adult White males, 11143
integration vs assimilation & native reactions, Moroccan immigrants & natives, Israel vs Netherlands, 4600
intelligence level & ethnic attitudes & authoritarianism, accuracy of stereotypes of academic performance of ethnic groups of high school students, 19–43 yr olds, 11144
interpersonal interaction & receptivity to racial & ethnic diversity, 21–35 yr olds, 17600
levels of media use & beliefs about representation on TV & movies, Native American college students, 1103
masculinity & hegemony & negative stereotypes, Chinese American males (aged from mid 20s–mid 40s), 36996
motivated inhibition & activation of conflicting stereotypes in impression formation & reactions to praise vs criticism from Black doctor vs manager, White male college students , 37119
motivational beliefs about personal academic success, Aboriginal vs Anglo vs immigrant Australian 7th–11th graders, 9523
multicultural education & ethnicity & minority vs majority group size, social identity & relationship between self concept & ingroup bias, Dutch vs Turkish 10–13 yr olds, 14016
news coverage of political issues, formation of racial or ethnic stereotypes & political cognitions, college students, 36685
oppositional discourses of the civil rights and women's movements, articulations of gender & race, Black women's autobiographies, 11058
pedagogical concerns in social work anti-discriminatory practice & education, 22340
perceived group stereotypicality & perceived group dispersion, judgments & help seeking behavior, White males, 7843
perceiver race & relationship stage, perceptions of Black & Hispanic & mixed race couples, college students, 11153
perceptions of influence of race on professor credibility, college students in courses taught by Black professors, 6234
perceptions of threat, racialised discourses, 35–45 yr old coloureds in post-apartheid South Africa, 7656
perceptions of White vs Black faculty, male vs female Black students at historically Black colleges, 4586
personal & cultural identity & racial attitudes & attitudes toward socio-political change in South Africa, 13–19 yr old South African Blacks vs Whites vs mixed race individuals vs White Americans, 17378
personal account of self exploration & monitoring as key to human & spiritual evolvement & racial cohesion & being effective scholar-professional, Black male, 10985
personal account of sharing cultural dynamics of class across races & admitting & naming privileges of being White, White female, 10969
philosophy of empowerment & self-concept development & internalization of racism & racial identity, Blacks in counseling & psychotherapy, 8770
power & control issues in & experiences with mental health service provision, African-Caribbean parents, 22123
priming with stereotype words, hostility related vs unrelated first impressions & diagnostic ratings of patient identified as Black vs race undisclosed, 24–60 yr old therapists, 28873
psychometric properties of White Racial Identity Attitude Scale & Oklahoma Racial Attitude Scale—Preliminary Form, 18–43 yr olds, 6596
race & sex & general racial attitude, case opinions & guilt judgments during jury selection vs after closing arguments vs after jury verdict in O. J. Simpson trial, African Americans & Whites, 33916
race & social class, criminal justice attitudes, Blacks vs Whites, 39091

effectiveness of radio & TV campaign to increase smoking cessation information calls, African Americans, 829
perceptions of organizational control & social attributes, radio announcers, Canada, 4393
Radiography [See Roentgenography]
Radiology—Chapters
Hypnosis in radiology, 38381
Rage [See Anger]
Railroad Trains—Serials
individual & intergroup perceptions of organizational safety, 21–64 yr old British Rail train drivers & supervisors & senior managers, 16099
range & frequency of vibrations, momentary riding comfort evaluation of railway vehicle, adults, 3447
Random Sampling—Serials
applications of least absolute regression residuals to one-way randomized designs with vs without covariate & factorial designs, 26254
feasibility of recruiting randomly selected sample of psychiatrists to participate in American Psychiatric Association's practice based research network, 9305
random sampling from population vs scores produced by process in statistical testing, 3272
use of t test for randomized experiment with convenience sample, 9974
Rank Order Correlation—Serials
binomial vs randomization vs rank order correlation in Monte Carlo simulation to identify hexagonal structure within J. L. Holland's (1992) theory of vocational interests, 125
method based on mathematical model of paired comparisons for assignment of dominance ranks, red deer stags, 19994
Rape [See Also Acquaintance Rape]—Serials
age & violence before vs during vs after pregnancy & pregnancy as a result of statutory rape, 13–45 yr old females, erratum, 24416
all male peer education rape prevention program, intent to rape & rape myth acceptance, college fraternity men, 9426
attitudes toward women & sex vs power schemas & victim resistance, victim vs perpetrator attributions, female undergraduates, 11552
availability of pornography, rape & sexual assault & public indecency, 1972–1995, Japan, 14793
bibliography of rare & international articles on wife rape, 37468
case etiology & remission, 33 yr old male sexual psychopath following years of forensic psychiatric & psychoanalytic treatments, 34406
catastrophe theory, assault victims responses, 34286
childhood rape incidence & risk for major depression & PTSD & substance use problems, 18–69+ yr old women, 27817

chronicity & help-seeking behavior, 18+ yr old marital vs acquaintance vs stranger sexual assault female survivors, 37483
clients' & therapists' attitudes toward experienced emotional trauma & collusive resistance, 18–42 yr old female rape survivors, 31430
cognitive factors & attitudes in etiology of & proclivity to rape, male rapists, 11519
compulsive weight lifting & anabolic substance abuse, 21–40 yr old females who were raped, 27778
concept mapping methodology in analysis of opinions about improving legal & social & medical/mental health community service response to rape, women working as rape victim advocates, commentary, 15543
concept mapping methodology in analysis of opinions about improving legal & social & medical/mental health community service response to rape, women working as rape victim advocates, 15520
concepts & definitions of rape & sexual abuse, 22–55 yr old Mexican women, 30825
construct validity of French version of Dissociative Experiences Scale, rape victims (mean age 23.6 yrs), scale appended, 19615
coordinated alternative community-based programs, rape victims, 5868
correlates of sexual coercion vs rape, 20–35 yr old females at increased risk for sexual victimization due to sexual activity & alcohol consumption, 21270
cultural reactions & social reasoning & conversations about rape & negative consequences for victims, comment, 11676
cultural-historical analysis of gender & power differentials, 22-yr-old rape victim, China, 37464
deliberate suppression of rape-related thoughts, frequency of intrusive thoughts, female rape victims (mean age 28.5 yrs) vs non victims, 8377
development of genitourinary medicine service with medical & psychological protocols for management of physical & psychological reactions to sexual assault, female assault victims, 25396
development of the Dating Self-Protection Against Rape Scale & prediction of self-protective behaviors against sexual assault, heterosexual men vs women vs gay men vs lesbians vs bisexuals, 16324
discriminate validity of phallometric testing with vs without semantic tracking task, measurement of rapists' sexual preference, rapists vs non-sex-offenders, 22867
dress code in workplace & public school & human behavior, legal practices & legislative actions regarding sexual harassment & rape, US, 26040
dress, legal practices & legislative actions regarding sexual harassment & rape, US , 26039
early psychological disorders & psychological & behavioral attitudes & trauma-related predictors of chronic PTSD, 13–50 yr old rape victims, 1 yr study, 8254
efficacy of cognitive-behavioral treatment for rapists, 35371
efficacy of sexual assault prevention programs on college campuses with women, 34418
emotion management in court, rape survivors, 16282
empathy for sexual abuse victims as treatment, male sex criminals convicted of child abuse & rape, 14804
family therapy approach to dissolution of rape flashbacks by construction of new rape scenario, family relations, female rape victim, 2222
forced sex by partner or ex-partner, health & self-esteem, battered females (mean age 31.6 yrs), 37445
forensic psychiatric perspective on rape trauma syndrome & reactions to rape victimization, military personnel, 5048
gender & attitudes toward women & past/current relationship & alcohol & coercion strategies & victim resistance & rape justifiability, path model of sexual coercion, 37593
high vs low rape myth acceptance, information processing & self-assessment of vulnerability to sexual assault, female university students, 17605
history of sexual assault & prevalence of headache, 9–18+ yr old African vs European American vs Latino male vs female community residents, 37466
Illinois Rape Myth Acceptance Scale, measurement of structure of rape myth acceptance, adults, 14695
knowledge of husband to wife physical violence history, attitudes toward marital rape, college students, 8272
life threat & physical injury & identity of perpetrator & frequency of assault & rates of PTSD or major depression, adult females who did vs did not report childhood rape, 24424
masculine vs feminine personality traits, judgments of responsibility of rape victims, male vs female college students, 27807
memory for trauma, recently raped 18–51 yr olds, 3 mo study, 8278
perceived locus of control & self-efficacy vs attributions of causality, long-term recovery from rape & PTSD, female 17–47 yr old victims of rape or attempted rape, 11474
phases of Cognitive Processing therapy, female victims of marital rape, 8798
prevalence of lifetime rape & associated health risk behaviors, female college students in the US, implications for rape prevention, 14652
process of community support groups for rape survivors, 15521
race & gender & class factors in mobilization strategies used by Black feminist collective in organizing protest against rape within Black community, Black women, 11680
racial identity & feminist identity, acceptance of rape myths, African American antirape activists vs nonactivists, 5059
rape attitudes, 21–40 yr old male vs female medical students, 15766
rape awareness workshop attendance, acceptance of rape myths, male vs female college students, 31828
rape prevention education, empathy & rape-supportive behaviors, male undergraduates, 27760
rape trauma sequelae & psychological adjustment issues & culturally inclusive ecological model of sexual assault recovery, 11672
rape-supportive attitudes & participation in fraternities & athletics, male university students, 14651
relational capacity & persistent PTSD symptoms, 17–47 yr old female rape victims, 37499
relationship of labor force participation & rape as test of backlash hypothesis, victimized females, 34251
reported medical & legal & mental health resources available to rape victims, 22–65 yr old rape victim advocates, 5867
repressive coping style, processing & recalling information about rape, females, 11212
role of alcohol & perceptions & situations relating to sexual aggression, moderate to heavy drinking females (mean age 24.4) yrs , 37514
role of sexual assault in childhood & related attributions & coping style in adjustment following rape in adulthood, female college students, 11506
sex & professional status, attitudes toward rape victims, 18–65 yr old undergraduates vs counselor trainees vs mental health professionals, 37522
sex role traditionality & victim–perpetrator association, rape perceptions, college students (aged 17–52 yrs), 24463
sexually aggressive behavior in acquaintances & husbands & strangers, 15+ yr olds, 24479
short & long term effectiveness of theoretically driven rape prevention intervention, male 18–29 yr old college students, 8264
social desirability & gender-role ideology & acceptance of rape myths, male vs female 17–50 yr olds, 4664
sociocultural & demographic characteristics & rape at 1st intercourse, 15–50 yr old females, Central African Republic, 14654
standard post-rape treatment vs video treatment, post-rape psychopathology & PTSD, women (mean age 30.63 yrs), 35040
strategies for victim management of sexual assault case processing, prosecutors , 6484
strengths & vulnerabilities via life experiences prior to assault & factors influencing recovery, 18–40 yr old sexually assaulted females with high vs low distress response, 30838
structure & functions of rape crisis centers, directors, 1970s vs present, 5869
validation of Massachusetts Treatment Center Rapist Typology, therapeutic intervention implications, 14799
victim–perpetrator relationship & perpetrator's use of force & threats & drugs in committing rape, female rape survivors, 21231
violence against women & influence of war & nationalism & militarism in the former Yugoslavia, 14689
violence and/or rape experienced as an adult & predictive risk-factors, 18–35 yr old borderline patients, 11502

Rape [See Also Acquaintance Rape]—Chapters

Culture, sexuality, and shame: A Korean American woman's experience, 21714
"I wasn't raped, but/p./p./p./p.': Revisiting definitional problems in sexual victimization, 37534
Issues in treating rape and sexual assault, 14722
Victims, backlash, and radical feminist theory (or, The morning after they stole feminism's fire), 37009

Raphe Nuclei—Serials

5-HT agonist 8-OH-DPAT modulation of median raphe nucleus, hippocampal EEG & GABAergic interneuron & principal cell activity, freely behaving rats, 20349
electrical stimulation & metergoline & 8-OH-DPAT or 5-HT1A antagonist WAY 100635, dorsal & median raphe nuclei regulation of serotonin release in circadian clock in suprachiasmatic nucleus, hamsters, 20093
escapable vs inescapable tailshock stress, gene product Fos-characterized activation of serotonin-immunoreactive cells in dorsal raphe nucleus, male rats, 23458
icv vs sc vs dorsal raphe nucleus infusion of L-NAME, sleep–wake cycle & REM sleep, male rats , 13788
inescapable shock, potentiation of analgesia induced by morphine injections to dorsal raphe nucleus vs nucleus raphe magnus vs spinal cord, male rats, 30007
naltrexone vs morphine in dorsal raphe nucleus vs periaqueductal gray, shock escape & fear conditioning, male rats, 13740
number & morphometry of dorsal raphe nucleus serotonin neurons, postmortem brains of 17–74 yr old suicide victims, 30853
role of enkephalinic brain structures in regulating motivation behaviors, male rats with lesioned serotoninergic neurons, 4270
ziprasidone vs clozapine & olanzapine vs desipramine, firing rate of serotonergic dorsal raphe neurons, 36626

Rapid Eye Movement Dreams [See REM Dreams]
Rapid Eye Movement Sleep [See REM Sleep]
Rapid Heart Rate [See Tachycardia]
Rapport [See Interpersonal Interaction]
Rasch Model [See Item Response Theory]

Rat Learning—Serials

acquisition of fixed ratio schedule, adult male rats neonatally exposed to ethanol &/vs cocaine, 10657
alternating vs block pre-exposure to binary flavors AX & BX, excitatory vs inhibitory associations & generalization to BX of aversion conditioned to AX, male rats, 32954
bilateral NMDA lesions of the pedunculopontine tegmental nucleus, anxiety & learning in delayed nonmatching to position task, male rats, 486
experience-dependent hippocampal activation, excitatory synaptic transmission after induction of long term potentiation, rats, 3944
generalization between primary vs binary vs unrelated odor mixtures & their components, male rats, 23205
individual differences in acquisition of complex reflex & freezing & avoidance & escape responses, rats, 29698
lidocaine in histaminergic neurons of tuberomammillary nucleus, memory & learning during inhibitory avoidance paradigm, male rats, 33398
modality of stimulus effects in compound preexposure to target/nontarget, associative interference account of enhanced latent inhibition, male rats, 13418
neural encoding in orbitofrontal cortex & basolateral amygdala during olfactory discrimination learning, male rats, 13587
preexposure to auditory target stimulus, disruption of overshadowing response to conditioned inhibition treatment, rats, 33054
preexposure to landmarks, attention & spatial learning, rats, 33076
prelimbic–infralimbic areas in behavioral flexibility in place & response learning, male rats, 20133
qualitatively changed & unchanged outcomes in a blocking procedure, associative learning, rats, 23212
radial maze vs platform maze vs water maze, test of cognitive ability & hippocampal morphology & neurotrophin expression, aged rats, 19947
reinforcement reward expectation-related neuronal activation in striatum during learning, monkeys, 3930
relationship between passive avoidance learning & changes in activities of monoaminergic systems, septic male rats, 29855
role of overshadowing in forming chunks in instrumental learning, rats, 23189
single pairing of sucrose with LiCl & attenuation of renewal effects by extinction in multiple contexts, rats, 13392
taste aversion conditioning, extinction & fluid intake, male rats, 33053
temporal phrasing cues & overshadowing in serial-pattern learning, male rats, 13424
trial & intertrial durations, magazine approach behavior & conditioned responses, rats, 33064
within-compound learning during instrumental conditioning using multiple schedule of avoidance & punishment on running wheel, male rats, 16762

Rating—Serials

accuracy ratings in identifying emotions & emotional intensity expressed by patient in psychotherapy, 20–52 yr old experienced therapists vs psychology students, 12569
analysis & dimensions & validity & effectiveness of biodata items, supervisors ratings of applicant profile, clerical workers, 36048
analysis of ESL composition rating severity before vs after training, experienced vs inexperienced raters, 3389
between-Ss vs within-Ss experimental design, rated acceptability of curriculum-based vs norm-referenced academic skills assessment instruments, elementary education teachers, 16373
components of rater error in complex performance assessment, raters, 19680

computer-assisted content analysis vs judge-scored ratings of Referential Activity scales, assessment of communication of emotional experiences, adults, 35861
conceptual & empirical comparison of ratings- vs choice-based conjoint approaches, 6396
course level & developmental aspects of selection & post-course ratings of teaching, college students, 12701
electronic video games, perception of central content & violent themes & comparison with commercial ratings, 4th vs 6th graders vs parents vs nonparents (college students), 10846
issues in multidimensional unfolding analyses of ranking data for groups, 3382
narrow biomedical vs broader criteria in defining health & self- rated health relative to medical history, elderly African Americans, 25342
ratings format manipulations, rater error & rating accuracy levels in field setting, police officers, 13154
ratings of intensity & pleasantness & familiarity & strength of hedonic judgment of everyday odorants, German vs Mexican vs Japanese 20–50 yr old females, 23006
reliability & base rates of interpersonal contents of narratives in cognitive or psychodynamic or interpersonal therapy, opiate-dependent (aged 18–55 yrs) vs depressed patients (mean age 34.5 yrs), 37994
reliability & validity of assessor vs peer vs self-ratings of management skills in simulation, 20–50 yr old undergraduate business students, 32721
revised index of interrater agreement for multi-item ratings of a single target, 19665
serious vs light rock music videos, rating & recognition memory, college students, 32955
simple laboratory anger induction method vs Velten Mood Induction Procedure for depression, mood ratings, college students, 29449
type of music vs continuing messages played to callers, actual vs estimated on-hold waiting time & ratings of on-hold stimuli, callers to telephone survey line, 10008
validity concerns & usefulness of student ratings of instruction, commentary reply, 22912
validity concerns & usefulness of student ratings of instruction, commentary reply, 22916
validity concerns & usefulness of student ratings of instruction, commentary reply, 22920
waking sound system, immediate & long-term self-reported changes in wakefulness, 30–60 yr old male lorry drivers, implications for driver drowsiness & road safety, 29230
weak arguments in mixed quality messages, rating of persuasiveness of accompanying strong arguments, college students, 6847

Rating—Chapters

Multi-source feedback systems: A research perspective, 16079
Occupational descriptor covariates: Potential sources of variance in O*NET ratings, 12772
Relationship between Apperceptive Personality Test stories and questionnaire ratings, 29353

Rating Scales [See Also Likert Scales]—Serials

Abacus visual analog scale, alternative to paper-&-pencil tests for burn pain intensity assessment, burn patients, India, 35878
acculturation scale, assessment of race-related cultural & media preferences & attitudes & racial balance in social interaction & degree of comfort with Whites vs Blacks, African American adults, 9847
age & sex, Dutch version of Harter's Self-Perception Profile for Children, 4th & 5th & 6th graders, 3304
age, construction of Utrecht Early Mathematical Competence Scales, 4–7 old 1st vs 2nd vs 3rd-grade males vs females, 13961
antireligious content in Quest scales & association between religious intrinsicness & absolutist thinking, college students (mean age 19.96 yrs), 7642
application of item response theory & shortening of 5 scales for personality disorders developed from Inventory of Interpersonal Problems, 24365
application of revision version of Child Identification Scale, measurement of emotional congruence, male homo- & heterosexual pedophiles & incest offenders & sexual offenders against women, 9850
Barron's Ego Strength & G. S. Welsh's Anxiety & Repression scales, MMPI vs MMPI-2 test version, 18–43 yr old college students, 3288
baseline NIH Stroke Scale & TOAST subtype diagnosis, power of outcome prediction, patients with ischemic stroke, 26128
behavior rating scales & concordance between multiple informants in diagnosis of ADHD, 29379
behavioral validity of Disgust Scale, measurement of individual differences in disgust sensitivity using behavioral tasks, 17–23 yr old college students , 29337
Brief Psychiatric Rating Scale vs Brief Symptom Inventory, 24–76 yr olds with chronic mental illnesses, 84
chameleon effect, global vs academic or artistic or physical construct specific self-esteem in psychological ratings, students at private Catholic boys' high school, 6593
Chinese Self-Monitoring Scale, assessment of ability & propensity to regulate self-presentation & correlation to Eysenck personality traits, undergraduates, 7851
Choice of rating scale & data analysis & data reduction, conclusions regarding negative symptoms, patients (mean age 32 yrs) with schizophrenia, 32762
Cohen-Mansfield Agitation Inventory vs CERAD Behavioral Rating Scale for Dementia, caregiver administered assessments of behavioral disturbances, community-dwelling AD patients, 12-mo study, 6639
comparative concurrent validity of Mental Readiness Scale & Anxiety Rating scale in competitive environment, male vs female college volleyball & basketball players, 32571
comparison of 4 diagnostic criteria sets & 4 symptom rating scales, diagnosis of depression, male inpatients with HIV, 31118
comparison of rating scales vs clinician diagnosis of dementia, 35–72 yr olds with Down's syndrome, 35932
competing values framework constructs of rating scale of organizational effectiveness & validity & reliability using structural equation modeling, hospital managers & supervisors (mean age 40 yrs), 9815
computer simulation of inclusion of items of distribution shapes in unidimensional scale, test reliability & validity, implications for scale development, 13033
confirmatory factor analysis approach to construct validity of responses to Flow State Scale &/vs Flow Trait Scale, measurement of psychological process of flow, athletes, 35903
confirmatory factor analysis of Level of Expressed Emotion scale, adult volunteers (mean age 43.2 yrs), 35964
confirmatory factor analysis of Multidimensional Anxiety Scale for Children, 7–9 yr olds with ADHD, 29380
construct & concurrent validity of modified Penn Interactive Peer Play Scale, 37–64 mo old African American Head Start children, 9512
construct & discriminant & convergent validity of Measure of Ingratiatory Behaviors in Organizational Settings scale, working adults, 6677
construct validity & concept of personality rating scales for measure of teacher autonomy, primary & secondary teachers, 9836
construct validity & item functioning of general health perceptions scale in Danish version of Medical Outcomes Study Short Form 36, age & self-ratings of health, Ss aged 16 yrs & over, 25325
construct validity of Egna Minnen Barndoms Uppfostran, perception of parent child rearing behavior, 13–21 yr old male offenders vs 12–27 yr old male vs female non-offenders, England, 21372
construct validity of Internalizing Symptom Scales for Children, male vs female emotionally disturbed & regular 10–13 yr old African American students, 16351
construct validity of rating scales to measure behavioral severity of canine compulsive disorder, 26
construct validity of Role & Conflict Ambiguity Scales, European occupational Ss, 118
construct validity of self- & community-orientations of consumer empowerment as assessed with the Empowerment Scale subscales, mental health service consumers with Axis I disorders, 29363
construct validity, AAMR Adaptive Behavior Scale-School: 2, school age children with mental retardation, 16380
construction & reliability & validity of the Perceptions of Parents Scale, 11–25 yr olds, 3301
construction & structure of rating scale of emotional reactions to & tolerant attitudes toward cultural groups & correlation to other personality scales, 17–47 yr old college students, 9837
construction & validity of Body Investment Scale, measurement of body image & attitudes & body care & comfort in touch related to self destructive behavior, suicidal hospitalized 13–19 yr olds , 6623
construction & validity of Sensation Seeking Scale for Adolescents, 14–18 yr olds, France, 6572
content & factorial & construct validity & internal consistency & test-retest reliability of Sport Friendship Quality Scale, assessment of quality of youth sport friendships, 8–16 yr olds, 22843
content validity of Child Vulnerability Scale & Parent Protection Scale & role of parental overprotection & perceptions of child vulnerability & parent child relations, parents of 2–5 yr olds, 26088
Contraceptive Self-Efficacy Scale scores & contraceptive behavior correlates, female high school & college students, 7525
convergent validity of Bech-Rafaelsen Melancholia Scale, 18–85 yr old inpatients with depression, 27633
convergent validity of Behavioral & Emotional Rating Scale, 10–19 yr old special education students with emotional & behavioral disorders, 16340
convergent validity of Matson Evaluation of Social Skills for Persons with Severe Retardation, 20–88 yr olds with severe or profound mental retardation, 31004
correlation between Screen for Child Anxiety Related Emotional Disorders & Multidimensional Anxiety Scale for Children, 9–13 yr olds, 4985
correlation of Dizziness Handicap Inventory with & validity of Activities-specific Balance Confidence Scale, 26–88 yr olds with vestibular dysfunction, 36031
correlation of School Performance Rating Scale & ADD-H Comprehensive Teachers' Rating Scale, estimations of academic behavior after treatment, elementary school students with ADHD, 32307
Cumulative Illness Rating Scale vs Nursing Severity Index, discharge from postacute geriatric facility, derivation (mean age 74.9 yrs) vs validation cohort (mean age 73.2 yrs), retrospective study, 32700
definition & measurement & validation of scale to measure psychological empowerment, employees (mean age 30 yrs), 29119
demographic variables, reliability & variance of public Service Ethic Scale, school administrators (mean age 49 yrs), 6680
design & development of the UK World Health Organization Quality of Life response scale, well Ss vs medical outpatients (mean age 46.3 yrs), implications for cross cultural use, 13105
development & construct validity & reliability of Miville-Guzman University-Diversity Scale, assessment of awareness/acceptance of diversity, ethnically diverse undergraduates, 24031
development & construct validity of Hypercompetitiveness in Academia scale, college students, 29420
development & efficacy of Mental Health Triage Scale, mental health patients of general emergency department, 2 yr followup, 13076
development & efficacy of Mental Health Triage Scale, mental health patients of general emergency department, 2 yr followup, commentary, 13078
development & efficacy of Mental Health Triage Scale, mental health patients of general emergency department, 2 yr followup, commentary, 13082
development & evaluation of problem frequency scales from Computerized Assessment System for Psychotherapy Evaluation & Research, university counseling center clients, 13062
development & factor analysis & reliability & validity of Asian Values Scale, assessment of adherence to Asian cultural values, 17–53 yr old Asian Americans, 23862
development & factor structure & validity criteria analysis of Biology Self-Efficacy Scale, assessment of college biology self-efficacy, 17–40 yr old nonbiology-majors enrolled in biology course, 22913
development & factor structure & validity of Interpretive & Supportive Technique Scale, measurement of therapist technique in psychodynamic psychotherapies, 18–62 yr olds with mental disorders, 13117
development & factor structure of ARCS Gaming Scale as motivational measure, attention & relevance & confidence & satisfaction in playing of computer games, 18–52 yr olds, 2 yr study , 6581
development & initial validity of scale to measure G.W. Allport's religious maturity concept, 17–65 yr olds, 32603
development & internal consistency & discriminant validity & personality dimensions of Self-Presentation Tactics Scale, male vs female college students, 13051
development & psychometric properties of 3 scales, assessment of sex knowledge & experience & needs, adults with mild intellectual disabilities vs physical disabilities vs general population, 26150
development & psychometric properties of Parent Child Conflict Tactics Scale, identification of child maltreatment & neglect & nonviolent discipline, infants to 17 yr olds & their parents, errata, 92
development & psychometrics of 5 item version of Geriatric Depression scale, frail outpatients, 26144
development & psychometrics of scale for perceptions of quality of care by teams & attitudes toward physicians, Veterans Affairs medical health care team members, 19179
development & reliability & validity of Assertive-Behavior Competence Inventory, probability of & discomfort experienced during assertive behavior, 60–82 yr olds, 1012
development & reliability & validity of Bakas Caregiving Outcomes Scale, measurement of changes in family caregiving outcome, family caregivers of stroke survivors, 32697
development & reliability & validity of Compliance Rating Scale, chronic hemodialysis patients, 26205

development & reliability & validity of Family Accommodation Scale for Obsessive-Compulsive Disorder, patients with obsessive-compulsive disorder & their family caregivers, 35925
development & reliability & validity of Marriage Problems Scale-50+, assessment of marital relationships, 50–88 yr old married couples, 19589
development & reliability & validity of Overvalued Ideas Scale, 10–72 yr old obsessive-compulsive patients, 29385
development & reliability & validity of Patient Self-Advocacy Scale, 18–76+ yr olds with vs without HIV/AIDS, 21498
development & reliability & validity of Vitality Plus Scale, health-related benefits of exercising, 40–94 yr olds, 36018
development & validation of Faith Development Scale, measurement of mature faith development & personality characteristics, adults (mean age 20.9 yrs old), 32604
development & validation of Gender Role Egalitarian Attitudes Test, 17–59 yr old college students, cultural & regional comparisons in China vs Hong Kong vs US, 35891
development & validity & reliability of Speaking Extent and Comfort scale, assessment of conversation & social interaction & anxiety & avoidance, 16–82 yr old college students, 24030
development & validity of Adolescent Leisure Time Activity Scale (ATLAS), assessment of relationship between leisure activity type & delinquent behavior, low SES Mexican-American adolescents, 19582
development & validity of social comparison scales & association with confrontive coping styles, adult cancer patients, 35968
development & validity of theoretically-based substance abuse scale for personnel selection, 12812
development of & evaluation process for Psychiatric Discomfort Scale, self-report measure of discomfort with psychiatric symptoms, psychiatric inpatients, 6603
development of coaching motivation scale to identify motivational style & its relationship to personality & decision making, Div I & II NCAA male & female coaches (mean age 45 yrs), 25952
development of Feminist Perspectives Scale, diversity of attitudes toward women, college students, commentary, 46
development of Feminist Perspectives Scale, diversity of attitudes toward women, college students, 44
development of Feminist Perspectives Scale, diversity of attitudes toward women, college students, commentary reply, 43
development of Feminist Perspectives Scale, diversity of attitudes toward women, college students, commentary, 42
development of Feminist Perspectives Scale, diversity of attitudes toward women, college students, commentary, 54
development of rating scale to measure readiness for shared learning activities, undergraduates in health care professions, 13109
development of revised version of Anxiety Sensitivity Index, psychiatric outpatients (mean age 36 yrs), 93
development of scale, assessment of expectations & stereotypes concerning adolescents, adults, 38
development of staging systems for Alzheimer's disease based on Global Deterioration Scale & Mini Mental State Examination, 2047
development of structured pain interview & comparison with 0–10 scale, prevalence of chronic pain, nurses & nursing home residents, 1 mo followup, 22911
development of the Child Psychotherapy Process Scales, 6–12 yr olds clients & graduate student therapists, 26137
development of the Duke University Parkinson's Rating Scale, measurement of impairments & physical performance, Ss in early to middle stages of Parkinson's disease, 22893
development of the Masculine–Feminine Pathology Scale for the MMPI–2, measurement of gender orientation & symptomology, male vs female psychiatric inpatients (mean age 36.7 yrs), 3322
development of the Resistiveness to Care Scale, assessment for individuals with dementia of the Alzheimer's type, nursing staff & dementia patients, 9933
development of the Student Self-Perception Scale, measurement of academic self-concept & attainment & personality, 16–19 yr old students, 26236
differential diagnostic validity of affect trait scales of Multiple Affect Adjective Check List–Revised, patients with anxiety vs mood vs schizophrenic disorders, 6617
differential item functioning of Perceived Stress Scale, adults (mean age 42 yrs), 20900
dimensionality of Bech-Rafaelsen Melancholia Scale, measurement of depression, acutely schizophrenic patients, 6622
discriminant & convergent construct validity of rating scale for negativism independent of stress–strain relations & comparison to other scales, 18–46 yr olds, 9835
discriminant validity of Upper Preschool Level of Differential Ability Scales, discriminating between normal & at-risk preschoolers (mean age 57.28 mo) with developmental disabilities, 11695
Drug Regimen Unassisted Grading Scale assessment of correlation between inability to take medication independently & presence of cognitive impairment, 72–93 yr old outpatients, 20983
evaluation of mini-Geriatric Depression Scale & Center for Epidemiological Studies Depression Scale, detection of depression, 70–97 yr old hospitalized patients in emergency wards , 29361
evaluation of survey questions with scale variations, college students, 19214
exploratory factor analysis of parenting rating scale Child & Adolescent Anxiety Survey, parents of kindergarten through 11th grade students, 9899
face & concurrent & predictive validity & inter-rater & test-retest reliability of clinical interview scale, general practitioners, 6671
factor analysis & construct validity of Cognitive Assessment System, planning & attention & simultaneous–successive processes of intelligence, 5–17 yr olds, commentary reply, 26103
factor analysis & construct validity of Cognitive Assessment System, planning & attention & simultaneous-successive processes of intelligence, 5–17 yr olds, commentary, 16311
factor analysis & construct validity of Cognitive Assessment System, planning & attention & simultaneous-successive processes of intelligence, 5–17 yr olds, 16309
factor analysis & factor structure of Revised Social Anxiety Scale, 20–43 yr old college students, 17585
factor structure & applicability of Parenting Scale, assessment of discipline practices, parents of middle school children , 6554
factor structure & cultural validity of modified sensation seeking scale & subscales, 15–50 yr olds & older, China, 35910
factor structure & psychometric properties & predictive power of self esteem & psychological distress subscales of Chinese Frost Multidimensional Perfectionism Scale, 13–18 yr olds, Hong Kong, 35892
factor structure & reliability & construct validity of 9 scales to measure perceived work characteristics across occupational groups, National Health Service Trust health personnel, 32726
factor structure & reliability & construct validity of Exercise Motivation Scale, 17–30 yr olds, 16301
factor structure & reliability & validity of Levenson's Self-Report Psychopathy Scale, college students, 29375
factor structure & validity of AIDS-stress scale, measurement of sources of stress associated with caring for clients with HIV or AIDS, 22–59 yr old health care workers, 16391
factor structure of Danish translation of Rutter Scale B, teacher-completed epidemiological & clinical tool, 7 yr olds, 8003
factor structure of Locus of Control Scale, substance-abusing clients (mean age 33.2 yrs) in treatment program, 19064
factor structure of Male Role Norms Scale, male college students, 4769
factor structure of psychotic symptoms assessed by Scales for Assessment of Positive & Negative Symptoms, psychotic inpatients (mean age 36 yrs), 29387
factor structure of revised Perceived Caregiver Burden Scale, Indian/Pakistani immigrant caregivers of elderly relatives, 26203
factor structure of Revised Self-Consciousness Scale, high school students, 23774
factor structure of Silencing the Self Scale subscales, ratings of self vs hypothetical well-adjusted person of same sex, male vs female adults, US vs Greece, 17670
factor structure of the Liebowitz Social Anxiety Scale, assessment of social interaction fear & performance anxiety, 18–61 yr olds, 22876
factorial structure of Beck Hopelessness Scale & relationship between hopelessness & psychosocial variables, nonclinical 18–91 yr olds, Japan, 57
factors of empowerment in & construct validity of Psychological Empowerment Scale & relationship between self determination & job impact, 19–65 yr old nurses, 9950
Finnish norms for Harvard Group Scale of Hypnotic Susceptibility Form A, 16–51 yr olds, 26459
further validation of the psychometric properties of the Cramer Defense Mechanism Manual for the Thematic Apperception Test, 18–50 yr old college students, 3316
Fuzzy Trace Theory & comparative quantity & task format & presentation method & reasoning strategy & construction & validity of rating scale of transitive reasoning, 2nd–4th grade children, 16315
gender bias & criteria-related & predictive validity & dimensionality & structure of Spanish translation of Test Anxiety Scale for Children, 12–14 yr old primary school children, 19650
global ratings of videotaped performance vs global ratings of actions recorded on checklist, performance assessment with standardized patients, medical students, 1 yr followup, 35966
glossary for Health of the Nation Outcome Scales for Children and Adolescents score sheet, mental health service clients, 22864
glossary for Health of the Nation Outcome Scales for Elderly People score sheet, mental health service clients, 22859
glossary for Health of the Nation Outcome Scales for Elderly People score sheet, mental health service clients, comment, 29376
glossary for Health of the Nation Outcome Scales score sheet, mental health service clients, 22882
ideology as descriptive tool in psychological investigations used to predict religious attitudes, implications for applicability of attitude scales, commentary, 7631
Illness Attitudes Scale factor structure determined by principal components analysis with orthogonal & oblique rotation, college students, 22905
incremental validity of Differential Ability Scales factor scores, prediction of individual achievement criteria & cognitive ability, exceptional vs nonexceptional 6–17 yr olds, 13113
inter-rater reliability of French versions of Montgomery & Asberg Depression & Depression Retardation Rating Scales based on videotaped interviews, 18–70 yr old depressed inpatients, 70
internal consistency & factor structure of Anxiety Control Questionnaire, measurement of perceived level of control over anxiety related events, college students, 32616
internal consistency & factor structure of revised Center for Epidemiological Studies Depression Scale & Composite International Diagnostic Interview, 70 yr olds & older, 30687
internal consistency & factor structure of View of Self & Belongingness & Courage to Be Imperfect subscales of Encouragement Scale for Children, 2nd–5th graders, implications for teachers & counselors, 32591
internal consistency & retest reliability & confirmatory factor analysis of Self-Concealment Scale, 17–41 yr old college students, 26115
internal consistency & stability & known-group & discriminant validity of How Are You scale, consumer-based measurement of quality of life outcomes, employees & patients of Menninger Clinic, 29372
internal consistency & temporal stability & principal components of Anger Expression & Pediatric Anger Expression Scales, 10–20 yr olds with family history of cardiovascular disease, 1-yr follow up, 36017
internal consistency & validity of Chinese version of Caregiver Burden Scale, caregivers of outpatients with Alzheimer's disease, 31226
internal psychometric properties & convergent validity of Family Environment Scale, antisocial & non-antisocial families with alcoholic father, 30907
interrater reliability & validity of hallucination & delusion subscales of Psychotic Symptom Rating Scales, patients with schizophrenia or schizoaffective disorder, 32638
interrater reliability of Communication in Dental Settings Scale & relationship with patient satisfaction with consultation, 20–24 yr old student dentists & their 14–68 yr old patients, 32701
interrater reliability of HCR-20, assessment of risk for violence, 24–67 yr old adult male violent offenders, 1826
item response theory analysis of AT-20 tolerance of ambiguity scale, 20–60 yr olds, 9843
Life Chart assessment of family & other adversity exposure in childhood & adolescence, 8–12 yr olds, 7 & 10 yr followups, 13042
Maternal Perinatal Scale ability to predict & distinguish learning disabilities, 6–16 yr olds, 1869
method variance, measurement of work ethic & individual difference variables of locus of control & conscientiousness, undergraduates, 32611
Mississippi Scale for Desert Storm War Zone Personnel, assessment of long-term psychological effects of war-related stress, Marine reservists, 3 yr study, 6663
natural intrinsic or extrinsic properties of Super's Work Values Inventory scales, 3368
number of response categories, consistency of rating scales with brightness judgments using rating vs bisection measurement procedures, college students, 29505
performance & inter-correlations of single item visual analogue vs prospective symptom rating scales, assessment of severity & drug treatment efficacy, females with premenstrual mood symptoms, 26159

performance on Mini-Mental State Examination items & Mattis Dementia Rating Scale subscales, elderly Spanish-speaking Hispanic vs English-speaking White Alzheimer's disease patients, 19639
Personal Disturbance Scale length based on structural cross-validation of item subsets & clinical uses, 17–64 yr old psychiatric outpatients, 19609
predictive validation of Multnomah Community Ability Scale, functioning level, clinically mentally ill consumers (mean age 43 yrs), 1 yr study , 22884
predictive validity of Alberta Infant Motor Scale vs Peabody Developmental Gross Motor Scale vs Movement Assessment of Infants, measurement of gross motor development, infants, 18 mo study, 4399
predictive validity of Basic Language Morningness Scale measured by morning vs night study time, college students, 36022
prevalence of ADHD in current & childhood history & utility of Wender Utah Rating Scale for retrospective reporting of ADHD, adults with anxiety disorders, 24337
psychic structure & mental health, Health-Sickness Rating Scale & O. F. Kernberg's personality organization & R. S. Wallerstein's Scales of Psychological Capacities, 56
psychometric characteristics of Recovery Scale, patients in partial hospitalization program, 22860
psychometric evaluation of Yale-Brown Obsessive Compulsive Scale-Trichotillomania & Psychiatric Institute Trichotillomania Scale & NIMH Trichotillomania Severity & Impairment Scales, adults, 26158
psychometric performance of Center for Epidemiologic Studies-Depression Scale &/vs General Health Questionnaire-12 for depression screening, 60–99 yr olds, 24218
psychometric properties & conceptualizations of 7 self-rated measures of loneliness, adults, 19591
psychometric properties & factor structure of Devereux Scales of Mental Disorders, assessment of behavioral & emotional problems, 5–12 & 13–18 yr olds, replication, 29367
psychometric properties & factor structure of Reasons for Living Inventory, 13–18 yr old suicide attempters vs ideators vs nonsuicidal psychiatric inpatients, 5046
psychometric properties & predictive value of demographic & socioeconomic data in State Trait Anxiety/Anger vs Daily Hassles vs CES-D depression scales vs Life Orientation Test, 18–83 yr olds, 7937
psychometric properties & screening suitability of Even Briefer Assessment Scale for Depression, elderly patients in geriatric care in German vs English speaking countries, 26161
psychometric properties of Anti-fat Attitudes Scale, measurement of negative attitudes toward overweight individuals, adolescents & college students, 29335
psychometric properties of Center for Epidemiological Studies Depression Scale, depressive symptoms, female cancer patients aged 18 yrs or older, 19621
psychometric properties of Golombok Rust Inventory of Sexual Satisfaction, heterosexual couples, Netherlands, 9802
psychometric properties of interview & self-report versions of BASIS-32, assessment of psychiatric symptoms & functional abilities, severely mentally ill adults, commentary & reply, 6611
psychometric properties of Multidimensional Scales of Perceived Self-Efficacy, junior & senior high school students, 9828
psychometric properties of White Racial Identity Attitude Scale & Oklahoma Racial Attitude Scale—Preliminary Form, 18–43 yr olds, 6596
psychometric qualities of the French version of the Life Role Salience Scale, 18–61 yr olds, 32601
psychometrics of clinical rating scales from Circumplex Model & McMaster Model of Family Functioning & Family Health Scales, assessment of couple functioning, drug abusing females & their partners, 9820
quality of life & depressive symptomatology as measured by Global Assessment of Functioning vs Montgomery–Asberg Depression Rating Scale, 65–89 yr olds with depression, 3325
ratings format manipulations, rater error & rating accuracy levels in field setting, police officers, 13154
relationship between behavior problems & hyperkinesis & attention deficit disorder & social skill deficits & validity of ADHD Rating Scale for preschool children, disadvantaged 3–5 yr old Blacks, 19291
relevance of object relations theory & assessment dimensions & methods & findings from Quality of Object Relations Scale in short-term dynamic psychotherapy, 28380
reliability & client characteristics affecting use of Health of the Nation Outcome Scales, assessment of mental health service outcomes, 16–86 yr old psychiatric clients, Australia, 25415
reliability & confirmatory factor analysis of short version of Self-Handicapping Scale in sports achievement settings, athletes, 29334
reliability & construct validity & factor analysis of Verbal Pragmatic Rating Scale, right brain-damaged Ss (mean age 68.9 yrs) vs left brain-damaged Ss (mean age 64.4 yrs), 29356
reliability & external validity of rating scales for measurement of independent divergent attitudes in organizations, managers, 32724
reliability & factor structure of Modern Sexism Scale vs Old-Fashioned Sexism Scale, measurement of subtle vs overt sexist attitudes toward women, 16–58 yr olds, 29319
reliability & factor structure of revised version of Dissociative Experiences scale, assessment of demographic & personality variables, 22–90 yr olds, 19618
reliability & psychometric properties of 9 scoring rules for clinician-administered PTSD scale, 44–51 yr old male Vietnam veterans, 19632
reliability & validity & acceptability to mental health clinicians of Health of the Nation Outcome Scales for Children and Adolescents, measurement of global outcome, patients with mental disorders, 25393
reliability & validity & clinical utility of brief medical necessity scale for mental disorders, 110
reliability & validity & factor analysis of Impact of Weight Loss Scale, perceived weight loss & related behavior & body image perception & affect, 27–62 yr old HIV-positive males, 31136
reliability & validity & factor structure of revised version of Fear Survey Schedule for Children, self-reported fear, Asian-American vs part-Hawaiian vs Filipino vs Caucasian vs Mixed 7–16 yr olds, 33
reliability & validity & sensitivity of Behavior & Symptom Identification Scale, assessment of mental health outcomes, outpatients with severe illness, 30–90 day followup, 14445
reliability & validity & treatment sensitivity of Liebowitz Social Anxiety Scale, 18–61 yr olds with social phobia, 11467
reliability & validity of an instrument developed in US to identify major depression in 10–17 yr old White vs Chinese Americans, 69
reliability & validity of Appraisal of Life Events scale, adults, 19593
reliability & validity of Arizona Sexual Experiences Scale, assessment of antidepressant-induced sexual dysfunction & treatment strategies, depressed adult male and female patients, 15316
reliability & validity of Assessment of Communication & Interaction Skills, 16–87 yr olds with mental & physical disorders & psychosocial disabilities, 14395
reliability & validity of Caregiver Quality of Life-Cancer, 19–87 yr old caregivers, 36030
reliability & validity of Comprehensive Quality of Life Scale, 12–18 yr olds, 32599
reliability & validity of concepts & scales of authoritarianism by T W Adorno et al vs G Lederer vs B Altemeyer, measure of modern political racism, high school students, Belgium, commentary reply, 6571
reliability & validity of concepts & scales of authoritarianism by T. W. Adorno et al vs G. Lederer vs B. Altemeyer, measure of modern political racism, high school students, Belgium, commentary, 6573
reliability & validity of employee pay & benefits & distributive & procedural justice scales, working adults (mean age 38 yrs), 32727
reliability & validity of French Scale for Interpersonal Behavior, measurement of difficulty & distress in assertiveness, patients with social phobia or personality disorder, France, 26132
reliability & validity of Health of the Nation Outcome Scales for Elderly People, assessment of mental health outcomes, patients attending old age psychiatry service centers, 25384
reliability & validity of Investment Model Scale as measure of relationship commitment & satisfaction & alternative quality & investment size & persistence, college students, 7818
reliability & validity of mood scale for children, 8–12 yr olds, implications for consumer behavior research, 35893
reliability & validity of Perceived Illness Experience Scale & correlation with proxy rater & measures of well-being & function, 8–25 yr olds with bone tumors treated by limb salvage surgery, 19617
reliability & validity of Risk and Protective Factors Scale, prediction of development of disruptive behavior disorder, 6–12 yr olds with severe disruptive behavior, 13069
reliability & validity of single-item rating scale for mood & depression, inpatients vs outpatients with anxiety disorders, 14491
reliability & validity of single-item rating scale for mood & depression, inpatients vs outpatients with anxiety disorders, commentary reply, 32648
reliability & validity of single-item rating scale for mood & depression, inpatients vs outpatients with anxiety disorders, comment, 32647
reliability & validity of Subjective Burden Scale, family caregivers of elderly relatives with dementia, 31279
reliability & validity of testament definition scale, measurement of capacity to define testament, 61–85 yr old cognitively impaired patients, 28159
reliability & validity of the Dispositional Envy Scale, self-report measure of the tendency to feel desire for another's advantages, undergraduates, 26121
reliability & validity of Urge Impact Scale, assessment of impact of urge urinary incontinence, quality of life, 60+ yr olds , 29365
reliability of file-based retrospective ratings of psychopathy with the Psychopathy Checklist-Revised, adult male criminal offenders vs Swedish court-ordered forensic psychiatric investigation records, 3313
reliability of Inhibition Scale & Security Seeking Scale, teachers' assessment of students' inhibition & security-seeking behaviors, kindergarteners, 27057
research on development & validity & potential uses of Wisconsin Manual for Assessing Psychotic-like Experiences, 22869
sad-mood induction, Dysfunctional Attitudes Scale ratings & reported mood, previously vs never depressed college students, test of mood-state hypothesis of cognitive dysfunction, 14297
Salpetriere Retardation Rating Scale & other measures of psychomotor retardation & assessment of depressive symptom severity & antidepressant treatment response, 32
screening & validity of performance on Center for Epidemiologic Studies-Depression Scale, community dwelling 60–99 yr olds with vs without dementia, 9898
selection & use in clinical practice for diagnosis & evaluation, delirium symptom rating scales & assessment instruments, 35995
Self-Verbalization Questionnaire, self-report measure of function & incidence of private speech in young adults, 17–47 yr olds, 16308
sensitivity & specificity of 16th item from vs shortened 15-item Geriatric Depression Scale, 72–99 yr old female nursing home residents, 7601
sex & factor structure & descriptive & specialized norms for Scale of Interpersonal Behavior, managers in social skills training, 19587
short- vs long-form Geriatric Depression Scale for depression detection, 62–99 yr old geriatric rehabilitation inpatients, 35969
smiling vs neutral face anchor types in faces pain scales, bias in self-reports of pain, 5–6 vs 7–8 vs 9–12 yr olds, 107
Social Support Scale validation, perceived social support, adolescents, 35902
stability & reliability & validity of School Participant Empowerment Scale scores & subscales, teachers, 6666
stability of Receptive Expressive Emergent Language Scales scores vs direct measurement with Reynell Developmental Language Scales, measurement of linguistic ability, infants, 18 mo study, 4446
standard error of measurement estimation technique for dichotomously-scored rating scales & comparison with mathematical modeling techniques using data from Iowa Test of Basic Skills, 9958
standard instructions vs instructions to create impression of excellent psychological adjustment on MMPI-A, utility of underreporting scales, 14–17 yr olds with emotional & behavioral problems, 3306
standardization & validity of Learning Behaviors Scale, differential patterns of classroom learning, 5–17 yr olds, US, 26106
temporal stability & internal consistency & validity of Positive & Negative Syndrome Scale factor analytically derived cognitive component models, schizophrenic or schizoaffective disordered patients, 29360
test reliability & construct validity of Japanese version of Dimensions of Self Concept rating scale, high school Japanese females, 9845
test validity & efficacy beliefs at beginning of training vs end of preparation program, modified Teacher Efficacy Scale, preservice teachers, 112
test validity of psychometric evaluation of daytime sleepiness & nocturnal sleep onset, 18–45 yr olds, 13635
training in use of Positive and Negative Syndrome Scale, accuracy of ratings for therapeutic outcome for schizophrenic patients, 26–43 yr old psychiatrists & clinical psychologists, 4952
trait rating scale numeric values, political judgements about British Prime Minister Tony Blair, 36992

use of Hope Scale scores pre- vs post-treatment for assessment of treatment effectiveness & effects of humor on test scores, 18–56 yr olds, 28264
use of Mini Mental State Examination & CAMCOG rating scale & development of Epidemiological Dementia Index, screening for Alzheimer's & other dementias, 70 yr olds & older with low education level, 73
use of self-report rating scales & devices to assess frequency & intensity of activity & symptoms, 51 & 56 yr old males suffering from chronic fatigue syndrome , 13067
use of Swedish version of Geriatric Depression Scale to assess prevalence of major depression in primary care centers, elderly patients (mean age 75.7 yrs), 3326
usefulness of teacher ratings for creation & study of concurrent validity of ADHD subtypes & stability of ADHD & opposition defiant & conduct disorder symptoms, K–5th graders, 12 mo study, 35967
utility & validity of & social & nonsocial scales based on factor structure of Childhood Autism Rating Scale, 2–17 yr olds with autism vs Pervasive Developmental Disorder Not Otherwise Specified, 34442
utility of dementia scales, 69–83 yr olds with global aphasia without hemiparesis, 21590
utility of Differential Test of Conduct & Emotional Problems vs Emotional & Behavior Problem Scale, discrimination of emotional disturbance vs social maladjustment, 12–15 yr olds in special education, 25807
utility of Function of Binge Eating Scale self-report instrument & self-monitoring forms & Antecedents Checklist, subclinical binge eaters, 26206
utility of Goal Attainment Scaling, clinicians experienced in geriatric services, 13035
validation & optimal cutpoint of short Geriatric Depression Scale, screening for hidden morbidity in primary care, community-dwelling 77–84 yr olds, 26129
validation of Irrational Health Belief Scale & relation to health behavior & medical regimen adherence, college students & patients with Type I diabetes mellitus, correction, 16367
validation of Irrational Health Belief Scale & relation to health behavior & medical regimen adherence, college students & patients with Type I diabetes mellitus, 12274
validity & factor structure of Spanish language version of Multidimensional Condom Attitude Scale, Hispanic female 15–50 yr olds, 19605
validity & psychometric characteristics of Home & Community Social Behavior Scales, assessment of at-risk students, 11–16 yr olds, 16323
validity & reliability & cultural sensitivity of Homesickness and Contentment Scale as measure of emotional adjustment to culture shock, Chinese & Korean college students , 6662
validity & reliability of Binge Eating Scale, female nonpurge binge eating 20–64 yr olds, 19630
validity & reliability of educational measures using raters as data collection methods & experimental design factors, 9941
validity & reliability of Empowerment Scale & subtests in relation to educational attainment & employment status, adult outpatients with mental disorders, 26162
validity & reliability of Health of the Nation Outcome Scales, assessment of mental health service effectiveness, 19–64 yr old psychiatric inpatients & outpatients & day hospital patients, 25403
validity & reliability of Perceived Employability Scale, assessment of career self-efficacy, 17–59 yr old low-income culturally diverse females, 3012
validity & reliability of researcher vs keyworker administered Health of the Nation Outcome Scales, assessment of health & social functioning, adult patients with 1st-onset psychosis, 3-yr followup, 25381
validity & reliability of Schedule of Racist Events, assessment of frequency of racial discrimination & its association with psychiatric symptoms, 18–79 yr old African Americans, 16321
validity of Cermak co-dependence scale, spouses & relatives of alcoholics, 26163
validity of Chalder fatigue scale, chronic fatigue patients (mean age 39 yrs), 109
validity of Diagnostic Assessment for Severely Handicapped–II subscale, diagnosis of depression, adults with severe & profound mental retardation, 27964
validity of Epworth Sleepiness Scale, patients with sleep apnea, 9878
validity of Health of the Nation Outcome Scales, assessment of clinical status & outcomes, psychiatric patients, 25382
validity of Italian version of Edinburgh Postnatal Depression Scale, women assessed 8–12 wks after pregnancy, 19610
validity of measures of trait anger in predicting aggressive behavior, 15–18 yr old incarcerated juvenile offenders, 9882
validity of Spann-Fischer Codependency Scale & relationship of codependency with age & sex & self-confidence & autonomy & succorance, college students, 11214
validity of the adolescent hyperactivity scale, 16–18 yr olds with ADHD, 19614
validity of Wender Utah Rating Scale, male adults with childhood history of ADHD, 29395
validity of work autonomy scales, assessment of employee reports of work autonomy, college students, 12835

Reactance [See Psychological Reactance]
Reaction Time—Serials
0 vs 50 vs 100% proportion of foil word probes, RT & morphological decomposition in speech recognition, native French-speaking adults, 29515
9-hole vs Skinner box, choice RT task, male rats with quinolinic acid injected into 2 sites in striatum, 3821
ability of string typing speed vs grammatical judgment of strings to access same implicit learning mechanisms in artificial grammar learning task, college students & community residents, 3597
accuracy & velocity & latency of antisaccades vs prosaccades, macaque monkeys, 573
accuracy of & response time for face representation recognition based on line drawings of facial expressions of emotion, college students, 36185
acetylcholine applied to neurons in motor cortex, neural responses during conditioned paw positioning reflex, cats, 29777
acetylsalicylic acid, cognitive functions measured by visual ERPs & RT, 21–56 yr olds , 4096
acquisition of rapid calibration of reaching with & rate of adaptation to displacement prisms & movement times & peak velocities & path lengths of reaches, 18–28 yr olds, 32886
acute hypoxia, RT to auditory vs kinesthetic stimuli, adults, 3989
ad lib smoking & nicotine yield, cognitive task response selection & RT, 21–37 yr old smokers , 10593
age & task complexity & stimulus degradation & stimulus-response compatibility, P300 latency & RT, 19–26 vs 67–77 yr old males, 10488
age related stereotypes as primed by words ''young' 'or ''old,'' response initiation & execution & reaction time, college students ages 19–21, 16573
age, ERPs & RT to auditory target tones, 18–72 yr olds, 10471
alcohol ingestion & blood alcohol concentration, residual impairment of RT & sustained attention in repeated performance, healthy 18–43 yr old males, 10625
analysis of F. Galton's 1894 data on variability of grip strength, visual & auditory thresholds & RT & comparison with modern data, male vs female < 30–70+ yr olds, 10736
assessment of short-term sequential knowledge learning in choice response time vs free generation tasks, 19840
attention redirection during & schema adjustment to & time to react to hedonically neutral surprise, 8–10 vs 18–37 vs 60–69 yr olds, 17282
attentional vs oculomotor explanations of inhibition of return, undergraduates, 33000
auditory & visual ERP components in Go/Nogo tasks & their relation to inhibition, 23379
auditory ERPs & sensomotor RT & auditory information processing during decompression from hyperbaric trimix conditions, 27–45 yr old divers, commentary, 10070
auditory icon emergency warnings, vehicle collision avoidance & reaction time, under 35 to 35+ yr old Ss, 35768
auditory selective attention task with consonant-vowel & noise-burst targets, dichotic listening performance, 21–52 yr olds, 16547
backward semantic priming, N400 & RT lexical decision task, adult Ss, implications for spreading activation vs expectancy vs semantic matching/integration as source of backward priming, 3535
caffeine containing energy drink, cognitive performance on simple vs go no go RT tasks, males (mean age 22.5 yrs) vs females (22 yrs), 4228
categorization of prototypical vs non-prototypical items, ERPs &RT, adults (aged 19–38 yrs) vs 6 yr olds, 16579
categorization of spontaneous firing mode for area 5 neurons that fire before movement & neural latency response & RT, trained deafferented monkeys, 33190
cellular phone-related tasks & cognitive load, ability to detect car ahead decelerating & brake RT, 20–29 yr old drivers, safety implications, 35770
changes in cortico-spinal excitability related to time & event preparation during transcranial magnetic stimulation of motor cortex during foreperiod of movement-precuing task, 23–47 yr olds, 23383
choice probability & response time during risk-taking decision-making task under time pressure with predictions made by sequential sampling model, college students, 32905
chronopsychophysiology, measurement of developmental changes in selective attention & mechanisms underlying age effects on speed of responding, 7156
classical vs rock music & volume level, response time & accuracy of visual perception of Arabic numbers, male & female humans, 19745
coherent motion detection & letter positioning performance in lexical decision & RT task, adults with good vs poor detection ability, 3428
color cues in images of food vs animals, accuracy of visual categorization & RT, male rhesus monkeys vs humans, 342
color-naming latencies for words representing social & physical threats, adults with social phobia vs panic disorder, 27734
common cold, mood & subjective alertness & simple & choice reaction time & anti-saccadic eye movement, male college students, 34565
connectionist vs diffusion model accounts of correct & error responses & RT in signal detection tasks, college students, 19825
construction diving, neuropsychological functioning & RT, 24–54 yr old male construction divers, 7023
controlled processing & response inhibition & set adoption in vocal RT version of Stroop task, HIV positive adults, 18306
countermanding procedure for investigating relationship between conflicting cues for controlling human saccades, 18–51 yr olds, 23033
covert orienting of spatial attention, reaction time & eye movement in response to visual stimulation, 18–31 yr olds, 32814
cross-modal naming, RT to & accessing & processing of & integration into implicit agent information in lexical representation of sentences with passive vs intransitive verbs, college students, 29580
d-amphetamine, stimulus detection & choice behavior & RT, male rats, 7200
directed attention & RT with vs without advance information, 18–48 yr olds with frontal vs temporal lobe lesions, 8638
distinction between discriminative vs function-altering properties of contingency-specifying stimuli as heuristic value in conceptualizing compliance, children (mean 3.5 yrs), 33618
distinctiveness & independence & time course of event-related brain potential elicited by syntactic & semantic anomalies, 18–42 yr olds, 26679
dual-task interference as indicator of on-line programming during production of simple movement sequences in probe reaction time paradigm, college students, 32888
effect of response execution on P3 latency & reaction time & movement time, 18–30 yr old females, 20174
efficacy of amantadine on RT & movement time, patients with olivopontocerebellar atrophy (mean age 43 yrs), 3.75 yr followup, 31779
ERPs & RT during forced choice visual discrimination RT task presented with irrelevant standard vs novel vs deviant auditory tones, 21–40 yr olds, test of involuntary attention , 545
ERPs & RT during target detection task with temporal contingencies, 18–38 yr olds, 33295
executive control involvement in attention switching task, RT & RT variability, 17–23 yr olds, 26409
explicit & implicit knowledge in sequential RT task, college students, 36237
face drawing gazing to left vs right vs straight ahead, target detection & localization & identification responses, adults, 164
facilitated vs inhibited RTs as measures of mental representations of self vs in- vs out-groups vs relationship partners, college students, 23995
field dependence & visual search skill & working memory & RT in decision time & gap choice in left-hand turning, 61–84 yr old females in simulated driving task, 12975
generality of cholinergic action in attention shifting as assessed by effects of scopolamine on RT on cued target detection task, rhesus monkeys, 13712
graphical technique, assessment of timing accuracy of computer systems, implications for RT studies, 6425
group model of mental transformations based on geometric model for form recognition, reaction time, college students, 32796
hand vibration exposure, movement precision & performance time during visuo-manual tracking task, 20–32 yr olds, 10079
high vs low dose of clonidine vs guanfacine, effortful vs automatic attentional performance & RT, healthy 23–35 yr olds, 33423
high vs low frequency regular words & onset & rime duration in speeded word-naming, college students, 10108
hypnotizability, verbal RTs & ERPs during performance of Stroop color naming task, 19–30 yr olds, 29665
hypobaric hypoxic altitude simulations, contingent negative variation ERP & RT, male 19–25 yr olds, 7138
hypothesis testing of generalized slowing of response time on linguistic & nonlinguistic tasks, 4–12 yr olds with specific language impairment, 37733
idazoxan, RT & eye movements & mood measures of malaise, adults with upper respiratory tract illness, 25316
individual vs group simple gustatory RTs to 8 substances from 4 taste families, 26–42 yr olds, 23002
influence of previous visual stimulus or saccade on saccadic RTs to target, monkeys, 20054
inhibited vs noninhibited target locations, time & pattern of target detection latencies in attention, college students, 19747
inhibition of return effect in target localization vs target identification tasks, undergraduates, 32998
initiation & execution of actual vs imagined force response after 1st of 2 reaction signals, RT & functional equivalence for response programing of imagined & real movements, 19–36 yr olds, 29525
instance-based model of age of acquisition in face categorization RT, female college students, commentary, 36752
instance-based model of age of acquisition in face categorization RT, female college students, commentary reply, 36746
instance-based model of age of acquisition in face categorization RT, female college students, 23705
intensity of relevant vs irrelevant auditory stimuli, response force in simple vs go/no-go vs choice RT tasks, colleges students, 10073
interhemispheric relay time during visual RT task assessed by EPs, college students, 16900
irrelevant location of response signal, choice reaction time, 20–35 yr olds, 26298
item-selection algorithm for neutralizing differential effects of time limits on computerized adaptive test scores, examinees who took Armed Services Vocational Aptitude Battery, 29442
language switching & selection & response latencies during naming task, 23–44 yr old bilingual speakers, 10122
lateralized global-local figures task performance, elderly (65+ yrs) vs young adults (aged 20–35 yrs), 33706
lengthening of intertrial interval durations in discrete-trial concurrent variable interval schedules, relative response rate & changeover probabilities, pigeons , 19942
lexicality & word frequency & word regularity, reading eye movements & gaze duration & lexical decision ERP RT & scalp voltages, college students, 3911
linguistic &/vs perceptual speech dimensions, classification reaction time, adults, 20412
long vs short delays & blocking of trials, RT of retrieval from secondary memory in memory scanning task, college students, 13362
low vs high spatial frequency of sinusoidal gratings, reaction times for detection of gratings, 25 yr old female & 60 yr old male, 19755
magnitude & time course of simple & go/nogo & choice RT, 29529
manual vs vocal response to color or word flanked by Stroop stimulus, college students, 6766
mecamylamine &/vs scopolamine, response accuracy & RT on continuous performance attention task & event related potentials, 20–40 yr old males, 30017
median nerve stimulation & somatosensory cortical EP-assessed voluntary movement preparation in go/no-go choice-RT task, 29–42 yr olds, 477
midline-crossing inhibition, reaction & movement time, 14–20 yr olds with vs without mental retardation, implications for assessing developmental & neurological anomalies, 37702
moderate intensity exercise, information processing in choice reaction time tasks, college students, 4016
morphological & categorical word properties & left-to-right processing, word recognition RT, native Finnish-speaking college students, 29569
morphology & inflection of prime word, RT & activation & processing & lexical access of compound words, 20–40 yr old native Polish- vs Greek speakers, 29572
multiattribute decision field theory, violations of stochastic dominance principle of decision making & response time distributions, college students, 29545
naming RTs to proper name frequencies in phone book listings vs database of Usenet text, college students, 22994
neural concomitants of perceptual processing in frontal eye field, gaze control & saccade initiation & eye movement RT duration & variability, 20141
neural mechanisms & LATER model, RT to sensory stimuli as procrastination & randomness of RT & neural correlates in frontal eye fields prior to visually driven saccades, 13525
nodal distance in 5-member equivalence classes, response times & accuracy & latencies during testing for emergent relations, college students , 13265
oculomotor gap effect & saccadic RT via eccentric fixation anchor, adults, 16482
parallel distributed processing computational model for choice RT in cognitive & perceptual & stimulus-stimulus and stimulus-response compatibility tasks, 19839
peripheral & central origin of RT delay & visually evoked potentials at high spatial frequency, adults, 16976

polydrug abuse, sustained attention & visuographic function & reaction time, 20–37 yr olds, 24509
practice vs transfer designs, stimulus–response compatibility & Simon effects in choice–reaction tasks, adults, 10133
preparatory processes & stimulus uncertainty & response compatibility in tactile RT, college students, 32903
presentation of displays, episodic trace retrieval & time course of negative priming, college students, 32902
priming in left &/or right visual fields, RTs in lexical decision, adults, 26616
prototype vs category priming, speed of categorization processes, college students, 36227
proximity & similarity & uniform connectedness of objects, RT to discriminate global letters & orientation of grouped letters & letters composed of separate local elements, college students, 23032
psychotic symptoms & failure to maintain cognitive set & motor coordination & stereotypy & global functioning & IQ, lexical choice decision RT, schizophrenic patients, 4967
reaction time performance on predictable task-shifting task, patients with frontal or temporal lesions, 28125
reaction times to motion onset, old Ss (mean age 70 yrs) vs young Ss (mean age 29 yrs), 16507
reaction times to simple vs choice reaction tasks & relation to changes in central cerebral processing vs in the initiation of movement, 44–72 yr old patients with Parkinson's disease,, 15018
readiness of avoidance response as measure of Basic Rest–Activity Cycle rhythmicity, young vs adult mice, implications for link to REM/NREM sleep cycle, 4028
regional cerebral blood flow in frontal cortex during serial RT learning, healthy 20–28 yr olds, 26630
relation of successive percentiles of reaction time distributions to cognitive variables & age, adults, 7935
relationship between actual lateralized readiness potentials of human Ss & simulated response activation in a connectionist model, 20189
repetition priming paradigm & semantic transparency & morphological headedness, RT & compound word recognition & processing, 19–46 yr old native French- vs Bulgarian speakers, 29568
response conflict vs priming in attending to words, response times on word naming task, college students, 29659
response inhibition in stop task & effects of irrelevant information on adaptive behavior, 6–8 vs 10–12 yr olds vs adults, 23718
response latency & RT in visuospatial priming & Stroop tasks, individuals (mean age 33.4 yrs) with obsessive compulsive disorder, 24332
response preparation & stimulus anticipation in underadditive interaction between stimulus onset asynchrony, simple vs choice RT & bottleneck localization in dual tasks, college students, 10139
response rates & reinforced interresponse time distributions generated by comparable variable-interval vs variable-ratio vs variable-interval with linear feedback food reinforcement schedules, rats, 19932
response variablity & RT & attention, elderly with frontal lobe dementia vs Alzheimer's disease, 28132
review of 3 studies of ERP correlates of attention & RT in selective listening tasks, adolescents at high risk for schizophrenia , 8153
risperidone vs haloperidol, RT & manual dexterity & gross motor & motor sequence learning, inpatients with treatment resistant schizophrenia, 2346
role of internal clock to pace transmissions of information from one stage to next using additive factors method in RT task, 22–29 yr olds , 16571
RT deficits in Parkinson's disease, 2027
RT in recognition of scatological vs nonscatological words in lexical decision task, patients with Tourette's syndrome, 28205
RT of mental rotation or memory scanning in single-task situations, college students, test of bottleneck theory of human information processing, 23096
RT responding, male rats, 339
RT to visual stimuli & P300 ERPs, treatment-resistant schizophrenic patients, 27704
RTs in processing of meaning of proverbs in literal or figurative fashion & in old vs new contexts, adults, 10145
RTs to stop & go signals to assess development of inhibitory control across life span, 6–81 yr olds, 7448
self-face recognition task with left hand, reaction time, right handed 19–36 yr olds, 36261
sequential effects in auditory choice reaction time tasks, psychology students, 29518
sequential patterns of RTs & ERPs in serial 2-choice RT task with long vs short response-to-stimulus-intervals, 20–36 yr olds, 13312
sex, choice RT task requiring verbal response to spatial location target stimulus, 19–34 yr olds, 10081
signal detection assessed changes in discrimination & RT bias in lexical decision, healthy 18–27 vs 59–84 vs 58–84 yr olds with Alzheimer's disease, 28183
simulated distressed submarine & low-level rations & temperature, choice RT & short-term memory performance, male Royal Navy personnel , 19832
slides of nude vs clothed men & women, choice reaction time & incidental learning task performance, heterosexual men vs women vs gay men vs lesbian women, 23935
smokeless tobacco, RT & strength, college athletes, 1200
smoking status & schizotypy, auditory & visual latent inhibition & Stroop effect & negative priming, adults 24–46 yrs old, 17906
spatial vs verbal cuing & up-right/down-left stimulus-response reaction time in spatial mapping, adults, 6758
speed of contour integration into spatially extended objects, adults, 16510
stimulus onset asynchrony, phonological activation in visual word identification & RT in making meaning judgment, native Chinese Putonghua speakers, 10144
stimulus onset delay & quality & perceptual identification, duration of fixation of saccade from left to right during choice RT task, adults, 3483
stimulus parameters & probe acoustic richness & lexical & phonemic recognizability, RT & oral word recognition & lexical access, Croatian-speaking college students, 29549
stimulus similarity & practice, speeded classification & RTs, adults, 10125
striatal dopamine deficiency & RT & movement times, 31–74 yr old patients with untreated Parkinson's disease, 37891
Stroop effect & RT & ERP by EEG analysis, 20–30 yr old males, 33302
surface-form, recognition memory RT for notation in simple addition task, adults, 10215
target & distractor familiarity, visual search & RT & latent inhibition & novel pop-out, male vs female de novo Parkinson's disease patients (mean age 56.7 yrs) with right vs left side symptoms, 24826
temperamental traits, ERPs & heart rate deceleration response & reaction time, 19–25 yr old females, 10511
temporal control of response preparation & RT in delayed response task, adults with frontal vs temporal excision for relief of epilepsy, 28198
temporal relationship between eye fixations & manual reactions in visual search, 19–24 yr olds, 13199
time course of 2-beta-propanoyl-3-beta-(2-naphthyl)-tropane vs cocaine, spontaneous locomotion & biogenic amine transporters, male rats, 4138
time course of haloperidol-induced effects on cataleptic behavior & within-session response decrements, rats, 13719
time course of processing of metonymic vs literal expressions, college students, 36217
time course of saccadic extraretinal eye position information associated with hand- & gaze-pointing, adults, 16449
time-course of discriminative & subjective effects of oral cocaine & acquisition of discrimination of placebo vs oral cocaine, 22–35 yr old male cocaine abusers, 34354
tracking of neuromental processes via assessment of behavioral measures & ERPs prior to & during & after identification of previously vs not previously viewed fragmented objects, 19–30 yr olds, 3987
transient inactivation of subthalamic nucleus by muscimol & APV, RT, male hooded rats, 10538
use of cumulative response distribution functions for test of influence of experimental factors in mental processes, 29456
utility of partial information in lateralized response preparation, 20–28 yr olds, 20206
variable time retention interval & imagined vs actual movement, response programing & reaction time, college students , 23136
visual attention to color & reaction time to luminance change within display, college staff & students, 29481
visual field & signal detection capability & response times during full face-piece respirator wear, male vs female adults (mean age 27 yrs), 10509
visual or auditory stimulus intensity, lateralized readiness potential & motor processes during choice reaction time tasks, 19–48 yr olds, 32890
visual vs auditory stimulus repetition, sequential effects on choice RTs, adults , 13303
whole vs restricted medial vs lateral lesions of dorsal striatum, RT-assessed response bias in contralateral space, male rats, 16899
willed actions & advance information for movement preparation, performance on RT tasks, schizophrenic patients, 21136
within-trial & across-trial interrelationships between auditory ERP components & RT, schizophrenic patients, 1564
word frequency & repetition & lexicality effects, shifts in RT distributions & estimates of central tendency in word recognition experiments, college students, 9956
word morphological & mono- vs multimorphemic complexity, lexical access & decision & word recognition RT, native Turkish-speaking 18–36 yr olds, 29560

Reaction Time—Chapters

Higher mental activity and basic physiology: Subjective difference and reaction time, 4088

Reactive Attachment Disorder [See Failure to Thrive]

Reactive Psychosis—Serials

dissociation vs memory vs divine sensory perceptions in response to trauma, war veterans, 37259

Reactive Schizophrenia [See Reactive Psychosis]

Readability—Serials

strategic approaches in improvement of quality & effectiveness & readability on documents for informed consent & rights, patients, 16275

Readaptation [See Adaptation]

Readiness Potential [See Contingent Negative Variation]

Reading [See Also Braille, Oral Reading, Remedial Reading, Silent Reading]—Serials

acquisition of knowledge of sublexical print & sound correspondences from reading experience, 6–7-yr-olds, 20525
active vs passive storybook reading, vocabulary acquisition, kindergartners, 17249
age & luminance, print legibility in homes & offices & public places, 20–89 yr olds, 26931
alternative vertical theory to conventional horizontal theory of speech, implications for reading teachers & researchers, 17268
anticipation & execution of oral or silent reading task, EMG changes following left & right hemisphere transcranial magnetic stimulation, 25–49 yr olds, 23406
articulatory loop & central executive working memory systems, phonological processing & long term memory & executive processing accuracy & speed, learning disabled vs skilled readers aged 8–11 yrs, 11713
automatic activation vs attentional control in semantic processing in reading, 23112
choice of recreational reading, 8th grade students, 6243
clinical & EEG patterns & antiepileptic treatment of reading or other language task induced seizures, 18–57 yr olds with reading epilepsy, 5366
coherent motion detection & letter positioning performance in lexical decision & RT task, adults with good vs poor detection ability, 3428
comprehension vs time spent reading single words vs different types of texts, 9-yr-old visually impaired vs sighted readers, 24878
degree of causal bridging inferences during reading, interest of a story, college students, 10109
development of reading strategies in whole language classroom, 1st graders, 23720
display changes during preview vs postview conditions, extraction of visual information to left of fixated word in reading, Os, 26320
effect of choice on cognitive & affective engagement during reading, college students, 9529
ERP scalp distribution during visual lexical processing of open & closed class words, college students, 23374
evoked brain activity during visual information processing of mental arithmetic vs language task, male vs female 19–29 yr olds, 13625
exception & nonword reading & role of magnocellular vs parvocellular geniculate body in language & visual processing deficits using apparent movement displays, children with developmental dyslexia, 30981
eye movement patterns in reading & alterations in non-linguistic tasks, 10.1–17.11 yr olds with surface dyslexia, 37674
eye movements in reading & information processing, 242
global processing speed & title & author recognition & naming time & reading ability when naming familiar stimuli, 7–13 yr olds, 30174
implicit model of reading, motivation to reading & reading engagement, 23109
late closure in resolution of attachment ambiguities in Spanish, adult Ss, implications for principle-motivated vs frequency-based models of sentence parsing, 3545
method of studying covert vs overt attentional shifts in the relation between eye movements & allocation of attention across visual field during reading, 18–41 yr olds, 32757
model of word recognition & minimization of word ambiguity as explanation of optimal viewing position of initial eye fixation during reading, 16450
motivation & constructing meaning during reading, 23094
motivation & preferences for reading & writing tasks, 3rd graders, 35532
multiphonemic cues, oral naming & reading performance, 50 yr old female with aphasia, 15037
neighborhood size effects, word identification during reading & lexical decision tasks, Os, 26406

orthographic & phonologic & semantic dimensions in word reading of homographs vs homonyms vs control words, college students , 10100
participation in Book It! reading program & parental pay for reading, intrinsic motivation for & amount & enjoyment of reading, college students, 13366
pathophysiology of reading epilepsy, 15–47 yr olds, 5418
peer-assisted tutoring & learning strategies for preventing reading failure, 1st grade readers, 15884
perceptions of grouping formats in reading instruction, 3rd & 4th & 5th graders with & without learning disabilities, 15997
phonologic processing abilities & reading, children with language-learning disorders, 8481
phonological & orthographic priming & activation of phonological codes during eye fixations in reading, Os, 26309
phonological & orthographic processing skills & English as 2nd language reading, 25–35 yr old male native Farsi-speaking graduate students, 32261
phonological encoding during reading & short-term memory tasks, 16–43 yr olds with congenital speech impairments, 37723
positron emission tomographical data on neural correlates of reading German words & pseudowords, 25–30 yr olds, 29805
predictors of parent–child reading, 16–72 yr old low income caregivers & 12–66 mo old pediatric patients, 5199
prevalence & predictive inferences & their persistence in memory during reading, college students, 23141
prevalence of low functional health literacy, community-dwelling 65 yr old & older enrollees in national managed care organization, commentary, 30254
prevalence of low functional health literacy, community-dwelling 65 yr old & older enrollees in national managed care organization, 10918
procedural learning in reading & counting tasks, patients with Parkinson's disease, 34653
racial & ethnicity & sex bias on curriculum-based measure of reading, African-American vs Caucasian students grades 2–5, 32719
reading & attentional bias in right hemifield during spatial cueing task, right-handed students, 26389
reading & dual-task balancing, developmental dyslexia, German-speaking children (mean age 8.3 yrs) with dyslexia, 37686
reading & vocabulary development in speaking & writing curriculum , 15864
reading & writing habits & handedness, aesthetic preference for left vs right facial & bodily profiles, 20–25 yr old Arabic vs Hebrew vs Russian readers , 10440
reading comprehension & decoding abilities for words & nonwords, 7.5–9.5 yr olds with reading difficulties, 11712
reading patterns of single words & control of eye movements & oculomotor behavior & use of preferred retinal loci, male 47 & 82 yr olds with bilateral central scotomas, 18453
reading preferences & attitudes & achievement & access to reading materials & gender & SES, 6th graders, 19273
right hemisphere advantage vs right to left reading habits, visuospatial search as seen in cancellation performance, native readers of Aramaic or Arabic, 19725
role of head movements & pattern of gaze control in head-free reading, college students, 36502
roles of phonological awareness deficits vs word-naming speed deficits vs both phonological awareness & word-naming speed deficits in subtypes of dyslexia, 30991
seizure-triggering value of components of model of phonological vs semantic route of written words, 51 yr old male patient with primary reading epilepsy, 18404
sex, answers to constructed-response reading items in expository text, 7th vs 10th graders, 9944
social context of & responses to humor in books & effects on reading comprehension & appreciation & reading interests & preferences, 4th & 5th grade students, 5 mo study, 29000
strategies used in print identification, 3.7–5.9 yr olds, 28968
sublexical processing during complex Chinese character reading, native Chinese speakers, 23118
tactile-kinesthetic strategy & speeded letter-by-letter treatment, letter by letter reading, 67 yr old male with pure alexia & impaired letter naming, 22284
teacher use of humorous literature to motivate children's reading, 6151
temporal information integration in orthographic priming, 26391
training in phonological & semantic analogy, orthographic analogies in learning to read Chinese, 1st & 3rd graders, 13941
transfer from normal vs scrambled text in repeated reading task, 4th graders vs college students with high vs low reading ability, 17250
uncertainty, time difference in naming vs reading the name of Arabic numerals, college students, 10097
validity & reliability of curriculum-based measurement in reading, deaf or hard of hearing 6–13 yr olds who use manually coded English, 6664
variants of learning-by-observation of writing & reading processes, learning & transfer, Ss who finished the 9th grade, 15934
visual illusions, 23 yr old male with primary reading epilepsy, 5419

Reading [See Also Braille, Oral Reading, Remedial Reading, Silent Reading]—Books

The construction of mental representations during reading, 6881
Inside picture books, 17392
Reading research: Anthology: The why? of reading instruction, 15908

Reading [See Also Braille, Oral Reading, Remedial Reading, Silent Reading]—Chapters

Afterword: The Science and politics of beginning reading practices, 32271
Building representations of informational text: Evidence from children's think-aloud protocols, 7462
The constituency model of Chinese word identification, 13338
Creating an involvement-focused style in book reading with deaf and hard of hearing students: The visual way, 35556
Difficulties in updating mental representations during reading news reports, 6895
Dyslexia: Core difficulties, variability and causes, 30993
The effect of alphabet and fluency on unitization processes in reading, 261
An exchange of gazes, 35454
Eye movements in reading Chinese and English text, 13339
How do readers of Chinese process words during reading for comprehension?, 13322
Is there phonologically mediated access to lexical semantics in reading Chinese?, 13344
Learning with text in the primary grades, 15921

Sublexical processing in reading Chinese, 13343
Theorizing about the relation between American Sign Language and reading, 34716
Toward a theory of documents representation, 6889
Use of prelexical and lexical information during Chinese sentence reading: Evidence from eye-movement studies, 13329
Vocabulary teaching and learning in a seventh-grade literature-based classroom, 15922
Word recognition during the reading of Chinese sentences: Evidence from studying the word superiority effect, 13323

Reading Ability—Serials

age at injury & laterality of contusion, reading fluency & comprehension & decoding accuracy, children & adolescents with closed head injury, 11869
attitude toward & developmental trends in reading motivation, 1st- vs 2nd-graders vs Finland, 38872
bidirectional relations of phonological sensitivity & pre-reading abilities, 4 & 5 yr olds, 1-yr study, 6198
characteristics of developmental surface dyslexia in Italian language with high grapheme–phoneme correspondence, 11.1–15.7 yr old males with dyslexia, 30992
cognitive assessment of competent & impaired reading performance, 4th graders, Scotland vs Brazil, 30988
cohort analysis of reading standards & reading comprehension scores, Year 6 students, 1989–1996, 32252
criterion validity of Wheldall Assessment of Reading Passages, assessment of full range reading ability, primary school students, 9481
early intervention in the prevention of reading problems, projects in Edinburgh , 15880
Early Reading Screening Instrument, assessment of reading readiness & risk of reading failure, end-of-year kindergartners, 1 yr followup, 26229
effectiveness of phonological training strategies on reading performance, Chinese 7.8–11.9 yr olds with dyslexia, 32304
effects of Dutch intervention program, reading performance, 7-15 yr old outpatients with dyslexia &/or reading problems &/or cognitive deficits &/or psychiatric symptoms, 36741
frequency & phonological ambiguity, naming of Serbo-Croatian words written in Cyrillic vs Roman alphabet, college students who are bi-alphabetic readers, 13871
genetic influences on general cognitive & language & reading ability & phonological awareness, 5.7–6.8 yr old monozygotic & dizygotic twins , 10776
global processing speed & title & author recognition & naming time & reading ability when naming familiar stimuli, 7–13 yr olds, 30174
handedness & hand skill as predictor of hemispheric indecision, verbal & mathematical & reading ability, left vs right handed male vs female 11 yr olds, 7389
hierarchical relationships between performance on accredited reading & writing measures, 4–5 yr olds, England, implications for test construction of baseline reading & writing assessments, 16378
home environment factors of parents' educational & material level & language spoken, reading literacy, 14 yr olds in Swedish speaking comprehensive schools, Finland, 28958
immediate memory abilities, 6–13 yr olds with ADHD or undifferentiated attention deficit disorder with vs without learning disability in reading, 17261
impairment at reading words & non-words mutilated with + symbol between each letter, 48 yr old male with neurological damage, implication for use of multiletter units in visual word identification , 11884
implicit model of reading, motivation to reading & reading engagement, 23109
inclusion of IQ in definition of dyslexia & use of discrepancy criterion & role of phonological skills & outcome based classifications of poor readers, 24627
individual differences in reading development in kindergarten & early elementary grades, 3 yr study, test of Matthew effects hypothesis, 857
individual differences of sex & handedness & menstrual cycle & perceptions of masculinity, hemispheric specialization of lexical vs nonlexical routes in reading letter strings, college students, 16955
intelligence & phonological skills, reading ability & comprehension & verbal & nonverbal ability, response to teaching interventions, 7 yr olds with reading disabilities, 7 mo followup, 11709
interaction of lexical & sublexical routes of reading of words vs nonwords with 1 vs 2 pronunciations, French-speaking undergraduates, 26396
intervention based on changing attitudes toward education with vs without paired reading program at home, socially disadvantaged primary school children with low reading test scores, 16007
introduction of National Curriculum & testing, self-esteem & mathematics & reading attainment, Year 2 vs Year 6 students, 5 yr study, 9472
knowledge acquisition & strategies & individual differences in reading hypertext, college students, 29536
literacy intervention, development of register switching expertise, 1st grade at-risk readers, 32303
memory & learning, 9–12 yr olds with dysphonic dyslexia vs dyseidectic dyslexia, 14848
metacognitive awareness & reading, English vs Irish primary students with above vs average vs below average reading ability, 22510
model for using dynamic reading assessment to examine unknown words & reading comprehension, 7th grade students experiencing vocabulary difficulty, 38839
motivation & constructing meaning during reading, 23094
motivational & cognitive predictors, text comprehension & reading amount, 3rd–5th & 8th & 10th graders, 25770
neurophysiological measures of reading ability & ERPs during lexical decision & semantic classification tasks, very-low-birthweight 8–10 yr olds, 10781
optimal colours of overlays & lenses & reading rate, patients attending specific learning difficulties clinic, 34743
oral language skill & literacy, 5.1–6.3 yr olds, 1 yr followup, 30191
Oral Reading Fluency as curriculum-based measurement of reading, 19300
orthographic rime analogies & phonological priming in word reading, 6–7 yr olds, commentary reply, 13930
phonological & phonemic awareness, reading ability & problems, 3 students aged 7 yrs 1 mo–10 yrs 6 mo, 24628
preferred retinal locus to left vs right in simulated scotoma in visual field space, reading ability, young adults, 18454
reading & writing difficulties as monolingual dyslexia & orthographic units in English language, English-Japanese bilingual 16 yr old male, 24629
reading ability & auditory vs visual stimulus presentation modality, echoic memory, college students, 6918

reading comprehension & decoding abilities for words & nonwords, 7.5–9.5 yr olds with reading difficulties, 11712
reading performance, sighted vs visually impaired 9-yr-old students & their teachers, 25809
regional cerebral blood flow & reading & writing ability for Japanese characters, 7 yr old with dyslexia, 5150
self esteem & reading & mathematical attainments before & after introduction of national curriculum & assessment procedures, 2nd & 6th grade British students, 8 yr study, 35479
self esteem, performance on reading & mathematics standardized tests, 2nd graders, 4 yr study, 32253
sex, constructed response reading items, papers of 7th & 10th grade students, 9943
sex, neuropsychological factors & cerebral blood flow patterns in grammatical & reading tasks, adults, 3862
speed reading training, eye movement characteristics & comprehension, 20-43 yr olds, commentary, 33355
speed reading training, reading ability &eye movement characteristics & comprehension, 20-43 yr olds, commentary reply, 33338
strategic approaches in improvement of quality & effectiveness & readability on documents for informed consent & rights, patients, 16275
transfer from normal vs scrambled text in repeated reading task, 4th graders vs college students with high vs low reading ability, 17250
unimpaired word & nonword reading & written lexical decision, adult male with graphemic buffer impairment, 5352
use of ERPs during auditory alliteration judgments on study of reading disability, 12–18 yr old dyslexics vs dysphonetics, 21400
use of visual & orthographic analogies when reading, phonemic awareness, 1st graders with limited reading experience & ability, 30198
value-added approach to baseline assessment of reading & writing & mathematics abilities & prediction of achievement at age 7, 4–5 yr old students, England, 3–4 yr study, 16382
viewer centered sensory neglect contralateral to brain damage in reading & nonlexical tasks, 61–69 yr olds with unilateral right hemisphere strokes, 5289
visual selective attention & linguistic performance in letter cancellation task, 11–12 yr olds, 858
word recognition prediction equation method for determining grade level reading rates & independent & instructional & frustration reading levels, 3rd & 5th graders, 16377

Reading Ability—Books

Reading research: Anthology: The why? of reading instruction, 15908

Reading Ability—Chapters

American Sign Language and reading ability in deaf children, 34725
Component processes in becoming English–Hebrew biliterate, 4454
Emergent literacy: Instructional and curricular basics and implications, 6185
Engaging in recreational reading, 15932
Learning about text structure, 15918
Learning to evaluate literature, 13981
Literature for children, 13973
Proficient word identification for comprehension, 14854
Reading comprehension processes, 13980
Recovery from acquired reading and naming deficits following focal cerebral lesions, 38438
Research foundations to support wide reading, 15949
Theorizing about the relation between American Sign Language and reading, 34716

Reading Achievement—Serials

achievement goals for reading & writing, 3rd–5th graders, longitudinal study, 25774
achievement in reading & family income levels, north west Glasgow primary schools, 15939
comparison of age & percentile criteria points in reading & spelling tests & relation to allocation of external support for students with special needs , 22914
cooperative learning in heterogeneous vs homogeneous groups, reading achievement & self-esteem, gifted 4th & 5th graders, 32313
development of phonological skills, early reading acquisition & reading & mathematics achievement & nonverbal ability & word knowledge, native Dutch-speaking 5–7 yr olds, 3 yr study, 32254
grouping format during instruction, reading outcomes, students with disabilities, 15998
internal vs external student mobility & demographics & family socioeconomic level, reading & mathematics achievement, 3rd & 4th grade White vs minority students in urban areas, 35519
multidimensional intervention, reading achievement, primary school children from an area marked by endemic reading failure & social disadvantage, 15883
parent tutoring intervention, reading performance, 7–8 yr olds with ADHD, 19250
phenobarbital, reading achievement, 6–8 yr olds with febrile seizures, 3–5 yr study, 35109
phonological awareness & reading achievement in English & French, English speaking 1st & 3rd & 5th graders learning to read French in immersion class, 1 yr study, 12682
reading performance, sighted vs visually impaired 9-yr-old students & their teachers, 25809
reading preferences & attitudes & achievement & access to reading materials & gender & SES, 6th graders, 19273
relationship between practice at reading & reading performance & organizational structure of school system, K–12th graders, 28946
Research-Based Model Partnership Education Program, math & reading GPAs, low income & low achieving African American students, 4 yr study, 2876
school & demographic characteristics, prediction of mathematics & reading achievement, 7–8 & 14–15 yr olds, 35515
Spanish bilingual & English as a Second Language versions of Success for All reform program, reading achievement, elementary school children acquiring English, 38812
training in linguistic & phonological awareness & components of training effects, reading performance, 1st graders (mean age 7.2) with low phonological awareness, 37681

Reading Achievement—Chapters

The brain reads sound by sound, 15924
Cross-language transfer of phonological awareness, 13968
The influence of instructional approaches on reading procedures, 15917
Literacy in the family and society, 15955
The reader, the text, and the task: Learning words in first grade, 15954
Reading tests, 36044
Why did the Black–White score gap narrow in the 1970s and 1980s?, 2928

Reading Aloud [See Oral Reading]

Reading Comprehension—Serials

advance organizers, reading comprehension & memory, 18–35 vs 55–83 yr olds with normal vs limited verbal ability, 1018
age & GPA, predictive validity of Reading Comprehension scores from educational placement tests, college students, 6200
age at injury & laterality of contusion, reading fluency & comprehension & decoding accuracy, children & adolescents with closed head injury, 11869
Arabic vowels, reading comprehension, 12–12.5 & 7–8 yr olds, 10757
biology textbooks with vs without illustrations, attention measured by eye movement & comprehension & recall, 4th grade science students with high vs low cognitive ability, 15937
cohort analysis of reading standards & reading comprehension scores, Year 6 students, 1989–1996, 32252
comprehension vs time spent reading single words vs different types of texts, 9-yr-old visually impaired vs sighted readers, 24878
computerized self assessment of reading comprehension program with Accelerated Reader software, reading achievement & motivation, at risk 6th graders, 26238
concept of metacognition & its application to the development of children's reading & comprehension, Mr Homunculus the Reading Detective reading program, 15861
context & grammar, stopped-making-sense judgments & thematic assignment & verb role perception & reading comprehension, adults, 23078
corrected misinformation in news-related story, anaphoric inferences during subsequent reading, college students, 230
cultural context & attitudes & motivation for learning Hebrew as 2nd language, reading comprehension, Arab 8th-graders, Israel, 2900
culturally relevant reading material, reading comprehension & recall, African American 1st–4th graders, 2902
development & reliability & validity of short form of Test of Functional Health Literacy in Adults, assessment of ability to read & understand health related materials, patients (mean age 44 yrs), 36004
developmental trajectories in literal or familiar idiom phrase comprehension, adults vs children with brain damage to right or left hemispheres, 21568
direct advanced story map instruction, reading comprehension, 6th & 8th graders with learning disabilities, 19348
effect of test anxiety & prior knowledge on reading comprehension & comprehension monitoring, college students, 19304
effects of structured reading comprehension technique of reciprocal teaching, postsecondary students at risk for academic failure, 9477
effects of textual & situational factors on macrostructural construction & organization of computer-presented multiple text passages, college students, 29576
free recall of science text as test of reading comprehension, 6th & 8th graders with learning disabilities, 15996
implicit & explicit syntactic & morphemic knowledge & reading comprehension & recoding in reading tasks, preadolescents as poor vs average vs good comprehenders, 20497
implicit model of reading, motivation to reading & reading engagement, 23109
intelligence & phonological skills, reading ability & comprehension & verbal & nonverbal ability, response to teaching interventions, 7 yr olds with reading disabilities, 7 mo followup, 11709
interaction of lexical & sublexical routes of reading of words vs nonwords with 1 vs 2 pronunciations, French-speaking undergraduates, 26396
interest & motivation & learning from text, 23108
knowledge about reading & use & skill application of strategies in reading comprehension, 6–8 yr olds, 20485
limitations of interpretation of corrections, readers, 13316
literature logs &/vs instructional conversations, story comprehension, teachers & limited-English vs English-proficient 4th & 5th graders, 15892
matrix structures &/vs mnemonic representations, text learning, 5th graders & college students , 28928
mild vs severe vs no time limitations, reading comprehension & motivation, college freshmen, 13314
model for using dynamic reading assessment to examine unknown words & reading comprehension, 7th grade students experiencing vocabulary difficulty, 38839
motivation & constructing meaning during reading, 23094
motivational & cognitive predictors, text comprehension & reading amount, 3rd–5th & 8th & 10th graders, 25770
orthographic rime analogies & phonological priming in word reading, 6–7 yr olds, comment, 13938
phonological & semantic contributions to short-term memory & verbal & spatial working memory skills, good vs poor comprehenders, 21401
priming context of & stimulus onset asynchrony between context & target words, predictive inferences & processing time in reading, college students, 36211
Questioning the Author vs Great Book discussion strategies, & interpretation of complex literature, 6th & 7th graders, 38849
reading comprehension & decoding abilities for words & nonwords, 7.5–9.5 yr olds with reading difficulties, 11712
reading time & regressive eye fixations while reading sentences with signals to cohesion, models of bridging inference for resolution of textual cohesion, college students, 16602
representation of knowledge structures formed from texts vs representation generated from latent semantic analysis, readers, 23091
schemata effects in English as a 2nd language reading comprehension, college students, 2903
science information presentation in learning cycle vs traditional text passage, concept comprehension, 13.3–18 yr old 9th & 10th graders at different reasoning levels, 12665
scientific text variables, comprehension & recall & problem solving, 10th graders, 6166
silent vs oral reading style & study vs entertainment reading purpose, inference generation & thinking aloud & reading comprehension of narrative vs expository text, 19–39 yr olds, 29584
source-memory salience of 1st- vs 3rd-person vs non-narrator character agents vs text features in literary short story reading comprehension & recall, college students, 26390
speed reading training, eye movement characteristics & comprehension, 20-43 yr olds, commentary, 33355
speed reading training, reading ability &eye movement characteristics & comprehension, 20-43 yr olds, commentary reply, 33338
spontaneously taken notes & reviewing vs not reviewing notes, text comprehension, high school graduates, 9493
story set at home vs away school, processing of unsupported assertions, college students, 16608
syntactic ambiguity in conjoined noun phrases & sentence comprehension in context of corpus frequency, college students & personnel, 10698
syntactic reanalysis difficulty & structural change in reading comprehension, adults, 10705
text-provided elaboration & prior knowledge, text comprehension & memory, adults, 280
training program, inferential skills induced from verbal protocols during reading & thinking aloud tasks via causal network model, 10 & 11 yr olds, 12645
understanding of police caution, A-level university students (aged 16–19) vs general population (aged 21–59) vs police officers (aged 21–50), England & Wales, 3226
unwarranted or non-constrained imagery, comprehension of main ideas in exposition, 2nd–5th graders, 17271

willingness to study & reading comprehension of static vs animated electronic documents, 19–59 yr old females, 29657
word recognition & reading comprehension & developmental perspective on characteristics of hyperlexia, children , 18150
words related through function vs category coordinates vs pairs with high vs low lexical association, semantic priming, children (mean age 10.77 yrs) with poor reading comprehension , 13949
Reading Comprehension—Books

phonological & letter & memory task performance, prediction of reading disabilities, kindergartners, 1 yr study, 17275
phonological & phonemic awareness, reading ability & problems, 3 students aged 7 yrs 1 mo–10 yrs 6 mo, 24628
phonological & semantic contributions to short-term memory & verbal & spatial working memory skills, good vs poor comprehenders, 21401
phonological awareness training with or without attention to articulation & manipulation of sounds, learning, 7–11 yr olds with reading difficulties, 16018

phonological processing & oral language abilities, reading & reading disabilities, children (mean age 7.9 yrs) assessed in Kindergarten & 2nd grade, 36735
practice & policy of identification of specific learning & reading difficulties, Scottish local authority psychological services, 16028
primed picture naming & lexical decision & vocabulary performance, 10–13 yr olds with reading disability , 30979
procedures for choosing & use of computer based reading software programs, children with reading difficulties, 38886
promise of electronic representation of text for struggling readers & perspective of reading disability based on developmental stage theory for instructional approaches in reading acquisition , 16009
readers' theater, oral reading fluency & confidence, elementary school students with reading problems, 19356
reading & spelling performance & patterns of phonological awareness & information retention in short term memory, Greek 1st-graders (mean age 7.1 yrs) facing difficulties in literacy acquisition, 37679
reading comprehension & decoding abilities for words & nonwords, 7.5–9.5 yr olds with reading difficulties, 11712
research difficulties in determining reliable reading & learning disability prognoses, preschool children, 4 yr study, 1871
segmentation vs whole word training, acquisition of word-recognition skill, fast vs slow namer second graders with poor reading skills, 21399
sequential application of reading interventions including reward, oral reading fluency, 6–12 yr olds referred for reading problems, implications for reading intervention components, 15862
specificity of working memory deficits, 10 yr old reading disabled children, 5149
speech-specific failure in phonological representation vs general deficit in auditory temporal processing, speech perception, reading-impaired 2nd graders, commentary, 37675
use of diacritical marks in Reading For Sure intervention, primary & secondary school children with learning difficulties, 18 mo follow-up, 16002
varying luminance &/or wavelength of light, oculomotor efficiency, normal & reading disabled children (mean age 10.6 yrs old), 5154
visual errors & disturbed lexical candidate activation of semantic representations in oral reading, male 52 yr old with acquired dyslexia & mild aphasia following cerebrovascular accident, 37804
visual–spatial working memory & other executive &/vs phonological processing measures, reading-disabled vs slow-learning 1st–5th graders with vs without ADHD, 27941
volume of neocortical subdivisions & subcortical structures & midsagittal areas, twins with reading disabilities vs normals, 37688
word naming errors during phonological computation, Spanish 9–10 yr olds with vs without reading disabilities, 30985
word recognition & reading comprehension & developmental perspective on characteristics of hyperlexia, children , 18150

Reading Disabilities [See Also Dyslexia]—Books
Our labeled children: What every parent and teacher needs to know about learning disabilities, 34473
What reading research tells us about children with diverse learning needs: Bases and basics, 6262

Reading Disabilities [See Also Dyslexia]—Chapters
Developing syntactic sensitivity in reading through phrase-cued texts, 16022
Learning disabilities, 30995
Proficient word identification for comprehension, 14854
Reading disabilities, 18156

Reading Education—Serials
baseline assessment framework on literacy learning in home & preschool & day-care center & school settings, children at school entry, 16375
behavior management & enriched reading curriculum interventions targeting aggressive & disruptive behavior & poor academic achievement, initiation of tobacco smoking, 1st & 2nd graders, 8 yr study, 2856
concept-oriented reading instruction, reading engagement, teachers & 3rd & 5th grade students, 15869
development of reading strategies in whole language classroom, 1st graders, 23720
direct advanced story map instruction, reading comprehension, 6th & 8th graders with learning disabilities, 19348
early intervention reading program, spelling performance & word recognition & nonword reading & reading comprehension, 1st graders at risk for failing in reading acquisition, 19264
effect of choice on cognitive & affective engagement during reading, college students, 9529
effectiveness of phonological training strategies on reading performance, Chinese 7.8–11.9 yr olds with dyslexia, 32304
emergent literacy intervention, literacy outcomes, original & replication cohorts of children in Heat Start followed up through kindergarten & 1st & 2nd grades, 28949
Energy Express reading & nutrition program, low income communities, 35218
evaluation of first grade basal reading instruction programs & relationship between decoding instruction & text & phonics, 35493
grade- vs goal-level reading material, curriculum-based measurement progress-monitoring procedure, 1st–4th graders, 2855
grouping format during instruction, reading outcomes, students with disabilities, 15998
intervention to develop phonological awareness & word recognition, reading skills & spelling, lower income inner city kindergarten students, 2 yr study, 32203
model for using dynamic reading assessment to examine unknown words & reading comprehension, 7th grade students experiencing vocabulary difficulty, 38839
participation in Book It! reading program & parental pay for reading, intrinsic motivation for & amount & enjoyment of reading, college students, 13366
peer-assisted learning strategies, literacy development & beliefs about reading, junior high school students in remedial & special education with reading difficulties, 35545
phonological awareness training with vs without written letter training, reading skill & word identification, 32205
procedures for choosing & use of computer based reading software programs, children with reading difficulties, 38886
Questioning the Author vs Great Book discussion strategies, & interpretation of complex literature, 6th & 7th graders, 38849
reading instructional practices taught in a professional development experience, implementation & modifications & factors that influenced sustained use of practices, teachers , 35465
reading intervention program, attitude & reading strategies & improvements, elementary school students in New Zealand, longitudinal study, 9449
Spanish bilingual & English as a Second Language versions of Success for All reform program, reading achievement, elementary school children acquiring English, 38812
speed reading training, eye movement characteristics & comprehension, 20-43 yr olds, commentary, 33355
speed reading training, reading ability &eye movement characteristics & comprehension, 20-43 yr olds, commentary reply, 33338
successive & phonological processing instruction, phonological & early reading skills, at risk kindergarten children, 9556

Reading Education—Books
Learning to read: Beyond phonics and whole language, 15909
Reforming reading, writing, and mathematics: Teachers' responses and the prospects for systemic reform, 2881
Teaching and testing reading: A practical guide for teachers and parents, 19274
What reading research tells us about children with diverse learning needs: Bases and basics, 6262

Reading Education—Chapters
The acquisition of literacy by immigrant children in Sweden, 6177
Cognitive research and the misconceptions of reading education, 32246
College reading programs, 38827
Engaging in recreational reading, 15932
Evaluation of college reading and study strategy programs, 38823
How research might inform the debate about early reading acquisition, 32247
The implications of Vygotskian theory for the development of home-school programs: A focus on storybook reading, 9460
Learning about text structure, 15918
Learning and teaching phonological awareness, 15916
Learning to read in Chinese, Korean, and Japanese, 4459
Literacy in developing societies: Native language versus national language literacy, 4378
Literature for children, 13973
"People like us": African American children respond to self-affirming texts, 19287
Teaching strategies for word identification, 15930
Text organization: Instructional and curricular bases and implications, 6181
Word recognition: Instructional and curricular basics and implications, 6179

Reading Materials—Serials
advance organizers, reading comprehension & memory, 18–35 vs 55–83 yr olds with normal vs limited verbal ability, 1018
advice from family with physician with standard vs computer-generated tailored pamphlet, physical activity/exercise, sedentary adult patients, 15444
culturally relevant reading material, reading comprehension & recall, African American 1st–4th graders, 2902
direct advanced story map instruction, reading comprehension, 6th & 8th graders with learning disabilities, 19348
evaluation of first grade basal reading instruction programs & relationship between decoding instruction & text & phonics, 35493
grade- vs goal-level reading material, curriculum-based measurement progress-monitoring procedure, 1st–4th graders, 2855
importance of enjoyable reading materials & dynamic teachers in fostering motivation for & improvement in reading, struggling student readers in secondary school, 6219
norms of apology, conduct manuals, US vs Japan, 4735
reading preferences & attitudes & achievement & access to reading materials & gender & SES, 6th graders, 19273
use of children's books in bibliotherapy for understanding physical disability, 15094

Reading Materials—Chapters
Designing medication instructions for older adults, 20673
What does it say? Text design, medical information, and older readers, 20672

Reading Measures—Serials
assessment of reading difficulties & dyslexia using letter-sound knowledge & alphabetic processing & logographic sight vocabulary as indicators, 6.7–12.1 yr olds with reading difficulties, 37683
clinical measurement of rate of reading & discourse, male vs female 19–31 yr olds, 36679
construct validity of item response theory model, measurement of phonological awareness in reading development, 5–7 yr olds, 30188
development & standardization of Iowa-Chapman Reading Test, brain damaged patients, 19641
frequency of & tests used & purposes for adult reading assessment as part of neuropsychological examination & need for test reviews & functional criterion-referenced tests, neuropsychologists , 22897
history & standards & assessment of reading levels, 11 & 15 yr olds, 15938
Oral Reading Fluency as curriculum-based measurement of reading, 19300
oral reading scores on National Adult Reading Test, estimation of variability of demographically corrected norms of neuropsychological functioning, healthy 20–81 yr olds , 16361
purposes & goals & educational & political & technical influences in Baseline Assessment measures of reading & literacy upon entrance to primary school, England, 16384
survey of local education authorities' attitudes about government policy on & implementation of national baseline reading & literacy assessments, Scotland, 19234

Reading Readiness—Serials
Early Reading Screening Instrument, assessment of reading readiness & risk of reading failure, end-of-year kindergartners, 1 yr followup, 26229

Reading Readiness—Books
Teaching and testing reading: A practical guide for teachers and parents, 19274

Reading Skills [See Also Reading Comprehension, Reading Speed]—Serials
articulatory loop & central executive working memory systems, phonological processing & long term memory & executive processing accuracy & speed, learning disabled vs skilled readers aged 8–11 yrs, 11713
case presentation of 7.5 yr old Black male with delayed reading skills, commentary & reply, 37684
concept of metacognition & its application to the development of children's reading & comprehension, Mr Homunculus the Reading Detective reading program, 15861
concept-oriented reading instruction, reading engagement, teachers & 3rd & 5th grade students, 15869
critical language awareness intervention for teaching of direct & reported speech, critical reading ability, 11th graders, 6171
early intervention reading program, spelling performance & word recognition & nonword reading & reading comprehension, 1st graders at risk for failing in reading acquisition, 19264
early reading intervention, reading performance, infant school children aged 5 yrs 6 mo–6 yrs 6 mo, 18151
history & standards & assessment of reading levels, 11 & 15 yr olds, 15938
importance of enjoyable reading materials & dynamic teachers in fostering motivation for & improvement in reading, struggling student readers in secondary school, 6219

integration of electronic reading environment into middle school classroom, studying & learning of content area materials, student with poor reading skills due to hearing impairment, 16004
intervention to develop phonological awareness & word recognition, reading skills & spelling, lower income inner city kindergarten students, 2 yr study, 32203
long-term effectiveness of reading recovery literacy program, primary school students, Australia & New Zealand, implications for England & Wales, 6156
metacognitive awareness & reading, English vs Irish primary students with above vs average vs below average reading ability, 22510
model of reading procedures of irregular word & pseudoword reading performance, 220
neurological features of unidirectional alexia in reading Hebrew but not English, 73-yr-old patient, 21574
orthographic & phonological priming in acquisition of reading skill for word & nonword naming tasks, 2nd–6th graders, 7380
patterns of spelling errors in Spanish spelling during acquisition of skills, 8–10 yr olds, 30173
perceptions & practices of parental & child desirability & feasibility of home reading & writing practices & facilitators & barriers of them, Hispanic parents of learning disabled 3rd–5th graders, 34463
phonics teaching method & acquisition of body-coda and onset-rime segmentation reading, speed of intact vs segmented pseudoword naming, 1st grade native-Dutch speakers with good vs poor reading skill, 32212
phonological & syntactic awareness & reading acquisition, English vs Punjabi speaking 1st graders, implications for discriminating poor vs average readers, 10763
phonological awareness training with vs without written letter training, reading skill & word identification, 32205
phonological skill training, consonantal phoneme deletion & word reading in English, younger (mean age 12.7 yrs) & older (mean age 15.8 yrs) adolescent Chinese females , 13933
predictive validity of phonology & listening comprehension & cognitive ability & visual-motor coordination against early reading skills, kindergartners from diverse linguistic backgrounds, 1 yr study, 36749
presence of school librarian & community environment, reading literacy, 3rd graders, 2917
rapid automatic naming & verbal ability & phonological awareness, prediction of phonological & orthographic skills, 1st graders, 1 yr study, test of computational model of word recognition in reading, 17269
reading intervention program, attitude & reading strategies & improvements, elementary school students in New Zealand, longitudinal study, 9449
rhyme & spelling–phonology & grapheme–phoneme correspondence, choice of grapheme–phoneme vs analogical strategy for reading familiar vs unfamiliar words vs nonwords, 5.8–9.8 yr olds vs undergraduates, 23081
sensitivity to auditory frequency modulation, prediction of phonological & reading & spelling skills, children (mean age 9.9 yrs), 30192
successive & phonological processing instruction, phonological & early reading skills, at risk kindergarten children, 9556
training in linguistic & phonological awareness & components of training effects, reading performance, 1st graders (mean age 7.2) with low phonological awareness, 37681
training in phonological awareness, long-term reading & spelling performance & risk for dyslexia, kindergartners with low metalinguistic competencies, 4-mo followup, 37682
use of diacritical marks in Reading For Sure intervention, primary & secondary school children with learning difficulties, 18 mo follow-up, 16002
utility & validity of computerized vs full vs short form of baseline literacy measure & prediction of reading achievement, 4–5 yr olds entering school, 1 yr followup study, 16379
violent behaviors, 11–18 yr olds reading at vs below grade level, 24403
word recognition & reading comprehension & developmental perspective on characteristics of hyperlexia, children , 18150

Reading Skills [See Also Reading Comprehension, Reading Speed]—Books

Handbook of college reading and study strategy research, 38852

Reading Skills [See Also Reading Comprehension, Reading Speed]—Chapters

Constructing meaning: The role of decoding, 32273
Learning to read Chinese: The development of metalinguistic awareness., 15958
Phases of development in learning to read words, 32272
Reading tests, 36044
Reading, writing, and the college developmental student, 38915
Searching for determinants of performance in complex domains, 10226
A Vygotskian interpretation of Reading Recovery, 9457
What every teacher should know about phonological awareness, 15929

Reading Speed—Serials

age at injury & laterality of contusion, reading fluency & comprehension & decoding accuracy, children & adolescents with closed head injury, 11869
clinical measurement of rate of reading & discourse, male vs female 19–31 yr olds, 36679
color overlays, reading rate & texture segmentation, 6–17 yr olds, 36186
discourse function & processing cost, processing of noun-phrase anaphors & reading time, college & graduate students, test of informational load hypothesis, 36207
global processing speed & title & author recognition & naming time & reading ability when naming familiar stimuli, 7–13 yr olds, 30174
number of letters masked vs size of mask in simulated scotomas, reading rates & eye movements, 22–44 yr olds, 16483
plausibility & argument vs adjunct of the verb structure of prepositional phrase in sentence, reading time & eye movements & sentence comprehension, adults, 245
rapid naming & reading & phonological awareness & recognition of letters during quick spell test, 2nd & 3rd graders, 10761
segmentation vs whole word training, acquisition of word-recognition skill, fast vs slow namer second graders with poor reading skills, 21399
speed reading training, eye movement characteristics & comprehension, 20-43 yr olds, commentary, 33355
speed reading training, reading ability &eye movement characteristics & comprehension, 20-43 yr olds, commentary reply, 33338
tactile-kinesthetic strategy & speeded letter-by-letter treatment, letter by letter reading, 67 yr old male with pure alexia & impaired letter naming, 22284
working memory limitations, reading rate for effective prose recall, college students &/vs older adults, 36226

Readjustment (Psychosocial) [See Psychosocial Readjustment]

Readmission (Hospital) [See Hospital Admission]

Readmission (Psychiatric Hospital) [See Psychiatric Hospital Readmission]

Realism (Philosophy)—Serials

criticism of epistemological subjectivity & call for objectivity & restoration of critical realism in psychoanalysis , 28370
objective reality as a troublesome concept among psychoanalysts, 27430
realism & current status of psychoanalysis in light of postmodern critique of forms of knowledge, 44 yr old female patient & analyst, 28372

Realism (Philosophy)—Chapters

Across the S–S divide, 4342
As one in a web? Discourse, materiality and the place of ethics, 4330
Evolution and self-evidence, 32947
Fragments in the realization of relativism, 4353
Language, practice and realism, 4339
Overview: Realism, relativism, social constructionism and discourse, 4337
The perverse and pervasive character of reality: Some comments on the effects of monism and dualism, 4351
Psychology's subject: A commentary on the relativism/realism debate, 4341
Social constructionism and revolutionary socialism: A contradiction in terms?, 4355

Reality—Serials

analysis of truth–lie discussions in interviews with 1.8–14.7 yr olds, implications for forensic interviews, 13942
beliefs about materialist vs transcendent consciousness & reality, adults, 310
cross-modal imagery & age, reality monitoring in auditory & visual modalities, 6 yr olds vs 9 & 10 yr olds, 10784
differences in decision criteria based on source monitoring situation, reality monitoring judgments, college students, 16631
emotional valence of event & individual differences in absorption on phenomenal characteristics associated with real & imagined events, 17–35 yr olds, 19805
group fantasy of peace & prosperity & politics of unreality during presidential years of W. Clinton, 1149
hypnotic vs nonhypnotic regression techniques, creation & beliefs in reality of false memories from infancy, high vs medium vs low hypnotizable college students, 26463
language & reality nonenclaturism as a basis for postmodern therapeutic practice, 8765
nature of reality & epistemological implications of modernity & postmodernism for scientific scholarship in social/behavioral sciences, 33534
objective reality as a troublesome concept among psychoanalysts, 27430
realist judgement errors regarding out-of-date pictures & words as representations of referents, 3–4 yr olds, 30193

Reality—Books

The creation of reality in psychoanalysis: A view of the contributions of Donald Spence, Roy Schafer, Robert Stolorow, Irwin Z. Hoffman, and beyond, 30558
Social constructionism: Discourse and realism, 4324

Reality—Chapters

Five kinds of self-ignorance, 17698
Getting a grip on reality, 16620
The perverse and pervasive character of reality: Some comments on the effects of monism and dualism, 4351
Suggestion, imagination, and the transformation of reality, 36106
What is to be done? (With apologies to Lenin!), 4350

Reality Testing—Serials

childhood abuse & adult tendency toward use of repression & relation to reality testing & dissociation & emotional distress, 18–30 yr old females reporting childhood sexual &/or physical abuse, 30816
object & source memory for visually perceived or performed vs imagined events, college students, 29627
reality testing in psychoanalysis & for understanding transference in treatment, case example of 30 yr old female patient, commentary, 18652
reality testing in psychoanalysis & for understanding transference in treatment, case example of 30 yr old female patient, 18650
relationships between object relations/reality testing functioning & coping skills & somatic tension, supervisors & managers, 33987

Reality Testing—Chapters

Reality monitoring, psychological tools, and cognitive flexibility in bilinguals: Theoretical synthesis and pilot experimental investigation, 6885

Reality Therapy—Chapters

Reality therapy approaches, 2191

Reasoning [See Also Inductive Deductive Reasoning]—Serials

abductive theory in identifying client's psychological difficulties & subsequent clinical reasoning & assessment, clinicians, 25677
affect-based vs cognition-based dissonance, strategies & motivated reasoning & health-related persuasion, female college & graduate students, 29573
age & learning disability status, development of proportional structures of thought, 2nd & 4th–7th graders with vs without learning disabilities, 34461
analytical methods used in test preparation coaching, SAT I Reasoning Test scores, examinees, 26233
application of process tracing approach to analysis of difficulties in problem solving & diagnostic reasoning, senior operations personnel identifying multiple faults in simulated control system, 10128
automatic reasoning & help & human errors in using an operating system, intelligent help systems, 32474
Bayesian inference & relationship between cognitive algorithms & information format, college students, Austria & Germany, implications for teaching statistical reasoning, commentary reply, 19810
Bayesian inference & relationship between cognitive algorithms & information format, college students, Austria & Germany, implications for teaching statistical reasoning, commentary, 19823
Bayesian inference & relationship between cognitive algorithms & information format, college students, Austria & Germany, implications for teaching statistical reasoning, commentary, 19815
bidirectional reasoning in decision making by constraint satisfaction, college students, 10103
care-based moral reasoning, male vs female 10–13 yr olds, Canada vs Norway, 20609
clinical skills educational intervention, errors in diagnostic reasoning, 3rd year medical students, 2751
cognitive differences between reasoning with self-constructed external representations & presented representations, 19802
compositional model of reflective agency in meta-reasoning processes & information states, 22760
conditional vs probabilistic reasoning in predicting paranormal belief, 18–75 yr olds, 36296
conjunction fallacy & potential surprise theory & conjunction rule violations in probabilistic reasoning & strength of positive conditional relationship between component probabilities, 14–19+ yr olds, 3541
contextual reasoning ability via Cognitive Bias Task, patients with schizophrenia (mean age 29.6 yrs), 24294
critical thinking disposition & locus of control, evaluation of teaching strategies, college students, 32287
cross cultural differences in justification of interpersonal aggression, college students, Japan vs Spain vs US, 17991

cultural differences in dialectical vs Aristotelian logical thinking & reasoning about contradiction in proverbs & social conflict resolution & other information, Chinese vs American college students, 29588
developing ability, class & propositional reasoning skills, 7–13 yr olds, 33624
development & validity & reliability of Moral Interpretation of Interpersonal Violence Scale, 5–12 yr olds watching more fantasy vs realistic tv violence, 35883
development of calibration-based reasoning about collision events, 5.5 & 6.5 mo old infants, 4437
development of expectations & reasoning about when objects should be occluded, 2.5 mo olds, 33606
developmental patterns in social & physical transitive inferences using linear & nonlinear dimension problems, 6–11 yr olds, 20508
developmental trends in conceptualizations of family & family loyalty & reasoning through parent–child ethical dilemmas, 5–10 yr olds, 14021
directed thinking about reasons or actions to make studying enjoyable, intentions to study, college students, implications for other beneficial activities, 29590
disruptive effects of deliberation on attitude & judgments, 27267
effects of dual intervention program to enhance moral reasoning & perceived efficacy, 5th & 6th graders, 15966
escapist reasons for drinking as moderator of relationship between work stress & alcohol intake & alcohol related problems, adults, 8350
explicit teaching about biases in cognitive reasoning & introduction of Bayes' theorem, clinical reasoning & diagnostic skills, 4th yr medical students, 28863
expressive & receptive vocabulary & word list learning & abstract reasoning & episodic & verbal semantic memory, 16–65 yr olds with lateralized vs extra-temporal lobe epilepsy, 28153
familiarity/rationalization of permission rules & social contract forms in facilitatory rules & pragmatic determinants of conditional reasoning on Wason Selection Task, 8 vs 10 vs 11 yr olds, 23696
family climate & mother vs father parenting style & relations & dialogue & responsiveness to child's voice, moral socialization & moral reasoning, 12–16 yr olds, 2 yr study, 20598
framework for human computer interaction design in support of instruction in qualitative reasoning, medical students, 9440
game theoretic analysis behavioral interpretation of rational choice & equilibrium strategies in international relations, 33803
impact of argumentative contexts on deontic decisions & role of cogaitive reasons & sympathy in decision, adults, 13282
importance of both analytical & intuitive skills in clinical reasoning & assessment & decision making, clinical psychologists, 25688
individual differences in reflective thought & reasoning & cognitive ability & arguments for vs against normative principle, normative behavior on decision making & problem solving, college students, 19834
individual differences in working memory & reasoning–remembering relationships, solving class-inclusion problems, college students, 228
instructional development workshops for teaching critical thinking, college faculty, 32182
intensity of punishment decisions & violation acceptability of & distinction among moral vs safety-related vs social–conventional transgressions, 4–5- vs 7–8- vs 10–11-yr-olds, 20611
jury deliberations, jurors' reasoning skills during murder trial, college students, 35827
justification effects, judgment of quality of match & discrimination of importance between stories with degrees of superficial vs analogical similarity, college students, 36238
learning of mathematics & reasoning about proving & relation to everyday & mathematical language & argumentation about proofs, fifth graders, 28975
linguistic forms, matching bias in reasoning, 19–25 yr olds, 13350
medical education, moral reasoning & development, 1st–4th yr medical students, 2767
mental model theory of reasoning & prediction of cognitive illusions during inference in logical thinking, college students not trained in logic, 29570
mental models theory applied to content effects in conditional reasoning, 3rd vs 6th vs 9th graders vs adults, 4418
moral reasoning, professionals vs college students, 30531
motivated reasoning & biased characterization of an action, unethical behavior, male vs female undergraduates & graduates <30 yrs old, 7842
motivated reasoning vs managerial social account theories as explanations for promoting organizational change, employees, 32389
necessity-sufficiency relations & content effects & perspective shifts, performance on Wason four-card selection task, college students , 23076
normative justification for information gain in P. C. Wason's optimal-data selection task, commentary, 10110
normative justification for information gain in P. C. Wason's optimal-data selection task, commentary reply, 10087
peer acceptance & friendship adjustment & social behavior, moral reasoning, 10–13 yr old males vs females, 20606
perception of rational action to interpret behavior as goal directed action without agency cues, 6- vs 9- vs 12-mo olds , 36740
perceptions of political & moral & cognitive attributes of target's decision making & reasoning in moral dilemma, 20856
priming effects in arithmetic reasoning & implicit memory, 38 yr old male with severe amnesia, 28142
problem-solving performances in inferential reasoning mode in electronic circuit troubleshooting task, novices vs experts, 19796
rational choice on non-finite sets by means of expansion–contraction axioms, 3558
rationality & factors affecting voting behavior & political participation, older adults (mean age 70.2 yrs), 36993
real options reasoning in entrepreneurial risk taking, 12877
reason-giving for & rumination in response to depression, reactions to activation- vs insight-oriented psychotherapy, 20–65 yr olds, 28280
reasoning about structured objects & grasp of borderline case & unexcluded middle, 3–4 yr olds, 26998
reasoning processes & feasibility & effects of Metaplan for teaching problem solving, students & residents & experience physicians, 2763
relationship between counterfactual thinking and causal attributions, 29599
relationship between social competence & sociomoral reasoning & self-reported delinquency, 13–17 yr old convicted male offenders, 11673
relevance & premise order, mental model of spatial reasoning & problem solving, 15–17 yr old French students, 10149
reversed order of usual premise-conclusion presentation, conditioned reasoning, adults, 3540
role of reasoning in diagnosis & assessment, clinical neuropsychologists, 25675
semiotically relevant concept of abduction & process of cognition, 6868
sequence of pretest & verbal distractor & listening to 1st movement of Mozart piano sonata, Mozart effect as seen in performance on spatial reasoning task, college students, 29600
sex, reasoning about & justifications for military intervention, male vs female college students, 1171
spatial-reasoning performance immediately after exposure to Mozart piano sonata, experimental replication, 29463
statistical decision theory & Bayes' theorem in framework for psychology of clinical judgment & decision making, 28564
status vs epistemic authority representations & moral reasoning alone & in dyads, children (mean age 9.5 yrs), 27060
training to break barriers of habit in reasoning about unusual faults, concurrent verbalizations & actions & fault diagnosis accuracy, senior process-control plant operators, 32349
types of reasoning & responses to ethical dilemmas, teachers of children with severe & profound intellectual disability, 19224
typical errors of reasoning in child abuse inquiries, child protective services professionals, 35236
typology of delayed & reactive & intentional murder responses & understanding & reasoning about their behavior, females (mean age 29 yrs) convicted or murder, 27912
use of incompatible solutions to representations of same problem to raise awareness of inconsistent reasoning via infinite set activity, mathematically talented secondary students, 19268
verbal explanations for responses to transitive reasoning tasks & fit of unidimensional item response theory model to data, 2nd–4th graders, 9978

Reasoning [See Also Inductive Deductive Reasoning]—Books

Broken dreams: Reflections on reason, knowledge, and power, 26892
Dynamic memory revisited, 36280
Improving statistical reasoning: Theoretical models and practical implications, 26421
Reasoning and thinking, 26418
Who is rational?: Studies of individual differences in reasoning, 16613

Reasoning [See Also Inductive Deductive Reasoning]—Chapters

Can suicide be rational? Yes, sometimes, 11577
Deliberation reasons and explanation reasons, 26425
Descriptions of orientation and structure in perception and physical reasoning, 16464
Imagery, visualization, and thinking, 187
Learning by doing, 22497
Reasoning processes and the quality of reasoning, 6223
A survey on experimental beauty contest games: Bounded rationality and learning, 6888

Recall (Learning) [See Also Cued Recall, Free Recall, Serial Recall]—Serials

absolute vs relative positional errors, short term memory for serial order, university students, 36259
accuracy & suggestibility following witnessing of criminal vs neutral event, 1st graders, implications for assessing children's memory performance in criminal eyewitness situations, 13012
accuracy of recall for past personal memories, college students, 36272
age & performance & item relatedness, verbatim vs gist recall of verb–noun pairs, 60–80 yr old vs 18–25 yr old Ss, 16635
age & testing at preferred vs nonpreferred times, false memories in free recall, 18–25 vs 60–90 yr olds, 6908
alphanumeric vs iconic formats of the Flight Mode Annunciator, recall & comprehension of flight modes, male 21–33 yr olds, 296
Apolipoprotein e4 allele, cognitive decline on delayed recall performance, 59–95 yr olds with e3/e4 vs e3/e3 genotype, 4–5 yr followup, 7614
association between contextually based retrieval strategies necessary for prospective remembering & those employed in autobiographical recall, 59 yr old female with meningioma & dysexecutive problems, 11946
association between self judgments & later conscious recollection, college students, implications for models of recognition memory, 10193
attempted replication two component theory of suffix effect, college students, 36251
auditory vs visual presentation & irrelevant information & phonological similarity, word recall, undergraduates, 26449
automobile license plate alphanumeric codes & exposure time & readability & memorizability & reproducibility, male college students & field participants, Saudi Arabia, 29619
belief that donation amount was known vs unknown, memory & recall of charitable donation amount & frequency, 17–48 yr olds, 7844
bizarre imagery, recall, high school students, 23724
body image anxiety, recall & judgment & affective response to appearance related feedback, 18–51 yr old females, 1355
brand name's suggestiveness & decision task, brand information encoded & recalled, college students, 39026
categorization of action words used to describe robbery & individual differences in event duration estimates, college students, implications for eyewitness testimony , 19842
category salience & focus, judgments of set size & frequency of occurrence during recall tasks, college students, 13266
changes in functional regional brain activity measured via blood flow during recall of abstract designs under less vs well practiced conditions, 22–29 yr old right handed males, 20130
changes in word & story recall, 55–70 vs 71–86 yr olds, 6 yr study, Canada, 13311
chronic pain, processing & recall of self- vs other-referenced pain-related information, 10.5–16 yr olds with vs without juvenile arthritis, 31059
cognitive ability profiles as predictors of response to mnemonic training, serial word & proper name recall, community-dwelling 55–88 yr olds, 2 wk study, 36268
cognitive interview &/vs conversation management training, perceived quality of perpetrator descriptions, police officers, 32559
cognitive interview reinstate context vs mental & physical context reinstatement vs multiple reinstatement of context, recall, 19–46 yr olds, 1-wk & 3-mo followups, 29628
cognitive interview technique, information recall, 19–59 yr olds with learning disabilities, 30987
cognitive interview techniques & eyewitness memory recall, commentary, 32517
cognitive interview, correct & incorrect recall, 29638
concrete vs abstract news items with vs without addition of representative picture, recall of news items, college students, 6900
concrete vs abstract words & word length, spoken vs written serial & backward vs forward recall & maximal speech rate, college students, 29654
confabulation with preserved memory verification & impaired memory search abilities, 40 yr old female patient with brain damage, 24796

content vs form variables, prediction of recall & readership & evaluations of business to business print advertising, readers, 6402
copying strategies, recall of Rey-Osterrieth Complex Figure, 9–13 yr olds with vs without learning disabilities, 37673
culturally relevant reading material, reading comprehension & recall, African American 1st–4th graders, 2902
daily vs retrospective accounts of coping during exams, undergraduates, 20943
delayed imitation & recall of complex behavioral sequences with vs without practice, 14–16 mo olds, 7394
demand characteristics of item vs list method of directed forgetting & impact on memory performance, college students, 16648
demand characteristics, causal attributions for recall & recognition of critical lure words, college students, 16645
dexamethasone, REM vs non-REM sleep-related recall & procedural memory, 21–34 yr old males, 10639
diagnostic suggestion, clinical judgment & recall of patient autobiographies, counselor trainees, 19156
dissociation logic approach to attentional processing in flanker recall & flanker validity effect, college students, 19831
divided attention, encoding or retrieval on recall or task performance, males with alcoholic Korsakoff syndrome & patients with amnesias of varying etiologies, 18354
early declarative location memory & recall for hidden objects, older vs younger 7 mo olds, 33623
effect of stress caused by cystourethrogram vs pediatric assessment & props on recall of event, 3.1–5.6 yr olds, 18810
emotional valence of event & individual differences in absorption on phenomenal characteristics associated with real & imagined events, 17–35 yr olds, 19805
ERP correlates of memory for new associations in associative recognition & recall, 17–31 yr olds, 20173
ERP differences associated with intentional vs incidental memory retrieval, undergraduates, implications for dual-process theories of recognition memory, 23378
executive control of long term visual memory retrieval, monkeys, top-down signal evidence from prefrontal cortex, 36467
exogenous corticosteroid exposure & recollection of traumatic events & role in depression etiology, 12+ yr olds, 21103
expertise level & processing time, case recall & diagnostic accuracy, internists vs 2nd vs 4th vs 6th yr medical students, 3600
exposure to rhyming vs prose stories, retention & recall of setting & attempt & outcome information, preschoolers, 30167
false recall & recognition for critical targets from word lists, college students, 19867
false recall & recognition with lists of phonologically related words, adults, 10216
false word recall & recognition, 29–65 yr old nonamnesic patients with frontal lobe damage vs amnesics with medial temporal lobe or diencephalic region vs medial temporal & frontal lobe damage , 24830
false word recall & recognition, young vs healthy old vs healthy old-old adults vs adults with mild vs very mild dementia of the Alzheimer's type , 24777
fan effect in theory of adaptive control of thought-rational vs theory of concept suppression in recognition memory, 16 yr olds & older, 19692
fan effect in theory of adaptive control of thought-rational vs theory of concept suppression in recognition memory, 16 yr olds & older, comment, 19696
fan effect in theory of adaptive control of thought-rational vs thought of concept suppression in recognition memory, 16 yr olds & older, comment reply, 19693
glucose dose-response curve, recall primacy & other memory processes, 17–48 yr old females, 717
group size varied for sex & academic status, social categorization & individual recall of group members in name-matching paradigm, 18–25 yr olds, 27336
impact of perceptual similarity & cognitive distraction & retrieval context on source monitoring, cryptomnesia, college students, 37113
implicit & explicit memory for threat & anxiety words, high- vs low-anxiety-sensitive undergraduates in high vs low arousal condition, 16652
information available in graphic displays & task difficulty & working-memory load & organization of information, ability to keep track of rapidly changing information, college students, 29215
instruction in professional acting techniques followed by rehearsal & performance of theatrical scenes, recall & recognition, 65–82 yr olds, 30261
interacting in related event, recall & accounts of events, 4 vs 6 vs 9 yr olds, 885
ironic effects of heard vs read word repetition, age-related memory performance, undergraduates vs 60–94 yr olds, 6909
keyword mnemonic, learning speed & immediate recall & long-term learning & retention of 2nd language vocabulary words, college students, reply, 26450
keyword mnemonic, learning speed & immediate recall & longterm learning & retention of 2nd language vocabulary words, college students, commentary, 275
lecture-based distance education supplemented by individual study vs interactive multimedia vs cooperative learning, knowledge of lecture material & enjoyment of experience, college students, 12647
line drawing portraits vs interactive illustrations of mnemonic keywords, recall of music history, 6th graders, 6140
list length & retention interval & disruption of rote rehearsal & order cues by irrelevant sound, recall of item & order information in free vs serial recall task, adult Ss, 3583
long term verbal recall of play script 20 days vs 5 mo after original learning & influence of motoric cues, actors, 19859
math-fact retrieval hypothesis of mathematics performance, males vs females, 25763
math-fact retrieval hypothesis underlying math test performance, males vs females, commentary, 25766
math-fact retrieval hypothesis underlying math test performance, males vs females, 25778
math-fact retrieval hypothesis underlying math test performance, males vs females, commentary reply, 25779
math-fact retrieval hypothesis underlying math test performance, males vs females, commentary, 25786
maturation of retrieval & articulation processing rates related to short term memory digit span, 7–8 vs 9–10 vs 11–12 yr olds, 13934
memory &suggestive questioning & recall of final occurrence of repeated events with fixed vs variable items, 3–8 yr olds, 36759
memory of naturalistic event following neutral vs inaccurate information, 6 vs 9 yr olds, 13955
mental vs written networking, recall, female college students, 6901
misleading information with vs without inoculation procedure about misleading postevent information in written vs videotape vs written & videotape form, memory of videotaped events, 18–50 yr olds, 13361
misleading vs inconsistent postevent information & 1 vs 3 post-target participations, recall of criterion-learned information & retroactive inhibition & interference, 7 yr olds, 23144
mnemonic & traditional instruction, recall of difficult to memorize multiplication facts, elementary & middle school students with learning disabilities, 35546
modifications & revisions for use of cognitive interview technique in enhancing memory recall, 7–12 yr old victims or witnesses to crimes, implications for social work practice, 26050
mood state & positive & negative affectivity & extraversion & neuroticism, emotional processing & recall & judgment on mood- & trait-congruent cognitive tasks, undergraduates, 37168
morphine analgesia, state-dependent recall of FR-10-conditioned lever-pressing, male rats, 17102
multiple free recall vs mnemonic recall strategies in cognitive interview, correct information recalled, 19–21 yr olds, 29625
neural circuitry used during recall of rehearsed vs novel word lists, schizophrenic (mean age 30.7 yrs) vs healthy (mean age 28.6 yrs) Ss, 14544
neuroanatomical correlates of encoding & retrieval in episodic memory task, adult males, 7054
neuropsychological bases of creativity & assumptions of induced recall of poetry & prose as psychotherapeutic treatment, 2432
news frames, thoughts & recall, college student readers, 36689
nicotine, improvement in word recall & lexical association & role of effortful processing, 20–44 yr old minimally deprived smokers, 4259
nutrition brochure format, recall, females (aged 20–30 vs 40–50 vs 60–70 vs 70+ yrs), 35121
order of sequence of sentences in narrative text, metamemory judgments & object-level recall, 18–40 yr olds , 19843
organization of behaviors by Big Five personality traits in person memory, college students, 29629
perceptual processing speed & age, immediate & delayed activity recall, 20–85 yr olds, 30162
performance on graphic & gestural skills tasks & sequential recall of spoken words from different word categories, aphasic 32–75 yr olds, 5408
phlorizin with or without insulin, facilitation of memory storage & retrieval & retention in inhibitory avoidance task, male Swiss mice, 10544
pictorial mnemonic numeric system, factual memory, 5th–6th graders & college students, 23701
presentation format with vs without program reference of news teasers, recall & comprehension of TV news, college students, 4386
presentation format, arithmetical-fact retrieval processes, French-speaking vs Dutch-speaking college students, commentary, 3585
presentation format, arithmetical-fact retrieval processes, French-speaking vs Dutch-speaking college students, commentary reply, 3592
propranolol vs nadolol before watching neutral vs emotionally arousing slide show, event recall & recognition, college students, support for blockade of peripheral beta-adrenergic receptors , 4284
question format & other situational factors, memory & suggestibility, 4–7 yr olds, 10769
quinpirole, acquisition of second-order fear conditioning, rats, 10630
recall & content of early vs later (after age 7) memories & questionnaire prompt in 2nd session, male vs female (mean age 24 yrs) college students, implications for theories on infantile amnesia , 19870
recall & recognition in print advertisements, consumers, 6407
recall & recognition of actions & details in central & peripheral content of viewed film, 21–26 yr olds, implications for accuracy of eyewitness testimony, 29272
recall & understanding of information given at time of preterm vaginal vs caesarean delivery & symptoms of depression, 17–40 yr old mothers of at risk preterm babies requiring neonatal intensive care, 35077
recall accuracy & uncertainty in location memory, college students, implications for use of methodology in design of & optimization of information retrieval in pictorial databases, 26443
recall of & attitudes toward comparative advertisements, adults, Canada vs Great Britain vs India, 6399
recall of object-specific actions & multi-step event sequences over 5 wks, 9 mo olds, 10762
recall of relative importance of ideas in stories, elderly patients with Alzheimer's disease vs neuropsychiatric disorders, 11912
recent exposure to information, memory of general knowledge estimation & recall, college students:, 10218
recreational use of 3,4-methylenedioxymethamphetamine, immediate & delayed recall, polydrug & other drug users, 11631
regular vs randomized sentences & nouns vs prepositions & assimilation in salience, recall, 18–22 yr olds, 23140
repressive coping style, processing & recalling information about rape, females, 11212
retrieval & response latencies of semantic memories, patients with Alzheimer's disease (mean age 75.1 yrs) &/vs Huntington's disease (mean age 47.2 yrs), 24844
retrieval induced forgetting in episodic memory, college students, 36252
retroactive interference for paired word associations, metamemory ratings of feeling of knowing & judgments of learning, undergraduates, 23145
revised generate-recognize model of recall, production & recall & recognition of high-frequency & low-frequency words, college students, 36257
role of item strength in output interference in recall, university students, 272
role of memorization strategies & imagery ability in recall of gymnastics routine, skilled vs less skilled 8–13 yr old female gymnasts, 30169
rotation of Rey complex figure during copy & recall, 8.10 & 10.8 yr old males with normal perceptual & cognitive development, 26990
saline vs methylscopolamine vs scopolamine, lamb odor recognition memory, parturient ewes, 10572
scientific text variables, comprehension & recall & problem solving, 10th graders, 6166
self-awareness deficit in memory functioning & effects of practice & feedback on self-reporting–recall differences, 21 yr old male brain injury survivor 5 yrs post-injury, 31316
sentence ambiguity, recall & recognition of story information, aggressive 3rd–5th grade males , 37450
sexy male or female advertisement models, attitudes toward & recall of advertisement & brand name, male vs female undergraduates, 6391
source-memory salience of 1st- vs 3rd-person vs non-narrator character agents vs text features in literary short story reading comprehension & recall, college students, 26390
spaced retrieval method, recall & memory, 73-88 yr olds with probable Alzheimer's disease, 28745
specificity & reliability & reversibility of tryptophan depletion method, mood & recall, healthy adults (mean age 27 yrs), 10598
specificity of word & tone working memory deficits, outpatients with schizophrenia, 8160
spoken medical instruction with vs without accompanying pictographs, information recall, junior college students with low literacy, 2472

static & dynamic contrast sensitivity & semantic object identification & verbal recall, patients (mean age 72.8 yrs) with Alzheimer's disease, 21569
stimulus perception interference, recall for high- vs low-imageability words, undergraduates, test of compensatory-processing hypothesis, 285
story causal structure, listening comprehension & recall of story events, 7–11 yr olds with ADHD, 27931
strategic vs nonstrategic learning, automatic & strategic retrieval of structure knowledge, college students, 13359
strength of original vs misleading information, memory for an event, 3–5 yr olds, 17270
text–melody relationship of songs in cultural contexts & cognitive processes involved in song-learning & recall, Cantonese-speaking & children in other cultural contexts, 20487
time delay & interference, encoding & recall of backgammon positions, 19–31 vs 58–65 yr old experienced backgammon players, 20528
time since hearing vs not hearing ambiguous emotional narrative, number of details recalled vs generation of false story, college students, 3594
true memory for presented list words vs false memory for nonpresented but related items, college students, 29643
type of aphasia & level of abstraction & length of icon sequence, learning of iconic encoding in recall task, 56–75 yr olds with anterior vs posterior aphasias, 5305
use of computerized interview with vs without adult present vs standard verbal interview, event recall & willingness to disclose secret, 5–6 vs 7–8 yr olds, 36703
use of syntactic priming in recall & production of simple vs complex phrases, adults, 10706
utility of maternal recall for obtaining history of obstetric complications, mothers of schizophrenic patients, 1573
verbal learning test vs word recall & California Verbal Learning Test, differential diagnosis of dementia, Alzheimer's patients (mean age 72.6 yrs), 34649
verbal vs enactment interview condition & child behavioral style & language skills, 1 & 6 wk recall of pediatric examination, 3 vs 5 yr olds, 17254
visually learned context generalization & content-independent memory retrieval & involvement of mushroom bodies, fruit flies, 33066
words & pictorial stimuli & analogous encoding & retrieval conditions over repeated trials, recognition vs recall hypermnesia, college students, test of alternative retrieval pathways hypothesis, 32965
words vs nonwords of short vs long spoken duration, pauses & speed of memory search & trace redintegration processes in verbal memory span, college students, 10104

Recall (Learning) [See Also Cued Recall, Free Recall, Serial Recall]—Chapters

Bringing ritual to mind, 16680
Effect of acute alcohol intoxication on recall and on judgments of learning during the acquisition of new information, 4313
List-length effect and continuous memory: Confounds and solutions, 16682
Recall of order information: Evidence requiring a dual-storage memory model, 16674
Recalling to recognize and recognizing recall, 16672

Recency Effect—Serials

increase in delay between study & test, shift in memory from recency to primacy, college students, 10197
order effects & accuracy of & confidence in memory for evidence in individual vs group decision making, auditors, 13261
order of evidence presentation & availability of background information, assessment of guilt, criminal law & social science students, 232
paradigms of sensory memory & trace discriminability theories of tactile recency, college students, 16649
recency & lexical preferences in Spanish relative clause attachments, Spanish speaking students, 32911

Receptive Fields [See Also Cutaneous Receptive Fields, Visual Receptive Fields]—Serials

basal forebrain stimulation, receptive field plasticity & discrimination in auditory cortex, male guinea pigs , 29781
competitive neuronal responses receptive field stimuli, attention in extrastriate visual cortex, male rhesus monkeys, 13580
locally linear model of receptive field-based learning system for incremental function approximation, 3213
map of spatial interactions in middle temporal area cell receptive fields, female monkeys, 23295
method for application of large-area vibrotactile stimuli to palms holding balloon during magnetoencephalography, somatosensory & auditory evoked fields, healthy Ss, 29450

Receptor Binding—Serials

3Hethylketocyclazocine binding to brain opioid receptors, alcohol-avoiding vs alcohol-preferring rats, 23353
5-HT-1B genotype & receptor binding kinetics, postmortem brains of suicides vs nonsuicides with vs without history of major depression vs alcohol/substance abuse vs pathological aggression, 27525
5-HT1A receptor agonist F11440, anxiolytic & antidepressant properties & corticosterone secretion & radioligand binding & drug discrimination, mice & rats & pigeons, 693
acute administration of hydrocortisone, 5-HT receptor function, 18–40 yr old males, 732
adenosine 2a neural receptor binding in postmortem basal ganglia, 41–75 yr olds with schizophrenia, 1600
aging, binding of 8-OH-DPAT to 5-HT receptors in brain regions regulating circadian timing system, male hamsters, 23304
agonist displacement of [3-H]ketanserin binding to platelet 5-HT receptors, healthy adults, implications for psychiatric disorders & their psychotropic treatment, 675
alpha-2 adrenergic receptor function, patients with premenstrual dysphoric disorder in follicular vs late luteal phase, 1520
alpha2-adrenoceptor agonist & antagonist, clozapine vs chlorpromazine activity, male rats responding for electrical stimulation of ventral tegmental area, 33455
alpha2AR density & agonist affinity & Gi protein coupling efficiency, panic disorder & imipramine-treated patients, 8178
alterations in brain benzodiazepine receptor binding, male schizophrenia patients, 21121
amnesic effects & binding properties to muscarinic acetylcholine receptor of trihexyphenidyl vs biperiden, male rats & mice, 30015
amphetamine & reserpine, D(subscript 1)-like dopamine receptor binding, monkey brains, 36540
atypical antipsychotic quetiapine vs haloperidol or clozapine, NMDA & AMPA glutamate receptor expression, male rats, 26855
autoantigen expression of DNA end-binding factor in tissues, adult NMRI vs Ku86-deficient mice vs rat embryos vs pups vs adults, 3815
autoradiographic comparison of binding to glutamate receptor sub-types in hippocampus & forebrain regions, food-storing marsh tits vs non-food-storing blue tits, 7089
beta-funaltrexamine, dose–effect curves for heroin self-administration, male rats, comparison with alteration of [3H]DAMGO binding, 709
binding of [125I]p-iodoclonidine to alpha-2 &/or beta-1 & beta-2 adrenoceptors in right prefrontal cortex & hippocampus, autopsied brains of 23–83 yr olds with major depression or schizophrenia , 24144
binding of pindolol to 5-HT type 1A receptors in frontal & temporal cortex & raphe nuclei, 21–23 yr old males, 26731
boldine vs glaucine, raclopride vs SCH 23390 striatal dopamine D1 & D2 receptor binding & apomorphine-induced climbing & sniffing & grooming & yawning & penile erections, male rats & mice, 10531
bupropion vs phencyclidine vs ibogaine, functional effects on nicotinic acetylcholine receptor subtypes, human muscle-type & ganglionic cell cultures, 7193
bupropion, plasma imidazoline receptor binding protein immunodensity, depressed patients (mean age 41 yrs), 25237
carbamazepine-induced upregulation of adenosine A1-receptors, signal transduction in primary astrocyte cultures from brain, rats, implications for treatment of affective disorders, 10541
changes in substance P & calcitonin gene-related peptide binding in dorsal horn of spinal cord after sciatic nerve poisoning with pronase, rats, implications for sensory processing in neuropathic pain, 16918
chronic ethanol exposure, down-regulation of cannabinoid receptor agonist-stimulated binding in synaptic plasma membrane, mice, 10536
chronic nicotine, antinociception & opioid receptor binding & met-enkephalin levels in striatum, rats, 23603
classical vs novel benzodiazepine receptor ligands, punished lever pressing & Vogel punished drinking & elevated plus-maze models of anxiety, male rats, 33409
compared central benzodiazepine binding characteristics & pharmacological profiles of 2 synthetic flavonoids with those of diazepam, male rats, 30003
correlation between dihydropyridine binding & measurement of behavioral signs of ethanol withdrawal, mice, 10378
density of benzodiazepine receptors in amygdala &/vs hippocampus & anxiety during memory & habituation tasks, anxious vs nonanxious vs normal male rats, 33245
desipramine, brain serotonin 2 receptor binding, 30–50 yr olds with major depression, 31714
desipramine, norepinephrine re-uptake transporter mRNA & 3H-nisoxetine binding, SK-N-SHSY5Y cells, 33517
distribution of dopamine D3 receptors & neurons positive for D3 mRNA vs dopamine D2 receptor/mRNA in subcortical regions of human brain, 7053
dopamine receptor mediated guanosine 5'-O-(gamma-[35S])thio)triphosphate binding in striatal membranes, rats, 36560
duration of cocaine withdrawal, measurement of striatal 6-fluorodopa uptake, male drug-free cocaine addicts (mean age 39.1 yrs), commentary reply, 14763
duration of cocaine withdrawal, measurement of striatal 6-fluorodopa uptake, male drug-free cocaine addicts (mean age 39.1 yrs), commentary, 14728
effect of galanin coadministration on vasopressin-stimulated flank marking & galanin binding sites in brain, male rats, 29996
effects of NMDA receptor antagonists MRZ 2/579 & MRZ 2/576, reinforced & nonreinforced responding for ethanol self-administration, male rats, 29981
egocentric vs allocentric spatial learning & reference memory, male transgenic mice with impaired glucocorticoid receptor function, implications for hippocampal involvement, 13592
etiological significance of C-45T polymorphism in Sp1 binding site of cholecystokinin gene promoter region of ventral tegmental area, 29–75 yr old Japanese alcoholics, 18059
exogenous testosterone administration, testosterone & prolactin levels & parental behavior & prolactin binding site activity, male dark-eyed juncos, 4263
glucocorticoid receptor binding, patients with anorexia nervosa or Cushing's disease, 21033
increased atmospheric pressure, behavioral & biochemical effects of ethanol & drugs that do or do not involve allosteric coupling on GABAA receptor complex, male mice , 10556
isoflurane vs ketamine anesthesia induction, dopamine D2 receptor binding of [18F]fluoroclebopride in basal ganglia, monkeys, 33236
juvenile isolation & morphine treatment, general & social activity & endogenous opioid release during social interaction test, male rats, 30064
kava-kava extract & pure kava pyrones vs imipramine vs amitriptyline vs brofaromine, inhibition of MAO-B activity in blood platelets, adults, 4282
KB-R7943, blocking of aspartate & glycine-elicited currents through NMDA channels in acutely isolated rat hippocampal neurons, 33487
MAO inhibitor, [3H]quinpirole binding in striatum, male rats, implications for behavioral sensitization to psychostimulants, 4196
nerve growth factor receptor antagonist ALE-0540, neuropathic & thermally-induced inflammatory pain & nerve growth factor binding, rats, 23563
neuroleptic & dopaminergic drug therapy for reduced dopamine binding sites, 43 yr old female & 61 yr old male with paranoid schizophrenia & parkinsonism, 5670
neuropeptide Y receptor agonists, food consumption, mice, 20306
NMDA receptor antagonists, locomotor activity & receptor binding, Short-vs Long-Sleep mice, 763
NRA0045 vs haloperidol or risperidone or clozapine, in vivo receptor occupancy of 5-HT2A & alpha1 & dopamine D2 & D3 receptors in frontal cortex & striatum & nucleus accumbens, male rats, 33377
number & affinity of platelet serotonergic binding sites in acute alcohol intoxication vs at day-1 withdrawal vs 2-wk abstinence, alcohol-dependent adult male patients admitted for detoxification, 37546
oil of wormwood vs thujone, cannabinoid receptor binding & evocation of cannabimimetic behaviors of pain perception & motor activity, male rats, 10623
olanzapine dosage, dopamine D-2 receptor occupancy & extrapyramidal side effects & therapeutic response, schizophrenic 19–55 yr olds, 25211
olanzapine vs other atypical vs typical neuroleptics, blockade of dopamine D1 & D2 & D3 & 5-HT2A & muscarinic receptors in brain, male rats , 10685
perinatal exposure to delta-9-tetrahydrocannabinol, morphine self-administration & regional binding to central mu opioid receptors, adult offspring female rats, 762
pharmacological characterization of serotonin antagonist S-Des-4-amino-3-iodozacopride, rat & mouse brain receptors, 7206
pharmacological profile of antipsychotic agent MS-377 with selective affinity for sigma receptors vs haloperidol vs sultopride vs risperidone, rats, 33492
pivagabine, stress reaction & antagonistic change in GABA receptor & corticotropin releasing factor & neurosteroid binding function, intact vs adrenalectomized-castrated male rats, 10658
plasma endogenous benzodiazepine-receptor ligands, patients with hepatic encephalopathy vs liver cirrhosis vs uremic encephalopathy, 2033
platelet alpha-2 adrenergic receptor coupling efficiency, males with combat-related PTSD, 11466

platelet intracellular calcium response to serotonin & thrombin, 18–65 yr old patients with panic disorder, 14618
quantitative autoradiography of mu-opioid receptor binding densities in CNS, alcohol-naive male alcohol-preferring vs -nonpreferring rats, 493
radioligand binding for novel hexapeptide analogs of neurotensin at molecularly cloned rat & human neurotensin receptors & behavioral & physiological effects after ip administration of these peptides, 30062
rapid displacement of clozapine & quetiapine from dopamine D2 receptors by competing compounds, implications for antipsychotic withdrawal & early clinical relapse in treatment of schizophrenia , 23580
receptor binding & behavioral & electrophysiological profile of corticotropin-releasing factor subtype-1 receptor antagonists, mice & rats, 20357
receptor binding in platelet membrane & role of 5-HT 2A receptor plasticity, patients with analgesic-induced transformed migraine, 5244
receptor binding of muscarinic antagonist [3H]AF-DX 384 in caudate putamen, deceased schizophrenic patients, 17903
receptor pharmacology & therapeutic & adverse effects of atypical neuroleptics, 21943
repeated injections of venlafaxine, receptor binding in alpha1-adrenergic & dopaminergic & serotonergic receptors, male rats, 30027
serotonin 5-HT2 & D2 receptor occupancy of clozapine & risperidone & olanzapine, 19–54 yr olds with schizophrenia, 12192
serotonin receptor 2A genetic variation, serotonin receptor 2A binding in prefrontal brain regions, postmortem brains of suicide victims , 34307
serotonin vs LSD vs paroxetine platelet binding, male vs female 24–75 yr old inpatients vs outpatients with untreated major depression, 17879
sigma-1 receptor agonists with vs without PCP, stereotyped behaviors, male rats, 692
single dose of nefazodone vs paroxetine, 5-HT_{2A} receptor binding, healthy 21–36 yr olds, 26820
striatal & temporal cortical D2/D3 dopamine receptor occupancy by typical antipsychotic drugs, 25–58 yr old schizophrenic patients being treated with antipsychotics, 34961
striatal dopamine D-2 receptor binding measured by iodobenzamide & SPECT before vs after selective serotonin re-uptake inhibitor, 29–71 yr old patients with major depression, 25183
striatal dopaminergic abnormalities, adult cocaine users, 10435
time course of 2-beta-propanoyl-3-beta-(2-naphthyl)-tropane vs cocaine, spontaneous locomotion & biogenic amine transporters, male rats, 4138
tricyclic antidepressants & fluoxetine, platelet alpha-2 adrenoceptor binding characteristics & treatment outcomes, medicated vs unmedicated patients with major depression, 12208
tropane analog self-administration & selective binding affinity for dopamine vs 5-HT transporters, male rats trained to self-administer cocaine, 26839
weaning vs repeated snaring, glucocorticoid receptor binding in brain, neonate vs adult pigs, 3867

Receptor Binding—Books

Imidazoline receptors and their endogenous ligands: Current concepts and therapeutic potential, 28270

Receptor Binding—Chapters

Attenuation of tolerance to opioid-induced antinociception by idazoxan and other I_2-ligands, 26868
Behavioral effects of RS-45041-190, a selective I_2 imidazoline ligand, in rats, 26870
Imidazoline receptors and human brain disorders, 27501
Plasma agmatine and platelet imidazoline receptors in depression, 27648

Receptors (Neural) [See Neural Receptors]

Recidivism—Serials

administrative per se laws & license revocation or suspension, drunk driving recidivism & traffic crashes, drivers arrested on DWI charges, 14743
adolescent-specific relapse prevention & recidivism reduction protocol, substance abusing juvenile offenders, 1835
Amity prison therapeutic community & aftercare program, reincarceration outcomes, male inmates treated for substance abuse, 12 & 24 mo follow-ups, 22299
automobile ignition interlocks for breath test of blood alcohol content, DWI recidivism, drivers, 16238
characteristics of re-offending patients from forensic psychiatric unit, 38641
characteristics of repeated referrals to child protective services in Washington State, 37459
chemical-dependency treatment program, recidivism, jail inmates, 2 yr followup, 9283
community-based case management, recidivism, recently released mentally ill offenders, 3 yr study, 2726
correlates of recurrence of physical abuse or neglect during child protective services intervention, families with substantiated reports of abuse, 34259
design & implementation of psychoeducational workshop in ethics-based decision-making to reduce criminal recidivism, 1st-time offenders of misdemeanors, 25428
efficacy of sexual offender treatment & recidivism & treatment type & location & decade of treatment & length of follow-up, sexual offenders, 22245
evaluation of liberal arts prison education program, success measured by recidivism, male former federal prisoners, 3 yr followup, 5991
evaluation of prison-based therapeutic community via rearrest rates, inmates with history of drug abuse (mean age 31.2 yrs), 25569
group treatment responses & recidivism to 1- vs 2-yr probationary sentences, adult male sex offenders with intellectual disability, 2166
incarceration vs court ordered domestic violence group treatment with vs without chemical dependency treatment, recidivism of battering, males (mean age 32.65 yrs) arrested for domestic violence, 12088
individual & group counseling, recidivism rates, 9–17 yr old juvenile delinquents, 6 mo followup, 19122
jail diversion program, number of days incarcerated in following year, seriously mentally ill detainees (mean age 33 yrs), 1 yr study, 38642
job quality, reduction of economic & non-economic criminal behavior, offenders, 14806
legal procedures for sentencing men convicted of sexual offenses from therapeutic jurisprudence perspective, implications for sex offender treatment & recidivism rates, 35374
method for sampling recidivism rates based on attention to access to care, clients in substance abuse treatment programs, 2697
outpatient treatment program consisting of cognitive–behavior oriented individual & group & family therapy, psychosexual behavior & recidivism, male sex offenders, 4–52 mo follow up, 8803
patient characteristics & needs & reoffending & violent behavior, 21–58 yr olds patients with schizophrenia formerly treated in medium security, 10 yr study, 21125
personality traits & criminal behavior & recidivism, 13–20 yr old incarcerated males, 4.5 yr followup, 14805
phallometric assessment of sex offenders for prediction of re-offending & monitoring of therapeutic interventions, 37601
predictive validity of HCR-20, assessment of recidivism risk, discharged forensic psychiatric patients, 11677
predictive validity of Psychological Inventory of Criminal Thinking Styles, prediction of release & disciplinary outcomes, adult female prison inmates, 11679
predictors of recidivism, male incest offenders, 21364
primary medical care & peer counseling & discharge planning, recidivism, female prisoners at high risk for HIV infection & reincarceration, 1 yr study, 25572
principles of effective correctional treatment & reoffending, female offenders, 38640
Psychopathy Checklist-Revised scores, prediction of violent recidivism, personality disordered violent offenders aged 16–72 yrs old, 21365
psychosocial risk factors associated with recidivism & predictors of survival in community, 10–17 yr old offenders, 1-yr followup, 24571
recidivism rates, adult incest offenders vs extrafamilial child molesters vs exhibitionists vs rapists, commentary, 11512
reconviction rates, criminal offenders with personality disorders discharged directly to community vs less secure psychiatric hospitals, 5–9 yr follow-up, 34237
relapse prevention model applied to sex offense recidivism, 14800
relationship between methadone treatment & reduction of criminal activity, male opiate-dependent 21–55 yr olds, 1987–1993, 2-yr followup, 25510
reoffending risk factors & effectiveness of combined vs gender-specific risk assessment instruments, 8–16 yr old male vs female juvenile offenders on probation, 9886
research on effectiveness of treatment for & recidivism of adult male sex offenders, 14796
research on effectiveness of treatment for & recidivism of adult male sex offenders, commentary on literature review, 24927
research on effectiveness of treatment for & recidivism of adult male sex offenders, commentary reply, 24907
residential aftercare following prison-based substance abuse treatment, recidivism, male inmates, 32068
review of the effectiveness of prison- vs non-prison-based sex offender treatment programs in reducing recidivism, 35375
risk factors for reoffending & psychopathy vs antisocial personality disorder, violent offenders, 30922
selected offense & treatment & personal history factors related to recidivism, first-time juvenile sex offenders, 5-yr retrospective study, 11674
surveys of referrals to police child protection units in England for recurrent maltreatment, implications for crime prevention, 37467
survival analysis of risk factors for chronic recidivism in child abuse &/or neglect, 37485
tracking recidivism in child maltreatment cases using administrative data, comment, 37456
Treatment Alternatives to Street Crime program, services received & drug use & criminal recidivism, offenders, 6 mo follow-up, 22289
treatment program type, recidivism reduction, criminals aged less than 16 to 21+ yrs old, mean 2 yr followup, Europe, 32544
usefulness of anger measures for prediction of violent & nonviolent recidivism, 17–64 yr old incarcerated male offenders, 35945
validity of Ministry Risk/Need Assessment Form measure of probation risk, male vs female 12–17 yr old Native vs non-Native offenders, Canada, 6 mo followup, 9891
vehicle impoundment, driving behavior, suspended & unlicensed drivers vs repeat offenders, 1 yr followup, 12974
victim impact panel DUI education program, probability of rearrest for drinking & driving, 16–51+ yr old DUI offenders, 6 & 12 mo follow ups, 28767
youth justice system responses, 12–17 yr old repeat offenders, 13010

Reciprocity—Serials

costs & benefits of allogrooming behavior, captive mangabeys, 16872
effect of small favor by confederate, compliance with request for charitable donation under public vs private conditions, college students, 37123
internal working models of self & others & peer perceptions of caregiving & supportive behavior & reciprocity between perceptions of & by others & attachment style, 10–12th graders at boarding school, 2954
level of family affection & degree of reciprocity of feelings, male vs female 6th–8th grade adolescents, 2 yr study, 17381
maternal kinship & reciprocity & dominance rank, social relationships, female baboons , 33149
mutuality & reciprocity & accommodation in relationships, abusive males & their female partners in therapy for psychological abuse, 28350
reciprocity with civilians & colleagues & police organization & burnout & attitudes toward & use of strategies in management of interpersonal conflicts, police officers, 26063
romanticism & reciprocity of affection & respect, interracial couples, 37056
service learning experience, awareness of reciprocity of benefits to self & to other, occupational therapy students & nursing home residents & community dwelling disabled, 6146
sociocultural factors, subjective vs objective perception of reciprocity of & quality in friendship & conflict & fun at school & home, East vs West Berlin 6.8–14 yr olds, 1991–1993, 17354

Reciprocity—Chapters

Reciprocation and learning in the Intergroup Prisoner's Dilemma Game, 7831
Reciprocity and cooperation in social dilemmas: Review and future directions, 7833
Sean: From solitary invulnerability to the beginnings of reciprocity at very early infantile levels, 37653

Recognition (Learning) [See Also Object Recognition]—Serials

ability of divided cerebral hemispheres to make processing discriminations based on spatial vs identity information, 46 yr old male & 47 yr old female callosotomy patients, 31203
absolute vs differential conditioning procedure & recognition strategy & visual field usage, pattern learning, honeybees, 13398
algorithmic modeling of architecture for visual development of learning object shape primitives, 29501
articulatory suppression, image subtraction & picture recognition tasks, college students, 32970
association between self judgments & later conscious recollection, college students, implications for models of recognition memory, 10193
attention-elaboration vs script-copy-plus-tag hypothesis of recognition of script-typical vs script-atypical information, adults, 225
awareness of recognition memory for English vs Polish folk songs heard 1 vs 3 times, English vs Polish nationals, 26438
behavioral patterns & ERP-assessed recognition memory, 25–83 yr olds with focal prefrontal vs hippocampal lesions, 18428

brain regions contributing to short & long-delay intracranial ERP repetition effects during continuous recognition memory, 12–42 yr olds with chronic medication-resistant epilepsy, 31237
changes in viewpoint, recognitional distinctive vs typical faces, 19780
clonidine, spatial working & short-term & recognition memory & planning functions, middle aged & elderly patients with Parkinson's disease, implications for role of alpha2-adrenoceptors, 38300
color of handler overalls, handler recognition & distance, Danish Friesian cows, 33073
commercially prepared exogenous equine serum butyrylcholinesterase, operant behavior & recognition learning, monkeys, 10616
computer simulation of & individual & overall p values for forced-choice recognition tests to evaluate suspicious memory loss, adults, 3587
conjoint-recognition model with identity–similarity distinction & process-dissociation model with recollection–familiarity distinction & related dual-process conceptions of memory, 10177
consistency between categories & attributes, attribute selection in hierarchical category learning, adults, 3557
consonant recognition & degree of spectral resolution of speech stimulus, 45–70 yr olds with sensorineural hearing loss, 31370
constancy-of-slopes generalization vs dual-process hypothesis of slope of receiver-operating characteristic in recognition memory, college students, commentary reply , 10190
constancy-of-slopes generalization vs dual-process hypothesis of slope of receiver-operating characteristic in recognition memory, college students, commentary , 10220
constancy-of-slopes generalization vs dual-process hypothesis of slope of receiver-operating characteristic in recognition memory, college students , 10191
context effects in recognition memory, undergraduates, 29630
contrast detection in fixed & random noise in foveal & parafoveal vision, adult Os, test of template learning hypothesis, 10019
contribution of memory impairment & executive dysfunction to pathogenesis of false facial recognition, 51 & 67 yr old male patients with focal frontal lobe damage, 24841
cross-cultural recognition of facial expressions in forced-choice vs free response paradigm, 15–60 yr olds, India vs US, 19887
cued recognition & recall for mildly threatening vs pleasant vs neutral words in repressors & non-repressors, 27–58 yr olds, 10179
cytotoxic lesions of anterior thalamic nuclei, behavioral tests that tax spatial or recognition memory, male rats, 6979
demand characteristics of item vs list method of directed forgetting & impact on memory performance, college students, 16648
development of clinical test for viseme recognition for Quebec French, 18–30 yr olds, 4365
developmental & cognitive correlates of theory of mind & emotion recognition ability, children with autism vs pervasive developmental disorder not otherwise specified, 34424
differences in strength- vs frequency-based mirror effects in recognition memory accuracy, adults, 294
discrimination & recognition of unfamiliar melodies & recognition of familiar melodies & their emotional tone, music agnostic female who sustained bilateral cerebral damage, 11924
distinction between remembering & knowing & effects of exact & category repetition in recognition memory, college students, 32956
distinctiveness heuristic & suppression of false recognition in pictorial encoding, older vs younger adults, 10214
effect of explicit memory mediation on indirect memory test involving white noise accompanying old vs new sentences, amnesic patients & normal adults, 19847
effect of retention interval on serial position curves for item recognition of visual patterns & faces, college students, 36262
empirical course of memory retention functions, college students, 29648
encoding & false recognition memory impairment, 54 yr old male patient with left frontal lobe damage, 24837
ERP correlates of memory for new associations in associative recognition & recall, 17–31 yr olds, 20173
ERPs during recognition memory paradigm assessing episodic priming & memory for temporal source, 21–28 vs 65–81 yr olds, 30266
event-related brain potentials during recognition of ordinary & bizarre action phrases following verbal & subject-performed encoding conditions, college students, 23095
exemplar similarity, automaticity development measured by RT in random pattern numerosity judgments, college students, commentary reply, 10206
exemplar similarity, automaticity development measured by RT in random pattern numerosity judgments, college students, commentary, 10211
exposure in correct form vs anagram in repetition priming of the recognition of proper names, college students, 13353
exposure to melodies & study-to-test time delays & timbre & study task changes, subsequent preference & recognition, adults, 239
face recognition & feature memory, topographic distribution of resulting ERPs, 24–38 yr olds , 10481
false recognition of unfamiliar people as familiar, 53 yr old male patient with multiple sclerosis, 24856
familiarity & recollection in item & associative recognition over wide range of retention intervals, college students , 32960
feeding-based arousal, visual recognition memory, infants tested as newborns & at 1 & 4 mo old , 20498
functional mechanisms underlying impairment of autonoetic awareness associated with recognition memory, patients with schizophrenia, 27663
functional mechanisms underlying impairment of autonoetic awareness associated with recognition memory, patients with schizophrenia, commentary, 27670
grouping interpretation of auditory superiority effect in immediate probed recognition, college students, 16656
hum signal variation, mate call recognition & preference, male morphs & gravid & spent female plainfin midshipman fish , 6996
illumination cues used in social discrimination & recognition, laying hens, 10308
individual recognition through whistles, wild bottlenose dolphins, 10353
instruction in professional acting techniques followed by rehearsal & performance of theatrical scenes, recall & recognition, 65–82 yr olds, 30261
intention to learn novel environmental tones, ERP activity during stimulation with frequent vs infrequent target tones vs infrequent novel environmental sounds & recognition memory, young adults, 20170
interference in recognition of fragmented pictures in 17–29 vs 64–89 yr olds & computational analysis of age-related inhibition deficit, 30179
lateral septal vasopressin in modulation of spatial memory & social recognition & anxiety-related behavior, male rats, 10565
lateral-masking flanker types & target eccentricity & spacing, recognition performance for target letter embedded in character string, 22–33 yr old Os, test of feature interaction account of vision, 10034
lateralization & functional inhibition by corpus callosum in bihemispheric neural network model of letter identification, 32507
left hand inferiority in performing matching to sample tasks involving letter & color recognition carried out in full vision, 82 yr old male with cerebrovascular accident in left hemisphere, 5376
memory & false recognition of faces, college students , 29624
mere-exposure effect & implicit vs explicit memory in face recognition, Alzheimer's disease patients, 8683
mirror self-recognition, adult lowland gorillas, 19954
models of & decision rules for recognition memory confidence judgments, 248
MRI assessment of hippocampal activity during delayed cued recognition & memory of linguistic material, adults, 26579
neurology & electrophysiology of imprinting & recognition memory, 13494
non-negative matrix factorization for learning parts of faces, 36162
object-specific practice & prior experience & recognition thresholds for plane-disoriented pictures of familiar objects, Os, 32918
olfactory cues, maternal recognition of lambs within first day postpartum, mother ewes, 33154
perceptual fluency used as recognition cues, adults (mean age 53.4 yrs) with amnesia, 18436
perceptual mechanisms for individual vocal recognition, male vs European starlings, 3703
pictorial facial repetition priming, semantic & familiarity judgments about & recognition of personal names, undergraduate students, 3532
positional transposition of radicals in Chinese characters, character recognition, native Chinese speakers, 23633
prefrontal cortex & recognition memory, adults, 530
profound experiences of recognition in psychoanalytic processes, analyst & patient, 15244
propranolol vs nadolol before watching neutral vs emotionally arousing slide show, event recall & recognition, college students, support for blockade of peripheral beta-adrenergic receptors , 4284
prototype effects for feature shifts vs head angle vs feature-location variations in face recognition, adults, 10181
radical & semantic relationship between target & prime, processing of Chinese characters in character decision task with phonetic compounds targets, native Chinese speakers, 23622
recall & recognition in print advertisements, consumers, 6407
recall & recognition of actions & details in central & peripheral content of viewed film, 21–26 yr olds, implications for accuracy of eyewitness testimony, 29272
recognition memory & isolation of retrieval time course for familiarity & source information, college students, 16654
recognition memory for object form & location, ERPs, 19–34 yr olds, 558
recognition of father's voice, 4 mo olds, 26952
recognition of tactile pictures, blind 8–13 yr olds vs sighted & blindfolded children receiving guided exploration, 2111
recollection & familiarity & dual-process signal-detection model, recognition & source-memory judgments, college students, 36278
reduced available perceptual information, magnitude of priming effects in recognition memory, adults with amnesia, 18403
relational processing & recognition of faces viewed as photographic negatives, 18–46 yr olds, 23034
remember–know judgments in old–new recognition conditions, college students, 16641
repeated presentation & testing of lists of semantic associates, false recall & recognition, 60–75 yr olds vs college students, 23139
response to & recognition of situations in dynamic system control task, 18–35 yr olds, implications for models of implicit learning & memory, 3586
revelation effect on episodic memory in processing before recognition judgment, college students, 16637
revised generate-recognize model of recall, production & recall & recognition of high-frequency & low-frequency words, college students, 36257
role of encoding & retrieval processes in producing gist-based false recognition to pictorial stimuli, old vs young adults, 19851
selective cholecystokinin subset B agonist, 2-trial recognition memory task performance, male rats, 23536
self-organizing neural architecture combining perceptual & recognition models to categorize & classify textured scenes, 19502
self-reported encoding strategy & facial recognition & general memory skills in eyewitness identifications, college students, 10127
sentence ambiguity, recall & recognition of story information, aggressive 3rd–5th grade males , 37450
serious vs light rock music videos, rating & recognition memory, college students, 32955
simulation of monaural & binaural amplification at several signal-to-noise ratios, nonsense syllable recognition, normal vs hearing-impaired listeners, 15054
spatial & temporal ERP mapping of semantic vs episodic cued recall & episodic vs recognition retrieval, 21–32 yr olds, 551
spatial frequency & retinal eccentricities, foveal & peripheral pattern recognition, Os & computer simulation of ideal O, 171
speaker vs speech rate vs amplitude variation, memory for spoken words, college students, 13346
studying high- vs low-frequency words, memorability judgments for high- vs low-frequency words made at list presentation vs during recognition test, undergraduates, 276
surface-form, recognition memory RT for notation in simple addition task, adults, 10215
teasers & teased students & teacher recognition, 6–13 yr olds, Finland, 2933
temporal vs spatial processing of perception of eyes vs whole face, evoked potentials, 26–39 yr olds, 29510
test of association of spontaneous trait inferences with actor vs action in priming recognition paradigm, college students, 13313
time delay & organization of words, rate of free & cued recall & recognition of word lists, 30–61 yr old amnesics, 24815
time delay, rate of free & cued recall & recognition of prose, 22–77 yr old amnesics, 24814
use of peak-shift paradigm to test properties of caricatures which may affect face recognition, college students, 13207
words & pictorial stimuli & analogous encoding & retrieval conditions over repeated trials, recognition vs recall hypermnesia, college students, test of alternative retrieval pathways hypothesis, 32965
word–object pair recognition, 8–14 mo olds, 888
yes/no recognition vs source monitoring test format, source-memory performance & eyewitness suggestibility, Ss ages 63–82 yrs, 16655

Recognition (Learning) [See Also Object Recognition]—Chapters
List-length effect and continuous memory: Confounds and solutions, 16682
Recalling to recognize and recognizing recall, 16672
Semantic radicals in phonetic compounds: Implications for visual character recognition in Chinese, 13325
Reconstructive Psychotherapy [See Psychotherapy]
Recorders (Tape) [See Tape Recorders]
Recovery (Disorders)—Serials
2 vs 3 time a week ECT, rate of recovery from depression, 21–84 yr old patients with major depressive episode, 5694
abnormal illness behavior identification procedure & psychological correlates of rehabilitation outcomes, stroke survivors, 12-mo study, 22246
abstinence, pattern of cognitive deficits & time-dependent recovery, 24–60 yr old male alcohol-dependent patients, 6 wk study, 32044
acute vs chronic MK-801, recovery of spatial memory, male rats with traumatic brain injury & bilateral cortical deafferentation, 7081
alterations in serotonin activity & psychiatric symptoms, females after long-term recovery from bulimia nervosa, 1895
anger suppression & fear of expressing anger in self silencing & anger attacks, adults recovering from depression, 27583
antecedents of recovery from social phobia, 15–64 yr olds, 24329
attitudes & characteristics & professional supervision preferences & education level, 22–75 yr old recovering & rehabilitated vs normal drug rehabilitation counselors, 38711
baseline NIH Stroke Scale & TOAST subtype diagnosis, power of outcome prediction, patients with ischemic stroke, 26128
caregivers perceptions regarding patients' ability to control depressive symptoms, depression recovery, geriatric psychiatry inpatients (mean age 77.2 yrs), 30652
clinical features & syndrome regression before & after surgical removal of tumor, 55 yr old male with Korsakov's syndrome with colloidal cyst of 3rd ventricle, 21318
clinical utilization of opinions & comments of recovering substance abusers, 2688
cognitive & psychosocial outcomes, 15–78 yr olds with mild–severe head injury & their relatives, 6 vs 12 vs 24 mo followup, 34642
concurrent & decision-making effortful tasks, allocation of attentional resources, depressed inpatients (mean age 35 yrs) during illness & at recovery, 21113
consequences of settling for response to antidepressant drug therapy rather than complete recovery in patients with depression & drug strategies aimed at recovery, 18739
criteria for assessment of improvement in patients with social anxiety disorder, 1637
CSF HVA & MHPG & altered dopamine neuronal function, females recovered from restricting type anorexia &/vs bulimia nervosa subtypes vs controls, 34501
definition of recovery & remission & relapse & recurrence of depression, 27642
definitions of prior alcohol problems & predominance of recovery from such problems with vs without treatment, 20+ yr old alcohol users, 28763
demographic & clinical characteristics in disorder recurrence after recovery, patients with major depressive disorder, 15 yrs of observational follow-up, 27615
developmental & crisis & shock & grief stages of codependent recovery, female spouses (aged 26–63 yrs) of sex addicts, 25088
disease course & remission, adults with generalized anxiety vs panic disorder, 5 yr followup, 11482
drug network characteristics & cessation of drug use, adult injection drug users, 32042
environment & attribution for recovery, adults with history of alcohol dependence, 32028
evaluating recovery from anorexia nervosa & bulimia nervosa, 34499
evaluation of neuropsychological assessments for brain damage & recovery processes, adults with severe head injuries with vs without post-traumatic amnesia, 34690
expressive language abilities, 25–59 mo old preschool recovered stutters vs persistent stutters, 37731
factors that influence recovery from eating disorders, 22–24 yr old female college students, 6-yr study, 21416
FRIENDS psychosocial rehabilitation program as peer support group model, people recovering from psychiatric disabilities, 19049
functional outcome as measured by ability to work or return to school after injury, 5–65 yr old males vs females with severe traumatic brain injury, 5349
functional recovery, 27–81 yr old stroke patients admitted for clinical rehabilitation with vs without depression, 6 mo followup, 28747
gender differences in abuse histories & perceived helpfulness of recovery experiences, therapists who are survivors of childhood sexual abuse, 24438
group cognitive-behavior therapy, changes in cognitions, recovered vs nonrecovered mood disordered patients following treatment for depression, 31531
high dose treatment with methylprednisolone & recovery, 27 yr old male with acute disseminated encephalomyelitis, commentary & commentary reply, 5634
how motivational readiness to change conceptualized within transtheoretical model contributes to recovery from substance abuse, implications for substance abuse treatment, 24521
integrated model of social psychological & organizational factors affecting recovery from stress & trauma of isolated vs chronic criminal victimization, 37602
language breakdown & recovery, 6 yr old male with acquired epileptic aphasia, 28216
long-term efficacy of antidepressant therapy for major depression, 21964
meaning & components of & perspective & model on recovery process, 26–59 yr old patients with psychiatric disabilities, 18496
methodological issues in collection & interpretation of data on treatment vs spontaneous recovery from early stuttering & relation to internal validity & speech data & posttrecovery period, commentary, 18222
methodological issues in collection & interpretation of data on treatment vs spontaneous recovery from early stuttering & relation to internal validity & speech data & recovery period, 18221
model of recovery from child sexual abuse trauma as spiral journey process, female creative arts therapy group participants, 38356
motor evoked potentials after exercise of thenar muscles, depressed vs recovering depressed patients, 30685
neurocognitive changes associated with substance abuse & nature of alcoholic deficit & recovery of function, alcoholics who do vs do not abuse other substances , 24531
newspaper articles about alcohol abuse recovery without treatment & drinking in moderation, beliefs about self-change & moderate-drinking recoveries, 19–71 yr olds, 11603
nocturnal sweating & temperature before & after recovery & impact of REM sleep on sweat rates, 27–68 yr old depressed patients, 37302
osteoporotic-linked femural neck fracture & pulmonary tuberculosis after convalescence & weight gain, 38 yr old female with anorexia nervous, 18186
pathogenesis & lesion localization & recovery, 30–91 yr olds with global aphasia without hemiparesis syndrome, 18 mo study, 14986
perceived locus of control & self-efficacy vs attributions of causality, long-term recovery from rape & PTSD, female 17–47 yr old victims of rape or attempted rape, 11474
persistency vs recovery rates of stuttering, 25–59 mo old preschool children who stutter, 4 yr study, 37734
perspectives of children's recovery from anorexia nervosa, parents of recovered anorexic daughters, 21430
phonological abilities, 25–59 mo old preschool recovered stutters vs persistent stutters, 37727
plasma & CSF leptin & neuropeptide Y & peptide YY, women recovered from anorexia nervosa or bulimia nervosa, 27974
post-stroke depression & functional recovery, 15 yr olds & older first-time stroke victims, 31263
predictive validity of Halstead Category Test as cognitive-ability correlate of motor-function recovery in upper-limb hemiplegia, 27–82 yr old stroke survivors, 29355
preoperative expectations of pain & rate of recovery & return to work, postoperative pain & disappointment, 20–77 yr old lumbar surgery patients, 3 day & 3 mo followup, 15407
pretrauma risk factors & war-zone stressors & posttrauma resilience-recovery variables & PTSD symptom severity, combat veterans, 11469
prevalence of & risk factors for & recovery issues in addiction, physicians, 27863
prevalence of comorbid personality disorders & prognostic significance for outcome, recovered vs nonrecovered schizophrenia patients (mean age 37.1 yrs), 24298
prognosis for recovery of mental & physical functioning, patients suffering a first stroke (23–92 yrs old), 34631
prognostic significance of cognitive impairment in schizophrenia & relation to disease course & recovery, implications for cognitive rehabilitation effectiveness, 24289
psychometric characteristics of Recovery Scale, patients in partial hospitalization program, 22860
rape trauma sequelae & psychological adjustment issues & culturally inclusive ecological model of sexual assault recovery, 11672
rapid vs intermediate vs non response to cognitive vs family vs supportive psychotherapies,13–18 yr olds with major depression, 2 yr study, 2171
reconstruction of positive identity & meaning in recovery process, patients with psychiatric disabilities, 19044
recovering vs nonrecovering status of counselor vs supervisor & perceived satisfaction with supervisory relationship, 22–68 yr old substance abuse counselors & their supervisors, 32133
recovery after psychotherapy treatment & use of base rate in sensitivity analysis of treatment effectiveness, 15129
recovery from post-concussional syndrome, 16–26 vs 40–56 yr olds with mild head injuries, 2068
recovery from severe treatment-resistant psychosis after coma from septicemia, 24-yr-old female who suffered brain injury at age 13 , 31183
recovery rate & relapse predictors, 13–45 yr old females with anorexia or bulimia nervosa, 7.5 yr study, 27976
recovery status in bulimia nervosa, social support & social adjustment, 23–26 yr old women with active bulimia vs in remission vs no history of eating disturbances, 21429
relapse & recovery following intensive treatment, females with eating disorders, 1908
relapse & recovery rates, drug addicted anesthesiologists vs other physicians, retrospective study, 22387
relationship between impairment & disability measures for assessment of severity &/or improvement, 32–78 yr olds with aphasia, 18413
relationship between power & cultural stories of illness & healing & survival, survivors of childhood sexual abuse of HIV/AIDS, 28563
religiosity & religious coping & spiritual injury, activities of daily living & mobility & health & depression & life satisfaction, 29–86 yr old medical rehabilitation inpatients, 4 mo study, 38585
risk factors for lack of recovery of independent functioning in activities of daily living, 65+ yr olds receiving home nursing after hospital discharge for acute medical illness , 15562
role of former addicts & their skills in addiction prevention & treatment programs, 35322
self resolution of alcohol problems as reinvestment in self, 37–66 yr old former drinkers, 2440
strengths & vulnerabilities via life experiences prior to assault & factors influencing recovery, 18–40 yr old sexually assaulted females with high vs low distress response, 30838
subjective probability estimates for future negative events, 9–18 yr olds with recovered depression, 1512
systems theory model & alcoholic families & early recovery & cognitive–behavioral interventions, 8352
tomography assessed activation patterns & language performance poststroke, 31–77 yr old aphasic patients with frontal vs subcortical vs temporal lesions, 21561
unipolar vs bipolar affective disorder & age & gender & marital status, changes during disease course in rate of recovery from successive hospitalized episodes, patients with recurrent episodes, 37314
visual field recovery, 31 yr old female with bilateral occipital lobe damage, 10 yr followup, 24839

Recreation [See Also Athletic Participation, Baseball, Basketball, Childrens Recreational Games, Dance, Doll Play, Football, Gambling, Judo, Martial Arts, Soccer, Summer Camps (Recreation), Swimming, Television Viewing, Tennis, Traveling, Vacationing, Weightlifting]—Serials
attitudes toward health implications of bodily exposure to sun, recreational sunbathers, 9042
choice of recreational reading, 8th grade students, 6243
commercial adventure recreation & emotional components of risk taking, novice consumers during white-water rafting adventure, 16174
death anxiety & sensation seeking & psychosocial factors & SES & sex, degree of involvement in high risk recreation, college students, 35719
educational & recreational motivations & intrinsic & altruistic social orientations of zoo visitors over 18 yrs old, 13368
ethnography of magic & constructed consumption setting of river magic in white-water river rafting, 16172
evaluation of tangible & intangible service factors, customers in leisure service settings, 9688
handmade recreational items, behavior, nursing home residents with dementia, 18999
instrumentality & expressiveness, playfulness, 18–50 yr old male vs female college students, 14295
patterns of & motives for VCR usage, college students , 32411
perceived effect of restaurant smoking ban on dining out experience, 15 yr olds & older, 31844
recess, class working & fidgeting & listlessness, 4th graders, 9520
recreation & activity social support programs to increase leisure opportunities, caregivers, implications for activity specialists, 18972
semiotic perspective of algorithmic vs experiential educational simulation games & play, 22454
Recreation [See Also Athletic Participation, Baseball, Basketball, Childrens Recreational Games, Dance, Doll Play, Football, Gambling, Judo, Martial Arts, Soccer, Summer Camps (Recreation), Swimming, Television Viewing, Tennis, Traveling, Vacationing, Weightlifting]—Books
Confronting child maltreatment through recreation (2nd ed.), 14715
Recreation [See Also Athletic Participation, Baseball, Basketball, Childrens Recreational Games, Dance, Doll Play, Football, Gambling, Judo, Martial Arts, Soccer, Summer Camps (Recreation), Swimming, Television Viewing, Tennis, Traveling, Vacationing, Weightlifting]—Chapters
Leisure and persons with developmental disabilities: Empowering self-determination through inclusion, 24616
Recreation Areas [See Also Playgrounds]—Serials
research behind & guidelines & mathematical models for design of safe & therapeutic environments such as Alzheimer's gardens, elderly people with dementia, 9700
virtual reality nature areas, attitudes toward & experiences of real nature areas, college students, 16229
Recreation Therapy—Serials
analyst's induced feeling during Activity Group Therapy, shyness & academic difficulties & social isolation, 8-yr-old boy, 31563
keeping vs not keeping the end-product of therapeutic activities, intrinsic motivation, 19–31 yr old college students, 13369
preferred background music, engagement in therapeutic recreation tasks, 68–81 yr old nursing home residents, 38556
Recreation Therapy—Books
Confronting child maltreatment through recreation (2nd ed.), 14715
Recreation Therapy—Chapters
Helping forgotten victims: Using activity groups with children who witness violence, 34913
Recreational Day Camps [See Summer Camps (Recreation)]
Recruitment (Military) [See Military Recruitment]
Recruitment (Personnel) [See Personnel Recruitment]
Recurrence (Disorders) [See Relapse (Disorders)]
Recurrent Depression—Serials
age & duration of past depression & hippocampal volume, 23–86 females with recurrent major depression, 24224
combined cognitive behavioral therapy & pharmacotherapy, residual symptoms & relapse, patients with recurrent depression, 2 yr followup, commentary, 21772
combined cognitive behavioral therapy & pharmacotherapy, residual symptoms & relapse, patients with recurrent depression, 2 yr followup, commentary reply, 21766
combined cognitive behavioral therapy & pharmacotherapy, residual symptoms & relapse, patients with recurrent depression, 2-yr followup, commentary & reply, 31528
discontinuation of maintenance antidepressants, recurrence of first-episode depression within 2 yrs, elderly Ss (mean age 74.4 yrs), 2 yr followup, 24197
lithium, 38 yr old male with brief recurrent depression, 2297
persistence of effects of fluoxetine on electroencephalographic sleep after drug discontinuation, females treated with interpersonal psychotherapy with vs without fluoxetine for recurrent depression, 28404
persistent or recurrent major depressive disorder, HIV positive vs negative IV drug users with vs without history of major depressive disorder, 11292
Positive & Negative Timelines as family therapy technique to help bring negative life events into perspective & develop positive life stories, 41 yr old female with recurrent depression & her family, 2227
prior depressive episodes & relationship to current distress, 17–80 yr olds in primary care for major depression, 11357
recurrent vs 1st episode depression, memory deficits on word-list learning task, 21–65 yr old depressed inpatients, 34091
response rates of remission & relapse & recovery & recurrence to acute vs continuation vs 1-yr maintenance depression treatment, 60–69 vs 70+ yr olds with recurrent depression, 8732
Red Blood Cells [See Erythrocytes]
Red Nucleus [See Mesencephalon]
Reductionism—Serials
attainability of reduction of mental phenomena to neurophysiological processes, 20138
Husserlian notion of epoche in study of first-person experiences of consciousness, commentary, 16704
Husserlian reduction method for investigation of first-person psychiatric experience, commentary, 16722
Husserlian reduction method for investigation of first-person psychiatric experience, commentary reply, 16709
Husserlian reduction method for investigation of first-person psychiatric experience, 16710
motivational pathways to phenomenological reduction method for study of first-person experiences of consciousness, commentary, 16699
object relations & Freudian theory & reductionism, psychological perspectives on religion & feminism, commentary reply, 17726
object relations & Freudian theory & reductionism, psychological perspectives on religion & feminism, 17727
phenomenological approach to study of first-person experience of present time consciousness in human temporality, commentary reply, 16724
phenomenological approach to study of first-person experience of present time consciousness in human temporality, commentary, 16713
phenomenological reduction method for study of first-person experiences of consciousness, 16697
reductionism & psychology & neuroscience, application to link between long-term potentiation & learning, 36641
Reductionism—Chapters
Reduction and the self, 19895
Understanding biological causation, 36651
Vision fin de siècle: A reductionistic explanation of perception for the 21st century?, 188
Reemployment—Serials
alcohol recidivism & return to work rates, 25–73 yr old liver transplant recipients with history of alcohol-related liver disease &/vs polysubstance abuse, 37575
association of MMPI-2 profiles & defensiveness scales with return to work outcomes after workhardening vocational rehabilitation, 18–63 yr olds with occupational injuries & chronic pain, 26113
explanation & correctability & severance benefits & negative affectivity & prior organizational commitment & reemployment, perceived fairness of layoffs, adults who have been laid off, 3 mo followup, 16128
health & labor force exit & reentry, 55–69 yr old males, 38942
needs & concerns of unemployed persons with HIV/AIDS reentering the workforce, 21–57 yrs olds with HIV/AIDS, implications for action steps for AIDS service organizations, 28065
prognostic demographic & socioeconomic data & physical & psychological measures & treatment-related changes, return to work, chronic back pain patients 6 mo after multimodal treatment program, 28262
research on prevalence & meaning & experience & outcomes & effects on others & coping with & interventions for job loss & unemployment & reemployment issues, 1994–98, 35595
Reemployment—Chapters
The Delta Group Experience: TBI in France, 35311
Reenactments [See Enactments]
Reentry Students—Serials
socialization processes & communication, alternative high school students in at-risk re-entry program & teachers, 22541
use of multiple case study for experiences of reentry in psychology doctoral programs, 32–48 yr old females, 2.5 yr study, 28859
use of multiple case study for experiences of reentry in psychology doctoral programs, 32–48 yr old females, 2.5 yr study, commentary, 28851
Reference Groups—Serials
self-concept & existential questions & adult contacts outside family in process of identity development, 16–19 yr olds , 17313
Referral (Professional) [See Professional Referral]
Referral (Self) [See Self Referral]
Reflectiveness—Serials
color combination effects in experimental rooms & significance of contrast effects & reflections, adult, 32787
historical roots & definitions of & debate over D. Schon's concept of reflective practice & professional reflectiveness & relevancy to social casework & social work education, 32142
individual differences in reflective thought & reasoning & cognitive ability & arguments for vs against normative principle, normative behavior on decision making & problem solving, college students, 19834
inquiry vs reflective instruction, acquisition & transfer of Logo computer programming knowledge, 2nd & 5th graders, 15878
integration of action & reflection in cooperative inquiry research & enquiry group learning process, 26287
model of self reflection & assignation of self & others to the same poles of bipolar constructs, 12–18 yr olds, 23750
philosophical & practical & psychological aspects of mindfulness & critical self-reflection of physical & mental processes for improvement of patient sessions, practitioners , 38653
reflectivity of childhood experiences in family of origin, parenting sensitivity & responsibility, adolescent mother—infant dyads (mean age 17.2 yrs), 5–6 mo followup, 13996
scanning & reflecting & the experience of leadership, 44–50 yr old Canadian hospital-based nurse managers, 3-yr study, 25668
Reflectiveness—Chapters
Natural answers to natural questions, 36655
Personality and aging: A psychotherapist reflects late in his own life, 27104
Reflexes [See Also Acoustic Reflex, Eyeblink Reflex, Flexion Reflex, Nystagmus, Ocular Accommodation, Orienting Reflex, Startle Reflex, Yawning]—Serials
acoustic startle reflex & prepulse inhibition & locomotion activity & latent inhibition, mice from neuroleptic-responsive vs nonresponsive lines , 691
diazepam, propofol-induced loss of righting reflex, male diabetic mice, 33467
firing activity of identified & accessory abducens & orbicularis oculi motoneurons, during reflex & conditioned blinks, alert cats, 20192
fixation disengagement mechanisms in voluntary & reflexive saccades & gap effect, Ss, 29486
ginseng & ginsenosides & coffee & caffeine, ethanol induced sleeping & righting reflex, mice, 10601
inactivation of lateral semicircular canals, horizontal eye movements elicited by linear acceleration & neural computational strategies used by CNS to resolve ambiguous otolith information, monkeys, 10391
methionine, ethanol induced loss of righting reflex, mice, 36591
model of classically conditioned regulation of baroreflex, rats, 36309
neurologic basis of applied kinesiology or manual muscle testing for functional neurological assessment & types of tests & model for neurolymphatic reflex activity, 20143
neuropeptide-mediated facilitation & inhibition of sensory inputs & spinal cord reflexes, lampreys, 20156
partial deafferentation of forelimbs in early postnatal ontogenesis, development of defensive reflexes, adult rats, 7068
physiological control mechanisms of conditioned jaw reflexes modulated by electromyogram, 10505
role of brain allopregnanolone content in regulation of penotobarbital-induced righting reflex loss, socially isolated & group-housed mice, 30029
rotation in darkness, computation of final eye-position in vestibulo-ocular reflex, 29–37 yr old human Ss, implications for non-commutativity in brain , 19757
serotonin 5-HT Type 2 receptor & motor function in cranial nerve reflex, rabbits, 10588
simulated helicopter flight & optokinetic cervico reflex, 23–50 yr old male military helicopter pilots , 7028
spinalization, nocifensive spinal reflex responses to heat or mechanical or noxious cold stimuli, male rats with vs without neuropathy vs carrageenan induced hindpaw inflammation, 3868
stimulation parameters & lesion conditions for plasticity in tentacle withdrawal reflex & behavior change, habituation &/vs sensitization, snails , 33077

Reflexes [See Also Acoustic Reflex, Eyeblink Reflex, Flexion Reflex, Nystagmus, Ocular Accommodation, Orienting Reflex, Startle Reflex, Yawning]—Chapters
Control of spatial orientation of the angular vestulo-ocular reflex by the nodulus and uvula of the vestibulocerebellum, 23281
Inertial processing of vestibulo-ocular signals, 23370
Refraction Errors [See Also Myopia]—Serials
optical defocus in ocular growth & normal emmetropization process, infant monkeys, 16882
Refugees—Serials
art therapy pilot programs, war refugees, Slovenia & Croatia , 15375
characteristics of governmental & nongovernmental bridging organizations for refugees, organization personnel, Canada vs Denmark vs England, 12447
coping responses to discrimination vs ethnic identification, depression, Southeast Asian Refugees, 33750
countertransference experienced during psychotherapeutic work with refugees, therapists, 31424
demographic characteristics & public mental health care-seeking behavior & service usage, Russian vs non-Russian refugees vs nonrefugees with mental disorders, 28657
depression & anxiety, female Cambodian refugees, France vs US, 1451
development & implementation of culturally sensitive group program, traumatized female Cambodian refugees, 38346
displacement experience, Iranian females, 20682
emotion- & problem-focused coping strategies, 4–7 yr old Iranian children & their parents living in Sweden for more than 3 yrs of exile, 20679
examination of United Nations's Impact of Armed Conflict on Children study with focus on mental health of internally displaced & refugee children, 7329
experience of war violence, female refugees of former Yugoslavia, 14112
exposure to war & violence & age & vulnerability & parental functioning & peer relations, mental health & well being & social adjustment, male vs female Iranian refugee children, Sweden, follow-up, 23753
feelings about & thoughts about reasons for violence in their lives & ways of surviving & growing, 10–17 yr olds of battered women or refugees of war, 17975
issues related to multicultural adaptation & 2nd language development & assessment, Canadian immigrant & refugee children & their families, implications for education & mental health services, 2938
level of posttraumatic stress disorder &/or depression, adult war-traumatized Cambodian refugees, 12-yr study, 34077
perceived discrimination & cultural conflict & self-esteem & & ethnic identity & demographic factors, subjective well-being & positive & negative affect, 18–44 yr old Iranian refugees, Netherlands , 27154
perceptions of barriers to health care access for refugee patients, Somali refugees seeking primary care vs their doctors & nurses, US, 25380
PTSD symptoms, 13–19 yr old refugee survivors of ethnic cleansing in Bosnia-Herzegovina, 1 yr follow-up, 24320
socioeconomic & cultural background & wartime experiences, psychological effects of war & PTSD & depression, 12–24 yr old Afghanistan refugees & parents from Pashtun vs Tajik ethnic groups, commentary, 17824
socioeconomic & cultural background & wartime experiences, psychological effects of war & PTSD & depression, 12–24 yr old Afghanistan refugees & parents from Pashtun vs Tajik ethnic groups, commentary, 30631
socioeconomic & cultural background & wartime experiences, psychological effects of war & PTSD & depression, 12–24 yr old Afghanistan refugees & parents from Pashtun vs Tajik ethnic groups, commentary, 17808
socioeconomic & cultural background & wartime experiences, psychological effects of war & PTSD & depression, 12–24 yr old Afghanistan refugees & parents from Pashtun vs Tajik ethnic groups, 17827
torture & human rights violations & post traumatic stress disorder, impact on psychosocial adaptation, refugees, 17950
traumatic experiences, PTSD & dissociative symptoms & major depression disorder, 15–54 yr old refugees from former Yugoslavia, 21026
use of testimony method of psychotherapy, levels of PTSD & depressive symptomology, traumatized 23–62 yr old refugees from Bosnia-Herzegovina genocide, 2- & 6-mo followups, 8784
validity of self-report Hopkins Symptom Check List 25, refugees (aged 19–65 yrs), 22870
war experiences & subsequent flight to refugee camps, social support & coping behavior & psychological well-being, Sudanese 7–12 yr olds, Uganda, 20594
Refugees—Books
Counselling and therapy with refugees and victims of trauma: Psychological problems of victims of war, torture and repression (2nd ed.), 5529
Refugees—Chapters
Multiple traumas of refugees—Near drowning and witnessing of maternal rape: Case of Sergio, age 9, and follow-up at age 16, 34834
Psychotherapeutic work with child and adolescent refugees from political violence, 34333
Refugee health, 1440
Refusal (Treatment) [See Treatment Refusal]
Regression (Defense Mechanism)—Serials
psychodynamic & structuralist perspective on narcissistic & competitive & regressive dynamics in 1996 Mount Everest climbing disaster, 20963
Winnicott's transitional phase & relationship to hypnosis, implications for psychotherapy, 34012
Regression (Defense Mechanism)—Chapters
Mourning in children and adolescents: The analysis of a bereaved child and his reanalysis in late adolescence, 38204
Reincarnation and identity with schizophrenic psychoses, 34198
Regression Analysis [See Statistical Regression]
Regression Artifact [See Statistical Regression]
Rehabilitation [See Also Cognitive Rehabilitation, Drug Rehabilitation, Neuropsychological Rehabilitation, Occupational Therapy, Physical Therapy, Psychosocial Rehabilitation]—Serials
abnormal illness behavior identification procedure & psychological correlates of rehabilitation outcomes, stroke survivors, 12-mo study, 22246
affective disturbance & cognitive distortion & errors, functional impairment & response to stress of illness, adults with heart disorders before vs after outpatient cardiac rehabilitation, 25507
assessment of disability & capacity for rehabilitation, aged, implications for public policy, 9930
assessment of seizures & treatment & rehabilitation, 23–67 yr old patients with psychogenic nonepileptic seizures, 23–67 mo followup, 24705
attitudes toward effectiveness of offender treatment & rehabilitation programs, adults, 9288
attitudes toward facilitation & use of patient-held record for information regarding care management for patients with stroke, speech & occupational therapists & physiotherapists & dietitians, 5904
behavioral rehabilitation programming based on G. Paul's social learning approach, rates of aggressive & self-injurious behaviors, 21–59 yr old cognitively impaired chronic psychiatric inpatients , 12490
biopsychosocial rehabilitation focus in palliative care unit, 89 yr old male with rectal carcinoma, case report, 5906
cardiac rehabilitation, older coronary artery disease patients, 12488
case etiology & remission, 33 yr old male sexual psychopath following years of forensic psychiatric & psychoanalytic treatments, 34406
changes in quality of life & affective disturbances during cardiac rehabilitation & individual differences in trait anxiety & defensiveness & noncompliance, cardiac patients (mean age 58.8 yrs), 19034
changes in quality of life after rehabilitation, patients with progressive neurological disorders, 37896
changing needs & ongoing rehabilitation requires in relation of physiological aging, 60-yr-old male who lost distal portions of all 4 limbs 40 yrs previously, 9217
clinical & functional & sociodemographic variables, results of Clock Drawing Test used for cognitive screening, 60–96 yr olds hospitalized for rehabilitation following hip fracture or stroke , 32017
clubhouse as method of rehabilitation alliance for vocational & social & educational & residential opportunities & support in pursuit of mental health goals, members with serious mental disorders, 35287
common myths about ethics & practice in helping field, 6074
community based rehabilitation using self-employment or income generation projects, people with disabilities, Philippines, 5915
concepts & goals & organization of resources & questions arising in & phases of rehabilitation for adults with severe traumatic brain injury, 8646
consensus statement on rehabilitation of persons with traumatic brain injury, 38588
coping strategies & personal progress, 13–18 yr old graduates of a rural juvenile offenders program, 1-yr follow up, 35376
correctional system & model program for treatment of mentally ill offenders in community, 38647
cortical plasticity & Hebbian learning mechanisms in & predictors & principles of guided rehabilitation & recovery from brain damage, 32022
craniotomy requirement, outcome on Disability Rating Scale, 16–85 yr olds with traumatic brain injury who required inpatient rehabilitation, 15438
cultural values, rehabilitation assessments & plans of action, visually impaired persons, 25505
current work advocating rehabilitative treatment concept for delinquents & criminals, 22294
development & evaluation of back management service for pain management & rehabilitation, patients with acute vs chronic back pain, 5912
development & future of rehabilitation psychology, 12495
development of community-based rehabilitation for children with mental retardation, Pakistan, 8455
development of Massachusetts forensic transition program for mentally ill offenders re-entering the community, 27–45 yr olds, 3 mo followup, 35291
dynamics that led to successful international rehabilitation research effort, indigenous people with disabilities & vocational rehabilitation professionals, Mexico, 5910
effectiveness of behavioral rehabilitation intervention, performance of morning care activities of daily living, 64–97 yr old nursing home residents with Alzheimer's disease, 35263
electrodiagnostic methods for assessment of abnormalities in visual processing & effects of optometric rehabilitation, patients with mild traumatic brain injury, 6–18 mo followup, 34627
essential components of community-based rehabilitation & realities of manner in which they interact & way they should interact, Spastics Society of Eastern India, 12492
ethics of behavior modification in rehabilitation of stroke patients, 12080
evaluation of program for teaching compensatory strategies to improve activities of daily living & motor functions, 33–91 yr old stroke patients with apraxia, 12 wk followup, 5916
exercise as component in rehabilitation, breast cancer survivors, 28648
exercise training & spouse overprotectiveness, improvement in self efficacy during cardiac rehabilitation, 30–70 yr old coronary patients, 38582
extent to which ABCX model of family crisis can accommodate family functioning after rehabilitation from stroke, stroke survivors, 25508
factors associated with transition from fully supervised living to lower levels of supervision & perceived success of transition, 19–31 yr olds entering community after brain injury rehabilitation, 31282
functional recovery, 27–81 yr old stroke patients admitted for clinical rehabilitation with vs without depression, 6 mo followup, 28747
health education & stress management programs, cardiac rehabilitation, coronary heart disease patients, 35289
helping theories & Christian beliefs & spirituality & healing & rehabilitation, persons with disabilities or chronic illness, 2664
high risk situations & sexual offending, male sex offenders (mean age 39 yrs), implications for Relapse Prevention Model & risk reduction & supervision & treatment, 38646
historical & current & future role in international rehabilitation, US, 5909
history & development of occupational therapy & rehabilitation, commentary, 9266
home hospitalization service vs general medical ward management, mortality & length of stay & cognitive functional status, over 65 yr old acute stroke patients, 9179
impaired self-awareness & finger tapping & rehabilitation outcome after brain injury, 18407
implementation of supported education program as component of comprehensive rehabilitation strategy, individuals with psychiatric disabilities, 19042
International Classification of Impairment, Disabilities & Handicaps & health related quality of life concept for assessing rehabilitation outcomes, conference paper, 5918
intervention strategies & legislative changes & rehabilitation, sexually &/or physically aggressive patients/inmates, 32072
issues in cost & effectiveness of rehabilitation, patients with traumatic brain injury, 9221
jail diversion program, number of days incarcerated in following year, seriously mentally ill detainees (mean age 33 yrs), 1 yr study, 38642
legal procedures for sentencing men convicted of sexual offenses from therapeutic jurisprudence perspective, implications for sex offender treatment & recidivism rates, 35374
materials vs imagery vs rote exercise based occupational forms, lower extremity movements & heart rate changes & recovery period & affective response, 14–68 yr olds undergoing cardiac rehabilitation, 28113
meta-analytic studies of treatment programs for offenders, 35369

mild vs clinical depression at entry into behaviorally oriented coronary rehabilitation & prevention program, lifestyle changes & rehabilitation & prevention, adults, 3 yr study, 22248
model for evaluating outcomes of clinical goal setting in psychiatric multidisciplinary mental health rehabilitation service, rehabilitation patients (ages 21–77 yrs), 18488
normalization & issue of deinstitutionalization, prisoners with an intellectual disability in mainstream prisons vs specialist secure facilities, 35368
nursing interventions & patient care in rehabilitation teams, nurses & cardiac patients & caregivers, 15426
offender assessment & rehabilitation in corrections research, Canada, 25559
optometric assessment of vision disorders & rehabilitation, patients with acquired brain injury or dyslexia, 5907
optometry rehabilitation subspecialty for diagnosis & treatment, patients with post-brain injury visual sequelae, 35297
perceptions of residential treatment programs in Hong Kong, 13–19 yr old male ex-offenders, 35365
perspectives on multidisciplinary rehabilitation team & professional roles within team, multidisciplinary psychiatric rehabilitation service users (mean age 40 yrs), 19039
physical disabilities & psychological & cognitive impairments & activities of daily living & rehabilitation & services received, 48–94 yr old nonhospitalized stroke patients 1 mo post-stroke, 9218
physiotherapist-led training programme to enhance rehabilitation skills, attitudes toward stroke patients, 41–63 yr old nurses, 22247
predisposing & enabling & need factors & use of cardiac rehabilitation services, adults in rural areas hospitalized for myocardial infarction or coronary artery bypass or angioplasty, 5908
prevalence & assessment & treatment of pathological gambling, 32020
principles of effective correctional treatment & reoffending, female offenders, 38640
prognosis for recovery of mental & physical functioning, patients suffering a first stroke (23–92 yrs old), 34631
psychiatric & forensic disability factors & need for care, schizophrenic patients in high-security hospital & long-stay medium-secure provision vs high-dependency rehabilitation service, 38571
pulmonary exercise rehabilitation, self-efficacy & quality of life & exercise tolerance, 33–83 yr olds with chronic obstructive pulmonary disease, 19036
reasons behind withdrawal from behavioral treatment program for urinary incontinence, 41–86 yr old females, 35065
rehabilitation & management of multiple sclerosis, 2674
rehabilitation model for behavioral shaping & supportive & family & milieu therapies & medications, case series of adolescents with severe somatoform disorders, 34744
rehabilitation needs, outpatients with epilepsy, 5823
rehabilitation treatment stages & assessment of physical deconditioning & psychological & economic & social barriers to recovery, patients with chronic low back pain, 15609
rehabilitative treatment, 38–64 yr old males with combat related PTSD, 37409
religiosity & religious coping & spiritual injury, activities of daily living & mobility & health & depression & life satisfaction, 29–86 yr old medical rehabilitation inpatients, 4 mo study, 38585
reorganized rehabilitation program, psychoendocrine effects, 53–89 yr old daycare patients, 9219
replication of factor structure & relationship of Wisconsin Card Sorting Test to other neuropsychological measures as functional indices of rehabilitation outcome, stroke patients (mean age 70.65 yrs), 26141
review of the effectiveness of prison- vs non-prison-based sex offender treatment programs in reducing recidivism, 35375
role of & professional attitudes toward & association with health & well-being of religiousness & spirituality & its use in rehabilitation, persons with disabilities, 38586
role of purposeful activity in work rehabilitation, people with enduring mental problems, UK, 2721
routing through health care system & level of functioning, 22–29 yr old patients with major lower limb amputations, Netherlands, erratum, 2675
routing through health care system & level of functioning, 22–99 yr old patients with major lower limb amputations, Netherlands, comment, 2673
short- vs long-form Geriatric Depression Scale for depression detection, 62–99 yr old geriatric rehabilitation inpatients, 35969
skilled hand use prior to & after small ischemic infarct & subsequent to rehabilitation, adult squirrel monkeys, 465
social structure & individual decision making & human development, theory of desistance from crime, ex-offenders, implications for crime prevention, 22293
state coordinated services in Minnesota toward a model delivery system for traumatic brain injury survivors, 9220
strike-induced chemosensory searching & recovery of body weight & function, northern Pacific rattlesnakes rescued from substandard husbandry conditions, 23176
training & education & habilitation & rehabilitation & psychotherapy, persons with mental retardation & family members, 14855
training & exercise rehabilitation, capacity for exercise early after transplantation, heart transplant patients, 12331
training & exercise rehabilitation, capacity for exercise early after transplantation, heart transplant patients, erratum, 15414
Treatment Alternatives to Street Crime program, services received & drug use & criminal recidivism, offenders, 6 mo follow-up, 22289
Twisted Pear theory of prediction of rehabilitation outcome, 28744
use of paraprofessionals in cost-effective delivery of rehabilitation psychology services, 2670

Rehabilitation [See Also Cognitive Rehabilitation, Drug Rehabilitation, Neuropsychological Rehabilitation, Occupational Therapy, Physical Therapy, Psychosocial Rehabilitation]—Books

Building teams and programs for effective psychiatric rehabilitation, 5999
Counseling in the rehabilitation process: Community services for mental and physical disabilities (2nd ed.), 28749
Enabling environments: Measuring the impact of environment on disability and rehabilitation, 35751
Psychiatric rehabilitation, 25512

Rehabilitation [See Also Cognitive Rehabilitation, Drug Rehabilitation, Neuropsychological Rehabilitation, Occupational Therapy, Physical Therapy, Psychosocial Rehabilitation]—Chapters

An Adlerian approach to acceptance and adjustment to disability, 28757
Assessing an older adult's readiness for medical rehabilitation, 32580
Central case management and postacute rehabilitation in Denmark, 35312
Consumers as providers in psychiatric rehabilitation, 6008
Developing effective team leaders, 6039
The development of the rehabilitation enterprise in America: A recent history of the rehabilitation movement in the United States, 28796
The development of the rehabilitation enterprise in America: An early history of the rehabilitation movement in the United States, 28795
Discourse rehabilitation following traumatic brain injury, 38637
Ethnocultural dynamics and acquired aphasia, 5435
Forensic psychological evaluations in clergy abuse, 39068
Habilitation therapy: A new starscape, 32025
Historical antecedents of the rehabilitation enterprise in America: A rehabilitation movement, 28794
An interactive approach to training teams and developing programs, 6038
Managed care and privatization in counseling and rehabilitation, 38050
Neurological rehabilitation in Germany: The phase model, 35314
Neuropsychological management, treatment, and rehabilitation of psychiatric patients, 24115
Psychiatric rehabilitation technology: Operationalizing the "black box" of the psychiatric rehabilitation process, 5920
Rational emotive behavior therapy (REBT): A cognitive-behavioral approach to acceptance and adjustment to disability, 28751
The rehabilitation process: A perspective for the rehabilitation counselor, 28758
Selecting person–environment assessments, 32581
Substance use disorders in rehabilitation, 27902
Training Professionals for rehabilitation teams, 6041
Transfer of beliefs, knowledge, and experiences between countries, 24618
Traumatic brain injury rehabilitation as an integrated task of clinicians and families: Local and national experiences, 35310

Rehabilitation (Drug) [See Drug Rehabilitation]
Rehabilitation (Psychosocial) [See Psychosocial Rehabilitation]
Rehabilitation (Vocational) [See Vocational Rehabilitation]
Rehabilitation Centers [See Also Sheltered Workshops]—Serials

counselor & supervisor characteristics & institutional compliance with professional standards & qualification requirements, drug rehabilitation centers, 38749
evaluation of cost effectiveness & psychosocial outcome at outpatient Centre for Rehabilitation of Brain Injury, 35984

Rehabilitation Counseling—Serials

brief psychotherapy principles in rehabilitation counseling, 19047
drug addiction severity in patient-treatment matching, 19–59 yr old patients in high-structure behaviorally oriented or low-structure facilitative individual counseling, 9254
DSM-IV as resource in rehabilitation counseling, 19033
evaluation of an educational grief program based on mental health rehabilitation theory, 6–7 yr olds experiencing the death of a parent or sibling or grandparent, 9565
improvement of preoperative counseling services, laryngectomees & their spouses, 1978 vs 1998, 12554
individual & group counseling, recidivism rates, 9–17 yr old juvenile delinquents, 6 mo followup, 19122
inpatient vs extended cardiac counseling & rehabilitation programs vs normal care, psychological & functional outcome, myocardial infarction patients & their partners, 1-yr followup, 15608
motivational interviewing in acute rehabilitation setting, prevention of return to drinking alcohol, patients with recent traumatic brain injury , 12502
psychosocial rehabilitation interventions featuring morality & peer & group & guided interaction, acting out behavior, juvenile delinquents in residential settings, 38643

Rehabilitation Counseling—Books

Counseling in the rehabilitation process: Community services for mental and physical disabilities (2nd ed.), 28749

Rehabilitation Counseling—Chapters

An Adlerian approach to acceptance and adjustment to disability, 28757
Educational and professional organizational development of the discipline of rehabilitation counseling, 28793
Ethical considerations in rehabilitation counseling: A perspective for the counselor and agency, 28755
An integrative counseling and psychosocial approach to acceptance and adjustment to disability, 28753
An international and multicultural perspective on disability and rehabilitation, 28752
The milieu of clients and providers: A case study, 2712
Occupational analysis, job development, and placement considerations for rehabilitation counselors, 28797
A personal experience of acceptance and adjustment to disability, 28756
A psychodynamic approach to acceptance and adjustment to disability, 28754
Rational emotive behavior therapy (REBT): A cognitive-behavioral approach to acceptance and adjustment to disability, 28751
Rehabilitation counseling credentialing as a professional counseling specialty, 28871
The rehabilitation process: A perspective for the rehabilitation counselor, 28758
SISTERS: A social learning model of intervention, 2710
Special technology for the next millennium, 38591
Substance use disorders in rehabilitation, 27902

Rehabilitation Counselors—Serials

attitudes & characteristics & professional supervision preferences & education level, 22–75 yr old recovering & rehabilitated vs normal drug rehabilitation counselors, 38711
commitment to working in addictions field, addiction counselors, 2789
perceptions of clients' educational preparedness & aptitude for & barriers to career entry into science & engineering, rehabilitation counselors, 2719

Rehabilitation Counselors—Chapters

Ethical considerations in rehabilitation counseling: A perspective for the counselor and agency, 28755
Occupational analysis, job development, and placement considerations for rehabilitation counselors, 28797
Rehabilitation counseling credentialing as a professional counseling specialty, 28871
The rehabilitation process: A perspective for the rehabilitation counselor, 28758

Rehabilitation Education—Serials

client sexual expression as domain of occupational therapy, implications for education & practice, 15672

Rehabilitation Education—Chapters

Educational and professional organizational development of the discipline of rehabilitation counseling, 28793

Rehearsal [See Practice]

Reinforcement [See Also Differential Reinforcement, Negative Reinforcement, Noncontingent Reinforcement, Positive Reinforcement, Primary Reinforcement, Punishment, Reinforcement Amounts, Reinforcement Schedules, Rewards, Secondary Reinforcement, Self Reinforcement, Social Reinforcement]—Serials

appetitive reinforcement overexpectation in Pavlovian & instrumental conditioning, rats, 3664
association with common delay or food reinforcement probability, functional equivalence of perceptually dissimilar stimuli, pigeons, 33051

behavioral assessment & treatment using prompting & reinforcement, unsafe eating behaviors, 14 yr old male with developmental disabilities & esophageal stricture, 24105
behavioral theories of choice & contextual view of reinforcement in predicting substance use, psychiatric outpatients (mean age 38.41 yrs), 30878
beta-funaltrexamine, dose–effect curves for heroin self-administration, male rats, comparison with alteration of [3H]DAMGO binding, 709
caffeine dependence & tolerance & reinforcement & withdrawal, humans & animals, 20348
cannabis & endogenous cannabinoid systems in brain & drug tolerance & reward & dependence, 4119
changes in time interval, dynamics of behavioral transitions, European starlings, 16771
chronic ethanol treatment, calcium-inhibited type 5 adenylyl cyclase inhibition for alcohol, male mice, 20304
chronic exposure to caffeine, self administration of & responding maintained by nicotine, male rats, 17099
classwide peer tutoring with vs without reinforcement, spelling performance & intrinsic interest in science, secondary school students, 32281
compliance for positive vs negative reinforcement with vs without extinction, escape-maintained problem behavior, 3–21 yr olds with developmental disabilities, 38087
computerized touch screen procedure, conditioned pattern preferences, 29571
concurrent operants paradigm to evaluate positive reinforcements to treat food refusal, 2.0–3.9 yr olds with lack of normal physiologic growth & development, 8802
consummatory vs nonconsummatory reinforcers, within S response strength, male rats, implications for k parameter, 3644
contingent reinforcement approach to reduce cannabis use, male methadone maintenance clients (mean age 48.3 yrs), 12504
contingent vs noncontingent cocaine administration, drug-seeking behavior in reinforcement, male rats, 20327
development & internal consistency & interrater & test-retest reliability of reinforcer choice assessment scale, institutionalized 19–77 yr olds with severe or profound mental retardation, 35860
dexamethasone attenuation of hypothalamic-pituitary-adrenal function at pituitary level, subjective & reinforcing effects of cocaine, 25–45 yr old crack cocaine abusers, 34379
differential reinforcement of other behavior procedure, wandering behavior, 79–83 yr old females with dementia, 38085
discriminability & profitability & cost, visual search & prey choice, pigeons, 3662
dose-related reinforcing effects of hydromorphone, abstinent vs nonabstinent heroin addicted 18–50 yr olds during outpatient buprenorphine maintenance, 38607
duration of contact with stimuli & ambiguous multiple stimulus array assessments for preference, reinforcement effects, 32–52 yr olds with mental retardation, 14857
economic context of operant responding & reinforcement loss, tolerance to behavioral effects of amphetamine under VI schedules, male rats, 20278
effect of ascending & descending doses of pretreatment naloxone on oral methadone as self administered reinforcer, male rhesus monkeys, 23599
effect of partial reinforcement on associative change produced by nonreinforcement, pigeons, 33078
effects of NMDA receptor antagonists MRZ 2/579 & MRZ 2/576, reinforced & nonreinforced responding for ethanol self-administration, male rats, 29981
electrical & drug activation of brain reward pathways & drug addiction, 4297
excitotoxic lesions of basolateral amygdala, conditional discrimination learning with primary & conditioned reinforcers, male rats, 13522
experimental setting excitatory value & nonreinforcement, inhibitory conditioning, foraging honeybees, 6963
floating form of restricted environmental stimulation technique, reinforcement of primary process orientation during archery & effect on quality of coaching & training, 13–18 yr old archers, 33586
fluoxetine vs quinpirole vs dextroamphetamine, response changes in component associated with relatively weaker stimulus–reinforcer contingency, male rats , 17044
food restriction & sex, self reinforcement with water vs ethanol, male vs female juvenile rhesus monkeys, 7234
functional & extinction analysis & reinforcement effects, problem behavior in response class hierarchies, 4–8 yr olds with developmental disabilities, 38096
functional analysis methodology, reinforcement- vs punishment-based treatment choice for self-injurious & aggressive behavior, researchers, 22952
functional analysis, false-positive maintenance of self-injurious hand mouthing by access to tangible reinforcers, 26 yr old female with profound mental retardation, 24104
functional communication training using assistive devices, problem behavior, 3–15 yr olds with severe disabilities, 38083
galanin in nucleus accumbens & locus coeruleus, morphine reinforcement in place preference conditioning, female mice, 30070
H_1- & H_2-histamine blockers chlorpheniramine & ranitidine applied to nucleus basalis magnocellularis region, anxiety & reinforcement processes, rats, 4248
isocaloric preferred food as competing reinforcer & decreased food consumption & increase in response output, defense of baseline alcohol consumption, male rats, 26785
lesions of nucleus accumbens shell vs core, amphetamine-potentiated Pavlovian conditioned reinforcement & locomotion, rats , 16936
maternal exposure to doses of tetrahydrocannabinol, sensitivity to morphine reinforcement in conditioned place preference, male vs female rat offspring, 738
methylergonovine, blocking of synaptic connections from esophageal nerve reinforcement pathways & contingent-dependent enhancement of reinforced motor activity, isolated buccal ganglia of Aplysia, 20124
naloxone, heroin-seeking & reinforcement, male rats, 711
neural & molecular mechanisms & drug induced neuroadaptations in brain reward & other regions & drug relapse, 4266
neuronal mechanisms associated with genesis of different motor patterns of buccal ganglia & their modifications by contingent reinforcement, Aplysia , 16935
oral/sweetness vs postingestive/nutrients reinforcement, conditioned appetitive & consummatory responses to flavors, weanling rats, 4060
overshadowing of occasion setting & similarities to classical conditioning, rats, 3655
participation in Book It! reading program & parental pay for reading, intrinsic motivation for & amount & enjoyment of reading, college students, 13366
physical dependence, relative reinforcing effects of caffeine vs placebo, 22–49 yr olds, 663
prediction of reinforcing responses to psychostimulant using brain dopamine D2 receptor levels, males (mean age 34 yrs) who liked vs disliked iv methylphenidate, 33506
present vs absent samples, divergent retention functions in matching to sample task, pigeons trained to respond differentially vs similarly, 33087
pretreatment with & administration of naltrexone, reinforcing effects of oral ethanol & phencyclidine & saccharin & food, male rhesus monkeys, implications for role of opioid reinforcement mechanisms, 10650
quantitative model of concurrent 3-term contingencies based on notion that animal behavior is controlled to differing events by stimulus–behavior & behavior–reinforcer relations, 19919
recruitment of teacher attention in inclusive education settings, middle school students with learning disabilities, 9539
reinforcement of compliance with respiratory treatment, 8 yr old male with cystic fibrosis & mental retardation & autism, 24085
reinforcement probability & response cost in symmetrical choice procedure, pigeons, 29697
reinforcement value of heroin/cocaine combination in progressive ratio schedule of drug reinforcement, male rats, 657
reinforcement vs nonreinforcement & place context A vs B & taste aversion conditioning, discriminatory intake of vinegar with vs without lithium vs coffee with vs without lithium, rats, 23206
reinforcing & discriminative stimulus effects of pregnanolone vs Co 8-7071, rhesus monkeys trained to self-administer methohexital vs pentobarbital, 33476
reserpine depletion of biogenic amines, effect of dopamine vs octopamine vs 5-HT on reward reinforcement vs sensitizing vs response-releasing function, honeybees, 30032
role of 5-HT1B receptors in modulation &/or mediation of cocaine self administration & reinforcement, male rats, 7235
role of goal objects & habituation as reinforcers in general process theory of motivated behaviors, 23166
sequential application of reading interventions including reward, oral reading fluency, 6–12 yr olds referred for reading problems, implications for reading intervention components, 15862
single- vs concurrent-operants procedures, evaluation of presession vs within-session reinforcement on choice behavior, 7–11 yr old males with developmental disabilities or attention deficit disorder, 24585
sleepiness, reinforcing & subjective effects of methylphenidate, 21–30 yr olds, 17090
stimulus preference assessments & reinforcement during treatment of cigarette pica, 40–49 yr olds with mental retardation, 38084
stress & dysregulation of brain reward pathways & drug dependence, 4188
theoretical issues in endogenous odor control & use of odor-based double alternation patterning to evaluate effect of drugs on emotional responding in runway performance, male rats, 33058
therapist statements about presence of crickets vs actual presence & graduated exposure with vs without contingent reinforcement, math calculation rate, 14 yr old boy with insect phobia, 15194
value transfer during simultaneous discrimination, pigeons, 3649
variable interval & random reinforcement & extinction, within session response patterns, pigeons, 29693

Reinforcement [See Also Differential Reinforcement, Negative Reinforcement, Noncontingent Reinforcement, Positive Reinforcement, Primary Reinforcement, Punishment, Reinforcement Amounts, Reinforcement Schedules, Rewards, Secondary Reinforcement, Self Reinforcement, Social Reinforcement]—Chapters

Behavioral pharmacology of cocaine and the determinants of abuse liability, 4307
Behavioral pharmacology of nicotine, 789
Behavioral-environmental determinants of the reinforcing functions of cocaine, 4309
Neuroanatomical bases of the reinforcing stimulus effects of cocaine, 3804
On the role of reinforcement learning in experimental games: The cognitive game-theoretic approach, 6928
Pharmacology of cocaine, 781

Reinforcement (Vicarious) [See Vicarious Experiences]

Reinforcement Amounts—Serials

amount dependent temporal discounting as accounts of self-control choice, pigeons trained on concurrent chain procedures with differing durations of reinforcement within vs between components, 10270
negative contrast effects & incentive downshifts, search behaviors, female rats, 10281
occurrence of spontaneous recovery & its attenuation with large amounts of reinforcement during treatment of disruption, 21 yr old female with severe mental retardation, 24092
pedunculopontine tegmental nucleus lesions, level of incentive value of reward & reward strength differentiation & response to changes in reward strength, male rats, 29837
reinforcement magnitude, voucher-based reinforcement of cocaine abstinence, treatment-resistant methadone patients (mean age 35.7 yrs), 38620
reinforcement schedule as context for prefeeding & extinction resistance, pigeons, 10280
stay & switch schedules with variable reinforcement across conditions, run length & visit duration, male rats, local model of concurrent performance, 10278
VI schedules of water reinforcement at various levels of deprivation, lever pressing, rats, replication of G. M. Heyman & M. M. Monaghan's study with less extreme deprivation conditions, 33071

Reinforcement Amounts—Chapters

Efficacy and versatility of voucher-based reinforcement in drug abuse treatment, 18588

Reinforcement Delay—Serials

acute vs repeated pyridostigmine bromide, lever press response acquisition with immediate vs delayed reinforcement, male rats, implications for pretreatment against chemical warfare, 13827
central 5-hydroxytryptamine depletion, tolerance of delay of reinforcement, female rats, 10529
concurrent reinforcement schedule with short vs long changeover delays, reinforcement preferences, pigeons, 10291
delayed intermittent reinforcement & programming stimuli common to reinforcement conditions, maintenance of responding on math tasks, 4th graders with math deficits, 25810
hyperbolic vs exponential discounting functions to choices of immediate vs delayed monetary & drug rewards, heroin addicts (mean age 34.5 yrs), 27861
presentation of stimulus chains during delay-of-reinforcement interval, discrimination learning, albino rats, 33088
stimulus filling of response-outcome delay, causal effectiveness judgments, 18–35 yr olds, 6864
unsignaled vs signaled vs no reinforcement delay in 3-component multiple schedule, resistance to change in test of Pavlovian stimulus–reinforcer contingencies, pigeons, 26476

Reinforcement Schedules [See Also Concurrent Reinforcement Schedules, Fixed Interval Reinforcement, Fixed Ratio Reinforcement, Reinforcement Delay, Variable Interval Reinforcement, Variable Ratio Reinforcement]—Serials

2nd-order schedule of reinforcement with CS, acquisition & maintenance & reinstatement of conditioned iv cocaine self-administration, male rats, 7161

accumbens dopamine depletion, rate of progressive ratio responding, male rats, 36418
age & training duration, extinction after regular vs irregular reward schedules, 12 vs 17-day-old rat pups, 10276
amphetamine vs haloperidol vs imipramine vs chlordiazepoxide vs ethanol, impulsive behavior under paced fixed consecutive number schedule, rats, 4145
amphetamine vs imipramine vs citalopram vs chlordiazepoxide vs metergoline vs haloperidol vs ethanol vs PCPA, impulsive behavior under 8 or 32 fixed consecutive number schedule, rats , 4146
behavior under paced fixed consecutive number schedule of reinforcement, spontaneously hypertensive vs Wistar Kyoto rats treated with psychoactive drugs, 20287
change of operant schedule contingencies & reinforcement density, allocation of behavior predicted by behavioral momentum, 60–79 yr olds, 23820
choice between & preferences for unequal temporal reward sequences, male rats, test of parallel time discounting model , 16748
cocaethylene administered with cocaine vs alcohol, schedule-controlled responding behavior, rats, 33486
continuous reinforcement &/vs punishment for alternative behavior, self-injury, 28–44 yr olds with mental retardation at day-treatment center, 38102
continuous reinforcement schedules, extinction, children with behavior problems (aged 5 mo–2.5 yrs), 15190
delayed intermittent reinforcement & programming stimuli common to reinforcement conditions, maintenance of responding on math tasks, 4th graders with math deficits, 25810
delayed matching to sample procedure, remembering time, pigeons, test of model of remembering in context of conditional discrimination, 10290
dopamine antagonists & accumbens dopamine depletions, time constrained progressive-ratio responding for food reinforcement, male rats, 612
exposure to schedule-correlated stimuli vs observing response providing brief access to stimuli vs contingency reinforcement, vigilance to stimuli, 20–31 yr old college students, 19884
extinction with partial & continuous reinforcement conditioning in keylight stimuli, pigeons, 10254
fixed-interval & fixed-time reinforcement schedules in once per day food reward & scalloped or break & run responding, pigeon, 16754
generalized matching law as explanation for choice under schedules of cocaine availability, cocaine- & food-maintained behavior, rhesus monkeys, 10680
gustatory thalamus lesions, perceived value of reinforcing stimuli in progressive ratio reinforcement schedule, male rats, 36452
iv vs oral cocaine, reinforcement response rate & non-reinforced response rate, male rats, implications for pharmacodynamics & pharmacokinetics, 26808
nonresponse vs response contingent delivery of cocaine & animal's cocaine history & sex, hypothalamic pituitary adrenal axis effects & corticotropin releasing hormone, rhesus monkeys, 26740
presentation of stimulus chains during delay-of-reinforcement interval, discrimination learning, albino rats, 33088
progressive ratio 25 schedule of food delivery & development of morphine tolerance, pigeons, 13751
progressive-ratio schedules of drug delivery in analysis of drug self-administration, 753
reinforcement schedule as context for prefeeding & extinction resistance, pigeons, 10280
reinforcement schedules, learning & response probability & strength & variability in choice behaviors, pigeons, 33070
reinforcement sequence interval, response adjustment, rats, 3647
reinforcement value of heroin/cocaine combination in progressive ratio schedule of drug reinforcement, male rats, 657
satiation vs habituation responses to repeatedly presented reinforcers, implications for research, 333
self-administration of d-amphetamine across reinforcement schedules & access conditions, brain serotonin depleted male rats, 36556
sensitivity to differences in reward frequency & effects of methylphenidate on signal-detection task, 6–14 yr old boys with vs without ADHD, 30952
sex & procedural variables & operant ethanol progressive ratio reinforcement schedule, mice, 17066
short interfood intervals, temporal control, pigeons, 16773
signal presentation & reinforcement ratios, line orientation discrimination, pigeons, 26482
stay & switch schedules with variable reinforcement across conditions, run length & visit duration, male rats, local model of concurrent performance, 10278
strength of stimulation with d-amphetamine & 7-OH-DPAT & haloperidol, intracranial self-stimulation under progressive-ratio schedule, rats, 17032
terminal-link frequency & duration with vs without food reinforcement, conditioned preference responding, pigeons, 26485
time-based schedules & response-independent reinforcement as treatment for severe behavior disorders, 31545
within-session decrease in operant response rate as function of cumulative food intake under continuous reinforcement vs semi-VI schedule, rats , 3640
Reinforcement Schedules [See Also Concurrent Reinforcement Schedules, Fixed Interval Reinforcement, Fixed Ratio Reinforcement, Reinforcement Delay, Variable Interval Reinforcement, Variable Ratio Reinforcement]—Chapters
Reinforcement: Schedule performance, 3424
Reinnervation [See Neural Development]
Rejection (Social) [See Social Acceptance]
Relapse (Disorders)—Serials
24-hr crisis telephone consultation with psychiatrist, repetition of deliberate self harm, patients (mean age 32.9 yrs), 6 mo followup , 28662
ability of relatives to predict patient answers to mood state questions, relapse, 15–50 yr olds with schizophrenia, 2 yr study, 8140
acamprosate, morphine-induced sensitization & heroin self administration & relapse induced by heroin or stress, rats , 751
acute tryptophan depletion & cognitive impairment & acute depressive relapse & brain activity, 27–64 yr old males, 27632
acute vs chronic stress as predictors of cancer relapse, female patient with breast cancer, 31156
adherence to antidepressant continuation treatment guidelines, relapse or recurrence, patients with depression, 6–18 mo follow-up, 8925
alcohol recidivism & return to work rates, 25–73 yr old liver transplant recipients with history of alcohol-related liver disease &/vs polysubstance abuse, 37575
alpha-methylparatyrosine administration, brain catecholamine depletion-induced depression relapse, medication free euthymic 19–46 yr olds with history of major depression, commentary, 21076
alpha-methylparatyrosine administration, brain catecholamine depletion-induced depression relapse, medication free euthymic 19–46 yr olds with history of major depression, 21071
anhedonia & other psychopathological factors, relapse of alcoholics 6 mo after withdrawal, 25–54 yr old alcoholics, 5086
antipsychotic medication & psychosocial treatment, relapse of schizophrenia & adjustment , 5463
behavioral therapy with vs without 6 mo maintenance program, symptom relapse at 12 & 18 & 24 mo, 21–45 yr old patients with body dysmorphic disorder, 2 yr followup, 38090
behavioral treatments for recurrent pediatric headache, 18792
behavioral treatments for recurrent pediatric headache, commentary, 18795
behavioral treatments for recurrent pediatric headache, commentary, 18799
behavioral treatments for recurrent pediatric headache, commentary, 18801
beliefs on reasons for relapse, alcohol-dependent male patients vs their family members, India, 24529
buspirone, CSF concentrations of 5-HIAA & HVA as predictor of relapse, 20–61 yr old males with early vs late age onset of alcoholism, 12509
Class II studies of relationship between physical trauma & psychological stress & onset or exacerbation of multiple sclerosis , 24802
clinical & biological & social variables & medication status, prediction of relapse, 14–44 yr olds responsive to treatment of 1st-episode schizophrenia or schizoaffective disorder, 2 mo–5 yr study, 14576
cognitive & affective & behavioral profiles & use of analgesics & fear of pain & lifestyle changes, 17–77 yr olds with recurring headaches & high vs medium vs low anxiety sensitivity, 27997
cognitive therapy, relapse, 18–65 yr old outpatients with major depressive disorder, 6- & 8- & 12- & 24-mo follow-up, 8102
cognitive–behavioral therapy after alprazolam discontinuation, relapse & recurrence, patients with panic disorder, 2–5 yr followup to data from Peoria & Dartmouth studies, 12077
combination risperidone & fluoxetine therapy, symptom relapse, 21 yr old male with obsessive compulsive disorder, commentary & commentary reply, 18710
combined cognitive behavioral therapy & pharmacotherapy, residual symptoms & relapse, patients with recurrent depression, 2-yr followup, commentary & reply, 31528
combined cognitive behavioral therapy & pharmacotherapy, residual symptoms & relapse, patients with recurrent depression, 2 yr followup, commentary reply, 21766
combined cognitive behavioral therapy & pharmacotherapy, residual symptoms & relapse, patients with recurrent depression, 2 yr followup, commentary, 21772
definition of recovery & remission & relapse & recurrence of depression, 27642
definitions & childhood & family history & epidemiology & comorbidity & health care seeking & stress & life events & course, irritable bowel syndrome in adults & recurrent abdominal pain in children , 28009
demographic & clinical characteristics in disorder recurrence after recovery, patients with major depressive disorder, 15 yrs of observational follow-up, 27615
demographic & psychosocial & sexual behavior predictors of reinfection, 15–19 yr old Black males with sexually transmitted diseases, 37781
demographic factors & onset of 1st manic episode, disease course & risk of recurrence, hospitalized patients with manic vs depressive 1st episode with vs without later manic episode , 27599
descriptive model of psychological & behavioral & environmental factors that contribute to relapse process, male disqualified drivers, 34417
desipramine or fluoxetine treatment, relapse during tryptophan depletion, 20–65 yr old outpatients with depression, 28418
differences between & factors affecting resisted temptations to smoke & lapses & coping behaviors, smokers with self-initiated quit attempt who lapsed within 1 mo, 20795
discontinuation of maintenance antidepressants, recurrence of first-episode depression within 2 yrs, elderly Ss (mean age 74.4 yrs), 2 yr followup, 24197
environmental factors, drug relapse & risk of reincarceration, male inmates receiving aftercare services & assessed 3 mo after release, implications for drug treatment program effectiveness, 22250
ERP abnormalities as neurophysiological marker of vulnerability to psychotic relapse, patients with remitted schizophrenia under maintenance pharmacotherapy, 2-yr study, 11429
ethyl glucuronide as marker of alcohol consumption & relapse marker with clinical & forensic implications, 26–57 yr old acute alcohol withdrawal vs detoxified vs neuro-rehabilitation patients, 11649
expressed emotion as predictor of relapse, young schizophrenic outpatients (mean age 28.7 yrs), 6 & 12 vs 9 & 18 mo followups, 24269
follow up study, value of novelty seeking vs harm avoidance vs reward dependence on relapse, 19–72 yr old detoxified alcohol dependent patients, 1 yr follow up, 14745
frequency of relapse & efficacy of treatment, drug users, 2681
kindling & 2nd messenger mechanisms as aspects of neurobiology & recurrence of bipolar disorders, 14483
long-term neuroleptic maintenance therapy, psychotic relapse after 1st episode, outpatients (mean age 47.6 yrs) with paranoid schizophrenia, 15 yr study, 21933
loss of antidepressant efficacy during maintenance therapy, patients with unipolar depression, commentary, 18677
loss of antidepressant efficacy during maintenance therapy, patients with unipolar depression, commentary, 34981
neural & molecular mechanisms & drug induced neuroadaptations in brain reward & other regions & drug relapse, 4266
neural substrates of drug craving & drug relapse, drug addicts, 5091
neurocognitive functioning & addiction relapse coping strategies, prediction of alcohol & drug involvement, 14–18 yr old substance abuse treatment inpatients, 1 & 2 yr follow ups, 28783
nortriptyline &/vs interpersonal therapies as treatment & maintenance, recurrence of major depression, elderly (mean age 67.6 yrs) with major depression, commentary reply, 21662
nortriptyline &/vs interpersonal therapies as treatment & maintenance, recurrence of major depression, elderly (mean age 67.6 yrs) with major depression, commentary, 21668
nortriptyline &/vs interpersonal therapies as treatment & maintenance, recurrence of major depression, elderly (mean age 67.6 yrs) with major depression, comment, 11971
nortriptyline &/vs interpersonal therapies as treatment & maintenance, recurrence of major depression, elderly (mean age 67.6 yrs) with major depression, 11978
number of episodes, risk of recurrence & hospital re-admission, patients with unipolar vs bipolar disorder, 27600
olanzapine vs risperidone treatment, course of depressive symptoms as predictor of relapse, patients with schizophrenia, 28 wk study, 31705
paroxetine vs nortriptyline treatment, prevention or delay of relapse & recurrence of major depression, elderly patients, 38327

perceptions of facial emotions & subsequent relapse, depressed 18–77 yr olds in depressed vs remitted states, 6 mo study, 37305
personality & clinical predictors of recurrence of depression, depressed patients treated for 8–76 wks, followup study , 14477
positive & negative affect & attributions of controllability, schizophrenic relapse, family members of persons with schizophrenia, 21146
positive response to olanzapine followed by early relapse, 38 yr old male & 35 yr old female patients with paranoid schizophrenia, 38265
prediction of medium-term outcome by cortisol response to combined dexamethasone-corticotropin releasing hormone test, 25–79 yr old inpatients with major depression, 24233
prediction of single episodes of relapse drinking during treatment, 28–61 yr old males, 25526
predictors of additional service use following treatment for major depression, 13–18 yr olds, 14479
psychosocial correlates of cancer relapse & survival prognosis, 1979–95, 31155
rate & predictors of relapse, male alcoholics (mean age 42.4 yrs) who had achieved long-term abstinence, 2–17 yr follow-up, 8355
reboxetine, efficacy & relapse rate, 18–65 yr olds with major depression, 25228
recovery rate & relapse predictors, 13–45 yr old females with anorexia or bulimia nervosa, 7.5 yr study, 27976
relapse & recovery following intensive treatment, females with eating disorders, 1908
relapse & recovery rates, drug addicted anesthesiologists vs other physicians, retrospective study, 22387
relapse prevention effectiveness of ritanserin, alcohol dependent 20–58 yr olds, 12534
relapse psychosocial well-being after addictions treatment & relapse prevention, drug vs alcohol only users, 12 mo followup, 27852
remission & relapse patterns, patients with obsessive compulsive disorder, 21176
risk factors for first onset vs recurrence of depression, 9th-12th graders, 27606
role of depression in relapse & high- vs standard-dose nicotine patch therapy in promotion of sustained smoking cessation, heavy smokers, 28448
self-regulation model of relapse process, sexual offenders, 8404
sex & concerns about chronic weight & cessation-related weight gain & weight status & dropout during cessation as predictors of relapse to smoking, 18–66 yr olds in smoking cessation program, 5934
stability of traits assessed by Karolinska Scales of Personality, weight loss at 8 wks vs relapse at 12 mo, obesity patients, 16349
status of treatments in pediatric psychology for recurrent abdominal pain, 18794
status of treatments in pediatric psychology for recurrent abdominal pain, commentary, 18806
strengths & weaknesses of prospective vs retrospective vs near real time methodologies, study of antecedents or consequences of post substance abuse treatment relapse, 28776
symptoms as risk factors for hospital readmission, psychiatric inpatients with bipolar or schizoaffective disorders, 24158
total sleep deprivation, mood changes & relapse, patients with bipolar depression undergoing lithium treatment, 3 mo followup, 21866

Hating those different from ourselves: The origins of racial, ethnic, and religious hatred, 21292
REM Dreams—Serials
dream cognition & self-reflectiveness & rapid eye movement sleep in narcolepsy syndrome, females, 24825
REM Sleep—Serials
1st night of adaptation to novel environment, REM sleep phasic activity, combat veterans with PTSD (mean age 42.3 yrs), 17945
brain spatial microstates of spontaneous alpha activity in relaxed wakefulness vs drowsiness at sleep onset vs REM sleep, 19–23 yr olds, 33279
chronic administration or mecamylamine-blocked administration of different dosages of nicotine, REM sleep, male rats, 33477
effects of testing method & duration of sleep deprivation & sleep stage on rebounds, sleep deprived rats, 13643
fiber-sparing lesions to pretectum or superior colliculus, REM sleep triggering & responses to light, male rats, 29827
galanin, EEG measured REM sleep & nocturnal hormone secretion, healthy male 20–30 yr olds, comparison with effects of sleep deprivation on depression, 16977
icv vs sc vs dorsal raphe nucleus infusion of L-NAME, sleep–wake cycle & REM sleep, male rats , 13788
intranasal vasopressin, sleep quality, 70–83 yr olds with age-related sleep disturbances, 12338
laminal specificity of spontaneous field potentials prior to & during REM sleep in dorsal lateral geniculate nucleus, kittens, implications for visual experience, 10475
lesioning of fasciculus retroflexus fiber bundle, spontaneous sleep–wake stage variations of frontal cortex & hippocampus & REM, rats, 3933
molecular biology & role of suprachiasmatic nuclei & effects of antidepressants, circadian rhythm & REM sleep & sleep–wake cycle disturbances in depression, 24196
occurrence of REM sleep behavior disorder & sleep-related injury, patients (mean age 67.9 yrs) with Parkinson's disease & their caregivers, 5200
occurrence of REM sleep behavior disorder & sleep-related injury, patients (mean age 67.9 yrs) with Parkinson's disease & their caregivers, commentary , 24782
occurrence of REM sleep behavior disorder & sleep-related injury, patients (mean age 67.9 yrs) with Parkinson's disease & their caregivers, commentary reply, 24792
pretreatment subjective & electroencephalographic REM sleep quality, depressed females who did vs did not remit with psychotherapy, 15127
readiness of avoidance response as measure of Basic Rest–Activity Cycle rhythmicity, young vs adult mice, implications for link to REM/NREM sleep cycle, 4028
REM latency & other psychobiological correlates, patients with psychotic vs nonpsychotic major depression, 8120
REM sleep & emotional content & recall of dreams in prediction of remission from depression, adults tested close to vs 1-yr after marital separation , 1510
REM sleep behavior disorder, patients with degenerative dementia, 5311
rich sensorimotor prior waking experience, neuronal plasticity associated with zif-268 brain gene expression levels during rapid eyemovement & slow wave sleep, male rats, 36504
role of REM sleep & dream affect in overnight mood regulation, normal students, 312
selective 5-HT-2 receptor antagonist, EEG power spectra during slow-wave vs stage 2 vs NREM sleep, male 20–25 yr olds, 30020
sensory gating of auditory evoked potentials during passive wakefulness vs non-REM vs REM sleep, male rats, animal model of schizophrenia, 13652
sleep continuity & architecture & REM sleep patterns, African vs Asian vs Hispanic vs Caucasian Americans, implications for psychopathology, 36291
spectral analysis of sigma & slow wave activity & interictal epileptiform discharges during REM & NREM sleep, 5–9 yr olds with partial epilepsy, 31293
St Johns wort, antidepressant-like effect on sleep polysomnogram, 20–44 yr olds, 745
topographical distribution of alpha activity in EEG in REM sleep & sleep deprivation, adult males, 23403
work schedule with polyphasic rest activity cycles, sleep quantity and sleep stages across cycles & EEG evidence of vigilance, male Air Force personnel (mean age 19.7 yrs), 9668
Remarriage—Serials
attitudes regarding obligations to assist an older parent vs stepparent following later-life remarriage & obligations of elderly parents to their adult children following remarriage, 17–91 yr olds, 4610
current or anticipated parenthood, cohabitation & remarriage, formerly married males vs females with vs without children, 33767
marital interaction in parent–parent dyads vs parent–parent–child triads, spouses in intact & remarried families, 17481
perceptions of equity in former & current marriage, marital satisfaction, remarried adults (aged 25–83 yrs), 11027
relationship with former spouse, marital satisfaction, remarried 25–83 yr olds, 20734
remarriage after divorce & family structure vs race vs socioeconomic status, academic achievement, 8th graders, 28964
Remarriage—Books
Changing families, changing responsibilities: Family obligations following divorce and remarriage, 23899
Coping with divorce, single parenting, and remarriage: A risk and resiliency perspective, 11028
Remarriage—Chapters
Marriage and divorce, 4528
Multiple risks and adjustment in young children growing up in different family settings: A British community study of stepparent, single mother, and nondivorced families, 10903
Social capital and the development of youth from nondivorced, divorced and remarried families, 13977
Stepfamilies, 7691
Remedial Education [See Also Remedial Reading]—Serials
contextualized vs word problem math instruction, problem-solving performance & computation skills, 8th grade remedial math students vs prealgebra students, 28930
effectiveness of conceptual vs procedural instructional approach to teaching decimals, 8th & 9th graders in remedial mathematics, 16019
importance of matching motivation & capabilities in regular & remedial personalized classroom instruction, students with & without learning difficulties, 38908
instructional modeling, acquisition of word meaning from context, less-skilled 5th & 6th graders, 25769
intelligence & phonological skills, reading ability & comprehension & verbal & nonverbal ability, response to teaching interventions, 7 yr olds with reading disabilities, 7 mo followup, 11709
intervention based on changing attitudes toward education with vs without paired reading program at home, socially disadvantaged primary school children with low reading test scores, 16007
intervention strategies, text anxiety & underachievement, college students with learning disabilities, 9553
prevalence of students with little or no functional speech & their exposure to classroom activities & remedial services, severely retarded 2–32 yr old students, South Africa, 25806
taking own notes vs using short vs long-form guided notes, notetaking accuracy & daily quiz scores & satisfaction, academically at-risk female high school students in remedial summer history class, 25741
tutorials, handwriting & spelling & composition skills, 9.7–10.9 yr olds with severe writing disabilities, 8 mo study, recommendation for remediation, 34455
Remedial Education [See Also Remedial Reading]—Chapters
Reading, writing, and the college developmental student, 38915
Remedial Reading—Serials
biological constraints & neural architecture & processing components of literacy acquisition & developmental dissociations & effects of remedial interventions with children with reading disorders, 30982
reading intervention program, attitude & reading strategies & improvements, elementary school students in New Zealand, longitudinal study, 9449
use of diacritical marks in Reading For Sure intervention, primary & secondary school children with learning difficulties, 18 mo follow-up, 16002
Remembering [See Retention]
Reminiscence—Serials
episodic & semantic contributions to reminiscence & retention bumps in autobiographical recall, males (mean age 72.5 yrs) , 16666
individual differences in temporal imagery accuracy response of rotor pursuit task & imagery aftereffects & reminiscence effects, college students , 6853
Mechanistic & Organismic & Contextual world views in reminiscence research, 14105
neurophysiological aspects of reminiscence, implications for role of hippocampus, 496
relationship between olfactory stimulus & leisure memory via stage of life cycle, 55–84 yr old females, 16461
therapeutic use of reminiscence & storytelling & spirituality in bereavement process of adult children adjusting to death of a parent, 8711
Reminiscence—Books
The therapeutic purposes of reminiscence, 25106
Reminiscence—Chapters
Autobiographical memory and social cognition: Development of the remembered self in adulthood, 32988
Using reminiscence and life review as natural therapeutic strategies in group therapy, 31570
Remission (Disorders) [See Also Symptom Remission]—Serials
befriending intervention, remission of symptoms, adult inner-city females with chronic depression, 1 yr followup, 15082
cognitive functioning, good & poor outcome clinically euthymic patients with bipolar disorder, 34100
cognitive–behavioral therapy vs pharmacotherapy for unipolar depression, cognitive response to mood challenge, 18–65 yr old remitted depressed patients, 11983
correlation of regional cerebral blood flow & psychiatric symptoms during active vs remitted illness stage, patients with schizophrenia, 17908
definition of recovery & remission & relapse & recurrence of depression, 27642
dopamine receptor D4 & serotonin transporter genes & self esteem, remitted patients with unipolar & bipolar disorders, 4922
drug therapy of major depression with venlafaxine vs antidepressants & remission rate, 21891
episodically remitting akinetic mutism following subarachnoid hemorrhage, 52-yr-old male , 11856
ERP abnormalities as neurophysiological marker of vulnerability to psychotic relapse, patients with remitted schizophrenia under maintenance pharmacotherapy, 2-yr study, 11429
frequency of negative symptom occurrence during 1st hospitalization, number of rehospitalizations & duration & quality of remission, schizophrenic patients, 5 yr followup, 14531
fresh-start vs stressful life experiences & coping & attachment styles & other psychosocial factors, remission after befriending, adult inner-city females with chronic depression, 1 yr followup, 15081
length of episode prior to antidepressant treatment & premorbid neuroticism, time to remission, patients with major depression, 18 mo followup, 28429
pretreatment subjective & electroencephalographic REM sleep quality, depressed females who did vs did not remit with psychotherapy, 15127
recurrent suicidality & acute symptom remission, inpatients with mixed vs pure bipolar disorder, 8098
religious belief & activity, time to remission of depression, 60+ yr old medically ill hospitalized older patients, reply, 21090
religious belief & activity, time to remission of depression, 60+ yr old medically ill hospitalized older patients, commentary, 21097
religious belief & activity, time to remission of depression, 60+ yr old medically ill hospitalized older patients, reply, 21089
religious belief & activity, time to remission of depression, 60+ yr old medically ill hospitalized older patients, commentary , 21072
REM sleep & emotional content & recall of dreams in prediction of remission from depression, adults tested close to vs 1-yr after marital separation , 1510
remission & relapse patterns, patients with obsessive compulsive disorder, 21176
residual depressive symptoms & relationship to Axis I & II comorbidity, outpatients with major depressive disorder in acute remission following treatment with fluoxetine, 8 wk study, 18720
self-esteem & dysfunctional beliefs, full vs partial remission, non-psychotic major depressive inpatients, 2 yr followup , 30655
short-term outpatient supportive psychotherapy, remission, depressed patients, 28319
social adjustment & self esteem, male vs female outpatients with bipolar vs unipolar affective disorder in remission for 12 or more months, 11378
tardive dyskinesia during depressive episodes & remission during mania, 67 yr old female with bipolar disorder, 30668
Remission (Disorders) [See Also Symptom Remission]—Chapters
Striving for confirmation: The role of self-verification in depression, 11392
Renal Diseases [See Kidney Diseases]
Renal Transplantation [See Organ Transplantation]

Repeated Measures—Serials
between-Ss vs within-Ss experimental design, rated acceptability of curriculum-based vs norm-referenced academic skills assessment instruments, elementary education teachers, 16373
computer program BWPower for determination of power of multiple regression analyses of experimental data with vs without repeated measures, 13124
conditioning to long-term dopamine D1 antagonist intraperitoneal injections, catalepsy, male mice, 36538
power of univariate & multivariate analyses of repeated measurements in controlled clinical trials, 13141
strengths & limitations of repeated measures research designs in applied psychology research, 24974
type I error probability & response trends & power achieved by regression of repeated measures across a normalized time domain, 26269
Type I error rate for corrected degrees of freedom univariate vs multivariate vs mixed model vs other recent tests for analysis of repeated measures , 19664
word frequency & repetition & lexicality effects, shifts in RT distributions & estimates of central tendency in word recognition experiments, college students, 9956
words & pictorial stimuli & analogous encoding & retrieval conditions over repeated trials, recognition vs recall hypermnesia, college students, test of alternative retrieval pathways hypothesis, 32965
Repeated Measures—Books
An introduction to latent variable growth curve modeling: Concepts, issues, and applications, 9981
Repetition (Compulsive) [See Compulsive Repetition]
Replication (Experimental) [See Experimental Replication]
Repressed Memory—Serials
characteristics & context & consequences of & psychotherapeutic techniques used in memory recovery of adults in therapy, therapists, 31417
characteristics of legal trial involving repressed memory of child sexual assault, perception of repressed memory recall accuracy & verdict decision making, male vs female mock jurors, 19535
descriptive word association, recall of unpleasant autobiographical memories, males & females with repressive coping style, 20929
epidemiological concerns about base rates & true & false positives & possible epidemic of therapy induced false memories & delayed memories of childhood sexual abuse, erratum, 1692
legal perspective on third-party liability for negligence & duty to care for non-patient family members in cases of recovered memory of sexual abuse, therapists, 25681
literature & research on recovered memory therapy for childhood sexual abuse, commentary reply, 5491
literature & research on recovered memory therapy for childhood sexual abuse, commentary reply, 5514
literature & research on recovered memory therapy for childhood sexual abuse, commentary, 5515
literature & research on recovered memory therapy for childhood sexual abuse, commentary, 5513
literature & research on recovered memory therapy for childhood sexual abuse, commentary, 5508
memory trace & suppression & ability to distinguish relevant from previously encountered but irrelevant information, brain damaged spontaneous confabulating vs nonconfabulating amnesic Ss, 34677
perspectives on repressed memory controversy & issues for mental health professionals, 19130
psychogenic & neurological basis of global amnesia triggered by repressed Holocaust memories, 65 yr old female concentration camp survivor, 28147
reactions to testimony involving claims of repressed memory & effects of victim age & reporting delay in victim believability, case involving child sexual assault, mock jurors, 22783
recovered memories of abuse & childhood memories & repression & dissociation, college students (mean age 19.14 yrs), 37488
repression & recovery of traumatic World War II memories & PTSD symptoms, commentary reply, 37412
repression & recovery of traumatic World War II memories & PTSD symptoms, commentary, 37406
repression & recovery of traumatic World War II memories & PTSD symptoms, commentary reply, 37402
sex, diagnosis & treatment of client's suspected repressed childhood sexual abuse, therapists, 2790
sex, perception of evidence in recovered memory civil trial, 20–63 yr old, community members serving as jurors, 32524
utility of therapy for recovered memories of childhood sexual abuse, comment, 37997
utility of therapy for recovered memories of childhood sexual abuse, comment, 37992
utility of therapy for recovered memories of childhood sexual abuse, comment, 37990
utility of therapy for recovered memories of childhood sexual abuse, comment, 38008
utility of therapy for recovered memories of childhood sexual abuse, comment, 38018
utility of therapy for recovered memories of childhood sexual abuse, comment, 38030
utility of therapy for recovered memories of childhood sexual abuse, comment, 38034
utility of therapy for recovered memories of childhood sexual abuse, comment, 38040
utility of therapy for recovered memories of childhood sexual abuse, commentary, reply, 38037
Repressed Memory—Chapters
The emergence of recovered memory as a social problem, 24499
Lie down and let me tell you about your childhood, 32990
Repression (Defense Mechanism)—Serials
appraisal of emotional stimuli in threatening vs nonthreatening positive vs negative emotional contexts, participants, test of model of repression, 14358
childhood abuse & adult tendency toward use of repression & relation to reality testing & dissociation & emotional distress, 18–30 yr old females reporting childhood sexual &/or physical abuse, 30816
contrasting view of A. Grunbaum's representation of Freud & repression etiology of psychoneuroses & tally argument, 17722
cued recognition & recall for mildly threatening vs pleasant vs neutral words in repressors & non-repressors, 27–58 yr olds, 10179
descriptive word association, recall of unpleasant autobiographical memories, males & females with repressive coping style, 20929
early object relations & role of repressed homosexual impulses in delusional disorders, 20–50 yr olds with severe paranoid difficulties, 30739
Freud's psychoanalytical concepts of unconscious & repression & dissociation as postmodernism, 1373
monitoring &/vs blunting coping styles, repressor vs low-anxious vs high-anxious vs defensive high-anxious college students, 37162
physiological reactions & fright reactions to mass media, university students with repressive vs nonrepressive coping style, 20423
recovered memories of abuse & childhood memories & repression & dissociation, college students (mean age 19.14 yrs), 37488
repressive coping style, judgments of childhood, 18–38 yr old females, 14317
repressive coping style, processing & recalling information about rape, females, 11212
repressors as self vs other deceivers, college students who were high or low on trait anxiety, 11198
Repression (Defense Mechanism)—Chapters
Consciousness makes a difference, 13326
Loss and bereavement: Attachment theory and recent controversies concerning "grief work" and the nature of detachment, 20464
Three realms of the unconscious (1992), 20977
Repression Sensitization—Serials
d-amphetamine-induced behavioral sensitization, sexual behavior facilitation, male rats, 13730
Reproductive Technology—Serials
adoption vs genetic link to mother only through artificial insemination, target child evaluation & attributions, male vs female college students, 17680
concerns of gamete donation recipients, implications for counseling, 5735
experience of & motivation for & attitudes toward egg donation, adult females (mean age 31.2 yrs), 5743
health concerns & parenting & family structure & relationship & time management & discrimination issues, 26–51 yr old lesbian mothers & co-mothers of children conceived by donor insemination, 30273
internal consistency & validity of conjoint analysis, assessment of benefits of in vitro fertilization via patient preferences & indirect estimation of willingness to pay, adults, 15424
men vs women's perception on genetic engineering for manipulating human reproduction, 16886
offspring perspective on psychosocial & human rights & ethical aspects of medically-assisted birth of orphans planned by individuals whose spouse died prior to conception, 32158
psychological state & perceived strain in relation to fertility problems during course of treatment, couples with primary infertility, 22 wk study, 5739
psychological variables which predict achievement of pregnancy or treatment persistence, 27–48 yr old married couples with primary infertility, 5780
psychosocial discontinuities as result of new reproductive technologies, implications for psychosocial research, 5777
psychosocial factors of in vitro fertilization & reactions to successful & unsuccessful outcome in vitro fertilization, couples, 18819
representation of reproductive technology in narratives of infertility, infertile 28–74 yr old females, 31058
social dimensions & responsibility of gamete donors, 5736
social vs biological parenting, family functioning & child socioemotional development, parents & their 3.5–8 yr olds conceived by in vitro fertilization vs donor egg vs sperm vs adoptive children, 20720
Republican Party [See Political Parties]
Reputation—Serials
development & factor structure & content validity of Reputation Enhancement Scale, delinquent vs nondelinquent vs at-risk 12–18 yr olds, 19612
future goal orientations & social reputation, at-risk vs not at-risk 5–7 yr olds, 36787
price & inferred motive & reputation, perceptions of price unfairness, college students & staff, 22699
reputations & self-concepts & coping strategies, high school students with current vs former volatile-solvent use vs nonuse, 1779
Research [See Experimentation]
Research Design [See Experimental Design]
Research Diagnostic Criteria—Serials
sensitivity & specificity of clinical features of diagnostic criteria for diffuse Lewy body disease, autopsy-confirmed Alzheimer's disease dementia cases with vs without Lewy body disease, 31273
similarity & distinctness of age-associated memory impairment & ageing-associated cognitive decline as research diagnostic criteria, adults without dementia with evidence of cognitive decline, 30265
Research Dropouts [See Experimental Attrition]
Research Methods [See Methodology]
Research Subjects [See Experimental Subjects]
Resentment [See Hostility]
Reserpine—Serials
amphetamine & reserpine, D(subscript 1)-like dopamine receptor binding, monkey brains, 36540
intraperitoneal vs oral inositol vs reserpine dosages, activity levels, male rats, animal models of depression, 29993
reserpine, hypothermia & tail flick & locomotion & hyper- & hypophagia & head shake & anxiety responses to agonists at 5-HT1A vs 1B vs 2A vs 2C receptor subtypes, male rats, 26784
Residence Halls [See Dormitories]
Residency (Medical) [See Medical Residency]
Residential Care Attendants [See Attendants (Institutions)]
Residential Care Institutions [See Also Halfway Houses, Hospitals, Nursing Homes, Orphanages]—Serials
age & residential status, symbolic & nonsymbolic expressive communication, 7.4–35.7 yr olds with severe mental retardation, 11719
Aggression Replacement Training program, antisocial behavior, 11–17 yr olds in runaway shelter, 2577
application of group work perspective on focus group research, clients & workers in residential mental health facilities, 27276
application of modified situational leadership model to residential group care settings, 10–14 yr olds, 9191
application of modified situational leadership model to residential group care settings, 10–14 yr olds, commentary reply, 9190
application of modified situational leadership model to residential group care settings, 10–14 yr olds, commentary, 9197
attitudes toward adult care homes & care by families, Black vs White elderly (aged 65 yrs & older) & caregivers, 27101
attitudes toward residing in high vs low quality institutions, male vs female 62–89 yr olds, 36890
attitudes towards institutional quality of care, 26–88 yr old family members & friends visiting patients at residential care institutions, England, 31988
behavioral & clinical & social problems assessed by Health of the Nation Outcome Scales, elderly psychiatric inpatients with vs without resettlement to community residential care, England, 18 mo study, 5888
behavioral & emotional changes, 4–18 yr olds placed in residential group home care, 2.5 yr followup study, Finland, 35230
behaviors during unannounced emergency evacuation, learning disabled residents living in community care homes, 15582
bright light therapy, agitated behaviors, dementia patients in chronic care facility, 31738
caregiving style & staff–child interactions & routine care, development & activity, institutionalized children aged 4 yrs & younger, 17185
child welfare issues & managed care & mental health needs, children & adolescents in residential care , 9192
child- & parent- & placement-related factors, substitute care placement outcomes, 5–18 yr old children, 18962

client characteristics & acute care outcomes, distressed clients in short-term residential treatment vs hospital-based psychiatric programs, 15475
conditions of employment & distribution of activities in residential facilities for people with intellectual disabilities, direct-care staff (mean age 30.6), 28813
demographic & personal & work factors associated with burnout, workers in residential facilities for clients with intellectual disabilities, 9364
development & concurrent & convergent & discriminant validity of measure of turbulence in Children's Homes, 10–17 yr old residents & staff of Children's Home, 15583
development of combined primary care & residential addiction treatment unit, 13–64 yr old substance abuse patients, 2 yr study, 22268
diagnostic stability & changes, children & adolescents in residential treatment, 15574
drug-free interpersonal & phenomenological treatment & social environmental characteristics as alternative to hospitalization & treatment outcomes, schizophrenic & psychiatric clients, 15580
effectiveness of training program for work with memory impaired residents, nursing home & assisted living staff, 25620
environmental characteristics of nursing homes vs community-based residential settings, adaptive behavior & health & community integration, 31–88 yr olds with intellectual disability, 3-yr followup, 2639
evaluating efficacy of milieu therapy, emotionally disturbed youth in residential facility, 15581
factor structure & prototype analysis of Millon Adolescent Clinical Inventory, male vs female 13–19 yr olds referred for residential treatment, 17775
formal & informal care, adults (aged 55 yrs & older) living in board & care homes, 22229
group &/vs individual &/vs family therapy in residential &/vs day-treatment settings, criminality, 12–17 yr olds , 24897
group care & treatment programs & educational framework based on Korczak's orphans' home, 5829
history of mental retardation & emphasis on institutional vs home or community settings, 8450
informant-rated premorbid personality assessed by NEO Personality Inventory–Revised, adjustment to residential placement, elderly Alzheimer's disease patients, 5890
integration of social work group theory to residential treatment facilities to improve therapeutic engagement & contextual learning in clientele, 15577
management of everyday violence in residential place, individuals, 15572
nature & prevalence of behavior difficulties & need for specialist care in long-term elderly care settings, nurses & carers in NHS long-stay wards vs nursing homes vs residential facilities, 28725
nursing assistants' use of prompts & praise to increase engagement in daily living activities, residential 85–95 yr olds with dementia, 15573
organizational behavior management in large residential organizations serving people with developmental disabilities, 9189
organizational determinants of satisfaction with assisted living environment, elderly residents, 35265
patient characteristics, severe vs nonsevere firesetters (aged 5–33 yrs) in residential institutions, 27815
patterns of family caregiving & support provided in long-term care, 45–91 yr old psychiatric patients in intermediate care facility, 35257
perceptions of experience in making placement decisions, 35–80 yr old caregivers, commentaries & responses appended, 9178
personal & behavioral characteristics & types & aspects of residential situations, all people (17–76 yrs old) with severe intellectual disability & most severe challenging behavior in Wales, 1884
physical abuse of persons with learning disabilities in residential facilities, how to recognize & report & manage abuse, 25485
planned vs actual realization of therapies & activities in residential & nonresidential facilities, individuals with profound multiple disabilities, 1990–98, 32023
policies & services & staff & patient characteristics as determinants of treatment climate & outcome, patients & staff of residential psychiatric & substance abuse programs, 8742
potential cost savings by substitution of assisted living care for nursing home care based on health status & disease severity, nursing home & assisted living facility residents with AD , 35261
prediction of discharge status, adolescents who completed residential treatment, 15584
prevalence & patterns of use of psychiatric & anticonvulsant medications, 5–19 yr olds admitted to residential treatment facility, 9186
prevalence of intellectual disability & residential vs home care, 4 yr olds & under–75 yr olds & older, 37698
prior involvement in juvenile delinquency & mental disorders, 11–17 yr olds entering emergency care facility, 38569
psychoanalytic observations & impressions of patients in long- stay dementia unit, male & female residents, 32010
psychometric properties & screening suitability of Even Briefer Assessment Scale for Depression, elderly patients in geriatric care in German vs English speaking countries, 26161
psychotropic prescription drug rates for geriatric patients residing in nursing vs retirement homes vs homes for aged vs veteran's center, Canada, international comparison, 38225
quality of life, 4–89 yr old mentally retarded patients living in community group homes vs residential facilities, 12408
research behind & guidelines & mathematical models for design of safe & therapeutic environments such as Alzheimer's gardens, elderly people with dementia, 9700
research methods & types & frequencies of immigrant vs indigenous adolescent problems & placement process in residential group care & treatment setting & parental involvement, Netherlands, commentary, 4889
research methods & types & frequencies of immigrant vs indigenous adolescent problems & placement process in residential group care & treatment setting & parental involvement, Netherlands, reply, 4876
residential aftercare following prison-based substance abuse treatment, recidivism, male inmates, 32068
residential detoxification for substance abusers with HIV/AIDS, 15637
scope & nature & quality of residential service provision following deinstitutionalization, people with learning disabilities or mental retardation, United Kingdom, 19003
service & processes & outcome & costs of family homes vs specialist community housing vs traditional services, 17–76 yr olds with severe intellectual disability & most severe challenging behavior, 2561
social interaction & quality of life in a special care unit, adults with DAT (mean age 83.73 yrs), 35279
special care unit placement, aggressive behavior, nursing home residents with dementia, 38554
staff perceptions on integrating methadone maintenance clients into residential drug treatment, residential staff, 38626
types & frequencies of immigrant vs indigenous adolescent problems & placement process in residential group care & treatment settings & parental involvement, Netherlands, 4877
urinalysis based contingency management program, prevention of relapse following brief residential detoxification, methadone maintenance patients, 19056
use of sweat lodge ceremony as group therapy in residential treatment center, 6–15 yr old Navajo males with disruptive behavior disorders, 18593
Residential Care Institutions [See Also Halfway Houses, Hospitals, Nursing Homes, Orphanages]—Chapters
Inpatient treatment, 15645
Perspectives of a care provider, 11951
Residential care for children and adolescents with oppositional defiant disorder and conduct disorder, 25489
Service responses to challenging behaviour, 31995
Support service systems for people with dual diagnosis in the USA, 31921
Therapy and consultation in residential care, 35270
Witness and victim of multiple abuses: Case of Randy, age 10, in a residential treatment center, and follow-up at age 19 in prison, 35268
Resilience (Psychological) [See Hardiness]
Resistance [See Also Psychotherapeutic Resistance]—Serials
attitudes toward women & sex vs power schemas & victim resistance, victim vs perpetrator attributions, female undergraduates, 11552
compliance & resistance as behavioral responses to organizational structure & typology of individual behaviors in relation to structural conditions, employees, 6333
critique of resistance to change model of organizational change dynamics, 12867
critique of resistance to change model of organizational change dynamics, commentary, 12874
ethnography & construction of power & strategies of resistance & submission, Filipina domestic workers in Hong Kong, 23843
executive dysfunction & resistiveness to physical care, male nursing home patients with dementia (aged 65–100 yrs), 24848
experience of abuse & resistance, battered Asian Indian female immigrants (aged 27–54 yrs), 24443
gene mutations in extension of life span & stress resistance, Drosophila melanogaster, 702
haloperidol vs clozapine & variable interval reinforcement, responsive behavior toward food reinforcement, male rats, 23512
ideological & pedagogical resistance & sociotransformative constructivism for multicultural education & counterresistance, Anglo-European preservice science teachers, 6126
letter writing as a psychotherapeutic method for revealing attitudes of costs & benefits of anorexia nervosa & factors of resistance to treatment, females (mean age 24.1 yrs) with anorexia nervosa, 11754
perceptions & use of & resistance to formal support, 33–87 yr old male caregivers of adults with cognitive impairment, 31971
psychological & material motivations & identity & violence & collaboration vs resistence of Vilna Judenrat vs partisan Jewish movements during Holocaust, 33724
resistance & cooperation in conflict over job performance, library supervisor–employee dyads, 35605
resistance to extinction of lever pressing maintained by timeout from avoidance, rats, 10268
role of resistance in understanding love relationships, implication for clinical practice, 8841
self reported narratives describing token resistance to sex, male vs female college students, 1187
specific therapeutic approach to externalize emotions & experience feelings, involuntary patients, 31433
taste exposure to good- vs bad-tasting novel vs familiar food, willingness to taste novel foods, 7–9 vs 10–12 yr olds, 30232
treatment & interventions to facilitate healing process, resistant & defended sexually addicted clients, 18517
use of family links & social networks to overcome resistance to treatment, chemically dependent individuals, 19062
Resistance [See Also Psychotherapeutic Resistance]—Chapters
Prenatal and perinatal stress: Implications for neonatal soothing and integrity, 20644
Resistance (Psychotherapeutic) [See Psychotherapeutic Resistance]
Resocialization (Psychosocial) [See Psychosocial Readjustment]
Resonance [See Vibration]
Resource Allocation—Serials
actual vs hypothetical problem situation, strategies for managing limited resources, 9.2–13.4 yr olds with vs without learning problems, 8447
anticipated social evaluation & self interested altruism or empathy induced egoism, contribution to the common good vs self gain, psychology students, 7841
classical psychiatric diagnoses vs relational V-code conditions, relation to markers of clinical severity & resource allocation for treatment, birth to 43 yr olds, implications for family therapy, 17781
cost of performing problem-solving operation, level of planning & solution length, adults, implications for user interface design, 10126
development & implementation of resource allocation computer-based model of workload in enhancing productivity, academic physicians, 2728
disclosure of sensitive issues in supervisory working alliance, counselors in training, 9343
distributive justice, willingness to help pay for municipality child care, college students, 4701
food distribution & consumption & taboos & strategies to alleviate nutritional stress during hunger season, rural Lese horticulturalist females, Democratic Republic of Congo, 14137
food quantity & difficulty of using foraging device as environmental enrichment, food competition & transfer & aggression, captive group of adult golden lion tamarins, 406
high- vs low-social dominance orientation, allocation of social resources between meritorious & needy parties, undergraduates, 17551
human- vs automation-directed invocation of adaptive automation of a dynamic control decision-making task based on secondary task workload measurement, 21–23 yr olds, 35740
issues in decision making in consequences of growth in technical capabilities & share of resources devoted to medical care, commentary, 38512
issues in decision making in consequences of growth in technical capabilities & share of resources devoted to medical care, commentary reply, 38481
issues in decision making in consequences of growth in technical capabilities & share of resources devoted to medical care, commentary, implications for diagnosis & classification of breast neoplasms, 38482
issues in decision making in consequences of growth in technical capabilities & share of resources devoted to medical care, commentary, implications for diagnosis & treatment of pseudodisease, 38508

issues in decision making in consequences of growth in technical capabilities & share of resources devoted to medical care, 12403
measurement of residual function & compensatory resource allocation using functional MRI, 48-yr-old male with Huntington's Disease with dementia & parietofrontal atrophy, 18366
model for establishing guidelines & benchmarks for resource allocation in community mental health programs, psychiatrists, 22167
models for explanation of differences in allocation of resources in various social categories, Greek vs Dutch college students, commentary, 17606
models for explanation of differences in allocation of resources in various social categories, Greek vs Dutch college students, commentary reply, 30466
models for explanation of differences in allocation of resources in various social categories, Greek vs Dutch college students, 17616
need norm & social role & demographic influences, justice judgments in need-based salary allocation situation, 16–85 yr olds functioning as co-workers vs allocators vs observers, 1258
own vs opposing subgroup's initial resource location at individual or subgroup or collective level, allocation decisions & cooperation in social dilemmas, business students, 30415
policy & resource & private company–public service issues in provision of all-age career guidance, UK , 12791
preference for order of application vs market vs merit vs random distribution of scarce goods, college students from market vs regulated (communist) economies & New Zealand vs Germany, 14268
principles & processes for priority setting & decision making in mental health service resource allocation & program development, patients with serious mental illness, 22147
prognosis & illness responsibility & employment status & race of hypothetical patients, health-care allocation decisions as distributive justice, college students, test of aversive racism theory, 7855
racial & ethnic differences in allocation of financial assistance to parents vs offspring, middle aged Black vs White vs Hispanic couples, 23867
resource redeployment of brands & sales forces & marketing management expertise after horizontal acquisitions, performance, merged firms, 22651
sharing of resources among universities in several places & Internet with use of videoconferencing in introductory cognitive science laboratory, class effectiveness & interactivity, college students, 25729
SPAN (social participatory allocation network) & RCON (rational consensus) influence allocation methods in group decision support systems, selection of correct option, adults, 4714
stability of preferences for treating severely vs moderately ill patients, prospective jurors (mean age 42 yrs), 31386
tradeoff between goals & resources, highlighting vs balancing goal-consistent vs resource-consistent choices in consumption episode, consumers, 16202
treatment unit resources & support & client HIV risk, HIV prevention practices, outpatient substance abuse treatment units, 1988–1995, 28687
use of Geographical Information System to determine potential access & allocation of public mental health resources in KwaZulu-Natal, South Africa , 9094
use of goals of medicine to justify allocation of resources to care provision & effects on cost efficiency, persons with serious mental illness, 22116
use of institutional strategy in organizational action toward managing institutional structures for competition for resources in forensic accounting firm, 22606
worker allocation & coordination of complex system of signals & other feedback mechanisms, nectar foragers & receivers in honey bee colonies, 29704

Resource Allocation—Chapters

Health-related quality of life in mental health services evaluation, 29314
Managing uncertain common resources, 30434
On the ethical goodness of "ethical" or "socially responsible" investing, 32396
Providing step level public goods under uncertainty: The case of probable external supply, 30444
Taking exogenous dynamics seriously in public goods and resource dilemmas, 30443

Resource Teachers—Serials

stress & health & workload & burnout, 24–54 yr old learning support coordinators in colleges of further education, 6124

Respiration—Serials

5 & 7% carbon dioxide respiratory challenge, respiratory response, 19–58 yr olds with panic disorder, commentary & reply, 17935
analgesic & respiratory & heart rate effects of cannabinoid and opioid agonists, rhesus monkeys, 4286
anandamide vs methanandamide vs WIN 55212-2, serum hormones & respiration rate & pain sensitivity, castrated male calves, implications for cannabinoid receptor role in stress response, 26866
autonomic nervous system in secretory immunoglobulin A & cardiovascular activity during mental arithmetic & paced breathing, male college students, 29966
coordination dynamics of abdomen & chest during infant breathing, full- vs pre-term babies at 38 wks postconceptual age , 24697
day & nighttime quiet sleep respiration rates & sex & birth weight & maternal age & education & delivery mode & cognitive development, 1–2 day olds, 6 mo followup , 4404
diagnostic specificity of symptoms & breathing pattern at rest & after hyperventilation, 19–62 yr olds with panic vs anxiety vs somatoform disorder classified by DSM vs as hyperventilation syndrome , 7997
differences in cognitive performance & physiological changes when protected with COMBAT EDGE vs advanced technology anti-G suit, adult female pilots, 33333
electrodermal & respiration psychophysical responses in Guilty Knowledge Test, guilty vs informed innocent vs uninformed innocent Ss, 36209
ethnographic study of settings & social contexts of shotgun inhalational drug use technique & sexual & other associated behaviors & risk of infectious disease transmission, drug users, 21335
excitative vs sedative music & preference, subjective & physiological responses, 18–21 yr olds, 20396
fear-relevant imagery scripts as CS in differential learning, somatic complaints & respiratory responses & end-tidal carbon dioxide, female 18–22 yr olds, panic & agoraphobic anxiety implications, 10527
headspace gas chromatography vs breath & saliva & urine tests, venous blood alcohol concentrations, chronic alcoholics, 37549
hunger vs satiety motivation state & familiarity with stimulus, behavioral & autonomic responses to artificial & food-related odors, neonates, 26948
modulation of phrenic motoneuron excitability during inspiratory vs expiratory phases of respiration, neonatal rats, 16937
negative GABA-A modulators, ventilation, rhesus monkeys, 666
neural changes after operant conditioning of aerial respiratory behavior, Lymnaea stagnalis, 13649
physiological reactions to breath holding, patients with generalized anxiety disorder vs panic disorder, 8199
physiological reactions to breath holding, patients with generalized anxiety disorder vs panic disorder, commentary, 8204
psychophysiology & Pavlovian & operant principles of control in modification of breathing behavior & retraining, 25063
reinforcement of compliance with respiratory treatment, 8 yr old male with cystic fibrosis & mental retardation & autism, 24085
relationship between self reported smoking & measurement of expired air carbon monoxide, smokers who had attended behavioral program for smoking cessation, 4695
respiratory functioning & panic symptomatology, 49–74 yr old pulmonary patients with chronic shortness of breath, 34557
running with vs without external nasal dilator strip, ratings of perceived exertion, adults, 3520
security of attachment, behavioral inhibition & heart rate & respiratory sinus arrhythmia, 4.5 yr olds, 26949
starvation & sand substrate, cardiac & ventilatory behavior, disturbed vs settled ovigerous vs non-ovigerous female crabs, 29938
stimulation of multiple sensory modalities, responses of respiratory-related medullary neurons, decerebrate artificially ventilated cats, 29821
tape-recorded relaxation training, well-being & symptoms & peak expiratory flow rate, asthmatics, 25068
use of noncontingent diaphragmatic breathing in simplified regulated breathing treatment for stuttering, 28 yr old bilingual male, 5186
validity of impedance pneumography to measure respiration, 24–41 yr olds, 20231
visual field & signal detection capability & response times during full face-piece respirator wear, male vs female adults (mean age 27 yrs), 10509

Respiration—Chapters

Core energetics: A therapy of bodily energy and consciousness, 21992

Respiratory Distress [See Also Apnea, Dyspnea, Hyperventilation]—Serials

associations between sleep & respiratory disturbance & psychological responses asssessed by MMPI, adults with obstructive sleep apnea, 24678
generic & pulmonary disease-specific health related quality of life, acute respiratory distress syndrome survivors, 11781
intravenous naltrindole & naltrindole 5'-isothiocyanate on sufentanil-induced antinociception & respiratory depression, rats, 20379
neurodevelopmental & social development, 24 mo olds with severe respiratory failure treated conventionally vs with extracorporeal membrane oxygenation, 5753
olanzapine, treatment of respiratory dyskinesia, 67 yr old female cancer patient, 22052
physical exercise &/or itching from skin irritation & lung function & breathlessness & other symptoms, 9–18 yr olds with asthma, 11809
predominance of respiratory symptoms during panic attacks, male panic disorder patients with history of torture by suffocation, 11457
psychobiological mechanisms in respiratory distress & cardiovascular reactivity & role in sleep apnea & cardiovascular disorders, humans, 13662
respiratory responding & anxiety during hypercapnic vs hypoxic challenge, patients with panic disorder (mean age 32.8 yrs), 27722

Respiratory Distress [See Also Apnea, Dyspnea, Hyperventilation]—Chapters

Hypnosis and its usefulness in managing patients with respiratory problems, 38388

Respiratory System [See Also Diaphragm (Anatomy), Larynx, Lung, Nose, Thorax, Trachea]—Serials

heart rate & respiratory sinus arrhythmia & pre-ejection period & T-wave amplitude (cardiac activity) during sleep onset, adults, 20194
patterns of membrane potential changes in laryngeal motoneurons during vocalization & coughing & swallowing & sneezing & aspiration reflex, decerebrate paralyzed cats, 20147

Respiratory Tract Disorders [See Also Apnea, Dyspnea, Hyperventilation, Laryngeal Disorders, Lung Disorders, Pharyngeal Disorders]—Serials

clarithromycin-induced delirium, 30–71 yr olds with respiratory illness, 9028
cognitive & language & daily living & motor skill developmental patterns, preterm vs fullterm infants with vs without acute vs chronic respiratory diseases of varying severity, 24 mo study , 28052
idazoxan, RT & eye movements & mood measures of malaise, adults with upper respiratory tract illness, 25316
oral & pharyngeal motor problems, respiratory tract infections due to gastroesophageal reflux &/vs direct aspiration, 7 mo–16 yr olds with severe neurodisability, 24833
prosody & pitch & amplitude & duration of disyllable vocalizations, full-term vs preterm 9 month olds with vs without history of respiratory problems, 10774
very low birth weight with bronchopulmonary dysplasia in infancy, cognitive performance at school age, 8–10 yr olds, 11795

Respiratory Tract Disorders [See Also Apnea, Dyspnea, Hyperventilation, Laryngeal Disorders, Lung Disorders, Pharyngeal Disorders]—Chapters

The validity of bodily symptoms in medical outpatients, 36100

Respite Care—Serials

effects of respite provision on well-being, caregivers, 15565
need & predisposing factors in institutional respite care & service appraisals, caregivers , 2631
respite experience as coping strategy, 47–82 yr family caregivers of dementia patients, 31983
satisfaction with adult day services, family caregivers of patients with dementia, 1 yr study, 35210
typology of users of institutional respite care, caregivers & patients (aged 64–84 yrs), 1 yr study, 12471

Respondent Conditioning [See Classical Conditioning]

Response Amplitude—Serials

biofeedback-entrained cortical polarization, positive vs negative slow-wave amplitudes in direct-memory retrieval of multiplication facts, adults, 3978
Brief Psychiatric Rating Scale, assessment of p300 amplitude & clinical state, severely- vs moderately ill patients with schizophrenia vs healthy subjects, 26197
conditioned stimulus presentation, diminution of the unconditioned response in aversive classical conditioning, college students, 23146
conditioned–unconditioned stimulus interval modification of 1- vs 5- vs 8-sec, amplitude of unconditioned response, 20–30 yr olds, 29641
deception in simulated cognitive deficit model, P300 scalp amplitude distribution, college students, implications for detection of deception & malingering, 33353
feedback processing during uptraining & downtraining in P300 amplitude conditioning, 29–48 yr olds, 29913
force level & rhythmic pattern, variability in peak force in production of bimanual thumb squeezes & role of central process, 19–47 yr olds, 218

important behaviors associated with relapse & magnitude of responding for cocaine &/or conditioned stimulus, male rats chronically self-administering cocaine followed by extinction, 33433
noiseburst level & rate, response threshold & latency/intensity & amplitude/intensity function in compound action & inferior colliculus & auditory cortex potential, chinchillas, 26581
sensitivty to amplitude moduation of acoustic stimuli, listeners with dyslexia, 30986
sleep deprivation, amplitude & latency of visual ERPs, 22–30 yr old males, 23376
stages of learning in acquisition of beam pressing response in operant conditioning paradigm & submovement expression of feedforward mode of force control, rats, 340
sustained spatial attention, amplitude enhancement & latency in steady-state & transient visual evoked potentials, adults (mean age 33 yrs old) with normal or corrected to normal vision, 33285
target & standard & nontarget stimulus context & auditory vs visual modality in oddball paradigm, perceptual distinctiveness measured by P3a component amplitude profiles, young adults, 3965

Response Bias—Serials

accessibility bias, cued recall & false memory, 64–89 yr olds vs college students, application of misinformation paradigm, 23137
age, intergroup attribution bias for positive & negative behaviors of liked vs disliked peers, 4–12 yr olds, 36803
anxiety sensitivity & threat-related cognitive biases, college students, panic disorder premorbidity implications, 13297
attention/sensory & intentional/premotor biases in direct & indirect condition line bisection, 32 right-handed adults, 29480
attentional bias towards different emotional facial expressions on face-in-the-crowd paradigm, patients with generalized social phobia, 21177
attributional biases & metacognition, schizophrenic 25–65 yr olds with vs without auditory hallucinations, 1565
base-rate training with vs without cues, base-rate neglect in choice task, college students, 29541
bias introduced through nonrandomly selected research data & methods to assess uncertainty & make inferences, 29457
biased imagery in observer perspective of self in anxiety-provoking social situations, patients with social phobia vs agoraphobia vs blood injury phobia, test of cognitive model of social phobia, 24347
biased memory for contaminated vs clean objects, adults with obsessive compulsive disorder vs anxiety, 24340
blurring in 1st- vs 2nd-stage linear filters & acute- vs obtuse-angle misalignment biases in Poggendorff illusion, Os, 26338
cognitive style & belief bias in using prior knowledge, critical thinking skills, college students, 29594
constancy-of-slopes generalization vs dual-process hypothesis of slope of receiver-operating characteristic in recognition memory, college students, commentary reply , 10190
constancy-of-slopes generalization vs dual-process hypothesis of slope of receiver-operating characteristic in recognition memory, college students , 10191
constancy-of-slopes generalization vs dual-process hypothesis of slope of receiver-operating characteristic in recognition memory, college students, commentary , 10220
covariation bias in estimation of fear-relevant vs fear-irrelevant stimuli & aversive consequence, flight phobics vs non-flight-phobic individuals, 8195
criteria for defining role of complex character-response styles in convergent validity of MMPI and Rorschach scales, 17–72 yr psychiatric & medical patients, 16346
decision making & hindsight bias after receiving favorable vs unfavorable feedback, business students, 10116
decision making processes during visual discrimination tasks & conservatism of distribution free test for response bias, college students, implications for signal detection theory, 32898
degree of protection by aggregate frequency formats against biases typically found in single-event probability judgments, college students, 13283
demographic & clinical characteristics, responders vs nonresponders to patient satisfaction survey at discharge from psychiatric hospital, 15595
deontic perspective effects, bias in causal conditional deductive reasoning in relation to necessity & sufficiency in argument structure, college students, 32907
disclosure of biological parent alcoholism & antisocial personality & adoptee symptom counts & problem behaviors, bias in health knowledge recall by adoptive parents, adoption data, 19827
dysphoria, response bias in forced recall of mood congruent vs incongruent words, college students, 11370
electrocardiograms with vs without clinical scenario, accuracy of electrocardiogram interpretation, medical students & family medicine residents, 19153
estimated number of sexual partners, 16–59 yr old nonrespondents to question on British National Survey of Sexual Attitudes & Lifestyle, 23930
explicit memory bias for threatening stimuli, adults with generalized anxiety disorder vs social phobia vs panic disorder with agoraphobia, 11456
frequency & duration of stimuli presentation, bias & discriminability matching behavior, pigeons, 23210
gang membership & other characteristics of young person, reaction & bias to vignettes depicting illegal act by young person, 18–60 yr old church members vs college vs high school students, 3244
hindsight bias & judgments of liability for punitive damages, jurors, 35815
information processing biases toward medical & disgust-threat stimuli, participants with blood-injection-injury phobia, 14621
inhibition of matching bias, deductive reasoning, adolescents & adults, commentary reply, 16587
interpretive biases for ambiguous stimuli, socially anxious vs low anxious college students, 24010
intrinsic vs extrinsic motivation & mood induced bias & bias correction, evaluation of political candidates, college students, 11155
issues in sampling & response rates & pretesting & interviewing & questionnaire design & response bias in survey research, 13155
leftward bias in marking endpoint of bisected line in modified endpoints' task, 50–83 yr old right brain damaged patients with left unilateral neglect, 34664
maternal depression &/or anxiety & substance use disorders, reports of their children's internalizing & externalizing behavior problems, commentary, 1463
memory bias for panic-related sentences & words, 19–51 yr olds with panic disorder, 37410
mood state & worry & coping style, attentional bias to cardiac-related words, Ss who recently experienced myocardial infarction, 21518
mood-congruent memory bias in perceptual implicit memory tasks for threat-related information, low vs high trait anxiety Ss, 26447
negative premises, response bias in conditional inference & logical thinking, college students, 32906
negativity bias in evaluative categorization, college students, 229
patterns of interpretive processing of ambiguous prime stimuli in dysphoric vs positive mood state, college students with high depression scores, 20923
perceptual & explicit memory biases in processing of health-related information, hypochondriacal individuals, 31041
prominence & constructive sponsor identification bias toward product brands that are prominent in marketplace, adults, 35731
proneness to prejudiced responses & authenticity of self reported prejudice-related discrepancies, college students, 1336
psychodiagnostic test results with direct vs indirect suggestion of target diagnosis, confirmation of target hypothesis, expert clinicians, 6834
psychophysical measurement, fixation disparity & binocular nonius bias & binocular vs monocular nonius bias, Ss with normal visual & stereo acuity, 13204
random number generation & response suppression in executive processes, patients with Parkinson's disease, 8609
reconstructive memory & hindsight bias & knowledge of story endings, reaction to victims & perpetrators in various scenarios, undergraduates, 27317
relationship between expectations based on perceptual input vs experiences based on sensory input relative to volume perceptions & perceived consumption satisfaction, college students, 35727
relationship of biodata item attributes to validity & susceptibility to socially desirable responding, job applicants, 12813
role of response stability in measurement of coping, test–retest reliability/inconsistency & measurement artifact, over 70 yr olds & chronically ill patients, 16353
schema-congruent implicit attributional bias in pragmatic inference task, college students with avoidant personality, test of cognitive theory of personality disorders, 24363
semantic consistency with scene & response bias in identification of visual object, college students , 166
smiling vs neutral face anchor types in faces pain scales, bias in self-reports of pain, 5–6 vs 7–8 vs 9–12 yr olds, 107
social-evaluative stress, self-reported vs actual anxiety measured by psychosomatic & behavioral & physiological reactivity, college students, 596
statistical model of survey contact & response bias, US, 19679
symmetrical vs elongated object shape, bias in perception of object motion direction, college students, 10048
task performance as a function of choice stimuli of candy array vs Arabic numerals, chimpanzees, 23188
types & prevalence of nonattending response patterns & personality traits, Cronbach's alpha & response bias on Likert-type attitude surveys, simulated data sets, 9810
use of 2 versions of Milner Landmark task for assessment of perceptual vs response bias in line bisection task, 22–91 yr olds with left hemisphere neglect, 3335
use of review option to obtain positively biased ability estimates & degrading effect on computerized adaptive test scores, examinees, 26237
visual perception biases, psychosis-prone college students, 19736
weighting & nonresponse bias in mail survey, policy & attitudes toward caravan dwellers, Dutch municipalities, 6740
whole vs restricted medial vs lateral lesions of dorsal striatum, RT-assessed response bias in contralateral space, male rats, 16899
word recognition & discrimination accuracy & decision bias, positive & negative symptoms, patients with schizophrenia, 1571

Response Bias—Chapters

Asking questions about threatening topics: A selective overview, 36112
The association between self-reports of abortion and breast cancer risk: Fact or artifact, 36109
Hyperalgesia and response bias following chronic marihuana smoking, 17126

Response Consistency [See Response Variability]

Response Cost—Serials

reinforcement probability & response cost in symmetrical choice procedure, pigeons, 29697

Response Duration—Serials

direction-coded vs uncoded search conditions & presentation time, saccade direction & fixation duration in foveal analysis task, 30–46 yr old males, 3468
off-line vs on-line variations in word order vs agreement in main & relative clause, processing of simple vs complex sentences, American vs Italian undergraduates, 10082

Response Frequency—Serials

5-HT1A anatagonist WAY-100635 &/vs 8-OH-DPAT, performance efficiency & response rate in radial maze task, male Fischer-344 rats, 679
accumbens dopamine depletion, rate of progressive ratio responding, male rats, 36418
attenuation of cocaine-induced response-rate increases in operantly conditioned behavior during acute & repeated administration, pigeons, implications for cocaine reinforcement & tolerance, 10546
chaotic component of high-frequency EEG of cortex during development of conditioned defensive reflex to nonrhythmic light stimulation, rabbits, 7118
consummatory vs nonconsummatory reinforcers, within S response strength, male rats, implications for k parameter, 3644
exposure to FR & differential-reinforcement-of-low-rate schedules & response instructions, response rates during subsequent FI schedule, college students, 32773
fluoxetine vs quinpirole vs dextroamphetamine, response changes in component associated with relatively weaker stimulus–reinforcer contingency, male rats , 17044
iv vs oral cocaine, reinforcement response rate & non-reinforced response rate, male rats, implications for pharmacodynamics & pharmacokinetics, 26808
neocortex bursts of high-frequency electrical oscillations during food-related operant conditioning, dogs, 7117
recording frequency in reactive self-monitoring, 11 & 12 yr old competitive swimmers, 36739
sucrose vs food-pellet reinforcement, response rates, male rats, 33086
time delay & requester, compliance rates in foot-in-the-door technique, college students, 11107
unsignaled vs signaled vs no reinforcement delay in 3-component multiple schedule, resistance to change in test of Pavlovian stimulus–reinforcer contingencies, pigeons, 26476
within-session changes in response rate during steady-state operant procedures, implications for behavioral pharmacology, 13160
within-session decrease in operant response rate as function of cumulative food intake under continuous reinforcement vs semi-VI schedule, rats , 3640

Response Generalization—Serials

5-HT receptor subtype specificity, 5-HT receptor agonist generalization to ethanol, male rats, 4212

Response Lag [See Reaction Time]

Response Latency—Serials

accuracy & velocity & latency of antisaccades vs prosaccades, macaque monkeys, 573
age of acquisition, familiarity & accuracy & latency in naming of famous faces, adult Ss, 3554

base-word frequency, pseudohomophone naming latency, college students, 6838
choice & spatial or symbolic stimulus–mapping response compatibility, response time, adults (mean age 27.75 yrs), 10094
chronopsychophysiology, measurement of developmental changes in selective attention & mechanisms underlying age effects on speed of responding, 7156
controlled processing & response inhibition & set adoption in vocal RT version of Stroop task, HIV positive adults, 18306
development of auditory ERPs & latencies, neonatal vs 3 mo vs 3 yr old rhesus monkeys, 10430
differences across patients & response to depression & anxiety stimuli, Stroop Tests, patients with posttraumatic stress disorder or obsessive compulsive disorder or major depressive disorder, 30625
electrical stimulation of hypothalamus, locomotor initiation latency & number & extent & direction of head scanning movements, male rats, 13624
enantiomorphic transformation, transsaccadic object integration, Os, 6764
first-spike latencies in auditory cortex as function of characteristic frequency & simple threshold model of spike initiation time, cats, commentary, 549
gap effect & target predictability, gain & latency & peak velocity of visually guided saccades, 19–54 yr olds assessed while intoxicated vs sober, 36384
high vs low frequency regular words & onset & rime duration in speeded word-naming, college students, 10108
interaction of visual-perceptual & response processes during selective attention, 18–30 yr olds vs 55–79 yr olds vs 80+ yr olds, 29503
intra-periaqueductal gray injection of galanin, nociceptive response latency, rats, 30066
maternal response latency & verbal/vocal vs nonverbal vs intermodal responses to infant signals, mothers & their 3-mo-olds, 17349
methylphenidate vs clonidine, response inhibition & state regulation, 6–12 yr olds with ADHD, 15351
neural mechanisms & LATER model, RT to sensory stimuli as procrastination & randomness of RT & neural correlates in frontal eye fields prior to visually driven saccades, 13525
nodal distance in 5-member equivalence classes, response times & accuracy & latencies during testing for emergent relations, college students , 13265
onset cluster complexity in high vs low frequency monosyllabic words, response latency in speeded naming, college students, test of rule-based scheme , 10107
orthographic uniqueness point of target word & sequential processing in visual word recognition, college students , 10111
phonological vs semantic processing RTs in object identification, young (mean age 20.8 yrs) vs older (mean age 67.5 yrs) adults, 13280
pinealectomy & melatonin, time-associated conditioned reflex, male rats, 29763
position-of-irregularity effect & regular-word or nonword target in word naming latency in reading aloud, college students, 10135
radial optic flow & ambient vergence level & short latency vergence eye movements during viewing of random dot patterns, Os, 16527
response complexity effect using elbow extension/flexion movements, college students, 3511
response latency & RT in visuospatial priming & Stroop tasks, individuals (mean age 33.4 yrs) with obsessive compulsive disorder, 24332
response latency measures for biographical inventory, increasing inventory validity, navy recruits, 22831
retrieval & response latencies of semantic memories, patients with Alzheimer's disease (mean age 75.1 yrs) &/vs Huntington's disease (mean age 47.2 yrs), 24844
sequential patterns of RTs & ERPs in serial 2-choice RT task with long vs short response-to-stimulus-intervals, 20–36 yr olds, 13312
sex, auditory brainstem response latency estimated cochlear filter times, 19–60 yr olds with mild–moderate cochlear hearing loss, 2112
sleep deprivation, amplitude & latency of visual ERPs, 22–30 yr old males, 23376
spatial misalignment between moving & strobed objects & differential visual latency, adults, 6783
sustained spatial attention, amplitude enhancement & latency in steady-state & transient visual evoked potentials, adults (mean age 33 yrs old) with normal or corrected to normal vision, 33285
temporal vs spatial processing of perception of eyes vs whole face, evoked potentials, 26–39 yr olds, 29510
uncertainty, time difference in naming vs reading the name of Arabic numerals, college students, 10097
utterance length & complexity, speech timing subsequent to brain damage, 47–69 yr old left hemisphere aphasic & right hemisphere damaged patients, 18346
winner-take-all computer simulation model, spatial attention & latency & targeting of saccadic eye movements, 13126
Response Parameters [See Also Interresponse Time, Reaction Time, Response Amplitude, Response Duration, Response Frequency, Response Generalization, Response Latency, Response Probability, Response Set, Response Variability]—Serials
accuracy & velocity & latency of antisaccades vs prosaccades, macaque monkeys, 573
age & gender, ERP amplitudes & latencies & centroid locations during cued continuous performance test under Go & NoGo conditions, healthy 22–60 yr olds, 29896
automatic direction of attention & controlled processing & response modulation in psychopathic individuals & implications for diagnosis & treatment, 17839
behavioral &/vs verbal response to question asked & suggestion given before vs during vs after hypnosis, high hypnotizable college students, 26458
behavioral response to repeated d-amphetamine administration & relation to personality characteristics, 18–45 yr olds, 7254
behavioral responses during exposure to different gas mixtures, free vs restrained vs restrained with brain electrodes broiler chickens, 10330
blood phobic vs stress test situation, diphasic pattern of heart rate & BP response, 21–44 yr old blood phobics, 1639
cardiovascular activity & physiological response stereotypy during spatial memory & planning & attentional tasks, healthy young adults, 29957
category salience & focus, judgments of set size & frequency of occurrence during recall tasks, college students, 13266
change in shape vs spatial arrangement of familiar vs novel objects, cognitive maps & exploratory response patterns, baboons, 33062
color-word matching, semantic vs response competition as source of Stroop interference, college students, 10117
differing response types & price manipulations in fixed-ratio food reinforcement schedule, demand measures, hens, 19957
effect of availability of alternative reinforcer on responding maintained by food pellets or cocaine under FR schedule, adult male baboons, 33059
effect of response execution on P3 latency & reaction time & movement time, 18–30 yr old females, 20174
exploratory whisker movement vs nonwhisking movement vs immobility, modulation of tactile responses to somatosensory cortex & thalamus, rats, 33201
exposure to violent vs nonviolent film vs verbal description, level of violent fantasy in inkblot responses, male vs female high school students, 14011
eXpTools C++ class library for animation & tachistoscopic presentation & response timing & cognition & perception research utility, 36092
facilitatory & inhibitory effects of auditory spatial cues, stimulus-driven covert orienting & inhibition of return in audition during spatial discrimination paradigm, 17–47 yr olds, 32920
factors that influence incumbent response strategies & new product introduction & the role of multimarket contact in these strategies, physicians' perception of prescription drug markets, 35721
fixed-interval & fixed-time reinforcement schedules in once per day food reward & scalloped or break & run responding, pigeon, 16754
formation of stimulus classes on basis of same response in conditional concurrent discriminations during overtraining, rats, 13412
frequency glides in impulse responses of auditory nerve fibers, cats, implications for developing models of human auditory perception, 16965
gaze direction, response gain in primary visual cortex neurons, monkeys , 13596
geometric stimuli masked by metacontrast, motor activation without conscious discrimination, college students, 26300
lead, waiting behavior in fixed-ratio paradigm & dopamine receptors, male rats, 33369
lengthening of intertrial interval durations in discrete-trial concurrent variable interval schedules, relative response rate & changeover probabilities, pigeons , 19942
lexical & semantic relatedness & semantic relevance & response set membership in manual & vocal Stroop tasks, college students, 244
magnitude & time course of simple & go/nogo & choice RT, 29529
neurochemical & behavioral effects of nucleus accumbens dopamine depletions & rate of responding, 26640
number of response categories, consistency of rating scales with brightness judgments using rating vs bisection measurement procedures, college students, 29505
preparatory processes & stimulus uncertainty & response compatibility in tactile RT, college students, 32903
present vs absent samples, divergent retention functions in matching to sample task, pigeons trained to respond differentially vs similarly, 33087
progressive behavioral response to repeated d-amphetamine challenge, 18–45 yr olds, 7260
psychological refractory period procedures in concurrent multiple task performance, college students, 19793
reinforcement schedules, learning & response probability & strength & variability in choice behaviors, pigeons, 33070
relationship between actual lateralized readiness potentials of human Ss & simulated response activation in a connectionist model, 20189
response effort & secondary reward value, male rats, 16746
response rate & stimulus onset asynchronies during metacontrast masking functions, Os, 26331
response rates & reinforced interresponse time distributions generated by comparable variable-interval vs variable-ratio vs variable-interval with linear feedback food reinforcement schedules, rats, 19932
response-selection bottleneck hypothesis & practice, choice of task-scheduling strategies in perceptual–motor learning of general regularities & specific sequences, college students , 19854
sex, answers to constructed-response reading items in expository text, 7th vs 10th graders, 9944
speed requirements & response alternatives & repetition, random sequence generation, 5–11 yr olds, 33634
speeded vs unspeeded task 1 discrimination decision requirement, attentional blink in task 2 discrimination decision, adults, 231
stay & switch schedules with variable reinforcement across conditions, run length & visit duration, male rats, local model of concurrent performance, 10278
stimulus onset asynchrony & difficulty of stimulus-response mapping tasks, Psychological Refractory Period effect & practice & interference during dual task performance, Os, 32977
time course & attentional responsiveness to onset single-element vs multiple-element precues & accuracy functions across stimulus onset asynchronies, college students, 36281
timing in eyeblink classical conditioning & timed interval tapping, college students, implications for role of cerebellum, 10007
tone intensity & presentation order, amplitude & consistency of auditory EPs from frontocentral vs temporal sites, 18–23 yr old students, 29892
type I error probability & response trends & power achieved by regression of repeated measures across a normalized time domain, 26269
variance in stimulus & response alternatives & dual-task interference during attentional blink & psychological refractory period paradigms, Os, 26299
viewing parameters, perceived color differences, adults, 32811
Response Parameters [See Also Interresponse Time, Reaction Time, Response Amplitude, Response Duration, Response Frequency, Response Generalization, Response Latency, Response Probability, Response Set, Response Variability]—Chapters
Response synchrony, APG Theory, and motor control, 36481
Response Probability—Serials
choice probability & response time during risk-taking decision-making task under time pressure with predictions made by sequential sampling model, college students, 32905
relations between response probabilities for polytomous item scores & Guttman dependent binary variables, 19658
Response Rate [See Response Frequency]
Response Set—Serials
inclusion of task-irrelevant acoustic accessory stimulus with imperative visual stimulus in choice reaction task, RT & lateralized readiness potential, young adults, 23382
IQ, attentional set-shifting ability, 26–64 yr old inpatients with chronic schizophrenia with vs without frontal lobe lesions, 27698
social desirability distortion in computer-administered vs traditional paper-and-pencil questionnaires vs face-to-face interviews, 35866
utility of K-correction to adjust for defensive response set on MMPI, defensive vs nondefensive patients with end-stage lung disease undergoing psychological evaluation for transplantation, 13104
utility of partial information in lateralized response preparation, 20–28 yr olds, 20206
Response Speed [See Reaction Time]
Response Time [See Reaction Time]
Response Variability—Serials
acquisition procedures differing in type of training & number & size & sequence of training steps, response variability in keypressing task, college students, 13360

concurrent FR schedules, transitivity of choices between different response requirements, hens, 33079
consummatory vs nonconsummatory reinforcers, within S response strength, male rats, implications for k parameter, 3644
cross-national & gender differences in response styles on Kirton Adaption-Innovation Inventory, college students, Canada vs Japan, 32613
effect of tactical knowledge on sequence of & ability to shift between integrative & distributive response-in-kind negotiator behavior, naive negotiators, 27305
executive control involvement in attention switching task, RT & RT variability, 17–23 yr olds, 26409
frontal lobe activity, response control & novelty seeking, alcoholics vs non-alcoholics, 463
integration of base-rate & cue-specific information, variability in choices over time, college students, test of ReCyCLe model, 19818
length of exposure & digit-scan & cold-pressor, intertask consistency of BP responses, 18–22 yr old males, 23430
neural mechanisms & LATER model, RT to sensory stimuli as procrastination & randomness of RT & neural correlates in frontal eye fields prior to visually driven saccades, 13525
perceptions of uniqueness & similarity in own & others' romantic relationships & judgment of constructiveness vs destructiveness of responses to interpersonal incidents, college students , 33933
performance & learning goal orientation, social loafing & social facilitation effects, college students, 37055
reinforcement sequence interval, response adjustment, rats, 3647
response consistency of ranking vs visual analogue scale vs time trade-off, individuals aged 18 to over 64 yrs attending a primary care center, 31373
response variability in binary & continuous choice, undergraduates, 226
response variablity & RT & attention, elderly with frontal lobe dementia vs Alzheimer's disease, 28132
Simon- vs Stroop-like stimuli in isolation & factorial combinations of irrelevant vs relevant stimuli, time course, 19–25 yr olds, 19731
test-retest effects & response consistency on neuropsychological tests of verbal & nonverbal fluency & memory to detect malingering, college students, implications for use with brain-damaged patients, 18364
types & prevalence of nonattending response patterns & personality traits, Cronbach's alpha & response bias on Likert-type attitude surveys, simulated data sets, 9810
VI schedules of water reinforcement at various levels of deprivation, lever pressing, rats, replication of G. M. Heyman & M. M. Monaghan's study with less extreme deprivation conditions, 33071
visual vs auditory stimulus repetition, sequential effects on choice RTs, adults , 13303
within-session changes in responding during concurrent fixed interval variable interval schedules, rats & pigeons, 23208

Response Variability—Chapters

The Rorschach: Measurement concepts and issues of validity, 9856

Responses [See Also Conditioned Responses, Emotional Responses, Mediated Responses, Orienting Responses, Unconditioned Responses]—Serials

acquiescence in agree-disagree question response effects, Kazakhstan, 23975
ad libitum smoking vs abstinence vs 0–4 mg nicotine gum, cooperative responding initiated by self vs other, 21–39 yr old male vs female smokers, 752
age related stereotypes as primed by words ''young' 'or ''old,'' response initiation & execution & reaction time, college students ages 19–21, 16573
alcohol, electrophysiological responses to happy vs sad vs neutral male vs female facial expressions, 21–25 yr old males, 23561
attributional & evaluative responses to partner request for condom use, prediction of coercion & condom use compliance, violent vs nonviolent male inmates, test of social-information processing model, 24567
behavior chain interruption strategy as playground-based communication intervention, correct requests for play, 4.7 yr old male with autism, 34879
business-to-business attitudes toward and response rates to market survey research, 22574
chemical & mechanical colonic irritation, viscerosomatic reflex response to peritoneal irritation induced by diluted acetic acid, male mice, 20328
chicken food calls & contact calls, feeding responses, hens, 33110
classical conditioning, respiratory pumping vs swimming vs inking defensive responses, Aplysia, 13410
clinical decision theory in prediction of response tests for conductive hearing loss, 2–10 yr olds, 15066
contextual conditions leading to local item dependence in science performance assessment responses, elementary school students, 26224
economic approach to consumer survey responses in treatment of single household as representation of one consumer, adult partners, 6383
effect of ascending & descending doses of pretreatment naloxone on oral methadone as self administered reinforcer, male rhesus monkeys, 23599
effect of tactical knowledge on sequence of & ability to shift between integrative & distributive response-in-kind negotiator behavior, naive negotiators, 27305
familiar vs unfamiliar interviewer & training vs instruction, communicative competence & responses to questions varying in comprehensibility, 6 vs 8 yr olds, implications for child witness testimony, 13954
framework for maximizing response rates in interview survey research with poor African-American families , 9991
generation & maintenance of specific immune response, alterations of reliable behaviors, male mice, 23596
heuristic approach to degraded object recognition of characters in sampled imaging system, Os responding to character pairs of blur & sample spacing, 19720
influence of spatial attention, responses of neurons in middle temporal visual area of extrastriate cortex, monkeys, 20144
mechanisms underlying responses to nose touch & osmosensory & volatile repellants in ASH sensory neurons, Caenorhabditis elegans, 16916
mental rotation task with letters vs digits presented normally vs mirror-reversed, response preparation assessed by errors & RT & ERPs & lateralized readiness potential, adults, 3544
method for calculating response segment chance agreement & kappa coefficients in determining interrater reliability for scoring Rorschach Comprehensive System, psychiatric patients & nonpatients, 22934
morphine, responding under variable interval schedules, rats, implications for R. J. Herrnstein's hyperbolic matching equation & rate related principles, 26801
neural responses in delayed matching to sample & delayed nonmatching to sample tasks, 22–40 yr olds, 23305
nitric oxide synthase inhibitors, 5-hydroxytryptamine receptor & NMDA receptor mediated head-twitch response, male mice, 23526
nonconscious affective responses, evaluations made by conversational participants & observers, 10123
normative vs anormative acceptance vs individual action vs group support vs group organizational responses to discrimination, adults, 11125
perceptual & response interference & effects of methylphenidate, 7–13 yr olds with ADHD, 27928
prediction of reinforcing responses to psychostimulant using brain dopamine D2 receptor levels, males (mean age 34 yrs) who liked vs disliked iv methylphenidate, 33506
properties & behavioral responses as characteristics of & new velocity based models for movement-detecting processes, insects, 23184
public & private responses & confrontations to sexist remarks, adult females, 11063
reserpine depletion of biogenic amines, effect of dopamine vs octopamine vs 5-HT on reward reinforcement vs sensitizing vs response-releasing function, honeybees, 30032
responding maintained by sucrose & ethanol reinforcement & lever-press responses, rats, 13393
response artifact associated with open-ended probability scales, 19684
response monitoring & priming task performance & event-related brain potentials, patients with schizophrenia (mean age 31.4 yrs), 21143
response preparation & stimulus anticipation in underadditive interaction between stimulus onset asynchrony, simple vs choice RT & bottleneck localization in dual tasks, college students, 10139
responses & feelings & stigmatized role to social justice involvement with wearing pink triangle pin in support of gay rights in teaching social issues in university setting, college students, 20792
responses to Monty Hall conditional probability dilemma, Brazil vs China vs Sweden vs US college students, 32912
RT responding, male rats, 339
safety & efficacy of & responses to lamotrigine, adult patients with bipolar disorder inadequately responsive to or intolerant of prior pharmacotherapy, 48 wk prospective trial study, 27585
satiation vs habituation responses to repeatedly presented reinforcers, implications for research, 333
smokeless tobacco-related sensory & behavioral cues, stress & urge & affect, male smokeless tobacco users (mean age 20 yrs), 643
social comparison as mediator of significant life events & response shift in health behavior, 27345
social context of & responses to humor in books & effects on reading comprehension & appreciation & reading interests & preferences, 4th & 5th grade students, 5 mo study, 29000
stability in maternal responsiveness, infant expressivity & matching maternal responses, infants at 11 & 12 mo & 9 & 13 mo & their mothers, 23776
standard vs forced-choice question format, patterns & problems of responses to yes-no questions about videotaped event, 3–7 yr olds, implications for forensic interviews, 13931
stimulus intensity & risetime & duration, autonomic & behavioral components of orienting vs startle vs defense responses, 19–39 yr olds, 26723
subjective & behavioral effects of oral delta^9-tetrahydrocannabinol, frequent vs infrequent marijuana users, 20309
sustained attention to response, 18–65 yr olds, 23160
theoretical model for integration of response shift into health-related quality of life research, 26289
third nociceptive response phase to sc formalin, male vs female mice, 23527
threat denial & warnings as social processes & networks of social constraints related to disaster warning responses & disaster event taxonomies & implemented social policies , 33722
time course of haloperidol-induced effects on cataleptic behavior & within-session response decrements, rats, 13719
type of advance letter vs no letter for personal interview survey, response rates, 3371
unperceived events, response activation during visual perception task, adults, 6762
use of lateralized readiness potential & error related negativity scalp ERPs for assessment of preparation & sensory motor interaction & response evaluation in cognitive neuroscience, 541
use of response concept from literary criticism to examine the work of response in ethnography, older white Southern women, 23865
use of theories of social exchange & cognitive dissonance & self perception & commitment/involvement in designing consumer surveys, survey participation, 18–65+ yr olds, 19682
variable dose naltrexone-induced hypothalamic-pituitary-adrenal stimulation vs placebo & physiological vs subjective responses, 20-60 yr old, 14734
ventromedial vs dorsolateral striatal lesions, motoric vs motivational vs 'executive' aspects of progressive ratio performance, male rats, 29785
violence toward parents as adaptation to family aggressions, male adolescents, 1.5 yr study, 21363
withdrawal of repeated exposure to d-amphetamine, response to natural reward, male Long-Evans rats, 10534
yes/no vs wh- question format, response accuracy & errors during interviews, 3–5 yr olds, implications of eyewitness testimony by preschoolers, 33626

Responses [See Also Conditioned Responses, Emotional Responses, Mediated Responses, Orienting Responses, Unconditioned Responses]—Books

Violence in intimate relationships, 34315

Responses [See Also Conditioned Responses, Emotional Responses, Mediated Responses, Orienting Responses, Unconditioned Responses]—Chapters

Antidepressant response in ethnic populations, 28534
The context and content of social identity threat, 30471
The peace personality, 27418
Social identity and the context of relative deprivation, 30476
Tracking voter reactions to the television advertising, 7729
A two-phase model of the soothing taste response: Implications for a taste probe of temperament and emotion regulation, 20453

Responsibility [See Also Accountability, Criminal Responsibility]—Serials

agency theory & indirect retaliation in sexual harassment cases, 16274
alternatives to traditional teaching approaches to motivate student responsibility for learning in accounting courses, student performance, graduate level business majors, 6169
attitudes regarding obligations to assist an older parent vs stepparent following later-life remarriage & obligations of elderly parents to their adult children following remarriage, 17–91 yr olds, 4610
attributions about responsibility and improvement, education level & family income & religious commitment domains of success, 18–56 Korean American immigrants, 17677
avoidance of responsibility & locus of control, conduct-disordered adolescents (mean age 16 yrs), 21261
beliefs in responsibility & improvement associated with liberal-conservative justice beliefs, 13–82 yr olds, 17611
cognitive-constructivist approach to personal responsibility for emotions in human relationships , 4734

conditions under which experimentally primed anger influences attributions & determination of attributions of responsibility, college students, 27325
couple-responsible vs therapist-responsible marital therapy process, spouse perception of clinical responsibility & struggle & cooperation, spouses & their therapists , 18592
cynical perceptions & expectations of others responsibility assessments, married couples & video game players & debaters & dart players, 17609
family macrosocial structures & proximate family settings & attributions of responsibility & self-concept, African adolescents (mean age 18.6 yrs), South Africa, 944
feelings of responsibility for & attitudes & knowledge about environment, ecological behavior intention, 17–82 yr olds, extension of rational choice theory into moral domain, 39042
felt obligation & parental caregiving, male vs female 17–25 yr olds vs their 36–60 yr old parents, 4622
home & child care responsibilities, psychological adjustment, siblings of children with disabilities, 14388
living in a multigenerational household in childhood vs living independently from parents prior to marriage, obligation to allow aging parents & adult children who are in need to coreside, adults, 4613
moral status ascribed to self & discursive strategies to protect this status when admitting to needle sharing practices, 16–21 yr old iv drug users, 8375
nonstudent dangers & the responsibility of colleges & universities to provide a safe environment for members of campus community, 19219
origins of inflated sense of responsibility, patients with obsessive compulsive disorder, implications for therapy, 34227
parental religiosity, authoritarian parenting style & adolescent social responsibility, mothers vs fathers & their 10–18 yr old adolescents, 20582
perceptions of division of responsibility for asthma management tasks in families, inner city 6–9 yr olds & their caregivers, 18842
perceptions of importance of ethics & social responsibility, ethical intentions, male vs female marketing professionals, 22624
perfectionism & excessive responsibility, checking behaviors & related variables in obsessive compulsive disorder, nonclinical adult Ss, 14641
personal vs social responsibility for health & health behavior, 18782
personality characteristics & level of responsibility & transmission mode of HIV virus among people with AIDS, emotional & behavioral reactions, colleges students, US vs Germany, 31135
pervasive responsibility & prediction of obsessive-compulsive symptom severity, college students, 14631
predictors of perceptions of responsibility & punishment of abusive & violent husbands, engaged 17–35 yr old males, 8263
responsibility & authority in decision making for selves in language & cultural revitalization, native Hawaiians, 14142
role of responsibility & ecological behavior, 20–82 yr olds, 39043
self-reported stress & attributions of responsibility for stress in collectivist & individualistic culture, teachers, 38780
support of client's moral belief system & personal responsibility in feminist therapy, 38748
thought–action fusion & responsibility as causal factors in development of obsessive intrusions, 16–20 yr olds, 13304
Triangle model & locus of control in prediction of commitment & self perception & self management & attribution of responsibility, Army personnel, 20894
user's & computer's personality & control over outcome, attribution of responsibility to self vs computer for failed vs successful outcomes in human computer interaction, college students, 6410
writing & editorial practices of women's magazines & their portrayal of domestic violence as responsibility of victim to solve problem, 11003

Responsibility [See Also Accountability, Criminal Responsibility]—Books

Changing families, changing responsibilities: Family obligations following divorce and remarriage, 23899
The postdivorce family: Children, parenting, and society, 20738
Relational responsibility: Resources for sustainable dialogue, 7828

Responsibility [See Also Accountability, Criminal Responsibility]—Chapters

Ethics for the coming century: A Buddhist perspective, 16235
The fate of the responsible self in a genetic age, 26563
Role morality and individual moral responsibility in accounting, 29057

Restlessness—Serials

high vs low doses of muscarinic agonist cevimeline & cholinesterase inhibitor tacrine, reduction of spontaneous random movement, macaques, implications for agitation reduction in dementia, 10573

Restraint (Physical) [See Physical Restraint]
Restricted Environmental Stimulation [See Stimulus Deprivation]
Retail Stores [See Retailing]

Retailing—Serials

age & sex, thanking behavior in retail service encounters, Caucasian vs African American service personnel & customers, 37074
alcohol sales & demographic & socioeconomic factors, assault rates, rural vs metropolitan North South Wales, Australia, 17546
analysis of entering different retail niches & coethnic advantages vs disadvantages of niche domination, Jewish vs Korean vs African American merchants, 22661
attitudes toward dependence, satisfaction with suppliers, office systems & furniture dealers, 6389
child & youth employment in retail, youth workers, Denmark, 12841
content & process elements of customer-to-customer & -sales personnel interactions & verbal communication during service experience, undergraduates & retail customers, application of servuction system, 12924
customer perception of salesperson's affect towards customers, persuasiveness of salesperson, college students, 12921
customer service vs perceived product value, customer loyalty & purchase behavior, retail customers, 6393
influence of retail task definition on store choice & store-attribute salience, customers shopping at do-it-yourself home improvement stores, 25996
introduction of credit card purchasing in Ontario liquor stores, characteristics & alcohol consumption patterns, adult credit card vs non-credit card shoppers, 1-yr follow up, 20808
market share & media advertising & promotion & product pricing, 3 competing sales firms, application of multiple time series analysis based on autoregressive moving average, 3181
membership behavior variables, brand/outlet loyalty, adult club members, 35726
methods of acquiring cigarettes & factors associated with requests for proof of age, 11–16 yr olds, 36802
model of influence of perceived risk & product quality & price & service quality on perceived value for money, retail customers shopping for or purchasing electric appliance, 25995
perceived social & functional benefits of relationship with retail clothing salesperson, salesperson & company loyalty & satisfaction & word of mouth & share of clothing purchases, customers, 25994
retailer's display decisions, expectations & equity of established brand preference, consumers, 35730
socialization, retail format & career preferences, 19–44 yr old college students majoring in retailing or fashion/merchandising or clothing/textiles/design, 22578
store discounting & depth strategies, consumer price judgments, adults, 35722
store vs non-store retailing channels & importance of risk relievers & acceptance of transfer of channel functions to Internet, under 18–46+ yr old consumers, 35729

Retaliation—Serials

emotional response to & desire for retaliation for racially motivated hate crimes, Black vs White male college students, 11665
forgiveness &/vs retribution, perceived inequity in experimenter response to breaking of equipment, male college students, 24022
no attack vs attribution of personalistic vs generalized aggressive attack, retaliation, college students, 11516
personality factors as moderators in relationship between workplace fairness & retaliation, manufacturing plant employees, 12882
social work intervention, Bedouin Arab children at risk of neglect due to blood vengeance, 22160
whistle blowing & management retaliation, personnel, 19432

Retaliation—Chapters

Anger and retaliation: Toward an understanding of impassioned conflict in organizations, 35675

Retardation (Mental) [See Mental Retardation]
Retarded (Mentally) [See Mentally Retarded]

Retarded Speech Development—Serials

probability estimates & paths to consonant normalization, male vs female 3–5 yr olds with speech delay, 18216
psychological view of delayed speech & expressive language disorder & mother–child communication & relations, 1912
survival analysis of consonant normalization, 3–5 yr olds with speech delay, 2 yr study, test of strong delay hypothesis, 18217
validity of parental report MacArthur Communicative Inventory for measurement of vocabulary & grammar & syntax, parents of 24–49 mo olds with specific language delays, 16313

Retention [See Also Recall (Learning), Recognition (Learning)]—Serials

acquisition & retention & reacquisition of motor skills, 37–79 yr olds with brain damage after stroke, 28214
adaptive strategy & retention capacity, spatial & temporal learning & retention, deafferented 47-yr-old female , 24798
analogy creation, retention of factual knowledge of protein synthesis on traditional vs nontraditional assessments, male vs female 8th graders, 12666
association between contextually based retrieval strategies necessary for prospective remembering & those employed in autobiographical recall, 59 yr old female with meningioma & dysexecutive problems, 11946
benzodiazepine receptor antagonist flumazenil in basolateral vs central nucleus of amygdala, memory storage & consolidation in inhibitory avoidance task, male rats, 26757
beta-2-adrenergic agonist clenbuterol in basolateral amygdala, inhibitory avoidance retention, male rats, 26768
beta-noradrenergic antagonist timolol, long term memory consolidation for odor–reward association, rats, 20367
bilateral cerebellar interpositus-dentate lesions, short-term concurrent vs long-term taste aversion learning, male rats, 3665
bilingual language development, retention of proficiency in Spanish, Spanish-speaking preschool children, 1-yr follow up, experimental replication, 19270
brain mechanisms that underlie face recollection, 18–24 yr olds, 16659
caffeine or SCH58261 or DPCPX dosages administered immediately or 180 min after passive avoidance task training, memory retention, male mice, 36576
central vs peripheral script actions & 2 vs 8 sec exposure & 5 min vs 1 wk retention interval, eyewitness memory of robbery, college students , 9748
cessation of step training & no practice period & retraining, retention of hindlimb stepping & hindlimb muscle EMG activity & kinematic characteristics, spinal cats, 13534
cognitive effort in encoding, recollective vs perceived known experience in recognition memory, college students, 10186
complexity, short-term retention of visuospatial material, college students, 32966
computer model of acquisition & use of episodic indexing as model of memory for attention events, computer programmer, 32458
concordant vs discordant accounts in recall of recent events that evoked emotional experience in children, children vs parents, 20503
cysteamine, retention of bar pressing task, mice, 33412
D-cycloserine &/vs alpha-1 agonist ST 587, retention in delayed non-matching to sample radial arm maze task, male rats , 23568
distinction between remembering & knowing & effects of exact & category repetition in recognition memory, college students, 32956
duration of auditory stimulation or length & duration of visual stimulation & elapsed time, recall of original stimulus & level of arousal, undergraduates, 23014
EEG correlates of short-term memorizing & retention of actual & perceptive visual matrix representations, 19–26 yr olds, 3968
effect of retention interval on serial position curves for item recognition of visual patterns & faces, college students, 36262
empirical course of memory retention functions, college students, 29648
endothelial isoform of nitric oxide synthase, memory formation for passive avoidance learning, 1–2 day old chicks, 36314
episodic & semantic contributions to reminiscence & retention bumps in autobiographical recall, males (mean age 72.5 yrs) , 16666
errorless learning approach to memory retraining, retention, memory-impaired schizophrenic patients, 11432
exposure to rhyming vs prose stories, retention & recall of setting & attempt & outcome information, preschoolers, 30167
exposure to virgin vs fertilized females, courtship conditioning retention vs transfer, male Drosophila, 13407
generation effect, free recall & forced choice task performance, undergraduates, 26435
immunization against monoamine oxidase, retention of conditioned active escape reflex, rats, 636
increasing retention intervals & decreasing intertrial intervals, working memory, rats, test of the trial tracking hypothesis, 23192
influence of cognitive support on episodic remembering in Alzheimer's disease, 2007

inhibition of protein synthesis or PKA or MAP kinase activity, memory consolidation in fear conditioning, male rats, 20140
integrin-associated protein, memory processing & retention & hippocampal long-term potentiation, integrin-associated protein-deficient mice, 36308
keyword mnemonic, learning speed & immediate recall & long-term learning & retention of 2nd language vocabulary words, college students, reply, 26450
keyword mnemonic, learning speed & immediate recall & longterm learning & retention of 2nd language vocabulary words, college students, commentary, 275
knowledge & judgements about & retention of events occurring prior to birth, reanalysis of data, 288
lexical codes, retention of verbal information in working memory & event-related brain potentials, 22–46 yr olds, 36234
massed vs spaced practice conditions & methodological rigor & task type & intertrial interval, task acquisition vs retention performance, 36117
memory & interpretation of family photographs vs videotape, teenagers, 6899
MK-801 & morphine & immobilization stress & naltrexone-reversibility, retention of passive avoidance behavior, C57BL/6 vs DBA/2 inbred mice, 36536
modifications of short- vs long-sample choice & successive matching tasks, retention of event duration, pigeons , 23202
natural or environmental sounds & retention intervals & interference manipulations, auditory list memory & interference processes, male rhesus monkeys, 23218
parafascicular nucleus lesions, facilitative effect of lateral hypothalamic intracranial self-stimulation on active avoidance acquisition & long-term retention, male rats, 492
perception & production & long-term retention of English /r/-/l/ sound pairs, monolingual Japanese 19–22 yr olds, 3 mo followup, 29622
periodic nonverbal reactivation reminder vs reinstatement reminder, long-term maintenance of memory, 2 mo old infants, 7+ mo study, 33628
phlorizin with or without insulin, facilitation of memory storage & retrieval & retention in inhibitory avoidance task, male Swiss mice, 10544
posttraining administration of insulin & drugs on cholinergic system, retention of habituation response in exploration, male Swiss mice, implications for role of central cholinergic mechanism, 10602
present vs absent samples, divergent retention functions in matching to sample task, pigeons trained to respond differentially vs similarly, 33087
pretraining on tests of allocentric memory, reacquisition of tasks after lesions in anterior thalamic nuclei vs fimbria fornix, male rats, 36469
process dissociation presentation & implicit vs explicit processes, visual memory & familiarity & retention of moving pictures sequences, 3–5 vs 18–37 yr olds, 16627
propranolol, emotional vs conditioned response memories after memory reactivation, male rats, 26835
recall of & attitudes toward alcohol & cigarette & other advertisements, college students, 32432
recall of emotional reactions & circumstances after disaster as evidence of flashbulb memory quantity & consistency, Swedish citizens, 26436
relationship between effects of practice & forgetting, college students, 4 day study, test of strength accumulation equation, 29620
remember vs know vs guess responses following recognition memory decisions & signal detection model of remember-know paradigm, adults, commentary reply, 3588
remembering vs knowing & implicit vs explicit memory, influence of numerical & price information on consumer purchase decisions, 22706
remember–know judgments in old–new recognition conditions, college students, 16641
retention interval changes in visual list memory, male capuchin monkeys, 10292
retention of adaptation to motion sickness eliciting stimulation, nausea ratings & electrogastrogram changes, 18–25 yr olds, 1 mo or 1 yr followup, 26706
retention of long-term spatial memory, young chicks, 23211
retroactive interference & hypermnesia, items gains & losses, undergraduates, 23127
reversal of phonological similarity effect, adults, 10204
self explanation vs elaborative interrogation, retention of scientific facts, college students, 2918
short-term memory & long-term learning & retention of lexical-semantic information, 73-yr-old patient with brain damage or amnesia, 11932
specific vs variable practice distances, acquisition & retention & transfer performance of dart throw, college students, 3512
task retention & consolidation in water-maze & passive-avoidance sequential learning & time-dependent modulation of neural cell adhesion molecule polysialylation on dentate neurons, male rats, 26624
training in helping & group cooperative learning during previous year, retention & use of helping behavior & cooperative group learning skills, 4th graders with high vs medium vs low academic ability, 35483
vasopressin, fos protein expression in brain & enhancement of memory consolidation, male rats, 23341
water-maze training at 2 mo, spatial learning retention at 6 vs 10 mo, male NMRI vs C57BL mice, 33083

Retention [See Also Recall (Learning), Recognition (Learning)]—Chapters
Contextual interference effects in foreign language vocabulary acquisition and retention, 302
Conversational remembering and family relationships: How children learn to remember, 7466
Intentional and incidental learning, 23157
Measuring the time course of retention, 16685
The role of prior knowledge in mediating foreign vocabulary acquisition and retention: A process-analytic approach, 299
Spontaneous private speech and performance on a delayed match-to-sample task, 7359
The validity of metacognitive predictions of widespread learning and long-term retention, 3604

Retention (School) [See School Retention]

Retention Measures [See Also Wechsler Memory Scale]—Serials
analogy creation, retention of factual knowledge of protein synthesis on traditional vs nontraditional assessments, male vs female 8th graders, 12666
direct & indirect memory measures for assessment of advertising information processing, adults, conceptual framework for performance pattern interpretation , 6681
internal consistency & reliability of Recognition Memory Test, 17–84 yr old patients with traumatic brain injury, 5373
test–retest reliability & age norms for Shum Visual Learning Test of visuospatial memory, 17–83 yr olds, 29408

Reticular Formation—Serials
computer simulation of neural circuitries between thalamic sensory relay nuclei & primary sensory cortices & thalamic reticular nucleus in visual processing, 32480
morphine, acetylcholine release in rostral ventrolateral medulla & nociception, male rats, 23588

Retina [See Also Cones (Eye), Ganglion Cells (Retina), Rods (Eye)]—Serials
brightness matching & color vision, 11–18 yr old diabetics with vs without retinopathy, 15062
cell membrane omega-3 fatty acid depletion, retinal function, 35–75 yr olds with schizophrenia, 21165
extraretinal eye position vs slanted surface, visuomotor localization, 23–29 yr olds, 32805
learning retina encoder with tunable spatiotemporal functions & perception-based dialog in retinally implanted visual prosthesis, 29487
network model of retinotopic coding & neural grouping in tilt illusion, 32505
nocturnal exposure of light to nasal vs other areas of retina, melatonin suppression, 21–31 yr olds, implications for circadian rhythm, 20219
pattern electrical stimulation of human retina & retina implant, visual sensation & perception, blind individuals with end-stage retinitis pigmentosa or age-related macular degeneration, 25309
retina-like spatial filtering in 2-D model of brightness perception, 13209
retinal illuminance & external added temporal white noise, foveal flicker sensitivity & description by physiological model, male S, 13585
role of retinal location on spatial distribution of visual attention, 29488
test of hypothesis of impaired displacement thresholds based on random loss of motion sensitive units due to loss of cone photoreceptors, patients with retinitis pigmentosa, 21622

Retinal Eccentricity—Serials
cell densities & retinal ganglion cell:cone eccentricity ratio from foveal border to peripheral retina & estimation of receptive fields for study of retinal neuronal architecture, patients 39 & 73 & 49 yrs old, 33253
discrimination of perfect vs imperfect mirror asymmetry at fovea & eccentricities in nasal visual field, adults, 36136
eccentricity & vergence angle, relative tilt of vertical vs horizontal meridia in minimum motion paradigm, Os, 19732
effects of stimulus size & eccentricity on reflex disparity vergence & psychophysical thresholds, adults, 17011
oculomotor gap effect & saccadic RT via eccentric fixation anchor, adults, 16482
path perception & movement of stationary objects, Os , 23027
preferred retinal locus to left vs right in simulated scotoma in visual field space, reading ability, young adults, 18454
spatial frequency & retinal eccentricities, foveal & peripheral pattern recognition, Os & computer simulation of ideal O, 171
test size & retinal position, S-cone & rod weighting into red/green opponent process & equilibrium hues, Os, 172
time course of saccadic extraretinal eye position information associated with hand- & gaze-pointing, adults, 16449
variation in retinal eccentricity, discrimination of heading from optic flow & importance of acuity, Os (mean age 22.7 yrs) , 19710

Retinal Ganglion Cells [See Ganglion Cells (Retina)]

Retinal Image—Serials
gaze & retinal image stability & coordination of eye & head movements during tapping vs looking at 3-dimensional targets, Os, 162
Hilbert-space Karhunen–Loeve transform, application to image analysis, 10044
inputs & outputs of volume completion, 29507
metabotropic glutamate receptor subtype 6 deficiency, retinal organization & development & stratification of immature retinal ganglion cells, mice, 20153
optical defocus in ocular growth & normal emmetropization process, infant monkeys, 16882
origins in 19th century German psychophysics of theories of local signs & labelled lines, location of visual image on retina, 32845
reading patterns of single words & control of eye movements & oculomotor behavior & use of preferred retinal loci, male 47 & 82 yr olds with bilateral central scotomas, 18453
static simulations of effects of defocus, longitudinal chromatic aberration & accommodation, 16–30 yr olds, 19733

Retinal Vessels [See Arteries (Anatomy)]

Retirement—Serials
age & sex, level of savings for retirement & number of savings vehicles utilized, adults, 7600
age & transition to retirement, adults (aged 18–65 yrs & older), 7618
career commitment & growth opportunity & goal attainment, retirement decision making, adults aged 45+ yrs, extension of T. A. Beehr's model, 35590
educational training program, financial knowledge & decisions regarding affordability of retirement from regular employment, 55–65 yr olds, 4520
expectations for retirement & relationship with gender & current work attitudes & leisure experiences, personnel (aged 40 yrs & older), 16105
factor structure of French version of Retirement Satisfaction Inventory, assessment of well-being & satisfaction with retirement & life, 55 yr old & older retirees, 19595
factors affecting appraisal of decision to take early retirement, 52–64 yr old workers, implications for employment counselors, 3084
individual differences in orientation toward intrinsic motivation in leisure behavior & life satisfaction, retired 57–92 yr olds, 7602
individual life experiences & working status vs institutionalized retirement criteria, self identification as retiree, 55–75 yr old Black vs White vs male vs female nursing home residents, 33716
labor markets & opportunity structures & context of men's retirement, application of 1910–1913 US census data, 16033
multilevel model of early retirement decisions, male 50+ yr old autoworkers in plants with different futures, 16108
narratives in identity construction & reconstruction since retirement, former professional footballers in the UK, 14085
perceptions of spousal influence on retirement, retired husbands vs wives & their spouses, 4621
postretirement benefits, expectations to retire before age 62 & age 65, 51–61 yr old personnel, 16103
sex & anticipatory planning & work & family role characteristics, decision to retire, 58–64 yr old married full time workers, 2 yr followup, 1015
voluntary retirement & flexibility & financial reward, attitudes toward bridge employment decision, workers 50 yrs or older , 38998
widowhood & retirement, emotional adjustment, 60–96 yr old widowed males, 23821

Retirement—Books
Aging and diversity: An active learning experience, 4525
Leadership for older adults: Aging with purpose and passion, 10930

Retirement—Chapters
Assessment and treatment of retirement stress, 15114
Health and well-being in retirement: A summary of theories and their implications, 4540
Work, leisure, and retirement, 17426

Retirement Communities—Serials
cognitive ability & exercise & alcohol usage & medical history, incidence of falls & injuries, elderly in a retirement community, 2-yr study, 28726

intervention strategies, adherence to 6-mo exercise program, 64–95-yr-old female elderly housing residents, 36888
perceptions of homeyness of assisted living facilities, 68–98 yr olds & their 31–72 yr old family members, 9705
Retroactive Inhibition—Serials
misleading vs inconsistent postevent information & 1 vs 3 post-target participations, recall of criterion-learned information & retroactive inhibition & interference, 7 yr olds, 23144
retroactive interference & hypermnesia, items gains & losses, undergraduates, 23127
retroactive interference for paired word associations, metamemory ratings of feeling of knowing & judgments of learning, undergraduates, 23145
Retrospective Studies—Serials
interrater reliability & stability of retrospectively gathered inferences & self reports of exposure to occupational psychosocial work conditions & risk factors, adults , 25914
mortality rates, patients with eating disorders seen in emergency room by psychiatry service, 5–10 yr computer record linkage study, 21405
use of retrospective 1-time &/vs repeated weekly interviews for assessment of community violence, 22–34 yr old poor urban Black females with 10–12 yr old sons, 36093
Rett Syndrome—Serials
age, development of frontal cortex amino acid receptors, female 2–30 yr olds with Rett syndrome, 21533
clinical overlap & use of methylation chromosome analysis for differential diagnosis of Rett vs Angelman syndrome, female 4–35 yr olds with Rett syndrome, 5203
CSF & serum nerve growth factor & brain-derived & glial cell line derived neurotrophic factor, 1.8–17.4 yr olds with Rett syndrome, 4856
L-carnitine, motor behavior & well-being & hand apraxia, 4–35 yr old females with Rett syndrome, 18818
receptive communication as evidence of cognitive functioning, 15-yr-old female with late stage Rett syndrome , 14829
revised Talairach-based automated method for pediatric group, lobar brain region measurement, healthy children & adults vs girls with Rett syndrome, 32680
Rett Syndrome—Chapters
Psychosocial characteristics of children with pervasive developmental disorders, 27955
Rett syndrome, 31347
Return to Home [See Empty Nest]
Return to Work [See Reemployment]
Revenge [See Retaliation]
Reversal Shift Learning—Serials
brain lesions of rhinal cortex or parahippocampal gyrus or hippocampus, object & place discrimination & reversal & spatial scene learning & memory, rhesus monkeys, 7080
dopamine receptor agonist 7-OH-DPAT, visual object discrimination & task reversal, marmosets, 26851
infantile handling, reversal learning deficits, young adult rats prenatally exposed to ethanol, 23532
lesions of neostriatum caudolaterale, reversal learning & go/no-go tasks, pigeons, implications for equivalencies to mammalian prefrontal system, 473
neonatal thermotaxis, reversal in learning head-turning operant for warming reinforcer, 1 vs 5 vs 11 day old rats in cool environment, 13401
nonspatial working memory discrimination & proactive interference & reversal learning, rats with cytotoxic entorhinal cortex vs electrolytic medial septal lesions, 3947
response selection deficits in discrimination & reversal & shift learning, patients with early-stage clinically symptomatic Huntington's disease, 37868
successive-reversal training, functional class establishment in sequential responding task, female chimpanzee, 26490
visual discrimination performance & reversal learning, pigeons with posterodorsolateral neostriatum lesions &/or corticoidea dorsolateralis lesions, 23290
Review (of Literature) [See Literature Review]
Revolutions (Political) [See Political Revolution]
Reward Allocation—Serials
amount of & delayed vs immediate reward, relationship of & transfer between self-control & social cooperation, female undergraduates, 37049
cap amounts, punitive damage awards, adults , 29279
compensatory goal conflict & egregariousness of defendant, assessment of compensatory & punitive damages, mock jurors, 29263
principles of effective reward systems to aid in identification of practical cost-neutral alternatives to current reward practices in organizations, 29136
Reward Allocation—Chapters
Work team cooperation: The effects of structural and motivational changes, 30431
Rewards [See Also External Rewards, Monetary Rewards, Preferred Rewards]—Serials
absence of reward, rate of internal pacemaker, pigeons, 16764
activation & foci of regional cerebral blood flow in inferior & orbital prefrontal cortex during novel risk-taking task involving choices differing in likelihood & size of rewards, healthy males, 36455
acute vs chronic paroxetine, self-stimulation/reward & food intake, rats, 33431
age & training duration, extinction after regular vs irregular reward schedules, 12 vs 17-day-old rat pups, 10276
anandamide & 2-arachidonoylglycerol, performance on behavioral tests & rewarding properties, mice, commentary, 7164
anandamide & 2-arachidonoylglycerol, performance on behavioral tests & rewarding properties, mice, 7183
apamin & d-tubocurarine as small conductance calcium activated potassium current blockers, action of ethanol on dopaminergic ventral tegmental area neurons & ethanol reward, 26742
appetitive reinforcement overexpectation in Pavlovian & instrumental conditioning, rats, 3664
bilateral hippocampal lesions, reward thresholds & maximal response rates during ventral tegmental electrical self-stimulation, male rats, animal-motivation model, 13553
chronic nicotine, brain stimulation reward, rats, 635
cocaine, food- &/vs play-rewarded spatial discrimination in T-maze, neonatal male rats, 10678
delayed nonmatching to sample for testing developmental comprehension of stimulus-reward relationship, 9–12 mo olds, 36742
differential task difficulty for working memory, motor response in reward retrieval, 10.8–36.3 mo olds, 23678
discounting of delayed rewards, adult substance abusers with gambling problems, 34295
divergent thinking training & prior experience, creativity for promised reward, 5th–6th graders, 22433
employment status & maternal satisfaction & motivational bases for work & home orientations via perception of role rewards & costs, 18–20 yr old female college students, 12790
escalating dose regimen of chronic nicotine, brain reward stimulation, rats , 634
functional analysis of token rewards, intrinsic motivation for mathematics, 9 & 11 yr old males, 38844
gamma-vinyl GABA, cocaine self-administration & cocaine-induced reward, male rats, 33436
high-frequency ultrasonic vocalizations as index to conditioned pharmacological reward of amphetamine or morphine, rats, 23528
hyperbolic vs exponential discounting functions to choices of immediate vs delayed monetary & drug rewards, heroin addicts (mean age 34.5 yrs), 27861
impulsiveness & discount rates for delayed monetary rewards, 31–42 yr old heroin addicts, 11625
influence of level of resources brought to & rewards derived from & work context on commitment to work, 24–90 yr old volunteers, 3 yr study, 32383
isradipine, positive subjective effects & abuse liability of d-methamphetamine, 19–48 yr olds, 26789
naltrexone, ethanol reward vs discrimination, male mice, 13785
observation of bidirectional control procedure with an odor cue, imitation of rewarded joystick movement, rats, 29694
pedunculopontine tegmental nucleus lesions, level of incentive value of reward & reward strength differentiation & response to changes in reward strength, male rats, 29837
perceptual differences & physical/chemical properties of reward & nonreward odors, rats, 33081
preexperimental bias or reward traces or visible urine or drive/incentive factors as potential mechanisms for motivationally specific odor production in reward & nonreward experiences, rats, 33069
psychopharmacology of conditioned reward & theoretical model of reward-related learning at D1-like dopamine receptors, 30057
quinolinic acid lesions of agranular insular cortex, working memory for food reward value & working memory for spatial locations, male rats , 7082
racism & ideology & role congruency & university experience, differential institutional rewards & grades, congruent vs incongruent college students, 12694
reinforcement reward expectation, conditioned response behavior-related neuronal activity in striatum, monkeys, 3854
reinforcement reward expectation-related neuronal activation in striatum during learning, monkeys, 3930
response contingent food reward, changes in medial prefrontal cortex dopamine levels, male rats, 510
response effort & secondary reward value, male rats, 16746
reward volume in proboscis-extension conditioning paradigm, risk sensitivity & foraging behavior, honeybees, 20027
reward vs schizophrenia hypothesis & functions of the mesolimbic dopaminergic projection to the nucleus accumbens, 26596
role of overshadowing in forming chunks in instrumental learning, rats, 23189
sensitivity to differences in reward frequency & effects of methylphenidate on signal-detection task, 6–14 yr old boys with vs without ADHD, 30952
subordinate's task & contextual performance, supervisor's reward decisions, college students simulating managers, 32352
task performance as a function of choice stimuli of candy array vs Arabic numerals, chimpanzees, 23188
techniques & research designs used in initial studies on episodic odors from reward & nonreward & possibility of data contamination, rats, 33068
trust & rewarding trust, adults, 4715
variability of reward, risk-sensitive foraging preferences, male wild rufous hummingbirds, 26505
Rewards [See Also External Rewards, Monetary Rewards, Preferred Rewards]—Chapters
Associative processes in addiction and reward: The role of amygdala-ventral striatal subsystems, 26660
Cannabinoid interaction with brain reward systems, 17130
The concept of the ventral striatum in nonhuman primates, 26663
Functional magnetic resonance imaging of brain reward circuitry in the human, 26657
Mesolimbic neuronal activity across behavioral states, 26879
Missing the target? Sanctioning as an ambiguous structural solution, 32384
Prefrontal cortical networks related to visceral function and mood, 26667
Reducing drug use by encouraging alternative behaviors, 18581
Rh Incompatibility—Chapters
Rhesus incompatibility and schizophrenia, 24310
Rhetoric—Serials
C. Perelman's theory of rhetorical audience as concept constructed by speaker, 23624
content analysis of presidential speeches, beliefs & attributions regarding international conflict management, 33809
critique of Waco tragedy, psychotic entelechial rhetoric of Burkean theory & methods, 33739
evolution of rhetorical frames in debate over public school curriculum, case study of movement leaders & general-level supporters in Christian Coalition of New York, 27118
factors contributing to failure of Native American reform movement to stop use of their symbols & heritage in sports culture & strategies for rhetorically reformulating campaign, 23863
interpretation of discursive & argumentative functions of expository vs rhetorical vs echo questions in talk shows, 26906
Moebius strip metaphor as alternative to cognitive–rhetorical polarization in social psychology, 1210
pragmatic-rhetorical analysis of sequential structure & argumentative patterns & rationality & progress in historical economic scientific correspondence, T. R. Malthus & D. Ricardo, 33543
race & rhetoric & politics of commemoration in symbolic career of revolutionary hero Crispus Attucks , 22812
rhetorical hierarchy of race & gender & 'paradox of purity' in case of Rhinelander v. Rhinelander, 23619
study of stylistic & rhetorical forms & functions of acts of speech & language, 23625
text-interpretive & experimental & reader-response approach on visual rhetoric in advertising, college students, 29193
Rhetoric—Books
Landmark essays on contemporary rhetoric, 4322
Rhetoric—Chapters
Contested histories of rhetoric: The politics of perservation, progress, and change, 4327
Creativity and the commonplace, 4347
Fragments in the realization of relativism, 4353
Genre as social action, 4384
Hermeneutics and rhetoric: A seen but unobserved relationship, 4345
The "ideograph": A link between rhetoric and ideology, 4383
In search of Ariadne's thread: A review of the recent literature on rhetorical theory, 4346
The ontological foundations of rhetorical theory, 4338
Political rhetoric, 4379
Rhetoric and its double: Reflections on the rhetorical turn in the human sciences, 4343

Teaching talk about writing: Student conflict in acquiring a new discourse of authorship through collaborative planning, 15953
Rheumatism [See Arthritis]
Rheumatoid Arthritis—Serials
ambivalence over emotional expressiveness & coping strategies, psychological well-being, rheumatoid arthritis patients & their spouses, 11817
beliefs about arthritis & unconventional therapy, focus group patients (mean age 55.9 yrs) with rheumatoid arthritis, 5713
daily stress as moderator between disease activity & education & pain as predictors of anxiety & depression, Ss with rheumatoid arthritis, 3 mo study, 5190
depression & illness perception & coping strategies & adverse childhood events, 18–80 yr old rheumatoid arthritis outpatients, 11803
disease process & joint damage & health status & self-efficacy, patients with rheumatoid arthritis living in affluent vs less affluent areas, 28007
education program, joint protection adherence, 33–69 yr olds with rheumatoid arthritis, 31769
interpersonal/marital stress, disease activity, married females with rheumatoid arthritis, 5255
maternal depression & parents' distress & passive coping, child's emotional & behavioral functioning, 0–17 yr olds with juvenile rheumatoid arthritis vs diabetes, 5211
pain characteristics & coping & analgesic medication use, patients with rheumatoid arthritis, 31788
positive & negative affect & dissatisfaction with illness related abilities in self evaluation process, psychological distress, adults with newly diagnosed rheumatoid arthritis (mean age 52.4 yrs), 5195
psychological characteristics & rheumatoid arthritis morbidity, rheumatoid arthritis symptoms & medication side effects, 21–75 yr olds attending rheumatoid arthritis clinic, 35158
psychosocial effects of rheumatoid arthritis on relationship, patients with rheumatoid arthritis & their well partners, 14925
self-efficacy & other factors determining medication compliance, rheumatoid arthritis patients, 12317
temperature & sunlight & barometric pressure & relative humidity, pain, rheumatoid arthritis patients, 21459
validity & reliability of rating scale of pain coping behavior & stress reactions & psychological vulnerability & sensitivity to cognitive intervention, adults with rheumatoid arthritis, 22878
writing about stressful experiences, symptom severity, patients with asthma or rheumatoid arthritis, 2 wk & 2 & 4 mo followups, 18803
Rheumatoid Arthritis—Books
Neuroendocrine immune basis of the rheumatic diseases, 28056
Rheumatoid Arthritis—Chapters
Field research on the relationship between stress and disease activity in rheumatoid arthritis, 28063
Pain in patients with rheumatic disease, 8525
Rheumatoid arthritis, personality, stress response style, and coping with illness: A preliminary survey, 27503
Rhombencephalon [See Hindbrain]
Rhythm [See Also Speech Rhythm]—Serials
distance from female & interpulse intervals & rhythms of single vs double wing generated courtship songs, male drosophila yakuba, interspecies differences, 13444
force level & rhythmic pattern, variability in peak force in production of bimanual thumb squeezes & role of central process, 19–47 yr olds, 218
generalization of interlimb rhythmic movements from 1:1 coordination to bimanual 1:2 coordination via movement modeling, adults, 29528
long term memory for ratio of successive durations & rhythmic contour & phrasing & regular meter components of temporal structure, identification of well-known vs novel songs, adults, 36275
neural network of coupled oscillators that produces & perceives music & speech patterns of pulses that conform to particular meters, 32488
role of auditory cortex of temporal lobe in perception & retention of auditory & visual rhythmic patterns, Ss with right or left anterior temporal lobe removals with vs without Heschl's gyrus, 15032
separate vs integrated training of bimanual tapping, accuracy of concurrent vs individual hand rhythm tapping, nonmusician undergraduates, implications for integrated sensory-motor representation, 6822
temporal & rhythm characteristics of coo vocalizations, communication to conspecifics & induction of territorial response, collared doves, 23260
timing selection of ball trajectory information during rhythmic catching, male 24–34 yr olds , 29522
Rhythm [See Also Speech Rhythm]—Chapters
Rhythm and timing in music, 799
Ribonucleic Acid—Serials
actinomycin-D inhibition of mRNA synthesis in amygdala, fear conditioning, male rats, 17023
acute & chronic stress, serotonin 1A messenger RNA expression in hippocampus, rats, 17004
acute vs chronic treatment with typical & atypical neuroleptics, c-fos mRNA expression in forebrain regions, male rats , 23581
alprazolam induced anxiety & punishment & changes in GABA receptor subunit mRNA brain levels, male rats, 23538
amitriptyline vs dexamethasone, glucocorticoid receptor messenger RNA, healthy males, 23595
amphetamine administered in novel vs home environment, neuronal activation & behavior & c-fos mRNA expression & dopamine release, rats, 7163
antisense RNA vector vs haloperidol, long-term inhibition of D2 dopamine & up-regulation of receptors, male mice, 4133
application of prisoner's dilemma strategy of game theory in evolution of competitive interactions at high & low multiplicities of infection to host cells, RNA viruses, 16888
bland vs highly palatable diet in hypothalamic arcuate nucleus gene expression for neuropeptide Y, male rats, 4181
chronic clozapine vs haloperidol, open field & activity level behaviors & RNA display analysis, female rats, 661
chronic voluntary running & naloxone, nerve growth factor & orphan receptor mRNA levels, addiction-prone Lewis vs Fischer male rats, 26863
desipramine, norepinephrine re-uptake transporter mRNA & 3H-nisoxetine binding, SK-N-SHSY5Y cells, 33517
distribution of dopamine D3 receptors & neurons positive for D3 mRNA vs dopamine D2 receptor/mRNA in subcortical regions of human brain, 7053
effect of changes in brain 5-HT concentrations on gene expression of brain-derived neurotrophic factor mRNA, rats, 30071
expression of mRNA for somatostatin in periventricular nucleus & in stalk-median eminence & concentration of growth hormone in plasma, male rats, animal model for depression, 33171
fluoxetine, hippocampal serotonin N-acetyltransferase messenger RNA content, male rats, antidepressant implications, 13826
gamma-hydroxybutyrate vs cocaine, mRNA expression of D1 & D2 dopamine receptors, male rats, 36619
lithium & carbamazepine & valproate, inhibition of high affinity myo-inositol transport system & mRNA downregulation, primary astrocyte cultures, 33443
lithium, regulation of gene expression of thyroid hormone receptor isoforms in brain, euthyroid male rats, 20296
lower vs higher dose of acute vs subchronic vs chronic clozapine with 5-HT-2A vs dopamine D2 & D3 blockade, neuropeptide Y-like immunoreactivity & neuropeptide Y mRNA in nucleus accumbens, male rats, 26829
maternal deprivation, regulation of glucocorticoid receptor messenger RNA in hypothalamus & limbic regions, rats, 20072
messenger RNA editing of brain 5-HT2C receptor & modulation of 5-HT-mediated signal transduction, 60 yr old male, 26591
mutations in dinucleotide repeats in messenger RNA & neuropathogenesis of Alzheimer's disease, Alzheimers disease patients & nondemented elderly & other primates & rats, 5413
nucleotide 7543 mutation in mitochondrial DNA transfer of RNAAsp gene, hereditary basis & genetic characteristics, 11 yr old girl with myoclonic epilepsy, 37778
plasma HIV RNA & CD4 lymphocytes, HIV-associated dementia & sensory neuropathy, male HIV seropositive adults (mean age 33.5 yrs), 10 yr study, 11830
role of glutamate receptor mRNA editing in brain, mice, implications for understanding responses to pain, 36394
social defeat stress, expression of mu-opioid receptor encoding in mRNA, rats, 36444
stimulation with staphylococcal enterotoxin B, corticotropin releasing hormone & mRNA, male mice, implications for autoimmune reactivity & emotionality, 20241
systemic ionotropic glutamate receptor modulation of 5-HT-6 & 5-HT-7 receptor mRNA expression in striatum & hippocampal formation, male rats, schizophrenia etiology implications, 30008
transient forebrain ischemia, mRNAs encoding brain derived neurotrophic factor in hippocampus & cerebral cortex & mediation by NMDA & non NMDA type glutamate receptors, rats, 3932
unilateral L5 spinal nerve ligation, expression of mRNAs for neuropeptides & GABA-A receptor in dorsal root ganglion neurons, male rats, neuropathic pain model , 466
use of gene chips & expression array technology in methodology for study of genes & mRNAs under various physiological & pathological states, implications for biology & neuroscience & psychiatry , 13165
Right Brain—Serials
automatic vs controlled processing, generation of semantic category meanings in right vs left cerebral hemispheres, Ss (mean age 25.6 yrs) , 29778
behavioral & brain mechanisms underlying everyday action skills, 25–76 yr olds recovering from right hemisphere stroke with vs without neglect, 8591
binaural timing of acoustic stimuli patterns, motion perception & MRI detection of right auditory cortical activation, humans, 33189
cognitive & behavioral aspects of attention, 7–13 yr olds with developmental right hemisphere syndrome vs ADHD, 24823
disease & lesion characteristics, spatial characteristics of acoustic responses & right vs left hemisphere involvement, healthy 23–69 yr olds & 20–69 yr olds with cerebral cortex lesions, 18435
dorsolateral temporal cortex of both cerebral hemispheres to speech perception & right hemisphere in speech perception in recovered aphasics, 26–58 yr old males & 38–42 yr old patients with aphasia, 28191
factors influencing behavior requests, 55.7–75.2 yr olds with right-hemisphere brain damage, 31192
general happiness & depression & anxiety & impulse control & socialization after right vs left temporal lobectomy, patients with epilepsy, 18352
leftward bias in marking endpoint of bisected line in modified endpoints' task, 50–83 yr old right brain damaged patients with left unilateral neglect, 34664
mood & arousal levels, right hemisphere contribution to performance on spatial memory task, college students, 23167
perception of spatial distance in horizontal plane, 48–69 yr olds with unilateral right hemispheric lesions & spatial neglect, 8634
relationship of discourse to environment & organism, right-hemisphere brain-damaged Ss, 29601
reorganization of verbal memory from to right hemisphere, 19 yr old female with severe left mesial temporal damage, 11945
right hemisphere advantage vs right to left reading habits, visuospatial search as seen in cancellation performance, native readers of Aramaic or Arabic, 19725
right hemispheric speech perception measured by amobarbital injection & left hemispheric electrical interference mapping, 23 yr old right handed male patient with seizures, 5310
right parietal cortex involvement in conjunction vs subset search, patients with right parietal lobe lesions (mean age 56.7 yrs) , 31178
right parietal infarction with concomitant mutism, 50 yr old male, 14983
spatial ability, errors in topical coherence & spatial referential devises in ASL, right brain damaged 74 & 75 yr old male signers , 15015
utility & validity of Judgment of Line Orientation Test & Facial Recognition Test, measurements for detection of unilateral cerebral hemisphere lesions, children with left vs right cerebral lesions, 19642
validity of Kaufman Short Neuropsychological Assessment Procedure, 45–79 yr olds with left vs right-hemisphere stroke, 8581
Right Brain—Books
Of two minds: The revolutionary science of dual-brain psychology, 4796
Right Brain—Chapters
Acquired aphasia in bilingual speakers, 5434
Are we in our right minds?, 33271
Rigidity (Muscles) [See Muscle Contractions]
Rigidity (Personality)—Serials
family rigidity & adolescent problem-solving deficits & suicidal ideation, 18–20 yr olds, 5008
Riots—Serials
likelihood of intervening to stop a sports riot, undergraduate male sports fans, 33997
Risk Analysis—Serials
accuracy of patient-related risk assessment predictions, forensic hospital multidisciplinary clinical teams, 38564
actuarial & clinical assessment of sex offense risk, 14798
actuarial vs clinical methods of assessing risk factors for violence, patients with mental disorders, 16405
ADHD & increased risk for trauma or PTSD or trauma-associated psychopathology, 6–17 yr old males, 11704
age & sex of child, correlations between siblings & mothers & their offspring for cardiovascular disease risk, 2–15 yr old siblings & their 22–51 yr old mothers, 18331
age, risk of tobacco initiation, Asian-American vs Blacks & Whites & Hispanics & other 12–17 yr olds, 30220
alcohol use, risk for functional disability, older adults with cognitive impairment, 27097

analysis of organizational behavior using concept of primary risk, case study included, 12869
anger & antisocial personality style & current violent offense & ethnicity & impulsivity, prediction of institutional physical & verbal aggression risk, male mentally ill offenders, 35377
APOE allele & low educational level & head trauma history & other risk factors, White Hispanic vs non-Hispanic adults with Alzheimer's disease, 11895
application of chronic disease risk index, assessment of lifestyle & development of chronic diseases & mortality & cancer incidence, 18+ yr olds, 19 yr follow up , 38458
application of concepts of risk to alcohol use & methods used in & findings from studies of alcohol & sexual risk taking & risky driving & violence & crime in young adults, prevention implications, 17539
assessment & management of violence risk, mentally disordered adolescents, 21051
assessment model of primary & secondary & situational suicide risk factors, adolescents who seek help, 5056
assessment of risk factors in & prevalence of drug users giving or receiving injections from other injection drug users, 24525
background factors associated with & risk for suicide, 15–79 yr old male offenders with personality &/or psychiatric disorders, 8399
candidate measures & trade-offs in screening & determination of potency of client risk factors for clinical & policy significance, 29415
changes in marital status, alcohol use trajectories, male vs female White vs Black vs Hispanic 14–21 yr olds, 6-yr study, 7765
child abuse & conduct disorder & alcohol dependence & domestic violence as risk factors for each other, Navajo population, 1708
childhood abuse or sexual abuse or neglect, PTSD risk, 18–40 yr olds, prospective study, 30860
childhood sexual &/or physical abuse, risk of sexual victimization & PTSD, 18–27 yr old females, 1727
choice inferred risk preferences, China vs US, 20700
cigarette smoking & illicit drug use & compensating wage differentials for risk of job-related death, workers, 3132
clinical indications of harmful & hazardous & nonhazardous alcohol use in 65 yr olds & older, panelists with expertise in psychiatry & geriatrics & internal medicine & alcohol research, 14097
common syndrome model for explaining correlations between tobacco & alcohol & cannabis use during adolescence, 16 yr study, 1790
cumulative prospect theory & security-potential/aspiration theory in risk choice, college students , 24028
dangerous offender statutes & sentencing & risk assessment & role of forensic mental health professionals in courts, US & Canada, 35821
demographic & family & parent & child factors & risk for child abuse, families, 1677
demographics & personality factors & steroid expectancies as risk factors, future steroid use, male college students, 21325
demonstration of quantitative risk function in heavy & moderate drinking usage in prevention paradox, 24537
depression & cerebrovascular risk factors, primary care patients (aged 60–94 yrs), 24212
depression as risk factor for early cessation of menstrual periods & changes in ovarian function, cohort of 36–44 yr old females, 21082
depression mortality risk analyses, 1966–96, 11384
depressive symptoms as risk factor for cognitive decline, elderly females without dementia, 4 yr followup, 21119
development of offending & risk factors for delinquency from Pittsburgh Youth Study, 1st & 4th & 7th grade inner-city boys, 10 yr study, 1831
dimensions of & challenges involved in discussing & options for present medical risk, physicians, 15402
drink driving & criminal behaviors as risk factors for receipt of disability pension & sickness benefits, males, 22 yr study, 30854
eating disturbances & aggressive behavior & risk for drug use & attempted suicide, 11–19 yr old females, 37717
effectiveness in risk factor modification of & patient response to & physician willingness to adopt computerized coronary risk profiles, physicians & their 30–74 yr old patient, 3–6 mo followup, 2514
effects of structured reading comprehension technique of reciprocal teaching, postsecondary students at risk for academic failure, 9477
epidemiology & risk factors & correlates & disease course of schizophrenia, 37354
errors in violence risk assessment at capital sentencing, mental health professionals, 13006
etiological associations between personality disorders & specific risk factors, 19–55 yr olds, 27742
evaluation of health promoting community-level programs & secular trends in risk factors & health behaviors, 18956
exhaustion & hostility & anger & other psychological risk factors, progression of coronary artery disease & related syndromes, 31169
expected utility & rank-dependent utility & cumulative prospect theories as models of risky choice behavior in determining weighting functions & predictability of individual traits of decision makers, 29562
framing & reflection & probability & payoff characteristics, risk preference & choice behavior, students, 24027
frequentistic information, judgment of risk & probabilities, college students, 19835
functional status & assistance & residential mobility & risk, older adults, 4 yr study, 20661
gang involvement & risks of victimization, 12–17 yr old active female gang members, 1833
genetic & environmental risk factors, behaviors & attitudes characteristic of disordered eating, female twins, 34511
health protective/risk factors, adolescents , 36705
history & development of & political influences on forensic services & risk assessment for violence & dangerousness & recidivism, offenders in long-term high-security hospitals, England & Wales , 19123
history of childhood conduct disorder & substance abuse & other premorbid risk factors for violence, adult patients with chronic mental illness, 14448
HIV risk assessment & transmission prevention counseling styles, physicians with HIV+ patients, 35420
importance of conducting suicide risk assessments as part of providing reasonable standard of care & associated legal issues, psychiatrists, implications for managed care service provision , 6084
institutional lifestyles & prediction of physical assault or theft victimization risk, 16–61 yr old correctional institution inmates, 2727
known history of heavy drinking, assessed risk of suicide after deliberate self-harm & management by hospital accident & emergency department staff, patients aged 16 yrs & older, 38578
lender decision strategies & loan structure, loan officers, 39008
levels & patterns of tobacco use & associated risk factors, Francophones vs Anglophones, 20800
maternal age & education & birth order & other risk factors for infant homicide, 15–25+ yr old mothers of infants killed during 1st yr of life, commentary, 14712
maternal age & education & birth order & other risk factors for infant homicide, 15–25+ yr old mothers of infants killed during 1st year of life, commentary, 14670
maternal age & education & birth order & other risk factors for infant homicide, 15–25+ yr old mothers of infants killed during 1st yr of life, commentary, 14711
maternal age & education & birth order & other risk factors for infant homicide, 15–25+ yr old mothers of infants killed during 1st year of life, commentary reply, 14693
maternal age & education & birth order & other risk factors for infant homicide, 15–25+ yr old mothers of infants killed during 1st yr of life, 1718
maternal age & education & birth order & other risk factors for infant homicide, 15–25+ yr old mothers of infants killed during 1st yr of life, commentary, 1742
maternal age & education & birth order & other risk factors for infant homicide, 15–25+ yr old mothers of infants killed during 1st year of life, commentary, 14687
methamphetamine use, sexual & injection HIV risk behaviors, out of treatment iv drug users (aged 17–72 yrs), 30899
model of & increased risk for suicidal behaviors, physically abused 12–18 yr olds, 37476
model of & principles & guidelines for threat assessment approach to evaluation of risk of targeted violence, 34253
model of distortions in decision making under risk through probability weighting function, graduate students, 13279
mortality risks in alcoholism & effects of abstinence & addiction treatment, 27870
neighborhood context, risk of violence, 18–40 yr old discharged psychiatric patients, implications for violence prediction models, 21002
neurobiology & endocrinology & immunology perspective of & unifying hypothesis on aging & other risk factors in development of Alzheimer's disease, 34641
objective personality inventories & suicide prediction & risk assessment utility, 27784
occupational risk factors for alcohol & drug problems, adults, implications for G. M. Ames & C. R. Janes explanatory framework of alcohol/drug use of workers, 21326
participation & risk assessment & participation conflict, 25 yr old & older local authority social workers undertaking child protection investigations, 28689
path analysis on familial transmission of P300 amplitude, individuals from families at high & low risk for developing alcoholism, 11618
perceptions of risk of experiencing myocardial infarction &/or cancer, adults who smoke, 14887
perceptions that relationship is risky, willingness to excuse romantic partner of blame for transgression, 18–27 yr olds, 23967
persistence & prediction of child abuse potential, mothers whose children had been under Child Protection Services supervision, 21241
places where seated in passenger vehicles when fatal crashes occurred, dead or surviving children, US, 16241
positive vs negative framing of decision alternatives, number of risky choices, 22–53 yr old doctoral students in school psychology vs educational administration , 23089
potential perinatal risk factors for anorexia nervosa, females born between 1973–1984 & diagnosed with anorexia nervosa between age 10–21, 27970
poverty risk across adult life span, 20–85 yr olds, 24 yr study, 20691
predation risk, bodyweight change, coal tits, 33103
prediction of grief symptomatology & risk factors in bereavement outcome, survivors of sudden loss from suicide or accidental death, 1346
predictive validity of HCR-20, assessment of recidivism risk, discharged forensic psychiatric patients, 11677
prenatal & perinatal characteristics & family history of epilepsy & other risk factors, 2–15 yr olds with cerebral palsy with vs without mental retardation & epilepsy & their mothers, 17751
presence of crayfish predator, shell size & shape & antipredator behavioral responses, freshwater snails, 33107
prevalence of & risk factors for & recovery issues in addiction, physicians, 27863
prevalence of dementia & its subtypes & relationship of risk factors to prevalence of Alzheimer's disease or vascular dementia, 60 yr olds & older, Japan, 10926
prevalence of insomnia & hypersomnia & stability of sleep complaints over time & effects of age & other risk factors on sleep, 50–80+yr olds, 14915
psychological risk factors, mental & physical health related impairments in stressful situation, college students, 4853
public private health matrix approach to health risk analysis & reduction, 35128
rationale for widespread adoption of standardized health risk behavior survey, adult populations, 9937
rationale for widespread adoption of standardized health risk behavior survey, adult populations, commentary, 9938
real options reasoning in entrepreneurial risk taking, 12877
relation of job risk & wages & tobacco smoking & other risk- taking behavior, 18–65 yr olds, 4696
relationship among individual & environmental characteristics & odds of violent victimization in or around school, elementary vs junior high vs high school students, 37594
reoffending risk factors & effectiveness of combined vs gender-specific risk assessment instruments, 8–16 yr old male vs female juvenile offenders on probation, 9886
reproducibility of self-report questionnaire for upper extremity musculoskeletal disorder risk factors, tree nursery workers, 29417
resident & facility risk factors for psychotropic drug use following Nursing Home Reform Act, nursing home residents, 3 yr study, 12475
risk & protective factors, child self-regulation & self-worth, single-mother headed rural Black families with 6–9 yr olds, 23907
risk analysis for chronic drinking & binge drinking & drunk driving in Rhode Island, US, 17534
risk assessment of & factors for suicide during managed care, 15–96 yr old emergency room patients who made severe suicide attempts, 12482
risk communication practices, psychiatrists & psychologists, 38656
risk factors & major age-associated neurologic & non-neurologic diseases, mortality, 65–84 yr olds, Italy, 2-yr followup, 14888
risk factors & suggestions for reducing clinical psychology graduate student-client sexual misconduct, 28815
risk factors for anorexia nervosa, 16–35 yr old females, 21406
risk factors for becoming a target of violence, family & other social network members of outpatients with major psychiatric disorders, 8049
risk factors for completed suicide or suicide reattempts, 15–85 yr old suicide attempters, 10 yr prospective study, application of survival analysis, 34304
risk factors for falls & serious injuries from falling, elderly Japanese females, 28013
risk factors for falls, hospitalized medical patients (mean age 77.8 yrs), 12479
risk factors for first onset vs recurrence of depression, 9th-12th graders, 27606
risk factors for functional status decline, community living 25–103 yr olds, 14920
risk factors for husbands' physical & emotional abuse of wives, 24–57 yr old husbands, 8276

risk factors for lack of recovery of independent functioning in activities of daily living, 65+ yr olds receiving home nursing after hospital discharge for acute medical illness , 15562
risk factors for suicide, personnel in US Marine Corps, 5023
risk factors of & methods for dealing with potential difficulties associated with school transitions, children who transfer to new schools, 9533
risk for development of Alzheimer's disease, 60+ yr old parents & siblings of Parkinson's disease patients with vs without dementia, 15025
risk of developing eating disorders, 6th–10th grade male vs female students in Appalachia , 18183
risk of HIV infection, 16+ yr old female sex workers, Thailand, 2 yr followup at 3 mo intervals , 1983
risks & benefits of medication-free period for pediatric patients in research, children & adolescents with treatment-resistant childhood-onset schizophrenia, 2 & 4 yr followups, 27686
risks & benefits of research participation involving functional neuroimaging & radiation exposure in prevention & treatment of psychiatric illnesses, 8 yr olds & older, 24904
role of orthostatic hypotension as risk factor for cognitive decline, home-dwelling & institutionalized 70–85+ yr olds, 21522
scientist–practitioner model of violence risk assessment & prediction , 37455
sex & personality & behavioral & temperamental risk factors for later disordered eating, 7th–10th graders, 24659
sexual behavior & risk assessment, 18–54 yr old HIV positive males, 1986
short-term test–retest reliability & long-term stability of fear & phobia diagnoses & role of genetic & environmental risk factors in phobia etiology, female twins, 1 mo & 8 yr followups, 24333
social class, alcoholism risk, adult males, 1777
social psychological principles of group behavior & individual behavior within groups & evaluation of risk for targeted violence by extremist groups, 34296
sociological perspective on study of hazard-related phenomena & risk & risk analysis & role of power & organizational interests, implications for sociologists, 32404
stability & changes in AIDS rates & transmission routes & risk factors, middle aged & older adults, mid 1980s to 1997, 1985
subculture specific risk factors for suicide & violence & guidelines for risk assessment & intervention, law enforcement personnel, 34292
suicide risk assessment, suicidal patients, 34278
survival analysis of risk factors for chronic recidivism in child abuse &/or neglect, 37485
symptom-based risk factors as predictors of chronic course of treated depression, unipolar depressed patients (mean age 37.6 yrs), 10 yr study, 24216
symptoms as risk factors for hospital readmission, psychiatric inpatients with bipolar or schizoaffective disorders, 24158
system memory in patterns of reoccurrence of violence, bars , 24384
Top Event Prevention Analysis as method used to formulate safety case for complex & potentially hazardous facility in which component classification plays a role, 6351
trends in health behavioral risk, 18–60+ yr old American Indians & Alaska natives, 37143
validity of combined screening tests in identification of risk for behavior problems in school setting, kindergarten–6th grade students, 36036
validity of Ministry Risk/Need Assessment Form measure of probation risk, male vs female 12–17 yr old Native vs non-Native offenders, Canada, 6 mo followup, 9891
victim alcohol abuse potential & victim & perpetrator alcohol usage & sexual assault risk, female college students victimized by sexual assault, 21271
within-pair differences in midlife cardiovascular risk factors & health history & behaviors & brain morphology, 42–56 yr old monozygotic male veteran twins, 25 yr study, 18327

Risk Analysis—Books

The practical art of suicide assessment: A guide for mental health professionals and substance abuse counselors, 30863

Risk Analysis—Chapters

Alcohol-induced brain damage during development: Potential risk factors, 13844
Combat-related posttraumatic stress disorder: Prevalence, risk factors, and comorbidity, 8228
The crack epidemic: Drug addiction in women, 1824
Dangerousness risk assessments: Research, legal, and clinical considerations, 9733
Determinants of trust, 7836
Gifted children: The promise of potential/the problems of potential, 29046
Identifying genetic risk for psychopathology, 1630
The McKnight Foundation prospective study of risk factors for the development of eating disorders, 18206
Posttraumatic stress disorder in adults relative to criminal victimization: Prevalence, risk factors, and comorbidity, 8214
Posttraumatic stress disorder: Prevalence and risk factors relative to disasters, 8217
Psychosocial effects of environmental factors, 27952
Recommending probation and parole, 9758

Risk Management—Serials

assessment & clinical & risk management of suicidality based on future contingency or life event, psychiatrists, 2161
assessment & management of violence risk, mentally disordered adolescents, 21051
attitudes & perceived success & barriers to implementation of small-group risk-reduction interventions, directors & frontline staff at AIDS service organizations, 12356
characteristics that distinguish heavy vs occasional users vs nonusers of cigarettes & marijuana, high school seniors, 21339
clinical & legal & risk management issues of suicide prevention contracts in management of patients with suicide risk, 38746
culture- & sex-specific small group intervention program, disease risk reduction, Black vs Mexican American 14–45 yr old females with nonviral sexually transmitted diseases, 12374
epidemiology & psychiatry & psychology & outcomes & clinical risk management of stalking, 18111
high risk behavior prevention program embedded into everyday classroom activities, basic skills learning, upper elementary school students, 25738
high risk situations & sexual offending, male sex offenders (mean age 39 yrs), implications for Relapse Prevention Model & risk reduction & supervision & treatment, 38646
hospital protocol & risk management & legal implications for the evaluation & reporting & treatment of Munchausen by Proxy in hospital settings, 34299
importance of conducting suicide risk assessments as part of providing reasonable standard of care & associated legal issues, psychiatrists, implications for managed care service provision , 6084
individual & geographical differences in HIV risk & risk reduction after rehabilitation, patients in outpatient methadone vs drug-free drug treatment modalities, 11 US cities, 35354
institution of security paging code when patient has loaded firearm, medical center psychiatric emergency department, 15590
lifestyle alcohol risk reduction program, attitudes toward & incidence of alcohol consumption & beliefs in myths about alcoholism etiology, fraternity & sorority members, 1 yr follow up, 28636
multicomponent strategy intervention for management of sleep deprivation & immobility & dehydration & cognitive & visual & hearing impairment, delirium, 70+ yr old hospitalized patients, commentary, 30620
multicomponent strategy intervention for management of sleep deprivation & immobility & dehydration & cognitive & visual & hearing impairment, delirium, 70+ yr old hospitalized patients, commentary, 30634
multicomponent strategy intervention for management of sleep deprivation & immobility & dehydration & cognitive & visual & hearing impairment, delirium, 70+ yr old hospitalized patients, commentary, 30635
multicomponent strategy intervention for management of sleep deprivation & immobility & dehydration & cognitive & visual & hearing impairment, delirium, 70+ yr old hospitalized patients, commentary, 30615
multicomponent strategy intervention for management of sleep deprivation & immobility & dehydration & cognitive & visual & hearing impairment, delirium, 70 yr old & older hospitalized patients , 11326
multicomponent strategy intervention for management of sleep deprivation & immobility & dehydration & cognitive & visual & hearing impairment, delirium, 70+ yr old hospitalized patients, commentary, 30629
nonstudent dangers & the responsibility of colleges & universities to provide a safe environment for members of campus community, 19219
optimism & cognitive appraisal of treatment & heart disease & cardiac risk reduction behavior, 32–84 yr old percutaneous transluminal coronary angioplasty patients, 8585
perceptions toward risk management & practice standards & incorporation of research into patient care protocols, health care professionals, 15786
practice of risk communication with patients, primary care professionals, 5789
professional awareness & personal experiences & practice activities related to complaints & malpractice lawsuits & perceived importance of risk management, 28–81 yr old licensed psychologists, 25685
public private health matrix approach to health risk analysis & reduction, 35128
radon–smoking risk reduction telephone counseling intervention, smokers, 35133
relationship between mental disorder & crime/violence & clinical management & risk assessment in forensic psychiatry, 39067
risk factors & management of suicidal patients with schizophrenia, 4955
risks & benefits of pharmacological treatment of major depression during pregnancy, 5629
role of information sources & Risk Homeostasis Theory in risk perceptions & performance of risky & protective behaviors before & after Michelangelo virus trigger date, computer users, 11233
sexual behavior before vs after knowledge of infection risk & associations with clinical & demographic characteristics, heterosexual couples serodiscordant for HIV, 8562
subculture specific risk factors for suicide & violence & guidelines for risk assessment & intervention, law enforcement personnel, 34292
use of physiologically compatible ground lighting to reduce risk of inducing spatial disorientation, aircraft pilots, 22733
use of suicide prevention contract as approach to suicide risk management, psychologists & psychiatrists, 5802
views about standardized risk communication tools & 'language of risk' communication with patients, primary care professionals, 6048

Risk Management—Books

Ethical risk management: Guidelines for practice, 35444

Risk Management—Chapters

Behavioral risk management: The pathway to a new generation of workplace services, 25885
Ethical risk management: Protecting your practice, 15826
The inpatient management of suicidality, 8312
The Parole Board and the mentally disordered offender, 39094
Recordkeeping: Clinical, ethical, and risk management issues, 15825
Risky driving behavior among adolescents, 4415

Risk Perception—Serials

age, knowledge of mortality risks & perceived general risk & personal risk & control & preventability of coronary heart disease & breast & colon & lung cancer, 41–95 yr old females, 25286
age, preferences for current health states, 18–96 yr olds, 31763
AIDS & HIV risk & personal risk status knowledge, 58–67 yr old females, 28090
antisocial tendencies & risk perceptions in simulated managerial decisions, business college students, 12823
attitudes & beliefs & perceptions regarding risks from chemicals, British senior managers of chemical company vs toxicologists vs members of general public in US & Canada, 4753
attitudes & perceptions & behaviors indicative of vocational adjustment, perceived & objective work safety risk, employees, 3089
background variables & personal worry & use of cryptosporidium media & risk perception, adult residents who suffered through nationally publicized illness brought by cryptosporidium, 5213
barriers & motive for quitting smoking & health risk knowledge & readiness to change, long term care psychiatric patients with vs withoug substance abuse disorder, 20981
beliefs & attitudes regarding new medical treatments, sexual risk appraisal & taking, HIV discordant male homosexual couples, 5272
beliefs & images of the causes of breast cancer, 30–72 yr old South Asian women living in Canada, 31160
beliefs & knowledge in intentions & behaviors among farm pesticide applicators, 39013
cancer risk genetic counseling, knowledge & perceptions regarding risks for breast cancer, healthy females with relatives with breast cancer, 2531
cancer worry & age, subsequent mammography use, 26–72 yr old women at risk for breast & ovarian cancer, 12 mo study, 35123
characteristics that distinguish heavy vs occasional users vs nonusers of cigarettes & marijuana, high school seniors, 21339
choice probability & response time during risk-taking decision-making task under time pressure with predictions made by sequential sampling model, college students, 32905
concurrent validity of Historical & Clinical & Risk Management violence risk assessment scheme, male incarcerated offenders, 9883
determinants of sexual partner safety assessment & high-risk sexual encounters, 18–60 yr olds attending sexually transmitted disease clinic, 37756

development & factor structure & construct validity of condom perception scale, assessment of perceived benefits & barriers to using condoms in preventing sexually transmitted diseases, 13–26 yr olds, 36012
development of psychometric typology of child abusers, definition of treatment need & level of risk & assessment of deviance level, sexual offenders, 8396
ethical patterns of fairness perception, safety & health risks & pricing of goods & services in marketing setting, Canadian vs American vs Chinese business students, 25989
exposure to newscasts, factor analysis of risk perception & environmental awareness & knowledge of dioxin risks, adults, Japan, 32452
group size & predation risk, time allocated to social & nonsocial activities, adult female tammar wallabies, 33098
group size & risk taking behavior in foraging, coho salmon, 33113
hazard level perceptions of warning components & configurations, college students & 18–34 yr old shoppers & adult industrial workers, 16214
health status & socio-demographic measures as risk factors, traffic accident &/vs chronic disease risk perception, 15 yr olds & older, 20909
high vs low rape myth acceptance, information processing & self-assessment of vulnerability to sexual assault, female university students, 17605
high vs low risk-in-intimacy perceptions, schema accessibility in memory & interpretation of social situations, college students, 17612
HIV risk-taking behavior & knowledge level, patients with schizophrenia, 11415
individual & family medical histories & perceived risk & physician recommendations & worry about cancer & demographic characteristics, annual colorectal cancer screening, Ashkenazi Jewish adults , 35127
individual differences & risk perception & social influence & access to resources as predictors of evacuation during natural disasters, nonevacuating survivors of Hurricanes Hugo & Andrew, 30462
inductive model of & HIV-related risk assessments in sexual interactions, 21–65 yr old Asian/Pacific Islander American females, 30356
intention & attitude & perceived risk & prediction of glove use in situations with potential for blood exposure, nurses & laboratory workers, test of planned behavior vs reasoned action theories, 35427
managerial mood, situational risk perceptions, managers, 29105
model of influence of perceived risk & product quality & price & service quality on perceived value for money, retail customers shopping for or purchasing electric appliance, 25995
nesting in association with hobby falcons, woodpigeons, 10302
operative mortality risk, preference for local vs distant regional surgery, patients awaiting elective surgery, implications for regional health planning , 15410
optimism & other beliefs about own sunbathing risk & relation to sunbathing behaviors, beach residents vs visitors, Tenerife, 25337
perceived AIDS risk & psychosocial & behavioral & demographic characteristics, adult arrestees reporting any lifetime injection drug use, 1186
perceived certainty vs severity of punishment & binge drinking pattern, drinking & driving, male vs female 12th graders , 34356
perceived predation risk as function of predator dietary chemical cues from garter snakes, terrestrial red-backed salamanders, 10335
perceived risk of harm & marijuana use among youths in the US, 11605
perceived risk to environmental quality & dispositions to be generally annoyed or sensitive to noise, noise disturbance from developing airport, 18–65+ yr olds, 32448
perceived risks & options & familial relational considerations, decision to sue, 18–49 yr old women who were sexually harassed, 32527
perception of AIDS susceptibility & sociodemographic characteristics & engaging in high risk behaviors, drug using migrant farm workers & their sex partners, implication for AIDS prevention models, 18069
perception of AIDS treatment advances & prevention setbacks, 17–59 yr olds men attending a gay pride festival, 1982
perception of risk in parenteral thiamine treatment of Wernicke's encephalopathy & incidence of Korsakoff's psychosis, hospital admissions older than 15 yrs, commentary, 2087
perception of risk in parenteral thiamine treatment of Wernicke's encephalopathy & incidence of Korsakoff's psychosis, hospital admissions older than 15 yrs, commentary reply, 2040
perceptions on relationship of risk for lung cancer & daily cigarette consumption & nicotine concentrations, French 15–75 yr olds, 30242
personal experience with Northridge earthquake, optimistic bias concerning earthquakes vs other events, 18–49 yr old college students, 27326
personality & risky health behavior & perceived susceptibility to health risks, adults, 11240
personality traits & just world beliefs & high vs low affinity for political conservatism, perceived risk, adults, 20921
prevalence & health & behavioral effects & perceived risk & interventions to reduce risky single-occasion drinking, young people, 10868
product information on potential injury severity vs injury likelihood, hazard-risk judgments & warning compliance, college students , 35749
recent screening for breast & cervical cancers & knowledge of cancer risk factors & perceptions of surviving cancer, females (aged 50–75 yrs), 25358
reports of adverse drug reactions based on small number of patients, perception of risk, clinicians, 31694
risk for bulimia & measurement of progress in reduction of binge eating, 21–45 yr old overweight women who weight cycled, 27981
risk perception & behavioral choice, 13263
risk perception & unrealistic optimism, involvement in risk, college students, 27405
risk perceptions & sexual assault judgments within dating interaction scenario, 15–27 yr old female single- vs multiple-incident sexual assault victims vs nonvictims, 34416
risky relationship issues & experiences, affective responses, 19–42 yr old college students, 33875
role of information sources & Risk Homeostasis Theory in risk perceptions & performance of risky & protective behaviors before & after Michelangelo virus trigger date, computer users, 11233
sexual history & physical attractiveness of potential partner, interpersonal attraction & interaction & perceived risk & strength of intention to engage in safe sex, male vs female 17–38 yr olds, 20786
snake odor from reptilian predator, behavioral & fear & nociceptive response, male vs female spiny mice, 33102
social-cognitive perspective on risk perception & reduction & self-protection for acquaintance sexual aggression, human females, 37494
store vs non-store retailing channels & importance of risk relievers & acceptance of transfer of channel functions to Internet, under 18–46+ yr old consumers, 35729
survey context manipulation & perceptions of risk & loss & truthfulness of reporting to sensitive survey questions, 18–45 yr old females, 36088
third-person effect, perception of own vs others' susceptibility to & severity of advertising content, 18–82 yr olds, 20422
threat perception in dating situations & sexual victimization history, female college students , 30916

Risk Perception—Chapters

Belief in a just world and right-wing authoritarianism as moderators of perceived risk, 1272
Life-course perspectives on mental health, 30592
Redefining categories of risk and identity: The appropriation of AIDS prevention information and constructions of risk, 8392

Risk Populations [See At Risk Populations]

Risk Taking [See Also Gambling, Sexual Risk Taking]—Serials

"closeness heuristic" in estimation of probability of counterfactual outcome, perception of luck following dangerous or careless behavior, college students, 7943
1 to 2 wk HIV prevention program, sexual & high risk behaviors, 13–24 yr olds, 2530
activation & foci of regional cerebral blood flow in inferior & orbital prefrontal cortex during novel risk-taking task involving choices differing in likelihood & size of rewards, healthy males, 36455
affective reactions after vs toward risky single-occasion drinking, 18–54 yr old male vs female undergraduates, 2 wk followup, 30378
age & gender, preventive health behaviors & risk taking, adults 18–55 yr old & older, 31829
age & self-reported vs observed behaviors & type of risk taking behavior, males vs females, meta analysis, 17324
alcohol consumption & risk taking & strategies for preventing alcohol problems & reducing drinking-related harm in young adults, commentary, 19063
application of concepts of risk to alcohol use & methods used in & findings from studies of alcohol & sexual risk taking & risky driving & violence & crime in young adults, prevention implications, 17539
at-risk behavior for HIV infection, 18–55 yr old Italian psychiatric inpatients, 14966
changes in social network stability & dynamics & drug & sexual risk taking in social situations & behaviors, adults at risk for HIV, 3 yr prospective study, 5274
collaborative multimethod evaluation of HIV prevention needle exchange program for young injection drug users, 15462
commercial adventure recreation & emotional components of risk taking, novice consumers during white-water rafting adventure, 16174
comorbidity of criminal & addictive behaviors, development of HIV risk related behaviors,18–35 yr old female inmates addicted to drugs, 30921
concurrent verbal task interference, automatism & practiced dynamic risk-taking judgments, drivers (mean age 20.8 yrs) , 23098
death anxiety & sensation seeking & psychosocial factors & SES & sex, degree of involvement in high risk recreation, college students, 35719
demographic characteristics & sexual partners & sexual & drug use & other risk behaviors & test site, failure to return for HIV test results, adults, 12367
demographic factors & conditions of use & risk-taking driving behavior & prior driving history & attitudes toward motor vehicle laws, pickup truck vs automobile drivers, 12966
disease risk behaviors during major life transition, men vs women 14–21 yrs old, 31823
dominance criterion, gamble choice, MBA students, 12764
drug injection & other HIV-risk taking behaviors, heroin & methamphetamine users, 18090
drug use & HIV risk behaviors, drug using migrant farm workers (mean age 35 yrs) on DelMarVa Peninsula, 18058
effect of Community Reinforcement Approach on AIDS risk behaviors & comorbid psychiatric disorders, 20–63 yr olds with opioid dependency, 18 mo study, 9222
evaluation of Risk for AIDS Behavior & development of AIDS Risk Inventory, drug abusers, 8340
evaluation of self report method in assessing high risk attitudes & behaviors vs parental & police & school records, 11–17 yr olds, 16418
exposure to violent TV & sensation seeking & risk taking behaviors, 11–25 yr olds, 33661
fatalism & risky health practices, Southerners vs Midwesterners, 9041
fear vs exhilaration responses in risky play situations, actual risky vs protective play behavior, 4th graders, test of injury risk model, 13999
food rations, season & size dependent predation risk taking, juvenile coho salmon, test of predictions from dynamic optimization models, 16737
health & social services utilization & changes in HIV drug & sex risk behaviors, adult drug injectors & crack smokers, cross sectional data 1 yr prior to & 1 & 2 yrs after Ryan White Title I funding, 25383
health status & risk-taking behaviors & access to health care, homeless adolescents, 4474
health-endangering behavior risk & self-esteem, resilient vs nonresilient 7th–9th graders, 2 yr study, 846
high risk for & self-perception of impaired driving & overlap in daily volume of ethanol intake & frequency of drinking 5+ drinks & alcohol dependence, alcohol drinkers, 24519
HIV infection & risk-taking behavior within jail system & effects on community health, incarcerated males & females, implications for health care workers, 21502
HIV needle risk behaviors & drug use in injection drug users, crack-smoking vs non-crack smoking adults, 37552
HIV risk-taking behavior & knowledge level, patients with schizophrenia, 11415
HIV-related risk acts & T-cell counts & HIV symptoms & emotional distress & coping style, HIV+ 14–23 yr olds with vs without current or lifetime history of amphetamine use, 28078
HIV/AIDS risk behaviors & AIDS prevention needs, Native American injection drug users, 35117
HIV/AIDS risk behaviors & knowledge level, 12–18 yr olds with substance use vs psychiatric disorders, 14389
individual & geographical differences in HIV risk & risk reduction after rehabilitation, patients in outpatient methadone vs drug-free drug treatment modalities, 11 US cities, 35354
installation of road lighting & vehicular speed & driver concentration adjustments, adult drivers, test of risk compensation hypothesis, 29226
intergenerational transmission, health-risk behaviors & health-risk lifestyles, adolescents & their parents, 33936
issues in risk taking & cognitive decision making, managers & entrepreneurs, 32356
issues in the health risk of drinking moonshine, 30377
knowledge of sunlight's harmful effects & attitude toward and frequency of usage of sun-safety devices & perceived peer pressure against vs parental encouragement for sun-safe behavior, sun- safety, 4th–6th graders, 29203
learning style & risk taking tendency & optimism & relationship between arousability,male vs female college students, 35524

long-term effects of alcohol warning labels on drinking during pregnancy & drinking & driving & conversations about alcohol & precautionary behaviors, 18 yr olds & older, US vs Canada, 20803
metamotivational dominance & participation & injuries in risk & safe sports, male snowboarders vs badminton players, 22681
model of health risk taking behaviors from decision-making perspective, 24009
mortality salience, risk taking while driving, 18–21 yr old male soldiers who did vs did not perceive driving as relevant to his self esteem, Israel, implications for terror management theory, 11191
parental warmth–involvement & deviant-peer affiliations & risk-taking & academic competence in social contextual model of late-adolescent pregnancy, adolescents & their parents & siblings, 7 yr study , 964
patient characteristics & group vs individual treatment & time in treatment, reduction in AIDS risky behavior, cocaine dependent outpatients (mean age 31.9 yrs), 9 mo followup, 9235
pedestrian accident risk & problem behavior, 7–15 yr olds , 30141
perceived behavioral control & other determinants of decisions in potentially dangerous road crossing situations, 17–75 yr old pedestrians, application of theory of planned behavior, 7892
perceived control, risk taking in simulated driving activities, adults, 12977
personality & cognition & information processing theories & predictors of military aggression & risk taking, W. Churchill & A. Hitler & J. Stalin & F. D. Roosevelt, 7936
personality & risky health behavior & perceived susceptibility to health risks, adults, 11240
positive & negative affect in moderation of issue interpretation & risk taking in strategic decision making, college & graduate students, 6935
positive experience & recall of past acts of kindness, reduction of biased processing of self-relevant health-risk information, college students, 1 wk followup , 4793
prevalence of HIV & related risky behaviors, disadvantaged 12–21 yr olds in state institution for homeless & offenders, 14974
prevalence of lifetime rape & associated health risk behaviors, female college students in the US, implications for rape prevention, 14652
prevalence vs quantity vs harm reduction strategies & integrative model for dealing with harmful consequences of drug use & other risky behaviors, commentary, 35119
prevalence vs quantity vs harm reduction strategies & integrative model for dealing with harmful consequences of drug use & other risky behaviors & U.S. drug control policy, commentary, 35147
prevalence vs quantity vs harm reduction strategies & integrative model for dealing with harmful consequences of drug use & other risky behaviors, commentary reply, 35136
real options reasoning in entrepreneurial risk taking, 12877
relation of job risk & wages & tobacco smoking & other risk- taking behavior, 18–65 yr olds, 4696
relationship between alcohol consumption & illicit drug use & risk-taking dispositions & risk of injury, adults, 11077
relationships among testosterone & antisocial & risk behaviors & employment & marital status & depression, 30–48 yr old males, 27580
reliability & validity of self-reported drug use & criminality & HIV risk-taking, injecting drug users, commentary, 5074
reliability & validity of self-reported drug use & criminality & HIV risk-taking, injecting drug users, 5073
reports of anxiety symptoms & risk behaviors as predictors of change in depressive symptoms, 12–17 yr olds, 1544
reward volume in proboscis-extension conditioning paradigm, risk sensitivity & foraging behavior, honeybees, 20027
risk behaviors for HIV & age of initiation into drug use, injection drug users, 18034
risk factors & early deviant & self-reported behaviors, 12–17 yr old offsprings of adult narcotic addicts participating in methadone maintenance programs, 18072
risk factors & prevalence of HIV infection, 18–50+ yr old English male prison inmates, 34582
risk factors for suicide attempts, 19–63 yr old women with history of alcohol problems, 27789
risk perception & unrealistic optimism, involvement in risk, college students, 27405
risk taking & peer influences & other individual/group & family characteristics & alcohol availability & use, adolescent public school students, 1992, 1810
risk taking &/or sensation seeking, male vs female college students categorized as social vs probable/pathological gamblers, 21260
risk-taking behavior as measured by Sensation Seeking Scale & Tension Risk Adventure Inventory & Telic Dominance Scale & Desire for Control Scale, 16–29 yr olds, 7948
risk-taking behaviors, managers vs non-managers vs business graduate students, 35617
risky or dangerous behavior attributed to being in love, college students, 6236
risky pedestrian behaviors & resulting vehicle swerving & extent & effect of sidewalk encroachments, pedestrians in Pakistan city, implications for pedestrian traffic accidents, 26009
role of information sources & Risk Homeostasis Theory in risk perceptions & performance of risky & protective behaviors before & after Michelangelo virus trigger date, computer users, 11233
sad vs happy mood, strategies for & politeness in risky & unconventional requests, college students, 24015
self-presentational motives, potentially unhealthy behavior, college students, 33897
sensation seeking & substance use & risky sexual behavior, adult male homosexuals, 8358
sensation-seeking & field dependence–independence in personality profile of high-risk prosocial professional, male 23–35 yr old bomb-disposal experts vs anti-terror operatives, 37153
sex & decision framing as gain vs loss, supplier choice, buyers in price &/or quality based purchasing scenarios, 39027
smoking & drinking & other health risk behaviors, current & future health & development, female 5th–12th graders, implications for prevention, 34300
social networks & characteristics associated with risky behaviors, runaway & homeless 14–21 yr olds, 14002
sociodemographic & criminal & HIV-related risk characteristics, acceptance of HIV testing, female prisoners, 11664
somatic markers & anxiety & risk aversion during gambling task, Caucasian vs African American psychopathic incarcerated males, 27818
substance use, risky sexual behavior, male vs female adolescents, 18 mo study, 14730
suntanning behaviors & health knowledge & effectiveness of educational leaflet for changing knowledge & beliefs, 16–19 yr old females, 25329
systematic risk-taking as strategy to develop skills & increase self-esteem & confidence & courage, gifted 1st grader with ulcer referred for counseling, 32326
traditional vs specialized AIDS education program, risk behaviors & AIDS related knowledge, 18–63 yr old impoverished African American women, 2-yr follow up, 22103
trauma & substance use & HIV knowledge & attitudes & risk behavior, 18–75 yr old urban American Indian females, 6 mo study, implications for HIV prevention, 28086
variable vs process theoretical approaches to personality psychosocial factors associated with risky vs health-protective behavior, 18848
working model for process psychology paradigm for the heroic rescue fantasy, 1340

Risk Taking [See Also Gambling, Sexual Risk Taking]—Books

Social networks, drug injectors' lives, and HIV/AIDS, 24751

Risk Taking [See Also Gambling, Sexual Risk Taking]—Chapters

Cardiovascular health: A challenge for midlife, 8596
Drug abuse and infectious disease, 14785
Reducing HIV risk behaviors of drug-involved women: Social, economic, medical, and legal constraints, 8393

Risperidone—Serials

age & sex & duration of illness & dose of risperidone & total neuroleptic dose & serum-risperidone & 9-OH-risperidone & concomittant medication, symptomatology, patients with schizophrenia, 31671
appropriateness of journal advertisement advocating Risperdal in treatment of aggressive behaviors in older adults, 15279
atypical antipsychotic, case of risperidone-induced rabbit syndrome movement disorder, 27 yr old male with paranoid schizophrenia, 15311
augmentation with risperidone, 36–75 yr old outpatients with major depressive disorder resistant to treatment with selective serotonin reuptake inhibitors, 1 wk study, 18721
change from typical antipsychotics to risperidone, symptoms & side effects & social functioning, patients with schizophrenia, 31673
chorea & tardive dyskinesia associated with risperidone treatment, 13.5-yr-old female patient with a history of aggression & defiance & noncompliance, 31624
clinical properties & effects of clozapine & risperidone & amisulpride & olanzapine & quetiapine & sertindole & ziprasidone for psychotic disorders, 21869
clinical safety & efficacy of risperidone vs haloperidol, treatment-refractory schizophrenia patients, 35032
clozapine & risperidone & olanzapine & quetiapine in treatment of psychosis & agitation associated with dementia, 34992
clozapine vs olanzapine vs risperidone vs haloperidol vs sertindole, weight gain liability, male patients with schizophrenia, 25232
clozapine vs risperidone, positive & negative symptoms & depression & parkisonian side effects & neuroendocrine function, 18–55 yr olds with schizophrenia, 12149
combination risperidone & fluoxetine therapy, symptom relapse, 21 yr old male with obsessive compulsive disorder, commentary & commentary reply, 18710
concentration distributions of risperidone & 9-hydroxy-risperidone, rats, 620
cortical risperidone & auto- & heteroreceptors idazoxan & isamoltane & GR 127,935, frontal cortex 5-HT efflux, male rats, implications for schizophrenia, 33419
development of catatonia while on valproic acid & sertraline & risperidone, 42 yr old White female with schizoaffective disorder , 5645
economic outcomes of traditional antipsychotic agents vs risperidone, Medicaid patients with schizophrenia, 2372
effectiveness & tolerability of atypical neuroleptic risperidone, juvenile mania, 4–17 yr old outpatients with bipolar disorder, 31642
effectiveness of risperidone & clozapine & other novel antipsychotic drugs, children & adolescents with psychiatric disorders & symptoms, 12209
effectiveness of risperidone or other antipsychotic drugs in the treatment of typical patients with schizophrenia or schizoaffective disorder throughout the US, 1-yr clinical trial, 15312
effects of risperidone, maintenace treatment, 18–65 yr old patients with schizophrennia or schizzaffective disorders, 31678
efficacy & safety of treatment with risperidone vs conventional neuroleptics, patients with chronic schizophrenia, 8867
elevated liver function tests during treatment with risperidone, 22 yr old male with 5 yr history of schizophrenia & 19 yr old male with 1st episode paranoid schizophrenia, 38329
flexible dose risperidone treatment, Positive & Negative Syndrome Scale scores, outpatients with schizophrenia, 8-wk study, 8878
nortriptyline, brain morphology & depressive symptoms, adults (mean age 75.2 yrs) with geriatric depression, 18756
pharmacokinetic-pharmacodynamic modeling of concentration–effect relationship of risperidone on EEG, 19–25 yr old healthy males, 26802
pharmacological profile of antipsychotic agent MS-377 with selective affinity for sigma receptors vs haloperidol vs sultopride vs risperidone, rats, 33492
prescribing of risperidone & olanzapine at VA hospital outpatient clinics, 12253
recommended dosing schedule for risperidone, inpatients with diagnoses of schizophrenia or schizoaffective disorder, conference proceedings, commentary, 28478
recommended dosing schedule for risperidone, inpatients with diagnoses of schizophrenia or schizoaffective disorder, conference proceedings, commentary reply, 28455
rehospitalization rates of patients recently discharged from psychiatric hospitals on regimen of risperidone vs clozapine, 1994–1996, 24131
response of behavioral disturbances to risperidone & extrapyramidal side effects, outpatients (mean age 74.5 yrs) with dementia & agitation &/or delusions &/or hallucinations, 31657
risedronate, incidence of vertebral fractures & bone mineral density, women with postmenopausal osteoporosis, 38407
risperidone & alpha-2 antagonism, exacerbation of hallucination-persisting perception disorder, 8861
risperidone & fluoxetine treatment, gynecomastia, 30-yr-old female with schioaffective bipolar disorder, 12145
risperidone & opioid concomitant treatment, withdrawal symptoms, 26-yr-old male & 31-yr-old female with opioid dependence, 22271
risperidone & paroxetine, 25 yr old male with treatment resistant obsessive compulsive disorder, 12138
risperidone & rate of liver dysfunction & clinical factors, 5–17 yr olds with autistic and other pervasive developmental and disruptive behavior and mood and psychotic disorders, 31700
risperidone as adjunct therapy, intrusive thoughts & subsequent emotional reactions, 38 yr old female & 33 yr old male military personnel with PTSD, 31664
risperidone as adjunct to valproic acid, 50 yr old male with psychotic disorder with manic episodes, 15355
risperidone augmentation of treatment with a serotonin reuptake inhibitor, children aged 8 & 9 & 11 & 13 yrs with obsessive-compulsive disorder, 31641

risperidone effectiveness, treatment cost & outcome in public mental health setting, 18-65 yr olds with schizophrenia, 1 yr study, 12234
risperidone induced unremitting weight gain & subsequent implementation of low-glycemic carbohydrates & balance of proteins & fats, 9-yr-old male with autism & moderate mental retardation, 2334
risperidone monotherapy, psychotic mania & depression, 27 yr old male with bipolar disorder, 28452
risperidone therapy vs conventional antipsychotic therapy, hospital length of stay & subsequent outpatient visits, 23–80 yr old veterans, 2-yr study, 21950
risperidone treatment for exclusively negative symptoms, 31 yr old male schizophrenic, 12199
risperidone treatment, relatives of patients with schizophrenia with patterns of negative symptoms & neuropsychological deficits , 21969
risperidone vs 5-HT2A vs 5-HT2C receptor antagonists, dizocilpine induced prepulse inhibition, male Wistar vs Sprague-Dawley rats, 13829
risperidone vs haloperidol, aggression & behavioral symptoms, 56–97 yr olds with dementia, 38228
risperidone vs haloperidol, incidence of tardive dyskinesia, older patients with schizophrenia or dementia or mood or other disorders with psychotic symptoms of behavioral disturbances, 9-mo study, 25176
risperidone vs haloperidol, RT & manual dexterity & gross motor & motor sequence learning, inpatients with treatment resistant schizophrenia, 2346
risperidone vs haloperidol, schizophrenic symptoms & plasma levels of norepinephrine, patients with schizophrenia, 25222
risperidone vs haloperidol, verbal learning ability & strategy & retention, patients with treatment resistant schizophrenia, 25181
risperidone vs neuroleptic vs no antipsychotic medications, weight gain & body mass index, 12–18 yr old inpatients, 6 mo study, 8912
risperidone vs olanzapine treatment in hospital setting, drug acquisition costs & treatment outcomes, psychiatric patients presenting with psychotic symptoms, comment, 31635
risperidone vs olanzapine treatment in hospital setting, drug acquisition costs & treatment outcomes, psychiatric patients presenting with psychotic symptoms, reply, 31683
risperidone, 22 yr old male with catatonic schizophrenia, 2350
risperidone, 23 yr old male with monosymptomatic hypochondriacal psychosis, 34150
risperidone, 25 yr old male with inhalant-induced psychosis & dependence, 38617
risperidone, 31-yr-old & 53-yr-old females & 22-yr-old male with serotonin reuptake inhibitor-refractory trichotillomania, 21885
risperidone, 5.5–16 yr olds with mood disorders & aggressive behavior, 8944
risperidone, abnormal involuntary movements & psychiatric symptoms, patients with Huntington's chorea, 12159
risperidone, amenorrhea, 28–38 yr old females with paranoid schizophrenia or schizoaffective disorder or bipolar affective disorder, 21913
risperidone, behavioral symptoms, 27 & 30-yr-olds with autism & profound mental retardation , 14817
risperidone, D-fenfluramine induced central 5-HT responses, patients with schizophrenia, 2342
risperidone, development of dyskinesia, 4–19 yr olds with mental or developmental disorders, 12161
risperidone, development of major depression & obsessions, 29 yr old male with schizophrenia , 28475
risperidone, development of parkinsonian tremor, 12-yr-old male with ADHD & conduct disorder & PTSD, 15334
risperidone, extracellular striato-pallidal dopamine & serotonin & GABA neurotransmitters & limb rigidity, female rats, 4162
risperidone, extrapyramidal symptoms, 60 yr old or older inpatients with schizophrenia or schizoaffective disorder, 18708
risperidone, hyperprolactinemia & sexual dysfunction, 40 yr old male with schizophrenia, 15289
risperidone, obsessive-compulsive symptoms, 24 yr old male with history of methamphetamine psychosis, 21906
risperidone, P50 suppression deficit & clinical correlates, outpatients with recent onset schizophrenia, 1628
risperidone, prolactin levels, 23–49 yr old premenopausal women with mental disorders, 18666
risperidone, psychosis & agitation, 66–78 yr old inpatients with Parkinson's disease & dementia, comment, 2471
risperidone, psychosis & agitation, 66–78 yr old inpatients with Parkinson's disease & dementia, commentary reply, 2488
risperidone, psychosis & behavioral disturbances, patients with dementia (mean age 82.7 yrs), 15306
risperidone, psychosis, 55 yr old female with Huntington's disease, 2359
risperidone, serum prolactin levels & adverse clinical sequelae, patients with chronic schizophrenia, 12195
risperidone, tardive dyskinesia/dystonia, 19–22 yr old males with 1st episode psychosis, 21873
risperidone, treatment outcomes, hospitalized patients with psychiatric disorders, 2 yr study, 25150
risperidone-induced absence of ejaculation, 32- & 41-yr-olds with schizoaffective disorder, 38297
risperidone-induced involuntary perioral & tongue movements, female 21 yr old with schizophrenia, 31654
role of clozapine & quetiapine & olanzapine & risperidone in treatment, patients with drug-induced psychosis in Parkinson's disease or antipsychotic-induced movement disorders, 25163
role of cytochromes P450 2D6 & 3A in risperidone metabolism, 18–55 yr old psychiatric patients genotyped for CYP2D6, implications for treatment, 31620
safety & side-effects of & reasons for terminating treatment with risperidone prescribed by general practitioners, patients aged 10 yrs or younger to 90 yrs or older, 5650
short-term efficacy & safety of risperidone vs clozapine, 18–65 yr olds with treatment-resistant chronic schizophrenia, comment, 28465
short-term efficacy & safety of risperidone vs clozapine, 18–65 yr olds with treatment-resistant chronic schizophrenia, commentary reply, 28400
short-term efficacy & safety of risperidone vs clozapine, 18–65 yr olds with treatment-resistant chronic schizophrenia, comment, 28487
short-term efficacy & safety of risperidone vs clozapine, 18–65 yr olds with treatment-resistant chronic schizophrenia, comment, 28419
side effect profiles of risperidone vs haloperidol, psychiatric inpatients with no previous exposure to antipsychotic drugs, 15335
suggested minimal effective dose of risperidone based on positron emission tomography measured dopamine & serotonin receptor occupancy, 18–52 yr old patients with schizophrenia, 25202
treatment of risperidone-induced amenorrhea with herbal medicine shakuyaku-kanzo-to, 28 yr old female with schizophrenia , 28513
treatment of with low doses of risperidone, hyperarousal symptoms, 48 yr old male veteran with PTSD, 28468
tryptophan with vs without risperidone, chronic sleep disturbance, female child with autism, 8884
typical antipsychotic drugs vs risperidone, quantity & quality of sleep, patients with schizophrenia, 38235
use of risperidone for treatment of schizophrenia, Canada, 2335

Risperidone—Chapters
Risperidone in the treatment of Hispanic schizophrenic patients, 28520

Ritalin [See Methylphenidate]

Ritanserin—Serials
phencyclidine & ritanserin, 5-HT2A receptors in place aversion, rats with 5,7DHT-induced lesions, 33428
relapse prevention effectiveness of ritanserin, alcohol dependent 20–58 yr olds, 12534
ritanserin or MDL100907 or SB42084, hyperactivity induced by MK-801, female mice, 26828
ritanserin or naloxone or SR 141716, reduction of motivation for beer solution, male rats, implications for treatment of alcohol craving, 17040

Rites (Nonreligious)—Serials
concepts of magic & anxiety & ritual as components of problem gambling, implications for transactional analysis, 18077
cultural & social & political & economic factors in ethical issues in sex related physical interventions, 33839
establishment of group identity via process of affirmation & ritual celebrations, 30405
ethnography of magic & constructed consumption setting of river magic in white-water river rafting, 16172
integration of the Bisha ritual & modern psychotherapy, paranoid 30 yr old Bedouin-Arab & his family, Israel, 28342
intergenerational family ritual of la cuarentena, adaptation to parenthood, Mexican American first time parents, 1126
ritual & drama & play for self-empowerment of elderly in day care center, 36894
teaching parents to create rituals with children, emotional development & self esteem, elementary school counselors , 12755
thought suppression & compulsive ritualistic behavior, 17–39 yr old college students, 24037
use of sweat lodge ceremony as group therapy in residential treatment center, 6–15 yr old Navajo males with disruptive behavior disorders, 18593

Rites (Nonreligious)—Chapters
Beyond words: The power of rituals, 21745

Rites (Religion) [See Religious Practices]

Rituals (Nonreligious) [See Rites (Nonreligious)]

Rituals (Religion) [See Religious Practices]

RNA (Ribonucleic Acid) [See Ribonucleic Acid]

Robbery [See Theft]

Robins—Serials
model of stochastic dynamic programming of daily singing routines, male European robins, 13477

Robotics—Serials
approach to robot motion planning using endpoint motion & joint trajectory planning for collision avoidance of links, 35795
control strategy under uncertainty for mobile robot navigation, 32478
D-H parameter model for robot calibration using fuzzy cerebellar model articulation controller learning algorithms, 26021
educational use of computer robotics, teaching how artificial organisms simulate individual behavior & evolution of populations & systems, 22451
extracting regularities from external environment & time & space through prediction learning, mobile navigating robot, 32477
iterative learning control using an information database, 32476
learning & self use of motor cortex neuronal electrical signals to cognitively coordinate a robotic arm, rats, implications for movement aid in patients with paralysis, 33194
multi layer hierarchical rule learning in reactive robot control using incremental decision trees, 19491
stepwise learning approach to complex tasks, robots, 12995

Robotics—Chapters
Foraging search at the edge of chaos, 39051
Robotic and neuronal simulation of the hippocampus and rat navigation, 29880
Theoretical and biological limitations on the visual perception of three-dimensional structure from motion, 3500

Rock Music—Serials
ethnic identity & break dancing & heavy metal listening, Navajo adolescents, 4472
perceptions of female specialization as bass players in alternative rock bands, musicians, 17515
serious vs light rock music videos, rating & recognition memory, college students, 32955

Rodents [See Also Gerbils, Hamsters, Mice, Rats]—Serials
maternal experience & social isolation & familiarity, infanticide, female capybara, 10337
neonatal testosterone, male- & female-like copulatory behavior, female musk shrews, 6986
prairie dog & land management values & attitudes & knowledge & perception, rural & urban resident & ranchers & conservation organization members, implications for prairie dog conservation, 26004
translocation, anti-predator defense & human intrusion behavior, black-tailed prairie dogs, implications for wildlife management, 368
vasopressin-receptor expression & gene variation, affiliative behavior changes in response to arginine vasopressin, monogamous vs promiscuous vole species & transgenic mice, 33516

Rods (Eye)—Serials
chromatic rod–cone interaction during dark adaptation, Os , 178
dark vs light adapted conditions, light-evoked responses of AII amacrine retinal cells & conveyance of rod & cone signals, rabbits, 33170
speed of movement of cone vs rod-perceived stimuli, green cone lacking deuteranopes, 18455
test size & retinal position, S-cone & rod weighting into red/green opponent process & equilibrium hues, Os, 172

Roentgenography [See Also Mammography]—Serials
radiological diagnostic thinking approaches associated with success vs failure in film interpretation, chiropractic students, 25777
spatial noise-reduction filtering, x-ray fluoroscopy image detection, human & model Os, 10037

Rogerian Therapy [See Client Centered Therapy]

Rogers (Carl)—Serials
subjective account of Carl Rogers's 1986 visit to USSR & its persistent effects on the career direction & personal understandings of the author, 6513

Rogers (Carl)—Chapters
Carl Rogers, the person-centered approach, and experiential therapy, 12108
If you can't be Jekyll be Hyde: An existential-phenomenological exploration on lived-plurality, 20881
Person-centered approaches, 2240

Role (Counselor) [See Counselor Role]

Role Conflicts—Serials
change in role perception & role conflict & psychological health, 26–45 yr old employed mothers, 17516
construct validity of Role & Conflict Ambiguity Scales, European occupational Ss, 118
control & commitment & support, stress & role strain & health, 29–82 yr old male guardians of aged adults, 15563

dispositional & situational role variables, time- & strain- & behavior-based work–family conflict, adults (mean age 35 yrs), 35633
effectiveness & acceptability of occupational therapy guidelines to alleviate gender role strain, 27–48 yr old males with traumatic brain injury, 12550
effects of time & involvement on stressors & work-family conflict, 25–63 yr old registered nurses, implications for health of working women with family responsibilities, 12895
employment status & maternal satisfaction & motivational bases for work & home orientations via perception of role rewards & costs, 18–20 yr old female college students, 12790
ethically challenging situations & professional role conflicts & ethical vs legal liability dilemmas on the job, members of National Association of School Psychologists, 19199
global vs organization based measures of self esteem as a moderator between role stressors & psychological & physical strains, 13050
incorporating gender role strain perspective in assessing & treating cognitive distortions, men, 25052
interpersonal psychotherapy with men who experience gender role conflict, 12032
male therapists gender role conflict & client's sexual orientation & emotional expression, clinical judgments about male clients, 33–87 yr old male therapists, 9369
model of social support & work–family role conflict & time demands & involvement & satisfaction, adults who were married or had children at home, 35634
model of work–family conflict & life satisfaction & involvement, Hong Kong employees aged less than 30–50+ yrs, comparison with US employees, 35627
negotiation of multiple roles, 35–53 yr old female graduate students, 2958
parent care & hypotheses of women's multiple roles, 33776
practitioner & researcher & sex conflict dilemmas inherent in research design in which family physicians interviewed their own female patients, female practitioners , 22943
professional role & boundary violations with postdischarge social contact between 31-yr old female with history of inpatient treatment for depressive illness & psychiatric nurse, 6073
psychoeducational support group, role conflict & behavioral changes to reduce stress & cognitive restructuring & experiential outcomes, working 38–48 yr old mothers with 5–15 yr old children, 5566
relation between organizational commitment & personal interferences that conflict with work, hotel management & nonmanagement personnel, 3103
role conflict & uniform satisfaction, female collegiate golfers, 22680
sex & marital status & spousal employment & parental status, time-based & strain-based family-to-work & work-to-family interrole conflicts, adults (mean age 31.7 yrs), 7669
spousal support & coping behaviors, role stressors & interrole conflict & well-being, 30–49 yr old Hong Kong Chinese employed parents in dual-earner families, 17634
time management & perceived control of time & work–family conflict & strain outcomes of job dissatisfaction & health complaints, 19–74 yr old workers, 9617
work stressors & role strains & social support & demographics & alcohol consumption, hospitality managers, 3073
work/family role conflict & job & marital & life satisfaction, nurses & managers & social workers, 9604

Role Conflicts—Chapters

Perspectives on the family and stress in late life, 1027

Role Expectations—Serials

antecedents & outcomes & perceptions of role negotiation ability, insurance corporation employees, 16119
evolving roles of sociotherapist, hospital therapeutic community for treatment of borderline personality disorder, 35282
identity theory model for perceived expectations & parental modeling & personal norms & past behavior & role identity, predictors of intentions to donate blood vs money vs time, blood donors , 37112
interests & expectations & perceptions of scientific vs counseling practice orientations & work environment, counseling psychology graduate students (aged 24–50 yrs) vs professionals (aged 30–60 yrs), 38725
interpersonal expectations & gender responsibilities attributed to adults, male vs female 12–14 vs 15–18 yr olds, 4479
Michelangelo phenomenon, perceived partner perceptual & behavioral affirmation & self-movement toward the ideal, heterosexual individuals in dating relationships & married couples, longitudinal study, 27280
parent care & hypotheses of women's multiple roles, 33776
perceived job role boundary of subordinates, 20–31 yr old bank tellers vs their supervisors, Japan vs Hong Kong vs Australia vs US, 32375
possible selves mapping, assessment of personal & career expectations, 11–13 yr olds, 9829
predictors & impact of parentification on psychological adjustment, parents with AIDS, 11–18 yr olds, 23786
prescribed & proscribed group norms in sports teams for practices & competitions & social situations & off-season, 14–25 yr old athletes, implications for sports team dynamics, 25967
traditional vs intermediate vs liberal orientations toward marriage & family roles, adult males, 27187

Role Expectations—Chapters

Betwixt and between: Sexuality in the context of adolescent transitions, 4510
Perspectives on the family and stress in late life, 1027
Psychological ambiguities in peacekeeping, 3154

Role Models—Serials

accessibility of own highest hopes & achievements, inspiration received from outstanding role model & effect on motivation & self-evaluation, college students, 11088
attitudes of role models, urban intercity Afro-American 1st–8th graders, 17331
characteristics of clinical role models in medical education, physicians, 9370
characteristics of clinical role models in medical education, physicians, commentary , 22367
characteristics of clinical role models in medical education, physicians, commentary reply, 22370
characteristics of clinical role models in medical education, physicians, commentary, 22349
heroes & heroines as sociocultural influences on personal identity, 11–16 yr olds, England, 33643
multicultural career fair to provide career information & role models, elementary school students, 12753
parental identification & role-modeling on parenting in next generation, 21–50 yr old fathers & mothers of 5 yr olds, 7661

Role Models—Chapters

Women's and men's role models: The importance of exemplars, 16131

Role Perception—Serials

attitudes toward first-contact & coordinating role of primary care physicians & perceptions of barriers to specialty referrals, managed care patients (mean age 66.7 yrs), 31881
basis of performance appraisal process & perceptions, retail sales personnel & their managers, 38965
change in role perception & role conflict & psychological health, 26–45 yr old employed mothers, 17516
interests & expectations & perceptions of scientific vs counseling practice orientations & work environment, counseling psychology graduate students (aged 24–50 yrs) vs professionals (aged 30–60 yrs), 38725
marital satisfaction & family division of paid & domestic work & value preferences for gender division & balance of power & perceptions of equity & empathy, 2-earner couples, 4624
model of social role differentiation & group psychodynamics as shaped by role expectation & values & sex roles & hierarchy, commentary, 20833
model of social role differentiation & group psychodynamics as shaped by role expectation & values & sex roles & hierarchy, 20841
model of social role differentiation & group psychodynamics as shaped by role expectation & values & sex roles & hierarchy, commentary, 20843
perceived influence of internal & external organizational factors & personal & professional characteristics, effective leadership role, principals in independent schools, Canada, 25708
perceived role restriction & depressive symptoms, mothers of 5–8 yr olds with chronic health conditions & functional limitations, 37758
perspectives on multidisciplinary rehabilitation team & professional roles within team, multidisciplinary psychiatric rehabilitation service users (mean age 40 yrs), 19039
psychometric qualities of the French version of the Life Role Salience Scale, 18–61 yr olds, 32601
racism & ideology & role congruency & university experience, differential institutional rewards & grades, congruent vs incongruent college students, 12694
role ambiguity & situational stress, paralegal interns, 6251
role clarity & perception of their organization & occupational stress–burnout, support workers in a National Health Service trust vs charitable organization, 2729
self esteem & coping, valuation of salient roles during stressful life events, older adults (mean age 73.8 yrs), 14094
sex & anticipatory planning & work & family role characteristics, decision to retire, 58–64 yr old married full time workers, 2 yr followup, 1015
theoretical model of identity development & role perception during transition to motherhood, adult females, 33998

Role Perception—Chapters

Assessing protocols for child interviews, 36101

Role Playing—Serials

anger awareness training vs role playing, reduction of angry behavior & angry feelings, 18–28 yr old male soccer players, 35693
direct observation & self recordings & role play & provocation inventory & relaxation & cognitive techniques, anger & aggression, 28–58 yr old males with learning disabilities , 8762
early physical & psychological deprivation, children's pretend & social role play, 4 yr old UK vs Romanian adoptees, 33662
emotional & physical effects of acting out emotionally stressful psychiatric roles in context of medical education, standardized patients, 28855
imagery with rescripting & historical role play experiential methods for treatment of childhood memories linked to chronic psychopathology with early origins, cognitive behavior therapy patients, 28324
impression management & impression management demands in conversation probe role play test, paralinguistic & verbal & nonverbal social skills, outpatients with schizophrenia, 14569
partner focused reversal of roles for behavior change & increased empathy in couples therapy, 5558
pretend play & theory of mind development, 3–5 yr olds, 33630
process-play as experiential training group structure for protection from potential damage from self-disclosure, counseling students, 25599
role playing exercise to enhance student interest & stimulate discussion on insanity defense & related psychological topics, students in introductory psychology course, 32211
self psychology theory & role play in drama therapy, 2433
service & therapy of & role playing in denial in child abuse cases, 38523
videotapes of counseling sessions vs role plays with mock clients, self efficacy, students in prepracticum counseling classes, 28846

Role Playing—Chapters

Psychodramatic methods in psychotherapy, 21711

Role Satisfaction—Serials

employment status & length of maternity leave & role quality as predictors of mental health, female homemakers vs part-time vs full-time employees, 1 yr post-delivery, 4656
experience of difficulty & satisfaction in caregiving, caregivers of patients with probable dementia of the Alzheimer's type, cross national European Study, 35252
maternal role satisfaction & hostile child-rearing attitudes & child's temperament & development of depressive tendencies, mothers & their 6 yr olds, 9 yr study, 24204
role recognition & experience level, attitudes toward clients & commitment to agency, volunteer alcohol counselors, 5931
social structural variables & gender role attitudes & role qualities & psychological well being, employed vs unemployed mothers, Korea, 4655
therapeutic commitment & role security, treatment outcomes, therapists working with violent men, 38021

Role Strain [See Role Conflicts]

Role Taking—Serials

actors trained to serve as clients in early counseling graduate work, beginning counselors, 28849
common vs different perspective in task where speaker instructs hearer to set up configuration of objects, speaker text production & hearer adaptation processes, speaker/addressee dyads, 7316
empathy training program, empathy expression, 18–54 yr old couples in romantic relationships, 6-mo followup, 28352
identification with "victim" vs "perpetrator", bias in judgment of ambiguously ethical action during negotiation, college students, 14269
justification of points of view, 10–13 yr olds, 26994
necessity-sufficiency relations & content effects & perspective shifts, performance on Wason four-card selection task, college students , 23076
perspective taking ability & ethnic socialization & development of ethnic identity, Mexican American adolescents, 20600
sex & individual differences in empathy, variety & usage of transformation rules in predicting prototypic vs nonprototypic others' thoughts & feelings, 16–18 yr olds, 14015
trait personal distress & sympathy & perspective taking & social desirability, prosocial behavior, college students, 37103

Role Taking—Books

Burdened children: Theory, research, and treatment of parentification, 20727

Role Taking—Chapters

The archetype of the parentified child: A psychosomatic presence, 21496

Assessing childhood parentification: Guidelines for researchers and clinicians, 20731
Cross-sex and same-sex family alliances: Immediate and long-term effects on sons and daughters, 20730
Object relations therapy for individuals with narcissistic and masochistic parentification styles, 21760
Parentification in the context of the African American family, 20729
Parentification of siblings of children with disability or chronic disease, 21016
Student role play in the world forum: Analysis of an Arctic adventure learning apprenticeship, 992
Therapeutic rituals and rites of passage: Helping parentified children and their families, 21807
Trauma, invisibility, and loss: Multiple metaphors of parentification, 21727
Workaholic children: One method of fulfilling the parentification role, 20732
Roles [See Also Counselor Role, Parental Role, Sex Roles, Therapist Role]—Serials
adolescent marijuana use & assumption of adult roles & likelihood of later marijuana use, families with children aged 1–10 yrs followed to early adulthood, 23754
antecedents & outcomes & perceptions of role negotiation ability, insurance corporation employees, 16119
attitudes & perceptions of roles & responsibilities of mainstreaming learners of English as additional language, class teachers of English as additional language pupils, 35464
classroom intervention involving instruction in intellectual roles with vs without audience role assignments, engagement in science lessons, 4th graders, 15872
constellations of & participation in marriage & employment & grandmother & care provider & volunteer roles, depressive symptoms, 55–64 yr old African American vs White females, 34098
course to facilitate transition from group participant to group leader, postgraduate students, implications for mental health professionals, 15748
cultural importance of university & potential as trophy & weapon in culture wars & protection through historical accumulation of multiple functions & acceptance of ambiguity of cultural role, 10955
definition of scholarship in psychology & role & work of psychology faculty, 19229
demographic & parental characteristics & personality traits & participation in high school activities, choice of high school remembrance role, 9th through 12th graders, 35525
differences & interferences between self & role & ego states , 4760
dispositional & situational role variables, time- & strain- & behavior-based work–family conflict, adults (mean age 35 yrs), 35633
evolving role of physicians in humanitarian relief activities & mental health effects of war & recent documentation of health consequences of human rights violations, 32157
gender composition of formal vs informal mentorship, mentoring functions & career outcome, proteges & mentors in 3 professions, 32350
gender, adolescent to adult role transitions & perceptions of family solidarity, 19–55 yr old grandchildren followed from 1971–94, 30128
graduate education for practice & research in psychology & changing roles of professional psychologists, 12599
illness course & symptoms & role restriction as social & cultural dimensions of chronic illness, job performance & loss, 27–72 yr olds with chronic fatigue syndrome, 3 mo study, commentary, 14892
influence of analyst's expectations of patient & attitudes toward analytic role on patient's part in mutative process of psychoanalysis, male patient in his 30s & analyst, 28361
mediator neutrality in divorce mediation, 34 yr old male & 30 yr old female divorcing spouses, 32550
needs & preferred roles & style of supervision, school counselors with various experience levels, 38724
negotiation of multiple roles, 35–53 yr old female graduate students, 2958
organizational practices, development of role breadth self-efficacy, 16–69 yr old employees, 9609
parental alienation syndrome in custody litigation & role of mediators, 39096
personal & interpersonal family functioning & role of grandparents, families with deaf children, 5449
prediction of transient mood in transference from interpersonal role with significant other & congruence vs incongruence with new person role, college students, 30394
profiles of grandmothers & their caregiving behavior & other social roles, nationally representative US sample, 1137
research & activities & income & limits on membership privileges, psychologists on staff at medical schools, 15767
role in conflict resolution & as cultural healer & border crosser, Hmong bilingual assistant & community liaison for elementary school, 38866
role of clinical nurse specialist vs nurse practitioner & nature & direction of change in advanced practice psychiatric nursing, 25496
role of neuropsychiatric pharmacist in provision of antipsychotic drug therapy, 38651
self-concept profiles & social behavior & participant roles in bullying situations, 14–15 yr olds, 963
Roles [See Also Counselor Role, Parental Role, Sex Roles, Therapist Role]—Chapters
Adjusting to role loss and leisure in later life, 30269
The dialogic writing conference: Negotiating and predicting the role of author, 15951
Divergent cultural models of child rearing and pedagogy in Japanese preschools, 14068

Pair bonds as attachments: Evaluating the evidence, 20467
Rejection sensitivity and adolescent romantic relationships, 36847
Romantic and sexual relationship development during adolescence, 36861
Romantic relationships in adolescence: The role of friends and peers in their emergence and development, 36844
What's love got to do with it? Adolescents' and young adults' beliefs about sexual and romantic relationships, 36851
"You're going out with who?": Peer group influences on adolescent romantic relationships, 36840
Romania—Serials
attitudes toward particular acts of political expression & tolerance of right of ethnic 'Hungarians in Romania' vs 'people in Romania' to engage in those same acts, Romanian adults , 1159
psychohistorical perspectives on Romanian culture & family relations & childrearing & mythology & effects of politics on national identity, 30296
Romania—Chapters
Intercultural pedagogy as an alternative to a monoculturally oriented education: The case of Romania, 2894
Roommates—Serials
personality similarity & conflict, female college roommates, 11121
Rorschach Test—Serials
analysis of current state of Rorschach assessment, 19606
attitudes toward & use of Rorschach test & evidence for reliability & validity & diagnostic efficiency & incremental validity & decision making &/or treatment outcome improvement, health professionals, 29370
average reliability & stability & validity, MMPI & WAIS & Rorschach test, meta analysis, commentary reply, 22863
average reliability & stability & validity, MMPI & WAIS & Rorschach test, meta analysis, commentary reply, 22874
calculations of percentage agreement & phi & kappa & Pearson's r for standardized estimation of Rorschach interrater agreement, 22928
core & asocial & emotionally reactive subgroups of borderline personality disorder as identified by Rorschach, psychiatric patients (mean age 25.1 yrs), 32640
criteria for defining role of complex character-response styles in convergent validity of MMPI and Rorschach scales, 17–72 yr psychiatric & medical patients, 16346
criterion-related validity evidence for Rorschach test & MMPI, 30568
hermeneutic vs scientific approach toward Rorschach assessment & reliability & validity of Rorschach instrument resulting from both approaches , 19590
introduction to journal's special section on strengths & limitations of Rorschach test for assessment in applied clinical settings, 29382
level of self-concern assessed by & effect of associated psychological pathology on Rorschach Egocentricity Index, 18–38 yr olds with intellectual disability, 1874
method for calculating response segment chance agreement & kappa coefficients in determining interrater reliability for scoring Rorschach Comprehensive System, psychiatric patients & nonpatients, 22934

methodological issues in interpersonal relatedness variables & validity & diagnostic efficiency of Rorschach Test, commentary, 24050
methodological issues in interpersonal relatedness variables & validity & diagnostic efficiency of Rorschach Test, errata, 35913
methods for investigating incremental validity of Rorschach variable ego impairment, implications for application to evaluation of other Rorschach variables, 30609
relationship of 6 Rorschach aggression variables to DSM-IV Cluster B personality disorders & anger & aggression & antisocial behavior measures from MMPI-2, outpatients with personality disorders, 16333
relevance of Rorschach test data in clinical assessment & advantages to use of Rorschach when interest is focused on unconscious & longitudinal & structural dimensions of client functioning, 29397
reliability & validity & diagnostic efficiency of the Rorschach Schizophrenia Index, patients with DSM-IV diagnosed schizophrenia or other psychotic disorder vs other personality disorders, 3317
Rorschach analysis of DSM-IV Borderline Personality Disorder, outpatients with personality disorders, 21218
Rorschach test responses, alcoholic male inpatients with borderline personality disorder (mean age 32.3 yrs) vs mixed personality disorder (mean age 35.6 yrs), 27488
Rorschach test scores, detection of minimization of psychopathology, 20–78 yr old male cleric vs noncleric alleged sex offenders, 6638
Rorschach variables, 13–17 yr old males with conduct disorder with vs without psychopathy, erratum, 8291
use of Rorschach blots to assess patient analyzability, 15245
use of Rorschach to assess playfulness & playfulness as indicator of psychological health, 22866
utility of combined aggressive movement & cooperative movement scores as Rorschach index of malevolence, 6–15 yr old sexually abused vs nonabused females, 29386
utility of Rorschach test in applied psychology, 29398

Rorschach Test—Books

Disordered thinking and the Rorschach: Theory, research, and differential diagnosis, 29400

Rorschach Test—Chapters

Relationship between the Karp Inkblot Response Questionnaire and the Rorschach Schizophrenia Index, 29344
Relationships between the Draw-A-Person Questionnaire and the Rorschach Schizophrenia Index, 29350
Rorschach Inkblot Method, 26192
The Rorschach: Measurement concepts and issues of validity, 9856

Rotary Pursuit—Serials

head rotational behavior & perceptual motor processes in auditory localization & rotary tracking & pursuit, cats, 23174

Rotational Behavior—Serials

6,7-di-nitroquinoxaline-2,3-dione & muscimol & MK-801, intrastriatal glutaric acid induced rotational behavior & convulsions, male rats, 4199
body orientation & gravity, vestibulo-ocular reflex in darkness & visual-vestibular interaction in pitch plane, 24–50 yr olds, 19717
earth horizontal & vertical passive sinusoidal body roll, torsional eye movements & role of otolith organs, 28–37 year olds, 19726
field size vs velocity vs visual fixation, perception of self-body rotation & tilt, 18–51 yr olds, 23000
head rotational behavior & perceptual motor processes in auditory localization & rotary tracking & pursuit, cats, 23174
presence vs absence of actual rotation during acceleration of visual scene, illusory self-tilt & self-motion, 24–60 yr olds, 23007
repeated low-dose apomorphine challenges at varying temporal ranges of administration, variability of rotational behavior, male rats, 10549
role of NMDA glutamate receptors in priming of D2 dopamine-mediated rotational behavior & striatal Fos expression, 6-hyroxydopamine lesioned male rats, implications for Parkinsons disease, 29843

ROTC Students—Serials

democratic maturity & self fulfillment, 14–20 yr old JROTC cadets, 13997

Rote Learning—Chapters

On the status of the count–mass distinction in a mental grammar, 303

RT (Response) [See Reaction Time]

Rubella—Serials

externalizing & internalizing & self-esteem & neuroticism, prediction of antibody titer & fatigue, sero-positive vs -negative females (mean age 12.4 yrs) prior to & 10 wks post rubella vaccination, 38368

Rule Learning [See Cognitive Hypothesis Testing]

Rumors [See Gossip]

Runaway Behavior—Serials

characteristics of youth who run away from caregivers, 12–15 yr olds in child protective service care, 25437
drug use patterns, sexual & injection related HIV risk behaviors, runaway or homeless or street youth, 5077
effects of Aggression Replacement Training, antisocial behavior, male vs female 11–17 yr olds in a runaway shelter, 28339
influence of parenting style & home background on running away from home, Cameroon street children, 18108
service utilization patterns, homeless & runaway Black & White & Hispanic & Asian 13–23 yr olds, erratum & reprint, 25433
social networks & characteristics associated with risky behaviors, runaway & homeless 14–21 yr olds, 14002
sociodemographic & familial & victimization & peer & externalizing & internalizing behavior factors in prediction of suicidal behavior, homeless & runaway 12–21 yr olds, 21277
sociodemographics & family problems & victimization & internalizing & externalizing & attempted suicide & suicidal ideation, homeless & runaway 12–21 yr olds, application of life course theory, 8296

Runaway Behavior—Books

Nowhere to grow: Homeless and runaway adolescents and their families, 27830

Running—Serials

95 vs 85 vs 75% normal body weight due to food deprivation & 15 vs 60 s variable interval reinforcement, degree of within-session wheel running, rats, implications for activity-based anorexia, 23216
associative & dissociative cognitive strategies in exercise & running, comment, 25953
biofeedback & relaxation, submaximal oxygen consumption & running economy, trained long distance runners, 12 wk study, 32405
chronic voluntary running & naloxone, nerve growth factor & orphan receptor mRNA levels, addiction-prone Lewis vs Fischer male rats, 26863
electro-acupuncture & running, blood pressure & heart rate & nociceptive thresholds, rats, 7008
kainic acid induced ventromedial nucleus of the hypothalamus lesions, excessive running & stomach ulceration under activity–stress paradigm, 6 wk old male rats, 26707
physical fitness levels, 15–43 yr old trained runners with vs without mild mental retardation, 18162
power of individual anaerobic threshold & other physiological parameters to predict performance in competition distances, long distance runners, 606
running with vs without external nasal dilator strip, ratings of perceived exertion, adults, 3520
thoughts & feelings & perceived exertion during prolonged maximal run, physiological responses, well-trained male runners (mean age 32.36 yrs) who finished vs did not finish running task, 7145
wheel running activity, period of circadian rhythms, mice with neurotoxic 5-HT lesions of suprachiasmatic nucleus, 499

Runways (Maze) [See Maze Pathways]

Rural Development [See Community Development]

Rural Environments—Serials

activities of daily living & apathy & subjective well-being, rural elderly, Japan, 33718
adaptation of existing social skills behavioral therapy for rural populations including development of manual & supervision & training of therapists, rural drug users & drug dependents, 19068
age & sex, risk factors for suicide attempts, rural adults, Spain, 30930
alcohol sales & incidences of offensive behavior or property damage, 15+ yr olds in metropolitan vs rural areas, Australia, 20813
attitudes toward & perceptions of wilderness, rural vs urban adults, 16230
attitudes toward attempted & completed suicide & perceived causes of suicide, Muslim vs Christian rural community residents, Ethiopia, 34249
awareness & attitudes toward mental disorders & help-seeking sources & practices, 30–83 yr old rural community residents, Ethiopia, 35113
barriers to developing consumer-oriented mental health programs in rural areas & self-help model as service delivery alternative, mental health clients, 31940
behavioral & social & economic factors, decline of rural Midwestern communities, 14122
cognitive & social & environmental & demographic predictors of health promoting behaviors, 16–19 yr old rural African American & white females, 2499
costs of treating physical problems & depression, rural residents with depression, 1 yr followup, 38513
demographic & psychiatric characteristics, 60–96 yr old geropsychiatric inpatients from rural vs urban settings, 36899
demographic differences & efficacy of standard & innovative HIV prevention interventions, crack cocaine-using rural vs urban females, 18875
demographic factors & life events related to self-reported depressive symptoms, 12–19 yr olds in rural environments, 11374
drug use & HIV risk behaviors, drug using migrant farm workers (mean age 35 yrs) on DelMarVa Peninsula, 18058
educational intervention, geriatric assessment practice, rural nurses & non-physician health care professionals, 9313
factors associated with gang involvement, rural vs urban 7th–12th graders, 11666
factors influencing potential for abusive parenting, 18–39 rural mothers of low-birth-weight children, 18012
feasibility of telepsychiatry system to link psychiatrists to patients at rural community mental health center, commentary reply, 12427
feasibility of telepsychiatry system to link psychiatrists with patients at rural community mental health center, commentary, 12388
feasibility of telepsychiatry system to link psychiatrists with patients at rural community mental health center, 2587
feasibility of telepsychiatry system to link psychiatrists with patients at rural community mental health center, commentary, 12423
feasibility of telepsychiatry system to link psychiatrists with patients at rural community mental health center, commentary, 12425
frequency of use of corporal punishment in everyday situations, rural low-income 1st-time young mothers of toddlers, 27201
health & health care access problems in rural areas, Blacks & Hispanics, 22144
health & psychosocial concerns & risk behaviors, rural 9th–11th graders, 23779
health concerns for community &/or nation/state, urban vs rural 18–102 yr olds, implications for community & regional health planning, 22079
higher vs lower density areas, attitudes & behaviors regarding substance use, respondents (mean age 45 yrs) from rural Kentucky counties, 17541
HIV risk factors, rural patients (mean age 39.6 yrs) vs urban patients (mean age 40.3 yrs) with severe mental illness, 17811
implementation of Onward to Excellence & its impact on student achievement, elementary vs middle vs high schools in rural & high-poverty areas, 5 yr study, 25773
in depth education program, cost of analgesic & adjuvant medications used for pain management by rural patients with cancer, nurses, 9317
information about practicing & problems specific to social work group practice in rural communities, rural social workers practicing group work & social work educators, educational implications, 15531
level of acculturation & rural vs urban residence, caregiver stress, 18–85 yr old Mexican American vs European American , 31981
lifetime suicide attempts & age at 1st attempt & methods & causes & associated demographic characteristics, rural community residents aged 15 yrs & over, Ethiopia, 34250
living arrangements & social support & crack cocaine use, 18–76 yr old rural migrant workers & their sexual partners, 18085
mental health care needs & ethical dilemmas, rural residents with mental illness & substance abuse, 18929
model of intermittent psychiatric service delivery to rural & remote communities by metropolitan psychiatrists & mental health professionals, clients with mental disorders, Australia, 31955
mother & infant characteristics, negative emotionality & positive social behavior, 4 mo olds in rural Appalachia, 9 mo study, 7508
narrative account of teaching students to gather research on homelessness in locales of rural Iowa, 10964
nature & extent of urban vs rural differences in self-reported drinking & driving, 17–19 yr olds, 11078
opportunity for HIV/AIDS prevention in criminal justice & drug treatment settings, drug users (mean age 36 yrs) in rural Kentucky, 18858
patterns of marijuana use & other illegal drugs, adult rural vs urban drug abusers, 5090
perceived clinic support & attitude toward immunization as predictors of childhood immunization completion, mothers of children 20–26 mo old living in rural area , 21651
perception of barriers to adequate nutrition for elders in rural environments, health & social & nutrition service experts & ministers, 4514
perceptions of healthy community, residents of rural areas, 1256
perspectives on participation in intergenerational program in rural community, seniors & volunteers & family members, 25430

predisposing & enabling & need factors & use of cardiac rehabilitation services, adults in rural areas hospitalized for myocardial infarction or coronary artery bypass or angioplasty, 5908
prevalence & sociodemographic correlates of problem drinking, rural community residents, Ethiopia, 34338
prevalence and sociodemographic correlates of khat chewing, rural community residents, Ethiopia, 33847
prevalence of major mental disorders & substance dependence & associated sociodemographic characteristics, rural residents aged 15 yrs & over, Ethiopia, 34027
prevalence of spouse abuse, low income Hispanic female patients in rural health environments, 1735
prevalence of undernutrition & food insecurity & barriers to security & participation in government programs, government nutrition policies, 65 yr olds & older in rural Appalachia, 20662
procedures used & services for rural telepsychiatry clinic, severely disturbed children & adolescents, 12398
psychiatric practice & ethics & boundary & self-disclosure issues in rural community, 19193
psychological concerns about space & crowding, rural students from high vs low density populations, 27067
psychosocial & behavioral factors, high-risk sexual behavior, 20–58 yr olds with HIV/AIDS in rural areas, 31125
public opinion & knowledge of child sexual abuse & abuse reporting in rural community, 19–60+ yr olds of varying demographic characteristics, 24391
public opinion about condoms for HIV prevention, 18–65+ yr olds from rural state, 1993–1998, 31846
readiness for drug use prevention, rural minority communities, 19075
receipt of outpatient or inpatient treatment & suicidality, depressed 18–86 yr olds from rural vs urban areas, 1 yr followup, 5846
recommendations for urban & rural drug use & user research & practice , 18064
relationship between exercise & behavioral indicators of nutritional risk, older adults living in rural areas (mean age 75.5 yrs), 18877
risk & protective factors & psychopathology, rural American Indian vs White 12–17 yr old males vs females, implications for risk reduction interventions, 30611
risk behaviors, rural vs urban vs suburban adolescents, late 1980s to 1996, 24410
risk of developing eating disorders, 6th–10th grade male vs female students in Appalachia , 18183
role & significance & effectiveness of co-cooperation clustering, small primary schools in rural areas across England & Wales, 2870
rural & urban differences in predictors of health services use & longitudinal course of drinking, problems drinkers (mean age 32.1 yrs) from 6 southern states, 18030
school & individual factors, contextual model of adolescent alcohol use, 6–12th graders from rural & urban Kentucky counties, 17544
self-reported drug use in rural Alaskan villages, Native Alaskan key informants & preschool parents of Head Start students, 1990–95, 17547
sex, differences in drug use, rural vs urban 12th graders, 18041
sociodemographic characteristics & drug-using behaviors & HIV risk & HIV seroprevalence, chronic drug users from rural vs urban areas in Florida, 18310
sources of stress & symptoms of burnout, rural vs urban secondary school teachers, 32180
telephone-delivered coping intervention for persons living with HIV/AIDS in rural areas, 24909
treatment seeking behaviors, high risk out of treatment injection drug users & crack smokers from urban vs rural Florida, 19040
TV viewing, construction of reality & social & cultural perceptions & activities, rural residents, Brazil, 1106
use of culturally sensitive survey research methods to discover the perspectives of access to local health care services of rural frontier residents, implications for nursing & health care research, 22150
use of long guns in murder in more rural states with more licensed hunters, 5130
use of Mood Module of Primary Care Evaluation of Mental Disorders screening instrument for detection of depression, 19–69 yr old patients in low income rural areas, 22877
validity of Mini Mental State Examination assessment of cognitive functioning & impairments, 60+ yr old Hispanics vs Whites living in rural areas, 32594

Rural Environments—Chapters

Integrating learning technology into the liberal arts tradition, 25756

Rwanda—Serials

prosecution of gender-related crimes in Rwanda, 9722

Saccadic Eye Movements [See Eye Movements]

Saccharin—Serials

absolute vs relative rewarding properties of fructose vs glucose vs saccharin mixtures, effectiveness in producing anticipatory contrast, rats, 26467
dopamine D1 receptor agonists, ethanol & saccharin self-administration vs grooming & locomotor activity, rats, implications for efficacy of dopamine receptor agonists in treatment of alcohol abuse, 13705
drinking & responding for ethanol & saccharin during limited-access conditions, alcohol-preferring rats, 33464
ethanol consumption as measure of saccharin–ethanol reciprocal-selection reliability, rats selectively bred for high vs low saccharin intake, 655
nitric oxide synthase inhibitor L-NAME vs inactive isomer D-NAME, saccharin vs water drinking in 2-bottle choice test, saccharin preferring water-deprived male rats, 33383
pretreatment with & administration of naltrexone, reinforcing effects of oral ethanol & phencyclidine & saccharin & food, male rhesus monkeys, implications for role of opioid reinforcement mechanisms, 10650
saccharin drinking behavior & locomotor activity & long-term alcohol self-administration, male rats, 30018

SAD [See Seasonal Affective Disorder]

Sadism—Serials

evil & sadism & sensational thrills & threatened egotism, 37441
level of sadism, psychopathic vs nonpsychopathic male inmates who committed violent vs sexually violent crimes, 18107
sadistic personality disorder & other personality disorders & sexual sadism, 20–73 male sex offenders, 24362

Sadness—Serials

age differences, sadness as symptom of depression, community dwelling under 65 yr olds vs over 65 yr olds, 1981 vs 94, 17864
amygdala & orbitofrontal cortex response to sad & angry facial expression, adult males, 29769
facial parts in recognition of smiling vs sad human faces, Japanese monkeys vs humans, 6948
happiness vs sadness & dimensional vs hierarchical bipolar models of positive vs negative affect, college students, 30526
happiness vs sadness & dimensional vs hierarchical bipolar models of positive vs negative affect, college students, commentary reply, 30527
happiness vs sadness & dimensional vs hierarchical bipolar models of positive vs negative affect, college students, commentary reply, 30499
intentional & unintentional expression of emotional states in drawings of 'funny' or 'sad' scenes, 21–63 yr olds hospitalized for depression , 8112
intentional & unintentional expression of emotional states in drawings of 'funny' or 'sad' scenes, 21–63 yr olds hospitalized for depression, erratum , 14493
motivational influences of sadness & reward replacement vs anxiety & uncertainty reduction on gambling & job selection decision processes in college students, 27392
sad vs happy mood, strategies for & politeness in risky & unconventional requests, college students, 24015

Sadomasochism [See Also Masochism, Sadism]—Serials

cooperation & compliance & theory interrelation & sadomasochistic transference–countertransference field between analyst & patient, 12128
psychoanalytic contribution to the understanding of violence & distinction between self-preservative & sadomasochistic violence, commentary reply, 24060
psychoanalytic contribution to understanding of violence & distinction between self-preservative & sado-masochistic violence, commentary, 24065
sex & sadomasochistic arousal, college students, 5016

Sadomasochistic Personality—Serials

history of therapeutic alliance concept in psychoanalysis & its application to patient with sadomasochistic pathology, 4813

Safety [See Also Aviation Safety, Highway Safety, Occupational Safety, Water Safety]—Serials

assessment of safety & pharmacokinetics & biological activity of enlimomab administration & dosages, 29–88 yr old hospitalized patients with acute stroke, 5669
behaviors during unannounced emergency evacuation, learning disabled residents living in community care homes, 15582
creation & operation of feminist-oriented college campus advisors' network to promote safe environment for reporting of sexual harassment, complainants & complaint receivers, 35571
detection of relevant changes in traffic circumstances & anticipatory responses to decelerations of lead cars during driving simulation, drivers, 12985
determinants of sexual partner safety assessment & high-risk sexual encounters, 18–60 yr olds attending sexually transmitted disease clinic, 37756
effectiveness of parent volunteers in promoting development of road crossing skills, 5 yr olds, 7441
efficacy & safety of 15 vs 20 mg eptastigmine, 52–90 yr old Alzheimer's disease patients, 15302
ethical patterns of fairness perception, safety & health risks & pricing of goods & services in marketing setting, Canadian vs American vs Chinese business students, 25989
evaluation of Project SafeCare home safety & accident prevention training component, parents referred for child neglect , 38531
factor structure & internal consistency of Inviting School Safety Survey, examination of violence & perception of school environment & safety, high school students (mean age 15.8 yrs) , 32300
guidelines for researcher safety in field research, 16428
inter-rater reliability of Westmead Home Safety Assessment when used during home visits, occupational therapists, 16298
leader–member exchange & perceived organizational support & safety communication & safety commitment & accidents, supervisor–group-leader dyads in manufacturing facility, 22676
model of personal safety & other environmental concerns, sense of control & emotional well being, college students, 9704
model of psychological safety perceptions & learning behavior, work teams, 32387
nonstudent dangers & the responsibility of colleges & universities to provide a safe environment for members of campus community, 19219
probabilistic applications in structural specification in construction industry, 6412
product information on potential injury severity vs injury likelihood, hazard-risk judgments & warning compliance, college students , 35749
relocation from subsidized developments, feeling of safety, families from distressed areas, 9701
review of external adverse events to human Ss in drug research & response to expanding workload of IND safety reports, university medical center institutional review board, 32156
role of information sources & Risk Homeostasis Theory in risk perceptions & performance of risky & protective behaviors before & after Michelangelo virus trigger date, computer users, 11233
safety & effectiveness & side effects of paroxetine, 8–17 yr olds with obsessive-compulsive disorder, 35015
safety & efficacy of & responses to lamotrigine, adult patients with bipolar disorder inadequately responsive to or intolerant of prior pharmacotherapy, 48 wk prospective trial study, 27585
safety & efficacy of 20- vs 80-mg/d nalmefene treatment, alcohol-dependent outpatients, 31677
safety & efficacy of ECT, patients (mean age 55 yrs) with closed head injury treated for psychiatric symptoms, 12259
safety & efficacy of venlafaxine vs paroxetine, 21.9–61.7 yr old patients with treatment-resistant depression, 28479
safety & side-effects of & reasons for terminating treatment with risperidone prescribed by general practitioners, patients aged 10 yrs or younger to 90 yrs or older, 5650
safety & tolerability of add-on therapy with fluvoxamine to clozapine monotherapy, 18–46 yr olds with schizophrenia or delusional disorder, 35028
safety-seeking behaviors, anxiety, patients with panic disorder & agoraphobia, 21191
use of procedures & rules & regulations & organizational control to restrict hazardous environments in companies, 9646
vehicle-based driving simulation showing risk probability in terms of safety margin of time headway vs kinetic energy, young & low-experienced male drivers, 3203

Safety [See Also Aviation Safety, Highway Safety, Occupational Safety, Water Safety]—Books

Life after trauma: A workbook for healing, 21010

Safety [See Also Aviation Safety, Highway Safety, Occupational Safety, Water Safety]—Chapters

Workplace safety, drug testing, and the role of the EAP professional, 25868

Safety Belts—Serials

effectiveness of clinical & community health promotion programs to increase motor vehicle occupant seat belt or car seat use by children under age 5, 16242
evaluations of the impact of primary and secondary enforced motor vehicle occupant restraint laws, seat belt use & crash-related mortality & injuries, 16249
predictors of safety belt use among crash-involved drivers & front seat passengers, adjustment for over-reporting of belt use rate & comparison with police-reported crash data, 35771
seatbelt use & belief in destiny, Hispanic vs non-Hispanic drivers, implications for health interventions, 12971

socioeconomic & ethnic differences in seat belt use, African American & Hispanic American & white students in inner-city vs middle-class vs private high schools, test of social influences hypotheses, 29233
Safety Devices [See Also Safety Belts]—Serials
ability to localize sound in frontal vs lateral conditions while wearing protective headgear, active duty or reserve soldiers & adults, 26374
application of health promotion model to intervention program for hearing protection devices usage, workers, 18873
chemical-biological warfare masks, near-field speech intelligibility, adults, 32412
culture & driving behaviors & knowledge of driving laws & safety device usage, 17–49 yr old Hispanic migrant farm workers, 16251
effect of cycle helmet wearing on hospitalized head injuries, 5–12 vs 13–18 vs 19 yr olds & older involved in motor vs nonmotor vehicle crashes, New Zealand, 35773
institution of security paging code when patient has loaded firearm, medical center psychiatric emergency department, 15590
knowledge of & attitudes toward vehicle airbags & mandatory airbag law, 16–65+ yr olds, 26011
noise survey of Black Hawk helicopters & adequacy of hearing protection devices for hearing conservation, Army pilots, 10071
waking sound system, immediate & long-term self-reported changes in wakefulness, 30–60 yr old male lorry drivers, implications for driver drowsiness & road safety, 29230
Safety Warnings [See Warnings]
Salamanders—Serials
corticosterone, clasping responses & reticulospinal & medullary neuronal activity, male newts, 7250
Salaries—Serials
business process reengineering in beverage & food distribution company, job worth based on accountability & know-how & problem solving, college student raters, 9637
career & salary expectations, male vs female college freshmen vs seniors, 2948
cigarette smoking & illicit drug use & compensating wage differentials for risk of job-related death, workers, 3132
comparability of rewards for research productivity, male vs female doctoral-level biochemists & earth scientists & physicists & physiologists, 1970s, 6288
economic & employment & academic & demographic statistics for 1997 doctorate recipients in psychology, 25578
employment characteristics & salaries, psychologist in medical schools & academic health centers , 32093
intrinsic vs extrinsic reward orientation & commission vs compensation based compensation plan, motivation to work under task difficulty vs nonchallenging job environment, sales personnel, 3067
mentoring & race, salary & promotion & job satisfaction, White women vs Black women, 35629
meta-analysis on relationship between salary & grade, workers, 9591
pay dispersion, individual & organizational performance, baseball players on major league teams, 12806
positive & negative affect, multi-dimensional pay satisfaction, 22–54 yr old full- & part-time employees, 22623
procedural justice models & perceptions of fairness of pay procedures, government personnel, 25909
relation of job risk & wages & tobacco smoking & other risk- taking behavior, 18–65 yr olds, 4696
satisfaction with pay & co-workers, male vs female university faculty vs staff members, 38996
sex & age, pay expectations, 3rd–5th & 8th–10th & college students, 924
sex, career progress & development of mentoring relationships & salary attainment, African-American graduates of historically Black university, 9574
time-worked vs performance-contingent pay systems & work monotony, emotional distress, blue-collar workers, 35611
trends in employment & wages, cardiovascular vs mental vs musculoskeletal vs respiratory vs sensory vs other disabled workers, 1984 vs 1990, implications for Americans with Disabilities Act, 17752
voluntary retirement & flexibility & financial reward, attitudes toward bridge employment decision, workers 50 yrs or older , 38998
Salaries—Chapters
Basic skills and the Black–White earnings gap, 3031
Compensating work, 3071
Managerial discretion, compensation strategy, and firm performance: The case for the ownership structure, 29111
Toward understanding attitudes to pay systems: Cultural, socio-psychological, economic, and organizational influences, 29127
Sales Personnel—Serials
comparison of structural models representing turnover cognitions, sales personnel, 3090
customer perception of salesperson's affect towards customers, persuasiveness of salesperson, college students, 12921
goal orientation & self-regulation tactics & sales performance, salespeople (mean age 38.63 yrs), 22600
integrative review & meta-analysis & model of customer trust in salespeople, 9685
intrinsic vs extrinsic reward orientation & commission vs compensation based compensation plan, motivation to work under task difficulty vs nonchallenging job environment, sales personnel, 3067
methods of acquiring cigarettes & factors associated with requests for proof of age, 11–16 yr olds, 36802
perceived social & functional benefits of relationship with retail clothing salesperson, salesperson & company loyalty & satisfaction & word of mouth & share of clothing purchases, customers, 25994
simple vs complex decision process in selling, decision making outcomes, 24–68 yr old high- vs low-performance salespersons, 32377
stressful incidents at work, clerical workers vs university professors vs sales associates, 12848
workplace evaluation & management of vision related problems on job, 45 yr old female grocery clerk with retinitis pigmentosa, 15675
Sales Personnel—Chapters
Tacit knowledge in sales, 16048
Salience (Stimulus) [See Stimulus Salience]
Saliva—Serials
alcohol abuse, serum & sialic acid levels in urine & saliva as biological markers, social drinkers vs alcoholics, 27875
description of immunoassay for salivary testosterone levels, 8–12 yr olds & adults, implications for research on testosterone–behavior relationship, 14008
growth of salivary lactobacilli, 55 yr olds with depressive symptoms, 30649
harassment, cardiovascular and salivary cortisol stress reactivity and recovery, 18–33 yr old males vs females, 10512
headspace gas chromatography vs breath & saliva & urine tests, venous blood alcohol concentrations, chronic alcoholics, 37549
oral yeast, ethanol acetaldehyde production in oral cavity saliva, implications for microbial pathogenetic factor in oral cavity cancer, 34377
precision & external validity & sensitivity to developmental & gender & diurnal differences of radioimmunoassay method for assessing dehydroepiandrosterone in saliva, 8–11 vs 12–17 vs 30–45 yr olds, 22942
vicarious experience of favorite sports team victory vs loss, salivary testosterone, 21–40 yr old males, 4021
Salivary Glands—Serials
clozapine-induced parotitis, 49 yr old female with chronic bipolar disorder, 15342
salivary gland enlargement & serum amylase, 18–45 yr old females with bulima nervosa, 21421
Salivation—Serials
atropine eye drops, clozapine-induced hypersalivation, schizophrenic patients, 21860
heart rate & salivation & eating & craving & negative affect, 20–70 yr old female self-reported chocolate addicts, 11304
psychoactive drugs, salivation, psychiatric patients, 25225
salivary reactivity vs self-report measures of urge to drink & negative mood, 19–63 yr old male alcoholics, 27839
Saltiness [See Taste Perception]
Sample Size—Serials
accuracy of I. Olkin & J. D.Finn's approaches for comparing squared multiple correlation coefficients for various sample sizes, 9955
auto-verification in social hypothesis-testing approach to stereotyping & sample size, college students, 27367
behavior therapy benefits from use of single-case research practices, 32754
computer program for evaluating adequacy of sample size & power for comparison of independent proportions in "negative" trials, 3405
data monitoring vs traditional approaches & cost & correction , 6683
frequency-distribution vs sampling-distribution versions of sample-size tasks, variations in task solution rate, college students, 6722
maximum likelihood estimator & asymptotically distribution free based test statistics, structural equation modeling of nonnormal multivariate data with small sample sizes & distribution conditions , 32731
sample size & estimation method & model specification, structural equation modeling fit indexes, 9964
small sample bias & range as a factor determining information of loudness judgments in identification of pure tones at a single frequency, 18–52 yr olds, 3507
theoretical & mathematical framework for understanding effect of sample size on factor analysis solutions, 9970
Sampling (Experimental) [See Also Biased Sampling, Random Sampling]—Serials
bias introduced through nonrandomly selected research data & methods to assess uncertainty & make inferences, 29457
clinical utility of Profile of Mood States with standardization samples, 18–94 yr old normal vs 55–94 yr geriatric samples, 11222
complex sampling design, estimation of mixture models, 6545
issues in sampling & response rates & pretesting & interviewing & questionnaire design & response bias in survey research, 13155
loss of power & adaptation of statistics for use of partial information to increase power & ways of obtaining partial information in longitudinal studies, 26264
sampling issues related to health-related research with lesbians, 20788
sequential assignment & treatment-as-usual as alternative methods to implementation of random assignment in psychosocial intervention evaluation research, 16434
standard errors of test scores using bootstrap vs half-sample replication resampling methods in large-scale science curriculum assessments, 3390
steps & types of sampling & generalizing results & external validity of study, 29454
stimulus sampling & social psychological experimentation, undergraduate & graduate students & psychology faculty, 32763
utility of methods for obtaining probability samples & sample characteristics & differences, homeless 18–71 yr olds from Buffalo vs Detroit, 9999
Sampling (Experimental) [See Also Biased Sampling, Random Sampling]—Chapters
Conceptual and methodological issues in developmental psychopathology research, 11308
Focus chapter: **Research methods in community-based treatment and prevention, 12467**
Focus chapter: **Research methods with couples, 11024**
Focus chapter: **Research methods with older adults, 10938**
Methodological challenges in cross-national research: Countries, participants, and general procedures, 10005
Sarcomas [See Neoplasms]
SAT [See Coll Ent Exam Bd Scholastic Apt Test]
Satiation—Serials
benzalkonium chloride, small intestine & its functioning & satiety & discomfort associated with distention of gut, male rats surgically prepared with Thiry-Vella intestinal loop, 4227
cholecystokinin &/vs 8-OH-DPAT, ethanol intake satiety, water-deprived rats, 696
clonidine, food intake & hunger & satiety & sedation, healthy 21–30 yr olds, 647
consumption of soup preload with maltodextrin, food intake & hunger & fullness ratings during lunch, male 20–28 yr olds, 4086
duodenal infusion of fat vs sucrose while ingesting fat vs carbohydrate, suppression of food intake, male rats, 4037
duodenal infusion of fats, satiation in small intestine during sham feedings, obesity-resistant vs obesity-prone rat strains, 23422
galactose & glucose & fructose postingestive flavor conditioning & satiation, food-restricted female rats, lactose intolerance implications, 33037
genetic abnormalities & satiety & hypothalamic function in excessive eating behavior, patients with Prader Willi syndrome , 1935
lesions of central noradrenergic system, effect of sexual motivation on sexual exhaustion, male rats, implications for Coolidge effect, 13582
local injections of adrenaline vs noradrenaline into paraventricular nucleus & other anterior hypothalamic regions, feeding behavior, satiated pigeons, 4163
maintenance on high- vs low-fat diets, sensitivity to satiating effects of cholecystokinin & bombesin, rats, 645
ovarian cycling & exogenous estradiol, cholecystokinin satiety-signalling system, intact & ovariectomized female rats, 33313
palatability of food, satiation & satiety & food intake, healthy 18–26 yr olds, 23005
satiating action of endogenous cholecystokinin, food intake & meal size during estrus, female rats, 33318
satiation effects of gastrointestinal tract stimulation vs postingestional stimulation on water vs saline drinking & licking behavior, water-deprived male rats, 29751
satiation vs habituation responses to repeatedly presented reinforcers, implications for research, 333

Satisfaction [See Also Client Satisfaction, Consumer Satisfaction, Job Satisfaction, Life Satisfaction, Marital Satisfaction, Need Satisfaction, Role Satisfaction, Sexual Satisfaction]—Serials
accessibility of internal working models of self & relationship to expectations for satisfaction in future relationship, female undergraduates, implications for cognitive view of attachment, 14284
achivement motivation & autonomy & mathematics performance & school satisfaction, elementary school students, 28981
active vs passive cognitive stimulation intervention, caregiving interaction satisfaction, caregivers & patients coping with AD, 9 mo study, application of stress-adaptation modeling approach, 15557
age & satisfaction with size & investment of social networks, 21–95 yr olds, test of socioemotional selectivity theory , 7605
attachment style & interpersonal perception accuracy & relationship satisfaction, 17–27 yr olds members of dating couples, 14255
bidirectional reasoning in decision making by constraint satisfaction, college students, 10103
caregiver burdens & satisfactions, Black vs White custodial grandmothers, 20756
caregiver stress & burden & satisfaction & mental health, 49–90 yr old mothers vs fathers of children with chronic disabilities, 38548
concurrent assimilation & contrast producing processes in frame of reference, judgments of satisfaction in social & nonsocial situations, college students with induced positive vs negative moods, 23982
constraint satisfaction models & cognitive dissonance theory in free choice paradigm, 13 yr old French speaking Canadians, 7860
constructionist view of top-down/bottom-up controversy & new method for measuring top-down effects in different satisfaction judgments, 55–95 yr olds, 33864
democratic maturity & self fulfillment, 14–20 yr old JROTC cadets, 13997
determinants of satisfaction with frame management, school managers, 6123
ethnic identity & self-esteem & self-clarity & relationship quality & commitment & expectations, 17–47 yr olds in mixed- vs same-ethnic relationships, 37060
experiences & satisfaction with criminal justice system & influence of statutory protection of crime victims' rights, female victims of partner vs nonpartner physical or sexual assault, 32532
exposure to media images of thin & stereotypically attractive vs overweight individuals, body dissatisfaction, 12–13 vs 14–15 vs 16–17 yr old females, 23758
factors predicting satisfaction with case management services, parents of children & youth with severe emotional disturbance, 9160
framing questions positively vs negatively, satisfaction with medical training, residents, 15782
gender & attachment style & relationship satisfaction, issues of closeness & distance in dating relationships, 17–37 yr old couples, 37053
heart rate & subjective estimates of dependence of intensity of emotional feeling on need intensity & probability of its satisfaction, 18–45 yr olds, 4068
household composition, psychological distress & satisfaction, US vs Indian adults, 11015
individual differences in personality & interpersonal satisfaction, job decision latitude, 14 mo study, 19387
individual factors of attachment & autonomy motivation & standards vs interpersonal factors of self-disclosure & socioemotional behaviors, satisfaction & stability in relationships, college students, 33883
influential factors on satisfaction & intentions to continue, 18–61+ yr old licensed foster parents, 18958
integrated decision-making strategies computer program, vocational identity & career exploratory behaviors & satisfaction, graduate students, 25852
leader vs group self-reliance & coping style, group performance & satisfaction, adults, 9624
level of relationship satisfaction, concurrent cognitions during conversation, 17–31 yr old heterosexual romantic couples, 17589
marital distress prevention program, relationship dissolution & functioning & satisfaction & positive & negative communication, couples planning marriage, 3 yr study , 8823
mastery vs performance goal perceptions of motivational climate, success & sources of satisfaction following basketball camp, 10–18 yr old females , 4448
mediating role of procedural justice perceptions in relationship between participation & assigned vs self-set vs participative goal setting, college students, 30385
model of marketing channel member satisfaction distinguishing between economic & noneconomic satisfaction, 22713
no decision aid vs pro/con or computer program decision aid for choosing a college, satisfaction with college choice, high school seniors, 35527
objective vs subjective ratings for assessing satisfaction regarding incontinence & mobility care, nursing home residents (mean age 87.9 yrs), 31993
palatability of food, satiation & satiety & food intake, healthy 18–26 yr olds, 23005
parental training in guided compliance vs high-probability instructional sequences, child behavioral noncompliance & parental satisfaction, 4 & 5 yr old males with developmental disabilities, 25067
parents' perceptions of & satisfaction with disclosure of child's special needs, families with children from birth to 5 yrs vs 15–20 yr olds with special needs, 12417
perceived changes & commitment & satisfaction & affect in love, romantic partners (mean age 20 yrs), 4 yr study, 11132
perceived equity in & satisfaction with & relational maintenance strategies for, parent–adolescent relationships, 16–17 yr old adolescents & their parents (ages 35–65), implications for equity theory, 14156
perception of changes in health state & satisfaction with change & pain & disability, patients in education program vs drug therapy vs surgery, 34546
perceptions of & satisfaction with & similarities between & developmental aspects of 2 academic advising programs, business college juniors & their assigned advisors, 9570
perceptions of partner's self-disclosure & conflict tactics & relational competence & love attitudes, satisfaction in relationship, heterosexual romantic dyads, 7778
perceptions of school climate & satisfaction with school, 11 vs 13 vs 15 yr olds, Finland vs Latvia vs Norway vs Slovakia, implications for improved health & educational outcomes, 6245
process & outcome satisfaction & objective performance & perceptions of relational behavior using different forms of communication media in conflict resolution, male vs female undergraduates, 36660
process vs results feedback & group vs individual-based performance appraisal approach, employee appraisal satisfaction & perceived accuracy & improvement expectations & actual performance, managers, 29092
professional & caregiver workload & satisfaction with transmural home care program, nurses & caregivers of terminal cancer patients, 5885
prostate-specific antigen screening programs, psychosocial stress & satisfaction with social support, men (mean age 60.3 yrs), 35150
provider patient-centered communication style during emergency care, parent satisfaction & child & parent participation, 4–9 yr olds with asthma & their parents, 2657
Relational Continuity Constructional Units, relationship maintenance & satisfaction, married & cohabitating couples, 7792
relationship satisfaction & reassurance seeking & contagious depression, dating couples (aged 18–29 yrs), 17871
reliability & validity of Investment Model Scale as measure of relationship commitment & satisfaction & alternative quality & investment size & persistence, college students, 7818
reliability & validity of Relationship Assessment Scale, measurement of global relationship satisfaction, 18–54 yr olds in committed relationship, 16356
role conflict & uniform satisfaction, female collegiate golfers, 22680
satisfaction with dog & commitment to dog's welfare & changes in life brought about by obtaining dog, 13–84 yr olds with physical disabilities & assistance dogs, 5221
satisfaction with mental health services, 22.8–48.7 yr olds with schizophrenia attending community mental health center & their relatives, 38530
satisfaction with services provided by social work staff of hospice, primary caregivers of deceased patients, 28714
social reaction styles & loneliness & social perception, social relationships & satisfaction in them, 18–40 yr old college students, 6 mo followup, 23987
social skills, relationship satisfaction, dating & married couples, 27285
space & achieved privacy & satisfaction with living quarters, perception of crowding, residents aged 18+ yrs of hyper-dense metropolis Hong Kong , 32440
story themes as standards for perception of & satisfaction in family relationships, college students, 23890
subjective perceptions of learning & satisfaction & quality & length of report, computer-mediated learning networks, individual vs group & individual problem-solving, student instructors, 35474
taking own notes vs using short vs long-form guided notes, notetaking accuracy & daily quiz scores & satisfaction, academically at-risk female high school students in remedial summer history class, 25741
teacher-student relationship & school satisfaction, 3rd–5th grade low income urban African American students, 35520
trimethaphan, smoking satisfaction, 18–55 yr old cigarette smokers, 10651
value diversity, personal satisfaction & perceived group creativity & perceived group effectiveness, undergraduates (mean age 26.9 yrs), 7816
victimization history & self reported satisfaction in adult heterosexual relationships, 17–51 yr old females with history of child sexual abuse, 24404
women's weight satisfaction & self-consciousness & use of clothing in mood enhancement, female college students & employees, 29183
work group patterns based on experience level in group support system environment, decision quality & efficiency & satisfaction, doctoral & undergraduate students, 30406
work-family stage & satisfaction with family balance, adults, 20726
Satisfaction [See Also Client Satisfaction, Consumer Satisfaction, Job Satisfaction, Life Satisfaction, Marital Satisfaction, Need Satisfaction, Role Satisfaction, Sexual Satisfaction]—Books
Minding the close relationship: A theory of relationship enhancement, 33912
Satisfaction [See Also Client Satisfaction, Consumer Satisfaction, Job Satisfaction, Life Satisfaction, Marital Satisfaction, Need Satisfaction, Role Satisfaction, Sexual Satisfaction]—Chapters
Computer simulation of cognitive dissonance reduction, 14354
Human engineering for quality of life, 22736
Research participation among general psychology students at a metropolitan comprehensive public university, 19322
Virtual teams versus face-to-face teams: An exploratory study of a web-based conference system, 30087
Saturation (Color) [See Color Saturation]
Saudi Arabia—Serials
dimensions of gratification sought from satellite TV channels, 18–57 yr old participants in training seminars & workshops, Saudi Arabia, 4391
Scaling (Testing)—Serials
clinical scales & health related quality of life in multiple sclerosis, 2036
comparison of item-response theory & Thurstone scales linking mathematics performance in Grades 3–8 on end-of-grade tests, students, 3366
Comprehensive Inventory of Basic Skills-Revised, test review, 36034
evaluation of survey questions with scale variations, college students, 19214
factor structure & discriminant validity of Goal Acceptance & Goal Commitment Scales, rehabilitation counselors (mean age 43.7 yrs), 13119
item response theory analysis of AT-20 tolerance of ambiguity scale, 20–60 yr olds, 9843
item response theory applied to scale distortion of ordinary difference scores in conventional & adaptive testing, 6559
item response theory vs Thurstone method of vertical scaling in assessment of educational achievement & measurement error & multidimensionality & scale shrinkage, reply, 19649
methods variance & construct validity of single-item non-Likert vs multiple-item Likert measurement scales assessed with confirmatory factor analysis, 6553
psychometric properties of Frost &/vs Hewitt Multidimensional Perfectionism Scale, 18–65 yr olds with anxiety disorders, 35952
reconsideration of L. L. Thurstone's scale modeling of relationship between attitudes & behaviors, 11–16 yr olds, 7878
reliability of Age Universal I-E Scale-12, measurement of intrinsic vs extrinsic dimensions to religiosity, adults & school children, US & England & Northern Ireland & Republic of Ireland, 32608
renorming & rescaling of raw scores of Luria-Nebraska Neuropsychological Battery-Form I, 19–90 yr old medical patients, 13095
response consistency of ranking vs visual analogue scale vs time trade-off, individuals aged 18 to over 64 yrs attending a primary care center, 31373
scaling grip configurations to displace objects that systematically vary in length & mass & density, 22–49 yr olds, 26378
Scaling (Testing)—Chapters
Beck Depression Inventory and Hopelessness Scale, 26178
Behavior and Symptom Identification Scale (BASIS-32), 26173
Child and Adolescent Functional Assessment Scale (CAFAS), 26092
Katz Adjustment Scales, 26169
The Multidimensional Anxiety Scale for Children (MASC), 26183

The UCSF Client Satisfaction Scales: II. The Service Satisfaction Scale-30, 26253
Use of the Devereux Scales of Mental Disorders for diagnosis, treatment planning, and outcome assessment, 26186
Scalp (Anatomy)—Serials
scalp topography of event-related brain potential P3b component, patients (mean age 68.7 yrs) with early-stage Alzheimer's disease vs younger vs older controls, 552
use of lateralized readiness potential & error related negativity scalp ERPs for assessment of preparation & sensory motor interaction & response evaluation in cognitive neuroscience, 541
Scalp Disorders [See Skin Disorders]
Scandinavia [See Also Denmark, Norway, Sweden]—Chapters
Inclusion implementation and practices in Scandinavia, 2985
Learning to read in Scandinavia, 27015
Scent Marking (Animal) [See Animal Scent Marking]
Schedules (Reinforcement) [See Reinforcement Schedules]
Scheduling (Work) [See Work Scheduling]
Schema—Serials
abstract schematic knowledge in application of hierarchies & matrices & networks as spatial diagram representations for memory, college students, 16658
adult attachment style as classified by unified love schema theory, sexual behavior & attitudes, undergraduate students, 14212
age & emotional self-focus, stereotype reliance in source monitoring & identification & neuropsychological test correlates, 62–85 yr olds vs college students, 23148
attention redirection during & schema adjustment to & time to react to hedonically neutral surprise, 8–10 vs 18–37 vs 60–69 yr olds, 17282
attention-elaboration vs script-copy-plus-tag hypothesis of recognition of script-typical vs script-atypical information, adults, 225
attitudes toward women & sex vs power schemas & victim resistance, victim vs perpetrator attributions, female undergraduates, 11552
body-oriented approaches for script changing in transactional analysis, 20 yr old female with anorexia, 18536
central vs peripheral script actions & 2 vs 8 sec exposure & 5 min vs 1 wk retention interval, eyewitness memory of robbery, college students , 9748
cognitive & behavioral & affective correlates of self-schemata in baseball, undergraduates, 25958
cognitive scripts, high functioning children with autism, 27943
consumer schemas influencing reactions to sport sponsorship forms of advertising, college students, 12920
content of personal identity representations & cognitive representations of valued group identities, college students, 11147
cross-classification & script categories organization in complex real-world domain of food, college students, 19828
deficits in processing pre-determined goal-directed actions in sequences of script events, 38–74 yr old patients with Parkinson's disease, 2105
eye gap & nose width, preference for schematic faces, college students, 29610
factor structure of Schema Questionnaire for assessment of early maladaptive schemas of psychopathology, psychiatric inpatients & outpatients (mean age 39 yrs), comparison with previous analyses, 29373
functional magnetic resonance imaging, representations of Illusory & real contours in cortical visual areas, 36164
future organizational scripts of impact of organizational change in Catholic church, Catholics, 36922
high vs low risk-in-intimacy perceptions, schema accessibility in memory & interpretation of social situations, college students, 17612
image schemas & metaphoric processes & translation as a concept, 33549
knowledge structures & social information processing & aggressive behavior, children followed from kindergarten through 8th grade, 27032
love attitudes & sexual scripts, college students , 4674
measure & cognitive processing aspects of sexual self-schemas, male undergraduates & 27–77 yr olds, 14291
memory for schema-typical & atypical episodes & repeated events, 4 vs 7 yr old children, implications for memory development , 26981
monitoring vs blunting information seeking style & ability to achieve cognitive structure, coping strategy choice & effectiveness, college students, 27350
multiple contents of interpersonal mental scripts, 22–54 yr olds with major depression, 30658
overview of research on self-schema in depression, Canada, 1979–1996, 1540
relation between internal knowledge structures of peers & development of externalizing behavior problems, 1st–3rd graders, 9 yr study, 20430
role of illness representations in coping & functioning, patients with Addison's disease, 21462
role of illness scripts in development of medical diagnostic expertise, 4th vs 6th yr medical students vs 2nd yr interns vs family physicians, 15778
role of sexual self-schema in healthy male & female sexual behavior & responsiveness & diathesis–stress model of sexual dysfunction, 27248
scene context, identification of semantically consistent vs inconsistent objects, college students, test of description enhancement & criterion modulation models, 36155
schema focused therapy & psychotherapy supervision, female client, 6017
schema-congruent implicit attributional bias in pragmatic inference task, college students with avoidant personality, test of cognitive theory of personality disorders, 24363
schemata effects in English as a 2nd language reading comprehension, college students, 2903
script for dissolution of close relationships, college students, 7786
self criticism & relational schemas, conflict resolution, heterosexual dating couples (mean age 21.5 yrs), 27307
sex & gender schematicity & speaker & partner sex, interpretations of conversational backchannels & questions, Os, test of 2-cultures & dominance theories of gender-linked language differences, 1230
similarities & differences in mental models used for human vs automated scoring of Architect Registration Examination, experienced human graders, 26089
simulation & electromyographic correlates of learning an internal model of reaching movements, 36206
social decision scheme & individual vs group decision making in a jury setting, college students, 37067
stability of joy–pleasure/coherence & anger & guilt–separation/distress in maternal representations of relationship with toddler, 15 mo old 1st born sons & their mothers, 13 mo study, 23646
theory of social decision schemes & quantitative nature of group decision making, 37063
traitedness, self schemata, military recruits (mean age 19.36 yrs), 3151
Schema—Books
Cognitive therapy for personality disorders: A schema-focused approach (3rd ed.), 15185
The construction of mental representations during reading, 6881
Schema—Chapters
Cognitive representations: Distinctions, implications, and elaborations, 10161
A developmental perspective on gender effects and gender concepts, 990
Difficulties in updating mental representations during reading news reports, 6895
Genes and codes: Lessons from the philosophy of mind?, 36395
Intentional and incidental learning, 23157
Mental functions as constraints on neurophysiology: Biology and psychology of vision, 36387
Modeling causal integration and availability of information during comprehension of narrative texts, 6886
Modifying mental representations: Comprehending corrections, 6884
Multidimensionality of gender schemas: Implications for the development of gender-related characteristics, 854
Phonological codes in reading comprehension, short-term memory, and memory for rapid visual sequences, 26422
Primate representations and expectations: Mental tools for navigating in a social world, 16743
Relational schemas: Research into social-cognitive aspect of interpersonal experience, 17710
Role and nature of object representations in perceiving and acting, 26303
Schema-focused therapy for personality disorders, 14646
Schematic and interpersonal conceptualizations of depression: An integration, 11399
Situated agency and the descent of desire, 36657
Social schemacity and causal attributions, 33941
Structuring dyadic interaction through scripted cooperation, 19285
Toward a theory of documents representation, 6889
Understanding and remembering briefly glimpsed pictures: Implications for visual scanning and memory, 26304
Schizoaffective Disorder—Serials
accidental iv zuclopenthixol acetate administration for rapid tranquilization, non-compliant 37 yr old male with schizo-affective disorder, implications for treatment of psychiatric emergencies, 28458
aggressive behavior against self or others & related patient characteristics & rehospitalizations, 15–60 yr old first admission patients with schizophrenia or schizoaffective disorder, 2 yr study, 9208
associated subtypes & symptoms & demographic variables, sibling pairs (mean age 42 yrs) with schizophrenia or schizoaffective disorder, 4936
association between age at puberty & age at onset of schizophrenia, males vs females with schizophrenia or schizoaffective disorder, 27658
auditory evoked potential P300 asymmetry & amplitude in left hemisphere, adults with schizophrenia, 37368
carbamazepine vs valproate, haloperidol plasma levels & psychopathologic outcome, schizophrenic or schizoaffective Ss, 28437
cerebral asymmetry in outpatients with schizoaffective disorder (mean age 38.6), 27702
characteristics & utilization of mental health services, 22–86 yr olds with schizophrenia or schizoaffective disorder, 38468
clinical & biological & social variables & medication status, prediction of relapse, 14–44 yr olds responsive to treatment of 1st-episode schizophrenia or schizoaffective disorder, 2 mo–5 yr study, 14576
clozapine as adjunctive treatment, 31–45 yr olds with treatment-resistant bipolar or schizoaffective disorder , 31698
clozapine or risperdone or zotepine or sulpiride vs classic neuroleptics, weight gain, Ss with schizophrenic or schizoaffective or delusional disorder (ages 17–64 yrs), 28511
clozapine treatment & clinical & demographic factors, weight gain, 21–73 yr olds with schizophrenia or schizoaffective disorder, 15 mo study, 2284
clozapine vs typical neuroleptics, cognitive function, patients with neuroleptic-responsive schizophrenia or schizoaffective disorder (mean age 25.6 yrs), 6 & 12 mo followup, 25188
clozapine, pancreatitis, 34-yr-old male with schizoaffective disorder, 25148
correlation of valence of expression in stimulus photo with corrugator- & zygomatic-reactive facial expression, veteran patients with schizophrenia or schizoaffective disorder, 14557
CSF glutamate concentrations & positive & negative & total symptom severity, 25–54 yr old unmedicated male inpatients with schizophrenia or schizoaffective disorder, 11412
demographic & clinical characteristics, patients with schizophrenia or schizoaffective disorder who had vs had not attempted suicide, 30713
development of catatonia while on valproic acid & sertraline & risperidone, 42 yr old White female with schizoaffective disorder , 5645
development of genital disorder, 37 yr old female schizoaffective patient treated with lamotrigine, 2306
distribution of body mass index, males vs females with vs without schizophrenia or schizoaffective disorder including Ss on ziprasidone, implications for weight gain inducing effects of antipsychotics, 17893
drug therapy, patients with schizoaffective disorder or schizophrenia & concurrent mood disorder symptoms, 31670
ECT, 58–74 yr olds with chronic schizophrenia or schizoaffective disorder with or without resistance to medication treatment, 18761
effectiveness of community re-entry program & continuity of care, hospitalized patients with schizophrenia or schizoaffective disorder, 2570
effectiveness of community re-entry program & continuity of care, hospitalized patients with schizophrenia or schizoaffective disorder, commentary & commentary reply, 15494
effectiveness of depot antipsychotics, patients with schizophrenia vs schizoaffective disorder or bipolar disorder, 2361
efficacy & safety of treatment with ziprasidone, patients with an acute exacerbation of schizophrenia or schizoaffective disorder, 14546
efficacy & tolerability & safety of gabapentin as adjunct to existing drug treatment, 19–82 yr olds with bipolar or schizoaffective disorder with manic or hypomanic symptoms, 16 wk study, 18664
efficacy & tolerability & safety of olanzapine vs haloperidol treatment, patients with schizoaffective disorder, 1 yr follow-up, 12250
efficacy of carbamazepine in treatment of neuroleptic malignant syndrome, 31 yr old female with schizoaffective disorder & 34 yr old female with major depressive disorder, commentary reply, 12248
efficacy of carbamazepine in treatment of neuroleptic malignant syndrome, 31 yr old female with schizoaffective disorder & 34 yr old female with major depressive disorder, commentary, 12246
evaluates psychometric properties of the Canadian version of the Wisconsin Quality of Life-Index, French vs English speaking patients with schizophrenia or schizoaffective disorder, 36009
evolution of positive psychopathological symptoms, patients with schizoaffective and paranoid schizophrenia, 37371

extreme stress of torture, case reports of 31 & 37 yr old patients suffering from Capgras syndrome & schizoaffective disorder & PTSD, 27560
familial associations of positive & negative & affective & disorganization subsyndromes, sibling pairs with schizophrenia & schizoaffective disorder, 4880
flupenthixol, psychiatric symptomatology & side effects & cocaine use, 22–62 yr olds with schizophrenia or schizoaffective illness & cocaine dependence, 5646
frequency of panic attacks & panic disorder, male outpatients (mean age 47 yrs) with chronic schizophrenia or schizoaffective disorder, 27687
guidelines for psychopharmacologic treatment of schizoaffective disorder with antipsychotic & thymoleptic & other drugs, 18715
haloperidol withdrawal, HVA & MHPG levels & use as biological markers for psychosis, 20–63 yr old male patients with schizophrenia or schizoaffective disorder, 21912
haloperidol, plasma prolactin levels & clinical response, acutely exacerbated schizophrenic & schizoaffective patients (mean age 36 yrs), 2294
high dose olanzapine treatment in refractory psychosis, male patients with schizoaffective disorder, 18728
illness beliefs & severity of patient's affective & psychotic symptoms, caregiver burden, family caregivers for patients with bipolar I or bipolar II or schizoaffective disorder, 27619
lamotrigine, 31 & 33 & 37 yr old females with schizoaffective disorder, 2307
lithium therapy & discontinuation, suicide risk, patients with mood or schizoaffective disorders, 12217
occurrence of depression during longitudinal course of schizophrenia, patients with schizophrenia vs schizoaffective & major depressive disorders (mean age 23 yrs), 4.5 & 7.5 yr followup, 14578
olanzapine dosages, extrapyramidal symptoms & other side effects, 39–59 yr old patients with schizophrenia & schizoaffective disorder, 21888
olanzapine induced delusions & psychotic mania, 54 yr old female with bipolar schizoaffective disorder, 34093
olanzapine vs risperidone, mood & subsequent quality of life, 18–65 yr olds with schizophrenia or schizophreniform or schizoaffective disorder, 18748
olanzapine, tardive dyskinesia, male 29 & 52 yr olds with bipolar type schizoaffective disorder, 12239
outcome of patients with schizoaffective disorder vs bipolar disorder, 12 mo study, 11446
panic attacks & paranoia, 42-yr-old male with schizoaffective disorder, 34056
personality traits & symptoms, male patients with schizophrenia or schizoaffective disorder, 17876
predictors of drug treatment response, patients with first-episode schizophrenia or schizoaffective disorder, 18730
prevalence & sociodemographic correlates of schizophrenia & schizoaffective disorders & severe cognitive impairment, 15+ yr old city residents, Ethiopia, 34163
psychopathy & violence, patients with schizophrenia or schizoaffective disorder, 24277
psychosis & positive & negative symptoms & posthospital functioning as risk factors for suicidal activity, patients with schizophrenia vs schizoaffective disorder, 7.5 yr study, 21140
recommended dosing schedule for risperidone, inpatients with diagnoses of schizophrenia or schizoaffective disorder, conference proceedings, commentary reply, 28455
recommended dosing schedule for risperidone, inpatients with diagnoses of schizophrenia or schizoaffective disorder, conference proceedings, commentary, 28478
risperidone & fluoxetine treatment, gynecomastia, 30-yr-old female with schioaffective bipolar disorder, 12145
risperidone, amenorrhea, 28–38 yr old females with paranoid schizophrenia or schizoaffective disorder or bipolar affective disorder, 21913
risperidone, extrapyramidal symptoms, 60 yr old or older inpatients with schizophrenia or schizoaffective disorder, 18708
risperidone-induced absence of ejaculation, 32- & 41-yr-olds with schizoaffective disorder, 38297
safety & efficacy of use of atypical antipsychotic agents as adjunctive therapy for bipolar & schizoaffective disorders, 28425
schizoaffective psychosis & intellectual deterioration, 18-yr-old female fragile-X carrier, 31038
sex &/or age of illness onset, frequency of hallucinations, drug-free schizophrenic vs schizoaffective inpatients (mean age 32.3 yrs) in acute episodes, 24287
sociodemographic variables & psychiatric history & insight into symptoms & other factors, violence prediction, inpatients with schizophrenia or schizoaffective disorder, 30694
stability of deficit syndrome diagnosis, outpatients with schizophrenia or schizoaffective disorder, 17894
suicide rates, patients with schizophrenia or schizoaffective disorder with vs without clozapine treatment, commentary, 8946
suicide rates, patients with schizophrenia or schizoaffective disorder with vs without clozapine treatment, commentary reply, 8936
switch from risperidone to olanzapine, return of regular menstrual cycle, 34-yr-old female with schizoaffective disorder , 8896
thalamic size & shape & metabolic activity, patients (mean age 38.3 yrs) with schizotypal personality disorder or schizoaffective disorder, 30716
therapeutic window of serum haloperidol levels, 19–59 yr old acutely psychotic schizophrenic vs schizoaffective patients, 5677
treatment compliance & social behavior & subjective quality of life as factors of social adjustment, outpatients with schizophrenia or schizoaffective disorder, 2-yr study, 11442
type I errors & power & bias & confidence interval widths of Pearson vs Spearman vs Kendall correlation coefficients in analysis of scores on 7 rating scales, inpatients with schizophrenic disorders, 16404
unique vs combined influence of individual & illness & functional & milieu variables, self-esteem & distress & life satisfaction, adults with schizophrenia or schizoaffective disorder, 17898
use of amantadine for treatment of akinetic febrile catatonia, 60-yr-old female with bipolar disorder & 52-yr-old female with schizoaffective psychosis, 38287

Schizoaffective Disorder—Chapters

Management of treatment-resistant bipolar and schizoaffective disorders, 25255

Schizoid Personality—Serials

Diogenes syndrome & hoarding, 86 yr old male patient with schizotypal personality disorder & obsessive-compulsive disorder & 80 yr old female patient with schizoid personality disorder, 27547
psychoanalytic work on psychopathology related to evasion of oedipal reality, schizoid & obsessional male patient, 31604

Schizophrenia [See Also Acute Schizophrenia, Catatonic Schizophrenia, Childhood Schizophrenia, Hebephrenic Schizophrenia, Paranoid Schizophrenia, Schizophreniform Disorder]—Serials

15-yr outcome & patterns of Chinese patients with schizophrenia, Hong Kong, 4948
22q11 Deletion Syndrome as genetic subtype of schizophrenia, 37351
2nd-trimester exposure to poliovirus infection as risk factor for development of schizophrenia in adulthood, Ss born between 1951 & 1969 with diagnosis of schizophrenia, 27710
5-HT type 2A receptor allele frequencies, outcome & drug response, schizophrenic responders vs nonresponders to neuroleptic drugs, 14555
5-HT/2 receptor density in prefrontal cortex, 21–43 yr olds with schizophrenia, 8147
ability of relatives to predict patient answers to mood state questions, relapse, 15–50 yr olds with schizophrenia, 2 yr study, 8140
ability to attribute intentions to others in task requiring choosing verbal vs nonverbal targets, patients with disorganized vs non-disorganized schizophrenia, test of theory of mind in schizophrenia , 21155
abnormal affective startle modulation, genetic risk for schizophrenia, 18–65 yr old schizophrenia patients & their relatives, 27662
abnormal lipid metabolism & development of schizophrenia & relation to cystsolic phosopholipase A2 as candidate gene for schizophrenia, commentary, 30720
abnormal lipid metabolism & development of schizophrenia, 14591
abnormal lipid metabolism & development of schizophrenia, comment with reply included, 34176
abnormal lipid metabolism & development of schizophrenia, commentary, 27679
abnormal lipid metabolism & development of schizophrenia, commentary, implications for understanding & treating major depression, 27711
abnormalities in corpus callosum & cerebellum, patients with late vs early onset schizophrenia, 34189
acetazolamide-induced increase in global cerebral blood flow & focal hypoperfusion in rostral anterior cingulate cortex, adult schizophrenic patients, 30754
acute & sustained cocaine administration on startle reflex & prepulse inhibition, female rats, model for brain disturbances for deficient sensorimotor gating in schizophrenia, 17064
acute overdose of prescribed olanzapine, 29 yr old female with schizophrenia, 28423
adaptive abilities & cognitive functioning in late-life schizophrenia & its importance & implications for overall outcome, elderly patients, 27674
adaptive occupational functioning, 21–64 yr old patients with schizophrenia vs major depression vs bipolar disorders, 1457
adenosine 2a neural receptor binding in postmortem basal ganglia, 41–75 yr olds with schizophrenia, 1600
adjunctive chlorimipramine & serotoninergic agents for treatment of obsessive-compulsive symptoms, patients with schizophrenia, 38221
adjunctive exercise therapy, behavior & mental health, patients with schizophrenia, 15363
adverse obstetric experiences & functional–developmental trajectory during 1st 7 yrs of life, schizophrenic patients born between 1959–1965 , 34147
age & duration of illness & antipsychotic dosage & use of antiparkinsonism & antianxiety drugs, regional cerebral blood flow, male vs female 20–76 yr olds with schizophrenia, 21149
age & edentulousness & time since withdrawal of & polypharmacy with antipsychotics & absence of anticholinergic treatment as predictors of mortality, male vs female 25–89 yr olds with schizophrenia, 2404
age & gender & type of onset & premorbid development & relation to social adaptation, 7–14 yr olds with childhood onset schizophrenia, 42-yr study, 37357
age & sex & duration of illness & dose of risperidone & total neuroleptic dose & serum-risperidone & 9-OH-risperidone & concomittant medication, symptomatology, patients with schizophrenia, 31671
age & sex specific characteristics such as alcoholism & depression & violence, 16–77 yr olds with schizophrenia who committed suicide, Finland, commentary, 1738
age & sex specific characteristics such as alcoholism & depression & violence, 16–77 yr olds with schizophrenia who committed suicide, Finland, commentary reply, 1699
age, smooth pursuit eye movement tracking, 18–70 yr olds with schizophrenia , 30746
aggression & agitation & mania, adult females with schizophrenia treated with olanzapine, 8911
aggressive behavior against self or others & related patient characteristics & rehospitalizations, 15–60 yr old first admission patients with schizophrenia or schizoaffective disorder, 2 yr study, 9208
agreement between Operational Criteria Checklist interview diagnoses & consensus diagnoses with DSM-III—R and ICD 10th revision, patients with schizophrenia or bipolar disorder, 30602
algorithms for pharmacologic treatment of schizophrenia, 2393
alpha-1-antichymotrypsin polymorphism & cognitive function, patients with schizophrenia, 34148
alterations in brain benzodiazepine receptor binding, male schizophrenia patients, 21121
alterations in hippocampal neuronal & GABA functions, patients with schizophrenia, 34144
alterations in volume of superior temporal gyrus, 1st episode treatment naive patients with schizophrenia or related psychotic disorders or nonschizophrenic psychotic disorder, 4875
Alzheimer-type senile degenerative abnormalities & cognitive impairment, elderly with chronic schizophrenia, 1582
amisulpride vs flupenthixol, anterior pituitary & adrenal hormone secretion & treatment response, male vs female patients with schizophrenia, 12182
amphetamine or ketamine, auditory evoked potential gating & prepulse inhibition, rats, animal model of schizophrenia, 13715
amplitude criteria & anticipatory saccades during smooth pursuit eye movements, 18–40 yr olds with schizophrenia, 27703
amplitudes & topographic patterns of mismatch negativity & N2b during selective attention task counting deviant stimuli, outpatients with schizophrenia, 11419
animal models & laterality in animals & its relevance to etiology & development of schizophrenia, 14543
anisotropy & volumes of white & grey matter, 32–64 yr old male veterans with schizophrenia, application of diffusion tensor imaging, 17915
antibodies to heat shock proteins, medicated vs unmedicated schizophrenic patients (mean age 28.6 yrs), implications for mechanism of schizophrenia, 27705
antipsychotic medication & psychosocial treatment, relapse of schizophrenia & adjustment , 5463
antipsychotic medication adherence failure in forensic patients with schizophrenia, 37394
antipsychotic medication effectiveness, people with a dual diagnosis of intellectual disability & schizophrenia, literature review, 18676
antipsychotic medications, suicide & attempted suicide risk reduction, patients with schizophrenia, 12221
antipsychotic olanzapine, development of panic attacks, 36-yr-old female with schizophrenia, 18711
apolipoprotein E genotype, patients with schizophrenia, 21129

approaches to schizophrenia shared by healers of different cultures & strategic family therapy, 8150
arterial plasma levels of norepinephrine & other catechols during iv infusion of tritium-labeled norepinephrine, schizophrenic patients treated with clozapine vs fluphenazine, 8888
assessment of long-term course of cognitive change with Scales of Cognitive Impairment Rated from Institutional Records, deceased elderly schizophrenia patients (mean age 80.9 yrs) , 11433
associated subtypes & symptoms & demographic variables, sibling pairs (mean age 42 yrs) with schizophrenia or schizoaffective disorder, 4936
association between abnormal movements & impaired glucose metabolism, schizophrenic patients receiving neuroleptic medication, implications for development of tardive dyskinesia, 17920
association between age at puberty & age at onset of schizophrenia, males vs females with schizophrenia or schizoaffective disorder, 27658
association between level of depression & negative attributional style, inpatients with schizophrenia, 34138
association of Ban I dimorphic site at cytosolic phospholipase A2 gene & schizophrenia, patients with schizophrenia, 1611
association of DRB4 vs DRB1 gene locus with schizophrenia, Japanese patients, implications for pathogenetic relation between rheumatoid arthritis & schizophrenia, 4932
atropine eye drops, clozapine-induced hypersalivation, schizophrenic patients, 21860
attempted suicide using transdermal nicotine patches, 53 yr old male with chronic schizophrenia, 14559
attention & executive functioning including abstract reasoning & cognitive inhibition & working memory & verbal recognition memory, 20–55 yr old schizotypal personality vs schizophrenia patients, 21024
attention for subsequent action during cued movements into left or right hemisphere, 18–41 yr olds with schizophrenia, 1580
attention training, information processing, 20–45 yr old inpatients with chronic schizophrenia, 24275
attention training, information processing, 20–45 yr old inpatients with chronic schizophrenia, commentary, 24265
attitudes toward schizophrenia label & causal personality attributions of violence, college students & mental health professionals, 30697
attribution of mental states to others, schizophrenic patients with vs without thought & speech disorganization vs manic patients, implications for existence of theory of mind in schizophrenia, 24284
attributional biases & metacognition, schizophrenic 25–65 yr olds with vs without auditory hallucinations, 1565
atypical antipsychotic drugs, neurocognitive impairment in schizophrenia, 25180
atypical hemispheric asymmetry & relationship between schizophrenia symptoms & global–local processing efficiency, 27–52 yr old schizophrenic males, 27668
atypical properties & guidelines for selection of risperidone & olanzapine & quetiapine & loxapine & clozapine, patients with schizophrenia, 21955
atypical vs traditional antipsychotic medications, long term course of schizophrenia, 5616
auditory evoked potential P300 asymmetry & amplitude in left hemisphere, adults with schizophrenia, 37368
auditory laterality & selective attention on dichotic listening task, adolescents with early onset schizophrenia vs ADHD, 8075
auditory processing of 3 types of mismatch tones, neuromagnetic mismatch field, 21–59 yr old males with schizophrenia, 11421
automatic & conscious processes for control of pre-encoded material in category production tasks, individuals with schizophrenia, 17897
avoidance learning using aversive vs non-aversive stimuli, 26–52 yr old patients with schizophrenia, 30729
Awareness of Being a Patient Scale development & psychometric properties, 18–67 yr old schizophrenia patients, 35941
backward masking & threshold values for perception on Defense Mechanism Test, outpatients with schizophrenia, 27656
basal ganglia volume changes, male (mean age 25.57 yrs) schizophrenic patients treated with typical vs atypical neuroleptics, 2 yr study, 31629
behavior therapy & inconsistent reinforcement techniques, incidence of aggressive & disruptive behavior, middle aged male with schizophrenia or schizophreniform disorder, 28335
behavioral & intellectual abnormalities in psychological assessments, later development of schizophrenia, 16–17 yr old males, 34151
behavioral studies of hallucinogenic drugs in animals, implications for schizophrenia research, 4154
benefits & risks of maintenance treatment with atypical antipsychotics, schizophrenic patients, 8914
benefits of clozapine therapy for treatment-resistant schizophrenia , 25200
benzodiazepine dosage tolerance & duration until waking up after initial sedation & pretreatment aggression, aggression on waking from sedation, 18–64 yr olds with schizophrenia, 25172
benzodiazepine hypnotics vs zopiclone, sleep & psychiatric symptoms, 22–39 yr olds with chronic schizophrenia, 21911
binding of [125I]p-iodoclonidine to alpha-2 &/or beta-1 & beta-2 adrenoceptors in right prefrontal cortex & hippocampus, autopsied brains of 23–83 yr olds with major depression or schizophrenia , 24144
binocular depth inversion in 3D object perception & relation to associations between endogenous anandamide/cannabinoid system & schizophrenic psychoses, cannabis intoxicated adults & schizophrenics, 4262
biological bases for generalizability of schizophrenia, adults with mild learning disability &/vs schizophrenia, 4941
birth-month & familial risk factors, eye-tracking dysfunction, schizophrenia patients (mean age 32.3 yrs), 21141
body including therapy, body ego disorders, schizophrenic patients, 31754
brain abnormality, individuals with schizophrenia, 21148
brain atrophy & morphology, reality distortion & psychomotor functioning, hospitalized males vs females with schizophrenia, 14563
brain glycine concentrations, hyperglycinic rats, animal model for pathogenesis of schizophrenia, 26652
brain hemispheric laterality & attention during auditory processing, 18–51 yr old patients with treatment-resistant schizophrenia, 11425
brain morphology & language & thought disorders, patients (mean age 25.6 yrs) with schizophrenia, 4940
brain volume abnormalities & disease severity, moderately vs severely ill male patients with schizophrenia, 11428
brainwave patterns & EEG characteristics, 17–44 yr old monozygotic twins discordant & concordant for schizophrenia, 11444
Brief Psychiatric Rating Scale, assessment of p300 amplitude & clinical state, severely- vs moderately ill patients with schizophrenia vs healthy subjects, 26197
bupropion, smoking cessation, male 41 yr old with schizophrenia, 21887
CAG/CTG repeat size, 15–43 yr old Chinese Ss with schizophrenia or bipolar disorder, 8064
calcium-dependent phospholipase A2 activity, adult schizophrenic patients with sensitive vs insensitive responses to niacin, 30721
cannabis use, schizophrenia patients (mean age 24.2 yrs), 68.7 mo followup, 18035
carbamazepine vs valproate, haloperidol plasma levels & psychopathologic outcome, schizophrenic or schizoaffective Ss, 28437
carbamazepine, cannabis related schizophrenia like psychosis, 19 & 22 yr old males, 18706
carbemazepine & neuroleptic administration & neuroleptic malignant syndrome, 54 yr old male with chronic schizophrenia, 2373
caroverine & haloperidol, positive & negative symptom ratings, 31–53 yr olds with schizophrenia, 38266
catch-up & anticipatory saccades during smooth eye pursuit movements, parents who are more vs less likely vs indeterminant carries of genetic risk for schizophrenia & probands, 1614
category learning & perceptual categorization of discrete vs graded categories as indication of functioning of basic processes of abstraction, 27–67 yr olds with schizophrenia, 30726
caudate nuclei & intracranial volume, 1st-episode neuroleptic-naive schizophrenic patients, 34196
cell membrane omega-3 fatty acid depletion, retinal function, 35–75 yr olds with schizophrenia, 21165
cerebellar abnormalities & symptom duration & psychosocial outcome, patients with schizophrenia spectrum disorders, 7-yr study, 11450
cerebellum morphology, cognitive dysfunction, 18–42 yr old males with schizophrenia, 34179
cerebro-craniofacial dysmorphogenesis & neurodevelopmental perspective on course of schizophrenia development, 27713
change from clozapine to olanzapine treatment, male patients (mean age 40.8 yrs) with refractory schizophrenia & self induced water intoxication, 28467
change from typical antipsychotics to risperidone, symptoms & side effects & social functioning, patients with schizophrenia, 31673
change in density of pyramidal neurons and nonpyramidal neurons in sector CA2 of hippocampus, deceased 24–94 yr olds with schizophrenia vs manic depression, commentary, 21050
change in density of pyramidal neurons and nonpyramidal neurons in sector CA2 of hippocampus, deceased 24–94 yr olds with schizophrenia vs manic depression, commentary reply, 21022
changes in clinical & functional status & living conditions during deinstitutionalization & satisfaction with treatment, 15–64 yr olds with schizophrenia, Finland, 1982–90, 31946
changes in levels of antibodies &/or appearance of antigen-specific immunoglobulin M antibody to 5 herpesviruses & 6 other viruses in serum, 19–37 yr olds with schizophrenia , 34153
changes in number of schizophrenic births as real risk for morbidity, 1900–69, Scotland, implications for environmental role in disease development, 8128
changes in phosphorous metabolism & phospholipid levels in temporal lobes, drug-naive adults (mean age 23.1 yrs) with schizophrenia, 30707
characteristics & utilization of mental health services, 22–86 yr olds with schizophrenia or schizoaffective disorder, 38468
childhood antecedents & biological markers of schizophrenia within neurodevelopmental framework, 21161
Choice of rating scale & data analysis & data reduction, conclusions regarding negative symptoms, patients (mean age 32 yrs) with schizophrenia, 32762
chromosome 22qII deletions as marker for velo-cardio-facial syndrome & aggressive behavior, patients with schizophrenia, reply, 1870
client's position & other therapeutic aspects of psychological treatment of schizophrenia & other psychoses, therapist & patient, transcript, 18522
clinical & biological & social variables & medication status, prediction of relapse, 14–44 yr olds responsive to treatment of 1st-episode schizophrenia or schizoaffective disorder, 2 mo–5 yr study, 14576
clinical & cost effectiveness, clozapine or risperidone vs chlorpromazine or haloperidol, community mental health patients (mean age 37.3 yrs) with schizophrenia & schizoaffective & bipolar disorder, 31645
clinical & economic value of individual psychotherapy as adjunct to medication & case management in treatment of schizophrenia & influence of trend toward managed care, commentary & commentary reply, 12019
clinical & neurobiological correlates & risk factors of cytogenetic abnormalities, children & adolescents with very early onset of schizophrenia, 37379
clinical & neurobiological evidence for hypothesis that schizophrenia involves limited neurodegenerative process with psychotic symptoms that is most active in early stages, 34172
clinical aspects of obsessive-compulsive symptoms & neurocognitive deficits, patients with schizophrenia, 37352
clinical characteristics & adequacy of antipsychotic treatment in different illness phases, suicide victims with schizophrenia, 18689
clinical differences between dissociative identity disorder & schizophrenia & panic disorder & complex partial epilepsy, patients, 8084
clinical factors & pathophysiologic process in treatment resistant schizophrenia, 4960
clinical features & diagnostic stability of early-onset psychotic disorders, 9–17 yr olds with schizophrenia or bipolar or schizoaffective disorder or organic or other psychosis, 2-yr study, 37281
clinical practice guidelines for assessments & medications & side effects & psychosocial interventions & delivery of services, patients during phases of schizophrenia, comment, 21652
clinical practice guidelines for assessments & medications & side effects & psychosocial interventions & delivery of services, patients during phases of schizophrenia, reply, 21637
clinical profiles of newer antipsychotic drugs for treatment of schizophrenia, 12151
clinical safety & efficacy of risperidone vs haloperidol, treatment-refractory schizophrenia patients, 35032
clinical symptom dimension profiles & psychosocial situation, 15–44 yr old new schizophrenia patients, 5-yr study, 37384
clinical symptom overlap, patients with acute schizophrenia &/vs cocaine intoxication, 24286
clinical symptoms vs subjective experiences of cognitive impairment & auditory ERP-assessed P300 abnormalities, young adult schizophrenia patients, 37382
clozapine & adjunct high-dose glycine, adults with treatment resistant schizophrenia, 8933
clozapine & fluoxetine vs sertraline, clinical & motor & cognitive function & mood, male 44 yr old with schizophrenia, Canada, commentary, 2293
clozapine & paroxetine, 32-yr-old man with obsessive-compulsive features & schizophrenia, 24169
clozapine & risperidone & olanzapine, cognitive deficits in schizophrenia, 25196

clozapine induced alternating Pisa syndrome, 45 yr old female with schizophrenia, 2285
clozapine induced diabetes mellitus, 30 yr old Black male with schizophrenia, 15318
clozapine or risperdone or zotepine or sulpiride vs classic neuroleptics, weight gain, Ss with schizophrenic or schizoaffective or delusional disorder (ages 17–64 yrs), 28511
clozapine plus lamotrigine, 25–51 yr olds with treatment-resistant schizophrenia, 38236
clozapine therapy, aggression & substance abuse in schizophrenic patients, 25229
clozapine treatment & clinical & demographic factors, weight gain, 21–73 yr olds with schizophrenia or schizoaffective disorder, 15 mo study, 2284
clozapine treatment, cognitive functioning, patients with schizophrenia, 25194
clozapine treatment, health care costs & health status, schizophrenic adults supported by public funds, 6-mo followup, 8871
clozapine utilization & cost trends, outpatients with schizophrenia or schizoaffective disorder, commentary, 8939
clozapine utilization & cost trends, outpatients with schizophrenia or schizoaffective disorder, commentary reply, 8924
clozapine vs fluphenazine, brain metabolism patterns, male vs female schizophrenia patients , 38224
clozapine vs haloperidol, negative symptoms & deficit syndrome, patients with refractory schizophrenia, longitudinal study, 8940
clozapine vs risperidone, positive & negative symptoms & depression & parkisontan side effects & neuroendocrine function, 18–55 yr olds with schizophrenia, 12149
clozapine vs traditional antipsychotics in treatment of treatment-resistant schizophrenia, 25165
clozapine vs typical antipsychotics, impairment in information processing assessed by prepulse inhibition of startle response, 20–65 yr old male schizophrenic patients, 27685
clozapine vs typical neuroleptics, cognitive function, patients with neuroleptic-responsive schizophrenia or schizoaffective disorder (mean age 25.6 yrs), 6 & 12 mo followup, 25188
clozapine, body weight, male vs female patients with chronic schizophrenia, 21862
clozapine, homovanillic acid & 5-HIAA & MPHG & cortisol & prolactin in plasma &/or urine & psychopathology scores, males with schizophrenia (mean age 33.3 yrs), 2332
clozapine, hypoosmolemia & hyponatremia, polydipsic male 33–57 yr old inpatients with schizophrenia, 24-wk study, 11404
clozapine, non-treatment resistant patients with schizophrenia, 8894
clozapine, positive & negative & extrapyramidal symptoms, patients with resistant schizophrenia , 8869
clozapine, production of reactive oxygen metabolites by blood monocytes & clinical outcome, 24–41 yr olds with neuroleptic resistant schizophrenia, erratum, 28444
clozapine, reduction of psychotic symptoms & violent behavior & rate of discharge, inpatients with schizophrenia, 28416
clozapine, schizophrenia, family members, 31658
clozapine, severe tardive dyskinesia, 17–55 yr old schizophrenic patients, 8865
clozapine, severity of psychopathology, psychotic patients with "treatment refractory" symptoms with vs without akathisia, 24276
clozapine, treatment-refractory psychosis & negative symptoms & tardive dyskinesia, 51-yr-old female with schizophrenia, implications for changing pharmacological treatments, 5674
clozapine, treatment-resistant schizophrenia & aggressive & self- injurious behavior, 32 yr old male with moderate intellectual disability, 25177
cocaine abuse, patient history & treatment course, hospitalized schizophrenic patients, 8138
cognitive & functional changes with aging in schizophrenia, 37360
cognitive behavioral therapy vs supportive counseling vs routine care, patients with chronic schizophrenia, 1 yr followup, 28260
cognitive deficits in attention & memory & executive functions & treatment with cognitive training or antipsychotics, patients with schizophrenia, 34188
cognitive effects of antipsychotics, individuals with schizophrenia, 25223
cognitive heterogeneity & clinical symptom phenomenology, males with schizophrenia (mean age 36.6 yrs), 27706
cognitive performance on neuropsychological assessments, male vs female schizophrenic patients, commentary reply, 37364
cognitive performance on neuropsychological assessments, male vs female schizophrenic patients, commentary, 37346
cognitive rehabilitation for deficits associated with schizophrenia, 25506
cognitive rehabilitation, executive functioning skills, adult female with schizophrenia, 38583
combined ECT & clozapine therapy, 22–42 yr olds with treatment resistant schizophrenia, 18485
communication of suicidal intent & previous suicide attempts, suicide victims with schizophrenia, 1592
community vs long term hospital mental health care & mental state & sociodemographics & social support & illness concepts, quality of life, patients with schizophrenia, 35190
comparison of primary negative symptom profiles on vs off antipsychotic drug treatment, physically healthy schizophrenic males ages 20–63, 14556
components of attention & saccadic eye movement, patients with chronic schizophrenia (mean age 41.69 yrs), 37385
computer algorithm for pharmacotherapy of schizophrenia, 25207
computer simulation of speech perception neural network, model of synaptic elimination & neuronal cell death & mechanism for development of hallucinations in schizophrenia, commentary , 21134
computer simulation of speech perception neural network, model of synaptic elimination & neuronal cell death & mechanism for development of hallucinations in schizophrenia, reply, 21139
concept of pseudoschizophrenia to represent secondary schizophrenias until true diagnosis is made, 4931
concept of pseudoschizophrenia to represent secondary schizophrenias until true diagnosis is made, comment, 4964
concept of psychosis in schizophrenia as neurodevelopmentally determined expression of active morbid process underlying progressive deterioration & impact of effective antipsychotic medication, 4971
concepts of divided or disintegrated person in 19th century European history as foundation for schizophrenia as a disease concept, commentary, 1606
concepts of divided or disintegrated person in 19th century European history as foundation for schizophrenia as a disease concept, 1566
concepts of divided or disintegrated person in 19th century European history as foundation for schizophrenia as a disease concept, reply, 1568
concepts of divided or disintegrated person in 19th century European history as foundation for schizophrenia as a disease concept, commentary, 1570
conceptual model of schizophrenia based on age-at-onset & neuropsychological & brain imaging clinical data, commentary reply, 1596
conceptual model of schizophrenia based on age-at-onset & neuropsychological & brain imaging clinical data, commentary, 1562
concomitant psychiatric symptoms & relationships between neurocognitive and social functioning, patients with schizophrenia, 14530
concordance rates of schizophrenia diagnostic classifications, 22–65 yr old monozygotic & dizygotic twins , 17918
concurrent & predictive validity of Allen Cognitive Levels Assessment, measurement of cognitive & adaptive functioning, schizophrenic patients discharged from state psychiatric hospital, 94
concurrent substance abuse, patients with schizophrenia receiving clozapine vs other antipsychotic medications, 2355
conjoint treatment during psychoanalytic psychotherapy, male patient with schizophrenia & his father, 12135
connectionist computational simulation model of role of dopamine & prefrontal function in cognitive control, patients with schizophrenia, 30698
connectionist cued word recall approach to associative disturbances, male schizophrenic patients , 8149
consciously controlled vs automatic memory use, schizophrenia patients, 8144
construct validity of neuropsychological tests, assessment of attention & memory & abstract reasoning abilities, male schizophrenic inpatients, 6601
contents & frequencies of delusions, schizophrenics, Austria vs Pakistan , 37390
context-sensitive & cross-task performance on versions of Continuous Performance Test & Stroop & lexical-disambiguation tasks as cognitive deficit measures, adults with schizophrenia vs depression, 11318
contextual reasoning ability via Cognitive Bias Task, patients with schizophrenia (mean age 29.6 yrs), 24294
contingent negative variation & attention, patients with schizophrenia vs depression, 21031
contribution of right- vs left-hemisphere vs attentional processes to perceptual organization impairments on global–local task, patients (mean age 32.5 yrs) with schizophrenia, 17910
contributions to psychology & schizophrenia research, M. J. Goldstein, obituary, 35383
conventional vs atypical antipsychotics for elderly patients with schizophrenia or dementia, 8910
coping behaviors & psychological distress & social support & functioning & patient behavioral problems, 32–83 yr old family members who care for a relative with schizophrenia, 12470
coping strategies, 22–77 yr old relatives of patients with schizophrenia, 9 mo followup, 14580
correlation of regional cerebral blood flow & psychiatric symptoms during active vs remitted illness stage, patients with schizophrenia, 17908
correlation of valence of expression in stimulus photo with corrugator- & zygomatic-reactive facial expression, veteran patients with schizophrenia or schizoaffective disorder, 14557
cortical abnormalities identified by structural magnetic resonance imaging, 16–45 yr olds with schizophrenia, 24256
cortical acetylcholine & cognitive dysfunctions & schizophrenia & Lewy Body Dementia, 8014
cortical dysfunction during auditory word & tone working memory demonstrated by magnetic resonance imaging, outpatients with schizophrenia, 8155
cortical regional gray matter & white matter volume & CSF distributions, patients with schizophrenia vs their siblings without schizophrenia, 8133
cost-effectiveness of clozapine vs haloperidol, patients with high vs low levels of hospital use, Veterans with refractory schizophrenia, 12 mo followup, 25216
cost-utility analysis & quality of life in studying pharmacoeconomics of schizophrenia, schizophrenic patients, 14532
costs of schizophrenia, 11434
course & status of cognitive & functional impairment, 65 yr old & older chronically institutionalized inpatients with schizophrenia, 30-mo followup, 11416
crack cocaine & schizophrenia as risk factors for tuberculosis, 17–60 yr old inpatients with dual diagnoses in psychiatric unit , 9253
crime rate, discharged schizophrenic patients vs general population, Sweden, 30928
cross cultural differences in meaning & measurement of expressed emotion, families with schizophrenic member, 30714
CSF glutamate concentrations & positive & negative & total symptom severity, 25–54 yr old unmedicated male inpatients with schizophrenia or schizoaffective disorder, 11412
Cu++/Zn++ dependent superoxide dismutase enzyme & low affinity nerve growth factor receptor gene & olanzapine, individuals with schizophrenia, 34171
cultural considerations & evidence in determination of DSM-IV diagnostic criteria for schizophrenia & related psychotic disorders, 1595
culture & mental health services, quality of life & unmet needs, adults with schizophrenia, 8744
cumulative effect of deviant structure in cerebral hemispheres & 3rd ventricle & 3 association cortex sulcal landmarks on diagnosis, 15–61 yr old males with schizophrenia, 30731
current approaches & new antipsychotic treatments, patients with treatment-resistant schizophrenia, 15314
current state of schizophrenia therapeutics & expectations for what constitutes acceptable outcomes, patients, 11963
cytochrome P450 3A4 inhibitor itraconazole, haloperidol metabolism, 27–56 yr old patients with schizophrenia, 18754
D-cycloserine with neuroleptics, negative schizophrenic symptoms & cognitive ability & chemistry levels, inpatients & outpatients with schizophrenia (mean age 44.1 yrs), 12176
D-cycloserine, negative symptoms, schizophrenic outpatients being treated with clozapine, implications for role of glycine recognition site of NMDA receptor in action of clozapine, 13 wk study, 15294
D-fenfluramine, prolactin response, 18–42 yr olds with schizophrenia, 25198
D-serine & antipsychotics, schizophrenia, patients, 8957
D-serine & treatments based on N-methyl-D-aspartate antagonist model of schizophrenia, 8919
D2 dopamine receptor density in schizophrenia, test of biological hypothesis, 4972
decision model for cost effectiveness in treatment of acute episode of schizophrenia & subsequent maintenance, 5821
decision to prescribe antipsychotic therapy to schizophrenic patients, clinicians, 38277
decision to switch from clozapine to newer antipsychotic olanzapine & effect on functional & cognitive status & positive & negative & other symptoms, 40 yr old male with schizophrenia, 28483

decisional balance of pros & cons of continuing vs quitting substance use, 28–59 yr old outpatients with comorbid schizophrenia & substance use disorders, implications for treatment planning, 30701
decline of cognitive abilities after 1st episode schizophrenia, adults, 5 yr follow up, 34159
deficit in facial emotion recognition, positive vs negative symptom schizophrenic patients, 34175
definition & conceptual history of diagnosis of schizophrenia, 14561
definition & diagnostic criteria & clinical recognition of paraphrenia as distinct from other schizophrenia-like illnesses, adult inpatients, 14575
deinstitutionalization & continuity & utilization of mental health care & risk of readmission, adults with schizophrenia or psychosis followed 4 yrs post inpatient discharge, Netherlands vs Australia, 35193
delayed response task, spatial working memory, male vs female schizophrenics (mean age 35.5 yrs), 37377
delusion of pregnancy, 36 yr old male with schizophrenia & memories of adult sexual abuse, 14588
delusions & lack of insight & psychotic symptoms in obsessive compulsive disorder & obsessions & compulsions in schizophrenia, 37262
demographic & clinical & neuropsychological & psychological measures as predictors of behavioral dysregulation & thought disorder on choice task, 20–52 yr old schizophrenic patients, 34183
demographic & clinical characteristics, patients with schizophrenia or schizoaffective disorder who had vs had not attempted suicide, 30713
demographic & psychosocial factors related to non-treatment, community dwelling schizophrenic Ss, 2141
demographic characteristics & symptom level & global functioning & substance use & other risk factors, prediction of homelessness following hospital discharge, inpatients with schizophrenia, 21152
density of dendritic spines on cerebral cortical pyramidal neurons, postmortem brains of 44–83 yr olds with schizophrenia, 1589
depression & anxiety & suicidality, temporal course of suicidal ideation or suicide attempts, 14–45 yr olds with recent onset schizophrenia, 1 yr study, 8162
design & implementation of Texas Medication Algorithm Project for Treatment of schizophrenia, comment, implications for use of clozapine, 21892
design & implementation of Texas Medication Algorithm Project for treatment of schizophrenia, reply, implications for use of clozapine, 21874
design & implementation of Texas Medication Algorithm Project for treatment of schizophrenia, comment, implications for use of clozapine, 21867
design & implementation of Texas Medication Algorithm Project for treatment of schizophrenia, 8877
development & advantages & disadvantages of conventional vs atypical antipsychotic agents for treatment of schizophrenia , 12168
development & benefits & difficulties of critical pathway in caring for schizophrenic patients, psychiatric nurses , 25492
development & reliability & validity of Structured Interview for Assessing Perceptual Anomalies, sensitivity & attention to & inundation of sensory stimuli, schizophrenia patients, 30700
developmental precursors of schizophrenia & affective disorders, 37270
developmental role of attention in schizophrenia, at risk 7–12 yr olds, 15 yr study , 34149
diagnosis at 1st discharge from psychiatric hospital, risk of diagnosis of dementia on readmission, adults with unipolar or bipolar affective disorder vs schizophrenia or neurosis, 21 yr study, 34116
diagnostic accuracy of Schneider's first-rank symptoms for schizophrenia, inpatients with schizophrenia vs other psychoses, 14570
diagnostic criteria & classification based on premorbid adjustment & family history & follow-up status, multidimensionally impaired syndrome vs very early onset schizophrenia vs ADHD, commentary reply, 1599
diagnostic criteria & classification based on premorbid adjustment & family history & follow-up status, multidimensionally impaired syndrome vs very early onset schizophrenia vs ADHD, commentary, 1586
diazepam vs fluphenazine treatment, symptom exacerbation, schizophrenics, 12155
didactic vs subjective discussion group educational teaching methods & psychotherapeutic techniques, 20–58 yr old inpatients with schizophrenia, 28284
diet & cigarette & alcohol use & amount of exercise & obesity as measures of unhealthy lifestyle, middle-aged schizophrenic patients, 24246
differential comorbid neurocognitive dysfunction assessed by Halstead–Reitan Neuropsychological Test Battery, 16–73 yr old patients with schizophrenia &/vs alcoholism, 7984
discontinuation of clozapine treatment due to grand mal seizures & liver toxicity, 30 yr old male with schizophrenic psychosis, 12222
discriminative stability of executive functioning & memory & auditory attention as schizophrenia genotype risk indicators, relatives of schizophrenia patients, 4-yr followup, 11411
disease course & characteristics & predictors, patients with schizophrenia, 3 yr followup, 14589
disorder onset & depressive & negative symptoms & social development & emergence of social consequences, adults with schizophrenia, retrospective & 5 yr prospective studies, 34158
distracting activities & behavioral & cognitive & other psychosocial therapy, auditory hallucinations, schizophrenic & other psychiatric patients, 5519
distribution of body mass index, males vs females with vs without schizophrenia or schizoaffective disorder including Ss on ziprasidone, implications for weight gain inducing effects of antipsychotics, 17893
disturbance of signal interaction between entorhinal cortex & dentate gyrus relation to memory as hypothesis for pathogenesis of schizophrenia, 30695
disturbances in neurodevelopmental processes in schizophrenia , 34142
dopamine & serotonin receptors involved actions of atypical antipsychotics, individuals with schizophrenia, 25171
dopamine D-2 receptor promoter polymorphism incidence as marker of genetic predisposition, schizophrenic patients vs German & British data, Canada & US, 17923
Dopamine D3 receptor gene in tardive dyskinesia, schizophrenic patients treated with typical neuroleptics, 25142
dopamine synthesis in striatum & medial prefrontal cortex, 21–49 yr old schizophrenic patients, 34173
dorsolateral prefrontal cortex activation during working memory task, male outpatients with schizophrenia, 21147
dorsolateral prefrontal midtemporal lobe N-acetyl-aspartate & amino acid & choline to creatine ratios, neuroleptic naive patients with 1st-episode schizophrenia, 8134
dose & age & body weight, plasma levels of clozapine & its metabolites, male vs female inpatients with schizophrenia, 12198
drug therapy treatment compliance, young adult males during 1st hospitalization for schizophrenia, 1 yr followup , 28473
drug therapy, patients with schizoaffective disorder or schizophrenia & concurrent mood disorder symptoms, 31670
drug-free interpersonal & phenomenological treatment & social environmental characteristics as alternative to hospitalization & treatment outcomes, schizophrenic & psychiatric clients, 15580
duration of illness & structure of symptoms, patients with schizophrenia, 34178
duration of untreated psychosis in 1st-episode schizophrenia, implications for early intervention & secondary prevention, 37376
dysrhythmia after initiation of clozapine treatment, 44 yr old male with chronic schizophrenia, 15352
early course of illness & 1st onset of psychotic symptoms, neuropsychological function & psychopathology, 1st episode schizophrenics, erratum, 8132
economic outcomes of traditional antipsychotic agents vs risperidone, Medicaid patients with schizophrenia, 2372
ECT, 58–74 yr olds with chronic schizophrenia or schizoaffective disorder with or without resistance to medication treatment, 18761
effectiveness & cost effectiveness of clozapine in treatment of schizophrenia, 12226
effectiveness & safety of olanzapine vs risperidone, 18–65 yr olds with schizophrenia or schizophreniform disorder or schizoaffective disorder, 9 countries, comment, 2388
effectiveness of clozapine vs conventional neuroleptics, patients with schizophrenia, 27714
effectiveness of cognitive–behavior therapy vs supportive counseling & psychoeducation as adjunct to standard inpatient hospital care & medication, inpatients with acute schizophrenic episode, 25395
effectiveness of community re-entry program & continuity of care, hospitalized patients with schizophrenia or schizoaffective disorder, commentary & commentary reply, 15494
effectiveness of community re-entry program & continuity of care, hospitalized patients with schizophrenia or schizoaffective disorder, 2570
effectiveness of depot antipsychotics, patients with schizophrenia vs schizoaffective disorder or bipolar disorder, 2361
effectiveness of fluphenazine decanoate injections every 2 vs 6 wks, outpatients with schizophrenia or schizoaffective disorder (mean age 35 yrs), 15285
effectiveness of needs based family psychosocial intervention service, carers of outpatients with schizophrenia, 27653
effectiveness of olanzapine, patients with treatment resistant schizophrenia, 34152
effects of auditory stimulus probability & interstimulus interval via ERP on mismatch negativity deficits, schizophrenic patients (mean age 39.3 yrs), 24288
effects of gradual withdrawal of antiparkinsonian medication, clinically stable patients with chronic schizophrenia, China, 18750
effects of haloperidol on antioxidant defense system enzymes, 25–49 yr old males with schizophrenia, 8963
effects of risperidone, maintenace treatment, 18–65 yr old patients with schizophrennia or schizzaffective disorders, 31678
efficacy & cost effectiveness of clozapine treatment, patients with treatment resistant schizophrenia, 5 yr study, 12152
efficacy & cost effectiveness of clozapine vs traditional neuroleptics, patients with schizophrenia, 66 mo study, 12225
efficacy & safety & tolerability of remoxipride vs haloperidol, 18–65 yr old schizophrenic patients with predominant negative symptoms, erratum, 38268
efficacy & safety & tolerability of remoxipride vs haloperidol, 18–65 yr old schizophrenic patients with predominant negative symptoms, 18702
efficacy & safety of combined clozapine & ECT, 36–66 yr old inpatients with treatment-resistant schizophrenia &/or intolerant to clozapine, 24913
efficacy & safety of fluvoxamine treatment of obsessive-compulsive symptoms, 25–60 yr old schizophrenics with obsessive-compulsive symptoms receiving antipsychotic treatment, 18727
efficacy & safety of low dose amisulpride, schizophrenic patients with predominately primary negative symptoms, 17904
efficacy & safety of nefazodone & conventional neuroleptics, 18–51 yr old schizophrenic patients with predominantly negative &/or depressive symptoms, 34986
efficacy & safety of treatment with risperidone vs conventional neuroleptics, patients with chronic schizophrenia, 8867
efficacy & safety of treatment with ziprasidone, patients with an acute exacerbation of schizophrenia or schizoaffective disorder, 14546
efficacy & tolerability of & differential sensitivity to extrapyramidal symptoms in treatment with typical & atypical antipsychotics, adolescents with schizophrenia, 5647
efficacy of atypical antipsychotic drugs, patients with treatment-refractory schizophrenia, erratum, 25145
efficacy of cognitive-behavioral therapy & social skills training vs individual supportive psychotherapy, clozapine-treated adults with treatment-resistant schizophrenia, 28257
efficacy of glycine agonists with conventional drug therapy on symptoms of schizophrenia & role of NMDA hypofunction in pathophysiology of schizophrenia, 12166
efficacy of lithium augmentation of fluphenazine treatment, patients with schizophrenia, 25220
efficacy of olanzapine & plasma concentrations & therapeutic response, 23–63 yr old inpatients with acute schizophrenia, commentary reply, 18723
efficacy of olanzapine & plasma concentrations & therapeutic response, 23–63 yr old inpatients with acute schizophrenia, comment, 18668
electro-oculogram detection of saccadic intrusions & smooth pursuit eye movements, 18–68 yr olds with chronic schizophrenia, 17913
electrophysical data on dopamine action in prefrontal cortex underlying neuronal model of schizophrenia pathophysiology, 27715
elementary phenotypes for neurobiological & genetic linkage studies of schizophrenia, 27651
elevated levels of CD5+ B lymphocytes in schizophrenic inpatients (mean age 34 yrs), 27699
elevated liver function tests during treatment with risperidone, 22 yr old male with 5 yr history of schizophrenia & 19 yr old male with 1st episode paranoid schizophrenia, 38329
emotional expression & experience & physiology in schizophrenia, 34168
epidemiological study of current medical knowledge on course of schizophrenia, 8151
epidemiology & risk factors & correlates & disease course of schizophrenia, 37354
epidemiology of schizophrenia & bipolar disorder, 37290
ERP abnormalities as neurophysiological marker of vulnerability to psychotic relapse, patients with remitted schizophrenia under maintenance pharmacotherapy, 2-yr study, 11429

ERPs & startle blinks during exposure to noise with vs without preceding prepulses, 23–59 yr old males with schizophrenia, 21135
errorless learning approach to memory retraining, retention, memory-impaired schizophrenic patients, 11432
ethical concerns of & safeguards for ethically conducting & reporting experiments that induce psychosis in healthy volunteers via ketamine infusion in schizophrenia research, 28895
evaluates psychometric properties of the Canadian version of the Wisconsin Quality of Life-Index, French vs English speaking patients with schizophrenia or schizoaffective disorder, 36009
event-related potentials & attention during continuous performance tests, adult patients with schizophrenia vs those with childhood onset schizophrenia, 24293
evolution of positive psychopathological symptoms, patients with schizoaffective and paranoid schizophrenia, 37371
excellent academic performance or giftedness as risk vs protective factor in development of schizophrenia, 16 yr olds followed to age 28 yrs, Finland, 28 yr followup of birth cohort, 30723
expert consensus guidelines on the treatment of schizophrenia, 24916
explanations for & content of reported verbal auditory hallucinations, prelingually profoundly deaf 16–61 yr olds with schizophrenia or schizoaffective psychosis, 27666
exposure to influenza during second trimester of gestation, risk of development of schizophrenia, schizophrenic patients exposed to 1957 influenza epidemics during gestation, 27680
exposure to pregnancy or labor or delivery complications & schizophrenia, 30709
exposure to prenatal famine, patients with schizophrenia, Netherlands, 4944
exposure to repeated low dose amphetamine, behavior, rhesus monkeys, 28 mo study, implications for role of dopamine in schizophrenia etiology, 7172
expressed emotion as predictor of relapse, young schizophrenic outpatients (mean age 28.7 yrs), 6 & 12 vs 9 & 18 mo followups, 24269
expression & progression of clinical deterioration in schizophrenia, 4951
expression of adhesion molecule receptors on T helper & T suppressor/cytotoxic lymphocytes & relationship to blood–brain barrier & effects of antipsychotic treatment, 18–55 yr old schizophrenics, 17916
extrapyramidal side effects after addition of fluvoxamine to clozapine, 46 yr old male & female with schizophrenia, 8920
extrapyramidal symptoms & neuropsychological deficits, 45+ yr old outpatients with schizophrenia, 14568
eye pursuit tracking on step-ramp visual tracking task, patients with schizophrenia vs bipolar vs unipolar depression, 34078
eye tracking dysfunction as a marker of genetic liability to schizophrenia, families with multiple occurrence of schizophrenia vs nonpsychotics, 14560
facial affect recognition & visual attention aspects of information processing, schizophrenic vs bipolar patients at hospitalization vs 3 mo later, 4863
factor structure & validity & reliability of French-language version of Positive and Negative Syndrome Scale, Ss with schizophrenia (mean age 36.8 yrs), 32644
factors of subjective experienced deficits & negative & positive symptoms, 18–66 yr olds with schizophrenia, 8143
familial associations of positive & negative & affective & disorganization subsyndromes, sibling pairs with schizophrenia & schizoaffective disorder, 4880
familial expressed emotion, appraisal & coping regarding social stressor of Gulf War, 18–30 yr old patients with recent-onset schizophrenia, 21154
family history & place & season of birth, risk of schizophrenia, parents with vs without schizophrenia & their children, 11431
family history & place & season of birth, risk of schizophrenia, parents with vs without schizophrenia & their children, commentary, 11400
family history & place & season of birth, risk of schizophrenia, parents with vs without schizophrenia & their children, commentary, 30758
family history & place & season of birth, risk of schizophrenia, parents with vs without schizophrenia & their children, commentary reply, 30738
family history & place & season of birth, risk of schizophrenia, parents with vs without schizophrenia & their children, commentary, 30732
family history & place & season of birth, risk of schizophrenia, parents with vs without schizophrenia & their children, commentary, 30753
feasibility of 3-dimensional MRI morphometrics for examining ventricular morphology, 16–45 yr olds with schizophrenia, 11403
fimbria-fornix lesion, latent inhibition & spontaneous activity & 2-way active avoidance & delayed-non-matching-to-sample, male rats, implications for animal model of schizophrenia, 533
first hospital admission rates, 15–65 yr old males with schizophrenia or affective disorders or paranoid states or non-organic psychoses, Scotland, 1980–1995, 30606
first-contact incidence rate of schizophrenia, 18–54 yr old African-Caribbeans, Barbados, 12 mo study, comparison with data from African-Caribbeans in Trinidad & London & Whites in London, England , 27691
flexible dose risperidone treatment, Positive & Negative Syndrome Scale scores, outpatients with schizophrenia, 8-wk study, 8878
flupenthixol, psychiatric symptomatology & side effects & cocaine use, 22–62 yr olds with schizophrenia or schizoaffective illness & cocaine dependence, 5646
forbidden desires & pleasure of wishful thinking to anhedonia, construction of schizophrenia, 11417
forebrain dopamine systems & frontal & temporal corticostriatal transmission interactions in pathophysiology & psychopathology of schizophrenia, 27696
form & content of chronic auditory hallucinations, patients with schizophrenia (mean age 37 yrs) vs patients with dissociative disorder (mean age 40 yrs) vs nonpatient voice-hearers (mean age 56 yrs), 1395
frequency & course of sexual disturbances during clozapine & haloperidol treatment & influence on compliance with medication, patients with schizophrenia, 18696
frequency & type of minor physical anomalies, schizophrenic patients & their normal siblings, 8142
frequency of CYP2D6*10 allele & genotype & metabolism of neuroleptics, score on Abnormal Involuntary Movement Scale & development of tardive dyskinesia, Japanese schizophrenics, 5662
frequency of dopamine DRD2 genetic polymorphism, Chinese schizophrenic 15–65 yr olds & their parents vs schizophrenic Caucasians vs nonaffected controls, 4949
frequency of negative symptom occurrence during 1st hospitalization, number of rehospitalizations & duration & quality of remission, schizophrenic patients, 5 yr followup, 14531
frequency of panic attacks & panic disorder, male outpatients (mean age 47 yrs) with chronic schizophrenia or schizoaffective disorder, 27687
frontal lobe psychopathology, individuals with schizophrenia & major depression & aphasic-perseverative disturbance of speech & thought & mania & catatonia & obsessive compulsions, 27475
frontally mediated executive dysfunction & response disinhibition & motor dyscoordination & IQ & Brief Psychiatric Rating Scale & psychosocial adaptation, schizophrenic adult outpatients, 17771
functional imaging of brain electrical activity, acute neuroleptic-naive 1st-episode productive patients with schizophrenia, 30742
functional mechanisms underlying impairment of autonoetic awareness associated with recognition memory, patients with schizophrenia, commentary, 27712
functional mechanisms underlying impairment of autonoetic awareness associated with recognition memory, patients with schizophrenia, 27663
functional mechanisms underlying impairment of autonoetic awareness associated with recognition memory, patients with schizophrenia, commentary, 27670
functional purposes of symptomatic delusional statements & behavior, case reports of adult patients with schizophrenia, 4958
functional relationships of glutamate receptors & glutamatergic neurotransmission in pathophysiology & clinical manifestations of schizophrenia, 14585
functional role of antipsychotic S 16924 in control of positive & deficit-cognitive symptoms of schizophrenia in various experimental paradigms, rats, comparison with clozapine & haloperidol, 4220
functioning of psychoacoustic process & impairments, 29–49 yr old patients with schizophrenia who had experienced hallucinations, 34181
future challenges & crises in geriatric mental health care & schizophrenia in late-life, 34182
GABA-ergic drugs in treatment of schizophrenia, 21973
gaze discrimination, patients with schizophrenia (mean age 31.5 yrs), 1587
gender & age & ethnicity & substance abuse, criminal convictions & schizophrenia, 1964–1984, England, 8159
gender differences & other issues in impact of family member with schizophrenic disorder on individuals at different life stages, 1621
gender differences in schizophrenia, implications for the evaluation of females, 1574
gender- & age-dependent differences in latent inhibition after pre-weaning non-handling, rats, implications for neurodevelopmental animal model of schizophrenia, 3912
generation & utilization of verbal & visuospatial mnemonic strategies, IQ-preserved schizophrenic Ss, 1593
generation of short-duration eye movements & perception of faces in upright vs inverted orientations, 31–51 patients with schizophrenia, 11436
genetic & environmental influences on pre-schizophrenic personality, 13–21 yr old mono- & dizygotic twin pairs & their parents & 20–59 yr olds, 11418
genetic & physical & developmental & psychiatric features, 16–35 yr old patients with schizophrenia & velo-cardio-facial syndrome, 11290
genetic etiology of schizophrenia & bipolar disorder, 37292
genetic influence on P300 auditory ERPs, monozygotic twins discordant vs concordant for schizophrenia or schizoaffective psychosis, 34195
genetic linkage & allelic & genotypic association between schizophrenia & D3 dopamine receptor gene DRD3, family pedigrees multiply affected by schizophrenia, 1597
genetic research on monozygotic triplets & other multiple births with schizophrenia in medical literature, comment, 14587
genotyping for & transmission of DRB1 alleles, members of pedigrees multiply affected with schizophrenia, implications for pathogenetic relation between rheumatoid arthritis & schizophrenia, 4970
global assessment of satisfaction with community based treatment, dropping out of treatment & full & partial hospitalization, 21–68 yr olds with schizophrenia or schizoaffective disorder, 24 mo study, 18970
glucose, memory, patients with schizophrenia, 25201
glutamatergic deficiency model of schizophrenia, 14541
glutamatergic neurotransmission, brain structural & symptomatic deficits, adult males with schizophrenia , 1626
goodness-of-fit of null vs 1-dimension vs multidimensional models of thought disorder, 16–79 yr old patients with acute schizophrenia , 21130
greater vs lesser mismatched negativity & quantitative EEG & computed tomography & psychopathology ratings, 18–44 yr olds with schizophrenia, 30727
grey & white matter tissue volume in left vs right temporal lobe, 29–91 yr olds with schizophrenia, 30718
group cognitive behavior therapy, treatment-resistant auditory hallucinations & coping strategies, patients with schizophrenia, followup study, 31566
group treatment for substance abuse including support & psychoeducation & social skills training components, adults with schizophrenia & substance abuse problems, follow-up study, 2679
group work for enhancing emotional adjustment, first episode schizophrenic patients, 15216
haloperidol maintenance therapy & visual event-related potentials, sensitivity to semantic context & expectancy-based mechanisms, male schizophrenic inpatients, 25151
haloperidol or thiothixene, improvement in sleep continuity & REM latency, 18–45 yr olds with schizophrenia, 2360
haloperidol vs clozapine vs risperidone, extrapyramidal motor symptom of handwriting area & D2 dopamine receptor occupancy, 29–65 yr olds with schizophrenia, 18701
haloperidol vs clozapine, generation of mismatch negativity & N200 & P300 auditory event-related potentials, patients with schizophrenia, 2401
haloperidol withdrawal, HVA & MHPG levels & use as biological markers for psychosis, 20–63 yr old male patients with schizophrenia or schizoaffective disorder, 21912
haloperidol, phospholipid metabolism abnormalities in temporal lobe & symptom alleviation, 16–32 yr old schizophrenics, 34972
haloperidol, plasma prolactin levels & clinical response, acutely exacerbated schizophrenic & schizoaffective patients (mean age 36 yrs), 2294
haloperidol, prolactin response to D-fenfluramine challenge, adults with schizophrenia or schizophreniform disorder (mean age 23.1 yrs), 12213
health care costs & pharmacological treatment of schizophrenia, 12183
health-related quality of life, 19–68 yr old schizophrenic patients receiving psychiatric care through hospital ward vs day hospital vs community treatment center, 15478
hedonic response to sucrose solution & sweet taste perception threshold & correlation with traditional assessments of anhedonia, patients with major depression or schizophrenia, 8041
height & premorbid function, men with schizophrenia, comment & reply, 24266
heterogeneity vs homogeneity & deficit syndrome psychopathology & paradigm shift in schizophrenia research, 30702
high dose glycine with neuroleptics, negative symptoms & blood physiological correlates, inpatients with treatment-resistant schizophrenia (mean age 38.8 yrs), 12185
high prevalence of smoking, persons with schizophrenia, implications for representation of brain dysfunction in schizophrenia & potential treatment, 1577

hippocampal volume reduction & genetic risk, patients with schizophrenia with pregnancy & birth complications, 34192
hippocampal volume reduction, patients with schizophrenia vs affective psychosis, 11448
historical & political aspects of Russian-Soviet conceptualization of schizophrenia, 8146
historical development of clozapine & its current position as gold standard therapy for treatment-resistant schizophrenia, 25174
history & etiology & current diagnostic trends, persons with schizophrenia, 24259
history & explanations for causes & steps in development of & adrenochrome theory & latex sensitivity hypothesis in schizophrenia, 37359
history & structure & function of therapeutic community rehabilitation camp, schizophrenic patients, 35162
history of adrenochrome hypothesis of etiology & its rejection by psychiatric community, persons with schizophrenia, 24260
history of neuroleptics & monoaminergic transmission in schizophrenia, commentary, 24282
HIV risk-taking behavior & knowledge level, patients with schizophrenia, 11415
HIV serum antibodies, patients with psychotic disorders, implications for retrovirus hypothesis in schizophrenia & bipolar disorder, 14450
home vs outpatient-based rehabilitation, clinical & social & quality of life outcomes, patients suffering from chronic schizophrenia, 25410
hospital readmission rates, neuroleptic compliant schizophrenics with vs without comorbid alcohol or drug dependence, 2 yr study, 30710
human leukocyte antigen typing, response to neuroleptics & clozapine-induced agranulocytosis, 18–60 yr old Jewish Israeli inpatients with schizophrenia , 38282
hypothesized reduction in interneuronal neuropil in prefrontal cortex as prominent feature of cortical pathology in schizophrenia, 11437
idea of degeneration in institutional processes & cultural themes of 19th century European psychiatry that played a role in development of schizophrenia as a disease concept, 1567
identification of social withdrawal & thought disturbance & antisocial behavior & depressed behavior syndromes of schizophrenia, 19–60 yr olds with schizophrenia, replication, 21131
illness duration, change in symptom classification over time, 13–85 yr old psychiatric inpatients with schizophrenia, 27678
illness onset & delusional vs psychotic vs hallucinatory symptoms, sex offending, 17–47 yr old males with schizophrenia, 14582
impact of new antipsychotic agents on quality of life & treatment-refractory schizophrenia & mood disorders, 5676
impact of nicotine on schizophrenia & antipsychotic medications, treatment planning & smoking cessation programs, patients with schizophrenia who smoke, 37373
importance of treatment resistance & factors affecting its definition in light of recent advances in knowledge & treatment of schizophrenia particularly drug treatment, 25208
impression management & impression management demands in conversation probe role play test, paralinguistic & verbal & nonverbal social skills, outpatients with schizophrenia, 14569
in vivo receptor imaging techniques & knowledge of neurochemistry & pharmacology of schizophrenia. , 24242
incidence of suicide, patients diagnosed with schizophrenia, 24278
incidence of tardive dyskinesia, patients with schizophrenia treated with olanzapine vs haloperidol, 2.6 yr study, 12144
increased oversight in psychiatric research & glutamate hypothesis in schizophrenia as example of costs & benefits of research protocols & alternative use of neuroscience methodologies, 35436
influenza & maternal stress, prenatal neurodevelopment & risk for adult schizophrenia & other mental disorders, 34194
information processing, patients with schizophrenia vs bipolar disorder, 1485
insight & awareness into mental dysfunction & awareness of motor dysfunction, 24–58 yr old outpatients with schizophrenia or schizoaffective disorder & tardive dyskinesia, cross-sectional & 2 yr study, 27652
insight & self-reported subjective & objective quality of life & concurrent validity of patient & clinician assessments, 18–70 yr old schizophrenic group home & hostel residents, 27665
insight deficits & neurocognitive functioning & psychotic symptoms, social adjustment, 18–50 yr olds with schizophrenia or schizoaffective disorder, 11443
insight of illness & executive functions, performance, patients with chronic schizophrenia (mean age 36.3 yrs), 34177
instruments for assessment of characteristics & dimensions of auditory hallucinations in schizophrenia & other psychiatric disorders, 1454
intellectual deterioration, patients with schizophrenia, 3–44 yr follow up, commentary, 1590
intellectual deterioration, patients with schizophrenia, 3–44 yr follow up, commentary, 1619
intellectual deterioration, patients with schizophrenia, 3–44 yr follow up, commentary reply, 1616
intellectual deterioration, patients with schizophrenia, 3–44 yr follow up, commentary, 1578
intensity & continuity of services in psychosocial rehabilitation program, treatment outcomes, patients with schizophrenia or affective disorder, 1 yr study, 12385
intensive vs standard case management in community mental health service, functioning & hospital admission or duration & number of episodes & treatment compliance, 17–69 yr old males with schizophrenia or bipolar disorder, Australia, 31947
interactional factors related to recognition of suicide risk, 19–61 yr old schizophrenia patients receiving psychiatric care at time of suicide, 30747
interpersonal competence & coping & emotional support & psychiatric symptoms & demographics, older schizophrenia patients mean age 58.8 yrs, 34190
interrater & internal consistency reliability & concurrent & discriminative validity of Toglia Category Assessment, 18–86 yr olds with brain injury vs schizophrenia, 17764
interrater reliability & validity of hallucination & delusion subscales of Psychotic Symptom Rating Scales, patients with schizophrenia or schizoaffective disorder, 32638
interrater reliability of German version of Calgary Depression Rating Scale for Schizophrenia, severity of depressive symptoms, experienced psychiatrists vs novice raters, 35949
interrater reliability of neuropsychological symptoms & quality of life & interpersonal functioning in test of single-S research design, clinical examiners of middle-aged male schizophrenia patient, 29448
intracerebroventricular administration of kainic acid, neuronal loss & damage, male rats, 14 day study, implications for schizophrenia, 7034
IQ, attentional set-shifting ability, 26–64 yr old inpatients with chronic schizophrenia with vs without frontal lobe lesions, 27698
issues in early antipsychotic treatment, patients with 1st episode schizophrenia, 8880
itraconazole, steady-state plasma concentration of bromperidol & its metabolites, schizophrenic female inpatients, 34973
Kraepelin arithmetic test-induced mental stress, plasma HVA decrease, male 20–34 yr olds with schizophrenia, 14583
lack of repetition priming effect on visual ERPs, schizophrenic patients (mean age 27.1), 27693
landmark-based morphometric analysis & image averaging on brain sites & structural changes in 1st-episode schizophrenia, patients with schizophrenia, 24251
laterality in functional brain imaging studies of schizophrenia, 14552
lateralization of facial emotional expression to verbal command & visual imitation, schizophrenic (mean age 40.4 yrs) & unipolar depressed (mean age 54.8 yrs) right-handed adults, 30640
lateralized semantic & indirect semantic priming, males with schizophrenia with vs without thought disorders, Germany, commentary reply, 4962
lateralized semantic & indirect semantic priming, males with schizophrenia with vs without thought disorders, Germany, commentary, 4933
lay beliefs about depression & schizophrenia, East vs West German dwellers, 24122
left subgenual cingulate volume, adults suffering 1st episode schizophrenia or bipolar manic or unipolar affective disorder with vs without family history of affective disorders, 27522
left temporal lobe dysfunction & time course & topography of ERPs during phonetic & tonal dichotic listening tasks, 20–55 yr old patients with schizophrenia, 14537
leftward vs rightward smooth pursuit eye movement deficiencies & overall tracking performance & scores on schizotypy scale, male vs female 17–47 yr olds, 30725
legal status of involuntary first psychiatric admission as predictor of legal status & number of future admissions, patients with schizophrenia, 9 yr followup, 32523
Lerner Defense Scale & Holtzman Inkblot Technique, assessment of primitive defense mechanisms, patients with neurotic disorders & borderline patients & schizophrenics, 17825
life course cohort studies as form of research on schizophrenia, 24295
lifetime patterns of DSM-IV subcriteria of criterion A, inpatients diagnosed with schizophrenic disorder, 27697
lifetime risk of suicide for affective disorder & alcoholism & schizophrenia, meta analysis, commentary, 5014
linkage analysis & transmission disequilibrium test for D22S278 marker on chromosome 22q for susceptibility to schizophrenia, families multiply affected with schizophrenia, 4957
linkage between markers on chromosome 13q141.1-q32, South African Bantu-speaking families multiply affected with schizophrenia, 1613
linkage in chromosome 6 markers, family pedigrees with schizophrenia, 1604
localization of breakpoint & search for neighboring genes using long-range restriction map across 3 Mb of chromosome 11 breakpoint region of translocation linked to schizophrenia, 1607
localization of spatial & semantic inhibitory processing in posterior and anterior attention networks, 19–40 yr olds with schizophrenia, 17909
long CAG repeats in hKCa3 potassium channel gene, individuals with schizophrenia, 24248
long term clozapine, 30–52 yr olds with severe schizophrenia, 25205
long term CLZ vs classical antipsychotic drugs, body weight changes, neuroleptic-resistant chronic schizophrenic patients, 35024
long term treatment, life course of schizophrenia, 5461
long-term case management services in community-based psychosocial rehabilitation & treatment program, adult patients with schizophrenia, 19048
lorazepam, persistent catatonic states, clinically stable schizophrenia patients, 18749
low-dose standard neuroleptics in combination with novel antipsychotics, patients with treatment-resistant schizophrenia, 15354
magnetic resonance imaging measures, intracranial volume & ventricular & sulcal enlargement, 10–18 yr old schizophrenic vs bipolar vs healthy patients, 26198
magnetic resonance imaging measures, intracranial volume & ventricular & sulcal enlargement, 10–18 yr old schizophrenic vs bipolar vs healthy patients, commentary, 29405
magnetic resonance spectroscopy of left mesial-temproal lobe volume, patients with 1st onset schizophrenia, 21124
management strategies for treatment of schizophrenia including use of antipsychotic clozapine, 25178
manipulation of facial expressions & bodily postures, emotional expression & experiences in schizophrenia, outpatient males with schizophrenia vs unipolar depression vs other psychiatric patients, 11322
mazapertine treatment & hyponatremia, 57-yr-old schizophrenic male, implications for role of polydipsia vs altered antidiuretic hormone activity, case report, letter, commentary, 15295
mean cost of emergency room stay, 23–74 yr olds with schizophrenia & treated with haloperidol, 38575
measurement of costs & benefits in the cost-effective analysis of psychopharmacologic treatment of schizophrenia, 14565
mechanisms of action & potential predictors of treatment outcomes of clozapine, persons with schizophrenia, 25175
megavitamin & dietary treatment, schizophrenic patients, 15353
memory & attention & communication deficits, patients with schizophrenia & their relatives, 11409
memory deficits & intelligence & learning, patients with schizophrenia vs Korsakoff's syndrome vs Alzheimers disease vs traumatic brain injury, 37267
memory function, adolescents with schizophrenia vs ADHD, 37232
mentalizing ability & self-reported schizotypal traits, 18–49 yr olds, 24271
metabotropic glutamate receptor agonist, reversal of phencyclidine effects, rats, implications for treatment of psychiatric disorders, 4222
methodological problems in diagnostic profiles, committed psychiatric patients with schizophrenia, literature review, 34186
methodology of volumetric MRI, schizophrenia vs high risk patients, 32689
methods for evaluation & improvement of process of care for schizophrenia, 31388
methods for identification & correction for stimulus-correlated motion in generic brain activation studies, 25–45 yr old schizophrenics, 14538
methods of changing substance use patterns, 28–59 yr olds with schizophrenia & comorbid substance abuse, 38614
methods of cost-effectiveness analysis in the evaluation of new antipsychotic treatment & implications for schizophrenia treatment & health care policy decision-making, 15320

methylphenidate, oral word production & 1st episode symptoms & treatment, patients with schizophrenia, 10 yr study, 14584
mianserin, neuroleptic-induced akathisia, patients with schizophrenia, 15328
mitochondrial respiratory chain enzyme cytochrome-c oxidase, basal ganglia regional energy metabolism, postmortem brains of chronic schizophrenics, 30745
MMPI profiles during remitted vs psychotic states, 19–31 yr old recent-onset schizophrenia patients, 17921
MMPI-2 clinical & content scales, differential diagnosis of combat-related PTSD vs schizophrenia vs depression, male veteran psychiatric inpatients, 9887
moclobemide & antipsychotic drug treatment, negative symptoms, adults with schizophrenia, 31691
model for estimation of annual treatment outcomes & costs, patients with schizophrenia, 37964
model of family therapy for people with schizophrenia & their families, 28353
model of psychosocial factors of social isolation & self-esteem & attachment in etiology of schizophrenia, African-Caribbeans in UK, 30696
model of selective voice hallucinations based on neural network computer simulation, schizophrenia spectrum disorder patients reporting hallucinated voices vs not reporting voices vs normal patients, 14554
models for role of neurocognitive deficits in schizophrenia & effects on pharmacological & cognitive/behavioral intervention outcomes, 24257
modification of treatment according to patient wishes, treatment assessment, patients with schizophrenia in acute day hospital (mean age 38.4 yrs), 28734
molecular & genetic analysis of role of forebrain & limb & face & heart development & retinoic acid in vulnerability to schizophrenia, mice, 26612
molecular genetic approach to novel therapeutic targets of antipsychotic drugs in schizophrenia , 24267
monthly birth distribution of schizophrenic inpatients, 37381
morphological correlate for & disturbances of cerebral corticogensis as evidence for maldevelopmental hypothesis of schizophrenic psychoses, 30724
morphology & neuronal phenotypes of hippocampal formation in schizophrenia, 14592
morphology of CalbindinD28K immunoreactive cells & processes in hippocampal formation & prefrontal cortex, postmortem 43–68 yr olds with schizophrenia, 24263
morphology of temporal lobe structures, 21–45 yr old male vs female patients with schizophrenia, 17900
mother–infant interaction following recovery from severe post partum mental disorder, females with schizophrenia, 34187
motor deficits & schizophrenia, neuroleptic-naive patients & at risk populations with eye movement abnormalities, 37393
MRI analysis of abnormalities in N-acetyl-aspartate & creatine plus phosphocreatine & choline compounds in hippocampus & dorsolateral prefrontal cortex, schizophrenic Ss & unaffecting siblings, 14539
MRI changes during water loading, male schizophrenic patients with polydipsia & intermittent hyponatremia, 24272
MRI of cortical gray & white matter changes in volume, 9.2–17.9 yr olds with childhood-onset schizophrenia, 4 yr followup, 27700
MRI-assessed thalamic & total brain & intracranial volumes, patients with schizophrenia & their healthy siblings, 8154
MRI-based morphometric analysis of thalamic & amygdala–hippocampal volume, 20–65 yr old nonpsychotic & nonschizotypal 1st-degree relatives of schizophrenics, 37387
multidimensional scaling & cluster analysis methodology use for information processing theory modeling & taxonomy & treatment development for schizophrenia , 30703
musical hallucinations & symptom changes, 28–39 yr old schizophrenics , 37350
mutation analysis of catachol O-methyltransferase gene, patients with schizophrenia (mean age 47 yrs), implications for genetic role , 30704
nailfold plexus visibility & neuropsychological functioning & clinical symptoms & brain structure, schizophrenic- vs depressed patients, 27661
narrative of dialogical engagement with voices, 59 yr old schizophrenic woman with secodnary-person auditory hallucinations, 24250
nature of circularity in thinking about language in schizophrenia, 17862
nature of increased interference found in performance on card version of Stroop task, patients with schizophrenia, 14535
nemonapride, onset of acute dystonia & its characteristics & risk factors, 17–58 yr olds with schizophrenia, 12196
neonatal & adult head circumference & dermatoglyphic patterns, schizophrenic 19–55 yr olds with elevated rates of minor physical anomalies, 4935
neonatal hippocampal damage, rats, heuristic animal model of etiology & pathophysiology of schizophrenia, 23329
neonatal ibotenic lesion of ventral vs dorsal hippocampus, social behavior & anxiety, rats, animal model of schizophrenia, 26576
nerve growth factor plasma levels, 17–45 yr old males with schizophrenia, 21126
neural activity underlying P300 abnormalities & cognitive processes in schizophrenia patient data, 21151
neural circuitry used during recall of rehearsed vs novel word lists, schizophrenic (mean age 30.7 yrs) vs healthy (mean age 28.6 yrs) Ss, 14544
neural correlates via functional MRI of linguistic tasks, male patients with schizophrenia (mean age 29.6 yrs), 24249
neural encryption as analogy to first-rank symptoms of schizophrenia, 4961
neural ground of religious experiences & relation to epilepsy & schizophrenia & mood congruent depression, commentary reply, 1412
neural ground of religious experiences & relation to epilepsy & schizophrenia & mood congruent depression, comment, 1399
neurobiological basis & assessment & consequences of impaired insight & related deficits, patients with schizophrenia, implications for treatment decisions, 17911
neurobiology of brain maturational deviations, onset of schizophrenia, adolescents, 34166
neurochemical basis & mechanisms of cognitive impairment & effects of atypical antipsychotic agents on cognition, patients with schizophrenia, 14536
neurochemistry of left frontal & temporal cortices & left basal ganglia & left & right thalamus & possible drug effects, 25–67 yr old males with schizophrenia, 4943
neurocognitive correlates of positive & negative syndromes, adult patients with schizophrenia, conference presentation, commentary & commentary reply, 1620
neurocognitive remediation intervention, executive functioning, 19–66 yr old schizophrenic patients, 25511
neurocognitive task performance, people with schizophrenia vs bipolar disorder, 37265
neurodegenerative & neurodevelopmental mechanisms involved in pathogenesis & clinical course of schizophrenia , 24273
neurodevelopmental factors & mechanisms of atypical handedness in schizophrenia & pathological shifts in handedness , 14579
neurohistological & structural brain abnormalities in schizophrenia & mood disorders, 37256
neuroimaging basis for misattribution of inner speech to external source during auditory hallucinations, persons with schizophrenia, 24291
neuroleptic induced restless legs syndrome, nocturnal eating/drinking syndrome, 51-yr-old female with schizophrenia being treated with haloperidol, 18695
neuroleptic treatment metabolism of phospholipids & high energy phosphates in left & right frontal lobes, patients with schizophrenia, 21971
neuroleptic treatment, internally & externally guided voluntary saccades, schizophrenia patients (mean age 34.2 yrs), 18718
neuroleptic treatment, internally & externally guided voluntary saccades, schizophrenia patients (mean age 34.2 yrs), 18742
neuroleptic treatment, mental state, 19–63 yr old schizophrenic patients with vs without MRI-detected cortical atrophy, 15303
neuroleptics, cognitive dysfunctions, patients with schizophrenia, 28489
neurologic signs of cerebellar & cortical sensory dysfunction, patients with schizophrenia & their relatives vs patients with bipolar disorder & patients with substance abuse disorder, 11420
neurological models & neuroleptic treatment, negative symptoms of schizophrenia, 5625
neurological signs & psychomotor performance, 18–46 yr old patients with first-episode vs chronic schizophrenia vs their parents classified as family history positive vs negative for psychosis, 24254
neurological signs & test scores as predictors of cognitive & neuropsychological performance & ability to discriminate from healthy Ss, schizophrenia patients (aged 18–61 yrs), 34141
neuropathology of schizophrenia & bipolar disorder & nonpsychotic depression, Stanley Foundation Brain Collection matched specimens, 37272
neuropathology of schizophrenia, 21137
neuropsychological & brain structural abnormalities before onset of schizophrenia, 4939
neuropsychological assessment of Ss (mean age 21 yrs) at high genetic risk for developing schizophrenia, 35983
neuropsychological concept of schizophrenia, 1608
neuropsychological deficits, adolescents with ADHD (mean age 14.1 yrs) vs adolescent-onset schizophrenia (mean age 16.2 yrs, 30627
neuropsychological performance as measure of cognitive impairment, schizophrenic patients, 30737
neuropsychological test performance & cognitive impairment, 13–18 yr olds with schizophrenia, commentary, 14542
neuropsychological therapeutic community approach to treatment, patients with schizophrenia, 19041
NMDA partial agonist D-cycloserine in addition to typical antipsychotics, 18–60 yr old chronic schizophrenic patients with negative symptoms, 28508
novel antipsychotics vs conventional neuroleptics, direct vs indirect amelioration of neuropsychological deficits & improved adaptive functioning, patients with schizophrenia, 12184
nuclear symptoms of schizophrenia as indicator of neural organization of & relationship between thought & speech, commentary, 1576
nuclear symptoms of schizophrenia as indicator of neural organization of & relationship between thought & speech, commentary, 1625
nuclear symptoms of schizophrenia as indicator of neural organization of & relationship between thought & speech, 1575
